William S. Boyd School of Law Student Activity Fee, per credit	9.00	N/A	N/A	N/A	N/A	N/A	N/A

B. INTERNATIONAL STUDENT FEE

The recruitment, admission and advising of international students represents a tremendous cost to the University of Nevada, Reno, and University of Nevada, Las Vegas. The logistical and administrative burdens of international students on the university are complex and expensive. Increased costs of international mailing, phone, facsimile, recruitment, specialized printing, translations and highly trained personnel forces the university to make difficult budgetary choices. These choices often leave international students short of receiving the proper levels of attention.

Because of the limited resources of the Admissions and International Student Office, the need for funding aimed directly at the international students is essential. These funds will be directly used to support programs pertaining to international students. Additionally, it is not proper to use funds dedicated to benefit university students as a whole, to support activities that benefit only international students.

International students will pay a semester International Student Fee. The revenue from this fee will be used to sustain enrollment functions in the Admissions, Graduate, and International Student offices, supporting only international students.

Distribution of Revenue

Amount

UNR	
Admissions Office	\$12.50 per student per semester
Graduate School	\$12.50 per student per semester
International Students and Scholars	<u>\$120.00 per student per semester</u>

	\$145.00 per student per semester
UNLV	
Admissions Office	\$12.50 per student per semester
Graduate School	\$12.50 per student per semester
International Students and Scholars	<u>\$120.00 per student per semester</u>
	\$145.00 per student per semester
CSN	\$120.00 per student per semester
TMCC	\$120.00 per student per semester

C. STUDENT LIFE FEE, UNLV

The following fee shall support the planning, construction, operations and programming of the student recreation center and renovation, expansion, operations and programming for the Student Union. All students have access to the Student Union. Access to the recreation center is based on the following fee schedule applied to all students, per semester.

	Fall Semester	Spring Semester
Effective Fall Semester 2018		
Students taking 3 credits or less*		
Students taking more than 3 credits	\$223.00	\$223.00
*To obtain access to the Student Recreation Center, students taking three or fewer credits may pay a user fee, which is 125% of the Student Life Fee.		
Summer Semester		
Effective Summer, 2006		\$14.50 per credit hour (up to six credits per summer)

D. STUDENT UNION FEE, UNR

Effective Fall Semester 2006, the following fee shall support the construction of a new student union at the University of Nevada, Reno. The fee shall be assessed to all students, per semester, according to the following schedule.

	Fall Semester	Spring Semester	Summer Session
Undergraduate Students			
Taking more than 3 credits	\$94.00	\$94.00	\$3.00/credit
Taking 3 credits or less	\$25.00	\$25.00	\$3.00/credit
Graduate Students			
Taking 7 credits or more	\$97.00	\$97.00	\$3.00/credit
Taking less than 7 credits	\$49.00	\$49.00	\$3.00/credit

E. SPECIAL BUILDING FEE, NSU

The following fee shall support the planning, construction, and operations of new academic and student activities/administrative services buildings on the Nevada State University campus.

Fall and Spring Semester Only

All students taking more than three credits will be charged the following fee per semester (TESL Endorsement Program excluded):

Effective Fall Semester, 2014	up to \$75.00
Effective Fall Semester, 2015	\$150.00

F. STUDENT UNION, FEE, CSN

Effective Fall 2017, the following fee shall support the planning and construction of student union(s) at the College of Southern Nevada. The fee shall apply to all students, per semester.

(Fall and Spring) – \$8.00/credit
(Summer) – \$3.00/credit

Effective Fall 2019, the following fee shall support the operations, maintenance and ongoing support of the student union(s) at the College of Southern Nevada. The fee shall apply to all students, per semester.

\$1.00/credit

G. HEALTH AND SPORTS FEES, TMCC

Effective Fall 2018, the following fee shall support the planning and construction of health and sports facilities at Truckee Meadows Community College. The fee shall apply to all students, per semester.

\$4.50/credit

Effective Fall 2018, the following fee shall support the operation of competitive athletic teams at Truckee Meadows Community College. The fee shall apply to all students, per semester.

\$3.50/credit [~~\$.50/credit~~]

H. SUMMER SCHOOL REGISTRATION SURCHARGE/FEE

The following per credit fees are charged in addition to the subsequent fall registration fees that are approved as of March 1 of the current year. They do not apply to Nevada students participating in the prepaid tuition plan.

