

**2017-2021 NSHE Planning Report**  
**Proposed Revisions Presented to the ARSA Committee on**  
**November 30-, 2017**  
**INSTITUTION: CSN**

Additions appear in *boldface italics*; deletions are [~~stricken~~ and bracketed]

Following are proposed additions to the institution's planned programs, originally presented in the [2017-2021 NSHE Planning Report](#) and approved by the Board of Regents on December 2, 2016. This list only includes new programs the institution plans to bring forward for approval in 2018. The *2019-2023 Planning Report* will be presented to the Board in November 2018.

<b>New Program Name</b>	<b>Brief Description</b>	<b>Date of Implementation</b>	<b>Estimated Cost</b>	<b>Funding Sources Outside of State Dollars</b>
<i>Skills Certificate Welding: SMAW, GMAW, GTAW, Structural</i>	<i>Skills Certificates consistent with American Welding Society certificate standards: Shielded Metal Arc Welding processes (SMAW); Gas Metal Arc Welding processes (GMAW); Gas Tungsten Arc Welding processes (GTAW); and Flux Core/Structural Welding processes (Structural).</i>	<i>2018-2019</i>	<i>Current equipment, facilities, and faculty are sufficient to establish this program</i>	<i>N/A</i>
<i>AAS Environmental Management</i>	<i>Focuses on management skills within the field of environmental consulting. Instills skills, abilities and competence in support of the environmental consulting and management industries within Nevada. The AAS will be a stepping stone to the BAS.</i>	<i>Fall 2018</i>	<i>Program will use existing full-time faculty, adjuncts, and equipment.</i>  <i>Part-time faculty to teach 1 section of GIS 109 per semester: \$825/IU x 3 IU/semester x 2 semesters = \$4,950.00</i>  <i>Total per year: \$4,950.00</i>	<i>NV Workforce STEM Grant could be used to purchase additional equipment. However, this grant is not required.</i>
