

## BOARD OF REGENTS

### BRIEFING PAPER

#### **1. AGENDA ITEM TITLE: University of Nevada, Reno- Authorization to Purchase Real Property located at 701 Evans Avenue in Reno, Nevada - APN 007-223-07**

**MEETING DATE:** June 12 & 13, 2025

#### **2. BACKGROUND & POLICY CONTEXT OF ISSUE:**

This purchase of real property requires Board approval pursuant to the Board of Regents Handbook Title 4, Chapter 10, Section 1(9), Table 9.1.

**Location of the Property:** Located within a residential area of the University of Nevada, Reno's faculty and staff housing, "University Village". (Exhibit 1)

**Property Description:** A duplex with approx. 1,350 square feet on a 0.10-acre lot. Each unit contains one bedroom and one bathroom. Washoe Assessor Parcel # 007-223-07. (Exhibit 2)

**Zoning:** University of Nevada Regional Center Plan. This zoning allows for current use and the most flexible zoning entitlement for UNR's future master planning and eventual development.

**Purchase Price:** As determined by an appraisal, the purchase price is \$650,000.

**Offer and Acceptance Agreement:** The signed agreement is attached, using the approved NSHE Counsel/Director of Real Estate Planning template residential Offer and Acceptance Agreement, and further reviewed and approved by the University of Nevada, Reno General Counsel. (Exhibit 3a) Addenda Nos. 1 and 2 to the Offer and Acceptance Agreement are attached as Exhibits 3b and 3c, respectively.

**Appraisal:** An appraisal by Peggy Zoeters, Certified General Appraiser, valued the property on March 1, 2025, at \$650,000. (Exhibit 4)

**Phase I Environmental Report:** A Phase I survey was completed by UES. This assessment revealed no evidence of recognized environmental conditions or controlled recognized environmental conditions in connection with the property, except for two underground oil tanks. A tightness test was conducted on the tanks, resulting in a failure of one and a non-conclusive test result from the second. (Exhibit 5) As a condition of the sale, the Seller shall remove the underground storage tanks and perform any remediation if leaking is discovered as part of the removal process. The cost of removal and remediation shall be borne by Seller; provided, however, if removal of the tanks determines that either tank did not leak, the University will, upon the successful close of escrow, reimburse the Seller for the costs of removal of the non-leaking tank(s), in an amount not exceed \$40,000. (Exhibit 3c)

**Asbestos Inspection:** Asbestos inspection was completed. No recommendations were made for the current use. Should future renovation or demolition of the onsite building occur, a comprehensive asbestos assessment will need to be performed. (Exhibit 6)

**Condition of Sale:** **The seller shall remove the underground storage tanks and perform a complete remediation clean up of any adverse environmental conditions due to the removals.** (Exhibit 3c) An environmental report will be issued following the removal of the tanks.

**Title Report:** The University of Nevada, Reno Real Estate reviewed and approved the preliminary title report. A title report and insurance are to be provided by Ticor Title at the time of closing. (Exhibit 7)

**Source of Funds for Purchase:** The University Property Acquisitions Account and Property Management Account.

**Intended Use:** Like the other University owned residential properties, this property will be managed through the University of Nevada, Reno Real Estate Office and will provide immediate residential housing for graduate students, faculty, and staff, as well as the opportunity for future campus expansion.

**Resolution:** The University of Nevada, Reno, seeks Board of Regents approval of a resolution approving the purchase, for US\$650,000, of the real property located at 701 Evans Avenue in Reno, Nevada, on Washoe County Assessor Parcel Number: 007-223-07 and authorizing the Chancellor or designee to execute the sale agreement, any non-material or corrective amendments to the sale agreement, and any other ancillary agreements, documents, or applications that may be required to implement the sale agreement. All such amendments and ancillary documents shall be reviewed and approved by the Chancellor, and NSHE Chief General Counsel, or, at the NSHE Chief General Counsel's request, NSHE Special Real Property Counsel, to confirm that they are necessary to implement the terms and conditions required to finalize the sale, as approved by the Board of Regents. (Exhibit 8)

### **3. SPECIFIC ACTIONS BEING RECOMMENDED OR REQUESTED:**

University of Nevada, Reno President Brian Sandoval is requesting Board of Regents approval of a resolution approving the purchase, for US\$650,000, of the real property located at 701 Evans Avenue in Reno, Nevada, on Washoe County Assessor Parcel Number: 007-223-07. President Sandoval further requests that the Chancellor or designee be granted authority to execute the purchase agreement, review and approve environmental conditions report(s), any non-material or corrective amendments to the purchase agreement, and any other ancillary agreements, documents, or applications that may be required to implement the purchase agreement. All such amendments and ancillary documents shall be reviewed and approved by the Chancellor, and NSHE Chief General Counsel, or, at the NSHE Chief General Counsel's request, NSHE Special Real Property Counsel, to confirm that they are necessary to implement the terms and conditions required to finalize the sale, as approved by the Board of Regents.

### **4. IMPETUS (WHY NOW?):**

- This acquisition would add to an assemblage of properties owned by the University as a key area of future growth.
- Property is available for sale now at fair market value
- The University housing inventory for graduate students, faculty, and staff needs to be increased.
- Increase housing available immediately.

### **5. CHECK THE NSHE STRATEGIC PLAN GOAL THAT IS SUPPORTED BY THIS REQUEST:**

**X Access (Increase access to higher education)**

**X Success (Improve student success)**

**Close Institutional Performance Gaps**

**Workforce (Meet workforce needs in Nevada)**  
**Research (Increase solutions-focused research)**  
**Coordination, Accountability, and Transparency (Ensure system coordination, accountability, and transparency)**  
 **Not Applicable to NSHE Strategic Plan Goals**

## **6. INDICATE HOW THE PROPOSAL SUPPORTS THE SPECIFIC STRATEGIC PLAN GOAL**

- Increase supply of affordable housing to help support graduate student recruitment and success, as well as staff/faculty recruitment and retention.
- Provides expansion land for the University campus to support the university's future growth and initiatives.
- Acquisition will assist in the development of the University Village.

## **7. BULLET POINTS TO SUPPORT REQUEST/RECOMMENDATION:**

- Increase affordable housing for graduate students, faculty, and staff.
- Valuable potential of a property within the University Village.
- The property is located adjacent to the UNR Campus.
- Property is available now at appraised value.

## **8. POTENTIAL ARGUMENTS AGAINST THE REQUEST/RECOMMENDATION:**

None have been brought forward at this time.

## **9. ALTERNATIVE(S) TO WHAT IS BEING REQUESTED/RECOMMENDED:**

Pass on the opportunity and do not add it to the inventory of opportunities for needed housing.

## **10. RECOMMENDATION FROM THE CHANCELLOR'S OFFICE:**

The Chancellor's Office recommends approval.

## **11. COMPLIANCE WITH BOARD POLICY:**

Consistent With Current Board Policy: Title # 4 Chapter # 10 Section # 1(9), Table 1.9  
 Amends Current Board Policy: Title # \_\_\_\_\_ Chapter # \_\_\_\_\_ Section # \_\_\_\_\_  
 Amends Current Procedures & Guidelines Manual: Chapter # \_\_\_\_\_ Section # \_\_\_\_\_  
 Other: \_\_\_\_\_  
 Fiscal Impact: Yes X No \_\_\_\_\_

Explain: Expenditure of \$650,000 and closing costs from the University Acquisition Fund and Property Management Account. The property will generate rental income to support its use and operation as a rental property.

**1 ADDITIONAL TERMS AND CONDITIONS**

2 1. Purchase Price shall be determined by an appraisal ordered by the Buyer. If the appraised value is  
 3 less than \$600,000 the Seller does not have to sell and the Seller may terminate this Agreement. If the  
 4 appraised value is more than \$700,000 the Buyer does not have to buy and the Buyer may terminate this  
 5 Agreement. Property will be vacant of tenants and there will be no leases for occupancy at the close of  
 6 escrow.  
 7 2. This agreement is contingent upon the approval of the terms of the purchase by the Board of Regents of  
 8 the Nevada System of Higher Education. If the Board of Regents, in its sole and absolute discretion does  
 9 not approve the terms of the proposed agreement, the offer made herein shall be deemed null and void  
 10 without necessity of further documentation and shall be deemed to be of no binding effect whatsoever.

11 **9 VERIFICATION OF INFORMATION** Any information relating to square footage, land or its use, and/or improvements  
 12 of the land are approximate or estimates only, and neither SELLER nor Brokers make any representation or guarantee  
 13 regarding their accuracy. Any oral or written representations by SELLER or Brokers regarding the age of improvements,  
 14 size, or square footage of a parcel or building, or the location of property lines, may not be accurate. Apparent boundary line  
 15 indicators such as fences, hedges, walls, or other barriers may not represent the true boundary lines. Brokers are not  
 16 obligated to investigate the status of permits, zoning, or code compliance. BUYER to satisfy any concerns with conditions  
 17 that are an important or critical element of the purchase decision. BUYER agrees they have not received or relied upon any  
 18 representation by Brokers or SELLER with respect to the condition of the Property not contained in this Agreement. The  
 19 information contained in the Multiple Listing Service, computer, advertisements, and feature sheets pertaining to the Property  
 20 are not warranted or guaranteed by Brokers. Errors and/or omissions in inputting information, while uncommon, are  
 21 possible. BUYER will be responsible for verifying the accuracy of such information. Deposit of all funds necessary to close  
 22 escrow will be deemed final acceptance of the Property. SELLER agrees to hold Brokers harmless and to defend and  
 23 indemnify them from any claim, demand, action, or proceeding resulting from any omission or alleged omission by  
 24 SELLER.

25 **24 FINAL WALKTHROUGH** BUYER will have the right to a final walkthrough prior to COE.

26 **26 PHYSICAL POSSESSION** Physical possession of the Property with any keys to Property locks, community mailboxes,  
 27 alarms, and garage door openers will be delivered to BUYER  upon recordation of the deed; **OR**  Short Term  
 28 Agreement to Occupy After COE; **OR**  Residential Lease/Rental Agreement.

29 **30 NEVADA LAW TO APPLY** Nevada law will apply to the interpretation and enforcement of this Agreement.

30 **32 MEDIATION** If a dispute arises out of or relates to this Agreement or its breach, the parties are aware the local  
 31 Association of REALTORS® has a Dispute Resolution Service (DRS) available. A DRS brochure is available upon request.

31 **35 ATTORNEY FEES** In the event either party is required to engage the services of an attorney to enforce this Agreement,  
 32 the prevailing party in any proceeding will be entitled to an award of reasonable attorney's fees, legal expenses, and costs.

32 **38 CODE OF ETHICS** Not all real estate licensees are REALTOR(S)®. A REALTOR® is a member of the National  
 33 Association of REALTORS® and therefore subscribes to a higher ethical standard, known as the REALTOR® Code of  
 34 Ethics. To receive a copy of the REALTOR® Code of Ethics, ask your real estate professional or the local Association of  
 35 REALTORS®.

35 **43 PROFESSIONAL CONSULTATION ADVISORY** A real estate Broker is qualified to advise on real estate. The parties  
 36 are advised to consult with appropriate professionals including, but not limited to, engineers, surveyors, appraisers, lawyers,  
 37 CPAs, or other professionals on specific topics, including but not limited to, land use regulation, boundaries and setbacks,  
 38 square footage, physical condition, legal, tax, water rights, and other consequences of the transaction.

36 **48 COUNTERPARTS AND SIGNATURES** BUYER and SELLER acknowledge and agree this Agreement may be  
 37 executed in counterparts, each of which will be deemed an original and all of which together will constitute one and the same  
 38 instrument. BUYER and SELLER agree that this Agreement may be conducted by electronic delivery, and signatures so  
 39 transmitted will be acceptable for all purposes. Signatures transmitted by electronic delivery will be deemed original  
 40 signatures.

1  / / / / **LIQUIDATED DAMAGES** If BUYER fails to complete the purchase of the Property  
 2 as provided by this Agreement by reason of any default of BUYER, SELLER will be released from the obligation to sell the  
 3 Property to BUYER and may proceed against BUYER upon any claim or remedy which SELLER may have in law or equity;  
 4 or BUYER and SELLER acknowledge and agree that it would be impractical and/or extremely difficult to fix or establish  
 5 actual damages sustained by SELLER as a result of such a default by BUYER and agree the  Amount of Deposit(s), or  
 6  \$ \_\_\_\_\_ made by BUYER is a reasonable approximation. Accordingly, in the event BUYER defaults in the  
 7 performance of this Agreement, the above stated amount will constitute and be deemed to be the agreed amount and  
 8 liquidated damages of SELLER and will be forfeited by BUYER to SELLER. SELLER agrees to waive all other remedies  
 9 against BUYER which SELLER might otherwise have in law or equity by reason of such default by BUYER.  
 10 If a dispute arises out of or relates to this Agreement, or its breach, the parties are aware that the local Association of  
 11 REALTORS® has a Dispute Resolution Service (DRS) available. A DRS brochure is available upon request. Alternatively  
 12 parties may seek mediation services through the American Arbitration Association.

Re: Property: 701 Evans Avenue  
Reno, NV 89512  
Borrower: n/a  
File No.: 25-02014

Opinion of Value: \$ 650,000  
Effective Date: 03/01/2025

In accordance with your request, I have appraised the above referenced property. The report of that appraisal is attached. The purpose of this appraisal is to estimate the "as-is" market value of the property described in this appraisal report in unencumbered fee simple title of ownership.

This report is based on an interior and exterior inspection of the site and improvements, a locational analysis of the neighborhood and city, and an economic analysis of the market for properties such as the subject and interviews with several real estate professionals. All of the backup data is contained in my file and is available upon request.

The appraisal was developed and the report was prepared in accordance with the Uniform Standards of Professional Appraisal Practice. The appraisal is also intended to comply with the FIRREA guidelines as issued under Title XI.

No obvious signs of hazardous contamination were noted at the time of inspection. In addition, although it is older, the structure appears to be sound. However, the reader is reminded that I am not an environmental engineer or a structural engineer, and I performed a visual inspection of accessible areas only. This appraisal report should not be used as an environmental or structural inspection, and this report does not warrant the environmental or structural condition of the property. It is assumed that there are no environmental or structural conditions impacting the subject property. The reader is reminded that the use of extraordinary assumptions may affect appraisal results.

It is noted that, as part of the value estimate, I did consider the assemblage value of the subject property to the University of Nevada, Reno, as many of the surrounding properties are owned by the University.

The value conclusions reported are as of the effective date stated in the body of the report and contingent upon the certification and limiting conditions attached.

Sincerely,

Peggy L. Zoeters

## APPRAISAL AND REPORT IDENTIFICATION

This Report is one of the following types:

Appraisal Report (A written report prepared under Standards Rule 2-2(a), pursuant to the Scope of Work, as disclosed elsewhere in this report.)

Restricted Appraisal Report (A written report prepared under Standards Rule 2-2(b), pursuant to the Scope of Work, as disclosed elsewhere in this report, restricted to the stated intended use by the specified client or intended user.)

