1. AGENDA ITEM TITLE:  Upcoming Vacancies in the Office of President, Great Basin College (GBC)

MEETING DATE:  November 30 – December 1, 2023

2. BACKGROUND & POLICY CONTEXT OF ISSUE:

GBC President Helens announced her intent to retire effective June 30, 2024, and to not seek a contract renewal. In light of this future vacancy in the Office of the GBC President, and in accordance with Title 2, Chapter 1, Section 1.5.5 of the Board of Regents Handbook, on November 3, 2023, Interim Chancellor Charlton and Chair of the Board Brooks met with GBC’s “major constituencies, including the representatives of faculty and classified senates or their equivalents, and student government representatives of the institution to receive their suggestions and input for the appointment of an acting or interim President.”

Participation by the GBC community included representatives from:

- 26 GBC academic and administrative faculty (forum);
- 18 GBC classified staff (forum);
- 6 GBC campus leaders (executive team, deans, and executive directors);
- 2 GBC Site Directors;
- 8 GBC Foundation members and GBC Institutional Advisory Council members;
- 12 GBC Community Leaders; and
- 9 GBC students.

Stakeholder participation was consistent with Title 2, Chapter 1, Section 1.5.5 and included representatives of the faculty and classified senates, along with student government representatives. Additional discussions included representatives of the executive and leadership staff, site directors, faculty, students, institutional advisory council, foundation trustees, and community representatives.

Overall, there was a consensus among GBC constituents that it would be appropriate for the Board of Regents to appoint Dr. Amber Donnelli as GBC Interim President. The GBC constituents also expressed a strong desire for the Board of Regents to appoint an individual with existing connections to the general GBC community, and who has a deep understanding of the mission of a rural college, such as GBC. A minority of the GBC constituents indicated that the Board of Regents also consider a search process for the position of GBC president.

3. SPECIFIC ACTIONS BEING RECOMMENDED OR REQUESTED:

Interim Chancellor Charlton requests approval for Dr. Amber Donnelli to be appointed as GBC Interim President effective July 1, 2024, pursuant to Title 2, Chapter 1, Section 1.5.5 of the Board of Regents Handbook. An employment contract and terms for such appointment will be presented to the Board of Regents at a future meeting, prior to June 30, 2024.

4. IMPETUS (WHY NOW?):

The GBC presidential vacancy will occur in June 2024. On November 3, 2023, well in advance of that vacancy, Interim Chancellor Charlton and Board of Regents Chair Brooks interviewed both internal and external stakeholders, in accordance with Board of Regents policies and procedures, in order to ascertain if an Acting President or Interim President should be identified and for the Board to determine if a presidential search would be initiated. These interviews were held in that time frame to allow time for a search, if a search were to be recommended, and to allow for a smooth leadership transition, if an Interim President were to be recommended.
