

**BOARD OF REGENTS
BRIEFING PAPER**

1. AGENDA ITEM TITLE: University of Nevada, Reno- Purchase of Real Property located at 1056 Evans Ave, Reno, NV – APN 007-082-02

MEETING DATE: December 3 & 4, 2020

2. BACKGROUND & POLICY CONTEXT OF ISSUE:

The University of Nevada, Reno is proposing to purchase this property directly adjacent to campus. Similar purchases in the past have allowed assemblage of properties for new buildings and expansion of campus, while producing income in the interim as a residential rental property. This is consistent with anticipated future growth patterns of the University described in the Master Plan.

Location of the Property: Adjacent to the Southeast border of the University of Nevada, Reno’s main campus on Evans Avenue, strategically located directly adjacent to Real Property owned by the University of Nevada, Reno (Exhibit 1).

Intended Use: In the short term, the property will be rented as a residential property to students, staff, or faculty at market rates until the property is required for future campus programs or expansion.

Property Description: A two story house with 1,556 Square feet on a .19-acre lot. Parcel # 007-082-02 (Exhibit 2).

Zoning: University of Nevada Regional Center Plan. This zoning allows for the current use and allows the most flexible zoning entitlement for UNR’s future master planning and eventual development.

Purchase Price: The purchase price is \$525,000.

Offer and Acceptance Agreement: Both University of Nevada, Reno General Counsel and NSHE Counsel/Director of Real Estate Planning have reviewed and approved the attached Offer and Acceptance Agreement (Exhibit 3)

Appraisal: An appraisal conducted by Peggy Zoeters valued the property on 9/28/2020 at \$525,000 (Exhibit 4)

Phase I Environmental Report: A Phase I survey was completed, there were no documented issues reported. (Exhibit 5)

Asbestos Testing: There were no recommendations made relative to the current use. Abatement would only be required for any renovation in those areas or demolition, and pose no health hazard in its current undisturbed state. (Exhibit 6)

Title Report: Preliminary title report reviewed and approved by UNR Real Estate. Title report and insurance to be provided by Ticor Title at time of close. (Exhibit 7)

Source of Funds for Purchase: The University Property Acquisitions Account

Resolution: The University of Nevada, Reno seeks Board of Regents approval of a resolution approving the purchase of the real property located at 1056 Evans Avenue in Reno, Nevada, and authorizing the Chancellor, or designee, to approve and sign the escrow and title documents associated with the purchase of the real property, after consultation with the Business, Finance, and Facilities Committee Chair and review by the NSHE General Counsel. (Exhibit 8)

3. SPECIFIC ACTIONS BEING RECOMMENDED OR REQUESTED:

University of Nevada, Reno President Brian Sandoval requests Board of Regents' approval to Purchase 1056 Evans Ave Reno, NV for the purchase price of \$525,000 and approval of a resolution authorizing the Chancellor, or designee, to approve and sign the escrow and title documents associated with the purchase of the real property, after consultation with the Business, Finance, and Facilities Committee chair and review by the NSHE General Counsel.

4. IMPETUS (WHY NOW?):

- This acquisition would add to an assemblage of properties owned by the University in a key area of anticipated future growth
- Property is available for sale now at fair market value

5. CHECK THE NSHE STRATEGIC PLAN GOAL THAT IS SUPPORTED BY THIS REQUEST:

- Access (Increase participation in post-secondary education)
- Success (Increase student success)
- Close the Achievement Gap (Close the achievement gap among underserved student populations)
- Workforce (Collaboratively address the challenges of the workforce and industry education needs of Nevada)
- Research (Co-develop solutions to the critical issues facing 21st century Nevada and raise the overall research profile)

X Not Applicable to NSHE Strategic Plan Goals

INDICATE HOW THE PROPOSAL SUPPORTS THE SPECIFIC STRATEGIC PLAN GOAL

While this transaction does not directly relate to NSHE's Strategic Goals today, it does support the University's efforts to plan for growth of the campus for future academic and research needs.

6. BULLET POINTS TO SUPPORT REQUEST/RECOMMENDATION:

- Property is located adjacent to University-owned residential properties and campus parking lots.
- Property is currently leased for residential use, producing an income stream. This will continue until property is needed for other University requirements.
- Property is available now at current appraised value.

7. POTENTIAL ARGUMENTS AGAINST THE REQUEST/RECOMMENDATION:

Requires the expenditure of Property Acquisitions Account funds.

8. ALTERNATIVE(S) TO WHAT IS BEING REQUESTED/RECOMMENDED:

Risk not having the ability to purchase at a future date, if available and offered at a reasonable market rate

9. RECOMMENDATION FROM THE CHANCELLOR'S OFFICE:

--

10. COMPLIANCE WITH BOARD POLICY:

X	Consistent With Current Board Policy:	Title #	<u>4</u>	Chapter #	<u>10</u>	Section #	<u>1</u>

1 **DEFINITIONS** BROKER means cooperating Brokers and all Licensees. DAYS means calendar days unless
2 otherwise specified. In computing any period of time prescribed under this Agreement, the day of the event from which
3 the designated period of time begins to run shall not be included. The last day of the period so computed shall be
4 included. BUSINESS DAY means a day other than a Saturday or Sunday or a day that banks in Nevada are authorized
5 or required by law to close. ACCEPTANCE or DATE OF ACCEPTANCE means the date on which this Agreement
6 and any other counter offers are fully executed and delivered. DELIVERY or RECEIPT means personal delivery,
7 transmission by Facsimile (Fax), electronic delivery, or certified mail to BUYER, SELLER, BROKER, or other
8 representative. In the event of Fax, delivery shall be deemed to have occurred at the time noted on the confirmation
9 sheet generated by the sender's Fax. In the event of certified mail, delivery and receipt shall be deemed to have
10 occurred three (3) days following the date of mailing evidenced by the postmark on the envelope containing the
11 delivered material. In the event of electronic delivery, delivery and receipt shall be deemed to have occurred as set
12 forth in Nevada Revised Statutes (NRS) 719.320.

13
14 **COUNTERPARTS AND SIGNATURES** BUYER and SELLER acknowledge and agree this Agreement may be
15 executed in counterparts, each of which shall be deemed an original and all of which together shall constitute one and
16 the same instrument. BUYER and SELLER agree that this Agreement may be conducted by electronic delivery, and
17 signatures so transmitted shall be acceptable for all purposes. Signatures transmitted by electronic delivery shall be
18 deemed original signatures.

19
20 **LOAN APPLICATION REQUIREMENT (BUYER initial required if applying for a Loan)**
21 [_____/_____/_____/_____] Within five (5) business days of Acceptance, BUYER agrees to (1)
22 submit a completed loan application, including all documentation, to a lender of BUYER's choice and (2) furnish a
23 pre-approval letter to SELLER based upon a standard factual credit report, acceptable debt to income ratios and
24 sufficient funds to complete the transaction and (3) agrees to authorize ordering of the appraisal. If BUYER fails to
25 complete any of the above requirements, BUYER is in default and SELLER may terminate this Agreement within two
26 (2) business days and EMD shall be returned to BUYER less BUYER incurred expenses.

27
28 **LOAN CONTINGENCY REMOVAL (BUYER Initial Required)**
29 Included Waived
30 [_____/_____/_____/_____] [MD /_____/_____/_____] Within ____ days of
31 Acceptance, BUYER shall remove the loan contingency.

32
33 BUYER consents to the lender's release of loan status and conditions of approval to SELLER and Brokers. SELLER
34 has no obligation to cooperate with BUYER's efforts to obtain any financing other than as specified in this Agreement.

35
36 **APPRAISAL CONTINGENCY (BUYER Initial Required)**
37 Included Waived
38 [MD /_____/_____/_____] [_____/_____/_____/_____] The Appraisal fee is to be
39 paid by BUYER SELLER split equally other _____.

40 If the appraisal does not meet or exceed the purchase price or there are appraisal conditions, BUYER has the right to
41 exercise one of the following options within the contingency period:
42 (A) proceed with the transaction without regard to the amount of the appraised valuation or appraisal conditions; or
43 (B) renegotiate with the SELLER, provided that if such renegotiation is not successful within 3 business days, then
44 either party may terminate this Agreement upon written notice and EMD shall be returned to BUYER less BUYER
45 incurred expenses; or
46 (C) terminate this Agreement.

47 Parties acknowledge that FHA and VA guidelines may supersede this provision.
48 Any required appraisal re-inspections shall be paid by BUYER SELLER split equally other _____.

49
50 **APPRAISAL CONTINGENCY REMOVAL** Within 45 days of Acceptance, BUYER shall remove the
51 appraisal contingency.

Address **1056 Evans Avenue Reno 89512**
Buyer [MD /_____/_____/_____] and Seller [JS /_____/_____/_____] have read this page.

1 **CONTINGENT ON SALE AND CONVEYANCE OF OTHER PROPERTY**

2 This Agreement **IS NOT** contingent upon the sale and conveyance of BUYER's property;

3 **OR**

4 This Agreement **IS** contingent upon the sale and conveyance of BUYER's property described as
5 _____ . **BUYER to select option A or B.**

6 A. BUYER's property is in escrow scheduled to close on or before _____. The sale of
7 BUYER's property is **not** contingent on the sale and conveyance of a third party's property.

8 **OR**

9 BUYER's property is in escrow scheduled to close on or before _____. The sale of
10 BUYER's property is contingent on the sale and conveyance of a third party's property.

11 B. BUYER's property is currently listed in the MLS System by a REALTOR®.

12 **OR**

13 BUYER's property shall be listed within _____ days in the MLS System by a REALTOR®.

14 If BUYER's property does not obtain an accepted offer within _____ days of this Acceptance with a
15 scheduled closing on or before _____, then this Agreement shall terminate un-
16 less BUYER and SELLER otherwise agree in writing. BUYER shall not accept an offer contingent on
17 the sale of a third party's property without SELLER's written approval. If BUYER accepts an offer
18 contingent on the sale of a third party's property without SELLER's written approval, SELLER may
19 terminate this Agreement and retain BUYER's EMD.
20

21 SELLER shall have the right to continue to offer this Property for sale and accept written backup offers only, subject
22 to BUYER's rights under this Agreement. If escrow on BUYER's property does not close on or before
23 _____, this Agreement shall terminate, unless BUYER and SELLER otherwise agree in writing, and
24 the parties agree to cancel the escrow and return the EMD to BUYER less BUYER incurred expenses.
25

26 BUYER shall provide information regarding the listing, the escrow, and related escrows for the contingent property,
27 including but not limited to, the closing date, loan status, inspections, and all additional contingencies on BUYER's
28 property within _____ days of each event. BUYER authorizes SELLER and Brokers to obtain updates on BUYER's
29 listing or escrow.
30

31 If any of the contingencies in the Contingent on Sale and Conveyance of Other Property section are not satisfied,
32 SELLER reserves the right to terminate this Agreement. If SELLER terminates this Agreement, the parties agree to
33 cancel the escrow and return the EMD to BUYER less BUYER incurred expenses.
34

35 **COMMON-INTEREST COMMUNITY DISCLOSURE**

36 The Property is or is not located in a Common-Interest Community (CIC).

37 If so, complete the following:

38 SELLER shall provide, at SELLER's expense, the (CIC) documents ("Resale Package") as required by NRS
39 116.4109. SELLER shall order the Resale Package **within five (5) days of Acceptance** and deliver it to BUYER upon
40 receipt.

41 CIC Association transfer fees paid by BUYER SELLER split equally other _____

42 CIC Association set up fees paid by BUYER SELLER split equally other _____

43 CIC Capital Contribution fees paid by BUYER SELLER split equally other _____

44 Other CIC Association fees related to the transfer of the (CIC) shall be paid by BUYER SELLER split
45 equally other _____

46 The amount of any delinquent assessments, including penalties, attorney's fees, and other charges provided for in the
47 management documents shall be paid current by SELLER at COE.

48 Existing assessments levied shall be paid by BUYER SELLER split equally other _____

49 CIC assessments levied, but not yet due, shall be paid by BUYER SELLER split equally other _____

50 BUYER shall have **five (5) days** from receipt of the Resale Package to review it. If BUYER does not approve the
51 Resale Package, then written notice to cancel must be given **within that same five (5) day period**.

Address **1056 Evans Avenue Reno 89512**

Buyer [] and Seller [] have read this page.

1 **AREA RECREATION PRIVILEGES AND RULES** SELLER shall comply with CIC (including area recreation
2 privileges) rules regarding the return or transfer of any passes, identification cards, or keys for access to the CIC
3 facilities and general improvements. BUYER shall become familiar with the current CIC facilities and general
4 improvement policies regarding recreation privileges and associated costs prior to COE.

5
6 **VESTED TITLE** Title shall vest as designated in the escrow instructions.

7
8 **EXAMINATION OF TITLE** In addition to any encumbrances referred to in this Agreement, BUYER shall take
9 title to the Property subject to: (1) real estate taxes not yet due, and (2) Covenants, Conditions, & Restrictions
10 (CC&Rs), rights of way, and easements of record, if any, that do not materially affect the value or intended use of the
11 Property. **Within two (2) business days** of Acceptance, SELLER shall order a preliminary title report, and CC&Rs, if
12 applicable. **Within five (5) days** of BUYER's receipt of the preliminary title report and CC&Rs, BUYER's objections
13 shall be delivered to SELLER's Broker **within this five (5) day period**. Should BUYER object to any of the prelimi-
14 nary title report or CC&R's, SELLER shall use due diligence to remove those objections prior to COE. If those objec-
15 tions cannot be removed, BUYER may elect to purchase the Property, subject to the existing objections, or BUYER
16 may elect to terminate all rights and obligations under this Agreement. The EMD shall be returned to BUYER, less
17 BUYER incurred expenses. If SELLER is unwilling or unable to remove BUYER's objections, SELLER shall deliver
18 written notification to BUYER's Broker **within ten (10) days** of receipt.

19
20 **TITLE AND CLOSING COSTS**

21 BUYER SELLER split equally other _____ shall pay for a (Standard) owner's policy of
22 title insurance.

23 BUYER SELLER split equally other _____ shall pay for a (Standard) lender's policy of
24 title insurance.

25 BUYER is aware additional coverage policies are available. All costs associated with additional coverage policies to be
26 paid for by BUYER SELLER split equally other _____.

27 Escrow Fee to be paid by BUYER SELLER split equally other _____.

28 Transfer Tax(es) to be paid by BUYER SELLER split equally other _____.

29 All remaining closing costs shall be paid in the customary manner as required by law, ordinance and/or regulation.

30
31 **OMISSIONS FROM ESCROW INSTRUCTIONS** The omission from the escrow instructions of any provision in
32 this Agreement shall not preclude any party from enforcing that provision. All written representations and warranties
33 shall survive the conveyance of the Property.

34
35 **BONDS AND ASSESSMENTS (Other than CIC)** In the event there is a bond or assessment with a principal
36 balance or that requires settlement in full prior to COE, it shall be paid by SELLER BUYER assumed by
37 BUYER if allowed split equally other _____.

38
39 **PRORATION** Any and all rents, taxes, interest, homeowner association fees, payments on bonds, assessments and
40 other Property expenses, assumed by BUYER shall be prorated as of the date of recordation of the deed. Security
41 deposits, advance rentals, or considerations involving future lease credits shall be credited to BUYER at COE.

42
43 **REASSESSMENT OF PROPERTY TAX** BUYER is advised the Property may be reassessed in the future, which
44 may result in a tax increase or a tax decrease.

45
46 **HOME WARRANTY CONTRACT (BUYER Initial Required)**

47 **Included** _____ **Waived** _____
48 [_____/_____/_____/_____] [*mg* /_____/_____/_____] A home warranty
49 contract shall be selected by BUYER SELLER and shall be paid for by BUYER SELLER split equally
50 other _____. The home warranty confirmation shall be delivered to escrow and become
51 effective at COE for not less than one year, at a price NOT to exceed \$ _____.

Address **1056 Evans Avenue** **Reno** **89512**

Buyer [*mg* /_____/_____/_____] and Seller [*Jr* /_____/_____/_____] have read this page.

1 **FIXTURES** All items permanently attached to the Property as of the date of this Agreement including, but not
2 limited to, light fixtures, attached floor coverings, attic fans, central vacuum and related equipment, humidifier
3 systems, drapes/curtains, blinds/shades including rods/hardware, doors and window screens, storm sash, awnings, TV
4 antennas, TV wall mounts, satellite dishes, burglar, fire and smoke alarms and fire sprinklers, built-in pools/spas/
5 saunas and related equipment, solar systems, conforming woodstoves, intercom systems, water softener systems, water
6 and air filtration systems, attached fireplace screens, keyless entries, electric garage door openers with controls,
7 outdoor plants and trees (other than in movable containers), **OTHER**

8 **No Other**

9
10 are included in the purchase price, free of liens, **EXCLUDING**

11 **No Exclusions**

12
13
14 **PERSONAL PROPERTY** The following personal property, on the premises when inspected by BUYER is
15 included in the purchase price, free of liens, with no warranty or value implied:

16 **Oven, dishwasher.**

17
18
19 **SYSTEMS AND MAINTENANCE** Until possession of the Property is delivered, SELLER shall maintain the
20 Property, including but not limited to, all existing structures, landscaping, grounds, appliances and systems. SELLER
21 agrees to deliver the Property in a neat and clean condition, and remove all debris and personal belongings,

22 **EXCLUDING:**

23 **No Exclusions**

24
25 **OIL AND PROPANE** Any oil or propane fuel existing at the time of Acceptance, allowing for normal use up to
26 COE, shall be purchased by BUYER included in the purchase price. If the fuel is purchased by BUYER,
27 SELLER shall contact the fuel company to measure the existing fuel **no later than five (5) days** prior to COE. The
28 fuel credit amount shall be submitted to Escrow for credit to SELLER. Buyer is responsible for any fuel contracts after
29 close of escrow.

30
31 **SELLER'S REAL PROPERTY DISCLOSURE FORM (SRPD)** SELLER shall provide BUYER, at time of
32 **written acceptance**, a completed **SRPD** which, by this reference, shall be incorporated into this Agreement. BUYER
33 shall return an acknowledged copy to SELLER or terminate this Agreement, in writing, **within four (4) business days**
34 **of receipt**. SELLER is required to disclose any new defects between the time the **SRPD** is executed and COE.

35
36 **DISCLAIMER** BUYER understands that the **SRPD** is for disclosure purposes and is not a substitute for property
37 inspections by experts including, but not limited to, engineers, geologists, architects, general contractors, specialty
38 contractors such as roofing contractors, and pest control operators. BUYER is advised to retain any experts believed
39 appropriate. BUYER understands and acknowledges Brokers cannot warrant the condition of the Property or guarantee
40 all defects have been disclosed by SELLER. BUYER and SELLER acknowledge Brokers shall not investigate the
41 status of permits, location of Property lines, code compliance or any other Property condition.

42
43 **ITEMS NOT ADDRESSED** Items of general maintenance or cosmetic nature not materially affecting the value, or
44 use of the Property, existing at the time of Acceptance not expressly addressed in this Agreement, are deemed
45 accepted by BUYER.

46
47 **SELLER** agrees to provide reasonable access to the Property to BUYER, and inspectors, for inspections and
48 re-inspections and appraiser. SELLER agrees to have all utilities in service the day of any inspection and until COE. If
49 this transaction fails to close, the parties remain obligated to pay for inspections performed as agreed.

Address **1056 Evans Avenue Reno 89512**

Buyer  and Seller  have read this page.

1 **PHYSICAL INSPECTIONS** BUYER has the right to inspect the Property, order all inspections, and select
2 qualified professionals including, but not limited to, licensed contractors, certified building inspectors, and any other
3 qualified professionals to inspect the Property.

4 BUYER shall indicate inspections to be included or waived in the list below. The following is not a comprehensive list
5 of possible inspections; therefore, BUYER should add any additional inspections necessary to satisfy BUYER under
6 "OTHER."

7 All inspections shall be completed and copies of all inspections shall be provided to BUYER and SELLER at no
8 additional expense

9 within 45 days of Acceptance; OR

10 within _____ days of other contingency: _____

11 Within the time specified above, BUYER shall deliver to SELLER, in writing, one of the following:

12 A. approval of the inspections without requiring any repairs; OR

13 B. approval of the inspections with a Notice of Required Repairs or an Addendum listing all required repairs.
14 SELLER shall respond in writing to BUYER's repair request **within five (5) business days** of delivery; OR

15 C. termination of this Agreement. If BUYER terminates, BUYER is released from any and all obligations to
16 SELLER, and BUYER is entitled to a refund of the EMD, less BUYER incurred expenses.

17 If any inspection is not completed by the deadline, it is waived unless otherwise agreed to in writing. SELLER is
18 released from liability for the cost of repairs that inspection would have reasonably identified had it been conducted,
19 except as otherwise provided by law.

5 Re-inspections shall be paid by BUYER SELLER split equally other _____.

7 [_____/_____/_____/_____] **SATISFACTION OF CONTINGENCIES (BUYER Initial Required)**

8 All contingencies shall be satisfied according to their terms within the time limits specified, expire according to the
9 time limits specified, or be waived in writing. If BUYER exercises their right to terminate this Agreement under any
10 contingency, BUYER is not in default and is entitled to a refund of the EMD, less BUYER incurred expenses. If a
11 contingency expires, it is waived. BUYER and SELLER shall cooperate in providing written waivers of those
12 contingencies.

14 **FINAL WALKTHROUGH** BUYER shall have the right to a final walkthrough prior to COE.

16 **PHYSICAL POSSESSION** Physical possession of the Property with any keys to Property locks, community mail-
17 boxes, alarms, and garage door openers shall be delivered to BUYER upon recordation of the deed; **OR** Short
18 Term Agreement to Occupy After COE; **OR** Residential Lease/Rental Agreement.

20 **DESTRUCTION OF IMPROVEMENTS** If the improvements of the Property are destroyed, materially damaged,
21 or found to be materially defective prior to COE, BUYER may terminate this Agreement by written notice delivered to
22 SELLER's Broker, and EMD shall be returned to BUYER less BUYER incurred expenses.