Spring – Nursing	\$1,119.00	

¹ Mandatory Coverage definition: when coverage is indicated as mandatory, the student must purchase the coverage or provide proof of equivalent coverage.

Summer – Nursing
Annual – Nursing

\$998.00
\$3,403.00

NOTES:

- NSU students are enrolled in UNLV's policy at no impact to costs.
- CSN (domestic), GBC, TMCC, WNC students have available health services on a voluntary basis through a third party entity. These institutions facilitate the availability of student health services; however, students who contract for these services pay the third pay entity directly.
- CSN International Students purchase mandatory health coverage through a third-party entity designated by CSN. Proof of equivalent coverage will be accepted on a limited basis. No fees are paid to CSN.
- Amounts represent total charges and include insurance premium, ACA taxes and fees, broker commission and fees, and institution fees.
- Some NSHE Allied Health and Nursing programs require students provide evidence of coverage. The coverages indicated above may be used to satisfy this programmatic requirement.

J. LATE FEES

- a. Late Registration Fee: A late registration fee of up to \$50 per course may be assessed to students who don't meet the course registration deadline. Late registration fee exceptions may be granted by the institution when registration was delayed due to circumstances beyond the student's control.
- b. Late Payment Fee: A late payment fee of up to \$25 may be assessed for payments received after the payment deadline. An additional fee of up to \$25 may be assessed daily after the payment deadline up to \$250 for past due balances greater than \$100.

Special Fees: Student Fees

Institution	Fee Name	Type of Fee (e.g.: orientation, late registration, etc.)	Fee Status - new, revised or continuing	Date of Last Change (Increase/ Decrease)	Current Fee Amount	Proposed Fee Amount	Narrative/Rationale	Annual Number of students impacted	Anticipated Annual Revenue
UNLV	Academic Success Initiatives Fee (per undergraduate student enrolled in 1 or more credits)	Standard Student Fee	Revision	12-6-2013 (increase)	\$25.00	\$50.00	<p>The Senior Vice Provost for Academic Affairs (SVPAA) is proposing an increase to the Academic Success Initiatives Fee. This fee was last revised over 10 years ago from a \$1.00 per credit hour of the Student Support Activities Undergraduate Fee to a \$25 per student fee, and has not been revised or increased since that time. Due to inflation, increased fringe rates, employee merit and cost of living increases, and increased demand for a robust infrastructure of student academic support services, this account has been at continual risk of running into a deficit. We have been able to sustain the account via vacant position savings, opting to not refill vacancies, downgrading positions when they become vacant, cutting operating costs, and reducing GA support, but this has diminished the services and support that we are able to provide our students. As a result, we are on the verge of having to limit our efforts to provide comprehensive academic services across the student lifecycle to promote more successful and equitable student outcomes.</p> <p>In response, the SVPAA is proposing an increase to the Academic Success Initiatives Fee in order to provide students the academic support infrastructure that they need to be successful as students, and in their post-graduate professional life. As a federally recognized Minority Serving Institution (MSI), an Hispanic-Serving Institution (HSI), and an Asian American and Native American Pacific Islander-Serving Institution (AANAPI), a large percentage of our student population are Pell-eligible, First Generation, and/or from minoritized groups. Promoting equitable student success and closing the achievement gap requires a comprehensive safety net of academic support, inside and outside the classroom. Without adequate student fee funding, we are unable to deliver leading edge academic support to all students in an equitable way that meets students where they are and provides custom, segmented care and services. We are proposing this fee increase to meet growing demand for academic support services and continue to advance our equitable student success initiatives for all students, across their academic lifecycle.</p> <p>The fee increase proposal from UNLV's Senior Vice Provost for Academic Affairs accompanies this fee request.</p> <p>*Total projected undergraduate student headcount for FY25 (Fall 25,800, Spring 24,000, and Summer 9,500 for a total of 59,300).</p>	59,300*	\$2,965,000

