The Nevada System of Higher Education (NSHE) provides tailored wraparound support to students who have experienced foster care.

Through a holistic approach, the NSHE Fostering Success Initiative centers postsecondary education success and career preparation as it focuses on the PRESENT and the FUTURE with students who have experienced foster care.

These enthusiastic student supporters engage in 3 key activities that promote student success and wellbeing:

1) Individualized direct coaching that centers the young person as the expert in their own experiences and needs, builds trust, and fosters self-advocacy and independent living skills;

2) Tailored campus- and community-based resource and/or support service provision; AND

3) Timely and appropriate advocacy that assists in removing barriers.

STUDENTS WHO HAVE EXPERIENCED FOSTER CARE!

College is waiting for YOU!