24 **LAND USE REGULATION** BUYER is advised the Property may be subject to the authority of the city, county,
25 state, federal governments, and/or various courts having jurisdiction. These governmental entities, from time to time,
26 have adopted and revised land use and environmental regulations that may apply to the Property. BUYER is advised
27 to research the possible effect of any applicable land use or environmental regulation. Brokers make no representations
28 or warranties regarding the existing permissible uses or future revisions to the land use regulations.

30 **ENVIRONMENTAL CONDITIONS** BUYER is advised the Property may be located in an area found to have
31 special flood hazards as indicated by FEMA, avalanche conditions, freezing temperatures, snow loads, seismic activity
32 and/or wildland fires. It may be necessary to purchase additional insurance in order to obtain a loan for the Property.
33 For further information, consult your lender, insurance carrier, or other appropriate agency.

35 **WATER METERS** BUYER may be required at a future date to incur the cost of installation of a water meter
36 and/or conversion to metered rates.

38 **WELLS** Many factors may affect the performance of a well system. If the Property includes a well, BUYER may
39 be required at some future date to incur the cost of connecting the Property to a public water system.

41 **ADDITIONAL FEES** Some areas may have additional fees or charges for the remediation of water systems.

43 **SEPTIC SYSTEMS** If the Property includes a septic system, BUYER may be required at some future date to incur
44 the cost of connecting the Property's plumbing to a public sewer system.
45 At COE, BUYER assumes all future costs associated with water meters, wells, and septic systems.

47 **PRIVATE ROADS** SELLER shall disclose if the Property shares a common road, access driveway, or right-of-
48 way with another property. If a road maintenance agreement exists, SELLER shall provide the agreement to BUYER.

50 **WATER RIGHTS** Water rights, if any, shall be included with the Property unless specifically excluded by deed
51 or mutual agreement.

Address **1056 Evans Avenue Reno 89512**

1 **ADDITIONAL TERMS AND CONDITIONS**

2 1. Purchase contingent upon the Board of Regents approval on, or before, the December 3 and 4
3 meeting of 2020.

4 2. This agreement is contingent upon the approval of the terms of the purchase by the Board of
5 Regents of the Nevada System of Higher Education. If the Board of Regents, in its sole and
6 absolute discretion, does not approve the terms of the proposed agreement, the offer made
7 herein shall be deemed null and void without necessity of further documentation and shall be
8 deemed to be of no binding effect whatsoever.
9

10
11
12
13
14 **TAX DEFERRED EXCHANGE** If BUYER or SELLER request to enter into a IRC tax deferred exchange for the
15 Property, each party agrees to cooperate with the other in connection with the exchange, including the execution of
16 documents deemed necessary to effectuate same. No party shall be obligated to delay the closing. All additional costs
17 in connection with the exchange shall be borne by the party requesting it. No party shall be obligated to execute any
18 note, contract, deed, or other document providing for any personal liability that would survive the exchange. The other
19 party shall be indemnified and held harmless against any liability arising or that has arisen on account of the acquisition
20 of ownership of the exchanged property.
21

22 **VERIFICATION OF INFORMATION** Any information relating to square footage, land or its use, and/or
23 improvements of the land are approximate or estimates only, and neither SELLER nor Brokers make any
24 representation or guarantee regarding their accuracy. Any oral or written representations by SELLER or Brokers
25 regarding the age of improvements, size, or square footage of a parcel or building, or the location of property lines,
26 may not be accurate. Apparent boundary line indicators such as fences, hedges, walls, or other barriers may not
27 represent the true boundary lines. Brokers are not obligated to investigate the status of permits, zoning, or code
28 compliance. BUYER to satisfy any concerns with conditions that are an important or critical element of the purchase
29 decision. BUYER agrees they have not received or relied upon any representation by Brokers or SELLER with respect
30 to the condition of the Property not contained in this Agreement. The information contained in the Multiple Listing
31 Service, computer, advertisements, and feature sheets pertaining to the Property are not warranted or guaranteed by
32 Brokers. Errors and/or omissions in inputting information, while uncommon, are possible. BUYER shall be
33 responsible for verifying the accuracy of such information. Deposit of all funds necessary to close escrow shall be
34 deemed final acceptance of the Property. SELLER agrees to hold Brokers harmless and to defend and indemnify them
35 from any claim, demand, action, or proceeding resulting from any omission or alleged omission by SELLER.
36

37 **NEVADA LAW TO APPLY** Nevada law shall apply to the interpretation and enforcement of this Agreement.
38

39 **MEDIATION** If a dispute arises out of or relates to this Agreement or its breach, the parties are aware the local
40 Association of REALTORS® has a Dispute Resolution Service (DRS) available. A DRS brochure is available upon
41 request.
42

43 **ATTORNEY FEES** In the event either party is required to engage the services of an attorney to enforce this
44 Agreement, the prevailing party in any proceeding shall be entitled to an award of reasonable attorney's fees, legal
45 expenses, and costs.
46

47 **CODE OF ETHICS** Not all real estate licensees are REALTOR(S)®. A REALTOR® is a member of the National
48 Association of REALTORS® and therefore subscribes to a higher ethical standard, known as the REALTOR® Code of
49 Ethics. To receive a copy of the REALTOR® Code of Ethics, ask your real estate professional or the local Association
50 of REALTORS®.

Re: Property: 1056 Evans Ave
Reno, NV 89512
Borrower: n/a
File No.: 20-09084

Opinion of Value: \$ 525,000
Effective Date: 09/28/2020

In accordance with your request, I have appraised the above referenced property. The report of that appraisal is attached. The purpose of this appraisal is to estimate the "as-is" market value of the property described in this appraisal report in unencumbered fee simple title of ownership.

This report is based on an interior and exterior inspection of the site and improvements, a locational analysis of the neighborhood and city, and an economic analysis of the market for properties such as the subject and interviews with several real estate professionals. All of the backup data is contained in my file and is available upon request.

The appraisal was developed and the report was prepared in accordance with the Uniform Standards of Professional Appraisal Practice. The appraisal is also intended to comply with the FIRREA guidelines as issued under Title XI.

No obvious signs of hazardous contamination were noted at the time of inspection. In addition, although it is older, the structure appears to be sound. However, the reader is reminded that I am not an environmental engineer or a structural engineer, and I performed a visual inspection of accessible areas only. This appraisal report should not be used as an environmental or structural inspection, and this report does not warrant the environmental or structural condition of the property. It is assumed that there are no environmental or structural conditions impacting the subject property. The reader is reminded that the use of an extraordinary assumption may affect appraisal results.

It is noted that, as part of the value estimate, I did consider the assemblage value of the subject property to the University of Nevada, Reno, as many of the surrounding properties are owned by the University.

The value conclusions reported are as of the effective date stated in the body of the report and contingent upon the certification and limiting conditions attached.

Sincerely,

Peggy L. Zoeters

APPRAISAL AND REPORT IDENTIFICATION

This Report is one of the following types:

- Appraisal Report (A written report prepared under Standards Rule 2-2(a), pursuant to the Scope of Work, as disclosed elsewhere in this report.)
- Restricted Appraisal Report (A written report prepared under Standards Rule 2-2(b), pursuant to the Scope of Work, as disclosed elsewhere in this report, restricted to the stated intended use by the specified client or intended user.)

Comments on Standards Rule 2-3

I certify that, to the best of my knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- Unless otherwise indicated, I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- I have no bias with respect to the property that is the subject of this report or the parties involved with this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.
- Unless otherwise indicated, I have made a personal inspection of the property that is the subject of this report.
- Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification (if there are exceptions, the name of each individual providing significant real property appraisal assistance is stated elsewhere in this report).

Reasonable Exposure Time

(USPAP defines Exposure Time as the estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal.)

My Opinion of Reasonable Exposure Time for the subject property at the market value stated in this report is: Less than 6 months.

Median marketing time in the subject area for homes comparable to the subject is typically less than six months for properties such as the subject. Due to prevailing conditions, the exposure time for the subject would be similar to the marketing times of the comparable sales, or less than six months.

Comments on Appraisal and Report Identification

Note any USPAP-related issues requiring disclosure and any state mandated requirements:

I have NOT performed a prior appraisal on the property within the last three years. For the purposes of this analysis, I am assuming that the structure is sound with no detrimental environmental issues. The reader is reminded that the use of an extraordinary assumption may affect appraisal results.

FIRREA / USPAP ADDENDUM

Owner LaVoie Family Trust
 Property Address 1056 Evans Ave
 City Reno County Washoe State NV Zip Code 89512
 Client University of Nevada, Reno

Purpose
 This appraisal was prepared to value the fee simple interest of the property for possible purchasing purposes. No other utilizations of this appraisal are authorized without the express permission of this appraiser.

Scope
 The scope of this appraisal is been to perform a detailed inspection and analysis of the subject property within the limits of the type of appraisal assignment completed, to collect and analyze comparable data, to reach an opinion of value and to write a report conveying the value conclusion to the client. In the collection of data, all sources including MLS, lenders, brokers, county records and the appraiser's files were utilized. It is assumed that the information from these sources is correct. All comparables have been verified as closed through at least two of the data sources utilized and cited, unless indicated to the contrary in the body of the report.

Intended Use / Intended User
 The intended user of this appraisal report is the client, the University of Nevada, Reno. The intended use is to evaluate the market value of the property that is the subject of this appraisal, subject to the stated scope of work, purpose of the appraisal, reporting requirements of this appraisal report form, and definition of market value. No additional intended users are identified by the appraiser.

History of Property
 Current listing information: The subject property is not formally listed for sale.
 Prior sale: The subject property was purchased by the current owners on 02/09/2018 for a purchase price of \$450,000. This is recorded as Washoe County Doc# 4786658. There have been no other arm's length transfers of the subject property within the last five years.

Exposure Time / Marketing Time
 Assuming the subject property was listed prior to the effective date of the appraisal at a price not more than 5% above the opinion of value reached herein, the estimated exposure time for the subject is estimated to be less than 6 months. Also, assuming that there are no substantial changes in the market, a reasonable marketing time for the subject after the effective date of value is also estimated to be less than 6 months.

Personal (non-reatly) Transfers
 No personal property is included in the estimated value.

Additional Comments
 I HAVE NOT performed appraisal services for the subject property within the three years prior to the effective date of value. For the purposes of this analysis, I am assuming that the structure is sound with no detrimental environmental issues. The reader is reminded that the use of a extraordinary assumption may affect appraisal results.

Washoe County Assessed Value 2020/21: \$125,248

Certification Supplement
 1. This appraisal assignment was not based on a requested minimum valuation, a specific valuation, or an approval of a loan.
 2. My compensation is not contingent upon the reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value estimate, the attainment of a stipulated result or the occurrence of a subsequent event.

Appraiser(s): Peggy L. Zoeters Supervisory Appraiser(s):
 Effective date / Report date: 09/28/2020 Effective date / Report date:

Uniform Residential Appraisal Report

File # 20-09084

The purpose of this summary appraisal report is to provide the lender/client with an accurate, and adequately supported, opinion of the market value of the subject property.

SUBJECT

Property Address	1056 Evans Ave	City	Reno	State	NV	Zip Code	89512

Finished area above grade contains: 6 Rooms 4 Bedrooms 2.0 Bath(s) 1,564 Square Feet of Gross Living Area Above Grade					
Additional features (special energy efficient items, etc.). Home features a fireplace, dual pane windows, ceiling fans, updated kitchen and updated baths.					
The full basement has low ceilings but has been partially finished and includes the utility area. There is an attached shop/former 1-car garage.					
Describe the condition of the property (including needed repairs, deterioration, renovations, remodeling, etc.). The subject property has been classified as					
"Average to Good" quality by the Washoe County Assessor. The interior has been updated with granite tile counter tops, newer cabinets and updated appliances. The bathrooms have tile flooring and wainscoting. There was no significant deferred maintenance at the time of inspection with the exception that the grass lawn has been let go. The overall condition of the property is considered to be average to good.					
Are there any physical deficiencies or adverse conditions that affect the livability, soundness, or structural integrity of the property? <input type="checkbox"/> Yes <input checked="" type="checkbox"/> No If Yes, describe					
It is noted that I am not a structural engineer and I only performed a visual inspection of accessible areas of the home. No obvious indications of significant structural issues were noted. However, I do not warrant the structural integrity of the improvements. For the purposes of this analysis, I am assuming that the structure is sound. The reader is reminded that the use of an extraordinary assumption may affect appraisal results.					
Does the property generally conform to the neighborhood (functional utility, style, condition, use, construction, etc.)? <input checked="" type="checkbox"/> Yes <input type="checkbox"/> No If No, describe

SALES COMPARISON APPROACH

My research did did not reveal any prior sales or transfers of the subject property for the three years prior to the effective date of this appraisal.

Data Source(s) Assessor's Records

My research did did not reveal any prior sales or transfers of the comparable sales for the year prior to the date of sale of the comparable sale.

Data Source(s) Assessor's Records

Report the results of the research and analysis of the prior sale or transfer history of the subject property and comparable sales (report additional prior sales on page 3).

Effective Date of Data Source(s)	10/2020	10/2020	10/2020	10/2020

Analysis of prior sale or transfer history of the subject property and comparable sales The subject property sold as set out above. The difference in the older sale price and the current is partially due to the increasing market. There have not been any other arm's length transfers within 3 years of the effective date of this appraisal. None of the comparable sales have been involved in arm's length transactions within 1 year of their respective sale dates used in this appraisal. Neither the pending sale nor the listing have sold within the last year.

Summary of Sales Comparison Approach See addenda.

Indicated Value by Sales Comparison Approach \$ 525,000

Indicated Value by: Sales Comparison Approach \$ 525,000 Cost Approach (if developed) \$ Income Approach (if developed) \$

The sales comparison approach is considered to best reflect the current motivations of buyers and sellers in the market. The cost approach was not considered due to the difficulty of estimating accrued depreciation for a building of the subject's age. The income approach was not applied as no rental data was available for the subject and is not the primary approach relied upon buyers in the market for a home such as the subject.

This appraisal is made "as is", subject to completion per plans and specifications on the basis of a hypothetical condition that the improvements have been completed, subject to the following repairs or alterations on the basis of a hypothetical condition that the repairs or alterations have been completed, or subject to the following required inspection based on the extraordinary assumption that the condition or deficiency does not require alteration or repair. It is noted that I am not a structural engineer and this appraisal cannot be relied upon to disclose structural conditions and/or defects in the property.

Based on a complete visual inspection of the interior and exterior areas of the subject property, defined scope of work, statement of assumptions and limiting conditions, and appraiser's certification, my (our) opinion of the market value, as defined, of the real property that is the subject of this report is \$ 525,000, as of 09/28/2020, which is the date of inspection and the effective date of this appraisal.

RECONCILIATION

Uniform Residential Appraisal Report

File # 20-09084

SCOPE OF WORK

In determining the scope of work for this appraisal, the problem to be solved was identified using the following assignment elements:

- 1 - The client and other intended users;
2 - The intended use of the appraiser's opinions and conclusions;
3 - The type and definition of value and the source of the definition;
4 - The effective date of the appraiser's opinions and conclusions;
5 - The subject of the assignment and its relevant characteristics;
6 - Any special assignment conditions.

Based on the above assignment elements, the appraiser has developed a scope of work that will produce credible assignment results, measured in the context of the intended use, supported by relevant evidence and logic.

In completing this appraisal the following steps were taken:

- 1)Background and historical information on the subject property was gathered from public and mls records.
2)The subject property and market area were inspected by the undersigned.
3)Regional and market data was collected to assess supply and demand factors for the subject ownership.
4)Through analysis of social, economic, governmental and environmental factors, the highest and best use of the subject property was analyzed.
5)Based upon the highest and best use conclusion for the subject property, the Cost Approach, Income Approach and Sales Comparison Approach analyses were considered. For reasons more completely described elsewhere in this report, the Cost and Income Approach were not utilized.
6)In the Sales Comparison Approach, comparable sales were analyzed and compared to the subject property.
7)The appraisal report was then prepared.

All of the sales data utilized in this report was verified with MLS as well as the County records, as well as a listing agent or buyer's agent when available. It should be noted that information regarding the subject property was obtained via Washoe County Assessor's Office records, MLS records, this appraiser's files. It is assumed in this appraisal that all information provided by parties other than this appraiser, is unbiased and accurate.

A reasonable exposure time for the subject property, at the value derived in this appraisal, is estimated to be less than 6 months. A reasonable marketing time for the subject is projected to be less than 6 months.

I have not performed services as an appraiser on the property that is the subject of this report within the three year period immediately preceding acceptance of this assignment.

COST APPROACH TO VALUE (not required by Fannie Mae)

Provide adequate information for the lender/client to replicate the below cost figures and calculations.

Support for the opinion of site value (summary of comparable land sales or other methods for estimating site value) The Cost Approach is not considered reliable in this analysis due to the older age of the property and the difficulty in estimating accrued depreciation. Additionally, this is not the approach utilized by most buyers and sellers in the marketplace.

Table with columns for ESTIMATED, REPRODUCTION OR, REPLACEMENT COST NEW, OPINION OF SITE VALUE, DWELLING, Sq.Ft. @ \$, etc. Includes rows for Source of cost data, Quality rating, Comments on Cost Approach, Garage/Carport, Total Estimate of Cost-New, Depreciation, and Indicated Value by Cost Approach.

INCOME APPROACH TO VALUE (not required by Fannie Mae)

Estimated Monthly Market Rent \$ X Gross Rent Multiplier = \$ Indicated Value by Income Approach
Summary of Income Approach (including support for market rent and GRM) Although the subject is a rental property, no income or expense data was provided. The Income Approach is not utilized in this analysis due to the unique nature of this property and the lack of available rental data.

PROJECT INFORMATION FOR PUDs (if applicable)

Is the developer/builder in control of the Homeowners' Association (HOA)? Yes No Unit type(s) Detached Attached

Provide the following information for PUDs ONLY if the developer/builder is in control of the HOA and the subject property is an attached dwelling unit.

Legal Name of Project

Total number of phases Total number of units Total number of units sold

Total number of units rented Total number of units for sale Data source(s)

Was the project created by the conversion of existing building(s) into a PUD? Yes No If Yes, date of conversion.

Does the project contain any multi-dwelling units? Yes No Data Source

Are the units, common elements, and recreation facilities complete? Yes No If No, describe the status of completion.

Are the common elements leased to or by the Homeowners' Association? Yes No If Yes, describe the rental terms and options.

Describe common elements and recreational facilities.

Uniform Residential Appraisal Report

File # 20-09084

This report form is designed to report an appraisal of a one-unit property or a one-unit property with an accessory unit; including a unit in a planned unit development (PUD). This report form is not designed to report an appraisal of a manufactured home or a unit in a condominium or cooperative project.

This appraisal report is subject to the following scope of work, intended use, intended user, definition of market value, statement of assumptions and limiting conditions, and certifications. Modifications, additions, or deletions to the intended use, intended user, definition of market value, or assumptions and limiting conditions are not permitted. The appraiser may expand the scope of work to include any additional research or analysis necessary based on the complexity of this appraisal assignment. Modifications or deletions to the certifications are also not permitted. However, additional certifications that do not constitute material alterations to this appraisal report, such as those required by law or those related to the appraiser's continuing education or membership in an appraisal organization, are permitted.

SCOPE OF WORK: The scope of work for this appraisal is defined by the complexity of this appraisal assignment and the reporting requirements of this appraisal report form, including the following definition of market value, statement of assumptions and limiting conditions, and certifications. The appraiser must, at a minimum: (1) perform a complete visual inspection of the interior and exterior areas of the subject property, (2) inspect the neighborhood, (3) inspect each of the comparable sales from at least the street, (4) research, verify, and analyze data from reliable public and/or private sources, and (5) report his or her analysis, opinions, and conclusions in this appraisal report.

INTENDED USE: The intended use of this appraisal report is for the lender/client to evaluate the property that is the subject of this appraisal for a mortgage finance transaction.

INTENDED USER: The intended user of this appraisal report is the lender/client.

DEFINITION OF MARKET VALUE: The most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller, each acting prudently, knowledgeably and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby: (1) buyer and seller are typically motivated; (2) both parties are well informed or well advised, and each acting in what he or she considers his or her own best interest; (3) a reasonable time is allowed for exposure in the open market; (4) payment is made in terms of cash in U. S. dollars or in terms of financial arrangements comparable thereto; and (5) the price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions* granted by anyone associated with the sale.

*Adjustments to the comparables must be made for special or creative financing or sales concessions. No adjustments are necessary for those costs which are normally paid by sellers as a result of tradition or law in a market area; these costs are readily identifiable since the seller pays these costs in virtually all sales transactions. Special or creative financing adjustments can be made to the comparable property by comparisons to financing terms offered by a third party institutional lender that is not already involved in the property or transaction. Any adjustment should not be calculated on a mechanical dollar for dollar cost of the financing or concession but the dollar amount of any adjustment should approximate the market's reaction to the financing or concessions based on the appraiser's judgment.

STATEMENT OF ASSUMPTIONS AND LIMITING CONDITIONS: The appraiser's certification in this report is subject to the following assumptions and limiting conditions:

1. The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it, except for information that he or she became aware of during the research involved in performing this appraisal. The appraiser assumes that the title is good and marketable and will not render any opinions about the title.
2. The appraiser has provided a sketch in this appraisal report to show the approximate dimensions of the improvements. The sketch is included only to assist the reader in visualizing the property and understanding the appraiser's determination of its size.
3. The appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in this appraisal report whether any portion of the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
4. The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand, or as otherwise required by law.
5. The appraiser has noted in this appraisal report any adverse conditions (such as needed repairs, deterioration, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property or that he or she became aware of during the research involved in performing the appraisal. Unless otherwise stated in this appraisal report, the appraiser has no knowledge of any hidden or unapparent physical deficiencies or adverse conditions of the property (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) that would make the property less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, this appraisal report must not be considered as an environmental assessment of the property.
6. The appraiser has based his or her appraisal report and valuation conclusion for an appraisal that is subject to satisfactory completion, repairs, or alterations on the assumption that the completion, repairs, or alterations of the subject property will be performed in a professional manner.