Special Fees: Student Fees

Institution	Fee Name	Type of Fee (e.g.: orientation, late registration, etc.)	Fee Status - new, revised or continuing	Date of Last Change (Increase/ Decrease)	Current Fee Amount	Proposed Fee Amount	Narrative/Rationale	Annual Number of students impacted	Anticipated Annual Revenue
UNLV	Student Association Fee Undergraduate/ per credit	Standard Student Fee	Revision	6-6-13 (decrease)	\$1.97	\$2.97	<p>The Consolidated Students of the University of Nevada (CSUN) is requesting a \$1.00/undergraduate credit fee increase. The last change to this fee was Fall 2013. Per CSUN's constitution and bylaws, a formalized process was followed to engage with students on the proposed changes. The process included the following steps which included opportunities for the student body to provide feedback and comments: 1) 06/26/2024: CSUN Fee Committee meeting with the Vice President of Student Affairs; 2) 07/26/2024: First vote of unanimous support of the fee proposal from CSUN Internal Affairs; 3) 08/16/2024: UNLV General Council review of the proposed constitutional change; 4) 08/23/2024: Second vote of unanimous support from CSUN Internal Affairs; 5) 08/26/2024: Senate Approval of CSUN Constitutional change with 12 in support and 1 dissenting vote, 6) 10/09/2024 - 10/10/2024: Student body vote on the constitutional change and fee proposal. Approximately 27,000 undergraduate students had an opportunity to vote on the student fee proposal as part of a constitutional referendum. 87.8% of students who voted in the October 9th - 10th election, voted in favor of the constitutional change and fee proposal at \$2.97/credit. The constitutional change allows for CSUN to request subsequent revisions to the Student Association Fee, subject to approval of the Board of Regents.</p> <p>CSUN serves as the primary source of Registered Student Organization (RSO) funding, and provides impactful campus resources to students (i.e. textbook loans, undergraduate research, exam materials, etc.). The current CSUN fee has remained the same for the last 11 years and aggregate prices have increased over 30% during that time. The</p>	Approximately 27,000 Undergraduate students	\$649,590 increase, totaling \$1,929,282

Special Fees: Student Fees

Institution	Fee Name	Type of Fee (e.g.: orientation, late registration, etc.)	Fee Status - new, revised or continuing	Date of Last Change (Increase/Decrease)	Current Fee Amount	Proposed Fee Amount	Narrative/Rationale	Annual Number of students impacted	Anticipated Annual Revenue
							<p>current fee is insufficient to support the current operational costs and demands of the student body given the significant change in prices. The number of RSO's have increased from 315 in 2013 to 453 in 2024. Each year the fee goes unchanged, CSUN allocates less funding to RSOs, scholarships, and sponsorships to support the increase in operating costs.</p> <p>The additional revenue generated from the fee increase will be used to maintain support of existing sponsorships for student support programs and services such as Veteran's student support, student childcare services at the UNLV preschool, and support for student basic needs via the UNLV Food Pantry. The fee increase will also provide funding for the 453 RSOs, and ensure sufficient funding is available for CSUN sponsored undergraduate scholarships. In addition to funding current operations and commitments, the fee increase will allow CSUN to increase undergraduate scholarships, develop new sponsorships for student support services and emergency funds for students in crisis, mental health initiatives and resources, and an expansion of generalized support to thousands of students to aid them in their academic pursuit.</p>		

Special Fees: Student Fees

Institution	Fee Name	Type of Fee (e.g.: orientation, late registration, etc.)	Fee Status - new, revised or continuing	Date of Last Change (Increase/ Decrease)	Current Fee Amount	Proposed Fee Amount	Narrative/Rationale	Annual Number of students impacted	Anticipated Annual Revenue
UNLV	Technology Fee - Regular	Standard Student Fee	Revision	12-1-2016 (increase)	\$8.00	\$12.00	The Office of Information Technology is requesting approval to increase the Technology Fee - Regular effective Fall 2025. This fee increase is essential to maintain and improve UNLV's general purpose campus computer labs, classroom technology, replacement of computers in various student facilities, a portion of network maintenance and support, ongoing expansion of WiFi, maintaining the learning management system, and support for software and security renewals and maintenance agreements for licenses used in the computer labs. When adequate funding is available, funds may be allocated to specific projects for student facilities for renovations or upgrades to TEC rooms. In addition, the Student Technology Fee supports the salaries, fringe benefits, and training of the staff and student employees that manage student-facing areas such as the IT Help Desk, Computer Labs, and Classrooms. As the university grows, there is an increasing need for both highly skilled technical FTE and student employees. The IT services being offered are crucial for students to manage the business of being a student efficiently and for core university departments to provide necessary services effectively. During the summer and fall, Kivanc Oner, the Vice President for Digital Transformation and Chief Information Officer (VPDT & CIO), engaged in discussions with both the outgoing and incoming leadership of the Graduate & Professional Student Association (GPSA) and the Consolidated Students of UNLV (CSUN). The student government leaders are generally supportive of the increase, acknowledging its necessity in light of rising costs and the growing demand for IT services. Justification memo from UNLV's Vice President for Digital Transformation and CIO submitted with fee request. *The total headcount for three semesters (Fall, Spring, and Summer).	72,315*	\$8,796,840

