3. OPENING REMARKS **INFORMATION ONLY**

Chair James Hardesty and Vice Chair Patricia Charlton will provide opening remarks to the Committee.

ESTIMATED TIME: 15 mins.

4. REVIEW OF THE “BALANCED APPROACH” FORMULA FRAMEWORK **INFORMATION ONLY**

HCM Strategists will present an overview of the “Balanced Approach” formula framework whereby state appropriations may be allocated based on four components: 1) Operations and Maintenance/Core Costs; 2) Weighted Student Credit Hours; 3) Student Characteristics; and 4) Progression and Outcomes. This presentation is intended to review the primary components of the recommended formula allocation framework in preparation for the Committee’s Work Session. ([Ref. HEF-4](#))

ESTIMATED TIME: 30 mins.

5. WORK SESSION **FOR POSSIBLE ACTION**

The Committee will consider for approval a series of recommendations for the final report, including, but not limited to, matters relating to the small institution factor, student-based funding, 3-year weighted average for the calculation of weighted student credit hours, and a progression and outcomes-based component for funding allocations. These recommendations have been developed in response to the Committee’s charge to evaluate models for higher education funding that are used in other states to support institutions similar to NSHE institutions and determine whether other funding allocation methods are appropriate for NSHE. During its deliberations, the Committee will utilize a live model of the proposed funding formula presented by HCM Strategists. This will allow the Committee to arrange various components of the proposed formula for the purpose of making recommendations. The work session will also consider recommendations related to a future funding adequacy and equity study, phase-in approaches for any adopted recommendations related to the funding formula allocation methodology, and the continued review of the NSHE funding formula. The Committee may take action to adopt recommendations as presented or as amended as a result of its deliberations. Any approved recommendations will be including in the Committee’s final report. ([Ref. HEF-5](#))

ESTIMATED TIME: 180 mins.