Uniform Residential Appraisal Report

File # 20-09084

APPRAISER'S CERTIFICATION: The Appraiser certifies and agrees that:

1. I have, at a minimum, developed and reported this appraisal in accordance with the scope of work requirements stated in this appraisal report.
2. I performed a complete visual inspection of the interior and exterior areas of the subject property. I reported the condition of the improvements in factual, specific terms. I identified and reported the physical deficiencies that could affect the livability, soundness, or structural integrity of the property.
3. I performed this appraisal in accordance with the requirements of the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
4. I developed my opinion of the market value of the real property that is the subject of this report based on the sales comparison approach to value. I have adequate comparable market data to develop a reliable sales comparison approach for this appraisal assignment. I further certify that I considered the cost and income approaches to value but did not develop them, unless otherwise indicated in this report.
5. I researched, verified, analyzed, and reported on any current agreement for sale for the subject property, any offering for sale of the subject property in the twelve months prior to the effective date of this appraisal, and the prior sales of the subject property for a minimum of three years prior to the effective date of this appraisal, unless otherwise indicated in this report.
6. I researched, verified, analyzed, and reported on the prior sales of the comparable sales for a minimum of one year prior to the date of sale of the comparable sale, unless otherwise indicated in this report.
7. I selected and used comparable sales that are locationally, physically, and functionally the most similar to the subject property.
8. I have not used comparable sales that were the result of combining a land sale with the contract purchase price of a home that has been built or will be built on the land.
9. I have reported adjustments to the comparable sales that reflect the market's reaction to the differences between the subject property and the comparable sales.
10. I verified, from a disinterested source, all information in this report that was provided by parties who have a financial interest in the sale or financing of the subject property.
11. I have knowledge and experience in appraising this type of property in this market area.
12. I am aware of, and have access to, the necessary and appropriate public and private data sources, such as multiple listing services, tax assessment records, public land records and other such data sources for the area in which the property is located.
13. I obtained the information, estimates, and opinions furnished by other parties and expressed in this appraisal report from reliable sources that I believe to be true and correct.
14. I have taken into consideration the factors that have an impact on value with respect to the subject neighborhood, subject property, and the proximity of the subject property to adverse influences in the development of my opinion of market value. I have noted in this appraisal report any adverse conditions (such as, but not limited to, needed repairs, deterioration, the presence of hazardous wastes, toxic substances, adverse environmental conditions, etc.) observed during the inspection of the subject property or that I became aware of during the research involved in performing this appraisal. I have considered these adverse conditions in my analysis of the property value, and have reported on the effect of the conditions on the value and marketability of the subject property.
15. I have not knowingly withheld any significant information from this appraisal report and, to the best of my knowledge, all statements and information in this appraisal report are true and correct.
16. I stated in this appraisal report my own personal, unbiased, and professional analysis, opinions, and conclusions, which are subject only to the assumptions and limiting conditions in this appraisal report.
17. I have no present or prospective interest in the property that is the subject of this report, and I have no present or prospective personal interest or bias with respect to the participants in the transaction. I did not base, either partially or completely, my analysis and/or opinion of market value in this appraisal report on the race, color, religion, sex, age, marital status, handicap, familial status, or national origin of either the prospective owners or occupants of the subject property or of the present owners or occupants of the properties in the vicinity of the subject property or on any other basis prohibited by law.
18. My employment and/or compensation for performing this appraisal or any future or anticipated appraisals was not conditioned on any agreement or understanding, written or otherwise, that I would report (or present analysis supporting) a predetermined specific value, a predetermined minimum value, a range or direction in value, a value that favors the cause of any party, or the attainment of a specific result or occurrence of a specific subsequent event (such as approval of a pending mortgage loan application).
19. I personally prepared all conclusions and opinions about the real estate that were set forth in this appraisal report. If I relied on significant real property appraisal assistance from any individual or individuals in the performance of this appraisal or the preparation of this appraisal report, I have named such individual(s) and disclosed the specific tasks performed in this appraisal report. I certify that any individual so named is qualified to perform the tasks. I have not authorized anyone to make a change to any item in this appraisal report; therefore, any change made to this appraisal is unauthorized and I will take no responsibility for it.
20. I identified the lender/client in this appraisal report who is the individual, organization, or agent for the organization that ordered and will receive this appraisal report.

Uniform Residential Appraisal Report

File # 20-09084

21. The lender/client may disclose or distribute this appraisal report to: the borrower; another lender at the request of the borrower; the mortgagee or its successors and assigns; mortgage insurers; government sponsored enterprises; other secondary market participants; data collection or reporting services; professional appraisal organizations; any department, agency, or instrumentality of the United States; and any state, the District of Columbia, or other jurisdictions; without having to obtain the appraiser's or supervisory appraiser's (if applicable) consent. Such consent must be obtained before this appraisal report may be disclosed or distributed to any other party (including, but not limited to, the public through advertising, public relations, news, sales, or other media).

22. I am aware that any disclosure or distribution of this appraisal report by me or the lender/client may be subject to certain laws and regulations. Further, I am also subject to the provisions of the Uniform Standards of Professional Appraisal Practice that pertain to disclosure or distribution by me.

23. The borrower, another lender at the request of the borrower, the mortgagee or its successors and assigns, mortgage insurers, government sponsored enterprises, and other secondary market participants may rely on this appraisal report as part of any mortgage finance transaction that involves any one or more of these parties.

24. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

25. Any intentional or negligent misrepresentation(s) contained in this appraisal report may result in civil liability and/or criminal penalties including, but not limited to, fine or imprisonment or both under the provisions of Title 18, United States Code, Section 1001, et seq., or similar state laws.

SUPERVISORY APPRAISER'S CERTIFICATION: The Supervisory Appraiser certifies and agrees that:

1. I directly supervised the appraiser for this appraisal assignment, have read the appraisal report, and agree with the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
2. I accept full responsibility for the contents of this appraisal report including, but not limited to, the appraiser's analysis, opinions, statements, conclusions, and the appraiser's certification.
3. The appraiser identified in this appraisal report is either a sub-contractor or an employee of the supervisory appraiser (or the appraisal firm), is qualified to perform this appraisal, and is acceptable to perform this appraisal under the applicable state law.
4. This appraisal report complies with the Uniform Standards of Professional Appraisal Practice that were adopted and promulgated by the Appraisal Standards Board of The Appraisal Foundation and that were in place at the time this appraisal report was prepared.
5. If this appraisal report was transmitted as an "electronic record" containing my "electronic signature," as those terms are defined in applicable federal and/or state laws (excluding audio and video recordings), or a facsimile transmission of this appraisal report containing a copy or representation of my signature, the appraisal report shall be as effective, enforceable and valid as if a paper version of this appraisal report were delivered containing my original hand written signature.

Supplemental Addendum

File No. 20-09084

Owner	LaVoie Family Trust			
Property Address	1056 Evans Ave			
City	Reno	County Washoe	State NV	Zip Code 89512
Client	University of Nevada, Reno			

• **URAR : Neighborhood - Market Conditions**

The subject market has been increasing in the last five years, as is shown by the following data for the median price for all stick-built single family homes in old northwest Reno (MLS areas 120) for the last five years:

Time Period	No. sales	Med. Price	Days on Market
2015	295	\$228,500	53
2016	325	\$257,000	56
2017	299	\$289,000	53
2018	266	\$317,500	47
2019	300	\$320,250	63

In the 12 months prior to the date of value, the trend appears to have stabilized:

Time Period	No. sales	Med. Price	Days on Market
7-12 mos.	140	\$325,000	61
4-6 mos	44	\$354,250	47
0-3 mos	64	\$355,000	42
Current Listings	55	\$362,000	31

Due to the limited comparable sales data, the median price can be easily skewed by a very high or low sale. Overall, in interviews with real estate professionals, it was indicated that as of the date of value, prices in the market area for all homes are increasing. Of the current 55 listings, 42 (76%) of them are pending, which indicates a very strong market. There are currently a slight shortage of listings in the overall market. It is also noted that there are a very limited number of comparable listings to the subject property.

Although there are still a few bank foreclosures and short sales in the area, they are not a factor in the market. Currently, marketing times are stable, with the majority of the homes selling within two to four months. Overall, the marketing time is typically less than three months in the subject neighborhood, with a shortage of listings. However, due to the more atypical nature of the subject property, a six month marketing time is estimated. Typical financing is new conventional and FHA, with continued low interest rates. Financing availability is average to good.

• **URAR : Site - Highest and Best Use**

The subject property is currently being utilized as a boarding house style rental property for University students. The actual rental rates, total income and expenses were not revealed. According to the City of Reno Community Development Map, the underlying City of Reno zoning for the property is MUUN, a mixed use zoning which "promotes high intensity mixed use development" according to the City of Reno Municipal Code. The subject is also located within the University of Nevada Regional Center Plan, a special planning area. The subject is located in a 'University District' subarea within the Regional Plan, which is to contain a "mix of uses to create a vibrant university oriented neighborhood", supporting a "variety of housing and commercial uses, university innovation and research partnership opportunities, office, maker/light industrial, start up/incubator space, and community service uses." As such, the current use of the residence as student housing is allowed in the current zoning designation.

The subject's size, shape and access would be conducive to multi-family housing, and many of the surrounding properties are improved with similar multi-family development. Although the subject's current improvements are older, based upon limited comparable land sales contained in my files, the value of the subject property, as vacant, is currently less than its value as improved.

Overall, with strong consideration to the subject's location, shape, access, surrounding development, street and alley access and current improvements, I have determined that the highest and best use of the subject property is to continue the use of the current improvements as a rental property until such time as it is feasible to either remove or upgrade the current older improvements to allow for a more modern four-plex property, or to develop the property as assemblage in conjunction with other surrounding University property.

• **URAR: Discussion of Sales Comparison Approach**

Four closed sales, one pending sale and one active listing are analyzed for the Sales Comparison Approach. Due to the lack of comparable properties, the majority of the closed sales are older and require adjustments for time.

The comparables were chosen to bracket the subject in terms of location, design, total living area, lot size, quality, condition, age, bedroom/bath count, utilities, parking and site improvements, and are considered to be the best comparables available. Due to the differing characteristics in each sale, many of the adjustments are necessarily high. Still, due to the many variables, the properties analyzed are the best evidence of comparable sales for the subject.

Date of Sale/Time Adjustments: Due to the increasing prices in the market area, adjustments are made all sales which closed more than three months prior to the date of value. As a result, Sales 2, 3 and 4 are adjusted for time. Sale 1 is a recent sale, and the pending sale and listing are timely indications of value. The time adjustments are based upon market data and equate to 0.25% per month.

Site Size: The subject is of typical to slightly large size for the subject area, as the majority of the properties are between 4,000 and 7,000 square feet in size. No comparable was found to bracket the high side of the site size. However, since the subject is near the typical size, and there are very few land sales to justify an adjustment, no adjustment for site size is made.

Quality and Condition Adjustments: The subject property is rated as 'Average-Good' quality by the Washoe County Assessor, similar to Sale 3. The rest of the comparables range in Assessor's quality ratings between Fair to Average. The quality adjustments also take into consideration any updating to the comparables. Adjustments of between 2.5% and 5% of the sale or list price are made to the other comparables for their inferior quality when compared to the subject. These adjustments are cross-checked with the costs of building materials.

The subject is considered to be in Average+ to Good condition, having been mostly updated. Condition ratings for the comparables are based upon a review of the MLS sheets and photos, as well as interviews with the real estate agents when

City	Reno	County	Washoe	State	NV	Zip Code	89512
Client	University of Nevada, Reno						

possible. Sales 1, 2 and 4 are considered to be in similar condition to the subject. The remaining comparables have not been updated to the same degree as the subject and require upward adjustments for condition.

The condition rating adjustments are based upon a percentage of the sale / list price, in increments of 2.5% for the differing levels of condition. These figures are cross-checked with costs of updating.

Age Adjustments: Age is reported as the actual age of the property given by the Assessor's Office. The comparables bracket the subject's age, and all of the comparable properties have an actual age of 70 years or more. The comparable properties are considered to be of similar effective age and no adjustments are made.

Bedroom/Bath Adjustments: The comparable homes have bedroom counts ranging from two to five above-grade bedrooms, as compared to the subject's three bedrooms. Since the bedroom count in these properties near the University allow the owner to rent out more rooms to college students, the market is showing an Individual bedroom adjustment. Bedroom adjustments of \$5,000 per bedroom have been extracted from the market. Bath adjustments for above-grade living area are made at a value of \$5,000 per full bath.

Living Area Adjustment: The sales bracket the subject's living area. Adjustments are made to those homes with more than a 50 square foot difference in size, at a rate of \$100 per square foot which is typical for the quality and condition of the properties. Living area adjustments are required to all of the comparables, but Sale 1 requires a very small adjustment.

Basements: Many properties in the subject area have basements. All of the comparables have some type of basement. It is noted that although a portion of the subject's basement is finished, the finishes are well below the quality of the above-grade area. Additionally, the low ceilings and small windows make this space much less desirable than the above-grade living space. However, the subject's basement does add some value to the property. Due to the inferior appeal of the basement space, the majority of the basement adjustments equate to less than half of the above-grade adjustment, or \$40/square foot. Sale 1 has a fully finished basement of superior finishes, and a higher adjustment of \$60 is made.

Garages: The subject has a one-car, former garage which has been turned into a shop. This building is given a value of \$2,000, approximately what it would cost to reinstall the garage door. Garage adjustments to the comparables are made at a \$6,000 per garage bay adjustment, less the subject's shop value.

Other:

Due to the very strong market at the present time as well as the lack of comparable listings, no adjustment is being made for sale to list price ratio.

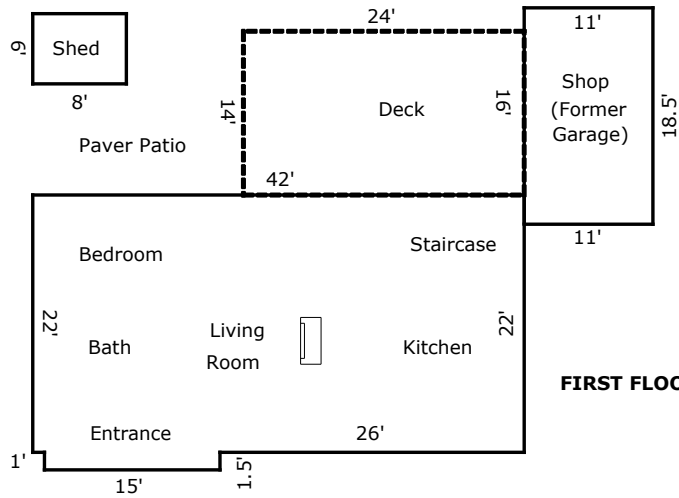

Conclusion:

In the final analysis, strong consideration is given to the good appeal of the subject's desirable location in very close proximity to the University. The rental demand in the subject area is exceptionally strong. The reader is reminded that there are many properties which are owned by the University of Nevada, Reno in the immediately surrounding area of the subject property. The most weight and reliance is placed upon Sales 1 and 2, which are the most similar properties to the subject.

Strong weight is placed upon Sale 1 which is a current sale which does not require an adjustment for time. Some weight is also given to Pending Sale 5, which is timely indication of investment property value in the University area. However, this comparable is weakened by its much smaller size and by the fact that it is not a closed sale. Less weight is given to both Sale 4 and Listing 6. Sale 4 was marketed strictly as a single family residence and has no future multi-family potential due to its zoning. Listing 6 is much larger than the subject, requiring a very high living area adjustment which weakens its reliability. This property is also in inferior condition to the subject. Finally, it is considered to be listed below market value. A final value in line with the adjusted prices of Comps 1, 2 and 5 is estimated. It is noted that some consideration to the agreed upon sale price in the signed contract is given. Further consideration is also given to the assemblage value to the University. Overall, the estimated value falls within the range of the overall prices, the adjusted prices and the prices per square foot as indicated by the comparables, and is considered to be reasonable.

EXECUTIVE SUMMARY

This report presents the findings of a Phase I Environmental Site Assessment (ESA) performed on the property addressed at 1056 Evans Avenue in the City of Reno, Washoe County, Nevada, and hereafter referred to as the Subject Property. McGinley & Associates, Inc. (McGinley) conducted this investigation for the purpose of identifying recognized environmental conditions (RECs), historical recognized environmental conditions (HRECs), and/or controlled recognized environmental conditions (CRECs) on the Subject Property in accordance with the 2013 ASTM International standard practice for the performance of Phase I Environmental Site Assessments (ASTM E 1527-13). The U.S. Environmental Protection Agency (EPA) has endorsed this practice as satisfying the requirements of All Appropriate Inquiry (AAI). McGinley performed this work for Board of Regents of the Nevada System of Higher Education on behalf of the University of Nevada, Reno (User).

Findings

- *The Subject Property is comprised of approximately 0.19 acres of land and consists of a single-family residence, a concrete-surfaced driveway, and landscaping. The existing Subject Property residence appears to have been developed in 1930.*
- *At the time of the site reconnaissance, the Subject Property appeared to be occupied by residential tenants. The interior of the residence included bedrooms, bathrooms, a kitchen, a partially finished basement, and a fireplace. A detached garage and a shed were observed on the eastern portion of the Subject Property. The Orr Ditch, which originates southwest off the Truckee River and terminates in the Spanish Springs area, adjoins the eastern portion of the Subject Property.*
- *The residence is currently equipped with a natural gas-fired furnace; however, copper pipelines, which appeared to have been cut and disconnected from a former furnace, were observed protruding from the ceiling in the basement level furnace room. These copper lines may be indicative of past onsite heating oil use. Vent pipes or fill pipes associated with a heating oil tank were not observed at the time of the site reconnaissance. Records from the City of Reno indicate a heating oil tank was slurried onsite in 2002.*
- *The Subject Property was not identified as a record in the databases searched by EDR. Washoe County records were not identified regarding reported environmental concerns.*

Historical Recognized Environmental Conditions (HREC)

No historical recognized environmental conditions were found for the Subject Property.

Controlled Recognized Environmental Conditions (CREC)

No controlled recognized environmental conditions were found for the Subject Property.

Recognized Environmental Conditions (REC)

The following recognized environmental condition was found for the Subject Property:

- *City of Reno building department records for the Subject Property identified that a heating oil tank was slurried onsite in 2002. As further records regarding the onsite heating oil system, such as tank location or condition, were not identified, a potential release from the system cannot be ruled out.*

Conclusions

McGinley has performed a Phase I Environmental Site Assessment in conformance with the scope and limitations of ASTM Practice E 1527-13 of the property addressed at 1056 Evans Avenue in the City of Reno, Nevada, the property. Any exceptions to, or deletions from, this practice are described in Section 7 of this report.

Upon conclusion of our Phase I ESA, and based on the information reviewed, this assessment has revealed no evidence of recognized environmental conditions or controlled recognized environmental conditions in connection with the Subject Property, except for the following:

- *REC: City of Reno building department records for the Subject Property identified that a heating oil tank was slurried onsite in 2002. As further records regarding the onsite heating oil system, such as tank location or condition, were not identified, a potential release from the system cannot be ruled out.*

Caution should be observed during any future site redevelopment. If evidence of a historic underground heating oil tank, or potential soil contamination, is encountered during construction activity, proper abandonment and/or further assessment may be necessary and a State of Nevada Certified Environmental Manager (CEM) should be consulted at that time.

1. INTRODUCTION

1.1 Purpose

This report presents the findings of a Phase I Environmental Site Assessment (ESA) performed on the property addressed at 1056 Evans Avenue in the City of Reno, Washoe County, Nevada, and hereafter referred to as the Subject Property. McGinley & Associates, Inc. (McGinley) conducted this investigation for the purpose of identifying recognized environmental conditions (RECs), historical recognized environmental conditions (HRECs), and/or controlled recognized environmental conditions (CRECs) on the Subject Property in accordance with the 2013 ASTM International standard practice for the performance of Phase I Environmental Site Assessments (ASTM E 1527-13). The U.S. Environmental Protection Agency (EPA) has endorsed this practice as satisfying the requirements of All Appropriate Inquiry (AAI).

As defined in ASTM E 1527-13, the term REC means the presence or likely presence of any hazardous substances or petroleum products in, on, or at a property: due to any release to the environment; under conditions indicative of a release to the environment; or under conditions that pose a material threat of a future release to the environment. The term REC is not intended to include *de minimis* conditions that generally do not present a material risk of harm to public health or the environment and which generally would not be the subject of an enforcement action if brought to the attention of appropriate governmental agencies. A HREC is a past release of any hazardous substances or petroleum products that has been addressed to the satisfaction of the applicable regulatory authority (to current regulatory standards) or meets unrestricted residential use criteria established by a regulatory authority, without subjecting the property to institutional controls or engineering controls. A HREC will not be considered a REC per ASTM E 1527-13. To the contrary, a CREC is a REC that has been addressed to the satisfaction of the applicable regulatory authority with hazardous substances or petroleum products allowed to remain in place subject to the implementation of required controls (i.e., property use restrictions, activity use limitations, institutional/engineering controls, etc.).

1.2 User Responsibilities

In order to qualify for one of the Landowner Liability Protections (LLPs) offered by the Small Business Liability Relief and Brownfields Revitalization Act of 2001 (the "Brownfields Amendments"), the User must complete an AAI compliant user questionnaire and provide it to the environmental professional. Failure to complete this user questionnaire could result in a determination that "all appropriate inquiry" is not complete. The questionnaire determines a baseline of User knowledge of the Subject Property regarding the following items:

- Question 1: Environmental cleanup liens that are filed or recorded against the site (40 CFR 312.25);
- Question 2: Activity and land use limitations that are in place on the site or have been filed or recorded in a registry (40 CFR 312.26);
- Question 3: Specialized knowledge or experience of the person seeking to qualify for the LLP related to the property or nearby properties (40 CFR 312.28);
- Question 4: Relationship of the purchase price to the fair market value of the property if it were not contaminated (40 CFR 312.29);
- Question 5: Commonly known or reasonably ascertainable information about the property (40 CFR 312.30); and
- Question 6: The degree of obviousness of the presence or likely presence of contamination in, on, or at the property, and the ability to detect the contamination by appropriate investigation (40 CFR 312.31).