Institution	Fee Name	Type of Fee (e.g.: orientation, late registration, etc.)	Fee Status - new, revised or continuing	Date of Last Change (Increase/ Decrease)	Current Fee Amount	Proposed Fee Amount	Narrative/Rationale	Annual Number of students impacted	Anticipated Annual Revenue
UNLV	Technology Fee - iNtegrate	Standard Student Fee	Revision	4-3-2009 (increase)	\$3.00	\$6.00	The Office of Information Technology is requesting approval to increase the Technology Fee - iNtegrate effective Fall 2025. This fee increase is essential to maintain and improve UNLV's student information system, MyUNLV. MyUNLV serves as the portal to a variety of student services from the Rebel Success Hub to the Course Catalog, and more. The platform is crucial for students to manage the business of being a student efficiently and for core university departments to provide necessary services effectively. Funds generated by the iNtegrate 1 Technology fee are used directly to support the development and continual enhancement of MyUNLV. Funding supports salaries, fringe, and cost of living adjustments (COLA) for functional and technical staff, technology costs, and costs for communication devices. Justification memo from UNLV's Vice President for Digital Transformation and CIO submitted with fee request. *The total headcount for three semesters (Fall, Spring, and Summer).	72,315*	\$4,675,770
UNLV	University of Nevada, Las Vegas School of Medicine Lab Support Fee	Standard Student Fee	Revision	12-1-2016 (new)	\$2,000.00	\$1,550.00	The Kirk Kerkorian School of Medicine at UNLV is requesting approval to decrease the Lab Support Fee effective Summer 2025. There are no changes to the usage since moving into the Medical Education Building, the School of Medicine has been able to reduce the cost of gross anatomy, which was previously outsourced at a very high price. Similarly, the school received an established new virtual anatomy lab from the building donors upon opening. The Medical School is dedicated to reflecting the proper revenue requirements for each modality of education/training/skills and the student cost benefit in each curriculum-driven area. After two years of being in the new Medical Education Building, the school is stabilized with proven curriculum changes and this fee should be aligned accordingly. This fee is charged in years 1, 2, 3, and 4.	258	\$399,900

Special Fees: Student Fees

Institution	Fee Name	Type of Fee (e.g.: orientation, late registration, etc.)	Fee Status - new, revised or continuing	Date of Last Change (Increase/Decrease)	Current Fee Amount	Proposed Fee Amount	Narrative/Rationale	Annual Number of students impacted	Anticipated Annual Revenue
UNLV	University of Nevada, Las Vegas School of Medicine Simulation Lab, Years 1, 2, & 3	Standard Student Fee	Revision	12-1-2016 (new)	\$1,500.00	\$2,100.00	The Kirk Kerkorian School of Medicine at UNLV is requesting approval to increase the Simulation Lab Fee effective Summer 2025. Although asking for an increase, the school is requesting to reduce the Lab Support Fee listed above. The ratio adjustment between both fees will properly represent curriculum training costs and will not require any additional monies overall from students for their four years of study. This fee request covers the cost of delivering curriculum-based exercises and training conducted in the simulation center of the new Medical Education Building. It also includes objective structured clinical examination (OSCE) assessments and may encompass select complementary student materials, patient model proctors, and equipment/technology related to simulation training. This fee is charged in years 1, 2, and 3.	198	\$415,800