### Comments on Standards Rule 2-3

I certify that, to the best of my knowledge and belief:

- The statements of fact contained in this report are true and correct.
- The reported analyses, opinions, and conclusions are limited only by the reported assumptions and limiting conditions and are my personal, impartial, and unbiased professional analyses, opinions, and conclusions.
- Unless otherwise indicated, I have no present or prospective interest in the property that is the subject of this report and no personal interest with respect to the parties involved.
- Unless otherwise indicated, I have performed no services, as an appraiser or in any other capacity, regarding the property that is the subject of this report within the three-year period immediately preceding acceptance of this assignment.
- I have no bias with respect to the property that is the subject of this report or the parties involved with this assignment.
- My engagement in this assignment was not contingent upon developing or reporting predetermined results.
- My compensation for completing this assignment is not contingent upon the development or reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value opinion, the attainment of a stipulated result, or the occurrence of a subsequent event directly related to the intended use of this appraisal.
- My analyses, opinions, and conclusions were developed, and this report has been prepared, in conformity with the Uniform Standards of Professional Appraisal Practice that were in effect at the time this report was prepared.
- Unless otherwise indicated, I have made a personal inspection of the property that is the subject of this report.
- Unless otherwise indicated, no one provided significant real property appraisal assistance to the person(s) signing this certification (if there are exceptions, the name of each individual providing significant real property appraisal assistance is stated elsewhere in this report).

### Reasonable Exposure Time

(USPAP defines Exposure Time as the estimated length of time that the property interest being appraised would have been offered on the market prior to the hypothetical consummation of a sale at market value on the effective date of the appraisal.)

My Opinion of Reasonable Exposure Time for the subject property at the market value stated in this report is:

Less than 6 months.

Median marketing time in the subject area for homes comparable to the subject is typically less than six months for properties such as the subject. Due to prevailing conditions, the exposure time for the subject would be similar to the marketing times of the comparable sales, or less than six months.

### Comments on Appraisal and Report Identification

Note any USPAP-related issues requiring disclosure and any state mandated requirements:

I have NOT performed a prior appraisal on the property within the last three years. For the purposes of this analysis, I am assuming that the structure is sound with no detrimental environmental issues. The reader is reminded that the use of extraordinary assumptions may affect appraisal results.

**FIRREA / USPAP ADDENDUM**

Client	University of Nevada, Reno		
Property Address	701 Evans Ave		
City	Reno	County	Washoe
Owner	Nadia B Gulistani		
Purpose			

This appraisal was prepared to value the fee simple interest of the property for possible purchasing purposes. No other utilizations of this appraisal are authorized without the express permission of this appraiser.

## Scope

The scope of this appraisal is been to perform a detailed inspection and analysis of the subject property within the limits of the type of appraisal assignment completed, to collect and analyze comparable data, to reach an opinion of value and to write a report conveying the value conclusion to the client. In the collection of data, all sources including MLS, lenders, brokers, county records and the appraiser's files were utilized. It is assumed that the information from these sources is correct. All comparables have been verified as closed through at least two of the data sources utilized and cited, unless indicated to the contrary in the body of the report.

## Intended Use / Intended User

The intended user of this appraisal report is the client, the University of Nevada, Reno. The intended use is to evaluate the market value of the property that is the subject of this appraisal, subject to the stated scope of work, purpose of the appraisal, reporting requirements of this appraisal report form, and definition of market value. No additional intended users are identified by the appraiser.

## History of Property

Current listing information: The subject property is not formally listed for sale.

Prior sale: There have been no arm's length transfers of the subject property within the last five years.

## Exposure Time / Marketing Time

Assuming the subject property was listed prior to the effective date of the appraisal at a price not more than 5% above the opinion of value reached herein, the estimated exposure time for the subject is estimated to be less than 6 months. Also, assuming that there are no substantial changes in the market, a reasonable marketing time for the subject after the effective date of value is also estimated to be less than 6 months.

## Personal (non-realty) Transfers

No personal property is included in the estimated value.

## Additional Comments

I HAVE NOT performed appraisal services for the subject property within the three years prior to the effective date of value. For the purposes of this analysis, I am assuming that the structure is sound with no detrimental environmental issues. The reader is reminded that the use of a extraordinary assumption may affect appraisal results.

Washoe County 2024/25 Assessed Value \$193,068

## Certification Supplement

1. This appraisal assignment was not based on a requested minimum valuation, a specific valuation, or an approval of a loan.
2. My compensation is not contingent upon the reporting of a predetermined value or direction in value that favors the cause of the client, the amount of the value estimate, the attainment of a stipulated result or the occurrence of a subsequent event.

Actual Use as of Effective Date: Multi-family (2 units)		Use as appraised in this report: Multi-family (2 units)								
Summary of Highest & Best Use: Due to the size of the subject lot, its current zoning, utilities and surrounding development, as well as to the size, quality and condition of the current improvements, it is my opinion that the highest and best use of the property is the continued use of the current improvements as a duplex, with the possibility of adding another unit in at a future date when the market allows.

Site Comments: The subject site is a corner location with level topography and all utilities, except natural gas, stubbed to the site. The heating is provided by on-site oil tanks which is typical for the older properties in the area. Besides the duplex structure with the raised covered wrap porch, the site is improved with a detached garage and an asphalt driveway. The site also features full low-maintenance landscaping. No adverse easements or encroachments were noted.

# 2-4 UNIT RESIDENTIAL APPRAISAL REPORT

File No.: 25-02014

COMPARABLE RENTALS (cont.)	<p>Analysis of rental data: Rental 1 is an older detached home which has recently been refurbished. It is a one-bedroom, one-bath unit, similar to the subject units. The quality of construction is inferior to the subject, with wall heat, as is the overall appeal. The unit does not include a garage, basement, porch or landscaping. At \$1,450 per month, it is considered a low indication of a market rental rate for the subject units.</p> <p>Rental 2 a newly constructed duplex located near the subject. Although this neighborhood is near the University, it is just starting to be redeveloped with newer or refurbished rental properties. In general, this property is considered to be in an inferior part of the neighborhood with an inferior access from an alley. Unlike the subject, the rental rates for these units includes all utilities. However, both of the units are fully furnished, which is superior to the subject. Additionally, the units are newer, larger and have a superior bedroom/bath count. They also include a garage space, similar to the subject, but no additional basement storage. Overall, this rental comparable, indicating \$1,900 per month per unit, is considered a high indication for the subject's two units, mostly due to the superior bedroom count.</p> <p>Rental 3 is a triplex property which consists of one unit on the main floor renting for \$2,375, one unit in the basement renting for \$1,875 and a detached studio renting for \$1,400. All utilities are included in these rents. Each unit has a mini-split for heating/cooling and a washer/dryer in each unit. In addition, all of the units were extensively updated in 2019, with new electrical, sewer, plumbing, windows, flooring, bathrooms and kitchens. Due to the updated condition, size and bedroom/bath count of the main floor unit, it is considered to be a very high indication of market rent for the subject. The basement unit is a slightly high indication due to the superior bedroom/bath count and since utilities are included in this rate. The studio is a low indication of market rent for the subject units.</p>

This property is a high indication of an appropriate GRM for the subject. Comp 2 is a current listing with a large number of bedrooms and a larger unit size. This comparable is considered to be a reasonable to low indication of an appropriate GRM. Sale 3 is an updated duplex in the West UNR area. One of the bedrooms is in the basement, and the overall design is inferior to the subject. This property does not have a garage. According to the listing agents, the \$1,900/month is not actual, but only projected, and in my opinion is slightly high for the units, and therefore the GRM is considered to be a low indication of an appropriate GRM for the subject. These and the GRMs as indicated by the other comparable sales analyzed in this report are considered in estimating an appropriate GRM for the subject. The GRMs analyzed in this report range from 151.05 to 259.38. In estimating a potential gross income for the subject property, consideration is given to the rent roll provided by the owners. For the subject, an estimated GRM in the middle of the range is considered to be appropriate due to the good overall appeal and amenities of the subject, but also considering the inferior, one-bedroom units. A GRM of 200 is considered to be reasonable and supported.</p>								Address	Date	Sale Price	Gross Rent	GRM	Comments	93 College Dr, Reno NV 89503	06/27/2024	830,000	3,200	259.38	Analyzed as Sale 3	1449 Hillside Dr, Reno NV 89503	Current list	930,000	4,797	193.87	Large tri-plex	1129 Buena Vista Ave, Reno NV 89503	09/18/2024	575,000	3,800	151.32	Duplex with larger 2/1 units	Opinion of Monthly Market Rent \$	3,200	X Gross Rent Multiplier	200	= \$ 640,000	Indicated Value by Income Approach

### SALES COMPARISON APPROACH (cont.)

Summary of Sales Comparison Approach Five closed sales and one active listing are analyzed in the Sales Comparison Approach. The comparables are located within approximately 1 mile of the subject. Three slightly older sales were analyzed. However, due to the generally flat market through the twelve months prior to the date of value, no adjustments for time are warranted. The comparables were chosen to be similar or bracket the subject in terms of number of units, total living area, location, quality, condition, parking and site improvements. It is noted that no recent comparable sales or listings of a property with two one-bedroom/one-bath units such as the subject were found. However, the sales presented are considered to be the best sales available.

Price Per s.f. GBA: \$475/sf x 1,350 = \$641,250. The sales indicate a wide range in price per square foot of above-grade living area from \$312.43 to \$682.87. The highest price per square foot is indicated by Sale 2, which has a much smaller above-ground space but also includes a second unit in a finished basement. Sale 3 indicates the next highest price per square foot, but this sale also has a smaller gross living area and is of a superior design and appeal. The lowest prices per square foot are typically represented by the sales with the most living area. Typically, price per square foot increases as the size of the building decreases. However, in the case of Sale 5, which is of a very similar size as the subject, this sale is considered to be a low indication of a per square foot value, even though it has a similar living area, due to the inferior location, condition and site improvements. Sale 1 is considered to be the most comparable property to the subject in terms of design, condition and site improvements, but it is slightly larger and does not have a basement. This sale represents a slightly low indication of an appropriate price per square foot for the subject. A price per square foot slightly higher than Sale 1 and lower than Sales 2 and 3 is selected and is generally in the mid range of the prices per square foot as indicated by the sales.

Price Per Unit: \$325,000 x 2 = \$650,000. The Price Per Unit analysis indicates adjusted prices per unit of between \$271,758 and \$355,450. The highest price is indicated by the listing, which is considered a high indication of value due to the list price as opposed to a sale price. The next highest price is indicated by Sale 3, which has a superior appeal and location within the most desirable rental area near the University. Sale 1 is a very comparable indication for a price per unit and is a very comparable property to the subject. Sale 5 is a slightly low indication due to its inferior location and condition. Strong consideration is given to the subject's condition, design and appeal and development potential, with a basement and detached garage. Overall, a price per unit as indicated by Sale 1 and supported by Comps 3, 5 and 6 is considered to be appropriate.

The Price Per Room and Bedroom analyses are not considered applicable since no sales of a similar unit mix could be found.

The methods within the Sales Comparison Approach analyzed indicate values for the subject of between \$641,250 and \$650,000. The price per unit takes into consideration the number of units in the subject and is the method most buyers rely upon. The per square foot method takes into consideration the overall living area of the subject property which is bracketed by the above-grade living area of the sales and is generally in the mid-range. With the most weight placed upon the Price Per Unit analysis, indicating a value for the subject of \$650,000, and with consideration given to the adjusted sale prices on the grid, the final value by the Sales Comparison Approach of \$650,000 is selected.

Indicated Value by Sales Comparison Approach \$ 650,000

**COST APPROACH TO VALUE (if developed)**  The Cost Approach was not developed for this appraisal.

Provide adequate information for replication of the following cost figures and calculations.

Support for the opinion of site value (summary of comparable land sales or other methods for estimating site value):  The Cost Approach is not considered reliable in this analysis due to the older age of the property and the difficulty in estimating accrued depreciation. Additionally, this is not the approach utilized by most buyers and sellers in the marketplace.

RECONCILIATION	Indicated Value by: Sales Comparison Approach \$ 650,000		Income Approach \$ 640,000	Cost Approach (if developed) \$	
	Final Reconciliation The Sales Comparison Approach and the Income Approach are analyzed, as they are the approaches most relied upon by the buyers and sellers in the current marketplace. The Cost Approach is not applied since it is not the approach typically relied upon by the market for properties of the subject's age. In the final value correlation, both approaches are given weight. The indication of value by the Sales Comparison Approach is reasonable due to the many recent comparables available which bracket many of the subject's characteristics. This approach is supported by the primary approaches, including the Price Per Square Foot and the Price Per Unit methods. For a property of the subject's unit number, Income Approach through a Gross Rent Multiplier is the typical analysis. This results in estimated value of \$640,000. This approach reflects the income-producing capabilities of the subject, but is weakened slightly due to the subject's actual rental rates being below market. As a result, the Sales Comparison Approach is given slightly more weight and a final value of \$650,000 is estimated for the subject property.

File No. 25-02014

### • GP 2-4 Unit : Neighborhood - Market Conditions

The neighborhood is considered to be all of the downtown Reno corridor, the boundaries of which are N. McCarran Blvd to the north, Interstate 395 to the east, East Fourth St to the south, and Keystone Ave to the west.

The subject is located in an established area of the downtown Reno core, just southeast of the University of Nevada, which is improved with a mixture of older, average quality residences, smaller multi-family development and commercial development. Improvements to the west and immediately surrounding UNR generally support the University and include a mixture of older average quality homes, small older and newer multi-family units, some condominium and apartment developments and small offices and commercial uses. Many of the single family homes are rented to college students. The easterly portion of the neighborhood has some light industrial uses interspersed with older single and multi-family homes. As the University expands, college students have started filtering into the easterly University neighborhood for rental housing. Schools, parks and community services are all located within the neighborhood. Commercial uses are typically limited along the main roadways.

The neighborhood closer the University has a good market appeal due to the housing demand of the University. Areas further east and south of UNR are experiencing gentrification with redevelopment of many nearby city blocks toward University housing. There is good access to downtown Reno, employment centers, the University of Nevada, Reno and many other businesses and services. Public transportation and other public services are good.

The subject market has been increasing in the last five years, as is shown by the following data for the median price for all two-to four unit developments in the downtown Reno core for the last five years:

Time Period	No. sales	Med. Price	Days on Market
2020	28	\$550,000	68
2021	31	\$570,000	65
2022	26	\$700,500	60
2023	11	\$535,000	105
2024	26	\$618,500	58

In the 12 months prior to the date of value, the upward trend continues:

Time Period	No. sales	Med. Price	Days on Market
7-12 mos.	15	\$622,000	64
4-6 mos	6	\$750,500	50
0-3 mos	5	\$554,700	92
Current	16	\$770,000	120
Listings			

It is noted that due to the limited number of comparable sales in the subject area, trends can easily be skewed by one high or low sale. As a result, the trends indicated above are based on the overall market and not solely on the data presented above.

The data indicates that median prices for 2-4 unit properties in the market area were increasing significantly between 2020 and 2022, fueled by the COVID-19 pandemic due to an expanded market from California and decreased number of available listings, especially in the subject market. The market has also been strengthened by the good rental market, especially in the neighborhoods around the University. However, fears of recession, inflation and increasing interest rates negatively impacted the market in 2023.

The market data indicates that prices have fluctuated greatly over the last year, with a spike in prices in the 4-6 month period and a dip in the most current period. However, in interviews with real estate professionals, it has been indicated that the market is currently recovering slightly from the general softening of 2023. Overall, the market is considered to be flat to recovering. Of the current 16 listings, only 2 (13%) of them are in contract, with two of them having been recently reduced in price which indicates a slightly soft market. There is a balance to slight shortage of listings in the overall market.

Bank foreclosures and short sales are not a factor in the market. Currently, marketing times are stable, with the majority of the properties selling in less than six months. Overall, the marketing time is typically less than six months in the subject neighborhood. Typical financing is new conventional and FHA, with continued low interest rates. Financing availability is average.

