In addition, a study authored by DRI's Dr. Christine Albano and published in the *Journal of Hydrometeorology* found increases in atmospheric thirst across much of the Western U.S. during the past 40 years, with the most significant, robust increases around the Rio Grande and Lower Colorado rivers. Finally, DRI's Dr. Joe McConnell and the ice core team of researchers are currently in Tunu, Greenland, on their second drilling expedition. President Acharya provided the following highlights on recent contracts and grants: A five-year contract with the DOE and National Nuclear Security Administration, called TRENDS, which stands for Technical Research, Engineering, and Development Services; Dr. Kristin VanderMolen an early career female scientist, was awarded nearly \$300,000 from NOAA to research "Increasing the Reach and Effectiveness of Heat Risk Education and Warning Messaging in Historically Underserved and Socially Vulnerable Communities;" and Western Regional Climate Center Director Dr. Tim Brown received nearly \$800,000 (for Option Period 1) from NOAA for "Regional Climate Services Support in the Western Region." 2. Information Only – Institutional Student and Faculty Presentations – UNR President Sandoval introduced Ms. Celeste Robles Chavez, student presenter, and Dr. Mandi Collins, faculty presenter. They presented on the Digital WolfPack Initiative from a student and faculty perspective. (PowerPoint on file in the Board Office.)

Ms. Celeste Robles Chavez is a UNR student from Las Vegas, Nevada. Born to Mexican immigrants, she is a first-generation student. She is a dual major in Biotechnology alongside Microbiology and Immunology with a Minor in Community Health Sciences. Her career goal is to be an Epidemiologist in the focus area of pharmacy and medicine, with a lifelong dream to improve current medicines and help develop affordable medication for low-income families. Ms. Robles Chavez is entering her second year at UNR and participating in multiple organizations. She is part of the Honors College, a student ambassador for CABNR, and an active member of the MedLife organization. This upcoming academic year, she will serve as a Mobil Clinic Officer. She hopes to graduate with her bachelor's degree in 2025 and continue to graduate school.

Dr. Mandi Collins is an associate professor for the College of Education and Human Development. As a Master Teacher in the NevadaTeach program, she instructs and supervises the clinical experiences of undergraduate, dual majoring, mathematics, and science secondary education majors. In addition to her teaching role, Dr. Collins was named the new Director of the Raggio Research Center for STEM Education. Having earned all her undergraduate and graduate degrees from UNR, Dr. Collins proudly bleeds silver and blue.

In response to a question from Regent Del Carlo related to mentoring advice, Ms. Robles Chavez stated as a first-generation student, the most help she received was learning what college is, the processes, and an understanding of where she needed to focus.

The meeting recessed at 12:21 p.m. and reconvened at 1:02 p.m. with all members present.

3. Information Only – Regents' Welcome, Introductions and Reports (Agenda Item 4)

Regent Del Carlo reported that she had met Ms. Nevada, who came onto the stage and in her opening statement said she was a proud student at the College of Southern Nevada. The Ms. America competition is the nation's leading advocate for women's education and the largest provider of scholarships and assistance to young women in the United States.

4. Information Only – Chair of the Nevada Student Alliance Report (Agenda Item 5) – (Continued)

UNR GSA President Hawn said that all student government organizations look forward to collaborating closely with one another, institutional Presidents, NSHE, and the Board of Regents in the upcoming year.

5. Information Only – NSHE Classified Council Report (Agenda Item 6) – WNC Classified Council Chair and President of the NSHE Classified Council Natasha Anderson thanked the Regents for all their work to help the institutions and their communities. Compensation and the equality study remain concerns. Every classified council member works hard, and all should be treated the same. The NSHE Classified Council looks forward to working with the Board in the future.

6. Information Only – Chair of the Faculty Senate Chairs Report (Agenda Item 7) – Chair of the Faculty Senate Chairs and UNR Faculty Senate Chair Dr. Amy Pason recognized and thanked the 2021-22 Council of Senate Chairs. In addition, she has had an opportunity to meet with the incoming Senate Chairs and announced that CSN Faculty Senate Chair Tracy Sherman would lead as the new Chair of Chairs. In her past two years as Senate Chair, there have been numerous leadership changes, a pandemic, budget cuts, furloughs, changes to how we teach and work generally, and strategic and future planning for NSHE and its institutions.

With all these changes, including leadership transitions, she challenged her faculty in a Spring Welcome letter to ask themselves: *Who will we be?* And she believed this was an appropriate call to ask ourselves as a System now. In this meeting, Regents have the critical task of choosing new Board leadership and affirming the choice of an acting Chancellor that will lead NSHE through the legislative session and hopefully guide the System towards stable ground for the next permanent Chancellor.

Who are we going to be? is also an important question because of the retention issues and turnover seen with faculty and staff across the institutions. What were clearly defined roles and job expectations are no more. Instead, faculty and staff are taking over work previously done by others and adjusting their work to account for all vacant positions to address continued budget shortfalls. In response, the institutions will make decisions about reorganization, efficiencies, and how to “make do” to make lasting impacts and fulfill missions. Reasons for NSHE faculty and staff retention issues are varied, but most resonate with what many have written about over the past year related to worker burnout and disengagement. As Kevin McClure recently wrote in *The Chronicle of Higher Education*, we can’t feel fully invested in our work when there is no investment in us.

