3. DISCUSSION WITH BOARD MEMBERS AND CHANCELLOR

NSA members will have the opportunity to have an open dialogue with the officers of the Board of Regents and the Chancellor. The discussion will include student experiences, concerns of their constituents, and other matters related to their roles in student government.
Chair Osorio-Hernández requested introductions around the table.

Regents Carvalho and Downs answered a question regarding the focus for the upcoming year. Regent Carvalho mentioned communication with stakeholders and turning the temperature down with the Board in a deliberate process. Regent Downs agreed that communication is the focus as well as working with NSHE staff. Carvalho discussed the new business log of the Board and the work with NSHE staff in getting through what the Board wants.

The topic of graduate student increased stipend. Member Teresa Marie explained the challenge of increased COLA and fees against stipends. Regent Carvalho recognizes the increases and defers to the Chancellor regarding preparation for the 2025 legislative session. The Chancellor addresses the inclusion of this topic in putting the touches on the prep for 2025 session for August.

Robby Boparai enters meeting at 7:12 a.m..

Alejandro Rodriguez, NSHE Director of Government Relations, speaks of the importance of a united message during session and elevating the advocacy of NSA as a body is important. The Chancellor adds that is important to advocate for the priorities of the Board.

Danielle Kirkman, Proxy for Allison VanHolder, enters meeting at 7:14 a.m..

The Chancellor answers a question of the priorities, including but not limited to, Capital improvements; increasing presence of personnel; mental health; nursing expansion; education program; grad stipends; shoring up the lack of funding received for the cost of living over the last couple biennium; and student food, housing insecurity, and mental health. Also, unfunded mandates from fee waivers. She mentions that the Interim Committee on Education receive a presentation from NSHE on Fee Waivers and we are hoping they close the loop on funding. The Chancellor answers questions on how the fee waivers work in the funding formula.

The Chancellor discusses the work being done in the mental health space. Under legislation last session, an appropriation provided to UNLV to set up a statewide institute to work with mental health professionals. She mentions this is one appropriation we need to ensure it continues.

The topic of food insecurity is addressed. Member Tania Akter shares what UNR GSA does for graduate students. Thirty percent of UNR graduate students use the ASUN pack provisions. The challenge is the storage of food. When international students arrive they don’t have personal transportation and they rely on the pack provisions. Akter says more funding is needed for grad and post-doc. The Chancellor responds that conversations are already being had with legislators to let them know what priorities are and food insecurities, transportation, childcare, are some of those priorities.

Regent Carvalho asks about the SNAP program. The Chancellor says that is a dedicated staff member at the System Office for SNAP. That person has reached out directly to the state to expand that. Member Teresa Marie explains how SNAP works and how it does not necessarily work well because some GA get paid 9 months instead of 12 and it challenges the eligibility. The Chancellor suggests that Assistant Vice Chancellor Natalie Brown and SNAP Coordinator Camille Vega come to one an NSA meeting to discuss. And they have contacts with the federal delegation.

Member Robby Boparai discusses medical school increases and the way medical education is changing due to national trends – Board exams, extended medical education into 5 years instead of 4 years. And that the funding levels do not serve students well anymore and need to be looked at. The Chancellor suggests having the medical school deans come talk about that as it is a different funding from the state, and different components to that. There should be discussion around about fees and timeline to completion as well. Regent Carvalho says we don’t often hear of struggles of med school students but about the completion. Perhaps we can think about the cost of the
education not based on semesters or years.

Discussion around the long-term debt of professional students and the need for high-quality fiscal literacy education with professional students. Member Boparai speaks of the medical school financial aid through main campus and the miscommunication and logistical delays. Overall, the med school keeps track of the loans, gives the financial counseling, but they do have a system in place for support.

The Chancellor and Regents were asked what they love most about Nevada and shared that.

Carmen Muniz – as a CSN representative it has been an honor to come see you all and meet you all, to be able to humanize you all. It is odd sitting down in southern Nevada knowing all these things are happening out here. It is really cool. I hope to come many times in the future.
