In December 2022 UNLV Student Affairs committed to analyzing the Residential Room rates annually to include a "fifth year rate" at each December Board of Regents (BoR) meeting. This model was adopted to allow for the greatest amount of transparency for our students in the total cost of attendance for a four year program. Although the practice is not required by the Board of Regents, we are requesting BoR approval to pause the practice for the December 2025 BoR meeting, which would have included a request for the "fifth-year" rate effective Fall 2029 (FY30). The request to pause is submitted to allow Student Affairs the necessary time to thoroughly assess the financial implications of the University's proposed multi-year Registration Fee increases on our students. Understanding the cumulative impact of these system-level fee increases is crucial before finalizing future housing rate projections.