Today’s biennial budget presentation includes the need to advocate for restoring PEBP health care benefits and cost of living increases for all state employees. Resignation and retention issues are not just an NSHE problem, they are happening to all state agencies. For example, staffing shortages necessitated extending open enrollment for benefits; the call center assisting employees with their benefits saw their normal call wait times jump from 2 minutes to 70 minutes. I

6. Information Only – Chair of the Faculty Senate Chairs Report (Agenda Item 7) – (Continued)

note this example specifically because we must recognize that we are interdependent with other state agencies, and cuts to PEBP staff and benefits are additional cuts and hardship to NSHE employees.

Who we have to be are advocates not only for the institutions but leaders in advocating for all state workers who serve our public. She hoped that all the Regents, as well as NSHE and institution leaders, are reaching out to elected officials who will ultimately make budget priorities and amplify, in the words of President Pollard, *that we are all trying to tread water when the state needs - and asks of us - to be Olympic swimmers*. Nevada must commit to higher education long-term, with an eye toward future growth and expansion of services to students and the state. NSHE must make five- or ten-year commitments just for software licensing contracts, and indeed the Legislature can think beyond one biennium when funding higher education.

In closing, she offered that NSHE should respond to the question of *Who are we going to be?* with:

- a willingness to collaborate and cooperate on problem-solving the challenges ahead;
- a willingness to listen and understand one another as we work through the tensions of the challenges ahead; and
- importantly, a willingness to challenge ourselves to be the leaders needed at this moment - ready to engage in the work at hand.

This means leveraging our “superpower” as a unified system and building on the strengths and expertise at the institutions. This means open communication and committing to shared governance to collectively make decisions on NSHE’s shared future.

7. Information Only – Officer in Charge Report (Agenda Item 8) – Officer in Charge Crystal Abba stated that she had three essential items that needed to occur during her brief period in the position.

1. Prioritize the capital improvement projects, completed under a new process that significantly improved the process.
2. Prioritize the biennial request; the process is a little behind schedule, but she is confident that they are now on schedule and will meet the statutory deadline for submittal.
3. A directive that the AB450 Committee expand free college opportunities for more Nevadans; in her new role as co-chair of the AB450 Committee, they proposed a Workforce Investment Grant (WIG) Program.

The AB450 Committee endorsed the pilot proposal to expand free college opportunities for low-income students. It will provide a sizable grant contingent on the Interim Finance Committee’s (IFC) approval and allocation of ARP funds which will occur in August. The second item approved by the AB450 Committee is a letter of support for the ARP funding to support the WIG program. If the funding is approved, the pilot program

7. Information Only – Officer in Charge Report (Agenda Item 8) – (Continued)

will begin in Spring 2023. The third item approved by the AB450 Committee relates directly to the work of the Board, which is a letter of support for the Workforce and Economic Development Investment Fund. The WIG Program will tax the institutions and programs as more students are incentivized to go into the critical areas to meet workforce needs. NSHE must ensure funding to expand capacity in the appropriate programs. In the Biennial Budget Request, there is an item for special consideration for a Workforce Development Investment Fund that can be accessed by the community colleges and the state college to support the programs included in the WIG Program. The fourth item is the NSHE Funding Formula. The AB450 Committee spoke extensively about the state of the current Funding Formula, noting it has worked for a decade, not without flaws. The Committee recommends that the Legislature consider legislation to allow for the study. The Governor's Office is supportive of moving in that direction. The final recommendation will revamp the Institutional Advisory Committees and acknowledge the Workforce Advisory Boards currently in place at the community colleges. The AB450 Committee adopted a letter of support urging the Board to vote and approve the revisions presented today.

Officer in Charge Abba stated this was her last meeting in the role, and she thanked the Board for its confidence in her during this brief time.

8. Information Only – Board Chairman's Report (Agenda Item 9) – Chair McAdoo thanked the campuses for inviting the Regents to the end-of-year festivities. Since the March Board meeting, there have been three special meetings. She has spent much time having conversations and interviews with many people about the expectations of an interim or acting chancellor. In addition, Chair McAdoo stated employee appreciation luncheons were held at both System Administration Offices. Finally, she said Officer in Charge Abba addressed the critical issues that needed to be completed. It has been a busy time, and she appreciated the hard work.

9. Information Only – NSHE Student Success Target Metrics (Agenda Item 12) – At the January 2019 special meeting, the Board approved target metrics for its student success goal. Targets were established for undergraduate graduation rates, number of students conferred an award, and persistence rates for each NSHE institution. Officer in Charge Crystal Abba presented updated target metrics with actual figures through 2021 for the student success goals. (Ref. BOR-12 on file in the Board Office.)

Regent Carvalho asked if the institution that a student comes from gets the benefit of the persistence rate, with Officer in Charge Abba stating it is where the student begins.

In response to a question from Vice Chair Carter related to using the information during a president's evaluation process, Officer in Charge Abba stated policy generically defines the metrics. The general direction they are headed is tying presidential performance to the metrics and goals of the institution's strategic plan.

