Section 1. Definition – Resident Physicians and Resident Dentists

1. Resident physicians and Resident dentists (hereinafter referred to as Residents) are doctors who are continuing their medical or dental education after receipt of the medical or dental degree through continued instruction and the provision of patient care services by means of educational, clinical experience in University of Nevada-affiliated institutions and organizations, and who may also provide instructional services to medical or dental students as the Residents’ experience and education allows.

2. Faculty of the University of Nevada, Reno School of Medicine; the University of Nevada, Las Vegas School of Medicine; and the University of Nevada, Las Vegas School of Dental Medicine are responsible for the supervision and instruction of the Residents.

3. The majority of the Residents' time is in hospitals, clinics, physician offices, and other health care facilities throughout the State of Nevada. Therefore, while on University of Nevada contract, Residents may rotate outside the University of Nevada, Reno School of Medicine; the University of Nevada, Las Vegas School of Medicine; and the University of Nevada, Las Vegas School of Dental Medicine with affiliated and non-affiliated institutions as long as these clinical rotations are approved by the department or program to which the Resident is assigned.

6. Procedures to be followed for the offering of contracts to Residents shall be established by the institutional President and published in the institutional administrative manual.
7. Contracts are subject to modification during the fiscal year for Residents as Residents rotate between hospitals and other institutions. In such cases, the Residents may be paid during the interim period by other institutions or continued on contract at the University of Nevada, depending on the inter-institutional arrangements and the needs of the residency program.

8. Contracts for Residents may be terminated by the University of Nevada, Reno or the University of Nevada, Las Vegas during the contract year for reasons of improper conduct, moral or ethical reasons, for inability to perform to departmental or educational standards and objectives, or because of financial conditions within the University of Nevada, Reno School of Medicine; the University of Nevada, Las Vegas School of Medicine; or the University of Nevada, Las Vegas School of Dental Medicine. Procedures for notice, hearing and appeal of contract terminations or other actions shall be followed as established by the University of Nevada, Reno School of Medicine; the University of Nevada, Las Vegas School of Medicine; and the University of Nevada, Las Vegas School of Dental Medicine. (See due process statement of the Schools of Medicine.)