### • GP 2-4 Unit : Site - Highest and Best Use

Highest and best use is defined in the 6th Edition of The Dictionary of Real Estate Appraisal (Appraisal Institute, Chicago, 2015) as "The reasonably probable use of a property that results in the highest value. The four criteria the highest and best use must meet are legal permissibility, physical possibility, financial feasibility, and maximum productivity."

The subject property is currently improved with an older duplex on a lot with Mixed Use zoning. It is located in a highly desirable area, in proximity to the University of Nevada Reno. The owners are currently renting the property to tenants connected to the University. The owner noted that the total rent being generated is \$2,625 per month, not including utilities.

According to the City of Reno Community Development Map, the underlying City of Reno master plan and zoning for the property is Mixed Use Downtown University District, a flexible zoning designation which allows single and multi-family residential, commercial and office uses. (See attached map). The 'University District' subarea within the Regional Plan is designated to contain a "mix of uses to create a vibrant university oriented neighborhood", supporting a "variety of housing and commercial uses, university innovation and research partnership opportunities, office, maker/light industrial, start up/incubator space, and community service uses." As such, the current use of the subject as a duplex is allowed in the current zoning designation.

The subject's size, shape and access would be conducive to multi-family housing, and many of the surrounding properties are improved with similar multi-family development. Although the subject's current improvements are older, based upon limited comparable land sales contained in my files, the value of the subject property, as vacant, is currently less than its value as improved.

## Supplemental Addendum

File No. 25-02014

Client	University of Nevada, Reno						
Property Address	701 Evans Ave						
City	Reno	County	Washoe	State	NV	Zip Code	89512
Owner	Nadia B Gulistani						

Overall, with strong consideration to the subject's location, shape, access, surrounding development, street and corner access and current improvements, I have determined that the highest and best use of the subject property is to continue the use of the current improvements as a rental property, with the possibility to improve the basement to add another unit, until such time as it is feasible to develop the property as assemblage in conjunction with other surrounding University property.

**• Condition of Subject Property**

The subject property has been classified as "Fair to Average" quality by the Washoe County Assessor. The subject has been maintained and updated throughout the years. The furnaces and water heaters are 15-20 years old but in good working order. The roof and windows have been replaced and appear to be in good condition. There is newer flooring and paint, as well as an updated bath in Unit 701. There is also an updated kitchen in Unit 237. Deferred maintenance includes some cracked plaster and general wear and tear in the units. There was no significant deferred maintenance at the time of inspection. The overall condition of the property is considered to be average to above average.

**• URAR: Discussion of Sales Comparison Approach**

Five closed sales and one active listing are analyzed for the Sales Comparison Approach. The comparables were chosen to bracket the subject in terms of location, design, total living area, lot size, quality, condition, age, bedroom/bath count, utilities, parking and site improvements, and are considered to be the best comparables available. Due to the differing characteristics in each sale, many of the adjustments are necessarily high. Still, due to the many variables, the properties analyzed are the best evidence of comparable sales for the subject.

**Date of Sale/Time Adjustments:** Two sales which closed within 90 days of the date of value were analyzed. The remainder of the sales are older. Due to the soft prices throughout the year, no adjustments are made to the older sales as they all closed within the last 12 months.

**Site Size:** The subject is of typical size for the subject area. The sales bracket the subject's lot size and are considered to be of similar value.

**Quality and Condition Adjustments:** The subject property is rated as 'Fair-Average' quality by the Washoe County Assessor, and the sales range from Fair to Average. The quality of the comparables in generally considered to be similar to the subject property and no adjustments are made.

The subject is considered to be in average to above average condition, with some areas of refurbishment and some areas of minor deferred maintenance. Condition ratings for the comparables are based upon a review of the MLS sheets and photos, as well as interviews with the real estate agents when possible. Updating and refurbishment are considered in the condition rating. All of the comparables differ in their condition to the subject, with the majority of the comparables being in similar condition as the subject. Sales 2 and 5 are slightly inferior, with less updating noted. The condition rating adjustments are based upon a percentage of the sale / list price, in increments of 2.5% for the differing levels of condition. These figures are cross-checked with costs of updating.

**Age Adjustments:** Age is reported as the actual age of the property given by the Assessor's Office. The majority of the comparables are of a similar vintage as the subject, and are considered to be of similar effective age. The exception is Sale 4, which is a much newer construction. Some downward adjustment is necessary for this sale due to the newer construction.

**Bedroom/Bath Adjustments:** The subject units both have one bedroom and one bath. No recent or even semi-recent comparables were found with this unit mix. All of the comparables have superior bedroom counts. More bedrooms in a rental property typically equates to higher rents and therefore is superior to the subject's one bedroom units. Downward adjustments of \$20,000 per bedroom are made which is based upon paired sales. Bathroom adjustments are made at a value of \$10,000 for those comparables with a different bathroom count.

**Living Area Adjustment:** The sales bracket the subject's living area. Adjustments are made to those homes with more than a 50 square foot difference in size, at a per square foot rate which is typical for the quality and condition of the properties. Living area adjustments are required to all of the comparables.

**Below-Grade Living Area (Basements):** Many of the comparables have basements, and some of them are completely finished, livable, separate units. This is the case for Sales 2 and 3. The subject's basement is used for storage and laundry area, but is not finished to the same degree as these two sales. Basement spaces typically don't have the same appeal as above-grade space, mainly due to limited light, lower ceilings and inferior finishes. Due to the slightly inferior appeal of the basement space, finished basement space units are adjusted at a lower price per square foot as the above-ground space.

Some of the other sales have unfinished basements which are adjusted on a price per square foot of area which is similar to the estimated value of the subject's basement. Sale 5 does not require an adjustment as the total basement space square footage and finish of this sale is similar to the subject.

**Garages/Parking:** The subject has a detached 2-car garage which is an amenity in the University area. This is similar to Sales 1 and 4. Adjustments of \$10,000 per garage bay are to those sales with no garage space.

**Other:**

The subject's full manicured landscaping and porch are considered to be an amenity for a rental property, and nominal adjustments are made for the difference in the site improvements on the sales. Finally, some downward adjustment is applied to Listing 6 for a sale to list price ratio as it represents an asking price which are typically lower than actual sale prices.

**Conclusion:**

In the final analysis, strong consideration is given to the good appeal and the subject's desirable location in very close proximity to the University. The rental demand in the subject area is very strong. The reader is reminded that there are many properties which are owned by the University of Nevada, Reno in the immediately surrounding area of the subject property.

In the Sales Comparison Approach, the most weight and reliance is placed upon Sale 1, which is a similar property to the subject. Sale 2 is much smaller with a different unit set up, with one unit in the basement and is considered a low indication. Sale 3 is considered to be slightly high indication of value due to its slightly superior overall appeal and its location in the heart of the most popular University rental area. Sales 4 and 5 are the most recent sales in the analysis and are given some weight for time, but both are in inferior pockets of the neighborhood, with Sale 4 requiring many adjustments. Some weight is also placed on Listing 6 which is considered to be very similar to the subject as well. However, this comparable is weakened due to

the fact that it is a listing and not a closed sale.

A final value within the range of the adjusted prices is estimated. Consideration is given to the mostly updated condition of the subject, as well as the flexibility of additional development in the basement and/or detached garage. Strong consideration is given to the subject's proximity to the University of Nevada. Finally, consideration is also given to the assemblage value to the University. Overall, the estimated value falls within the range of the actual sale prices, the adjusted prices and the prices per square foot as indicated by the comparables and is considered to be reasonable.

## STATEMENT OF ASSUMPTIONS & LIMITING CONDITIONS

- The appraiser will not be responsible for matters of a legal nature that affect either the property being appraised or the title to it. The appraiser assumes that the title is good and marketable and, therefore, will not render any opinions about the title. The property is appraised on the basis of it being under responsible ownership.
- The appraiser may have provided a sketch in the appraisal report to show approximate dimensions of the improvements, and any such sketch is included only to assist the reader of the report in visualizing the property and understanding the appraiser's determination of its size. Unless otherwise indicated, a Land Survey was not performed.
- If so indicated, the appraiser has examined the available flood maps that are provided by the Federal Emergency Management Agency (or other data sources) and has noted in the appraisal report whether the subject site is located in an identified Special Flood Hazard Area. Because the appraiser is not a surveyor, he or she makes no guarantees, express or implied, regarding this determination.
- The appraiser will not give testimony or appear in court because he or she made an appraisal of the property in question, unless specific arrangements to do so have been made beforehand.
- If the cost approach is included in this appraisal, the appraiser has estimated the value of the land in the cost approach at its highest and best use, and the improvements at their contributory value. These separate valuations of the land and improvements must not be used in conjunction with any other appraisal and are invalid if they are so used. Unless otherwise specifically indicated, the cost approach value is not an insurance value, and should not be used as such.
- The appraiser has noted in the appraisal report any adverse conditions (including, but not limited to, needed repairs, depreciation, the presence of hazardous wastes, toxic substances, etc.) observed during the inspection of the subject property, or that he or she became aware of during the normal research involved in performing the appraisal. Unless otherwise stated in the appraisal report, the appraiser has no knowledge of any hidden or unapparent conditions of the property, or adverse environmental conditions (including, but not limited to, the presence of hazardous wastes, toxic substances, etc.) that would make the property more or less valuable, and has assumed that there are no such conditions and makes no guarantees or warranties, express or implied, regarding the condition of the property. The appraiser will not be responsible for any such conditions that do exist or for any engineering or testing that might be required to discover whether such conditions exist. Because the appraiser is not an expert in the field of environmental hazards, the appraisal report must not be considered as an environmental assessment of the property.
- The appraiser obtained the information, estimates, and opinions that were expressed in the appraisal report from sources that he or she considers to be reliable and believes them to be true and correct. The appraiser does not assume responsibility for the accuracy of such items that were furnished by other parties.
- The appraiser will not disclose the contents of the appraisal report except as provided for in the Uniform Standards of Professional Appraisal Practice, and any applicable federal, state or local laws.
- If this appraisal is indicated as subject to satisfactory completion, repairs, or alterations, the appraiser has based his or her appraisal report and valuation conclusion on the assumption that completion of the improvements will be performed in a workmanlike manner.
- An appraiser's client is the party (or parties) who engage an appraiser in a specific assignment. Any other party acquiring this report from the client does not become a party to the appraiser-client relationship. Any persons receiving this appraisal report because of disclosure requirements applicable to the appraiser's client do not become intended users of this report unless specifically identified by the client at the time of the assignment.
- The appraiser's written consent and approval must be obtained before this appraisal report can be conveyed by anyone to the public, through advertising, public relations, news, sales, or by means of any other media, or by its inclusion in a private or public database.
- An appraisal of real property is not a 'home inspection' and should not be construed as such. As part of the valuation process, the appraiser performs a non-invasive visual inventory that is not intended to reveal defects or detrimental conditions that are not readily apparent. The presence of such conditions or defects could adversely affect the appraiser's opinion of value. Clients with concerns about such potential negative factors are encouraged to engage the appropriate type of expert to investigate.

**The Scope of Work** is the type and extent of research and analyses performed in an appraisal assignment that is required to produce credible assignment results, given the nature of the appraisal problem, the specific requirements of the intended user(s) and the intended use of the appraisal report. Reliance upon this report, regardless of how acquired, by any party or for any use, other than those specified in this report by the Appraiser, is prohibited. The Opinion of Value that is the conclusion of this report is credible only within the context of the Scope of Work, Effective Date, the Date of Report, the Intended User(s), the Intended Use, the stated Assumptions and Limiting Conditions, any Hypothetical Conditions and/or Extraordinary Assumptions, and the Type of Value, as defined herein. The appraiser, appraisal firm, and related parties assume no obligation, liability, or accountability, and will not be responsible for any unauthorized use of this report or its conclusions.

### Additional Comments (Scope of Work, Extraordinary Assumptions, Hypothetical Conditions, etc.):

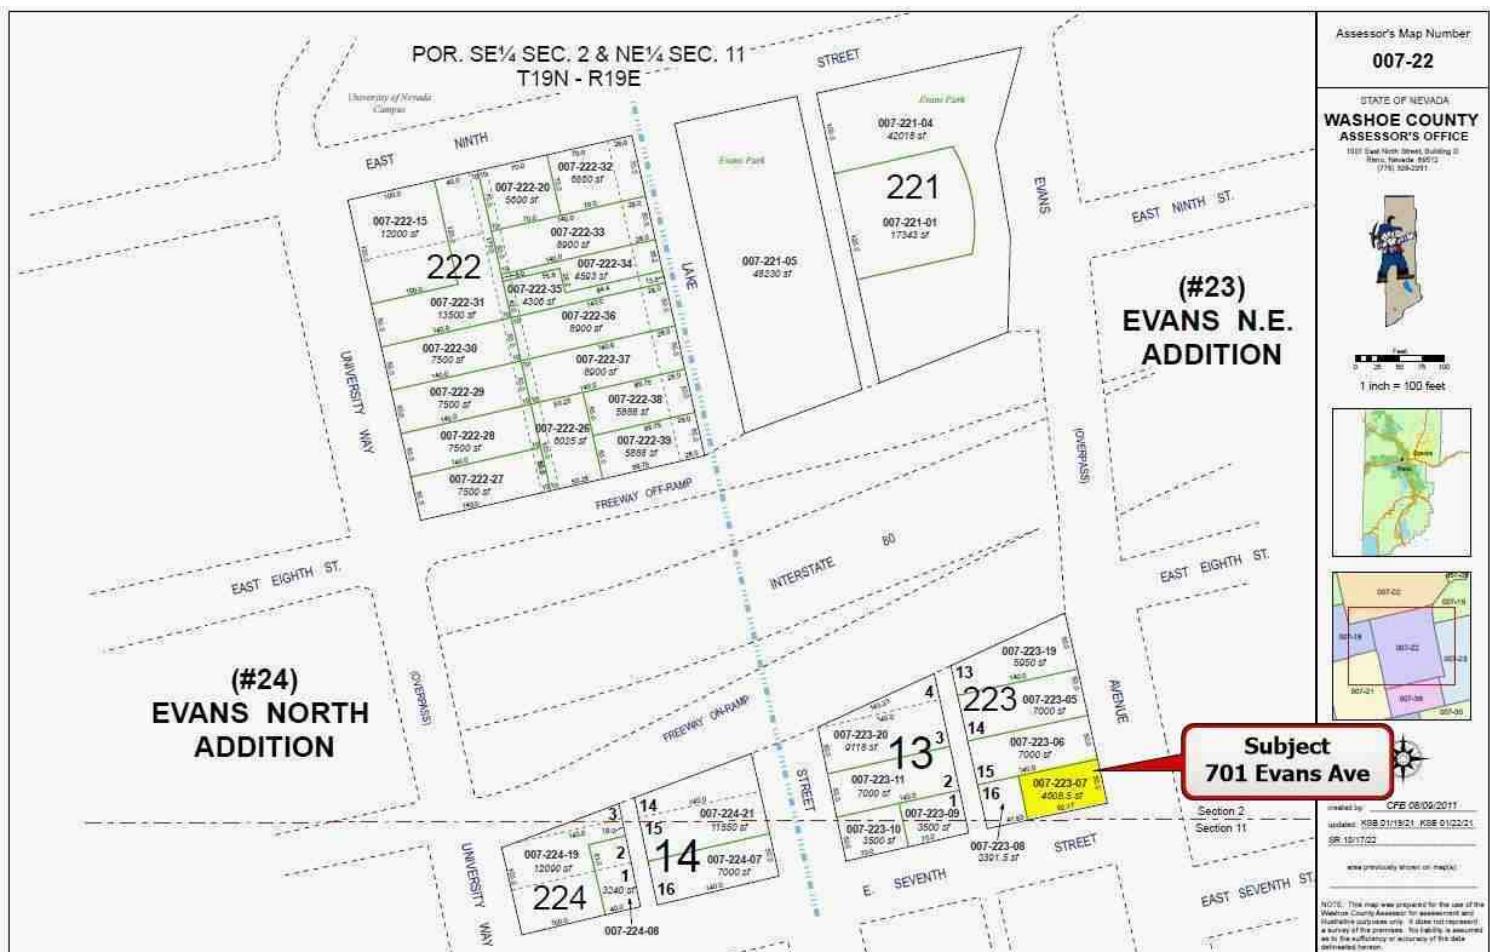

An extraordinary assumption is made that there are no negative structural or environmental issues impacting the subject property. The use of an extraordinary assumption may affect assignment results.