In order to obtain this information, an AAI compliant user questionnaire was provided to the User of this Phase I ESA. The completed user questionnaire can be found in Appendix A.

1.3 Conditions of Contract

McGinley performed this work for Board of Regents of the Nevada System of Higher Education on behalf of the University of Nevada, Reno (User) pursuant to our proposal dated September 18, 2020 and executed by the User on September 22, 2020. It is our understanding that this Phase I ESA was conducted as an environmental due diligence effort in connection with a prospective commercial real estate transaction.

1.4 Scope of Work

The scope of work performed and procedures utilized included the following tasks:

- **Site reconnaissance** of the Subject Property and observation of adjoining properties and vicinity by a qualified person under the direct supervision of a McGinley Certified Environmental Manager;
- **Environmental setting review** to determine potential pathways for the migration of contaminants including solids and liquids at the surface or subsurface, and vapor in the subsurface;
- **Review of site history/land use** through city directory listings, historical aerial photographs, historical topographic maps, local jurisdiction records, and personal interviews/questionnaires;
- **Review of regulatory agency records** to identify and assess any listings of regulatory permits, registrations, or enforcement actions at the Subject Property, adjoining properties, or proximal sites (if necessary), through both a commercial database search and agency inquiries; and,
- **Preparation of this report** that describes all work performed and presents a discussion of the findings and conclusions.

2. ENVIRONMENTAL SETTING

2.1 Site Location

The Subject Property is currently identified with Washoe County as Assessor's Parcel Number (APN) 007-082-02. The Subject Property is located in the SE 1/4 of Section 2, Township 19 North, Range 19 East, of the Mount Diablo Baseline and Meridian. The location of the site and the property boundary are displayed in Figures 1 and 2. A parcel map from the Washoe County Assessor's Office, which depicts the Subject Property parcel, is provided herein as Appendix B.

2.2 Regional Physiographic Setting

The Subject Property is located within the Basin and Range Physiographic Province at an elevation of approximately 4,540 feet above mean sea level. The climate of the region is described as Mid-Latitude Steppe, which is characterized by cold winters, hot summers, and semi-arid precipitation conditions (Houghton et. al., 1975). Historical average minimum and maximum annual temperatures for the area, as recorded at the nearest climate station in Reno, Nevada, are 34.6 and 67.3 degrees Fahrenheit, respectively, while historical annual precipitation and snowfall averages 7.22 and 22.9 inches, respectively (Western Regional Climate Center, 2016).

2.3 Geologic Conditions

The geology underlying the Subject Property has been mapped as Quaternary alluvial fan deposits of Peavine Mountain. The deposit is described as gravelly to sandy and clayey silt (Bonham and Bingler, 1973). The surficial soils found at the Subject Property have been mapped as the Reno stony sandy loam, two to eight percent slopes. The unit is classified as hydrologic soil group D, which is characterized by high runoff potential when thoroughly wet as water movement through the soil is restricted to very restrictive (NRCS, 2016).

2.4 Surface Water Conditions

There are no surface water bodies such as streams or wetlands located on the Subject Property. The Orr Ditch, which originates southwest off the Truckee River and terminates in the Spanish Springs area, adjoins the Subject Property to the east. The nearest major surface water body to the Subject Property is the Truckee River, which is located approximately 3,800 feet south of the Subject Property. According to the Federal Emergency Management Agency (FEMA), the Subject Property is located outside a 100-year flood zone and is listed as being in Zone X, which is characterized as areas determined to be outside the 0.2% annual chance floodplain.

2.5 Groundwater Conditions

Based on a review of the Nevada Division of Water Resources (NDWR) Well Log Database, no groundwater wells appear to be located on the Subject Property. No wells were observed or reported to be located on the Subject Property during the site reconnaissance. Groundwater flow direction at the Subject Property is estimated to be generally towards the east based on topography. The depth to groundwater is estimated to be approximately 35 to 50 feet below ground surface, based on a review of well logs from the surrounding area.

3. SITE HISTORY AND HISTORICAL LAND USE

A historical assessment of the Subject Property was performed through a search and review of available historical resources including aerial photographs, topographic maps, Sanborn fire insurance maps, city directory records, and county records. The purpose of the historical assessment was to identify previous land uses that may have impacted the Subject Property in the past. A summary of our historical assessment is presented below.

3.1 Historical Aerial Photographs, Topographic Maps, Sanborn Maps

Environmental Data Resources, Inc. (EDR) was contracted to provide available historical aerial photographs, topographic maps, and fire insurance maps covering the vicinity of the Subject Property. To obtain information regarding the history of development on and near the Subject Property, the following resources were reviewed and a summary of findings is presented in the table below. A copy of the historical aerial photographs, topographic maps, and fire insurance maps that were reviewed are provided in Appendix C.

Source Reviewed	Date(s)
Aerial Photographs	1939, 1946, 1953, 1962, 1966, 1978, 1980, 1994, 2006, 2010, 2013, 2017
Topographic Maps	1891, 1893, 1950, 1951, 1967, 1974, 1982, 2015
Sanborn Maps	1949, 1955, 1957, 1970, 1972

Direction	Description
Subject Property:	Developed with existing residence (1939-2017).
North:	Developed with existing residence (1939-2017).
South:	Developed with existing residence (1939-2017).
East:	Railroad tracks with vacant land (1939-1994); vacant land developed with existing residence (2006-2017).
West:	Evans Avenue with residences beyond (1939-2017). Since the most recently provided aerial image, the residence has been demolished and replaced with the existing paved parking lot.

3.2 City Directory Listings

At the request of McGinley, EDR searched city directory listings for Evans Avenue and Record Street (historically East Street). City directory listings as published by Polk's City Directory listings were searched for the years: 1932, 1960, 1967, 1971, 1976, 1981, and 1986. City directory listings as provided by the EDR Digital Archives were searched for the years: 1992, 1995, 2000, 2005, 2010, 2014, and 2017. The Subject Property was listed as various residential occupants in the 1932 through 2017 city directory listings reviewed. Other listings for the Subject Property were not identified in the city directories reviewed. Adjoining property listings appear to have included various residences. A copy of the EDR City Directory report that was reviewed is provided in Appendix D.

3.3 County Assessor's Office

According to the Washoe County Assessor's Office, the Subject Property is identified as APN 007-082-02. The land use code of the Subject Property is *Single Family Residence* and the zoning code is *Reno - Mixed Use UNR*. The Subject Property is listed as 0.19 acres in size. The build date of the onsite residence is 1930 and the building square footage is 1,556 square feet. The Subject Property is also listed as improved with a 924 square foot dugout basement and a 209 square foot detached garage. The current property owner is Lavoie Family Trust, which has owned the property since 2018. Previous property owners listed included members of the Bocks Family (2003-2018). Ownership records prior to 2003 were not provided in the information available for review; however, the Bocks family name was listed in the city directories back to 1981.

3.4 Previous ESA Activities

Previous ESA reports prepared for the Subject Property were not provided by the User and were not identified in the public records reviewed within the scope of this report.

4. RECORDS REVIEW

A regulatory agency review was conducted through both a commercial database search and local agency inquiries. The purpose of this regulatory agency review was to ascertain if regulatory actions have ever been imposed on the Subject Property, adjoining properties, or on properties within the search radius guidelines established by the 2013 ASTM Standard Practice for Environmental Site Assessments.

4.1 EDR Radius Map Report

At the request of McGinley, EDR provided records from federal, state, and local environmental databases for regulatory sites located within the *Approximate Minimum Search Distances* as specified in ASTM E 1527-13. A copy of the EDR report is included herein as Appendix E. Included within the report are summaries of the regulatory databases reviewed, a listing of sites identified within the search radius, detailed data on the identified sites, and maps showing the locations of facilities reported to have had regulatory action. The number of listed sites identified within the *Approximate Minimum Search Distances* are summarized in the following table. Detailed information for selected sites is provided in the following section, along with an opinion about the significance of the listing to the analysis of *recognized environmental conditions* in connection with the Subject Property.

Database	Target Property	Search Distance (Miles)	< 1/8	1/8 - 1/4	1/4 - 1/2	1/2 - 1	> 1	Total Plotted
NPL	Not Listed	1	0	0	0	0	NR	0
Proposed NPL	Not Listed	1	0	0	0	0	NR	0

VCP	Not Listed	0.5	0	0	0	NR	NR	0
BROWNFIELDS	Not Listed	0.5	0	0	0	NR	NR	0

The Subject Property was not identified as a record in the databases searched by EDR.

The sites identified in the EDR Radius Map Report were reviewed and were not researched further because they are considered unlikely to have caused environmental impacts to the Subject Property. The sites appear to be located far from the Subject Property; are at locations that are considered likely to be hydrologically downgradient from, or crossgradient to, the Subject Property; have had no reported releases; have had no reported violations of hazardous waste regulations; have received regulatory closure; and/or were not identified as a standard environmental record per ASTM.

The EDR database search also identified a number of sites that could not be mapped due to insufficient address information. McGinley reviewed these sites and determined that the sites are located far from the Subject Property; are at locations that are considered likely to be hydrologically downgradient from, or crossgradient to, the Subject Property; have had no reported releases; have had no reported violations of hazardous waste regulations; and/or have received regulatory closure. For this reason, the unmapped sites are considered unlikely to cause, or to have caused in the past, environmental impact to the Subject Property.

4.2 Nevada Division of Environmental Protection (NDEP)

The regulatory agency review did not identify regulatory sites administered by the NDEP that could potentially impact the Subject Property. Therefore, agency files from the NDEP were not requested for review.

4.3 Washoe County Health District (WCHD)

On September 24, 2020 an inquiry regarding inspections, complaints, spills, or other potential environmental issues in connection with the Subject Property was submitted via electronic mail to WCHD. On September 28, 2020, WCHD personnel replied by email indicating that their office did not identify environmental records for the Subject Property.

4.4 City of Reno Environmental Control Section (ECS)

On September 24, 2020, an inquiry regarding inspections, complaints, spills, or other potential environmental issues in connection with the Subject Property was submitted via an online public records request to the City of Reno. On September 25, 2020, one responsive record was identified by the City of Reno. The record indicates that in November 2002, a natural gas line and a new furnace were installed at the Subject Property to replace a fuel oil system. An oil tank was reportedly slurried; however, information on the location, capacity, or condition of the tank was not provided.

4.5 EDR Vapor Encroachment Screen

McGinley conducted a Vapor Encroachment Screen (VES) investigation in accordance with the 2015 ASTM Standard Guide for Vapor Encroachment Screening on Property Involved in Real Estate Transactions (ASTM E 2600-15). The VES investigation used available information and professional judgment to derive our conclusions. The goal of the VES investigation was to identify the potential for vapors from hazardous substances and petroleum releases to reach the Subject Property. ASTM E2600-15 defines the term, vapor encroachment condition (VEC) as the presence or likely presence of chemical of concern (COC) vapors in the vadose zone of the Subject Property caused by the release of vapors from contaminated soil and/or groundwater either on or near the Subject Property as identified by Tier 1 or Tier 2 procedures. McGinley performed a VES investigation for the area encompassing the Subject Property by reviewing each of the regulatory sites that were provided by EDR within a 1/3-mile primary search radius from the boundary of the Subject Property.

4.5.1 Tier 1 Screening

Initially, 23 sites were identified by EDR within the 1/3-mile primary search radius surrounding the Subject Property. Of these initial 23 sites, 15 were immediately excluded because they were determined to be outside the area of concern for vapor migration based on distance and estimated hydrologic gradient and/or were not identified as a *standard environmental record* within the default approximate minimum search distance per ASTM. McGinley reviewed each of the remaining eight sites to evaluate their potential to create a vapor encroachment condition. Of the remaining sites, all of them were determined to have limited potential for the presence of contaminants of concern (COC); were determined to be outside the area of concern based on distance, gradient, and the type of COC; and/or were determined to be beyond the critical

distance for vapor migration to the Subject Property. Therefore, a VEC was not identified. A copy of the VES report is included herein as Appendix F.

5. SITE RECONNAISSANCE

5.1 Site Description and Current Usage

The Subject Property is comprised of approximately 0.19 acres of land and consists of a two story residence, a concrete-surfaced driveway, and landscaped areas. The property is accessed from the west via Evans Avenue. Utilities supplied to the Subject Property consist of electric power (NV Energy), natural gas (NV Energy), sewer (City of Reno), and water (Truckee Meadows Water Authority).

5.2 Methodology

For the purpose of assessing current site conditions, a visit to the Subject Property and surrounding area was conducted on September 28, 2020 under sunny and warm conditions. During the site visit, observations were made in regards to RECs, *de minimis* conditions, and general site characteristics. Photographs taken during the site reconnaissance are provided in Appendix G.

5.3 Observations During Reconnaissance

The accessible portions of the site were walked and observed for the presence of RECs. The following is a list of some of the items of interest that were looked for during the site visit. If the item was observed during the site visit, it will be noted as such. A description of the findings during the site visit follows in the section below.

Item or Feature	Observed
Staining or discoloration of soil and/or pavement	X
Wastewater systems, septic systems, sumps, and/or seeps	
Wells	
Patched areas of asphalt or concrete	
Standing surface water, ponds, farm tanks, etc.	
Railroad spurs	
Suspect or possible PCB containing equipment	
Hydraulic Equipment	
Underground storage tank (UST) systems/vent pipes	
Aboveground storage tanks (ASTs)/bulk storage containers	
Sand-oil separators or grease interceptors	
Paint booths, spray rigs, etc.	
Unorthodox heating and ventilation systems	
Emergency generators	
Petroleum products, chemical/waste generation and/or storage	X
Unusual odors	
Dumping, disturbed soils, direct burial activity	
Floor drains	
Air quality control equipment, air emissions, or smoke stacks	
Industrial or manufacturing activities	
Stressed vegetation	
Oil or gas well exploration or refinery activities	
Surface water contamination	
Farm waste, feed lot spoils, or manure stockpile	
Prolonged use, misapplication or storage of pesticides	
Discharges, or run-off of potential contaminants from off-site sources	
Basements and/or subsurface vaults	X

5.3.1 Building Interior

At the time of the site reconnaissance, the Subject Property appeared occupied by multiple residential tenants. The interior of the residence consisted of three bedrooms plus additional living spaces which appeared utilized as bedrooms, two bathrooms, a kitchen, dining room, living room, a partially finished basement, and a fireplace. A detached garage and a shed were observed on the eastern portion of the Subject Property. The Orr Ditch, which originates southwest off the Truckee River and terminates in the Spanish Springs area, adjoins the eastern portion of the Subject Property.

The residence is currently equipped with a natural gas-fired furnace; however, copper pipelines, which appeared to have been cut and disconnected from a former furnace, were observed protruding from the ceiling in the basement level furnace room. These copper lines may be indicative of past onsite heating oil use. Vent pipes or fill pipes associated with the historic heating oil tank were not observed at the time of the site reconnaissance. Records from the City of Reno indicate a heating oil tank was slurried onsite in 2002, see Section 4.4 of this report.

5.3.2 Building Exterior

At the time of the site visit, the exterior of the Subject Property generally consisted of a driveway, a deck with a hot tub, with landscaped areas. *De minimis* staining was observed in the parking lot which appears to be a result of drips from parked vehicles.

5.4 PCB Sources

PCBs are man-made chemicals known to have potential harmful effects on human health and the environment. Federal law banned U.S. production of PCBs as of July 2, 1979. However, PCB-containing materials may still be present in electrical equipment manufactured prior to 1979. Because the Subject Property was originally developed before 1979, the presence of PCB-containing equipment at the site cannot be ruled out. However, electrical transformers were not observed within the Subject Property boundaries during site reconnaissance. NV Energy has indicated that they no longer use PCB-containing oils in their transformers and make every effort to remove PCB-containing transformers and replace them with environmentally safer equipment.

5.5 Interview with Current Owner/Operator

At the time of the site visit, current residents provided access to the property but were not interviewed in depth. Observations during the site reconnaissance indicated typical residential use of the Subject Property.

5.6 Adjoining Properties

The Subject Property is bordered by the following:

Direction	Description
North:	Single family residence.
South:	Single family residence utilized as offices by UNR.
East:	The Orr Ditch, railroad tracks, and residences beyond.
West:	Evans Avenue and paved parking lot part of UNR beyond.

At the time of the site visit, the properties immediately surrounding the Subject Property consisted primarily of commercial and light industrial properties. Reconnaissance of the publicly accessible portions of the properties located immediately adjoining to the Subject Property did not reveal visible evidence of environmental concerns that could potentially impact the Subject Property.

6. FINDINGS

6.1 General Findings

- The Subject Property is comprised of approximately 0.19 acres of land and consists of a single-family residence, a concrete-surfaced driveway, and landscaping. The existing Subject Property residence appears to have been developed in 1930.
- At the time of the site reconnaissance, the Subject Property appeared to be occupied by residential tenants. The interior of the residence included bedrooms, bathrooms, a kitchen, a partially finished basement, and a fireplace. A detached garage and a shed were observed on the eastern portion of the Subject Property. The Orr Ditch, which originates southwest off the Truckee River and terminates in the Spanish Springs area, adjoins the eastern portion of the Subject Property.
- The residence is currently equipped with a natural gas-fired furnace; however, copper pipelines, which appeared to have been cut and disconnected from a former furnace, were observed protruding from the ceiling in the basement level furnace room. These copper lines may be indicative of past onsite heating oil use. Vent pipes or fill pipes associated with a heating oil tank were not observed at the time of the site reconnaissance. Records from the City of Reno indicate a heating oil tank was slurried onsite in 2002.
- The Subject Property was not identified as a record in the databases searched by EDR. Washoe County records were not identified regarding reported environmental concerns.

6.2 Historical Recognized Environmental Conditions

No historical recognized environmental conditions were found for the Subject Property.

6.3 Controlled Recognized Environmental Conditions

No controlled recognized environmental conditions were found for the Subject Property.

6.4 Recognized Environmental Conditions

The following *recognized environmental condition* was found for the Subject Property:

- City of Reno building department records for the Subject Property identified that a heating oil tank was slurried onsite in 2002. As further records regarding the onsite heating oil system, such as tank location or condition, were not identified, a potential release from the system cannot be ruled out.

6.5 Conclusions

McGinley has performed a Phase I Environmental Site Assessment in conformance with the scope and limitations of ASTM Practice E 1527-13 of the property addressed at 1056 Evans Avenue in the City of Reno, Nevada, the property. Any exceptions to, or deletions from, this practice are described in Section 7 of this report.

Upon conclusion of our Phase I ESA, and based on the information reviewed, this assessment has revealed no evidence of recognized environmental conditions or controlled recognized environmental conditions in connection with the Subject Property, except for the following:

- **REC:** City of Reno building department records for the Subject Property identified that a heating oil tank was slurried onsite in 2002. As further records regarding the onsite heating oil system, such as tank location or condition, were not identified, a potential release from the system cannot be ruled out.

Caution should be observed during any future site redevelopment. If evidence of a historic underground heating oil tank, or potential soil contamination, is encountered during construction activity, proper abandonment and/or further assessment may be necessary and a State of Nevada Certified Environmental Manager (CEM) should be consulted at that time.

7. LIMITATIONS

7.1 General

The conclusions and recommendations presented are based upon the agreed scope of work outlined herein. McGinley makes no warranties or guarantees as to the accuracy or completeness of information obtained from others. It is possible that information exists beyond the scope of this investigation. Additional information, which is not available to McGinley at the time of writing the report, may result in a modification of the conclusions and recommendations presented. The services performed by McGinley have been conducted in a manner consistent with the level of care ordinarily exercised by members of our profession currently practicing under similar conditions. This report is not a legal opinion, but may under certain circumstances be prepared at the direction of counsel, may be in anticipation of litigation, and may be classified as an attorney-client communication or as an attorney work product.

This report has been prepared for the sole use of the addressee(s) of this report, and cannot be released without consent from McGinley. If a third party relies on the information provided in this report, McGinley accepts no responsibility for damages suffered by the third party as a result of reliance of information contained in this report, and that nothing contained in this report shall create a contractual relationship or cause the third party to bring suit against McGinley & Associates, Inc.

7.2 Data Gaps

The following data gaps were encountered during the course of this Phase I ESA:

- Historical aerial photographs were not available prior to the first developed use of the property (existing residence). However, this data gap is not considered significant since it is likely that this use was the first developed use of the property.
- Historical information found for the Subject Property may have exceeded five year intervals. This data gap is not considered significant as the specific use of the property and adjoining properties appears unchanged during the period of time that exceeded five years.
- Past owners were not available within reasonable time and/or cost constraints for interview for this report. However, based on information obtained from EDR, Washoe County, and City of Reno records, this data gap is not considered significant since it is likely all information obtained would be duplicative of information obtained from other sources.

8. SIGNATURES OF ENVIRONMENTAL PROFESSIONALS

We declare that, to the best of our professional knowledge and belief, this Phase I ESA has been prepared and reviewed under the guidance of McGinley staff meeting the definition of Environmental Professional (EP) as defined in 312.10 of 40 CFR 312. McGinley EPs have the specific qualifications based on education, training, and experience to assess a property of the nature, history, and setting of the Subject Property. We have developed and performed the all appropriate inquiries in conformance with the standards and practices set forth in 40 CFR Part 312. Resumes of the environmental professionals utilized in performance of this Phase I ESA are attached in Appendix H.

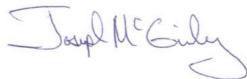

Respectfully Submitted:
McGinley & Associates, Inc.

I hereby certify that I am responsible for the services described in this document and for the preparation of this document. The services described in this document have been provided in a manner consistent with the current standards of the profession, and to the best of my knowledge, comply with all applicable federal, state and local statutes, regulations and ordinances.