TMCC President Hilgersom stated she has concerns with IPEDS full-time, first-time data. Seventy percent of students at TMCC are not full-time, first-time students. She

9. Information Only – NSHE Student Success Target Metrics (Agenda Item 12) – (Continued)

applauds the improvements, but the graduation rates are for a small cohort. TMCC also has an anomaly in the numbers because a couple of years ago the number of applied baccalaureate degrees TMCC offered put them into a different IPEDS category resulting in five years of repeat numbers based on the reporting. She stated she is not opposed to looking at metrics, but there must be a better way of counting the successes of part-time students.

The meeting recessed at 1:43 p.m. and reconvened at 1:45 p.m. with all members present.

Regent Brooks thanked UNR GSA President Hawn for a fantastic job of getting students together for Public Comment. It demonstrates his leadership and advocacy for his peers. Regent Brooks thanked the students that shared their stories. From these stories, the importance of graduate student stipend increases and mental health stood out. It is clear to see that a financial strain on individuals will be a process of self-induced stress which, if not addressed, may lead to severe mental health concerns. Regent Brooks wanted the students to know they were not being ignored. He will advocate for support but understands that it may not be enough.

Deputy Attorney General Ward suggested that the discussion on these issues happen under Agenda Item 15 (2023-25 Biennial Operating Budget).

11. Approved – Consent Items (Agenda Item 10) – The Board approved the consent items, except for Item 10d (*Handbook* Revision NSHE Financial Committees) which was withdrawn from the agenda, including a friendly amendment to the April 1, 2022, Board meeting minutes to reflect that Regent Boylan stated he was not in favor of the \$610,000 payout for former Chancellor Melody Rose.

- 11e. Approved – Procedures and Guidelines Manual Revision, Student Health Insurance Fees (Agenda Item 10e) – The Board approved a revision to the *Procedures and Guidelines Manual* (Chapter 7, Section 11) concerning student health insurance rates for academic year 2022-23 for UNR, UNLV and NSC international students. (Ref. BOR-10e on file in the Board Office.)

Regent Del Carlo moved approval of the Consent Items, except for Item 10d (*Handbook Revision NSHE Financial Committees*), which was withdrawn. Regent Tarkanian seconded.

Regent Boylan requested a correction to the April 1, 2022, Board meeting minutes to reflect that he had stated on the record that he was not in favor of the \$610,000 payout for former Chancellor Melody Rose.

Interim Chief of Staff Keri D. Nikolajewski recommended a friendly amendment to include the correction in the April 1, 2022, Board meeting minutes.

Regents Del Carlo and Tarkanian accepted the friendly amendment.

Motion carried.

12. Approved – Appointment, Acting Chancellor (Agenda Item 32) – The Board approved the appointment of Dale A.R. Erquiaga to serve as acting Chancellor of the NSHE and his Employment Agreement as acting Chancellor. (Refs. BOR-32a and BOR-32b on file in the Board Office.)

Chair McAdoo stated she understands that a number of people are concerned about the process that was followed for selecting the candidate that will be considered for acting Chancellor. Therefore, she has asked Interim Chief General Counsel James J. Martines to review the provisions of the Code that govern the process that she was required to follow. Chair McAdoo stated she followed the criteria in the Code and is presenting a candidate that she believes is best prepared to lead NSHE.

12. Approved – Appointment, Acting Chancellor (Agenda Item 32) – (Continued)

Interim Chief General Counsel Martines provided an objective review of the process to assure the Board that the process was followed and provided an overview of the difference between an interim and acting Chancellor and the requirements.

Chair McAdoo provided an overview of the meetings and conversations held to receive input and suggestions concerning the appointment of an acting or interim Chancellor. In addition, she sought feedback on the qualifications of the individual who is ideally suited to lead the NSHE in the next 12-18 months, which will include a legislative session to determine funding for the 2023-2025 biennium. Understanding what NSHE faces in the next year, specific skills and knowledge were noted as critical for success and were commonly repeated in many conversations, including legislative experience, the ability to manage and adhere to a budget, a Nevadan who understands Nevada and the unique challenges that education faces, a track record of policy development, and a consensus builder and unifier.

Chair McAdoo believes Dale A.R. Erquiaga is an individual who is best suited to lead NSHE at this point and that he possesses many of the critical skills that the Board is seeking. In addition, given his prior experience in state government, he knows the process and protocols for the legislative budget process. Further, he knows policy development in the Nevada Legislature. He is uniquely experienced and qualified to address the many policy issues likely during the 2023 Legislative Session. His K12 experience at Clark County School District and as State Superintendent qualifies him to address the many educational pipeline issues that NSHE faces post-pandemic. Beyond all his expertise in Cabinet-level positions, he has the added advantage of working with boards.

Chair McAdoo stated this is a difficult decision given all the Board has experienced in the past year. However, she understands the concerns that many have. The Board is here to deliberate the recommendation. The Board can spend time discussing the far from perfect process, but she urged the Board to consider Mr. Erquiaga. He exemplifies the skills, knowledge, and experience critical to the NSHE at this time.

Regent Brooks moved approval to appoint Dale A.R. Erquiaga to serve as acting Chancellor of the NSHE. Regent Geddes seconded.

Regent Geddes stated the process was followed as it has been in the past. If the Board wants to change the Code, it can do that at a separate meeting. Mr. Erquiaga knows Nevada and how to get a budget through the legislative process. Unique to the upcoming session are the AB450 recommendations, and Regent Geddes believes Mr. Erquiaga is the best person to lead NSHE through it.

