Section 39. NSHE Associate’s Degree Requirements .................................................................................................................. 25
Section 1. NSHE Co-Requisite and College-Ready Gateway Policy (Effective Fall 2021)

1. Pursuant to federal regulations, institutions may make ability-to-benefit determinations using federally approved tests and passing scores to receive federal student aid. The NSHE reserves the right to cancel the admission or registration of any individual whose attendance at a university or college, in the opinion of the appropriate administrative officer and the President, would not be mutually beneficial, as determined by the ability-to-benefit test, to that individual and the university or college.

2. Initial Placement of Students into English and Mathematics Courses.
   a. Continuous Enrollment Requirement. Within the first two regular academic semesters following initial enrollment, all degree-seeking students must be enrolled in a college-level or co-requisite gateway English and mathematics course or the equivalent for a certificate program (e.g. embedded curriculum) until the institutional core curriculum English and mathematics requirements are completed.
   b. Remediation Exceptions. Except as otherwise provided, effective Fall 2021, traditional forms of remediation, including courses numbered below 100, shall not be offered independently at any NSHE institution.
      i. College-preparatory courses (numbered below 100) may be offered to high school students.
      ii. Remedial courses (numbered below 100) may be offered when they serve as a mandatory co-requisite for a gateway course and are described as such in the institutional course catalog and in the NSHE common course numbering system.
   c. College-Ready Placement. Degree-seeking students who meet or exceed the minimum English or mathematics scores on any one of the college readiness assessments provided for herein must be placed into a college-level course in that subject and are exempt from being placed into any form of co-requisite instruction in that subject provided that the student:
      i. Was continuously enrolled in an English course and a mathematics course in his or her senior year of high school unless an exception is approved by an NSHE institution; and
      ii. Enrolls in an NSHE institution after high school in any term (summer/fall/winter/spring) during the academic year following high school graduation.

Institutions may use other factors including high school transcript and grade point average to determine placement. Alternate testing (e.g., ALEKS) to determine the appropriate first college-level course may be utilized for higher placement or if the college readiness assessment provided for herein was not taken by the student within three years prior to the date of matriculation.

d. Placement of Students Who Do Not Meet College-Readiness Benchmarks. Degree-seeking students who have not met the English or mathematics college readiness assessment score on one of the tests in Subsection c shall be placed and enrolled in the college-level course or a co-requisite course, not to exceed six credits. Alternate testing (e.g., ALEKS) to determine the appropriate first college-level course may be utilized for higher placement or if the college readiness assessment provided for herein was not taken by the student within three years prior to the date of matriculation. Credit and non-credit skills development curriculum may be provided as supplemental instruction for those students enrolled in a co-requisite gateway course only. An institution shall not require a student who has completed a co-requisite course to take a placement test for enrollment in a subsequent course.

e. Students enrolled in the summer term prior to matriculation shall not be permitted to enroll in traditional remediation courses over the summer term.

f. Students with documented disabilities may be placed on alternative pathways to those described in Subsection d upon the written recommendation of the disability resource center.

3. Experimental Programs. Institutions may request a temporary exemption from co-requisite enrollment for a defined student population for the purpose of experimental programs that seek to improve gateway course completion and degree completion. Institutions must submit a written proposal for an exception detailing the cohort size, description of experimental program, disparate impact analysis for participants, proposed metrics for program evaluation, and a defined period of time for the experimental program not to exceed two years. The Chancellor shall review the initial proposal and provide feedback to the institution after which the proposal must be submitted to the Board of Regents for review and consideration prior to implementation.
4. Criteria for placement into a college-level course with and without corequisite support shall be publicized by each institution to the appropriate Nevada school districts. In addition, the Chancellor will work with the State Superintendent of Public Instruction and the district superintendents to publicize these requirements to all Nevada school districts and to establish educational strategies to encourage high school standards, graduation requirements, and assessments that are aligned with college and workforce readiness expectations.

5. For purposes of this Section, the terms stated here have the following meanings:
   a. “College-level course” means courses that are numbered 100-level and above and fulfill gateway course requirements;
   b. “Co-requisite course” means a college-level gateway course numbered 100-level and above where academic support is provided simultaneously in the same semester. Co-requisite courses do not include a.) course modules that are scheduled sequentially in the same term, including but not limited to accelerated courses; and b.) courses with curriculum taught over more than one semester, including but not limited to stretch courses.
   c. “Remedial course” means a course that is below college-level and numbered below 100-level.