User Questionnaire

USER QUESTIONNAIRE

Property Address: 1056 Evans Avenue, APN 007-082-02, Reno, Nevada

In order to qualify for one of the *Landowner Liability Protections (LLPs)* offered by the Small Business Liability Relief and Brownfields Revitalization Act of 2001 (the "*Brownfields Amendments*"), the *user* must conduct the following inquiries required by 40 CFR 312.25, 312.28, 312.29, 312.30, and 312.31. These inquiries must also be conducted by EPA Brownfield Assessment and Characterization grantees. The *User* should provide the following information to the *environmental professional*. Failure to conduct these inquiries could result in a determination that "*all appropriate inquiries*" is not complete.

The "*User*," as defined by the ASTM 1527-13 Standard Practice for Environmental Site Assessments, is "the party seeking to use Practice E1527 to complete an environmental site assessment of the property. A User may include, without limitation, a potential purchaser of property, a potential tenant of property, an owner of property, a lender, or a property manager." The User has specific obligations for completing a successful application of this practice, which includes, but is not limited to, the following:

(1.) Environmental liens that are filed or recorded against the property (40 CFR 312.25).

To meet the requirements of 40 CFR 312.20 and 312.25, a search for the existence of environmental liens and activity use limitations (AULs) that are filed or recorded against the property must be conducted. Environmental liens and AULs are legally distinct instruments and have very different purposes and both can commonly be found within recorded land title records (e.g County Recorder/Registry of Deeds). Any environmental liens and AULs known to the User should be reported to the environmental professional. The User should engage a title company, real estate attorney, or title professional to undertake a review of reasonably ascertainable recorded land title records and lien records for environmental liens and AULs currently recorded against or relating to the property.

Did a search of *recorded land title records* (or judicial records where appropriate, see Note 1 below) identify any environmental liens filed or recorded against the *property* under federal, tribal, state, or local law?

Note 1- In certain jurisdictions, federal, tribal, state, or local statutes, or regulations specify that environmental liens and AULs be filed in judicial records rather than in land title records. In such cases judicial records must be searched for environmental liens and AULs.

NONE.

(2.) Activity and use limitations that are in place on the *property* or that have been filed or recorded against the *property* (40 CFR 312.26(a)(1)(v) and (vi)).

Did a search of *recorded land title records* (or judicial records where appropriate, see Note 1 above) identify any AULs, such as *engineering controls*, land use restrictions, or *institutional controls* that are in place at the *property* and/or have been filed or recorded against the *property* under federal, tribal, state, or local law?

NONE.

USER QUESTIONNAIRE

Property Address: 1056 Evans Avenue, APN 007-082-02, Reno, Nevada

(3.) Specialized knowledge or experience of the person seeking to qualify for the LLP (40 CFR 312.28).

Do you have any specialized knowledge or experience related to the *property* or nearby properties? For example, are you involved in the same line of business as the current or former *occupants* of the *property* or an *adjoining property* so that you would have specialized knowledge of the chemicals and processes used by this type of business?

NONE.

(4.) Relationship of the purchase price to the fair market value of the *property* if it were not contaminated (40 CFR 312.29).

Does the purchase price being paid for this *property* reasonably reflect the fair market value of the *property*? If you conclude that there is a difference, have you considered whether the lower purchase price is because contamination is known or believed to be present at the *property*?

FAIR MARKET VALUE.

(5.) Commonly known or reasonably ascertainable information about the *property* (40 CFR 312.30).

Are you aware of commonly known or *reasonably ascertainable* information about the *property* that would help the *environmental professional* to identify conditions indicative of releases or threatened releases? For example,

(a.) Do you know the past uses of the *property*?

NO.

(b.) Do you know of specific chemicals that are present or once were present at the *property*?

NO.

(c.) Do you know of spills or other chemical releases that have taken place at the *property*?

NO.

(d.) Do you know of any environmental cleanups that have taken place at the *property*?

NO.

Initials: PM

USER QUESTIONNAIRE

Property Address: 1056 Evans Avenue, APN 007-082-02, Reno, Nevada

(6.) The degree of obviousness of the presence or likely presence of contamination at the *property*, and the ability to detect the contamination by appropriate investigation (40 CFR 312.31).

Based on your knowledge and experience related to the *property* are there any *obvious* indicators that point to the presence or likely presence of releases at the *property*?

NONE.

Environmental Data Resources, Inc. (EDR) Aerial Photo Decade Package is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's professional researchers provide digitally reproduced historical aerial photographs, and when available, provide one photo per decade.

The Sanborn Library has been searched by EDR and maps covering the target property location as provided by McGinley Associates were identified for the years listed below. The Sanborn Library is the largest, most complete collection of fire insurance maps. The collection includes maps from Sanborn, Bromley, Perris & Browne, Hopkins, Barlow, and others. Only Environmental Data Resources Inc. (EDR) is authorized to grant rights for commercial reproduction of maps by the Sanborn Library LLC, the copyright holder for the collection. Results can be authenticated by visiting www.edrnet.com/sanborn.

The Sanborn Library is continually enhanced with newly identified map archives. This report accesses all maps in the collection as of the day this report was generated.

EXECUTIVE SUMMARY

DESCRIPTION

Environmental Data Resources, Inc.'s (EDR) City Directory Report is a screening tool designed to assist environmental professionals in evaluating potential liability on a target property resulting from past activities. EDR's City Directory Report includes a search of available city directory data at 5 year intervals.

RECORD SOURCES

EDR's Digital Archive combines historical directory listings from sources such as Cole Information and Dun & Bradstreet. These standard sources of property information complement and enhance each other to provide a more comprehensive report.

EDR is licensed to reproduce certain City Directory works by the copyright holders of those works. The purchaser of this EDR City Directory Report may include it in report(s) delivered to a customer. Reproduction of City Directories without permission of the publisher or licensed vendor may be a violation of copyright.

EXECUTIVE SUMMARY

A search of available environmental records was conducted by Environmental Data Resources, Inc (EDR). The report was designed to assist parties seeking to meet the search requirements of EPA's Standards and Practices for All Appropriate Inquiries (40 CFR Part 312), the ASTM Standard Practice for Environmental Site Assessments (E 1527-13), the ASTM Standard Practice for Environmental Site Assessments for Forestland or Rural Property (E 2247-16), the ASTM Standard Practice for Limited Environmental Due Diligence: Transaction Screen Process (E 1528-14) or custom requirements developed for the evaluation of environmental risk associated with a parcel of real estate.

SURROUNDING SITES: SEARCH RESULTS

Surrounding sites were identified in the following databases.

Elevations have been determined from the USGS Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified. Sites with an elevation equal to or higher than the target property have been differentiated below from sites with an elevation lower than the target property.

Page numbers and map identification numbers refer to the EDR Radius Map report where detailed data on individual sites can be reviewed.

Sites listed in ***bold italics*** are in multiple databases.

Unmappable (orphan) sites are not considered in the foregoing analysis.

STANDARD ENVIRONMENTAL RECORDS

Federal RCRA generators list

RCRA-VSQG: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Very small quantity generators (VSQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

A review of the RCRA-VSQG list, as provided by EDR, and dated 06/15/2020 has revealed that there is 1 RCRA-VSQG site within approximately 0.25 miles of the target property.

State- and tribal - equivalent CERCLIS

SHWS: Corrective Action Case list (Active, Non-ust Hazardous Waste and Regulated Substance. Correction Actions)

A review of the SHWS list, as provided by EDR, and dated 06/15/2020 has revealed that there are 150 SHWS sites within approximately 1 mile of the target property.

Other Ascertainable Records

RCRA NonGen / NLR: RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Non-Generators do not presently generate hazardous waste.

A review of the RCRA NonGen / NLR list, as provided by EDR, and dated 06/15/2020 has revealed that there is 1 RCRA NonGen / NLR site within approximately 0.25 miles of the target property.

EXECUTIVE SUMMARY

FUDS: The Listing includes locations of Formerly Used Defense Sites Properties where the US Army Corps Of Engineers is actively working or will take necessary cleanup actions.

A review of the FUDS list, as provided by EDR, and dated 05/13/2020 has revealed that there is 1 FUDS site within approximately 1 mile of the target property.

<u>Lower Elevation</u>	<u>Address</u>	<u>Direction / Distance</u>	<u>Map ID</u>	<u>Page</u>

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR MGP: The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

A review of the EDR MGP list, as provided by EDR, has revealed that there are 2 EDR MGP sites within approximately 1 mile of the target property.

Click Here:

Environmental Interest/Information System:

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

Click this hyperlink while viewing on your computer to access additional FINDS: detail in the EDR Site Report.

Environmental Interest/Information System:

COMPLIANCE AND EMISSIONS REPORTING

RCRAInfo is a national information system that supports the Resource Conservation and Recovery Act (RCRA) program through the tracking of events and activities related to facilities that generate, transport, and treat, store, or dispose of hazardous waste. RCRAInfo allows RCRA program staff to track the notification, permit, compliance, and corrective action activities required under RCRA.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

To maintain currency of the following federal and state databases, EDR contacts the appropriate governmental agency on a monthly or quarterly basis, as required.

Number of Days to Update: Provides confirmation that EDR is reporting records that have been updated within 90 days from the date the government agency made the information available to the public.

STANDARD ENVIRONMENTAL RECORDS

Federal NPL site list

NPL: National Priority List

National Priorities List (Superfund). The NPL is a subset of CERCLIS and identifies over 1,200 sites for priority cleanup under the Superfund Program. NPL sites may encompass relatively large areas. As such, EDR provides polygon coverage for over 1,000 NPL site boundaries produced by EPA's Environmental Photographic Interpretation Center (EPIC) and regional EPA offices.

Date of Government Version: 07/29/2020	Source: EPA
Date Data Arrived at EDR: 08/03/2020	Telephone: N/A
Date Made Active in Reports: 08/25/2020	Last EDR Contact: 09/03/2020
Number of Days to Update: 22	Next Scheduled EDR Contact: 10/12/2020
	Data Release Frequency: Quarterly

Proposed NPL: Proposed National Priority List Sites

A site that has been proposed for listing on the National Priorities List through the issuance of a proposed rule in the Federal Register. EPA then accepts public comments on the site, responds to the comments, and places on the NPL those sites that continue to meet the requirements for listing.

Date of Government Version: 07/29/2020	Source: EPA
Date Data Arrived at EDR: 08/03/2020	Telephone: N/A
Date Made Active in Reports: 08/25/2020	Last EDR Contact: 09/03/2020
Number of Days to Update: 22	Next Scheduled EDR Contact: 10/12/2020
	Data Release Frequency: Quarterly

NPL LIENS: Federal Superfund Liens

Federal Superfund Liens. Under the authority granted the USEPA by CERCLA of 1980, the USEPA has the authority to file liens against real property in order to recover remedial action expenditures or when the property owner received notification of potential liability. USEPA compiles a listing of filed notices of Superfund Liens.

Federal Delisted NPL site list

Delisted NPL: National Priority List Deletions

The National Oil and Hazardous Substances Pollution Contingency Plan (NCP) establishes the criteria that the EPA uses to delete sites from the NPL. In accordance with 40 CFR 300.425.(e), sites may be deleted from the NPL where no further response is appropriate.

Data Release Frequency: Varies

SEMS: Superfund Enterprise Management System

SEMS (Superfund Enterprise Management System) tracks hazardous waste sites, potentially hazardous waste sites, and remedial activities performed in support of EPA's Superfund Program across the United States. The list was formerly known as CERCLIS, renamed to SEMS by the EPA in 2015. The list contains data on potentially hazardous waste sites that have been reported to the USEPA by states, municipalities, private companies and private persons, pursuant to Section 103 of the Comprehensive Environmental Response, Compensation, and Liability Act (CERCLA). This dataset also contains sites which are either proposed to or on the National Priorities List (NPL) and the sites which are in the screening and assessment phase for possible inclusion on the NPL.

Data Release Frequency: Quarterly

Federal CERCLIS NFRAP site list

SEMS-ARCHIVE: Superfund Enterprise Management System Archive

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

SEMS-ARCHIVE (Superfund Enterprise Management System Archive) tracks sites that have no further interest under the Federal Superfund Program based on available information. The list was formerly known as the CERCLIS-NFRAP, renamed to SEMS ARCHIVE by the EPA in 2015. EPA may perform a minimal level of assessment work at a site while it is archived if site conditions change and/or new information becomes available. Archived sites have been removed and archived from the inventory of SEMS sites. Archived status indicates that, to the best of EPA's knowledge, assessment at a site has been completed and that EPA has determined no further steps will be taken to list the site on the National Priorities List (NPL), unless information indicates this decision was not appropriate or other considerations require a recommendation for listing at a later time. The decision does not necessarily mean that there is no hazard associated with a given site; it only means that, based upon available information, the location is not judged to be potential NPL site.

Federal RCRA non-CORRACTS TSD facilities list

RCRA-TSDF: RCRA - Treatment, Storage and Disposal

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Transporters are individuals or entities that move hazardous waste from the generator offsite to a facility that can recycle, treat, store, or dispose of the waste. TSDFs treat, store, or dispose of the waste.

Date of Government Version: 06/15/2020	Source: Environmental Protection Agency

Federal RCRA generators list

RCRA-LQG: RCRA - Large Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Large quantity generators (LQGs) generate over 1,000 kilograms (kg) of hazardous waste, or over 1 kg of acutely hazardous waste per month.

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

RCRA-SQG: RCRA - Small Quantity Generators

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Small quantity generators (SQGs) generate between 100 kg and 1,000 kg of hazardous waste per month.

Date of Government Version: 06/15/2020	Source: Environmental Protection Agency
Date Data Arrived at EDR: 06/22/2020	Telephone: (415) 495-8895

Number of Days to Update: 88	Next Scheduled EDR Contact: 01/04/2021
	Data Release Frequency: Quarterly

RCRA-VSQG: RCRA - Very Small Quantity Generators (Formerly Conditionally Exempt Small Quantity Generators)

RCRAInfo is EPA's comprehensive information system, providing access to data supporting the Resource Conservation and Recovery Act (RCRA) of 1976 and the Hazardous and Solid Waste Amendments (HSWA) of 1984. The database includes selective information on sites which generate, transport, store, treat and/or dispose of hazardous waste as defined by the Resource Conservation and Recovery Act (RCRA). Very small quantity generators (VSQGs) generate less than 100 kg of hazardous waste, or less than 1 kg of acutely hazardous waste per month.

Date of Government Version: 06/15/2020	Source: Environmental Protection Agency
Date Data Arrived at EDR: 06/22/2020	Telephone: (415) 495-8895

Number of Days to Update: 30	Next Scheduled EDR Contact: 11/23/2020
	Data Release Frequency: Varies

US ENG CONTROLS: Engineering Controls Sites List

A listing of sites with engineering controls in place. Engineering controls include various forms of caps, building foundations, liners, and treatment methods to create pathway elimination for regulated substances to enter environmental media or effect human health.

Date of Government Version: 02/13/2020	Source: Environmental Protection Agency
Date Data Arrived at EDR: 02/20/2020	Telephone: 703-603-0695
Date Made Active in Reports: 05/15/2020	Last EDR Contact: 08/24/2020
Number of Days to Update: 85	Next Scheduled EDR Contact: 12/07/2020
	Data Release Frequency: Varies

US INST CONTROLS: Institutional Controls Sites List

A listing of sites with institutional controls in place. Institutional controls include administrative measures, such as groundwater use restrictions, construction restrictions, property use restrictions, and post remediation care requirements intended to prevent exposure to contaminants remaining on site. Deed restrictions are generally required as part of the institutional controls.

Date of Government Version: 02/13/2020	Source: Environmental Protection Agency
Date Data Arrived at EDR: 02/20/2020	Telephone: 703-603-0695

ADDITIONAL ENVIRONMENTAL RECORDS

Local Brownfield lists

US BROWNFIELDS: A Listing of Brownfields Sites

Brownfields are real property, the expansion, redevelopment, or reuse of which may be complicated by the presence or potential presence of a hazardous substance, pollutant, or contaminant. Cleaning up and reinvesting in these properties takes development pressures off of undeveloped, open land, and both improves and protects the environment. Assessment, Cleanup and Redevelopment Exchange System (ACRES) stores information reported by EPA Brownfields grant recipients on brownfields properties assessed or cleaned up with grant funding as well as information on Targeted Brownfields Assessments performed by EPA Regions. A listing of ACRES Brownfield sites is obtained from Cleanups in My Community. Cleanups in My Community provides information on Brownfields properties for which information is reported back to EPA, as well as areas served by Brownfields grant programs.

EPA WATCH LIST: EPA WATCH LIST

EPA maintains a "Watch List" to facilitate dialogue between EPA, state and local environmental agencies on enforcement matters relating to facilities with alleged violations identified as either significant or high priority. Being on the Watch List does not mean that the facility has actually violated the law only that an investigation by EPA or a state or local environmental agency has led those organizations to allege that an unproven violation has in fact occurred. Being on the Watch List does not represent a higher level of concern regarding the alleged violations that were detected, but instead indicates cases requiring additional dialogue between EPA, state and local agencies - primarily because of the length of time the alleged violation has gone unaddressed or unresolved.

Date of Government Version: 08/30/2013	Source: Environmental Protection Agency
Date Data Arrived at EDR: 03/21/2014	Telephone: 617-520-3000

2020 COR ACTION: 2020 Corrective Action Program List

The EPA has set ambitious goals for the RCRA Corrective Action program by creating the 2020 Corrective Action Universe. This RCRA cleanup baseline includes facilities expected to need corrective action. The 2020 universe contains a wide variety of sites. Some properties are heavily contaminated while others were contaminated but have since been cleaned up. Still others have not been fully investigated yet, and may require little or no remediation. Inclusion in the 2020 Universe does not necessarily imply failure on the part of a facility to meet its RCRA obligations.

RMP: Risk Management Plans

GOVERNMENT RECORDS SEARCHED / DATA CURRENCY TRACKING

When Congress passed the Clean Air Act Amendments of 1990, it required EPA to publish regulations and guidance for chemical accident prevention at facilities using extremely hazardous substances. The Risk Management Program Rule (RMP Rule) was written to implement Section 112(r) of these amendments. The rule, which built upon existing industry codes and standards, requires companies of all sizes that use certain flammable and toxic substances to develop a Risk Management Program, which includes a(n): Hazard assessment that details the potential effects of an accidental release, an accident history of the last five years, and an evaluation of worst-case and alternative accidental releases; Prevention program that includes safety precautions and maintenance, monitoring, and employee training measures; and Emergency response program that spells out emergency health care, employee training measures and procedures for informing the public and response agencies (e.g the fire department) should an accident occur.

RAATS: RCRA Administrative Action Tracking System

RCRA Administration Action Tracking System. RAATS contains records based on enforcement actions issued under RCRA pertaining to major violators and includes administrative and civil actions brought by the EPA. For administration actions after September 30, 1995, data entry in the RAATS database was discontinued. EPA will retain a copy of the database for historical records. It was necessary to terminate RAATS because a decrease in agency resources made it impossible to continue to update the information contained in the database.

HIST FTTS: FIFRA/TSCA Tracking System Administrative Case Listing

A complete administrative case listing from the FIFRA/TSCA Tracking System (FTTS) for all ten EPA regions. The information was obtained from the National Compliance Database (NCDB). NCDB supports the implementation of FIFRA (Federal Insecticide, Fungicide, and Rodenticide Act) and TSCA (Toxic Substances Control Act). Some EPA regions are now closing out records. Because of that, and the fact that some EPA regions are not providing EPA Headquarters with updated records, it was decided to create a HIST FTTS database. It included records that may not be included in the newer FTTS database updates. This database is no longer updated.

Date of Government Version: 10/19/2006

UMTRA: Uranium Mill Tailings Sites

Uranium ore was mined by private companies for federal government use in national defense programs. When the mills shut down, large piles of the sand-like material (mill tailings) remain after uranium has been extracted from the ore. Levels of human exposure to radioactive materials from the piles are low; however, in some cases tailings were used as construction materials before the potential health hazards of the tailings were recognized.

US AIRS (AFS): Aerometric Information Retrieval System Facility Subsystem (AFS)

The database is a sub-system of Aerometric Information Retrieval System (AIRS). AFS contains compliance data on air pollution point sources regulated by the U.S. EPA and/or state and local air regulatory agencies. This information comes from source reports by various stationary sources of air pollution, such as electric power plants, steel mills, factories, and universities, and provides information about the air pollutants they produce. Action, air program, air program pollutant, and general level plant data. It is used to track emissions and compliance data from industrial plants.

ABANDONED MINES: Abandoned Mines

An inventory of land and water impacted by past mining (primarily coal mining) is maintained by OSMRE to provide information needed to implement the Surface Mining Control and Reclamation Act of 1977 (SMCRA). The inventory contains information on the location, type, and extent of AML impacts, as well as, information on the cost associated with the reclamation of those problems. The inventory is based upon field surveys by State, Tribal, and OSMRE program officials. It is dynamic to the extent that it is modified as new problems are identified and existing problems are reclaimed.

EDR HIGH RISK HISTORICAL RECORDS

EDR Exclusive Records

EDR MGP: EDR Proprietary Manufactured Gas Plants

The EDR Proprietary Manufactured Gas Plant Database includes records of coal gas plants (manufactured gas plants) compiled by EDR's researchers. Manufactured gas sites were used in the United States from the 1800's to 1950's to produce a gas that could be distributed and used as fuel. These plants used whale oil, rosin, coal, or a mixture of coal, oil, and water that also produced a significant amount of waste. Many of the byproducts of the gas production, such as coal tar (oily waste containing volatile and non-volatile chemicals), sludges, oils and other compounds are potentially hazardous to human health and the environment. The byproduct from this process was frequently disposed of directly at the plant site and can remain or spread slowly, serving as a continuous source of soil and groundwater contamination.

EDR Hist Auto: EDR Exclusive Historical Auto Stations

EDR has searched selected national collections of business directories and has collected listings of potential gas station/filling station/service station sites that were available to EDR researchers. EDR's review was limited to those categories of sources that might, in EDR's opinion, include gas station/filling station/service station establishments. The categories reviewed included, but were not limited to gas, gas station, gasoline station, filling station, auto, automobile repair, auto service station, service station, etc. This database falls within a category of information EDR classifies as "High Risk Historical Records", or HRHR. EDR's HRHR effort presents unique and sometimes proprietary data about past sites and operations that typically create environmental concerns, but may not show up in current government records searches.