Regent Boylan stated the process is flawed and must be changed. He asked if this was the time to ask Mr. Erquiaga questions. Deputy Attorney General Ward responded that the Board was considering a different matter. Interim Chief General Counsel Martines stated the process does not call for an interactive interview. Instead, the agenda item is for a recommendation and appointment.

12. Approved – Appointment, Acting Chancellor (Agenda Item 32) – (Continued)

Regent Boylan stated he would have liked to hear from Mr. Erquiaga about how he will deal with the legislative session and if he understands today's students.

In response to a question from Regent Doubrava related to scenarios in which the Board could transition an acting Chancellor to permanent Chancellor, Interim Chief General Counsel Martines responded Title 2 revisions require a 30-day notice to the public between the proposal and the action of the Board.

Regent Doubrava stated there is a motion to approve the recommendation and asked if the Employment Agreement requires a separate motion. Interim Chief General Counsel Martines believed the motion on the table did not include the Employment Agreement, so that would require another motion.

Regent Tarkanian was concerned that the agenda item was on the meeting schedule for tomorrow. People in the Las Vegas community want to comment but will not be able to since the agenda item was moved.

Regent Carvalho agreed with Regent Tarkanian that this agenda item is of high interest and concern to many in the community. She understood the Board's time constraints, but it must answer to its constituents related to transparency.

Regent Carvalho stated she interpreted the Code to say that some of the processes could have been done in a more public setting. However, she understands that specific people cannot be discussed publicly. She wished that the process was more transparent.

In response to a question from Regent Carvalho related to the contract, Deputy Attorney General Ward suggested that discussion of the contract proceed after the motion on the table is addressed. Interim Chief General Counsel Martines stated the motion on the table does not include the contract, but a friendly amendment could be made to include the contract.

Regent Brooks stated it was his understanding that the appointment and the contract were separate.

Regent Arrascada noted he had met with the candidate, and his opinion is that he is the right person for the position with outstanding qualifications. This is the leadership that NSHE needs.

In response to a question from Vice Chair Carter related to the item being moved to today and the opportunity for Public Comment, Deputy Attorney General Ward stated the public had a chance to speak earlier today under the agenda item for Public Comment.

Regent Geddes followed up that the posted agenda states that items may be taken out of order, including moving an item to a different day.

12. Approved – Appointment, Acting Chancellor (Agenda Item 32) – (Continued)

Chair McAdoo stated she did confirm before moving the agenda item to today.

Regent Perkins asked about the succession of the Officer in Charge. Deputy Attorney General Ward stated the matter was not on the agenda. He suggested that discussion be limited to the motion on the floor.

Chair McAdoo requested a roll call vote.

Motion carried via a roll call vote. Chair McAdoo, Vice Chair Carter, and Regents Arrascada, Boylan, Brooks, Carvalho, Del Carlo, Doubrava, Geddes, McMichael, and Perkins voted yes. Regents Moran and Tarkanian voted no.

Regent Geddes moved approval of Dale A.R. Erquiaga's Employment Agreement as acting Chancellor. Regent McMichael seconded.

Regent Geddes noted that the legislative session could run over, and to provide consistency, the 18-month term of this contract is critical.

Regent Carvalho asked where the acting Chancellor would be based, with Chair McAdoo responding that Mr. Erquiaga understands that he will spend time in Las Vegas, Reno, and rural Nevada.

In response to a question from Regent Boylan about the base salary, Chair McAdoo stated she reviewed former contracts for acting Chancellors, and this salary is within the salary range.

Regent Boylan asked why the salary was not the same as the previous Chancellor if he was going to do the same job. Chair McAdoo reiterated that she reviewed former contracts for acting Chancellors, and this salary is within the salary range.

In response to a question from Regent Brooks about termination provisions, Interim Chief General Counsel Martines responded that the most significant consideration is the contract term of 18 months. There is rarely a termination without cause within the first year of a contract.

Regent Moran asked what criteria Chair McAdoo used when she began considering candidates. Deputy Attorney General Ward stated the discussion should be limited to the contract.

Regent Moran asked whether the proposed Chancellor's duties and responsibilities are outlined in the contract. Interim Chief General Counsel Martines responded yes.

12. Approved – Appointment, Acting Chancellor (Agenda Item 32) – (Continued)

Regent Moran stated he was trying to understand whether the Chair used any of the duties and responsibilities outlined in the contract to determine the best candidate for the position. Chair McAdoo stated she received preferred qualifications from every person that she interviewed.

Interim Chief General Counsel Martines asked for clarification on whether Regent Moran's question related to the appointment of an individual or the specific contract.

Regent Moran stated the contract provides a specific list of roles and responsibilities, and he wanted to understand what the Chair utilized in determining who to hire for this particular contract.

Deputy Attorney General Ward reiterated this is outside the scope of the motion on the table.

Regent Moran asked what the Chair considered when going through the process. Chair McAdoo stated that she told each candidate that, given the upcoming year, specific skills and knowledge were noted as critical for NSHE's success and were repeated in many conversations with people interviewed. Skills and knowledge noted were legislative experience, ability to manage and adhere to a budget, a Nevadan that understands Nevada and the unique challenges faced in education, a history of policy development, and a consensus builder and unifier.

Regent Moran asked Chair McAdoo if she understood her responsibilities related to Section 5.6 of the contract.