<b>DEFINITION OF MARKET VALUE *</b>								
market value means the most probable price which a property should bring in a competitive and open market under all conditions requisite to a fair sale, the buyer and seller each acting prudently and knowledgeably, and assuming the price is not affected by undue stimulus. Implicit in this definition is the consummation of a sale as of a specified date and the passing of title from seller to buyer under conditions whereby:								
<ol style="list-style-type: none"> <li>1. Buyer and seller are typically motivated;</li> <li>2. Both parties are well informed or well advised and acting in what they consider their own best interests;</li> <li>3. A reasonable time is allowed for exposure in the open market;</li> <li>4. Payment is made in terms of cash in U.S. dollars or in terms of financial arrangements comparable thereto; and</li> <li>5. The price represents the normal consideration for the property sold unaffected by special or creative financing or sales concessions granted by anyone associated with the sale.</li> </ol>								
<small>* This definition is from regulations published by federal regulatory agencies pursuant to Title XI of the Financial Institutions Reform, Recovery, and Enforcement Act (FIRREA) of 1989 between July 5, 1990, and August 24, 1990, by the Federal Reserve System (FRS), National Credit Union Administration (NCUA), Federal Deposit Insurance Corporation (FDIC), the Office of Thrift Supervision (OTS), and the Office of Comptroller of the Currency (OCC). This definition is also referenced in regulations jointly published by the OCC, OTS, FRS, and FDIC on June 7, 1994, and in the Interagency Appraisal and Evaluation Guidelines, dated October 27, 1994.</small>

## EXECUTIVE SUMMARY

*This report presents the findings of a Phase I Environmental Site Assessment (ESA) performed on the subject property addressed at 701 Evans Avenue, Assessor Parcel Number (APN) 007-223-07 in Reno, Washoe County, Nevada. McGinley and Associates, Inc. dba UES (UES) conducted this Phase I ESA for the purpose of identifying recognized environmental conditions (RECs), historical recognized environmental conditions (HRECs), and/or controlled recognized environmental conditions (CRECs) on the subject property in accordance with the 2021 ASTM International standard practice for the performance of Phase I Environmental Site Assessments (ASTM E1527-21). The United States Environmental Protection Agency (USEPA) has endorsed this practice as satisfying the requirements of All Appropriate Inquiry (AAI). UES performed this work for Board of Regents of the Nevada System of Higher Education on behalf of the University of Nevada, Reno (User). Any exceptions to, or deletions from, this practice are described in Section 9.0 of this report.*

### **General Findings**

- The subject property is comprised of approximately 0.106 acres of land developed with a residence and a detached garage.
- The subject property appears to have consisted of vacant land from at least 1904 through 1918. The existing residence was constructed in 1923.
- The subject property was not identified as a record in the databases searched by Environmental Data Resources, Inc. (EDR) and additional records were not identified regarding potential environmental concerns.
- At the time of the site reconnaissance, the subject property consisted of one duplex residence, detached garage and landscaped areas. The interior of the detached garage consisted of storage of miscellaneous household items. The interior of the residence consisted of multiple bedrooms, bathrooms, kitchens and small storage areas. The basement contained two furnaces, which utilize heating oil as a fuel source. The associated underground heating oil storage tanks are located along the northeastern and southwestern exterior of the residence. Evidence of the tanks included typical heating oil underground storage tank (UST) vent pipes and fill ports. One 55-gallon drum of heating oil was observed on the northern exterior of the residence and was reported to temporarily fuel the furnace as sediment was present in the UST.
- A tank tightness test was performed on both tanks by EcoChek on March 27, 2025. The northeastern UST failed the tank tightness test due to loss of induced pressure. Results for the southwestern UST were inconclusive as the tank could not be isolated.

### **Recognized Environmental Conditions (RECs)**

- At least two heating oil USTs are located on the subject property. A tank tightness test was performed on both USTs by EcoChek on March 27, 2025. The northeastern UST failed the tank tightness test and results for the southeastern tank were inconclusive. Based on these results and the absence of records regarding environmental sampling, a potential release from both USTs cannot be ruled out.

#### ***Historical Recognized Environmental Conditions (HRECs)***

- No HRECs were identified in connection with the subject property.

#### ***Controlled Recognized Environmental Conditions (CRECs)***

- No CRECs were identified in connection with the subject property.

#### ***Vapor Encroachment Conditions (VECs)***

- Heating oil USTs are utilized on the subject property. As previous subsurface investigations have not been conducted to assess for the presence heating oil, a release from the USTs and a VEC cannot be ruled out for the subject property.

#### ***Business Environmental Risks (BERs)***

- No BERs were identified in connection with the subject property.

#### ***Conclusions***

Based on the information reviewed for this assessment, UES is of the opinion that additional investigations at the subject property are warranted to address the REC identified in this report.

## 1.0 INTRODUCTION

### 1.1 Purpose

This report presents the findings of a Phase I ESA performed on the property addressed at 701 Evans Avenue, Assessor Parcel Number (APN) 007-223-07 in Reno, Washoe County, Nevada, and hereafter referred to as the subject property. McGinley and Associates, Inc. dba UES (UES) conducted this Phase I ESA for the purpose of identifying recognized environmental conditions (RECs), historical recognized environmental conditions (HRECs), and/or controlled environmental conditions (CRECs) on the subject property in accordance with the 2021 ASTM International standard practice for the performance of Phase I Environmental Site Assessments (ASTM E1527-21). The U.S. Environmental Protection Agency (EPA) has endorsed this practice as satisfying the requirements of All Appropriate Inquiry (AAI). Definitions of REC, CREC, HREC, Vapor Encroachment Condition (VEC), and Business Environmental Risk (BER) are presented below.

- **REC:** (1) the presence of hazardous substances or petroleum products in, on, or at the subject property due to a release to the environment; (2) the likely presence of hazardous substances or petroleum products in, on, or at the subject property due to a release or likely release to the environment; or (3) the presence of hazardous substances or petroleum products in, on, or at the subject property under conditions that pose a material threat of a future release to the environment. The term REC is not intended to include *de minimis* conditions which are conditions related to a release that generally do not present a threat to human health or the environment and which generally would not be the subject of an enforcement action if brought to the attention of appropriate governmental agencies. ASTM clarifies that the term "likely" means a condition "*which is neither certain nor proved but can be expected or believed by a reasonable observer based on the logic and/or experience of the environmental professional, and/or available evidence, as stated in the report to support the opinions given.*"
- **CREC:** A REC affecting the subject property that has been addressed to the satisfaction of the applicable regulatory authority or authorities with hazardous substances or petroleum products allowed to remain in place subject to implementation of required controls (for example, activity and use limitations or other property use limitations).
- **HREC:** A previous release of hazardous substances or petroleum products affecting the subject property that has been addressed to the satisfaction of the applicable regulatory authority or authorities and meeting unrestricted use criteria established by the applicable regulatory

authority or authorities without subjecting the subject property to any controls (for example, activity and use limitations or other property use limitations). A HREC is not a REC.

- **VEC:** the presence or likely presence of "chemical of concern" vapors in the subsurface of the subject property caused by the release of vapors from contaminated soil or groundwater or both either on or near the subject property as identified by the Tier 1 or Tier 2 procedures.
- **BER:** a risk which can have a material environmental or environmentally driven impact on the business associated with the current or planned use of a parcel of commercial real estate, not necessarily limited to those environmental issues required to be investigated in this practice.

## 1.2 Scope of Work

The scope of work performed, and procedures utilized included the following tasks:

- Subject property reconnaissance and observation of adjoining properties and vicinity by a qualified person under the direct supervision of an Environmental Professional (EP);
- Environmental and physical setting review to assess geologic, hydrogeologic, hydrologic and topographic characteristics of the subject property, and to determine potential pathways for the migration of contaminants including solids and liquids at the surface or subsurface, and vapor in the subsurface;
- Review of subject property history/land use through city directory listings, historical aerial photographs, historical topographic maps, fire insurance maps (if ascertainable), local jurisdiction records, and personal interviews/questionnaires;
- Review of regulatory agency records to identify and assess any listings of regulatory permits, registrations, or enforcement actions at the subject property, adjoining properties, or proximal sites (if necessary), through both a commercial database search and agency inquiries;
- Interview with the User to obtain various User-required information about the subject property as required under the ASTM standard and the AAI rule;
- Interviews with the Owner and various agencies to ascertain past and current uses of the subject property, adjoining properties or the surrounding area which may provide information about the subject property history and assist in identifying RECs, HRECs and CRECs;
- Preparation of this report that describes all work performed and presents a discussion of the findings and conclusions.
- The scope of services does not include soil or groundwater sampling, or an evaluation of asbestos containing building materials, lead based paint, lead in drinking water, regulatory compliance, cultural and historical resources, industrial hygiene, health and safety, ecological

resources, indoor air quality, mold, radon, geotechnical exploration (soils, foundations, site retention, etc.), wetlands, endangered species, ecological resources, methane, geotechnical exploration, or construction materials testing, unless specified in the approved contract between UES and the User. UES can provide these additional services if necessary. In accordance with ASTM E1527-21, Section 13.1.5, assessment of such non-scope considerations is not required for AAI as defined in the standard practice.

### **1.3 Conditions of Contract**

UES performed this work for Board of Regents of the Nevada System of Higher Education on behalf of the University of Nevada, Reno (User) pursuant to our proposal dated February 26, 2025 and executed by the User on March 7, 2025. It is our understanding that this Phase I ESA was conducted as an environmental due diligence effort in connection with a prospective property transaction.

### **1.4 Significant Assumptions**

This Phase I ESA was conducted in accordance with the assumptions and limitations contained within ASTM Standard Practice for Environmental Site Assessments - Phase I Environmental Site Assessment Process, ASTM E1527-21.

As stated in ASTM E1527-21 Section 4.5.1, no environmental site assessment can wholly eliminate uncertainty regarding the potential for RECs in connection with a subject property. This Phase I ESA is intended to reduce, but not eliminate, uncertainty regarding the potential for RECs in connection with a subject property and recognizes reasonable limits of time and cost.

Additionally, portions of this Phase I ESA are based on unverified information supplied to UES by third-party sources. In accordance with ASTM E1527-21 Section 7.5.2.1, an EP is not required to verify independently the information provided by third-party sources, unless the EP has actual knowledge that the information is incorrect, or unless it is obvious that certain information is incorrect based on other information obtained in the Phase I ESA.

### **1.5 User Reliance**

This report is an instrument of service prepared by UES for the exclusive use of Board of Regents of the Nevada System of Higher Education on behalf of the University of Nevada, Reno. No party other than Board of Regents of the Nevada System of Higher Education on behalf of the University of Nevada, Reno is permitted by UES to rely on this instrument. With the permission of Board of

Regents of the Nevada System of Higher Education on behalf of the University of Nevada, Reno, UES will meet with a third party to help identify the additional services required, if any, to permit such third party to rely on the information contained in this report, but only to the same extent of Board of Regents of the Nevada System of Higher Education on behalf of the University of Nevada, Reno reliance, and subject to the same contractual, technological, and other limitations to which Board of Regents of the Nevada System of Higher Education on behalf of the University of Nevada, Reno has agreed. The findings of this Phase I ESA are based on the completeness and accuracy of the data and observed conditions of the subject property as of the indicated property reconnaissance date, and when publicly available information was obtained as described in this report.

## 1.6 Critical Dates - Continued Viability of ESA

Due to changing environmental regulatory conditions and potential on-site or adjacent activities occurring after this Phase I ESA, the Client may not presume the continuing applicability of the conclusions in this assessment to the subject property for more than 180 days prior to the date of acquisition of the property or (for transactions not involving an acquisition) the date of the intended transaction. If within this period the assessment will be used by a User different from the User for whom the assessment was originally prepared, the subsequent User must also satisfy the User's Responsibilities. An environmental site assessment meeting or exceeding this practice and for which the information was collected or updated within one year prior to the date of acquisition of the property or (for transactions not involving an acquisition) the date of the intended transaction may be used provided that the following components of the inquiries were conducted or updated within 180 days of the date of purchase or the date of the intended transaction.

### CRITICAL DATES

PHASE I ESA COMPONENT	DATE
Date of Declaration by the Environmental Professional for the Assessment or Update	April 8, 2025
Earliest Date of Interviews with Owners, Operators, and Occupants	March 19, 2025
Date of Search for Recorded Environmental Liens	Not provided by the User (See Section 4.3)
Date of Federal, Tribal, State and Local Records Review	March 12, 2025
Date of Site Reconnaissance of the Subject Property and Adjoining Properties	March 19 and 25, 2025
Report Viability Date	September 8, 2025

## 1.7 Limitations

Performance of this practice is intended to reduce, but not eliminate, uncertainty regarding the potential for RECs in connection with the subject property. Please refer to the Limitations Appendix for a summary of report limitations.

## 2.0 SUBJECT PROPERTY DESCRIPTION

A description of the subject property, location and vicinity characteristics are summarized in the table below. Refer to the Site Location Map (**Figure 1**) and the Site Plan (**Figure 2**) for additional details pertaining to the subject and adjoining properties.

### Subject Property Location, Description, and Vicinity Characteristics

Physical Street Address(es)	701 Evans Avenue, Reno, Nevada

### 3.0 PHYSICAL SETTING RESOURCES

USGS topographic quadrangle maps, soil survey data, available regulatory files, and other reasonably ascertainable records regarding properties of environmental concern in the subject property vicinity were reviewed as sources for obtaining information regarding the physical setting of the subject property and surrounding vicinity and are summarized in the table below. Copies of the most recently available USGS topographic maps are provided in the Topographic Maps Appendix.

#### Summary of Physical Setting Sources

##### Topography:

<b>Subject Property</b>	4,510 feet above mean sea level
<b>Elevation</b>	
<b>Topographic Gradient</b>	Generally flat
<b>Closest Surface Water</b>	There are no surface water bodies located on the subject property. The nearest major surface water body to the subject property is the Truckee River, which is located approximately 2,520 feet southeast of the subject property.

**General Soil Characteristics:**

<b>Soil Type</b>	The surficial soils found at the subject property have been mapped as the Orr gravelly sandy loam.
<b>Description</b>	The unit is classified as hydrologic soil group C, which is characterized by moderately high runoff potential when thoroughly wet as water transmission through the soil is somewhat restricted (NRCS, 2016).

**Area Specific Geology/Hydrogeology Characteristics:**

<b>Geology</b>	The geology underlying the subject property has been mapped as Quaternary alluvial fan deposits of the Holocene age (Ramelli, 2011).
<b>Groundwater Depth</b>	20 to 40 feet below ground surface
<b>Groundwater Direction</b>	Southeast based on topography

## 4.0 USER PROVIDED INFORMATION

### 4.1 General

The ASTM Standard defines a User as "the party seeking to use Practice E1527 to complete an environmental site assessment. A User may include, without limitation, a potential purchaser of property, a potential tenant of property, an owner of property, a lender, or a property manager." The User has specific obligations for completing a successful application of this practice as outlined in Section 6 of the ASTM Standard Practice E1527-21.