OTHER DATABASE(S)

Depending on the geographic area covered by this report, the data provided in these specialty databases may or may not be complete. For example, the existence of wetlands information data in a specific report does not mean that all wetlands in the area covered by the report are included. Moreover, the absence of any reported wetlands information does not necessarily mean that wetlands do not exist in the area covered by the report.

CT MANIFEST: Hazardous Waste Manifest Data

Facility and manifest data. Manifest is a document that lists and tracks hazardous waste from the generator through transporters to a tsd facility.

Date of Government Version: 05/12/2020

GEOCHECK[®] - PHYSICAL SETTING SOURCE ADDENDUM

TARGET PROPERTY ADDRESS

UNR083
1056 EVANS AVENUE
RENO, NV 89512

TARGET PROPERTY COORDINATES

Latitude (North):	39.539092 - 39° 32' 20.73"
Longitude (West):	119.810804 - 119° 48' 38.89"
Universal Tranverse Mercator:	Zone 11
UTM X (Meters):	258440.5
UTM Y (Meters):	4380167.5
Elevation:	4544 ft. above sea level

USGS TOPOGRAPHIC MAP

Target Property Map:	6723545 RENO, NV
Version Date:	2015

EDR's GeoCheck Physical Setting Source Addendum is provided to assist the environmental professional in forming an opinion about the impact of potential contaminant migration.

Assessment of the impact of contaminant migration generally has two principle investigative components:

1. Groundwater flow direction, and
2. Groundwater flow velocity.

Groundwater flow direction may be impacted by surface topography, hydrology, hydrogeology, characteristics of the soil, and nearby wells. Groundwater flow velocity is generally impacted by the nature of the geologic strata.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW DIRECTION INFORMATION

Groundwater flow direction for a particular site is best determined by a qualified environmental professional using site-specific well data. If such data is not reasonably ascertainable, it may be necessary to rely on other sources of information, such as surface topographic information, hydrologic information, hydrogeologic data collected on nearby properties, and regional groundwater flow information (from deep aquifers).

TOPOGRAPHIC INFORMATION

Surface topography may be indicative of the direction of surficial groundwater flow. This information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

TARGET PROPERTY TOPOGRAPHY

General Topographic Gradient: General ESE

SURROUNDING TOPOGRAPHY: ELEVATION PROFILES

Source: Topography has been determined from the USGS 7.5' Digital Elevation Model and should be evaluated on a relative (not an absolute) basis. Relative elevation information between sites of close proximity should be field verified.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

HYDROLOGIC INFORMATION

Surface water can act as a hydrologic barrier to groundwater flow. Such hydrologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Refer to the Physical Setting Source Map following this summary for hydrologic information (major waterways and bodies of water).

FEMA FLOOD ZONE

<u>Flood Plain Panel at Target Property</u>	<u>FEMA Source Type</u>

NATIONAL WETLAND INVENTORY

<u>NWI Quad at Target Property</u>	<u>NWI Electronic Data Coverage</u>
RENO	YES - refer to the Overview Map and Detail Map

HYDROGEOLOGIC INFORMATION

Hydrogeologic information obtained by installation of wells on a specific site can often be an indicator of groundwater flow direction in the immediate area. Such hydrogeologic information can be used to assist the environmental professional in forming an opinion about the impact of nearby contaminated properties or, should contamination exist on the target property, what downgradient sites might be impacted.

Site-Specific Hydrogeological Data*:

Search Radius:	1.25 miles
Status:	Not found

AQUIFLOW®

Search Radius: 1.000 Mile.

EDR has developed the AQUIFLOW Information System to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted by environmental professionals to regulatory authorities at select sites and has extracted the date of the report, groundwater flow direction as determined hydrogeologically, and the depth to water table.

<u>MAP ID</u>	<u>LOCATION FROM TP</u>	<u>GENERAL DIRECTION GROUNDWATER FLOW</u>

* ©1996 Site-specific hydrogeological data gathered by CERCLIS Alerts, Inc., Bainbridge Island, WA. All rights reserved. All of the information and opinions presented are those of the cited EPA report(s), which were completed under a Comprehensive Environmental Response Compensation and Liability Information System (CERCLIS) investigation.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

GROUNDWATER FLOW VELOCITY INFORMATION

Groundwater flow velocity information for a particular site is best determined by a qualified environmental professional using site specific geologic and soil strata data. If such data are not reasonably ascertainable, it may be necessary to rely on other sources of information, including geologic age identification, rock stratigraphic unit and soil characteristics data collected on nearby properties and regional soil information. In general, contaminant plumes move more quickly through sandy-gravelly types of soils than silty-clayey types of soils.

GEOLOGIC INFORMATION IN GENERAL AREA OF TARGET PROPERTY

Geologic information can be used by the environmental professional in forming an opinion about the relative speed at which contaminant migration may be occurring.

GEOCHECK® - PHYSICAL SETTING SOURCE SUMMARY

DOMINANT SOIL COMPOSITION IN GENERAL AREA OF TARGET PROPERTY

The U.S. Department of Agriculture's (USDA) Soil Conservation Service (SCS) leads the National Cooperative Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. The following information is based on Soil Conservation Service SSURGO data.

Soil Map ID: 1

Soil Component Name: Reno

Soil Surface Texture: stony sandy loam

Hydrologic Group: Class D - Very slow infiltration rates. Soils are clayey, have a high water table, or are shallow to an impervious layer.

Soil Drainage Class: Well drained

Hydric Status: Not hydric

Corrosion Potential - Uncoated Steel: High

Depth to Bedrock Min: > 0 inches

Depth to Watertable Min: > 0 inches

Soil Layer Information							
Layer	Boundary		Soil Texture Class	Classification		Saturated hydraulic conductivity micro m/sec	Soil Reaction (pH)
	Upper	Lower		AASHTO Group	Unified Soil		
1	0 inches	3 inches	stony sandy loam	Granular materials (35 pct. or less passing No. 200), Stone Fragments, Gravel and Sand.	Not reported	Max: 0.42 Min: 0.01	Max: Min:
2	3 inches	24 inches	clay	Granular materials (35 pct. or less passing No. 200), Stone Fragments, Gravel and Sand.	Not reported	Max: 0.42 Min: 0.01	Max: Min:
3	24 inches	46 inches	cemented	Granular materials (35 pct. or less passing No. 200), Stone Fragments, Gravel and Sand.	Not reported	Max: 0.42 Min: 0.01	Max: Min:

TOPOGRAPHIC INFORMATION

USGS 7.5' Digital Elevation Model (DEM)

Source: United States Geologic Survey

EDR acquired the USGS 7.5' Digital Elevation Model in 2002 and updated it in 2006. The 7.5 minute DEM corresponds to the USGS 1:24,000- and 1:25,000-scale topographic quadrangle maps. The DEM provides elevation data with consistent elevation units and projection.

Current USGS 7.5 Minute Topographic Map

Source: U.S. Geological Survey

HYDROLOGIC INFORMATION

Flood Zone Data: This data was obtained from the Federal Emergency Management Agency (FEMA). It depicts 100-year and 500-year flood zones as defined by FEMA. It includes the National Flood Hazard Layer (NFHL) which incorporates Flood Insurance Rate Map (FIRM) data and Q3 data from FEMA in areas not covered by NFHL.

Source: FEMA

Telephone: 877-336-2627

Date of Government Version: 2003, 2015

NWI: National Wetlands Inventory. This data, available in select counties across the country, was obtained by EDR in 2002, 2005 and 2010 from the U.S. Fish and Wildlife Service.

State Wetlands Data: Wetland Inventory

Telephone: 775-684-2900

HYDROGEOLOGIC INFORMATION

AQUIFLOW^R Information System

Source: EDR proprietary database of groundwater flow information

EDR has developed the AQUIFLOW Information System (AIS) to provide data on the general direction of groundwater flow at specific points. EDR has reviewed reports submitted to regulatory authorities at select sites and has extracted the date of the report, hydrogeologically determined groundwater flow direction and depth to water table information.

GEOLOGIC INFORMATION

Geologic Age and Rock Stratigraphic Unit

Source: P.G. Schruben, R.E. Arndt and W.J. Bawiec, Geology of the Conterminous U.S. at 1:2,500,000 Scale - A digital representation of the 1974 P.B. King and H.M. Beikman Map, USGS Digital Data Series DDS - 11 (1994).

STATSGO: State Soil Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

The U.S. Department of Agriculture's (USDA) Natural Resources Conservation Service (NRCS) leads the national Conservation Soil Survey (NCSS) and is responsible for collecting, storing, maintaining and distributing soil survey information for privately owned lands in the United States. A soil map in a soil survey is a representation of soil patterns in a landscape. Soil maps for STATSGO are compiled by generalizing more detailed (SSURGO) soil survey maps.

SSURGO: Soil Survey Geographic Database

Source: Department of Agriculture, Natural Resources Conservation Service (NRCS)

Telephone: 800-672-5559

SSURGO is the most detailed level of mapping done by the Natural Resources Conservation Service, mapping scales generally range from 1:12,000 to 1:63,360. Field mapping methods using national standards are used to construct the soil maps in the Soil Survey Geographic (SSURGO) database. SSURGO digitizing duplicates the original soil survey maps. This level of mapping is designed for use by landowners, townships and county natural resource planning and management.

PHYSICAL SETTING SOURCE RECORDS SEARCHED

LOCAL / REGIONAL WATER AGENCY RECORDS

FEDERAL WATER WELLS

PWS: Public Water Systems

Source: EPA/Office of Drinking Water

Telephone: 202-564-3750

Public Water System data from the Federal Reporting Data System. A PWS is any water system which provides water to at least 25 people for at least 60 days annually. PWSs provide water from wells, rivers and other sources.

PWS ENF: Public Water Systems Violation and Enforcement Data

Source: EPA/Office of Drinking Water

Telephone: 202-564-3750

Violation and Enforcement data for Public Water Systems from the Safe Drinking Water Information System (SDWIS) after August 1995. Prior to August 1995, the data came from the Federal Reporting Data System (FRDS).

USGS Water Wells: USGS National Water Inventory System (NWIS)

This database contains descriptive information on sites where the USGS collects or has collected data on surface water and/or groundwater. The groundwater data includes information on wells, springs, and other sources of groundwater.

Resumes

Krista J. Wahnefried, C.E.M.
Project Manager

Professional Experience

Ms. Wahnefried is a Certified Environmental Specialist (CEM) specializing in environmental due diligence services, with a background in scientific research, land management, and STEM education. Her decade of experience has led to expertise in the performance of Phase I Environmental Site Assessments (ESAs) for commercial real estate transactions and other development projects. As such, she serves as the lead of Phase I ESA services for McGinley's northern Nevada office. Ms. Wahnefried's responsibilities have included report preparation, project management, and agency liaison, as well as hazardous material inspections, biological resource surveys, NEPA assessments, environmental media sampling, cost estimations, and proposals.

Education

- B.S., Environmental Science, Northern Arizona University, 2010
- Graduate Coursework, Ecology & Evolutionary Biology, University of Nevada, Las Vegas, 2013

Certifications

- Certified Environmental Manager, Nevada CEM No. 2474
- OSHA, 29 CFR 1910 40-Hour, Hazardous Waste Operations and Emergency Response (HAZWOPER) and subsequent 8-hour Annual Refreshers
- Asbestos Abatement Consultant, Nevada Building Inspector No. I-1813

Project Experience

Phase I Environmental Site Assessments and Transaction Screen Assessments

Environmental Scientist/Project Manager responsible for conducting and managing over 400 Phase I ESAs and transaction screen assessments in Nevada, Arizona, New Mexico, California, Colorado, Texas, and Utah. Properties assessed include: undeveloped and vacant land, gasoline and automotive service stations, dry cleaning facilities, residential properties, agricultural land, telecommunications lease sites, industrial and manufacturing facilities, and office/retail sites. Projects have included coordination with city, county, state, tribal, and federal agencies, as well as property owners, land managers, tenants/occupants, and other parties. Assessments conducted following accepted consulting practices and in accordance with applicable ASTM International Standards 1527 or 2247, the EPA's All Appropriate Inquiry (AAI) ruling, and individual client scopes including Vapor Encroachment Screening and Business Environmental Risks evaluation for asbestos, lead paint, radon, and mold.

Natural Resources

Environmental Scientist/Project Manager responsible for conducting and managing field work and report preparation for Threatened and Endangered species habitat evaluations, biological assessments, ecological restoration projects, and other natural resource projects. Prepared NEPA

Land Use Compliance reports for telecommunications projects in Arizona, Nevada, California, Colorado, Utah, New Mexico, and Texas. Designed restoration and vegetation transplanting protocols and evaluated success of long-term restoration programs. Projects included close collaboration with public stakeholders plus Federal, State, and Tribal agencies.

Phase II Limited Site Investigations

Environmental Scientist responsible for conducting environmental media sampling of commercial properties and private land in Nevada and Arizona to assess for the presence of contamination in soil and/or groundwater. Projects include evaluation of petroleum releases associated with underground storage tanks, dry cleaning chemicals, and residual contamination from historic use of pesticides, herbicides, fertilizers, and other chemicals of concern. Responsible for identification of contaminant delineation and preparing a report of findings following review of analytical results.

Water Quality Monitoring

Environmental Scientist responsible for conducting on-site groundwater monitoring well sampling for Phase II ESA investigations and on-going remediation projects in Nevada. Responsible for collecting quarterly water discharge samples for NPDES permit compliance and report preparation for properties including multi-tenant residential sites and casino resorts. Responsible for conducting water quality evaluations including sampling and providing recommendations for lead in drinking water and *Legionella* policy compliance for commercial and residential properties.

Hazardous Material Inspections

Environmental Scientist/Project Manager responsible for conducting asbestos building material inspections in Nevada and Arizona for various commercial, industrial, residential, and school facilities. Inspections range from limited surveys in preparation for renovations or in response to losses, as well as comprehensive pre-demolition surveys. Responsibilities include documenting and sampling suspect building materials, data interpretation, and report preparation in compliance with applicable regulations.

Indoor Air Quality and Microbial Investigations

Environmental Scientist/Project Manager responsible for industrial hygiene projects including indoor air quality assessments of various commercial, industrial, residential, and school facilities. Projects include visual inspections, moisture mapping, documentation of observations, various surface and air sampling techniques, data interpretation, and providing remediation recommendations guidance. Responsible for performing indoor air quality sampling to evaluate the presence of VOCs, carbon monoxide, carbon dioxide, and other air quality parameters. Experienced in assessment of fungal and bacterial presence and conducting site clearance following microbial abatement.

Professional Affiliations

Commercial Real Estate Women (CREW); Board of Directors 2020 & 2021, Philanthropy Committee since 2019

Nevada Equal Rights Commission (NERC); Commissioner Appointed by Governor since 2018

Joseph M. McGinley, P.E., P.G., C.E.M.
Principal

Professional Experience

Mr. McGinley is a Professional Engineer (NV), Professional Geologist (CA) and Certified Environmental Manager (NV) with more than 30 years of service to long standing and new clients alike. He has developed experience through a wide range of project types, environmental conditions, and multiple regulatory agency liaisons. Mr. McGinley has a strong background in site characterization, corrective action plan development and in the design and implementation of remedial systems. He is acutely familiar with federal, state and local environmental regulations and has developed a familiar relationship with the administrators of those agencies throughout the West.

Education

M.S., Civil Engineering, University of Colorado, Boulder, 1983.

B.S., Geological Engineering, University of Nevada, Reno, 1980.

Certifications and Registrations

Professional Engineer, Nevada, GEO #7472.

Professional Geologist, California, PG #7409.

Certified Environmental Manager, Nevada, CEM #1036.

OSHA, 29 CFR 1910 40-Hour, Hazardous Waste Operations and Emergency Response (HAZWOPER) and subsequent 8-hour Annual Refreshers

MSHA Part 48, Surface Miner Training

Selected Project Experience

Phase I Environmental Site Assessments

- Project Principal responsible for the completion of over 500 Phase I ESAs in Nevada, California, Arizona, Oregon and Utah. Projects performed for various lending institutions, developers, governmental agencies, private property owners, non-profit organizations, and others. The Phase I ESAs are prepared in accordance with the ASTM International standard E1527-13 and the All Appropriate Inquires (AAI) as promulgated in the USEPA ruling 40 CFR part 312.

Select Environmental Site Assessment and Remediation Projects – Solvent Sites

- **Boeing/Rocketdyne Former Nevada Field Laboratory, Reno NV** – Project Principal responsible for providing system design and performing the remediation of chlorinated solvents and perchlorate at three sites of this former rocket engine test facility.
- **Harrah's Hotel and Casino, Reno, NV** – Project Principal responsible for the design and oversight of installation of two air stripping units to remove PCE from groundwater as part of perpetual de-watering activities. Each stripping unit was designed to be capable of treating 500

gallons per minute and was permitted to discharge via a NPDES permit to an adjacent surface water body.

- **Big Tree Cleaners, Tahoe City, CA** – Project Manager responsible for services including: permitting; regulatory liaison; corrective action plan preparation (chlorinated solvent (PCE) contamination); remedial system design, installation, monitoring and reporting.
- **Reno Old Town Mall, Reno, NV** – Project Principal responsible for providing services including: groundwater monitoring; corrective action plan preparation; remedial system design and regulatory liaison for this PCE release site.
- **State of Nevada Division of Environmental Protection, Downtown Reno Ground Water Characterization Project, Reno, NV** – Project Manager responsible for the assessment and characterization of a PCE plume in downtown Reno, Nevada which impacts a potable water supply.
- **State of Nevada Division of Environmental Protection** – Project Manager for the administration of the State of Nevada Environmental Mitigation and Assessment program (EMAR), State of Nevada.

Select Environmental Site Assessment and Remediation Projects – Petroleum Sites

- **State of Nevada, Leaking Underground Storage Tank (LUST) Trust contract, NV** – Underground storage tanks at a gas station located in Carson City were removed along with all associated dispensers, underground piping, and vent piping. Subsequently, the site was further assessed and a conceptual site model was prepared for the site. Based on the conceptual site model, a corrective action plan was prepared and an Air Sparge/Soil Vapor Extraction remediation system was designed and installed.
- **University of Nevada, Reno, NV** – Project Manager responsible for the closure of the former Dodd/Beal fire fighting academy located in Stead, Nevada. Performed site characterization and assessment of the 57-acre parcel followed by the completion of a human health risk assessment to establish Site Specific Target Level (SSTL) for soil remediation. Remedial technologies utilized at this site included air sparging, monitor natural attenuation, bioremediation and vacuum extraction.
- **Al Park Petroleum, various sites, Norther NV** - Project Principal responsible for the assessment, remediation and state petroleum fund reimbursement procurement at several petroleum product sites. Services included site assessments, remedial design, and remediation system operation and optimization.
- **Berry Hinckley Industries, various sites, CA and NV** – Project Principal responsible for the assessment, remediation and state petroleum fund reimbursement procurement at several petroleum product sites. Services included site assessments, remedial design, and remediation system operation and optimization.
- **Gold Ranch Casino, Verdi, NV** – Project Principal responsible for services including: site assessment, free petroleum product (NAPL) removal, groundwater remediation design and system operations.
- **State of Nevada Division of Environmental Protection (NDEP)** – Project Manager for the administration of the Federal LUST TRUST program for the State of Nevada.

- **Cruse Properties, Truckee, CA** – Project Principal responsible for the assessment and remediation activities performed at two former retail gasoline sites.
- **Squaw Valley Ski Resort, Squaw Valley, CA** – Project Principal responsible for the oversight of UST removal activities; site assessments; permitting; corrective action plan preparation; remedial system design, installation, monitoring and reporting.
- **Former Allied Washoe Bulk Plants, various sites, CA and NV** – Project Principal responsible for providing assessment and remediation services for three bulk fuel distribution facilities. Services provided included: contaminated soil excavation; dewatering activities; permitting; regulatory liaison; corrective action plan preparation; remedial system design, installation, monitoring and reporting.
- **Elko County School District property, Elko, NV** – Project Principal responsible for providing services including: contaminated soil excavation; site assessment permitting; regulatory liaison; corrective action plan preparation and reporting.
- **Carson Valley Oil Bulk Plant** – Project Principal responsible for site assessment and remediation services following a kerosene release at this operating bulk fuel plant. Services performed included site assessment; corrective action plan preparation; remedial system design, installation, monitoring and reporting.
- **Cutler Property, Susanville, CA** – Project Principal responsible for providing services including: site assessment; corrective action plan preparation; and remedial system design for this former gasoline service station.
- **University of Nevada, Reno, various sites, NV** – Project Manager responsible for the oversight of the removal of 20 USTs; and providing site assessments and remediation system design/installation/operation for these sites, as applicable.
- **Western Energetix Corporation, various sites, CA and NV** – Project Manager responsible for providing services relating to LUST site assessment and remediation activities performed at 15 facilities in Nevada and California. Remedial technologies employed included bioremediation, air sparging, vacuum extraction and ground water pump and treat.
- **ARCO Products, various sites, NV** – Project Manager responsible for providing site assessments and remedial designs for 12 facilities in northern Nevada.
- **Texaco USA, Inc., various sites, NV** – Project Manager responsible for providing services related to site Assessments and remedial designs for five facilities located in Nevada. Remedial technologies employed included groundwater pump and treat, air sparging, vacuum extraction.
- **Nevada Thermal Service, various sites, NV** – Project Manager provided review of California Title 22 – Hazardous Waste Classification of soils imported to the State of Nevada for over 100 sites.
- **Sierra Pacific Power Company, Elko, NV** – Project Manager providing remedial design utilizing bioventing following UST removal at this facility.
- **Regional Transportation Company, Reno, NV** – Project Manager responsible for oversight of UST removal, upgrade activities, site assessment and remedial actions.