Regent Brooks called the question.

Regent Moran stated this was his opportunity to ask questions about the contract for himself and his constituents.

Deputy Attorney General Ward suggested that Regent Moran direct his questions to Interim Chief General Counsel Martines.

Interim Chief General Counsel Martines stated Section 5.6 of the contract relates to outside activities, conflict of interest, and competing organizations. The Section is a contract requirement, and as with all contracts, an effort is made to enforce the Section.

Regent Moran again asked if Chair McAdoo understood what she was required to do concerning Section 5.6 of the contract. Chair McAdoo stated she is not an attorney and does not interpret the law or contract. Interim Chief General Counsel Martines noted the Section is required, and the Chair does change over time.

Regent Doubrava stated he supported the appointment but could not support the contract because of the 18-month term.

12. Approved – Appointment, Acting Chancellor (Agenda Item 32) – (Continued)

Regent Perkins left the meeting.

Regent Brooks called the question. Regent Boylan seconded.

Motion to end debate.

Motion carried via a roll call vote. Chair McAdoo, Vice Chair Carter, and Regents Arrascada, Boylan, Brooks, Carvalho, Del Carlo, Doubrava, Geddes, McMichael, and Tarkanian voted yes. Regent Moran voted no. Regent Perkins was absent.

Motion to approve Dale A.R. Erquiaga's Employment Agreement as acting Chancellor.

Motion carried via a roll call vote. Chair McAdoo, Vice Chair Carter, and Regents Arrascada, Boylan, Brooks, Carvalho, Del Carlo, Geddes, McMichael, and Moran voted yes. Regents Doubrava and Tarkanian voted no. Regent Perkins was absent.

Chair McAdoo was appreciative of the robust discussion. She is only trying to do the right thing and make the right decisions.

The meeting recessed at 4:13 p.m. and reconvened at 4:25 p.m. with all members present.

Mr. Erquiaga stated it had been 41 years since he stepped foot on the UNR campus as a freshman. Someone said to him today that his life has come full circle. He has worked most of his life to improve the lives of others. Mr. Erquiaga addressed the students and told them they deserve every opportunity NSHE can provide. To the faculty and staff, he recognizes good instruction, and he respects hard work and expertise. He promised to listen to all faculty and staff. To System and Board staff, he hopes to learn from you daily and to have fun. He knows there is a lot of work to do, and he looks forward to it. To the Presidents, he knows some better than others, but each has his commitment to work as a team and hold each other accountable. To the communities, he looks forward to finding more ways to connect with the diversity and depth of the state. Finally, to the Regents, he will work for and with all just the same.

Mr. Erquiaga said he chose to be acting Chancellor. He has no desire to apply for or serve longer than the contract. He is ready to help for the contract period or shorter if a new Chancellor is found. He is committed to living in Reno and Las Vegas. He is committed to fiscal responsibility and, if necessary, austerity. He will supply truthful information to the Legislature, but NSHE will need allies. He wants everyone to know he is okay with votes that are not unanimous, but he asks that everyone pull together once the debate is done and get back to work. He understands that the Board of Regents is the head of the NSHE. His job is to help craft policy, design strategies, run a tight ship, make tough decisions, give advice if asked, and speak the truth even when some may not like it. Everyone will not always agree, but everyone can have mutual respect and

12. Approved – Appointment, Acting Chancellor (Agenda Item 32) – (Continued)

collaborate as NSHE focuses on student outcomes; a safe, respectful, and fair work environment for the teams; and deliverables that the people of Nevada expect.

Mr. Erquiaga thanked the Board for its confidence and candor.

Regent Moran congratulated Mr. Erquiaga.

13. Approved – Election of Officers (Agenda Item 11) – The Board elected Regent Cathy McAdoo as Chair and Regent Amy Carvalho as Vice Chair. These officers will serve a one-year term, commencing July 1, 2022.

1. Chair

Regent Brooks nominated Regent McAdoo.

Regent Brooks offered that the Regents need to look at the amount of time that the Chair and Vice Chair have been able to be active in their role to support policy, the Regents, and the NSHE. It is important to allow them the opportunity to continue and finish the work they have started.

Regent Del Carlo nominated Regent Carvalho.

Regent Del Carlo offered that the agenda item reads election of officers to a one-year term, commencing July 1, 2022. Regent McAdoo chose not to run for reelection, so she will be unable to serve a one-year term. The Board is in desperate need of stability and continuity.

Regent Geddes said the Board had elected officers that termed out in December, so there is a precedent.

Regent Moran agreed with Regent Del Carlo's comments. He asked for Deputy Attorney General Ward's opinion. Deputy Attorney General Ward said the agenda must be followed.

Regent Moran clarified there would be people disqualified from being considered due to tenure and time frames associated with their terms.

Interim Chief General Counsel Martines clarified he confirmed Regent Geddes' comments. In his research back to 2006, there was precedent in allowing Regents with less than one year left to be nominated for the position. The Bylaws set the term to one year but do not restrict the nomination process. There are many reasons why a Regent may not be able to fulfill the one year. The Bylaws expressly set forth a process for dealing with vacancies in the office. He believed that the wording of the Bylaws and the precedent since 2006 of not restricting the nomination process, the most logical interpretation is that no one is precluded from being nominated.