6. Periodically, the Chancellor’s Office will audit institutions for compliance with these provisions and will report such finding to the Board.

(B/R 9/20)

Section 2. Dual/Concurrent and Early Enrollment for High School Students

Nevada’s adoption of the Nevada Academic Content Standards will substantially increase the rigor and quality of education in Kindergarten through 12th grade in Nevada – a benefit to the State as a whole, but particularly to Nevada’s students, higher education, and the business community. NSHE is committed to working with the secondary education community to help prepare students for post-secondary education and the workforce, including providing opportunities for earning college-level credit while in high school.

1. High school students may enroll in an NSHE college or university, subject to the approval of appropriate institution officials.

2. NSHE institutions shall work collaboratively and may enter into agreements or partnerships with school districts, public and private high schools, and charter schools to provide early and/or dual/concurrent enrollment opportunities, including, but not limited to “jump start” programs. This Subsection does not preclude an NSHE institution from partnering with other NSHE institutions in providing dual/concurrent enrollment opportunities to school districts, local public high schools and private or charter schools. Further, this Subsection does not preclude NSHE institutions from working collaboratively with school districts, local public and private high schools or charter schools to develop high school courses designed to prepare high school students for post-secondary education.
   a. The Chancellor’s Office shall maintain a list of Nevada public high schools and charter schools beginning with the 2021-22 academic year documenting which NSHE institutions are offering formal dual/concurrent enrollment programs, including “jump start” programs within each public high school and charter school in this state. This list shall be updated on an annual basis.
b. An NSHE institution that plans to establish a dual/concurrent enrollment program at a public high school or charter school in Nevada where another NSHE institution or institutions is operating based on the list established in subsection a. must notify the President and Academic Officer of the currently engaged institution or institutions prior to developing such plans. The Vice Chancellor for Academic and Student Affairs must also be notified of such plans and receive confirmation that the currently engaged institutions have been notified.

3. NSHE institutions may offer early and/or dual enrollment programs and courses to high school students at a reduced registration fee that appropriately cover the costs of the course or program, subject to the approval of the Board. Institutions may promote access to early and/or dual enrollment programs by establishing scholarship and/or grant programs to reduce the cost to students.

4. High school graduates identified as Career and Technical Education (CTE) Program Completers who have earned a State Certificate of Skill Attainment may be given college credits for high school work based on written, articulated program agreements with the Department of Education. This does not preclude local agreements between a community college with a school or school district for granting college credit for: 1) expanded credit programs; or 2) basic CTE credits if:
   a. The CTE program is approved by the State Board of Education; and
   b. A state end-of-program assessment is not available.

Except as otherwise provided herein, grades for all CTE articulated credit shall be S/U. Upon the request of a student seeking transfer to another postsecondary institution, an institution may assign a grade point value on a case-by-case basis.

5. High school students who have been officially excused from compulsory school attendance on the condition of equivalent instruction outside the school (e.g., home school) may be admitted and may enroll if, on a case-by-case basis, it is determined that the student is:
   a. Equivalent to a high school junior or senior and receives approval from the appropriate institution official; or
   b. Equivalent to a level below a high school junior and is identified by the institution as academically gifted or talented.

6. Each college or university may establish performance or testing standards to determine readiness for enrollment or admission when other criteria for admission or enrollment are not met.

7. An NSHE institution may, on a limited basis, admit students who have been identified as possessing the abilities and skills necessary for advanced academic work in an alternative program of education for profoundly gifted and talented students that may include degree or non-degree options without reference to the credit limitations established elsewhere in Chapter 16.

8. For purposes of this Section:
   a. The term “high school student(s)” includes students enrolled in a Nevada public or private high school, students enrolled in grades 9, 10, 11, and 12 in a charter school in Nevada, and students formally enrolled in a Nevada school district sponsored program designed to meet the requirements of an adult standard diploma.
   b. Dual/concurrent enrollment refers to courses or programs for which a high school student receives credit from an NSHE institution and credit toward the total number of credits required for graduation from the high school or the charter school.
c. Early enrollment refers to courses or programs for which a high school student receives credit from an NSHE institution, but may not necessarily receive credit towards graduation from the high school or the charter school.