Special Fees: Student Fees

Institution	Fee Name	Type of Fee (e.g.: orientation, late registration, etc.)	Fee Status - new, revised or continuing	Date of Last Change (Increase/ Decrease)	Current Fee Amount	Proposed Fee Amount	Narrative/Rationale	Annual Number of students impacted	Anticipated Annual Revenue
UNR	Academic Success Initiatives Fee (per undergraduate student enrolled in 1 or more credits)	Registration and mandatory fee	Revision	Est. 2010	\$25.00	\$50.00	The Academic Success Fee, originally implemented in 2010, was set at \$25 per semester, with the University Math Center, University Tutoring Center, and University Writing & Speaking Center each receiving \$8.33 from each student's fee. Since 2010, operational costs for these centers have increased due to inflation (36%), minimum wage increases (65%), and a 100% rise in starting pay for University employees, all while the Academic Success Fee has remained unchanged. The 2017 Joint Vision Statement drafted by the Senate of the Associated Students of the University of Nevada, Reno (ASUN) in partnership with the University Math Center, University Tutoring Center, and University Writing & Speaking Center states "We must grow the number of tutoring opportunities we have available to students and doing so will enable us to simultaneously support students who need assistance in a variety of academic areas while reinforcing the strengths and deep understanding the tutors have in the subject matter". The University Math Center, University Tutoring Center, and University Writing & Speaking Center provide critical academic services to the student body, yet these academic centers face unsustainable reductions in services due to financial constraints. the centers provide unmatched value compared to external tutoring services, with private tutors charging \$50–120 per hour, while a semester of unlimited access to these campus services could cost only \$50.	15,880	\$794,000
UNR	Athletics and Recreation Fee (per credit)	Registration and mandatory fee	New	NA	\$0.00	\$3.50	These fees will be used to expand and enhance student access to recreational activities, which promote physical and mental health. For nearly three decades, the University of Nevada has endeavored to build an indoor fieldhouse for students and student athletes to compete and practice in during inclement weather (smoke, snow, thunder/lightening), which regularly occurs in Northern Nevada; The indoor facility will be used by intramurals, club sports, athletics, band, spirit and ROTC. PEX classes can be scheduled in the facility, in support of the academic mission of the University; All cold weather peer institutions have indoor facilities; 110 yards of turf surface, storage, drop-down nets and a small lobby - an extremely minimal, efficient structure to ensure a most cost-effective method of construction. Through student fees and philanthropy a fieldhouse can be constructed, staffed (primarily by student employees) and sustained.	15,884	\$1,680,000

Special Fees: Student Fees

Institution	Fee Name	Type of Fee (e.g.: orientation, late registration, etc.)	Fee Status - new, revised or continuing	Date of Last Change (Increase/ Decrease)	Current Fee Amount	Proposed Fee Amount	Narrative/Rationale	Annual Number of students impacted	Anticipated Annual Revenue
UNR	Counseling Services, UNR	Registration and mandatory fee	Revised	7/1/2020	\$70/semester	\$95/semester	Since 2022, operational costs for Counseling Services have increased due to cost of living increases (23%) and increased student demand for a variety of complex services require that we hire more staff and expand the space, while the Counseling Services Fee has remained unchanged. Similar to the Student Health Center and Fitness Center, Counseling Services would like to request that all students enrolled in 1 or more credits pay the fee (currently, only students enrolled in 6 credits or more pay the fee). This will decrease barriers for students who seek our services and have not paid the fee (currently they must go through the process to add the fee), and will increase revenue to meet rising operating costs. The increased fee and drop to 1 credit will help Counseling Services maintain adequate staffing. The ratio recommended by our accrediting body is between 1 FTE permanent licensed staff per 1,500 students to 1 FTE to 1,000 students depending on demand for services, which is high, and availability of local student mental health resources, which is low. Additionally, due to increased severity of student body mental health concerns, it is increasingly difficult to meet student needs quickly, which leads to fuller caseloads and more difficulty taking on new students. At this point, it is estimated that about 50% of our students require a more comprehensive course of treatment due to severity (suicidality, eating disorders, and trauma primarily). Our area is under-resourced in terms of mental health services, and as students are not required to have insurance, many of them cannot access the limited services that are available in the community. Given local factors, a 1:1000 counselor-to-student ratio would be more appropriate, the same ratio mandated by the University of California system board of regents for UC schools. Currently, our funded counselor to student ratio is 1:1,313, which we have improved over the past decade, down from over 1:2,000. With no changes to staffing and no student fee increase, the projected deficit for FY 26 is over \$1,000,000.	21,000	\$3,508,805