13. Approved – Election of Officers (Agenda Item 11) – (Continued)

Regent Moran said the Board just heard the recommendation from the Deputy Attorney General. Since the Board is looking at a term of one year and nothing less, it would not be fair and would not satisfy the Open Meeting Law to allow someone to run for the position if they are not there for the one-year term.

Regent Doubrava agreed with Regent Geddes. He recalled that elected officer's terms may have ended in December, and the vacancy was filled in January.

Interim Chief General Counsel Martines stated in an abundance of caution that he would give an explanation and ask Deputy General Counsel Ward if he agrees with his interpretation that this would not violate the Open Meeting Law. This is an interpretation of the Bylaws. The agenda language says the Board shall elect someone for a one-year term. If a Regent's term ends early, the appropriate process to fill the vacancy will move forward. His interpretation is that an Open Meeting Law violation will not occur because they are being elected to a one-year term.

Deputy Attorney General Ward said he is not able to interpret the Bylaws. He is present as the Open Meeting Law person to make suggestions. If the item has been agendized, it can be voted on.

Interim Chief General Counsel Martines stated the agenda language is the exact language of the Bylaws.

Regent Moran moved to postpone Agenda Item 11,
Election of Officers.

Regent Brooks asked Interim Chief General Counsel Martines if there was anything in this motion that is counterproductive to how the Bylaws are written or how the Deputy Attorney General has provided advice.

Regent Moran clarified there are two nominations and one motion to postpone on the floor.

Deputy Attorney General Ward said there are two nominations and one motion on the floor without a second. Therefore, he recommended the Board continue with the motion.

Chair McAdoo seconded.

Chair McAdoo offered a friendly amendment to postpone Agenda Item 11, Election of Officers, to the special Board meeting June 30, 2022.

Regent Moran and Chair McAdoo accepted the friendly amendment.

13. Approved – Election of Officers (Agenda Item 11) – (Continued)

Regent Del Carlo reminded the Board that there is an upcoming legislative session. In addition, the Board just hired an acting Chancellor, and she believes Board leadership should be in place for a one-year term.

Motion failed via a roll call vote. Chair McAdoo, Vice Chair Carter, and Regents Arrascada, Boylan, Brooks, Carvalho, Del Carlo, Doubrava, Geddes, McMichael, Perkins, and Tarkanian voted no. Regent Moran voted yes.

Regent Moran asked whether Chair McAdoo had seconded the motion that she just voted no on. Chair McAdoo responded yes.

Deputy Attorney General Ward said the nominations would stand.

Regent McAdoo was elected Chair. Chair McAdoo, Vice Chair Carter, and Regents Arrascada, Brooks, Doubrava, Geddes, and Perkins voted for Regent McAdoo. Regents Boylan, Carvalho, Del Carlo, McMichael, Moran, and Tarkanian voted for Regent Carvalho.

2. Vice Chair

Regent Moran nominated Regent Carvalho.

Regent Brooks nominated Regent Carter.

Regent Moran believed this provided an opportunity for Chair McAdoo and Regent Carvalho to work together and for Chair McAdoo to help Regent Carvalho get acquainted with projects she would not be able to finish.

Regent Doubrava appreciated Regent Moran's comments.

Regent Geddes said that having Regent Carvalho as Vice Chair would provide continuity and would be beneficial when Chair McAdoo's term is done.

Regent Brooks believed many positive things were happening on the Board at the beginning, with Chair McAdoo and Vice Chair Carter working together. The two personalities working in conjunction with one another will lead to positive outcomes.

Regent Del Carlo respectfully disagreed with Regent Brooks. Regent Carvalho, as Vice Chair, will provide continuity.

13. Approved – Election of Officers (Agenda Item 11) – (Continued)

Vice Chair Carter withdrew his name from consideration.

Vice Chair Carter nominated Regent Brooks.

Regent Carvalho was elected Vice Chair. Regents Carvalho, Del Carlo, Doubrava, Geddes, McMichael, Moran, and Tarkanian voted for Regent Carvalho. Chair McAdoo, Vice Chair Carter, and Regents Arrascada, Boylan, Brooks, and Perkins voted for Regent Brooks.

14. Information Only – Institutional Metrics, DRI (Agenda Item 13) – DRI President Kumud Acharya presented data and metrics on DRI’s progress in achieving the strategic goals adopted by the Board, including those identified by the Board designed to compare the performance of NSHE and its institutions to other states or respective peers in five key areas: 1) Access; 2) Success; 3) Closing the Achievement Gap; 4) Workforce; and 5) Research. (Ref. BOR-13 on file in the Board Office.)

Regents Arrascada, Moran, and Perkins left the meeting.

Vice Chair Carter was pleased with DRI’s progress and commended the staff.

15. Approved – Handbook Revision, Community College Institutional Advisory Councils and Workforce Advisory Boards (Agenda Item 14) – The Board approved to establish Board policy (Title 4, Chapter 14, new Sections 30 and 31) requiring each community college president to establish an institutional advisory council. (Ref. BOR-14 on file in the Board Office.)