In order to qualify for one of the Landowner Liability Protections (LLPs) offered by the Small Business Liability Relief and Brownfields Revitalization Act of 2001 (the "Brownfields Amendments"), the User must complete an AAI compliant user questionnaire and provide it to the environmental professional. Failure to complete this user questionnaire could result in a determination that "all appropriate inquiry" is not complete. The questionnaire determines a baseline of User knowledge of the subject property regarding the following items:

1. Environmental cleanup liens that are filed or recorded against the subject property (40 CFR 312.25);
2. Activity and land use limitations that are in place on the site or have been filed or recorded in a registry (40 CFR 312.26);
3. Specialized knowledge or experience of the person seeking to qualify for the LLP related to the subject property or nearby properties (40 CFR 312.28);
4. Relationship of the purchase price to the fair market value of the subject property if it were not contaminated (40 CFR 312.29);

5. Commonly known or reasonably ascertainable information about the subject property (40 CFR 312.30); and
6. The presence or likely presence of contamination in, on, or at the subject property, and the ability to detect the contamination by appropriate investigation (40 CFR 312.31).

A User Questionnaire was supplied to a representative of the User on March 10, 2025, by UES. As of the date of this report, a completed User Questionnaire has not been provided to UES. Upon receipt, the User Question will be included in the User Questionnaire Appendix.

#### **4.2 Reason for Performing Phase I ESA**

UES was contracted to perform this Phase I ESA in order for the User to satisfy one of the requirements to qualify for the innocent landowner, contiguous property owner, or bona fide prospective purchaser defense to CERCLA liability. It is our understanding that this Phase I ESA was conducted as an environmental due diligence effort in connection with a prospective commercial real estate transaction.

#### **4.3 Environmental Liens or Activity and Use Limitations**

Information pertaining to potential environmental liens or activity and use limitations on the subject property that are filed or recorded under federal, tribal, state, or local laws was not supplied by the User. Please note that an environmental liens or activity and use limitations search was not performed for the subject property. In accordance with ASTM E1527-21, it is the responsibility of the User of this report to confirm that there are no environmental liens or activity and use limitations filed for the subject property. In the event that any are identified, please contact UES immediately for further evaluation.

### **5.0 HISTORICAL RECORDS REVIEW**

A historical assessment of the subject property, adjoining properties and surrounding area was performed through a review of available standard historical resources including aerial photographs, topographic maps, fire insurance maps, and city directory records. Additional standard historical sources were reviewed if deemed useful in identifying RECs and readily available. These sources are cited in the table below.

Standard Historical Sources	Reviewed	Source
Aerial Photographs	Yes	EDR Aerial Photo Decade Package
USGS Topographic Maps	Yes	EDR Historical Topo Map Report
Fire Insurance Maps	Yes	Certified Sanborn Map Report
City Directories	Yes	EDR City Directory Image Report
Property Tax Files	Yes	Washoe County Assessor records
Recorded Land Title	No	Not provided by User
Building Department Records	Yes	See section 5.7

A summary of the aerial photographs, topographic maps, and Sanborn maps reviewed is presented in the table below.

**Summary of Historical Land Use Records**

## 5.1 Historical City Directories

UES reviewed city directories to evaluate the previous land uses of the subject property and surrounding area. At the request of UES, EDR searched city directory listings for Evans Avenue and East 7th Street. The city directory findings are provided in the Aerial Photographs, Topographic Maps, Sanborn Fire Insurance Maps and City Directories Appendix. Descriptions of UES's observations are outlined in the table below.

**Summary of City Directory Observations**

Date	Subject Property	Adjoining Properties
1932	W P Barrett	Various residential listings
1960	Burley E Mitchell	Various residential listings
1964	Douglas M Bayless	Various residential listings
1967	Robert J Schebler	Various residential listings
1971	John A Capedeville	Various residential listings
1976	John W Fitzpatrick	Various residential listings
1981	Moss B	Various residential listings
1986	Malinda Zoellner	Various residential listings
1992	Not listed	Various residential listings
1995-2000	Bill Goldie and Stacey Tolle	Various residential listings
2005	Not listed	Various residential listings
2010	Nestor P Melo	Various residential listings
2014	Not listed	Various residential listings
2017	Cory Schander	Various residential listings
2020	Katherine Wiersch, Nadia Gulistani, and Nestor Melo	Various residential listings

## 5.2 Property Tax Records

According to the Washoe County Assessor reports, the current owner of the subject property is Nadia B Gulistani. It appears that this entity has owned the subject property since at least 2015. Previous property owners listed include Bauer Living Trust, David G and Donna M (2010-2015), Elizabeth L Melarkey (2007-2010), Barrett 1991 Nevada Trust, John W and Mary M (1998-2007). Ownership records prior to 1998 were not provided in the information available for review. The subject property zoning is listed as *Mixed-Use Downtown University District*. The land use code for the subject property is listed as *Duplex*. Additional information is contained in the Assessors Map and Parcel Information Appendix.

### 5.3 Recorded Land Title Records

The User did not contract UES to acquire a chain-of-title report for the subject property, which typically contains information regarding historical site ownership.

### 5.4 Building Department Records

A summary of available permit information was obtained from the EDR's Lightbox application. None of the available permits appears to be indicative of environmental concerns.

## 6.0 RECORDS REVIEW

### 6.1 Standard Environmental Record Sources

A regulatory agency review was conducted through both a commercial database search and local agency inquiries. The purpose of the records review is to obtain and review records that may preclude RECs in connection with the subject property. Accuracy and completeness of record information varies among information sources, including governmental sources, and may be inaccurate or incomplete. UES obtained an ASTM regulatory database report from EDR, which is provided in the Radius Map Report Appendix. Standard sources that are reasonably ascertainable were reviewed by UES for this Phase I ESA.

UES also reviewed the "unmappable" (commonly referred to as "orphan") listings within the database report, cross-referencing available address information and facility names. Unmappable sites are listings that could not be plotted with confidence but are potentially in the general area of the property, based on the partial street address, city, or zip code. Any unmappable site that was identified by UES as being within the approximate Minimum Search Distances (MSDs) from the subject property, based on the site reconnaissance and/or cross-referencing to mapped listings is included in the discussion within this section.

The following table lists the approximate MSDs used during this assessment in review of the regulatory database, as set forth in ASTM E1527-21.

#### MSDs - ASTM E1527-21

Source	Search Distance
Federal NPL Site List (National Priorities List)	1.0 mile
Federal Delisted NPL Site List	0.5 mile

Source	Search Distance
Federal CERCLIS List (Comprehensive Environmental Response Compensation and Liability Act of 1980) / Superfund Enterprise Management System (SEMS)	0.5 mile
Federal CERCLIS NFRAP Site List /SEMS Archive List	0.5 mile
Federal RCRA CORRACTS Facilities List (Resource Conservation and Recovery Act)	1.0 mile
Federal RCRA non-CORRACTS TSD Facilities List	0.5 mile
Federal RCRA Generators List	subject property & adjoining parcels
Federal Institutional Control/Engineering Control Registries	subject property only
Federal ERNS List (Emergency Response Notification System)	subject property only
State and Tribal Lists of Hazardous Waste Sites identified for investigation or remediation:	
State- and Tribal-equivalent NPL	1.0 mile
State- and Tribal-equivalent SEMS	0.5 mile
State and Tribal Landfill and/or Solid Waste Disposal Site Lists	0.5 mile
State and Tribal Leaking Storage Tanks Lists	0.5 mile
State and Tribal Registered Storage Tank Lists	subject property & adjoining parcels
State and Tribal Institutional Control/Engineering Control Registries	subject property only
State and Tribal Voluntary Cleanup Sites	0.5 mile
State and Tribal Brownfield Sites	0.5 mile

UES reviewed available regulatory records pertaining to the subject property, adjoining parcels, and surrounding properties, as warranted. To evaluate which of the adjoining and nearby sites identified in the regulatory database report present potential environmental risks to the subject property, UES considered the following criteria:

- The type of database on which the site is identified.
- The direction and distance of the identified site from the subject property.
- The known or inferred groundwater flow direction in the subject property area.
- The status of any respective regulatory agency-required investigation(s) of the identified site.
- Surface and subsurface obstructions and diversions (e.g., buildings, roads, sewer systems, utility service lines, rivers, lakes, and ditches) that may be located between the identified site and the subject property.

The subject property and adjoining properties were not identified as records in the databases searched by EDR. The sites identified in the EDR Radius Map Report were reviewed and were not researched further because they are considered unlikely to have caused environmental impacts to the subject property. The sites appear to be located at a distance and/or direction that should not impact the subject property; are at locations that are considered likely to be hydrologically downgradient from, or cross gradient to, the subject property; have had no reported releases; have had no reported violations of hazardous waste regulations; have received regulatory closure; and/or were not identified as a standard environmental record per ASTM.

## 6.2 Vapor Encroachment Screening

The purpose of a Vapor Encroachment Screening (VES) is to identify VECs to the extent feasible pursuant to the procedures presented in the Standard Guide for Vapor Encroachment Screening on Property Involved in Real Estate Transaction (ASTM E2600-22). The VES is intended to be used independently or in conjunction with, but not as a replacement of, existing Practice E1527-21 Phase I ESA.

Vapor migration refers to the movement of hazardous substance or petroleum product vapors in the subsurface. A VEC is defined as the presence or likely presence of chemicals of concern (COC) vapors in the subsurface of the subject property caused by the release of vapors from contaminated soil and/or groundwater either on or near the subject property.

UES conducted a Tier 1 VES for the subject property in accordance with ASTM E 2600-22. The Tier 1 screening process utilizes the information collected as part of this Phase I ESA. The Area of Concern (AOC) for the purpose of this VES is 1/3 mile (1,760 feet) for hazardous substance COCs and 1/10 mile (528 feet) for petroleum hydrocarbon COCs. The approximate minimum search distances for Federal, Tribal and State-listed facilities surrounding the subject property are presented in the table below.

**Approximate MSDs Surrounding the Subject Property (ASTM E2600-22)**

According to the information reviewed in Section 6.3 of this report, heating oil USTs are utilized on the subject property. As previous subsurface investigations have not been conducted to assess for the presence heating oil, a VEC cannot be ruled out for the subject property.

### 6.3 Previous Environmental Reports

On March 25, 2025, tank tightness testing for two onsite heating oil underground storage tanks (USTs) was performed by Eco Check Compliance, Inc. (Eco Chek) under the oversight of UES. Results of the tightness testing are presented in the UST Tightness Testing Report dated April 8, 2025. The northeastern UST received a failing result due to loss of induced pressure. The southwestern UST was not able to be isolated and therefore results were inconclusive. UES opined that based on the failed tightness test for the northeastern UST, the UST should be drained of residual products and additional investigation should be conducted to determine if a release of heating oil has occurred.

### 6.4 Nevada Division of Environmental Protection (NDEP)

The regulatory agency review did not identify regulatory sites administered by the NDEP that could potentially impact the subject property. Therefore, agency files from the NDEP were not requested for review.

## 6.5 Northern Nevada Public Health (NNPH)

On March 11, 2025, an inquiry regarding inspections, complaints, spills, USTs, or other potential environmental issues in connection with the subject property was submitted via electronic mail to NNPH. On March 12, 2025, NNPH personnel replied by email indicating that their office did not identify responsive records for the subject property.

## 6.6 City of Reno Environmental Control

On March 11, 2025, an inquiry regarding inspections, complaints, spills, USTs, hazardous materials or petroleum products, or other potential environmental issues in connection with the subject property was submitted via an online public records request to the City of Reno. On March 12, 2025, City of Reno personnel replied indicating that responsive records for the subject property were not identified.

## 6.7 Central Truckee Meadows Remediation District (CTMRD)

A plume of the organic solvent tetrachloroethene (PCE), which has been attributed to historical disposal practices, is known to exist throughout much of the Reno-Sparks area, including the vicinity of the subject property. In order to address the PCE issue, the Nevada Legislature created a "remediation district" in 1995 known as the Central Truckee Meadows Remediation District (CTMRD) whose purpose included gathering detailed background information on the problem, providing a listing of recommended actions, defining the boundaries of the CTMRD, and evaluating remediation (cleanup) costs. Several regulatory agencies including the Washoe County Community Services Department (WCCSD), NDEP, Washoe County Health District (WCHD) (currently NNPH), Truckee Meadows Water Authority (TMWA), the City of Reno, and City of Sparks are stakeholders in the CTMRD and are involved in implementing a Remediation Management Plan to protect human health and the environment. Because the issue is a regional problem, it is considered unlikely that responsible parties will be named. In addition, it appears that innocent landowners within the district may be exempt from liability through legislation passed by the State of Nevada. Nevada Revised Statutes 540A.260 Part 4 states that, "An owner or lessee of property within the district who did not cause or contribute to the condition which the district was created to remedy is not subject to criminal or civil liability, including, without limitation, any liability for the cost of remediation or any related damage or injury caused by the condition, except to the extent of any unpaid assessments levied against the property."

UES reviewed the most recent PCE plume maps prepared by the CTMRD for the fourth quarter of 2023. The review of these maps indicates that a low-concentration plume of PCE is inferred to exist

in the shallow and deep groundwater beneath the subject property, below the state action level. The plume appears to range from at least 0.5 micrograms per liter ( $\mu\text{g}/\text{L}$ ) to less than 5  $\mu\text{g}/\text{L}$ , which is below the Nevada state action level of 5  $\mu\text{g}/\text{L}$  for PCE. As CTMRD wells were not identified on the subject property, the current site-specific conditions are unknown at this time. During the fourth quarter of 2023, a monitoring well located approximately 980 feet southwest and cross-gradient of the subject property reported a PCE concentration of 0.92  $\mu\text{g}/\text{L}$  (CTM149) in the shallow zone and a monitoring well located approximately 1,400 feet southeast and down-gradient of the subject property reported a PCE concentration of 0.64  $\mu\text{g}/\text{L}$  (CTM80) in the deeper zone. It should be noted that the past or current subject property operations are not suspected to have included the use of PCE.

## 7.0 SITE RECONNAISSANCE

On March 19, 2025, a site reconnaissance of the subject property was completed by Alisa Prary of UES. UES was escorted by the property owner, Nadia Gulistani, during the site reconnaissance. A second site reconnaissance of the subject property was completed by Zach Harris of UES on March 25, 2025 to access the interior of the subject property which was not accessible at the time of the original site visit. The purpose was to evaluate the current conditions of the subject property and to obtain information indicating the likelihood of identifying RECs in connection with the subject property.

The general subject property setting is characterized primarily by residential development along East 7th Street to the south and Evans Avenue to the east. At the time of UES's site reconnaissance, the subject property was comprised of a single commercial building.

### 7.1 Methodology

The reconnaissance included walking the accessible portions of the subject property and the subject property perimeter. This visual observation of the subject property focused primarily on its surface features. Adjoining properties were observed from curbside or property boundaries. Photographs taken during the site reconnaissance are provided in the Photographs Appendix.

## 7.2 Observations During Reconnaissance

Please refer to the Site Reconnaissance Summary Table below for observations made by UES during the reconnaissance.