Special Fees: Student Fees

Institution	Fee Name	Type of Fee (e.g.: orientation, late registration, etc.)	Fee Status - new, revised or continuing	Date of Last Change (Increase/ Decrease)	Current Fee Amount	Proposed Fee Amount	Narrative/Rationale	Annual Number of students impacted	Anticipated Annual Revenue
UNR	Technology Fee - Regular	Registration and mandatory fee	Revised	2017-Increase	\$6.00	\$12.00	<p>The Tech Fee-Regular has been \$6/sch since FY 2017. Since then, the cost of doing business has increased dramatically and has directly Impacted UNR's technology infrastructure and teaching and learning environment. The TF-Regular supports technology in public labs and spaces; provides access to essential software applications and appropriate, standard classroom technology for faculty; and funds student, classified and professional staff who support student learning and student-facing technology.</p> <p>The average cost of a desktop in a computer lab was \$1100 in 2017; the average cost in 2024 is \$1750, a 59% increase. The Office of Information Technology strives to maintain a 5-year lab replacement cycle. With more than 1500 desktops across the University to maintain and replace, it has become increasingly difficult to meet targets for the replacement cycle. Many desktops have been in service for much longer than five years.</p> <p>The TF-Regular supports essential software tied to the University's teaching and learning mission, including Canvas, Turn It In, Kaltura, Zoom and more. Many of these tools were not available in 2017 and have dramatically changed how faculty deliver instruction and students engage with their classes. Additionally, students request new services or software, which are difficult or Impossible to support with the TF-Regular. Most recently, they requested access to Quizlet (approximately \$84,000 annually), an AI-enhanced study platform. Students are increasingly interested in ways that AI tools can appropriately facilitate their success in the classroom. The TF-Regular must provide students with access to contemporary software and services so they are better prepared for the work world.</p>	19,000	\$3,106,000

Special Fees: Student Fees

Institution	Fee Name	Type of Fee (e.g.: orientation, late registration, etc.)	Fee Status - new, revised or continuing	Date of Last Change (Increase/ Decrease)	Current Fee Amount	Proposed Fee Amount	Narrative/Rationale	Annual Number of students impacted	Anticipated Annual Revenue
UNR	Technology Fee - iNtegrate	Registration and mandatory fee	Revised	Est. 2010	\$3.00	\$6.00	<p>Tech Fee-iNtegrate has been \$3/sch since FY2010. Since then, the cost of supporting the student information system MyNevada has Increased dramatically. The TF-iNtegrate funds the software maintenance for the enterprise student information system MyNevada and the salaries for functional and technical staff who support MyNevada, both of which have increased year-to-year, especially the staff's salaries in FY24 and FY25 by 12% and 11% respectively. The vendor of the student information system, Oracle, has continued to provide updates and enhancements to the PeopleSoft Campus Solutions software which allows MyNevada to stay up-to-date with current technology and regulations. As the financial aid landscape has evolved significantly over the years, especially this year with the FAFSA Simplification Act, Oracle offers a much more robust, streamlined, and student-centric cloud-based solution called Student Financial Planning (SFP) for financial aid which increases process transparency, financial aid application completions, and financial aid awards offered. The self-service portal allows students to view/accept/receive in real-time and parents to upload documents securely. The up-front cost for the SFP project is estimated to be \$2,774,370 which comprises of \$387,870 for the first year's subscription cost and \$2,346,500 of one-time implementation cost. Based on the projected annual revenue of approximately \$1.5 million at \$3/sch, increasing the STF-Integrate by another \$3/sch would allow \$3 million to be saved after two years to pay for the initial cost of the SFP project and would sufficiently fund the on-going subscription fees estimated to be \$387,870. Additional staff may be necessary to manage and support SFP.</p> <p>Since the inception of MyNevada in Fall 2011, a lot of sensitive PII and FERPA (and IRS starting this Financial Aid year) data has been entered into the system. To minimize the risk of potential cybersecurity breach that is costly and negatively affect the reputation of UNR's R1 status, a Multi-Factor Authentication (MFA) solution is needed to safeguard the system and its data. The cost for a MFA solution is estimated at approximately \$89,267 for the first year with 3-5% increase annually.</p>	19,000	\$1,485,000