Acting Vice Chancellor for Academic and Student Affairs and Community Colleges Renée Davis presented a revision to Board policy (Title 4, Chapter 14, new Sections 30 and 31) requiring each community college president to establish an institutional advisory council. In addition, the proposed amendments formally recognize the current practice of establishing workforce advisory boards. The recommended *Handbook* provisions will effectively replace the current provisions of the *Procedures and Guidelines Manual*, Chapter 15, Sections 1 and 2, that originally established and govern the general operations of the community college IACs. The redesigned IACs will provide advice, and assist in community relations and institutional development, among other benefits, as requested by the president to enhance and strategically support the implementation of institutional goals.

Regent Arrascada entered the meeting.

15. Approved – Handbook Revision, Community College Institutional Advisory Councils and Workforce Advisory Boards (Agenda Item 14) – (Continued)

Regent Geddes moved approval to establish Board policy (Title 4, Chapter 14, new Sections 30 and 31) requiring each community college president to establish an institutional advisory council. Regent McMichael seconded. Motion carried. Regents Moran and Perkins were absent.

16. Approved – 2023-25 Biennial Operating Budget (Agenda Item 15) – The Board approved the 2023-25 Biennial Operating Budget priorities as presented. (Ref. BOR-15 on file in the Board Office.)

Chief Financial Officer Clinger discussed developing the NSHE's 2023-25 biennial operating budget request for the 2023 Legislative Session, including establishing System budget priorities and possible enhancements to the base formula funded operating budgets, as well as other state-funded budgets.

Regent Del Carlo left the meeting.

In response to a question from Regent Boylan related to Slide 15, Items for Special Consideration, #5, Chief Financial Officer Clinger stated it was a request for FY24 and FY25 to increase the stipends and the number of graduate assistants. If approved by the Governor and Legislature, the \$13.2 million funding would become available on July 1, 2023, increasing the number of graduate assistant positions and the stipends.

Vice Chair Carter asked if NSHE is asking for the same base budget, why would it be an additional \$25 million to hold harmless. Chief Financial Officer Clinger responded that NSHE anticipates that some institutions may have negative WSCHs between FY22 and FY20. So instead of a positive caseload request, it will be a negative one, reducing the base budget. This funding would replace that number to stay at the base budget level.

In response to a question from Regent Geddes about Items for Special Consideration, Chief Financial Officer Clinger responded that the list totals \$215 million before caseload growth calculations. Initially, the list contained 49 items, and the top nine made the list.

Regent Geddes asked for the timeline of when the medical school will make it to a class of 90 students. UNLV Kirk Kerkorian School of Medicine Dean Marc J. Kahn stated that as soon as the Medical Education Building opens, the School of Medicine will request classes of 90 to the accrediting body.

Vice Chair Carter appreciated the list but was concerned that it was unrealistic to present to the Legislature. Chief Financial Officer Clinger clarified that NSHE can ask for \$11.6 million, which is not a part of the Items for Special Consideration. The Business Officers agreed to request \$11.6 million to restore the budget cuts.

16. Approved – 2023-25 Biennial Operating Budget (Agenda Item 15) – (Continued)

Regent Brooks asked if there is a contingency plan if the legislative body cannot support an increase in graduate stipends. UNR GSA President Hawn stated they are working with the administration to determine the pain points for the graduate students. Housing was another concern, so they are looking for public-private partnerships to find a way to lessen the burden of housing so the stipend goes further. The increase in stipends would go a long way for graduate students.

Regent Brooks asked what the administration has offered to support an increase in graduate stipends. UNR GSA President Hawn stated the UNR Provost's Office had added a slight increase for graduate students receiving their Ph.D. in STEM Education. But the larger ask is for all in graduate studies.

Regent Brooks stated this is an immediate need, and he did not think they could wait for a legislative session to determine what the outcome may be for financial resources for graduate students. He asked UNR and UNLV if some immediate relief could be provided to the students so their welfare conditions are vastly improved.

UNR President Sandoval stated that UNR has been in constant conversation with the Graduate Student Association and local developers. As a result, progress has been made in offering graduate students housing below the market rate. UNR will continue in those negotiations and is hopeful for a positive outcome. In addition, as reported, the Provost's Office has made a modest increase for some graduate students. UNR is exploring what it can do to increase them more.

UNLV President Whitfield stated that UNLV is acutely aware of this and has been trying to figure out ways to do it with the federal money, but it is one-time money and they do not want to create a part-time solution to a long-term problem. UNLV is also trying to look at ways to manage faculty positions and think of ways to use the revenue to support the graduate students more sustainably. UNLV added \$2 million to help with graduate student insurance costs. The proposal to increase stipends is necessary.

Regent Boylan stated he thought the students received free medical and dental assistance at the Universities. UNLV President Whitfield said students do receive medical, but dental is limited. UNR President Sandoval stated graduate students do have access to standard clinical care.

UNR ASUN President Dionne Stanfill advocated for undergraduate students and provided her support for the budget proposal. The budget proposal contains funding to improve student life and experiences. Nevada ranks third in the country for food insecure children. Pack Provisions is operated by the ASUN Center for Student Engagement, addresses food and basic need necessities on campus, and has seen a 5,000 percent increase in visits since 2016. As UNR strives to be a more inclusive and accessible University to all that step foot on campus, the improvement of ADA adherence is a top priority for many students and will improve student life. The Dean's Future Scholars Program provides long-term mentoring and tutoring, employment opportunities,

16. Approved – 2023-25 Biennial Operating Budget (Agenda Item 15) – (Continued)

assistance with college entrance, financial aid, and pathways and opportunities for the students and their families. Every dollar of this budget is an investment into the campus and the future. Finally, she encouraged the Regents to listen to the student constituents.