### SITE RECONNAISSANCE SUMMARY

ITEM	OBSERVED	COMMENTS
Potable Water Supply/Source	Yes	Connected to municipal water supply
Sewage Disposal System	Yes	Connected to municipal sewer system
Hazardous Substances and Petroleum Products in Connection with Identified Uses	Yes	Two heating oil USTs and one 55-gallon oil drum observed
Storage Tanks (Includes aboveground storage tanks, or underground storage tanks, vent pipes, fill pipes, or access ways indicating underground storage tanks at the subject property)	Yes	Two heating oil USTs
Strong, Pungent, or Noxious Odors/Source	No	
Drums, Totes, and Intermediate Bulk Containers	Yes	One 55-gallon drum of heating oil
Standing Surface Water and Pools or Sumps Containing Liquids Likely to be Hazardous Substances of Petroleum Products	No	
Hazardous Substances and Petroleum Products Containers Not in Connection With Identified Uses	No	
Unidentified Substance Containers	No	
Polychlorinated Biphenyls (PCB)-Containing Items (Electrical or hydraulic equipment known to contain PCBs or likely to contain PCBs. Fluorescent light ballasts, caulk, paint, or other materials that may contain PCBs, and are located inside and are part of	No	

ITEM	OBSERVED	COMMENTS
the building or structure, are outside the scope of this assessment)		
Heating/Cooling Systems  (The means of heating and cooling the building(s) on the subject property, including the fuel source)	Yes	Heating oil-fueled furnace for heating
Stains or Corrosion on Floors, Walls, or Ceilings  (except for staining from water)	No	
Drains and Sumps	No	
Pits, Ponds, or Lagoons  (manmade or natural depressions in a ground surface that are likely to hold liquids or sludge containing hazardous substances or petroleum products)	No	
Stained Soil or Pavement	No	
Stressed Vegetation  (from something other than insufficient water)	No	
Solid Waste  (Areas that are apparently graded by non-natural causes (or filled with fill of unknown origin) suggesting trash, construction debris, demolition debris, or other solid waste disposal; and mounds or depressions suggesting trash or other solid waste disposal)	No	
Waste/Wastewater  (Wastewater or other liquid (including stormwater) discharged from or to the subject property)	No	
Wells  (including dry wells, irrigation wells, injection wells, monitoring wells, abandoned wells, or other wells)	No	
Septic Systems or Cesspools	No	
Other Notable Features	No	

At the time of the site reconnaissance, the subject property consisted of one duplex residence, detached garage, and landscaped areas. The interior of the residence consisted of multiple bedrooms, bathrooms, kitchens and small storage areas. The interior of the detached garage consisted of storage of miscellaneous household items. The basement contained two furnaces, which utilize heating oil as a fuel source. The associated underground heating oil storage tanks are located along

the northeastern and southwestern exterior of the residence. Evidence of the tanks included typical heating oil UST vent pipes and fill ports. One 55-gallon drum of heating oil was observed on the northern exterior of the residence and was reported to temporarily fuel the eastern furnace as sediment was present in the UST.

### 7.3 Adjoining Properties

During the site reconnaissance, properties adjoining the subject property were observed from the subject property boundaries, without being entered, or from curbside, for possible sources of impacts or environmental impairment which could migrate to the subject property via surface water runoff, groundwater transport, or other pathways. The subject property is bordered by the following:

#### DESCRIPTION OF ADJOINING PARCELS

DIRECTION	DESCRIPTION
North	Residential development
East	Evans Avenue with apartment building beyond
South	East 7th Street with residential development beyond
West	Residential development

Reconnaissance of the publicly accessible portions of the properties located immediately adjoining to the subject property did not reveal visible evidence of environmental concerns that could potentially impact the subject property.

## 8.0 INTERVIEWS

As part of this Phase I ESA, interviews were conducted to obtain information indicating RECs in connection with the subject property. The following persons or agencies were contacted for interviews in an effort to obtain information regarding the subject property. Interview records and/or requests for information are presented in the Interview Documentation Appendix.

Represents	Interviewed Yes/No	Name & Title	Interview Date	Comments
Current Property Owner	Yes	Nadia Gulistani, Property Owner	March 19, 2025	At the time of site reconnaissance, Nadia Gulistani was onsite to provide access and participate in an interview. Mrs. Gulistani indicated that the subject property operates as a duplex residence with one

				detached two-car garage and a basement. Mrs. Gulistani further indicated that the subject property is equipped with two 330-gallon heating oil USTs and associated furnaces. Mrs. Gulistani stated that one 55-gallon oil drum was temporarily being utilized to fuel one furnace due to sediment in the UST. Mrs. Gulistani was not aware of any additional environmental concerns associated with the subject property.

## 9.0 DEVIATIONS

UES has performed a Phase I ESA in conformance with the scope and limitations of ASTM Practice. To the best of our knowledge, there have not been deviations from the ASTM E1527-21 standard.

## 10.0 NON-SCOPE CONSIDERATIONS

No other services beyond the Phase I ESA were authorized by the User (or client) as part of this assessment and none were conducted. Additional services can be provided upon request at an additional fee.

## 11.0 FINDINGS AND OPINIONS

### 11.1 General Findings

- The subject property is comprised of approximately 0.106 acres of land developed with a residence and a detached garage.
- The subject property appears to have consisted of vacant land from at least 1904 through 1918. The existing residence was constructed in 1923.
- The subject property was not identified as a record in the databases searched by Environmental Data Resources, Inc. (EDR) and additional records were not identified regarding potential environmental concerns.

- At the time of the site reconnaissance, the subject property consisted of one duplex residence, detached garage and landscaped areas. The interior of the detached garage consisted of storage of miscellaneous household items. The interior of the residence consisted of multiple bedrooms, bathrooms, kitchens and small storage areas. The basement contained two furnaces, which utilize heating oil as a fuel source. The associated underground heating oil storage tanks are located along the northeastern and southwestern exterior of the residence. Evidence of the tanks included typical heating oil underground storage tank (UST) vent pipes and fill ports. One 55-gallon drum of heating oil was observed on the northern exterior of the residence and was reported to temporarily fuel the furnace as sediment was present in the UST.
- A tank tightness test was performed on both tanks by EcoChek on March 27, 2025. The northeastern UST failed the tank tightness test due to loss of induced pressure. Results for the southwestern UST were inconclusive as the tank could not be isolated.

## 11.2 Recognized Environmental Conditions

This Phase I ESA revealed evidence of the following REC:

- At least two heating oil USTs are located on the subject property. A tank tightness test was performed on both USTs by EcoChek on March 27, 2025. The northeastern UST failed the tank tightness test and results for the southeastern tank were inconclusive. Based on these results and the absence of records regarding environmental sampling, a potential release from both USTs cannot be ruled out.

## 11.3 Historical Recognized Environmental Conditions

No HRECs were found for the subject property.

## 11.4 Controlled Recognized Environmental Conditions

No CRECs were found for the subject property.

## 11.5 Vapor Encroachment Conditions

A potential VEC was noted for the subject property and is summarized below:

- Heating oil USTs are utilized on the subject property. As previous subsurface investigations have not been conducted to assess for the presence heating oil, a release from the USTs and a VEC cannot be ruled out for the subject property.

## 11.6 Business Environmental Risk

No BERs were found for the subject property.

## 11.7 Data Gaps

As defined in ASTM E1527-21 a data gap is "a lack of or inability to obtain information required by this practice despite good faith efforts by the environmental professional to gather such information." The following data gaps were encountered during the course of this Phase I ESA:

- Historical information found for the subject property may have exceeded five-year intervals. However, UES believes that this data gap is not considered significant as the specific use of the property and adjoining properties appears unchanged during the period of time that exceeded five years.
- Past owners were not available within reasonable time and/or cost constraints for interview for this report. However, based on information obtained from EDR and Washoe County records, this data gap is not considered significant since it is likely all information obtained would be duplicative of information obtained from other sources.

Per the ASTM standard, these data gaps are not considered significant and do not affect the findings of this Phase I ESA report.

## 12.0 CONCLUSIONS

UES has performed a Phase I Environmental Site Assessment in conformance with the scope and limitations of ASTM Practice E1527-21 of the subject property addressed at 701 Evans Avenue in Reno, Washoe County, Nevada. Any exceptions to, or deletions from, this practice are described in Section 10.0 of this report.

Upon conclusion of the Phase I ESA, and based on information reviewed, this assessment has revealed no evidence of RECs, CRECs, HRECs, BERs, VECs, or significant data gaps in connection with the subject property except for the following:

- REC: At least two heating oil USTs are located on the subject property. A tank tightness test was performed on both USTs by EcoChek on March 27, 2025. The northeastern UST failed the tank tightness test and results for the southeastern tank were inconclusive. Based on these results and the absence of records regarding environmental sampling, a potential release from both USTs cannot be ruled out.

- VEC: According to the information reviewed in Section 6.3 of this report, heating oil USTs are utilized on the subject property. As previous subsurface investigations have not been conducted to assess for the presence heating oil, a VEC cannot be ruled out for the subject property.

Based on the information reviewed for this assessment, UES is of the opinion that additional investigations at the subject property are warranted to address the REC identified in this report.

The conclusions presented above are based upon the agreed scope of work outlined in the above report. UES makes no warranties or guarantees as to the accuracy or completeness of information obtained from others. It is possible that information exists beyond the scope of this investigation. Additional information, which is not available to UES at the time of writing the report, may result in a modification of the conclusions and recommendations presented. The services performed by UES have been conducted in a manner consistent with the level of care ordinarily exercised by members of our profession currently practicing under similar conditions. This report is not a legal opinion, but may under certain circumstances be prepared at the direction of counsel, may be in anticipation of litigation, and may be classified as an attorney-client communication or as an attorney work product.

This report has been prepared for the sole use of the addressee(s) of this report, and cannot be released without consent from UES. If a third party relies on the information provided in this report, UES accepts no responsibility for damages suffered by the third party as a result of reliance of information contained in this report, and that nothing contained in this report shall create a contractual relationship or cause the third party to bring suit against UES. Further guidance is also presented in the Limitations Appendix.

## 13.0 ADDITIONAL INVESTIGATION

Based on the information reviewed for this assessment, UES is of the opinion that additional investigations at the subject property are warranted at this time.

As required in ASTM E1527-21, the EP should provide an opinion regarding additional appropriate investigation, if any, to detect the presence of hazardous substances or petroleum products. This opinion is not intended to constitute a requirement that the EP include any recommendations for Phase II or other assessment activities. Accordingly, any opinions expressed herein do not necessarily constitute a recommendation for further investigation. UES would be pleased to discuss the recommendations for any additional investigation or evaluations with you outside of the context of this report.

## 14.0 QUALIFICATIONS

Resumes of the staff and EPs who performed this Phase I ESA of the subject property are included in the Resumes Appendix.

## 15.0 SIGNATURES OF ENVIRONMENTAL PROFESSIONALS

We declare that, to the best of our professional knowledge and belief, this Phase I ESA has been prepared and reviewed under the guidance of UES staff meeting the definition of Environmental Professional (EP) as defined in 312.10 of 40 CFR 312. UES EPs have the specific qualifications based on education, training, and experience to assess a property of the nature, history, and setting of the Subject Property. We have developed and performed the all-appropriate inquiries in conformance with the standards and practices set forth in 40 CFR Part 312. Resumes of the environmental professionals utilized in performance of this Phase I ESA are attached in the Resume Appendix.

Respectfully Submitted:

Project No: UNR099

Mr. Martinez:

McGinley & Associates, Inc. dba UES (UES) performed a limited asbestos containing materials inspection on the building located at 701 Evans Avenue in Reno, Nevada. Both addresses are common to this building. The purpose of the inspection was to visually assess for highly suspect asbestos-containing materials (ACMs) within the interior and exterior of the onsite building and note damage to materials which may pose a direct exposure risk to occupants. This work was performed as requested by the University of Nevada, Reno and under the direction of a Nevada-certified asbestos building inspector.

ACM has been identified as a potential health hazard, particularly when that material is friable and becomes damaged; therefore, an attempt was made to determine homogeneous areas and identify types and condition of visible materials that commonly contain asbestos. Our site reconnaissance was performed on March 27, 2025. The inspection included visual observation of all easily accessible areas of the building and the separate garage building. UES observed each room of the onsite residences including mechanical areas but did not access the attic space. Some of the suspect asbestos containing building materials that UES looked for included but were not limited to: flooring materials, wall systems, sprayed on acoustical materials, fireproofing, pipe-wrap insulation, duct tape, roofing materials, and exterior brick, mortar, grout and siding materials. It should be noted that samples of building materials were not collected as to avoid damaging potential ACMs via destructive sampling methods or creating material disturbances.

Based on UES's site observations, it appeared that the building had likely undergone various renovations since its original construction but appeared to be mostly in original condition. UES did not observe evidence of surfacing materials that are considered highly suspect as friable ACMs (e.g. "popcorn" ceiling, vinyl sheet flooring, and thermal systems insulation). All building materials observed were noted in generally good condition with little to no deterioration or damage.

However, based on original construction date of the onsite building (1923) it is possible that ACMs were used in construction or during renovation activities. Because UES's observations were strictly visual and only performed in accessible areas, it is possible that ACMs exist within the building and may have been

covered with new materials or are located behind walls, under flooring materials, and/or within

inaccessible areas of the building. The presence or absence of asbestos fibers in building materials cannot be determined based only on visual identification. The only way to positively identify ACMs is by conducting a comprehensive asbestos assessment which would require destructive measures to collect samples from building materials. Should future renovation or demolition of the onsite building occur, a comprehensive asbestos assessment will need to be performed.

We appreciate the opportunity to be of service on this project. If you have any questions regarding the findings of this report, or if we can be of further assistance, please do not hesitate to contact us.

Respectfully,

## PRELIMINARY REPORT FORM

Issued By:

Prelim Number:

TTR2500472-CD

In response to the application for a policy of title insurance referenced herein, **Chicago Title Insurance Company** hereby reports that it is prepared to issue, or cause to be issued, as of the date hereof, a policy or policies of title insurance describing the land and the estate or interest therein hereinafter set forth, insuring against loss which may be sustained by reason of any defect, lien or encumbrance not shown or referred to as an exception herein or not excluded from coverage pursuant to the printed Schedules, Conditions and Stipulations or Conditions of said policy forms.

The printed Exceptions and Exclusions from the coverage and Limitations on Covered Risks of said policy or policies are set forth in Attachment One. The policy to be issued may contain an arbitration clause. When the Amount of Insurance is less than that set forth in the arbitration clause, all arbitrable matters shall be arbitrated at the option of either the Company or the Insured as the exclusive remedy of the parties. Limitations on Covered Risks applicable to the CLTA and ALTA Homeowner's Policies of Title Insurance which establish a Deductible Amount and a Maximum Dollar Limit of Liability for certain coverages are also set forth in Attachment One. Copies of the policy forms should be read. They are available from the office which issued this report.

This report (and any supplements or amendments hereto) is issued solely for the purpose of facilitating the issuance of a policy of title insurance and no liability is assumed hereby. If it is desired that liability be assumed prior to the issuance of a policy of title insurance, a Binder or Commitment should be requested.

The policy(ies) of title insurance to be issued hereunder will be policy(ies) of Chicago Title Insurance Company, a Florida corporation.

**Please read the exceptions shown or referred to herein and the exceptions and exclusions set forth in Attachment One of this report carefully. The exceptions and exclusions are meant to provide you with notice of matters which are not covered under the terms of the title insurance policy and should be carefully considered.**

**It is important to note that this preliminary report is not a written representation as to the condition of title and may not list all liens, defects and encumbrances affecting title to the land.**

**END OF INFORMATIONAL NOTES**

## **Note: Notice of Available Title Insurance and Escrow Discounts**

Your transaction may qualify for one of the discounts shown below. In order to receive these discounts, you will need to contact your escrow officer or a company representative to determine if you qualify and to request the discount. Your escrow officer or company representative will provide a full description of the terms, conditions and requirements associated with each discount.