- **City of Sparks, Nevada** – Project Manager responsible for the oversight of the removal of 18 USTs, site assessment activities and remedial actions.
- **Dermody Properties, various sites, NV** – Project Manager responsible for the oversight of UST removal at 10 facilities, site assessment and remedial actions.
- **Silver State Trucking, Sparks, NV** – Project Manager responsible for the design and permitting of free phase (NAPL) petroleum product removal system and groundwater pump and treat system at this truck stop.
- **Time Oil Property, Fallon, NV** – Project Principal responsible for providing services related to a UST petroleum product release at this operating facility including environmental site assessment, regulatory liaison, corrective action plan preparation, remedial system design and report preparation.
- **Buggy Bath Car Wash, Reno, NV** – Project Manager responsible for the design of an *in-situ* vacuum extraction system, groundwater pump and treat and air sparging system at this operating facility in Reno, NV.

Select Environmental Site Assessment and Remediation Projects – Other CoCs

- **BMI Complex and Common Areas, and Las Vegas Wash, Henderson, NV** – Project Principal responsible for administering and directing the technical review team services for third-party review of the assessment and remediation of broad suites of contaminants in soil, groundwater, and surface water.
- **Diamond X Ranch, Douglas County, NV** – Project Principal responsible for administering and directing the technical review team services for the assessment of Acid Mine Drainage (AMD) impacts to rural ranch property. All sampling and analyses activities were National Contingency Planning (NCP) compliant.
- **Trap and Skeet Shooting Club, Washoe County, NV** – Project Principal responsible for administering and directing the technical review team services for third-party review of the assessment and remediation of broad suites of contaminants in soil, groundwater, and surface water.
- **Winnemucca Farms, Winnemucca, NV** – Project Principal responsible for providing services including: site assessment; vadose zone monitoring; groundwater flow and contaminant transport modeling performed at an operational potato processing plant.
- **State of Nevada Division of Environmental Protection, various sites, Sparks, NV** – Project Manager responsible for providing third party review of ground water remediation of petroleum hydrocarbons and chlorinated solvents at the Sparks tank farm and Helms Pit for NDEP and the Washoe County Health District.
- **First Interstate Bank, Reno, NV** – Project Manager responsible for providing services including the assessment and monitoring of PCE and TCE at this proposed commercial development site.

Select Brownfields Projects

- **State of Nevada, Brownfields Contract, NV** – Project Principal responsible for the implementation of the State of Nevada's Brownfields Grant throughout the State of Nevada.

Services included development and review of applications for governmental and municipal clients; development of project documents including Phase I and II ESAs, human health risk assessment, health and safety plans, etc.; and acquiring regulatory closure for these sites.

Select Expert and Material Witness Projects

PURPOSE OF INSPECTION

Real-estate transaction

REFERENCES

Hayes Microbial Consulting report # 20034797
Exhibit A

Background

On September 28, 2020, EICS was engaged by the client to perform a limited asbestos inspection at the above noted location, single-family dwelling in Reno, NV. The age of the building is approximately 90 years. The client discussed with me that he wanted a general overview of any possible asbestos containing materials in the home. The unit was occupied during the inspection. Gary Speelman, Industrial Hygienist for EICS performed the inspection. Access was provided by the client.

Inspection and sampling

I visually inspected the walls, floors, and ceilings. Using a clean, sharp instrument and amended water, I carefully wetted and extracted 4 bulk samples of suspect asbestos containing materials (acm). The samples were placed in individual sealed and labeled containers and logged onto a chain-of-custody. The samples were then delivered via FedEx to Hayes Microbial Consulting, LLC. In Midlothian, VA for laboratory analysis by Polarized Light Microscopy (PLM) using EPA Method 600/R-93/116. Upon discovery of multiple layers of materials, the lab microscopist split 1 of the 4 samples analyzed in accordance with American Industrial Hygiene Association (AIHA) protocol.

Asbestos laboratory results

Sample No	Approximate Homogeneous Area	Location	Description	%ACM	Friable/ Nonfriable
1	700 Ft ²	Kitchen	Drywall	None Detected	N/A
2		Stairwell	Drywall	None Detected	N/A
3	1,000 Ft ²	Front Entry	Plaster Rough Coat Plaster Skim Coat	None Detected None Detected	N/A N/A
4		Hall Near Bathroom	Plaster Rough Coat	None Detected	N/A

Discussion

Laboratory results indicate no presence of asbestos content in any of the samples that were analyzed. No recommendations for asbestos exposure are made at this time.

Limitations

The survey provided is applicable only to the materials and areas herein discussed. No representation is made as to the presence or absence of asbestos content in any other building, or component, including but not limited to subterranean asbestos containing material, concealed, and other inaccessible areas.

Thank you for the opportunity to be of service. If you have any questions please call me at (775) 786-2800.

Respectfully submitted,

A handwritten signature in black ink that reads "Gary Speelman". The signature is written in a cursive style with a large, prominent "G" and "S".

Asbestos Analysis Information

Analysis Details	All samples were received in acceptable condition unless otherwise noted on the report. This report must not be used by the client to claim product certification, approval, or endorsement by AIHA, NIST, NVLAP, NY ELAP, or any agency. The results relate only to the items tested. Hayes Microbial Consulting reserves the right to dispose of all samples after a period of 60 days in compliance with state and federal guidelines.
PLM Analysis	All Polarized Light Microscopy (PLM) results include an inherent uncertainty of measurement associated with estimating percentages by PLM. Materials with interfering matrix, low asbestos content, or small fiber size may require additional analysis via TEM Analysis.
TEM Analysis	Analysis by TEM is capable of providing positive identification of asbestos type(s) and semi-quantitation of asbestos content.
Definitions	'None Detected' - Below the detected reporting limit of 1% unless point counting is performed, then the detected reporting limit is .25%.
New York ELAP	Per NY ELAP198.6 (NOB), TEM is the only reliable method to declare an NOB material as Non-Asbestos Containing. Any NY ELAP samples that are subcontracted to another laboratory will display the name and ELAP Lab Identification number in the report page heading of those samples. The original report provided to Hayes Microbial Consulting is available upon request.

Reno, NV 89511
Phone: (775) 324-7400 **Fax:** (775) 324-7402
Order No.: 02006761-CD

The information contained in this report is through the date of August 28, 2020 at 7:30 a.m.

*In response to the application for a policy of title insurance referenced herein, **Ticor Title of Nevada, Inc.** hereby reports that it is prepared to issue, or cause to be issued, as of the date hereof, a policy or policies of title insurance describing the land and the estate or interest therein hereinafter set forth, insuring against loss which may be sustained by reason of any defect, lien or encumbrance not shown or referred to as an exception herein or not excluded from coverage pursuant to the printed Schedules, Conditions and Stipulations or Conditions of said policy forms.*

The printed Exceptions and Exclusions from the coverage and Limitations on Covered Risks of said policy or policies are set forth in Attachment One. The policy to be issued may contain an arbitration clause. When the Amount of Insurance is less than that set forth in the arbitration clause, all arbitrable matters shall be arbitrated at the option of either the Company or the Insured as the exclusive remedy of the parties. Limitations on Covered Risks applicable to the CLTA and ALTA Homeowner's Policies of Title Insurance which establish a Deductible Amount and a Maximum Dollar Limit of Liability for certain coverages are also set forth in Attachment One. Copies of the policy forms should be read. They are available from the office which issued this report.

This report (and any supplements or amendments hereto) is issued solely for the purpose of facilitating the issuance of a policy of title insurance and no liability is assumed hereby. If it is desired that liability be assumed prior to the issuance of a policy of title insurance, a Binder or Commitment should be requested.

*The policy(s) of title insurance to be issued hereunder will be policy(s) of **Chicago Title Insurance Company.***

Please read the exceptions shown or referred to herein and the exceptions and exclusions set forth in Attachment One of this report carefully. The exceptions and exclusions are meant to provide you with notice of matters which are not covered under the terms of the title insurance policy and should be carefully considered.

It is important to note that this preliminary report is not a written representation as to the condition of title and may not list all liens, defects and encumbrances affecting title to the land.

Shelly Saltz, Title Officer

THE FOLLOWING REQUIREMENTS MUST BE MET PRIOR TO CLOSE OF ESCROW:

1. The requirement that proper documentation from the University of Nevada with a copy of the Motion and Approval of same be provided to this Company authorizing or ratifying the proposed conveyance of herein described land.

The Company reserves the right to add additional items or make further requirements after review of the requested documentation.

2. Furnish to the Company for review:

- a) Certification of Trust in accordance with Nevada Revised Statutes.

3. The search did not disclose any open mortgages or deeds of trust of record, therefore the Company reserves the right to require further evidence to confirm that the property is unencumbered, and further reserves the right to make additional requirements or add additional items or exceptions upon receipt of the requested evidence.

SCHEDULE A

The estate or interest in the land hereinafter described or referred to covered by this report is:

FEE

Title to said estate or interest at the date hereof is [vested in:](#)

Timothy J. Lavoie and Jodi L. Lavoie, Trustees of the Lavoie Family Trust dated March 17, 2015

The land referred to in this Report is situate in the State of Nevada, County of Washoe and described as follows:

SEE EXHIBIT "A" ATTACHED HERETO AND MADE A PART HEREOF.

SCHEDULE B – Section A

The following exceptions will appear in policies when providing standard coverage as outlined below:

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records; (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.
2. Any facts, rights, interests, or claims that are not shown by the Public Records but that could be ascertained by inspection of the Land or that may be asserted by persons in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records.
4. Any encroachment, encumbrance, violation, variation, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and not shown by the Public Records.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof, (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b) or (c) are shown by the Public Records.
6. Any lien or right to lien for services, labor or material not shown in the Public Records.

SCHEDULE B – Section B

At the date hereof Exceptions to coverage in addition to the printed exceptions to said policy form would be as follows:

7. General and special State, County and/or City property taxes, including any personal property taxes and any assessments collected with taxes, payable in four (4) quarterly installments (due on or before 3rd Monday in August and 1st Monday in October, January and March, respectively) are as follows:
Assessor's Parcel No.: 007-082-02
Fiscal Year: 2020-2021
Total Taxes: \$1,102.33
1st Installment: \$ 278.95 PAID
2nd Installment: \$ 274.46 OPEN
3rd Installment: \$ 274.46 OPEN
4th Installment: \$ 274.46 OPEN
8. The lien of supplemental taxes, if any, assessed pursuant to the provisions of Nevada Revised Statutes.
9. Any unpaid sewer service charges plus interest and penalties, which would create a lien and attach to said Land, pursuant to Reno Municipal Code. Specific amounts may be obtained by calling (775) 334-2095.
10. Any unpaid charges for Waste Management, plus any interest and/or penalties, which would create a lien and attach to said Land, pursuant to Nevada Revised Statutes.
11. Easement(s) and rights incidental thereto as delineated or as offered for dedication on Tract [Map No. 134](#)
Recording Date: July 2, 1907
Recording No: 2091, Official Records

INFORMATIONAL NOTES

1. Note: Please be aware that due to the conflict between federal and state laws concerning the cultivation, distribution, manufacture or sale of marijuana, the Company is not able to close or insure any transaction involving Land that is associated with these activities.
2. Note: The charge for a policy of title insurance, when issued through this title order, will be based on the Basic Title Insurance Rate.
3. Note: There are NO conveyances affecting said Land recorded within 24 months of the date of this report.
4. Note: The following information is provided strictly as an accommodation. According to the Assessor, the address of the Land is as follows:
Type of Dwelling: Single Family Residence
Address: 1056 Evans Avenue, Reno, Nevada

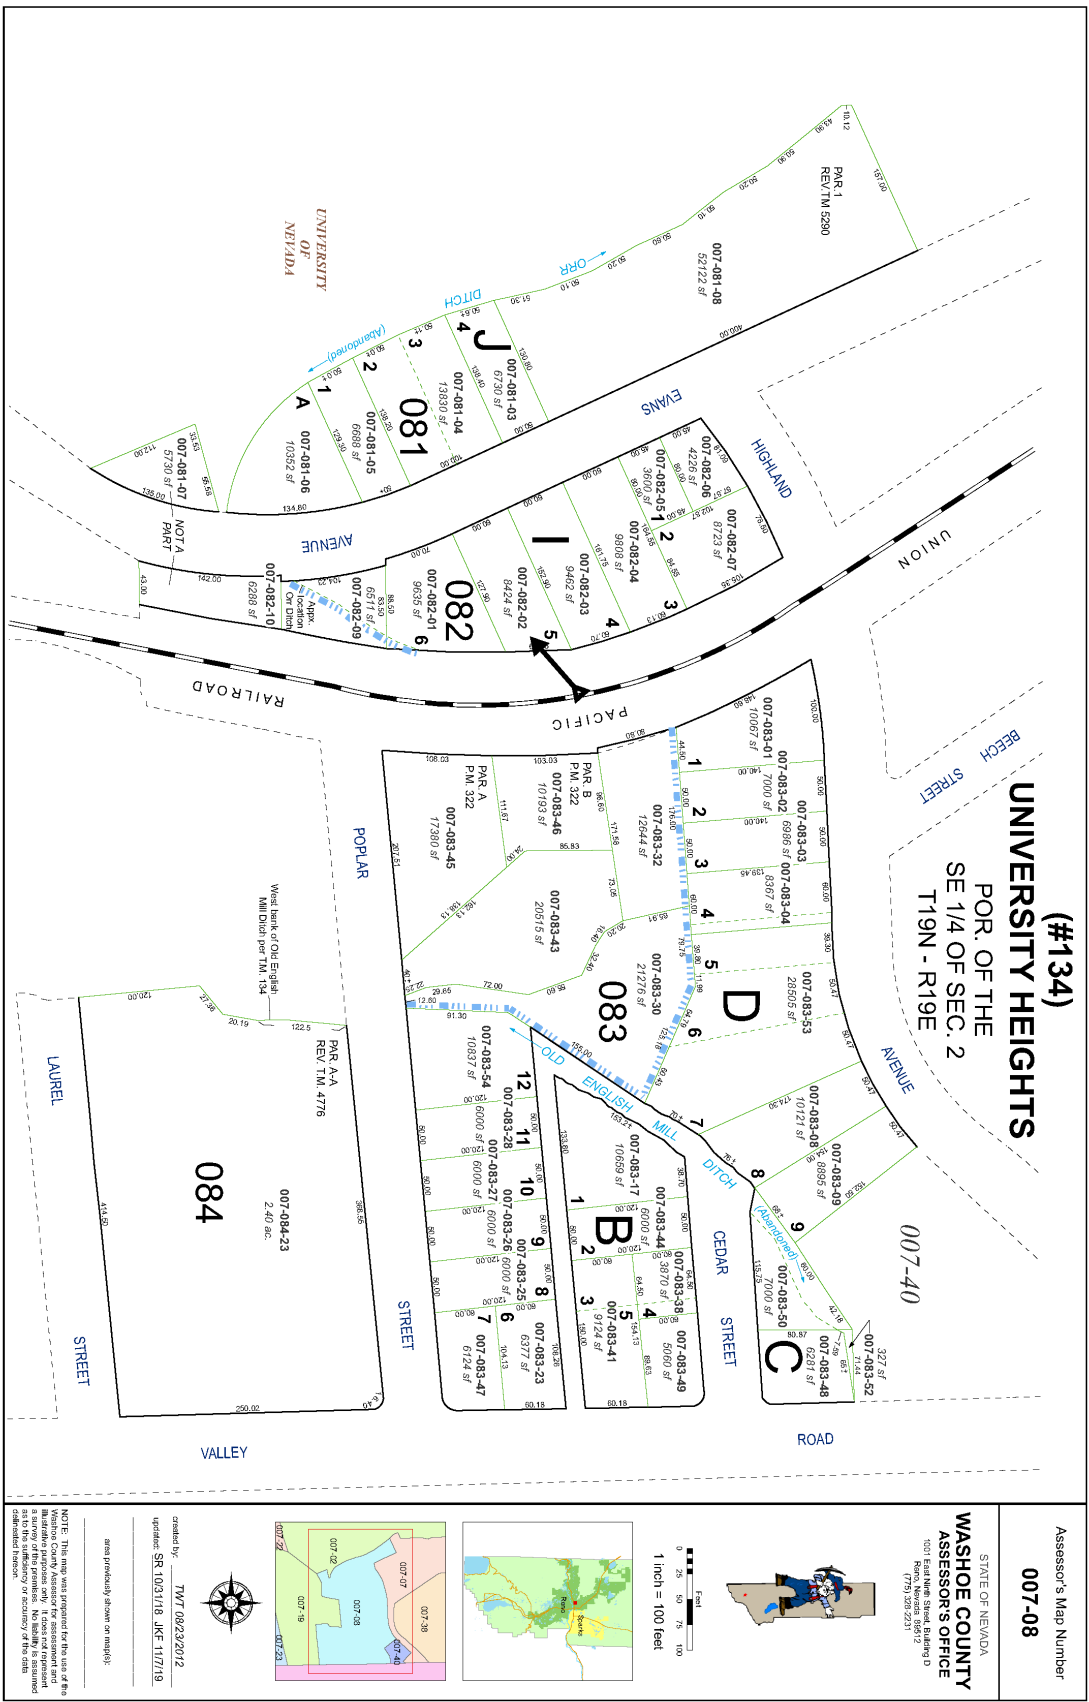

Order No.: 02006761-CD

EXHIBIT A

All that certain real property situate in the County of Washoe, State of Nevada, described as follows:

Lot 5 in Block I as shown on the official plat of University Heights, Tract [Map No. 134](#), according to the map thereof, filed in the office of the County Recorder of Washoe County, State of Nevada, on July 2, 1907, as File No. 2091, Official Records.

APN: 007-082-02

This [map/plot](#) is being furnished as an aid in locating the herein described Land in relation to adjoining streets, natural boundaries and other land, and is not a survey of the land depicted. Except to the extent a policy of title insurance is expressly modified by endorsement, if any, the Company does not insure dimensions, distances, location of easements, acreage or other matters shown thereon.

ATTACHMENT ONE (Revised 05-06-16)

CALIFORNIA LAND TITLE ASSOCIATION STANDARD COVERAGE POLICY – 1990

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy and the Company will not pay loss or damage, costs, attorneys' fees or expenses which arise by reason of:

1. (a) Any law, ordinance or governmental regulation (including but not limited to building or zoning laws, ordinances, or regulations) restricting, regulating, prohibiting or relating (i) the occupancy, use, or enjoyment of the land; (ii) the character, dimensions or location of any improvement now or hereafter erected on the land; (iii) a separation in ownership or a change in the dimensions or area of the land or any parcel of which the land is or was a part; or (iv) environmental protection, or the effect of any violation of these laws, ordinances or governmental regulations, except to the extent that a notice of the enforcement thereof or a notice of a defect, lien, or encumbrance resulting from a violation or alleged violation affecting the land has been recorded in the public records at Date of Policy.
- (b) Any governmental police power not excluded by (a) above, except to the extent that a notice of the exercise thereof or notice of a defect, lien or encumbrance resulting from a violation or alleged violation affecting the land has been recorded in the public records at Date of Policy.
2. Rights of eminent domain unless notice of the exercise thereof has been recorded in the public records at Date of Policy, but not excluding from coverage any taking which has occurred prior to Date of Policy which would be binding on the rights of a purchaser for value without knowledge.
3. Defects, liens, encumbrances, adverse claims or other matters:
 - (a) whether or not recorded in the public records at Date of Policy, but created, suffered, assumed or agreed to by the insured claimant;
 - (b) not known to the Company, not recorded in the public records at Date of Policy, but known to the insured claimant and not disclosed in writing to the Company by the insured claimant prior to the date the insured claimant became an insured under this policy;
 - (c) resulting in no loss or damage to the insured claimant;
 - (d) attaching or created subsequent to Date of Policy; or
 - (e) resulting in loss or damage which would not have been sustained if the insured claimant had paid value for the insured mortgage or for the estate or interest insured by this policy.
4. Unenforceability of the lien of the insured mortgage because of the inability or failure of the insured at Date of Policy, or the inability or failure of any subsequent owner of the indebtedness, to comply with the applicable doing business laws of the state in which the land is situated.
5. Invalidity or unenforceability of the lien of the insured mortgage, or claim thereof, which arises out of the transaction evidenced by the insured mortgage and is based upon usury or any consumer credit protection or truth in lending law.
6. Any claim, which arises out of the transaction vesting in the insured the estate of interest insured by this policy or the transaction creating the interest of the insured lender, by reason of the operation of federal bankruptcy, state insolvency or similar creditors' rights laws.

EXCEPTIONS FROM COVERAGE - SCHEDULE B, PART I

This policy does not insure against loss or damage (and the Company will not pay costs, attorneys' fees or expenses) which arise by reason of:

1. Taxes or assessments which are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the public records.
Proceedings by a public agency which may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the public records.
2. Any facts, rights, interests, or claims which are not shown by the public records but which could be ascertained by an inspection of the land or which may be asserted by persons in possession thereof.
3. Easements, liens or encumbrances, or claims thereof, not shown by the public records.
4. Discrepancies, conflicts in boundary lines, shortage in area, encroachments, or any other facts which a correct survey would disclose, and which are not shown by the public records.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b) or (c) are shown by the public records.
6. Any lien or right to a lien for services, labor or material not shown by the public records.

CLTA HOMEOWNER'S POLICY OF TITLE INSURANCE (12-02-13) ALTA HOMEOWNER'S POLICY OF TITLE INSURANCE

EXCLUSIONS

In addition to the Exceptions in Schedule B, You are not insured against loss, costs, attorneys' fees, and expenses resulting from:

1. Governmental police power, and the existence or violation of those portions of any law or government regulation concerning:
 - a. building;
 - b. zoning;
 - c. land use;
 - d. improvements on the Land;

- e. land division; and
 - f. environmental protection.
- This Exclusion does not limit the coverage described in Covered Risk 8.a., 14, 15, 16, 18, 19, 20, 23 or 27.
2. The failure of Your existing structures, or any part of them, to be constructed in accordance with applicable building codes. This Exclusion does not limit the coverage described in Covered Risk 14 or 15.
 3. The right to take the Land by condemning it. This Exclusion does not limit the coverage described in Covered Risk 17.
 4. Risks:
 - a. that are created, allowed, or agreed to by You, whether or not they are recorded in the Public Records;
 - b. that are Known to You at the Policy Date, but not to Us, unless they are recorded in the Public Records at the Policy Date;
 - c. that result in no loss to You; or
 - d. that first occur after the Policy Date - this does not limit the coverage described in Covered Risk 7, 8.e., 25, 26, 27 or 28.
 5. Failure to pay value for Your Title.
 6. Lack of a right:
 - a. to any land outside the area specifically described and referred to in paragraph 3 of Schedule A; and
 - b. in streets, alleys, or waterways that touch the Land.