Institution	Fee Name	Type of Fee (e.g.: orientation, late registration, etc.)	Fee Status - new, revised or continuing	Date of Last Change (Increase/ Decrease)	Current Fee Amount	Proposed Fee Amount	Narrative/Rationale	Annual Number of students impacted	Anticipated Annual Revenue
UNR	University of Nevada, Reno School of Medicine Simulation Lab Fee, per semester	Registration and mandatory fee	Revised		\$700/annual	\$700/semester	Simulation-based training provides a safe and controlled environment for medical students to practice and refine their clinical skills, clinical decision-making, and communication skills. Simulations involve the use of medical manikins, live-simulated patient encounters, and medical teaching supplies such as suture and catheter kits medical drapes and gowns. At UNR Med students have educational experiences at our simulation center across all four years of the curriculum including the Practice of Medicine Course for first year students, Advanced Clinical Skills for second year students, Context of Patient Care and core clerkships for third year students, and the Transition to Residency course for fourth year students. The cost of providing simulation has been increasing because of the COLA for faculty and staff and the purchase of new technology with associated maintenance contracts. The new fee increase will help mitigate the increased cost and enable the school to continue to provide simulation without cutting programming. The current fee structure is an annual fee of \$700, but this will be increased to \$700 per semester or \$1,400 per year. In response to student feedback, the fee structure will be applied according to the volume of simulation activity in each year.	280	\$392,000
UNR	University of Nevada, Reno School of Medicine Library Fee	Registration and mandatory fee	New	N/A	\$0.00	\$350.00	Medical students utilize library resources and study space including online and physical study aids. The Savitt Medical Library is responsible for managing access to electronic resources for the medical students - in addition to faculty, staff, and other healthcare learners on campus. Currently, the Savitt's collection budget is \$550,000 which when compared to the American Association of Health Libraries benchmark, places the library ranking at 119 of 129 libraries. A comparison analysis with similar size medical schools suggests that the library's collection budget should be approximately \$850,000 per year. To close the gap, UNR Med intends to support the library from the following sources: • Academic Support from the School's Self-Supporting funds: \$100, 00 per year • F&A redistribution from Basic Science departments: \$98,000 per year • New Student Fee: \$98,000 The proposed new fee of \$350 per year will be used exclusively for the purchase of electronic data resources and study prep materials related to medical student programming.	280	\$98,000

UNR	University of Nevada, Reno School of Medicine Scholarly Activities Fee	Registration and mandatory fee	Revised	N/A	\$0.00	\$1,500.00	Upon completion of the four-year MD program at UNR Med, students apply to residency programs to receive specialty-specific training. The application process to residency has become more competitive nationally, requiring students to not only perform well academically but also to participate in a variety of extracurricular activities that support their professional development as future physicians. This includes participation in research and/or scholarly work. Traditionally, UNR Med has relied on donors interested in supporting student research to supply sources of funding for student projects, research support, travel and publications. This is not a sustainable model given the increasing scholarly activity required for residency application. Annual student survey feedback consistently identifies research opportunities and support with projects as an area of needed improvement for UNR Med. Seventy-one percent of the Class of 2023 reported working with a faculty member on research on the Association of American Medical Colleges Graduate Questionnaire. This is below the national average. A proposed new fee of \$1,500 per year will help support and supplement the scholarship experience for the students, and includes maintaining the Scholarly Concentrations program, staffing to support statistical analysis for medical student projects, further development of Medical Student Research Day, and student conference attendance for professional development activities.	280	\$420,000

NSU	Campus Security and Wellness Fee (per credit)	Campus Security & Wellness Fee	New	-	\$0.00	\$3.00	Estimated costs to bring the campus up to the recent recommended minimum standard for communication and building/campus safety will start at approximately \$200,000 annually. Expenditures to be incurred include purchase of additional surveillance cameras, signage, motion sensor lights, bulletproof film for major glasses entryways, flashing emergency lights for hearing impaired populations including any installations. Additional costs to be incurred include those of salaries and benefits of personnel, and operating costs to manage and maintain campus safety needs in addition to supporting the mental health wellness initiatives critical to student success. Although grant funding is anticipated to address some of the Chancellor's Ad Hoc Public Safety Council recommendations, addressing and sustaining all safety and mental health wellness initiatives will require multiple funding sources.	Approx. 3,000 each semester; 88,030 credit hours annually	\$264,090