### **Available Title Insurance Discounts (These discounts will apply to all transactions where the company is issuing a policy of title insurance, including such transactions where the company is not providing escrow closing services.)**

#### **CREDIT FOR PRELIMINARY TITLE REPORTS AND/OR COMMITMENT CANCELLATION CHARGES ON SUBSEQUENT POLICIES**

Where an order was cancelled and no major change in the title has occurred since the issuance of the original report or commitment, and the order is reopened within twenty-four (24) – thirty-six (36) months, all or a portion of the charge previously paid upon the cancellation of the report or commitment may be credited on a subsequent policy charge.

#### **SHORT TERM RATE**

The Short Term Rate is a reduction of the applicable insurance rate which is allowable only when the current order is placed within (sixty) 60 months from the date of issuance of a prior policy of title insurance to the vested owner or an assignee of the interest insured. The short term rate is 80% of the Basic Rate. Unless otherwise stated, the reduction only applies to policies priced at Eighty Percent (80%) or greater of the basic rate. This reduction does not apply to Short Sale transactions or to any surcharge calculated on the basic rate.

#### **PRIOR POLICY DISCOUNT (APPLICABLE TO ZONE 2, DIRECT OPERATIONS ONLY)**

The Prior Policy Discount will apply when a seller or borrower provides a copy of their owner's policy upon opening escrow. The prior policy rate is Seventy Percent (70%) of the applicable owner's title premium. This discount may not be used in combination with any other discount and can only be used in transactions involving property located in Zone 2 (Zone 2 includes all Nevada counties except Clark, Lincoln and Nye) that are handled by a direct operation of the FNF Family of Companies.

#### **CHURCHES OR CHARITABLE NON-PROFIT ORGANIZATIONS**

On properties used as a church or for charitable purposes within the scope of the normal activities of such entities the charge for a policy shall be Fifty Percent (50%) to Seventy Percent (70%) of the appropriate title insurance rate, depending on the type of coverage selected. This discount shall not apply to charges for loan policies issued concurrently with an owner's policy.

#### **EMPLOYEE RATE**

No charge shall be made to employees of the Company, its subsidiary or affiliated companies (including employees on approved retirement) for policies issued in connection with financing, refinancing, sale or purchase of the employee's bonafide home property. Waiver of such charges is authorized only in connection with those costs which the employee would be obligated to pay, by established custom, as a party to the transaction.

#### **INVESTOR RATE**

This rate is available for individuals, groups of individuals or entities customarily engaged in real estate investments. The parties must provide reasonable proof that they currently hold title to or have transferred title to three (3) or more investment properties in the State of Nevada within the past twelve (12) months to qualify for this rate. On a sale transaction, the investor rate is Seventy Percent (70%) of the basic rate. This reduction does not apply to any surcharge calculated on the basic rate. On a refinance transaction or where the investor is obtaining a loan subsequent to a purchase, the rate shall be Eighty-Five Percent (85%) of the applicable rate with a minimum charge of Three Hundred Eighty-Five and No/100 Dollars (\$385.00). The loan discount shall only apply to transactions priced under Section 5.1 B (1b) of the title insurance rate manual. This rate is available upon request only.

### **Available Escrow Discounts These discounts will apply only to the escrow fee portion of your settlement charges, and the discounts will apply only if the company is issuing a policy of title insurance in conjunction with providing escrow services.**

#### **SENIOR CITIZEN RATE**

If a valid identification is provided, principals to a given transaction who qualify as Senior Citizens (55 year of age and over) shall be Seventy-Five Percent (75%) of their portion of the escrow fee wherein a valid identification is provided. This discount shall only apply on residential resale transactions wherein the principal resides in the subject property. This discount may not be used in combination with any other escrow rate discount. This rate is available upon request only.

## **MILITARY DISCOUNT**

Any person on active military duty or a Veteran of the U.S. Armed Forces shall be charged Seventy-Five Percent (75%) of their portion of the escrow fee. A copy of a current military identification card or a copy of the DD-214 (Certificate of Release or Discharge from Active Duty) must be provided. This discount may not be used in combination with any other discount. This rate is for sale transaction and it is available upon request only.

## **FIRST RESPONDER RATE**

Any person in a given transaction who is a First Responder shall be charged Seventy-Five Percent (75%) of their portion of the escrow fee, wherein the principle provides a signed statement that indicates he or she is currently employed as one of the following emergency professionals:

- Firefighter
- Law enforcement officer who is sworn to uphold and make arrests for violations of federal, state, county or municipal laws.
- EMT
- Paramedic
- Search & Rescue team member

The discount shall be applicable on residential resale transactions wherein the principal resides in, or plans to reside in, the subject property. This discount may not be used with any other discount and is available upon request only.

## **EMPLOYEE RATES**

An employee will not be charged an escrow fee for the purchase, sale or refinance of the employee's primary residence. The employee must be a principal to the transaction and the request for waiver of fees must be submitted to Management prior to approval.

## **INVESTOR RATE**

This rate is available for individuals, groups of individuals or entities customarily engaged in real estate transactions. The parties must provide reasonable proof that they currently hold title to or have transferred title to three (3) or more investment properties within the State of Nevada within the past twelve (12) months to qualify for this rate. The charge is 70% of their portion of the escrow fee. This discount may not be used in combination with any other discount. This rate is for sale transactions and it is available upon request, only.

## WIRE FRAUD ALERT

This Notice is not intended to provide legal or professional advice.  
If you have any questions, please consult with a lawyer.

All parties to a real estate transaction are targets for wire fraud and many have lost hundreds of thousands of dollars because they simply relied on the wire instructions received via email, without further verification. **If funds are to be wired in conjunction with this real estate transaction, we strongly recommend verbal verification of wire instructions through a known, trusted phone number prior to sending funds.**

In addition, the following non-exclusive self-protection strategies are recommended to minimize exposure to possible wire fraud.

- **NEVER RELY** on emails purporting to change wire instructions. Parties to a transaction rarely change wire instructions in the course of a transaction.
- **ALWAYS VERIFY** wire instructions, specifically the ABA routing number and account number, by calling the party who sent the instructions to you. DO NOT use the phone number provided in the email containing the instructions, use phone numbers you have called before or can otherwise verify. **Obtain the number of relevant parties to the transaction as soon as an escrow account is opened.** DO NOT send an email to verify as the email address may be incorrect or the email may be intercepted by the fraudster.
- **USE COMPLEX EMAIL PASSWORDS** that employ a combination of mixed case, numbers, and symbols. Make your passwords greater than eight (8) characters. Also, change your password often and do NOT reuse the same password for other online accounts.
- **USE MULTI-FACTOR AUTHENTICATION** for email accounts. Your email provider or IT staff may have specific instructions on how to implement this feature.

## FIDELITY NATIONAL FINANCIAL PRIVACY NOTICE

Effective January 1, 2025

Fidelity National Financial, Inc. and its majority-owned subsidiary companies (collectively, "FNF," "our," or "we") respect and are committed to protecting your privacy. This Privacy Notice explains how we collect, use, and protect personal information, when and to whom we disclose such information, and the choices you have about the use and disclosure of that information.

A limited number of FNF subsidiaries have their own privacy notices. If a subsidiary has its own privacy notice, the privacy notice will be available on the subsidiary's website and this Privacy Notice does not apply.

### **Collection of Personal Information**

FNF may collect the following categories of Personal Information:

- contact information (e.g., name, address, phone number, email address);
- demographic information (e.g., date of birth, gender, marital status);
- identity information (e.g., Social Security Number, driver's license, passport, or other government ID number);
- financial account information (e.g., loan or bank account information);
- biometric data (e.g., fingerprints, retina or iris scans, voiceprints, or other unique biological characteristics); and
- other personal information necessary to provide products or services to you.

We may collect Personal Information about you from:

- information we receive from you or your agent;
- information about your transactions with FNF, our affiliates, or others; and
- information we receive from consumer reporting agencies and/or governmental entities, either directly from these entities or through others.

### **Collection of Browsing Information**

FNF automatically collects the following types of Browsing Information when you access an FNF website, online service, or application (each an "FNF Website") from your Internet browser, computer, and/or device:

- Internet Protocol (IP) address and operating system;
- browser version, language, and type;
- domain name system requests; and
- browsing history on the FNF Website, such as date and time of your visit to the FNF Website and visits to the pages within the FNF Website.

Like most websites, our servers automatically log each visitor to the FNF Website and may collect the Browsing Information described above. We use Browsing Information for system administration, troubleshooting, fraud investigation, and to improve our websites. Browsing Information generally does not reveal anything personal about you, though if you have created a user account for an FNF Website and are logged into that account, the FNF Website may be able to link certain browsing activity to your user account.

### **Other Online Specifics**

**Cookies.** When you visit an FNF Website, a "cookie" may be sent to your computer. A cookie is a small piece of data that is sent to your Internet browser from a web server and stored on your computer's hard drive. Information gathered using cookies helps us improve your user experience. For example, a cookie can help the website load properly or can customize the display page based on your browser type and user preferences. You can choose whether or not to accept cookies by changing your Internet browser settings. Be aware that doing so may impair or limit some functionality of the FNF Website.

**Web Beacons.** We use web beacons to determine when and how many times a page has been viewed. This information is used to improve our websites.

**Do Not Track.** Currently our FNF Websites do not respond to "Do Not Track" features enabled through your browser.

**Links to Other Sites.** FNF Websites may contain links to unaffiliated third-party websites. FNF is not responsible for the privacy practices or content of those websites. We recommend that you read the privacy policy of every website you visit.

## **Use of Personal Information**

FNF uses Personal Information for these main purposes:

- To provide products and services to you or in connection with a transaction involving you.
- To improve our products and services.
- To prevent and detect fraud;
- To maintain the security of our systems, tools, accounts, and applications;
- To verify and authenticate identities and credentials;
- To communicate with you about our, our affiliates', and others' products and services, jointly or independently.
- To provide reviews and testimonials about our services, with your consent.

## **When Information Is Disclosed**

We may disclose your Personal Information and Browsing Information in the following circumstances:

- to enable us to detect or prevent criminal activity, fraud, material misrepresentation, or nondisclosure;
- to affiliated or nonaffiliated service providers who provide or perform services or functions on our behalf and who agree to use the information only to provide such services or functions;
- to affiliated or nonaffiliated third parties with whom we perform joint marketing, pursuant to an agreement with them to jointly market financial products or services to you;
- to law enforcement or authorities in connection with an investigation, or in response to a subpoena or court order; or
- in the good-faith belief that such disclosure is necessary to comply with legal process or applicable laws, or to protect the rights, property, or safety of FNF, its customers, or the public.

The law does not require your prior authorization and does not allow you to restrict the disclosures described above. Additionally, we may disclose your information to third parties for whom you have given us authorization or consent to make such disclosure. We do not otherwise share your Personal Information or Browsing Information with nonaffiliated third parties, except as required or permitted by law.

We reserve the right to transfer your Personal Information, Browsing Information, and any other information, in connection with the sale or other disposition of all or part of the FNF business and/or assets, or in the event of bankruptcy, reorganization, insolvency, receivership, or an assignment for the benefit of creditors. By submitting Personal Information and/or Browsing Information to FNF, you expressly agree and consent to the use and/or transfer of the foregoing information in connection with any of the above described proceedings.

## **Security of Your Information**

We maintain physical, electronic, and procedural safeguards to protect your Personal Information.

## **Choices With Your Information**

Whether you submit Personal Information or Browsing Information to FNF is entirely up to you. If you decide not to submit Personal Information or Browsing Information, FNF may not be able to provide certain services or products to you.

## **State-Specific Consumer Privacy Information:**

For additional information about your state-specific consumer privacy rights, to make a consumer privacy request, or to appeal a previous privacy request, please follow the link [Privacy Request](#), or email [privacy@fnf.com](mailto:privacy@fnf.com) or call (888) 714-2710.

Certain state privacy laws require that FNF disclose the categories of third parties to which FNF may disclose the Personal Information and Browsing Information listed above. Those categories are:

- FNF affiliates and subsidiaries;
- Non-affiliated third parties, with your consent;
- Business in connection with the sale or other disposition of all or part of the FNF business and/or assets;
- Service providers;
- Law enforcement or authorities in connection with an investigation, or in response to a subpoena or court order.

**For California Residents:** We will not share your Personal Information or Browsing Information with nonaffiliated third parties, except as permitted by California law. For additional information about your California privacy rights, please visit the "California Privacy" link on our website ([fnf.com/california-privacy](http://fnf.com/california-privacy)) or call (888) 413-1748.

**For Nevada Residents:** We are providing this notice pursuant to state law. You may be placed on our internal Do Not Call List by calling FNF Privacy at (888) 714-2710 or by contacting us via the information set forth at the end of this Privacy Notice. For further information concerning Nevada's telephone solicitation law, you may contact: Bureau of Consumer Protection, Office of the Nevada Attorney General, 555 E. Washington St., Suite 3900, Las Vegas, NV 89101; Phone number: (702) 486-3132; email: [aginquiries@ag.state.nv.us](mailto:aginquiries@ag.state.nv.us).

**For Oregon Residents:** We will not share your Personal Information or Browsing Information with nonaffiliated third parties for marketing purposes, except after you have been informed by us of such sharing and had an opportunity to indicate that you do not want a disclosure made for marketing purposes. For additional information about your Oregon consumer privacy rights, or to make a consumer privacy request, or appeal a previous privacy request, please email [privacy@fnf.com](mailto:privacy@fnf.com) or call (888) 714-2710.

#### **Information From Children**

The FNF Websites are not intended or designed to attract persons under the age of eighteen (18). We do not collect Personal Information from any person that we know to be under the age of thirteen (13) without permission from a parent or guardian.

#### **International Users**

FNF's headquarters is located within the United States. If you reside outside the United States and choose to provide Personal Information or Browsing Information to us, please note that we may transfer that information outside of your country of residence. By providing FNF with your Personal Information and/or Browsing Information, you consent to our collection, transfer, and use of such information in accordance with this Privacy Notice.

#### **FNF Website Services for Mortgage Loans**

Certain FNF companies provide services to mortgage loan servicers, including hosting websites that collect customer information on behalf of mortgage loan servicers (the "Service Websites"). The Service Websites may contain links to both this Privacy Notice and the mortgage loan servicer or lender's privacy notice. The sections of this Privacy Notice titled When Information is Disclosed, Choices with Your Information, and Accessing and Correcting Information do not apply to the Service Websites. The mortgage loan servicer or lender's privacy notice governs use, disclosure, and access to your Personal Information. FNF does not share Personal Information collected through the Service Websites, except as required or authorized by contract with the mortgage loan servicer or lender, or as required by law or in the good-faith belief that such disclosure is necessary: to comply with a legal process or applicable law, to enforce this Privacy Notice, or to protect the rights, property, or safety of FNF or the public.

#### **Your Consent To This Privacy Notice; Notice Changes**

By submitting Personal Information and/or Browsing Information to FNF, you consent to the collection and use of the information in accordance with this Privacy Notice. We may change this Privacy Notice at any time. The Privacy Notice's effective date will show the last date changes were made. If you provide information to us following any change of the Privacy Notice, that signifies your assent to and acceptance of the changes to the Privacy Notice.