(B/R 12/21)

Section 3. High School Course Requirements for University Admission (Effective July 1, 2020)

The following minimum high school course admission requirements apply to freshman admission at a university, in addition to the specific admission requirements for those institutions that appear elsewhere in this Chapter:

<table>
<thead>
<tr>
<th>High School Course(s)</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>English: Emphasis on composition, rhetoric, and American, English and world literatures</td>
<td>4</td>
</tr>
<tr>
<td>Mathematics: Algebra I and higher level mathematics – higher level mathematics may include Algebra II, geometry, trigonometry, pre-calculus, calculus, probability and statistics and other advanced mathematics</td>
<td>3</td>
</tr>
<tr>
<td>Natural Science: (lab or simulation) including biology, chemistry or physics, with at least two years in a laboratory science</td>
<td>3*</td>
</tr>
<tr>
<td>Social Science/Studies: Including world history and geography, U.S. history, economics, government, or law</td>
<td>3</td>
</tr>
<tr>
<td>Total:</td>
<td>13</td>
</tr>
</tbody>
</table>

*A student who has successfully completed one or more computer science courses described in Section 4 of S.B. 200 1 (Chapter 597, Statutes of Nevada 2017) can apply not more than one unit of credit received for such a course to the units of natural science required for university admission.

The universities may evaluate high school transcripts to determine if the course content or, in lieu of course content, the credit by performance on an examination pursuant to Nevada Revised Statutes 389.171 and Nevada Administrative Code 389.670 appropriately meets the course requirements under this Section.

(B/R 9/17)

---

1 Section 4 of S.B. 200 describes the following computer science courses: (a) An advanced placement computer science course; (b) A computer science course that is offered through a program of career and technical education; or (c) A computer science course that is offered by a community college or university which has been approved pursuant to NRS 389.160.
Section 4. Requirements for Admission to the Universities

1. Students seeking admission to a university must complete the high school course requirements pursuant to Chapter 16, Section 2.

2. Students seeking admission to the universities must have:
   a. At least a 3.0 (weighted) grade point average in the required high school courses for admission; or
   b. An SAT combined score:
      i. From the SAT Critical Reading and SAT Math sections of at least 1040 (1600 scale) on SAT tests administered prior to March 2016; or
      ii. From the SAT Evidence-Based Reading and Writing and SAT Math sections of at least 1120 (1600 scale) on SAT tests administered in March 2016 or later; or
   c. An ACT composite score of at least 22; or
   d. A Nevada Advanced High School Diploma.

3. A student who does not meet the university admission requirements established in subsections 1 through 3 may, under procedures established by the university, be admitted through other criteria. The requirements for admission under this provision are:
   a. A combination of test scores and grade point average that indicate potential for success;
   b. Special talents and/or abilities such as, but not limited to, the visual or performing arts or athletic abilities;
   c. Other evidence of potential for success;
   d. Improvement in the high school record;
   e. Overcoming adversity or special hardship; or
   f. Other special circumstances.

The number of students admitted under these criteria may not exceed 15 percent of the previous year’s admissions.

4. Students who graduate from a NSHE community college with a transferable associate degree will be admitted into the universities or state college regardless of their grade point average at the community college.

(B/R 6/21)

Section 5. University Admission – General Policy

1. In the admission of students, universities shall not discriminate on the basis of a person’s age, disability, ethnicity, gender, national origin, race, color, religion, sexual orientation, or gender identity or expression. As used in this Section:
   a. “Race” includes traits associated with race, including without limitation, hair texture and protective hairstyles.
   b. “Protective hairstyle” includes, without limitation, hairstyles such as natural hairstyles, afros, bantu knots, curls, braids, locks and twists.
2. All new students are required to furnish satisfactory evidence of good moral character as evidenced by a certificate of graduation or of honorable dismissal from the school last attended.

3. All applicants for admission shall complete such tests and furnish such information as required by the regulations published in the institutional catalog governing the semester of initial enrollment.

4. International applicants must submit a recent medical history and examination signed by a medical doctor within the prior six months if requested by the institution.