Special Fees: Student Fees

Institution	Fee Name	Type of Fee (e.g.: orientation, late registration, etc.)	Fee Status - new, revised or continuing	Date of Last Change (Increase/ Decrease)	Current Fee Amount	Proposed Fee Amount	Narrative/Rationale	Annual Number of students impacted	Anticipated Annual Revenue
CSN	Athletics & Recreation Fee (per credit)	Standard Student Fee	Revised	all 2019	\$2.00	\$5.00	The CSN Athletics program has experienced remarkable growth in the past 5 years doubling in size from 5 to 10 programs. However, despite this growth, the current student athletics fee of \$2.00 per credit hour has remained unchanged, putting a significant fiscal strain on the department, particularly as overall student enrollment has decreased. To sustain and enhance the quality of our athletic programs and provide recreational resources to the general student body for our multiple campuses, we propose an increase in the athletics and recreation student fee to better align with the needs of the department and comparable collegiate programs.	40,434	FY26 increase in revenue of \$1,420,816, annual total = \$2,368,028
CSN	Technology Fee - Regular	Tech Fee	Revised	2022	\$8.00	\$9.00	<ul style="list-style-type: none"> •Maintaining technology fees in line with the other NSHE institutions has been a priority •However, current Tech Fees for CSN are unsustainable as costs and support needs are continuing to increase •\$1.00 proposed increase is designed to have minimal impact on our student body •Current IT projects are designed to boost student enrollment, increase student retention and improve student success •A secure environment to protect student data is a necessity •A network infrastructure upgrade is necessary to replace end-of-life hardware, to support rising student utilization and to mitigate evolving security threats <ul style="list-style-type: none"> oPricing on network equipment has increased significantly, and new modalities require a more robust network oStudent WiFi utilization requires the college to triple the number of WiFi access points to properly meet demands oBundling the infrastructure refresh with our existing Managed Services Provider comes at a greatly reduced cost oThis bundling also allows us to utilize predictable Operational Expenses as opposed to periodic, unpredictable and high-cost Capital Expenses oThis bundling creates a cost savings that prevents the need for \$2.50 to \$3.00 Student Fee increase rather than \$1.00 increase being proposed •A need for some on-site servers remains for load balancing and effective resource management <ul style="list-style-type: none"> oA refresh of this hardware is necessary due to end-of-life hardware oNo existing funding source is available •Our Constituent Relationship Management System (CRM) and upcoming Enterprise Collaboration Platform (ECP) allow 	40,434	FY26 increase in revenue of \$538,286, annual total = \$4,844,579

WNC	Student Association Fee	Student Fee	New	N/A	\$0.00	\$3.00	This student association fee is essential to our campus community as it plays a pivotal role in supporting various initiatives that directly benefit students such as student clubs and organizations, scholarships, and essential services. Student leadership opportunities funded by the fee will empower students to develop essential skills, preparing them for future roles and responsibilities. This fee will enrich the overall student experience, creating a campus environment that encourages involvement, leadership, and celebration of student achievements.	4,377	\$162,393
WNC	Student Support Activities Fee	Student Fee	New	N/A	\$0.00	\$3.00	Funding from this fee will be strategically allocated to support a wide array of campus events, workshops, and social activities. The fee will also be directed towards health and wellness programs, including mental health resources and wellness workshops, emphasizing the importance of student well-being. By dedicating resources to strengthen these varied initiatives, the fee aims to establish an environment that not only offers extensive campus engagement opportunities but also nurtures a strong sense of unity among all students.	4,377	\$162,393

TMCC	Health and Sports Fee, TMCC	Athletic Student Fee	Revised	Fall 2018	\$5.00	\$8.00	<p>Upon recommendation by the Truckee Meadows Community College Student Government Association and approval by the Truckee Meadows Community College President, we propose a \$3.00 increase in the Health and Sports Fee at TMCC to support the addition of intercollegiate athletic teams. This proposed fee increase funds inflationary cost increases and expands the educational experiences of students through athletics.</p> <p>It is important to note that, of the current \$5.00 Health and Sports Fee, only \$0.50 currently supports athletics directly. The Student Government Association approved the full \$5.00 fee back in 2018, with \$4.50 allocated to pay down the debt on the TMCC Sports and Fitness Center. Under this proposal, the new \$3.00 increase would be fully allocated to supporting athletic teams.</p> <p>Athletic programs align with NSHE strategic plan goals of increased access and success for students and are consistent with Title 4, Chapter 24, Section 1 of the Board Policies, which states, "Intercollegiate sports shall be viewed as an important component of the university, state college, college community, and of individual development."</p> <p>TMCC's Athletics Program has demonstrated commendable persistence, retention, and graduation rates and this fee increase will directly enhance the student-athlete experience.</p>	9,000	\$1,200,000
