

# Petition to Reinstate NSHE Masking Requirement

**\*\* PETITION UPDATE:** As of 8:25pm on Thursday, February 10th this petition has been opened up to anyone from any NSHE institution. It is our hope that we can provide a united front to the NSHE Board of Regents, expressing our deep concern with the repeal of the masking mandate. **\*\***

On the morning of Thursday, February 10th, Governor Sisolak ended the mask mandate in Nevada, effective immediately. During his press conference, he removed all masking requirements for schools.

(<https://www.reviewjournal.com/local/education/students-teachers-in-nevada-no-longer-will-need-to-wear-masks-2527402/>). NSHE institutions quickly followed, lifting mask mandates the same day.

Many of us are concerned about the repercussions of eliminating the mask requirement at the collegiate level, and how lifting this requirement will impact our quality of work and life.

This is an open petition for anyone at any NSHE institution sponsored by the Nevada Graduate Student Workers. Nevada Graduate Student Workers is a collective of graduate assistants seeking to improve working conditions, based out of UNR. (Contact us: <https://forms.gle/TWDmQySRbmWLjoKHA>).

## PETITION TO all NSHE leadership:

We the undersigned call on all NSHE leadership to keep the masking requirement in place through the Spring 2022 semester as long as the community transmission rate is substantial or higher, as reported by our county health districts/departments (1). This is in line with CDC guidelines for Institutions of Higher Education (2) and with practices at universities in other states that do not have statewide masking requirements, such as The University of Arizona (3) and the Ohio State University (4). In fact, The University of Arizona has seen a decrease in campus covid numbers since retaining their mask requirement (5).

This will enable us to have an in-person presence throughout the remainder of the Spring 2022 semester, as is clearly preferred by the majority of workers and attendees. Our petition was originally rooted in the safety and comfort of everyone at UNR, as well as the desire to limit the number of absences due to infection. We have since expanded our petition to be rooted in the safety and comfort for anyone at any NSHE institution, as we call on the Board of Regents for change.

**Comment:**

As a student and Las Vegas, born and raised, it would be an irresponsible misstep to allow Trustees Carter & McAdoo to return back to their officer positions. They have displayed unprofessional behavior and engaged in ethical violations that should not warrant their return to their seats.

The entire board needs to reconcile and unite together for the good of our public education system in Nevada – but it would not be helpful to have two individuals who are clearly problematic and unethical. Folks need to be held accountable, but they also need to face the consequences of their actions.

**Agenda Item:** Mask mandate

**In Favor / Opposed / Other:** In Favor

**Comment:**

I work for University Libraries. Our service desks require working in close proximity. Since Dec, 3 of my student workers have come down with Covid. Because we followed the mask mandate, it was not shared from the infected person to the rest of the the office, even though we worked side by side for extended periods with our teammates. One of my students had her 2 housemates get sick. My student wore her mask inside her house, and never got sick.

Masks work.

Let us not be a part of not placing additional burden on hospital staff. Let us not cause additional stress and strain on already understaffed front line service points.

Wearing masks, like wearing seatbelts, is the right thing to do. It is past time for NSHE & the Board of Regents to do the right thing for the health, welfare, and safety of the NSHE community.

Thank you.

I'm reaching out in support of Regent Cathy McAdoo. I have had the pleasure of knowing Regent McAdoo for many years. We worked together when she was member of the Elko Area Chamber as the Executive Director of PACE Coalition, and later when she was Chamber Board Member. Cathy has the distinction of not only being a strong leader, but she also cares deeply for others. I have never seen anyone as pleased and honored as the day she was elected to the Board of Regents. She saw this opportunity as a way to create opportunities for underserved students and improve education in Nevada, especially the rural areas. Cathy has a passion for the State of Nevada and the Higher Education. I find Regent McAdoo to be fair and ethical, mentoring me as I took over the leadership role at the Chamber. She always had our community and the Chamber's best interest at heart. Cathy is an asset to our education system and I hope she is allowed to continue as a Regent.

**Comment:**

I am requesting the Board of Regents consider a mask requirement for all NSHE campuses for the remainder of the semester or until we are in low transmission in our various communities. We have many medically vulnerable and/or immunocompromised faculty and students who are now in danger every time they step foot in a classroom. Most of our classrooms are not well ventilated. There are currently no Covid19 mitigation efforts in place at our universities. Faculty who are trying to prioritize safety by moving to Zoom or asking students to mask are not permitted to do so. Please put the health of our campus communities first.

**Comment:**

On February 10 Governor Sisolak caved to political pressures and lifted Nevada's mask mandate even though COVID test positivity rates and transmission rates remain high throughout the state. Faculty and students at NSHE institutions, who must spend long periods of time among large groups of people indoors in crowded classrooms, are understandably upset. Section 6 of the governor's directive states: "Nothing in this Directive shall be interpreted to prohibit any local health authority, local government entity, school district, charter or private school, private business or employer, or other person or entity from enacting a policy that requires the use of face coverings." Yet NSHE and administrators at UNR, where I work, have ignored this section of the directive, instead issuing blanket prohibitions on such actions and falsely claiming that the law does not allow them to impose stricter COVID mitigation measures than the state. Faculty who have tried to ensure their own and students' safety by continuing to require masks in their classrooms have been harassed and intimidated by administrators. The lack of leadership at all levels on this issue has created conflict and chaos that interferes with student learning. The Board of Regents must act to either reinstate the mask mandate systemwide or allow institutions and faculty some leeway to take sensible public health measures where community transmission of COVID-19 remains high.

**Comment:**

Our University Regent system is broken and is not serving our students or our community. Several regents have blatant disregard for the safety of our campuses and have created hostile environments. We deserve regents that do not spew hateful or racist comments, intimidate their constituents by open-carrying guns at public meetings, or who align themselves with the Proud Boys. As representatives of one of the most diverse states in the nation, they are not fit to serve on our Board of Regents. Recent examples that have come to light include clear violations in representing the constituents they serve. Action must be taken.

**Comment:**

I'm deeply concerned by the actions and statement taken by members of the elected NSHE body. After I shared a petition calling on two regents to resign, I've been shocked by the number of university employees who have reached out to share their own horror stories of enduring racism, sexism, and intimidation from some of the regents...specifically Patrick J. Boylan and Byron Brooks. We can not wait for another election, they need to resign now.