5. Programs designated as limited entry require fulfillment of selective admissions criteria as contained in the institutional catalog and other appropriate college documents. Continuation in selective admissions programs is likewise contingent upon fulfillment of conditions specified by the institution and contained in official institutional documents.

(B/R 6/21)

Section 6. Simultaneous Admissions

1. Admission Guarantee. Students seeking admission to a university whose high school grade point average or test scores are insufficient for admission will be offered enrollment at a NSHE community college with a subsequent guarantee of admission to the universities or state college under the transfer criteria established in Title 4, Chapter 14.

2. Co-Admission. A university or state college may establish a program to co-admit a degree-seeking NSHE community college student if the student is in good academic standing and planning to complete a baccalaureate degree.

   Students must apply to the university or college of choice for co-admission and meet the requirements set by that institution. Students accepted into the program will receive academic advising from both institutions, but the community college will be the home campus for purposes of financial aid and data reporting.

(B/R 6/19)

Section 7. Student Military Mobilization/Activation for NSHE Institutions

The Board of Regents recognizes that many of its students serve our country in the reserve forces of the U.S. Armed Services and in the Nevada National Guard. These students are subject to unforeseen mobilization or activation in response to local, regional, national, or international emergency situations. Emergency mobilization and activation will seriously disrupt these students' academic careers. It is the policy of the Board of Regents to minimize the effects of this disruption as much as possible. The Chancellor shall develop procedures concerning the awarding of academic credit and grades, enrollment, scholarships, loans, and other appropriate matters intended to reduce the disruption of studies for a student and a student's spouse and dependents resulting from a call to active duty.

(B/R 10/06)
Section 8. University Admission of Foreign Students

1. Foreign students seeking admission to a university must provide official evidence of the following:
   a. Attainment of educational level equivalent to graduation from an accredited high school in the United States;
   b. Above average ability in an academic curriculum, equivalent to the grade point averages required for domestic students as verified by an official transcript or satisfactory test scores; and
   c. Satisfactory test scores on the Test of English as a Foreign Language (TOEFL) indicating an ability to speak, write, and understand the English language to pursue full-time study.

2. If a foreign student is unable to provide the official evidence required in Subsection 1, the university may determine admissibility on a case-by-case basis.

3. A university may waive the language test requirement when competence in the English language is clearly evident.

4. Each institution may adopt additional policies and procedures concerning the admission of foreign students as necessary and publish such in the course catalog.
   (B/R 10/06)

Section 9. University Transfer Students

1. Students transferring to a university must be in good standing and eligible to return to the educational institution last attended.

2. When admitting a student, the institution may consider the student’s standing at a previously attended institution, including, but not limited to, records of disciplinary action.

3. Students who have registered at other educational institutions may not disregard such records and make application on the basis of their high school or selected college transcripts only. Any student who does so is subject to cancellation from the university.

4. An ineligible applicant who gains admission to a university on the basis of incomplete or fraudulent credentials or misrepresentations in the written application for admission shall have their:
   a. Admission and registration canceled without refund of any fees;
   b. Total credits rescinded that have been earned following such admission; and
   c. Future registration at an NSHE university prohibited unless authorized on a case-by-case basis by the institution.

5. A student transferring from one campus to another within the NSHE is required to submit an application for admission and supporting credentials directly to the institutionally designated office. Admission of the applicant and acceptance of transfer credits are governed by the advanced standing regulations of the institution to which the application is submitted and the Title 4, Chapter 14 provisions governing transfer and articulation.
   (B/R 12/10)
Section 10. University Registration

1. Registration procedures shall be developed and published by each institution.

2. Each student shall be responsible for enrolling and registering in accordance with the deadlines established by the university for each semester.

3. Each student is responsible for the payment of all fees associated with each course in which he or she enrolls within the time period specified by the institution. A student who fails to pay the aforementioned fees in a timely manner must pay the late fees established by the institution and is subject to additional penalties as determined by the institution.

4. A full-time undergraduate student is defined as one who is registered for 12 or more semester credits or equivalent. If a portion of the credits required for full-time status is concurrently taken at another NSHE institution under an approved consortium agreement, the student shall be considered full-time. A full-time graduate student is defined as one who is registered for 9 or more semester credits or equivalent.