Regent McMichael moved approval of the 2023-25 Biennial Operating Budget priorities as presented. Regent Brooks seconded.

Regent Geddes felt it was premature to act until the WSCH figures were received. Chair McAdoo clarified that the budget had to be submitted by September 1, 2022. Chief Financial Officer Clinger stated Chair McAdoo was correct. The Board will meet in August, and the budget is due five days later. He hoped to have the priorities approved today, and then in August, the WSCH adjustments could be made.

Officer in Charge Abba stated it is unlikely that the WSCHs will be received in sufficient time for Chief Financial Officer Clinger to run the formula and post for the June special Board meeting. Therefore, she urged the Board to consider approval so that Chief Financial Officer Clinger could prepare for August.

Chair McAdoo asked if once the WSCHs were received, and the Regents wanted to make changes, that those changes could happen at the August meeting, with Officer in Charge Abba stating they would make it work. Chief Financial Officer Clinger said it was NSHE's goal to have everything posted for the Governor's Office by August 26, 2022. Any changes would then have to be entered into the electronic submission.

In response to a question from Vice Chair Carter related to Cooperative Extension, Chief Financial Officer Clinger stated Cooperative Extension was on the 49-item list, but it did not make the 9-item list.

Chief Financial Officer Clinger clarified that adding an item to the list in August would be easy but removing an item would be difficult.

Motion carried via a roll call vote. Chair McAdoo, Vice Chair Carter, and Regents Arrascada, Boylan, Brooks, Carvalho, Doubrava, McMichael, and Tarkanian voted yes. Regent Geddes voted no. Regents Del Carlo, Moran, and Perkins were absent.

17. Approved – Procedures and Guidelines Manual Revision, 2023-25 Tuition and Fees, University of Nevada, Reno School of Medicine (Agenda Item 16) – The Board approved the proposed tuition and fee structure for the 2023-25 biennium for the University of Nevada, Reno School of Medicine (Procedures and Guidelines Manual, Chapter 7, Sections 3 and 18). (Ref. BOR-16 on file in the Board Office.)

UNR President Brian Sandoval presented the proposed tuition and fee structure for the 2023-25 biennium for the University of Nevada, Reno School of Medicine (Procedures and Guidelines Manual, Chapter 7, Sections 3 and 18). The proposal reflects an increase

17. Approved – Procedures and Guidelines Manual Revision, 2023-25 Tuition and Fees, University of Nevada, Reno School of Medicine (Agenda Item 16) – (Continued)

in resident tuition and fees of 2.26% per year for each year of the 2023-25 biennium. This item was presented for initial discussion at the March 3-4, 2022, meeting.

Regent Geddes moved approval of the proposed tuition and fee structure for the 2023-25 biennium for the University of Nevada, Reno School of Medicine (*Procedures and Guidelines Manual*, Chapter 7, Sections 3 and 18). Regent Brooks seconded. Motion carried. Regents Del Carlo, Moran, and Perkins were absent.

Chair McAdoo Carlo stated that Agenda Items 17-19 (*Agenda Item 17, Procedures and Guidelines Manual Revision, 2023-25 Tuition and Fees, Kirk Kerkorian School of Medicine, UNLV; Agenda Item 18, Procedures and Guidelines Manual Revision, 2023-25 Tuition and Fees, School of Dental Medicine, UNLV; Agenda Item 19, Procedures and Guidelines Manual Revision, 2023-25 Tuition and Fees, William S. Boyd School of Law, UNLV*) listed in the minutes as 18-20 would be taken together as one item.

18. Approved – Procedures and Guidelines Manual Revision, 2023-25 Tuition and Fees, Kirk Kerkorian School of Medicine, UNLV (Agenda Item 17) – The Board approved the proposed 2023-25 biennium tuition and fees for the UNLV Kirk Kerkorian School of Medicine (*Procedures and Guidelines Manual*, Chapter 7, Sections 4 and 19). (Ref. BOR-17 on file in the Board Office.)

The proposed 2023-25 biennium tuition and fees for the UNLV Kirk Kerkorian School of Medicine (*Procedures and Guidelines Manual*, Chapter 7, Sections 4 and 19) reflect an increase in registration fees of 3% for each fiscal year of the 2023-25 biennium. This item was presented for initial discussion at the March 3-4, 2022, meeting.

19. Approved – Procedures and Guidelines Manual Revision, 2023-25 Tuition and Fees, School of Dental Medicine, UNLV (Agenda Item 18) – The Board approved the proposed 2023-25 biennium tuition and fees for the UNLV School of Dental Medicine (*Procedures and Guidelines Manual*, Chapter 7, Sections 6 and 21). (Ref. BOR-18 on file in the Board Office.)

The proposed 2023-25 biennium tuition and fees for the UNLV School of Dental Medicine (*Procedures and Guidelines Manual*, Chapter 7, Sections 6 and 21) reflect an increase in tuition and fees for the 2023-25 biennium of 2.5% in registration fees and non-resident tuition, including the summer term tuition and fees. This item was presented for initial discussion at the March 3-4, 2022, meeting.

20. Approved – Procedures and Guidelines Manual Revision, 2023-25 Tuition and Fees, William S.
