

Graduating Class of 2018

**Statewide List of Approved High School Courses
for University Admission and
Governor Guinn Millennium Scholarship Eligibility**

BOARD OF REGENTS

Mr. Rick Trachok, Chairman

Ms. Allison Stephens, Vice Chair

Dr. Andrea Anderson

Dr. Patrick R. Carter

Mr. Cedric Crear

Ms. Carol Del Carlo

Dr. Mark W. Doubrava

Dr. Jason Geddes

Mr. Trevor Hayes

Mr. Sam Lieberman

Ms. Cathy McAdoo

Mr. John T. Moran

Mr. Kevin J. Page

Dean Gould, Chief of Staff and Special Counsel to the Board of Regents

OFFICERS OF THE NEVADA SYSTEM OF HIGHER EDUCATION

John V. White, Chancellor

Dr. Len Jessup, President
University of Nevada, Las Vegas

Dr. Marc Johnson, President
University of Nevada, Reno

Dr. Robert Gagosian, President
Desert Research Institute

Mr. Bart Patterson, President
Nevada State College

Dr. Michael Richards, President
College of Southern Nevada

Dr. Mark Curtis, President
Great Basin College

Dr. Karin Hilgersom, President
Truckee Meadows Community College

Mr. Chester Burton, President
Western Nevada College

Meadows School	75
Mountain View Christian School	77
Pyramid Lake High School.....	78
Trinity Christian High School	79

How to Use This List

This document serves as the official list of approved high school courses for both university admission and Governor Guinn Millennium Scholarship eligibility. Each year the Office of Academic and Student Affairs in the Nevada System of Higher Education (NSHE) contacts Nevada superintendents and other K-12 leaders across the state to request updates to the list. All submissions are reviewed for accuracy by the Nevada Department of Education (NDE) prior to release of the updated list.

Please note that some courses on this list are approved only for Millennium Scholarship eligibility and *not* for university admission. They are clearly noted with a statement next to the course name: “for Millennium Scholarship eligibility only.”

University Admission

The university admission policy contained in the [Board of Regents Handbook, Title 4, Chapter 16](#) requires completion of a high school core curriculum as defined below:

High School Course	Units
English: emphasis on composition, rhetoric, and American, English and world literatures	4
Mathematics: algebra or higher level mathematics, including first- and second-year algebra, geometry, analytic geometry, trigonometry, pre-calculus, probability and statistics and other advanced mathematics	3
Natural Science: (<i>lab or simulation</i>) including biology, chemistry or physics, with at least two years in a laboratory science	3
Social Science/Studies: including world history and geography, U.S. history, economics, government, or law	3
Total:	13

Millennium Scholarship Eligibility

According to [NRS 396.930](#) and the [Board of Regents Handbook, Title 4, Chapter 18](#), in addition to other eligibility criteria students must complete the following core curriculum *in high school* to be eligible for the Governor Guinn Millennium Scholarship:

High School Courses	Units
English	4
Math (including Algebra II or higher)	4
Natural Science	3
Social Science and History	3
TOTAL	14

College Courses on the High School Transcript

While it is increasingly common for high school students to take college courses and have them recorded on their high school transcripts, this list is mainly limited to high school courses that meet the requirements for university admission and Governor Guinn Millennium Scholarship (GGMS) eligibility. Also included for some districts or schools are a small number of college courses that are taught as part of a formal dual enrollment program. Other college courses that are not included on this list but appear on the high school transcript and count toward high school graduation requirements may also count toward university admission and GGMS core curriculum requirements. In these cases, it is best for students to work closely with a high school counselor to ensure they are on track to receive the GGMS or be admissible to an NSHE university.

For more information on GGMS core curriculum requirements, please refer to the [Core Curriculum Fact Sheet](#), available on the NSHE website, or contact a high school counselor.

CHARTER SCHOOL: Nevada State High School System
(in addition to CCSD approved courses)

Nevada State High School (NSHS) is an 11th and 12th grade school that operates nearly 100% on dual-credit through college enrollment. Courses counted toward Governor Guinn Millennium Scholarship (GGMS) core curriculum requirements or NSHE university admission must fall within four specific categories: English, Mathematics, Social Science and Natural Science (see Page 1). Since college courses are not listed individually in this document, students should work closely with their NSHS counselor to be sure they are on track with GGMS and university admission requirements.

Below is a description of the curriculum and classes at NSHS:

College Courses:

- College level courses that are 100 or 200 level, 3 or more credits are 1 high school credit
 - Core subject credit is given for subjects as the colleges. For example: ENG is an English and BIOL is a science for high school as they count for those areas in college.
- Remedial college courses that are 3 or more credits are equal to .5 high school credit. Remedial courses may be counted toward GGMS core curriculum requirements, but not university admission.
- NSHS does not give credit for 1 or 2 credit college courses or those over 300 level.

NSHS Specific Courses:

- NSHS specific courses include the following and neither count toward GGMS core curriculum requirements nor toward university admission:
 - Introduction to College (H.S. Elective) – a college orientation course
 - Study Skills (H.S. Elective) – a study skills academic support class
 - College Transitions (H.S. Elective) – a course designed for post-high school college readiness

Supplemental High School Courses:

Students who are missing high school credits from 9th or 10th grade or need to supplement college classes due to remedial needs can take courses through different options. Depending upon the specific course, such classes do not necessarily count toward GGMS core curriculum or university admission. Students should consult their NSHS counselor for specific guidance.

- External Credits (taken outside the NSHS curriculum) - listed as “Out of District”
- BYU courses (taken on a limited basis for students with remedial needs)