**Accessing and Correcting Information; Contact Us**

## **ALTA HOMEOWNER'S POLICY OF TITLE INSURANCE (7-01-21)**

### **EXCLUSIONS FROM COVERAGE**

The following matters are excluded from the coverage of this policy and We will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. a. any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) that restricts, regulates, prohibits, or relates to:
  - i. the occupancy, use, or enjoyment of the Land;
  - ii. the character, dimensions, or location of any improvement on the Land;
  - iii. the subdivision of land; or
  - iv. environmental remediation or protection.
- b. any governmental forfeiture, police, or regulatory, or national security power.
- c. the effect of a violation or enforcement of any matter excluded under Exclusion 1.a. or 1.b.

Exclusion 1 does not modify or limit the coverage provided under Covered Risk 8.a., 14, 15, 16, 18, 19, 20, 23, or 27.

2. Any power to take the Land by condemnation. Exclusion 2 does not modify or limit the coverage provided under Covered Risk 17.
3. Any defect, lien, encumbrance, adverse claim, or other matter:
  - a. created, suffered, assumed, or agreed to by You;
  - b. not Known to Us, not recorded in the Public Records at the Date of Policy, but Known to You and not disclosed in writing to Us by You prior to the date You became an Insured under this policy;
  - c. resulting in no loss or damage to You;
  - d. attaching or created subsequent to the Date of Policy (Exclusion 3.d. does not modify or limit the coverage provided under Covered Risk 5, 8.f., 25, 26, 27, 28, or 32); or
  - e. resulting in loss or damage that would not have been sustained if You paid consideration sufficient to qualify You as a bona fide purchaser of the Title at the Date of Policy.
4. Lack of a right:
  - a. to any land outside the area specifically described and referred to in Item 3 of Schedule A; and
  - b. in any street, road, avenue, alley, lane, right-of-way, body of water, or waterway that abut the Land.

Exclusion 4 does not modify or limit the coverage provided under Covered Risk 11 or 21.

5. The failure of Your existing structures, or any portion of Your existing structures, to have been constructed before, on, or after the Date of Policy in accordance with applicable building codes. Exclusion 5 does not modify or limit the coverage provided under Covered Risk 14 or 15.
6. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights law, that the transfer of the Title to You is a:
  - a. fraudulent conveyance or fraudulent transfer;
  - b. voidable transfer under the Uniform Voidable Transactions Act; or
  - c. preferential transfer:
    - i. to the extent the instrument of transfer vesting the Title as shown in Schedule A is not a transfer made as a contemporaneous exchange for new value; or
    - ii. for any other reason not stated in Covered Risk 30.

7. Contamination, explosion, fire, flooding, vibration, fracturing, earthquake, or subsidence.
8. Negligence by a person or an entity exercising a right to extract or develop oil, gas, minerals, groundwater, or any other subsurface substance.
9. Any lien on Your Title for real estate taxes or assessments, imposed or collected by a governmental authority that becomes due and payable after the Date of Policy. Exclusion 9 does not modify or limit the coverage provided under Covered Risk 8.a or 27.
10. Any discrepancy in the quantity of the area, square footage, or acreage of the Land or of any improvement to the Land.

### **LIMITATIONS ON COVERED RISKS**

In addition to the Exceptions in Schedule B, You are not insured against loss, costs, attorneys' fees, and expenses resulting from:

1. Governmental police power, and the existence or violation of those portions of any law or government regulation concerning:
  - a. building;
  - b. zoning;
  - c. land use;
  - d. improvements on the Land;
  - e. land division; and
  - f. environmental protection.
- This Exclusion does not limit the coverage described in Covered Risk 8.a., 14, 15, 16, 18, 19, 20, 23 or 27.
2. The failure of Your existing structures, or any part of them, to be constructed in accordance with applicable building codes. This Exclusion does not limit the coverage described in Covered Risk 14 or 15.
3. The right to take the Land by condemning it. This Exclusion does not limit the coverage described in Covered Risk 17.
4. Risks:
  - a. that are created, allowed, or agreed to by You, whether or not they are recorded in the Public Records;
  - b. that are Known to You at the Policy Date, but not to Us, unless they are recorded in the Public Records at the Policy Date;
  - c. that result in no loss to You; or
  - d. that first occur after the Policy Date - this does not limit the coverage described in Covered Risk 7, 8.e., 25, 26, 27 or 28.
5. Failure to pay value for Your Title.
6. Lack of a right:
  - a. to any land outside the area specifically described and referred to in paragraph 3 of Schedule A; and
  - b. in streets, alleys, or waterways that touch the Land.
- This Exclusion does not limit the coverage described in Covered Risk 11 or 21.
7. The transfer of the Title to You is invalid as a preferential transfer or as a fraudulent transfer or conveyance under federal bankruptcy, state insolvency, or similar creditors' rights laws.
8. Contamination, explosion, fire, flooding, vibration, fracturing, earthquake or subsidence.
9. Negligence by a person or an Entity exercising a right to extract or develop minerals, water, or any other substances.

### ALTA OWNER'S POLICY (07-01-2021)

#### EXCLUSIONS FROM COVERAGE

The following matters are excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. a. any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) that restricts, regulates, prohibits, or relates to:
  - i. the occupancy, use, or enjoyment of the Land;
  - ii. the character, dimensions, or location of any improvement on the Land;
  - iii. the subdivision of land; or
  - iv. environmental remediation or protection.
- b. any governmental forfeiture, police, regulatory, or national security power.
- c. the effect of a violation or enforcement of any matter excluded under Exclusion 1.a. or 1.b.

Exclusion 1 does not modify or limit the coverage provided under Covered Risk 5 or 6.

2. Any power of eminent domain. Exclusion 2 does not modify or limit the coverage provided under Covered Risk 7.
3. Any defect, lien, encumbrance, adverse claim, or other matter:
  - a. created, suffered, assumed, or agreed to by the Insured Claimant;
  - b. not Known to the Company, not recorded in the Public Records at the Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
  - c. resulting in no loss or damage to the Insured Claimant;
  - d. attaching or created subsequent to the Date of Policy (Exclusion 3.d. does not modify or limit the coverage provided under Covered Risk 9 or 10); or
  - e. resulting in loss or damage that would not have been sustained if consideration sufficient to qualify the Insured named in Schedule A as a bona fide purchaser had been given for the Title at the Date of Policy.
4. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights law, that the transaction vesting the Title as shown in Schedule A is a:
  - a. fraudulent conveyance or fraudulent transfer;
  - b. voidable transfer under the Uniform Voidable Transactions Act; or
  - c. preferential transfer:
    - i. to the extent the instrument of transfer vesting the Title as shown in Schedule A is not a transfer made as a contemporaneous exchange for new value; or
    - ii. for any other reason not stated in Covered Risk 9.b.
5. Any claim of a PACA-PSA Trust. Exclusion 5 does not modify or limit the coverage provided under Covered Risk 8.
6. Any lien on the Title for real estate taxes or assessments, imposed or collected by a governmental authority that becomes due and payable after the Date of Policy. Exclusion 6 does not modify or limit the coverage provided under Covered Risk 2.b.
7. Any discrepancy in the quantity of the area, square footage, or acreage of the Land or of any improvement to the Land.

#### EXCEPTIONS FROM COVERAGE

Some historical land records contain Discriminatory Covenants that are illegal and unenforceable by law. This policy treats any Discriminatory Covenant in a document referenced in Schedule B as if each Discriminatory Covenant is redacted, repudiated, removed, and not republished or recirculated. Only the remaining provisions of the document are excepted from coverage.

This policy does not insure against loss or damage and the Company will not pay costs, attorneys' fees, or expenses resulting from the terms and conditions of any lease or easement identified in Schedule A, and the following matters:

*NOTE: The 2021 ALTA Owner's Policy may be issued to afford either Standard Coverage or Extended Coverage. In addition to variable exceptions such as taxes, easements, CC&R's, etc., the Exceptions from Coverage in a Standard Coverage policy will also include the Western Regional Standard Coverage Exceptions listed as 1 through 7 below:*

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records; (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.
2. Any facts, rights, interests, or claims that are not shown by the Public Records at Date of Policy but that could be (a) ascertained by an inspection of the Land or (b) asserted by persons or parties in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records at Date of Policy.
4. Any encroachment, encumbrance, violation, variation, easement, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and not shown by the Public Records at Date of Policy.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b), or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor, material or equipment unless such lien is shown by the Public Records at Date of Policy.
7. Any claim to (a) ownership of or rights to minerals and similar substances, including but not limited to ores, metals, coal, lignite, oil, gas, uranium, clay, rock, sand, and gravel located in, on, or under the Land or produced from the Land, whether such ownership or rights arise by lease, grant, exception, conveyance, reservation, or otherwise; and (b) any rights, privileges, immunities, rights of way, and easements associated therewith or appurtenant thereto, whether or not the interests or rights excepted in (a) or (b) appear in the Public Records or are shown in Schedule B.

### 2006 ALTA OWNER'S POLICY (06-17-06)

#### EXCLUSIONS FROM COVERAGE

The following matters are expressly excluded from the coverage of this policy, and the Company will not pay loss or damage, costs, attorneys' fees, or expenses that arise by reason of:

1. (a) Any law, ordinance, permit, or governmental regulation (including those relating to building and zoning) restricting, regulating, prohibiting, or relating to:
  - (i) the occupancy, use, or enjoyment of the Land;
  - (ii) the character, dimensions, or location of any improvement erected on the Land;
  - (iii) the subdivision of land; or
  - (iv) environmental protection;or the effect of any violation of these laws, ordinances, or governmental regulations. This Exclusion 1(a) does not modify or limit the coverage provided under Covered Risk 5.  
(b) Any governmental police power. This Exclusion 1(b) does not modify or limit the coverage provided under Covered Risk 6.
2. Rights of eminent domain. This Exclusion does not modify or limit the coverage provided under Covered Risk 7 or 8.
3. Defects, liens, encumbrances, adverse claims, or other matters
  - (a) created, suffered, assumed, or agreed to by the Insured Claimant;
  - (b) not Known to the Company, not recorded in the Public Records at Date of Policy, but Known to the Insured Claimant and not disclosed in writing to the Company by the Insured Claimant prior to the date the Insured Claimant became an Insured under this policy;
  - (c) resulting in no loss or damage to the Insured Claimant;
  - (d) attaching or created subsequent to Date of Policy (however, this does not modify or limit the coverage provided under Covered Risk 9 and 10); or
  - (e) resulting in loss or damage that would not have been sustained if the Insured Claimant had paid value for the Title.
4. Any claim, by reason of the operation of federal bankruptcy, state insolvency, or similar creditors' rights laws, that the transaction vesting the Title as shown in Schedule A, is
  - (a) a fraudulent conveyance or fraudulent transfer; or
  - (b) a preferential transfer for any reason not stated in Covered Risk 9 of this policy.
5. Any lien on the Title for real estate taxes or assessments imposed by governmental authority and created or attaching between Date of Policy and the date of recording of the deed or other instrument of transfer in the Public Records that vests Title as shown in Schedule A.

#### EXCEPTIONS FROM COVERAGE

This policy does not insure against loss or damage, and the Company will not pay costs, attorneys' fees, or expenses that arise by reason of:

*NOTE: The 2006 ALTA Owner's Policy may be issued to afford either Standard Coverage or Extended Coverage. In addition to variable exceptions such as taxes, easements, CC&R's, etc., the Exceptions from Coverage in a Standard Coverage policy will also include the Western Regional Standard Coverage Exceptions listed below as 1 through 7 below:*

1. (a) Taxes or assessments that are not shown as existing liens by the records of any taxing authority that levies taxes or assessments on real property or by the Public Records; (b) proceedings by a public agency that may result in taxes or assessments, or notices of such proceedings, whether or not shown by the records of such agency or by the Public Records.
2. Any facts, rights, interests, or claims that are not shown by the Public Records at Date of Policy but that could be (a) ascertained by an inspection of the Land, or (b) asserted by persons or parties in possession of the Land.
3. Easements, liens or encumbrances, or claims thereof, not shown by the Public Records at Date of Policy.
4. Any encroachment, encumbrance, violation, variation, easement, or adverse circumstance affecting the Title that would be disclosed by an accurate and complete land survey of the Land and not shown by the Public Records at Date of Policy.
5. (a) Unpatented mining claims; (b) reservations or exceptions in patents or in Acts authorizing the issuance thereof; (c) water rights, claims or title to water, whether or not the matters excepted under (a), (b), or (c) are shown by the Public Records.
6. Any lien or right to a lien for services, labor, material or equipment unless such lien is shown by the Public Records at Date of Policy.]
7. Any claim to (a) ownership of or rights to minerals and similar substances, including but not limited to ores, metals, coal, lignite, oil, gas, uranium, clay, rock, sand, and gravel located in, on, or under the Land or produced from the Land, whether such ownership or rights arise by lease, grant, exception, conveyance, reservation, or otherwise; and (b) any rights, privileges, immunities, rights of way, and easements associated therewith or appurtenant thereto, whether or not the interests or rights excepted in (a) or (b) appear in the Public Records or are shown in Schedule B.

This map/plat is being furnished as an aid in locating the herein described Land in relation to adjoining streets, natural boundaries and other land, and is not a survey of the land depicted. Except to the extent a policy of title insurance is expressly modified by endorsement, if any, the Company does not insure dimensions, distances, location of easements, acreage or other matters shown thereon.

## EXHIBIT 8

RESOLUTION NO. \_\_\_\_\_

**A RESOLUTION PERTAINING TO THE APPROVAL OF THE PURCHASE OF REAL PROPERTY LOCATED AT 701 EVANS AVENUE IN RENO, NEVADA, ON WASHOE COUNTY ASSESSOR PARCEL NUMBER: 007-223-07. AND TO THE AUTHORIZATION OF CHANCELLOR, OR DESIGNEE, TO EXECUTE THE PURCHASE AGREEMENT, REVIEW AND APPROVE ENVIRONMENTAL CONDITIONS REPORTS, ANY NON-MATERIAL OR CORRECTIVE AMENDMENTS TO THE PURCHASE AGREEMENT, AND ANY OTHER ANCILLARY AGREEMENTS, DOCUMENTS, OR APPLICATIONS THAT MAY BE REQUIRED TO IMPLEMENT THE PURCHASE AGREEMENT. ALL SUCH AMENDMENTS AND ANCILLARY DOCUMENTS SHALL BE REVIEWED AND APPROVED BY THE CHANCELLOR, AND NSHE CHIEF GENERAL COUNSEL, OR AT THE CHIEF GENERAL COUNSEL'S REQUEST, NSHE SPECIAL REAL PROPERTY COUNSEL, TO CONFIRM THAT THEY ARE NECESSARY IN ORDER TO IMPLEMENT THE TERMS AND CONDITIONS REQUIRED TO FINALIZE THE SALE, AS APPROVED BY THE BOARD OF REGENTS.**

**BE IT RESOLVED** that the Board of Regents approves the request to purchase the real property located at 701 Evans Avenue in Reno, Nevada, on Washoe County Assessor Parcel Number: 007-223-07.

**BE IT FURTHER RESOLVED** that the Board of Regents hereby authorizes the Chancellor, or Designee, to execute the purchase agreement, review and approve environmental conditions report(s), any non-material or corrective amendments to the purchase agreement, and any other ancillary agreements, documents, or applications that may be required to implement the purchase agreement. All such amendments and ancillary documents shall be reviewed and approved by the Chancellor, and NSHE Chief General Counsel, or, at the NSHE Chief General Counsel's request, NSHE Special Real Property Counsel, to confirm that they are necessary in order to implement the terms and conditions required to finalize the sale, as approved by the Board of Regents.

PASSED AND ADOPTED on \_\_\_\_\_, 2025.