This Exclusion does not limit the coverage described in Covered Risk 11 or 21.
 7. The transfer of the Title to You is invalid as a preferential transfer or as a fraudulent transfer or conveyance under federal bankruptcy, state insolvency, or similar creditors' rights laws.
 8. Contamination, explosion, fire, flooding, vibration, fracturing, earthquake, or subsidence.
 9. Negligence by a person or an Entity exercising a right to extract or develop minerals, water, or any other substances.

LIMITATIONS ON COVERED RISKS

Your insurance for the following Covered Risks is limited on the Owner's Coverage Statement as follows:

- For Covered Risk 16, 18, 19, and 21 Your Deductible Amount and Our Maximum Dollar Limit of Liability shown in Schedule A.

The deductible amounts and maximum dollar limits shown on Schedule A are as follows:

	Your Deductible Amount	Our Maximum Dollar Limit of Liability
Covered Risk 16:	1.00% of Policy Amount Shown in Schedule A or \$2,500.00 (whichever is less)	\$ 10,000.00
Covered Risk 18:	1.00% of Policy Amount Shown in Schedule A or \$5,000.00 (whichever is less)	\$ 25,000.00
Covered Risk 19:	1.00% of Policy Amount Shown in Schedule A or \$5,000.00 (whichever is less)	\$ 25,000.00
Covered Risk 21:	1.00% of Policy Amount Shown in Schedule A or \$2,500.00 (whichever is less)	\$ 5,000.00

2006 ALTA LOAN POLICY (06-17-06)

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
 - (i) the occupancy, use, or enjoyment of the Land;
 - (ii) the character, dimensions, or location of any improvement erected on the Land;
 - (iii) the subdivision of land; or
 - (iv) environmental protection;
 or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.
- (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
 - (a) created, suffered, assumed, or agreed to by the Insured Claimant;
 - (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
 - (c) resulting in no loss or damage to the Insured Claimant;
 - (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 11, 13 or 14); or
 - (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Insured Mortgage.
4. Unenforceability of the lien of the Insured Mortgage because of the inability or failure of an Insured to comply with applicable doing-business laws of the state where the Land is situated.
5. Invalidity or unenforceability in whole or in part of the lien of the Insured Mortgage that arises out of the transaction evidenced by the Insured Mortgage and is based upon usury or any consumer credit protection or truth-in-lending law.
6. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction creating the lien of the Insured Mortgage, is

- (a) a fraudulent conveyance or fraudulent transfer, or
 - (b) a preferential transfer for any reason not stated in Covered Risk 13(b) of this policy.
7. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the Insured Mortgage in the Public Records. This Exclusion does not modify or limit the coverage provided under Covered Risk 11(b).

The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

EXCEPTIONS FROM COVERAGE

{Except as provided in Schedule B - Part II, this policy does not insure against loss or damage, and the Company will not pay costs, attorneys' fees or expenses, that arise by reason of:

{PART I

{The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records; (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.
2. Any facts, rights, interests, or claims that are not shown by the Public Records but that could be ascertained by an inspection of the Land or that may be asserted by persons in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records.
4. Any encroachment, encumbrance, violation, variation, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and not shown by the Public Records.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b), or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor or material not shown by the Public Records.

PART II

In addition to the matters set forth in Part I of this Schedule, the Title is subject to the following matters, and the Company insures against loss or damage sustained in the event that they are not subordinate to the lien of the Insured Mortgage:}

2006 ALTA OWNER'S POLICY (06-17-06)

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
 - (i) the occupancy, use, or enjoyment of the Land;
 - (ii) the character, dimensions, or location of any improvement erected on the Land;
 - (iii) the subdivision of land; or
 - (iv) environmental protection;
 or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.
- (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
 - (a) created, suffered, assumed, or agreed to by the Insured Claimant;
 - (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
 - (c) resulting in no loss or damage to the Insured Claimant;
 - (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 9 and 10); or
 - (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Title.
4. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction vesting the Title as shown in Schedule A, is
 - (a) a fraudulent conveyance or fraudulent transfer; or
 - (b) a preferential transfer for any reason not stated in Covered Risk 9 of this policy.
5. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the deed or other instrument of transfer in the Public Records that vests Title as shown in Schedule A.

The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

EXCEPTIONS FROM COVERAGE

This policy does not insure against loss or damage, and the Company will not pay costs, attorneys' fees or expenses, that arise by reason of:

{The above policy form may be issued to afford either Standard Coverage or Extended Coverage. In addition to the above Exclusions from Coverage, the Exceptions from Coverage in a Standard Coverage policy will also include the following Exceptions from Coverage:

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records; (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.
2. Any facts, rights, interests, or claims that are not shown in the Public Records but that could be ascertained by an inspection of the Land or that may be asserted by persons in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records.
4. Any encroachment, encumbrance, violation, variation, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and that are not shown by the Public Records.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b), or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor or material not shown by the Public Records. }
7. {Variable exceptions such as taxes, easements, CC&R's, etc. shown here.}

ALTA EXPANDED COVERAGE RESIDENTIAL LOAN POLICY – ASSESSMENTS PRIORITY (04-02-15)

EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy and the Company will not pay loss or damage, costs, attorneys' fees or expenses which arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to
 - (i) the occupancy, use, or enjoyment of the Land;
 - (ii) the character, dimensions, or location of any improvement erected on the Land;
 - (iii) the subdivision of land; or
 - (iv) environmental protection;or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5, 6, 13(c), 13(d), 14 or 16.
- (b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 5, 6, 13(c), 13(d), 14 or 16.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
 - (a) created, suffered, assumed, or agreed to by the Insured Claimant;
 - (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
 - (c) resulting in no loss or damage to the Insured Claimant;
 - (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 11, 16, 17, 18, 19, 20, 21, 22, 23, 24, 27 or 28); or
 - (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Insured Mortgage.
4. Unenforceability of the lien of the Insured Mortgage because of the inability or failure of an Insured to comply with applicable doing-business laws of the state where the Land is situated.
5. Invalidity or unenforceability in whole or in part of the lien of the Insured Mortgage that arises out of the transaction evidenced by the Insured Mortgage and is based upon usury, or any consumer credit protection or truth-in-lending law. This Exclusion does not modify or limit the coverage provided in Covered Risk 26.
6. Any claim of invalidity, unenforceability or lack of priority of the lien of the Insured Mortgage as to Advances or modifications made after the Insured has Knowledge that the vestee shown in Schedule A is no longer the owner of the estate or interest covered by this policy. This Exclusion does not modify or limit the coverage provided in Covered Risk 11.
7. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching subsequent to Date of Policy. This Exclusion does not modify or limit the coverage provided in Covered Risk 11(b) or 25.
8. The failure of the residential structure, or any portion of it, to have been constructed before, on or after Date of Policy in accordance with applicable building codes. This Exclusion does not modify or limit the coverage provided in Covered Risk 5 or 6.
9. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction creating the lien of the Insured Mortgage, is
 - (a) a fraudulent conveyance or fraudulent transfer, or
 - (b) a preferential transfer for any reason not stated in Covered Risk 27(b) of this policy.
10. Contamination, explosion, fire, flooding, vibration, fracturing, earthquake, or subsidence.
11. Negligence by a person or an Entity exercising a right to extract or develop minerals, water, or any other substances.

Note: Notice of Available Title Insurance and Escrow Discounts

Your transaction may qualify for one of the discounts shown below. In order to receive these discounts, you will need to contact your escrow officer or a company representative to determine if you qualify and to request the discount. Your escrow officer or company representative will provide a full description of the terms, conditions and requirements associated with each discount.

Available Title Insurance Discounts (These discounts will apply to all transactions where the company is issuing a policy of title insurance, including such transactions where the company is not providing escrow closing services.)

CREDIT FOR PRELIMINARY TITLE REPORTS AND/OR COMMITMENT CANCELLATION CHARGES ON SUBSEQUENT POLICIES

Where an order was cancelled and no major change in the title has occurred since the issuance of the original report or commitment, and the order is reopened within 24 - 36 months, all or a portion of the charge previously paid upon the cancellation of the report or commitment may be credited on a subsequent policy charge.

SHORT TERM RATE

The Short Term Rate is a reduction of the applicable insurance rate which is allowable only when the current order is placed within 60 months from the date of issuance of a prior policy of title insurance to the vested owner or an assignee of the interest insured. The short term rate is 80% of the Basic Rate. Unless otherwise stated, the reduction only applies to policies priced at 80% or greater of the basic rate. This reduction does not apply to Short Sale transactions or to any surcharge calculated on the basic rate.

PRIOR POLICY DISCOUNT (APPLICABLE TO ZONE 2, DIRECT OPERATIONS ONLY)

The Prior Policy Discount will apply when a seller or borrower provides a copy of their owner's policy upon opening escrow. The prior policy rate is 70% of the applicable owner's title premium. This discount may not be used in combination with any other discount and can only be used in transactions involving property located in Zone 2 (Zone 2 includes all Nevada counties except Clark, Lincoln and Nye) that are handled by a direct operation of the FNF Family of Companies.

CHURCHES OR CHARITABLE NON-PROFIT ORGANIZATIONS

On properties used as a church or for charitable purposes within the scope of the normal activities of such entities the charge for a policy shall be 50% to 70% of the appropriate title insurance rate, depending on the type of coverage selected. This discount shall not apply to charges for loan policies issued concurrently with an owner's policy.

EMPLOYEE RATE

No charge shall be made to employees of the Company, its subsidiary or affiliated companies (including employees on approved retirement) for policies issued in connection with financing, refinancing, sale or purchase of the employee's bonafide home property. Waiver of such charges is authorized only in connection with those costs which the employee would be obligated to pay, by established custom, as a party to the transaction.

INVESTOR RATE

This rate is available for individuals, groups of individuals or entities customarily engaged in real estate investments. The parties must provide reasonable proof that they currently hold title to or have transferred title to three (3) or more investment properties in the State of Nevada within the past twelve (12) months to qualify for this rate. On a sale transaction, the investor rate is 70% of the basic rate. This reduction does not apply to any surcharge calculated on the basic rate. On a refinance transaction or where the investor is obtaining a loan subsequent to a purchase, the rate shall be 85% of the applicable rate with a minimum charge of \$385.00. The loan discount shall only apply to transactions priced under Section 5.1 B (1b) of the title insurance rate manual. This rate is available upon request only.

Available Escrow Discounts These discounts will apply only to the escrow fee portion of your settlement charges, and the discounts will apply only if the company is issuing a policy of title insurance in conjunction with providing escrow services.

SENIOR CITIZEN RATE

If a valid identification is provided, principals to a given transaction who qualify as Senior Citizens (55 year of age and over) shall be charged 70% of their portion of the escrow fee wherein a valid identification is provided. This discount shall only apply on residential resale transactions wherein the principal resides in the subject property. This discount may not be used in combination with any other escrow rate discount. This rate is available upon request only.

MILITARY DISCOUNT

Any person on active military duty or a Veteran of the U.S. Armed Forces shall be charged 80% of their portion of the escrow fee. A copy of a current military identification card or a copy of the DD-214 (Certificate of Release or Discharge from Active Duty) must be provided. This discount may not be used in combination with any other discount. This rate is for sale transaction and it is available upon request only.

FIRST TIME HOMEBUYER RATE (APPLICABLE TO ZONE 2 ONLY)

A first time homebuyer of an owner-occupied residential property shall be charged 75% of their portion of the escrow fee, provided reasonable evidence is presented that this is their first home. Applies to all counties **except** Clark, Lincoln and Nye. This discount may not be used in combination with any other discount. This rate is for sale transactions and it is available upon request only.

EMPLOYEE RATES

An employee will not be charged an escrow fee for the purchase, sale or refinance of the employee's primary residence. The employee must be a principal to the transaction and the request for waiver of fees must be submitted to Management prior to approval.

INVESTOR RATE

This rate is available for individuals, groups of individuals or entities customarily engaged in real estate transactions. The parties must provide reasonable proof that they currently hold title to or have transferred title to three (3) or more investment properties within the State of Nevada within the past twelve (12) months to qualify for this rate. The charge is 70% of their portion of the escrow fee. This discount may not be used in combination with any other discount. This rate is for sale transactions and it is available upon request, only.

Wire Fraud Alert

This Notice is not intended to provide legal or professional advice. If you have any questions, please consult with a lawyer.

All parties to a real estate transaction are targets for wire fraud and many have lost hundreds of thousands of dollars because they simply relied on the wire instructions received via email, without further verification. **If funds are to be wired in conjunction with this real estate transaction, we strongly recommend verbal verification of wire instructions through a known, trusted phone number prior to sending funds.**

In addition, the following non-exclusive self-protection strategies are recommended to minimize exposure to possible wire fraud.

- **NEVER RELY** on emails purporting to change wire instructions. Parties to a transaction rarely change wire instructions in the course of a transaction.
- **ALWAYS VERIFY** wire instructions, specifically the ABA routing number and account number, by calling the party who sent the instructions to you. DO NOT use the phone number provided in the email containing the instructions, use phone numbers you have called before or can otherwise verify. **Obtain the phone number of relevant parties to the transaction as soon as an escrow account is opened.** DO NOT send an email to verify as the email address may be incorrect or the email may be intercepted by the fraudster.
- **USE COMPLEX EMAIL PASSWORDS** that employ a combination of mixed case, numbers, and symbols. Make your passwords greater than eight (8) characters. Also, change your password often and do NOT reuse the same password for other online accounts.
- **USE MULTI-FACTOR AUTHENTICATION** for email accounts. Your email provider or IT staff may have specific instructions on how to implement this feature.

FIDELITY NATIONAL FINANCIAL, INC. PRIVACY NOTICE

Effective January 1, 2020

Fidelity National Financial, Inc. and its majority-owned subsidiary companies (collectively, “FNF,” “our,” or “we”) respect and are committed to protecting your privacy. This Privacy Notice explains how we collect, use, and protect personal information, when and to whom we disclose such information, and the choices you have about the use and disclosure of that information.

A limited number of FNF subsidiaries have their own privacy notices. If a subsidiary has its own privacy notice, the privacy notice will be available on the subsidiary’s website and this Privacy Notice does not apply.

Collection of Personal Information

FNF may collect the following categories of Personal Information:

- contact information (e.g., name, address, phone number, email address);
- demographic information (e.g., date of birth, gender, marital status);
- identity information (e.g. Social Security Number, driver’s license, passport, or other government ID number);
- financial account information (e.g. loan or bank account information); and
- other personal information necessary to provide products or services to you.

We may collect Personal Information about you from:

- information we receive from you or your agent;
- information about your transactions with FNF, our affiliates, or others; and
- information we receive from consumer reporting agencies and/or governmental entities, either directly from these entities or through others.

Collection of Browsing Information

FNF automatically collects the following types of Browsing Information when you access an FNF website, online service, or application (each an “FNF Website”) from your Internet browser, computer, and/or device:

- Internet Protocol (IP) address and operating system;
- browser version, language, and type;
- domain name system requests; and
- browsing history on the FNF Website, such as date and time of your visit to the FNF Website and visits to the pages within the FNF Website.

Like most websites, our servers automatically log each visitor to the FNF Website and may collect the Browsing Information described above. We use Browsing Information for system administration, troubleshooting, fraud investigation, and to improve our websites. Browsing Information generally does not reveal anything personal about you, though if you have created a user account for an FNF Website and are logged into that account, the FNF Website may be able to link certain browsing activity to your user account.

Other Online Specifics

Cookies. When you visit an FNF Website, a “cookie” may be sent to your computer. A cookie is a small piece of data that is sent to your Internet browser from a web server and stored on your computer’s hard drive. Information gathered using cookies helps us improve your user experience. For example, a cookie can help the website load properly or can customize the display page based on your browser type and user preferences. You can choose whether or not to accept cookies by changing your Internet browser settings. Be aware that doing so may impair or limit some functionality of the FNF Website.

Web Beacons. We use web beacons to determine when and how many times a page has been viewed. This information is used to improve our websites.

Do Not Track. Currently our FNF Websites do not respond to “Do Not Track” features enabled through your browser.

Links to Other Sites. FNF Websites may contain links to unaffiliated third-party websites. FNF is not responsible for the privacy practices or content of those websites. We recommend that you read the privacy policy of every website you visit.

Use of Personal Information

FNF uses Personal Information for three main purposes:

- To provide products and services to you or in connection with a transaction involving you.
- To improve our products and services.
- To communicate with you about our, our affiliates’, and others’ products and services, jointly or independently.

When Information Is Disclosed

We may disclose your Personal Information and Browsing Information in the following circumstances:

- to enable us to detect or prevent criminal activity, fraud, material misrepresentation, or nondisclosure;
- to nonaffiliated service providers who provide or perform services or functions on our behalf and who agree to use the information only to provide such services or functions;
- to nonaffiliated third party service providers with whom we perform joint marketing, pursuant to an agreement with them to jointly market financial products or services to you;

- to law enforcement or authorities in connection with an investigation, or in response to a subpoena or court order; or
- in the good-faith belief that such disclosure is necessary to comply with legal process or applicable laws, or to protect the rights, property, or safety of FNF, its customers, or the public.

The law does not require your prior authorization and does not allow you to restrict the disclosures described above. Additionally, we may disclose your information to third parties for whom you have given us authorization or consent to make such disclosure. We do not otherwise share your Personal Information or Browsing Information with nonaffiliated third parties, except as required or permitted by law. We do share Personal Information among affiliates (other companies owned by FNF) to directly market to you. Please see “Choices with Your Information” to learn how to restrict that sharing.

We reserve the right to transfer your Personal Information, Browsing Information, and any other information, in connection with the sale or other disposition of all or part of the FNF business and/or assets, or in the event of bankruptcy, reorganization, insolvency, receivership, or an assignment for the benefit of creditors. By submitting Personal Information and/or Browsing Information to FNF, you expressly agree and consent to the use and/or transfer of the foregoing information in connection with any of the above described proceedings.

Security of Your Information

We maintain physical, electronic, and procedural safeguards to protect your Personal Information.

Choices With Your Information

If you do not want FNF to share your information among our affiliates to directly market to you, you may send an “opt out” request by email, phone, or physical mail as directed at the end of this Privacy Notice. We do not share your Personal Information with nonaffiliates for their use to direct market to you.

Whether you submit Personal Information or Browsing Information to FNF is entirely up to you. If you decide not to submit Personal Information or Browsing Information, FNF may not be able to provide certain services or products to you.

For California Residents: We will not share your Personal Information or Browsing Information with nonaffiliated third parties, except as permitted by California law. For additional information about your California privacy rights, please visit the “California Privacy” link on our website (<https://fnf.com/pages/californiaprivacy.aspx>) or call (888) 413-1748.

For Nevada Residents: You may be placed on our internal Do Not Call List by calling (888) 934-3354 or by contacting us via the information set forth at the end of this Privacy Notice. Nevada law requires that we also provide you with the following contact information: Bureau of Consumer Protection, Office of the Nevada Attorney General, 555 E. Washington St., Suite 3900, Las Vegas, NV 89101; Phone number: (702) 486-3132; email: BCPINFO@ag.state.nv.us.

For Oregon Residents: We will not share your Personal Information or Browsing Information with nonaffiliated third parties for marketing purposes, except after you have been informed by us of such sharing and had an opportunity to indicate that you do not want a disclosure made for marketing purposes.

For Vermont Residents: We will not disclose information about your creditworthiness to our affiliates and will not disclose your personal information, financial information, credit report, or health information to nonaffiliated third parties to market to you, other than as permitted by Vermont law, unless you authorize us to make those disclosures.

Information From Children

The FNF Websites are not intended or designed to attract persons under the age of eighteen (18). We do not collect Personal Information from any person that we know to be under the age of thirteen (13) without permission from a parent or guardian.

International Users

FNF’s headquarters is located within the United States. If you reside outside the United States and choose to provide Personal Information or Browsing Information to us, please note that we may transfer that information outside of your country of residence. By providing FNF with your Personal Information and/or Browsing Information, you consent to our collection, transfer, and use of such information in accordance with this Privacy Notice.

FNF Website Services for Mortgage Loans

Certain FNF companies provide services to mortgage loan servicers, including hosting websites that collect customer information on behalf of mortgage loan servicers (the “Service Websites”). The Service Websites may contain links to both this Privacy Notice and the mortgage loan servicer or lender’s privacy notice. The sections of this Privacy Notice titled When Information is Disclosed, Choices with Your Information, and Accessing and Correcting Information do not apply to the Service Websites. The mortgage loan servicer or lender’s privacy notice governs use, disclosure, and access to your Personal Information. FNF does not share Personal Information collected through the Service Websites, except as required or authorized by contract with the mortgage loan servicer or lender, or as required by law or in the good-faith belief that such disclosure is necessary: to comply with a legal process or applicable law, to enforce this Privacy Notice, or to protect the rights, property, or safety of FNF or the public.

Your Consent To This Privacy Notice; Notice Changes; Use of Comments or Feedback

By submitting Personal Information and/or Browsing Information to FNF, you consent to the collection and use of the information in accordance with this Privacy Notice. We may change this Privacy Notice at any time. The Privacy Notice’s effective date will show the last date changes were made. If you provide information to us following any change of the Privacy Notice, that signifies your assent to and acceptance of the changes to the Privacy Notice. We may use comments or feedback that you submit to us in any manner without notice or compensation to you.

Accessing and Correcting Information; Contact Us

If you have questions, would like to correct your Personal Information, or want to opt-out of information sharing for affiliate marketing, send your requests to privacy@fnf.com, by phone to (888) 934-3354, or by mail to:

Fidelity National Financial, Inc.