5. The registration of a student who is ineligible to attend the University is subject to immediate cancellation.

6. A student may be administratively dropped for nonpayment of fees. (B/R 9/15)

Section 11. University Core Requirements

In addition to the NSHE Core requirements established pursuant to Title 4, Chapter 14, each university may define additional courses for inclusion in an institutional core curriculum. The establishment of such a core must be clearly defined in the course catalog. (B/R 10/06)

Section 12. University Drop/Withdrawal Policies

1. A student may drop or withdraw from a course up until 60 percent of the course instruction has occurred. Universities may establish exceptions for unforeseen events including, but not limited to:
   a. Deployment of the student in the United States Armed Forces;
   b. Death or incapacitation resulting from an illness or injury of the student or the student’s spouse, child, parent, or legal guardian that prevents the student from returning to the school for the remainder of the semester;
   c. Involuntary job transfer as documented by employer; or
   d. Other exceptional circumstances beyond the control of the institution or the student.

2. In addition to the foregoing, universities shall develop policies and procedures concerning the dropping of courses and the formal withdrawal from the institution, including the appropriate schedule of dates from which these actions may be taken by a student. Institutional drop/withdrawal policies must be published in the course catalog. (B/R 9/16)
Section 13. University Categories of Students

1. A regular student is one officially admitted to the University by satisfying the admission requirements to an established degree program. A regular student may be either full-time or part-time.

2. A non-degree undergraduate student is one who has not been admitted to regular status and is limited to eight semester credits or equivalent per semester, unless a higher number of credits is otherwise approved by a university official named by the President. The university may establish the maximum number of credits earned as a non-degree student that may be applied toward a bachelor's degree up to a maximum of 32 credits.

3. Additional categories of students may be defined by the university as deemed appropriate by the institution.

(B/R 10/06)

Section 14. University Classification of Students

Undergraduate university students shall be classified based on the number of credit hours earned as follows:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Credit Hours Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>29 or less</td>
</tr>
<tr>
<td>Sophomore</td>
<td>30 to 59</td>
</tr>
<tr>
<td>Junior</td>
<td>60 to 89</td>
</tr>
<tr>
<td>Senior</td>
<td>90 or more</td>
</tr>
</tbody>
</table>

(B/R 10/06)

Section 15. University Grades and Examinations

1. Each university shall establish grading policies within the general grading parameters established by the NSHE Grading Policy, Title 4, Chapter 16.

2. Grade Point Average – Grade point average calculations shall be institution specific and will not include grade points earned from transferred courses. A student's average shall be determined by multiplying the grade point value (established in the NSHE Grading Policy) for each completed course by the number of credit hours for the course, excluding courses in which the NSHE grading policy does not assign a grade point value, the sum of which for all courses taken will be the total number of points earned, and dividing the total number of points earned by the total number of semester credit hours attempted, excluding credits earned from courses transferred from other institutions or courses in which a grade point value cannot be assigned.

3. Repeat – A university student may repeat any course taken at a university pursuant to the repeat policies established by the institution. Each university shall develop policies and procedures concerning the repeat and retake of courses and must publish such in the course catalog.
4. Academic Progress – Satisfactory academic progress for the purposes of academic standing and progress toward a degree shall be defined by each university. Criteria for defining satisfactory academic progress must include, but are not limited to, grade point average and number of credit hours earned.

(B/R 10/06)

Section 16. University Requirements for Graduation

It is the policy of the Board of Regents to allow students options in selecting the catalog under which to graduate in order to assist students in graduating without excess credits or undue delay. This policy is consistent with *Nevada Revised Statutes* 396.560.

Periodic revisions of degree requirements are made because of advances in knowledge, changes in occupational or professional qualifications, or the expectations of accrediting authorities. Students should consult the appropriate entities (e.g. advisors, licensing boards, etc.) before selecting the catalog under which to graduate to ensure compliance with any occupational or professional requirements or other post-graduation requirements. Such requirements may necessitate adherence to the degree requirements of a recent or current catalog. Institutional catalogs do not constitute contractual agreements or commitments.

1. A student enrolled at a university may elect to graduate under the catalog of the year of enrollment in a baccalaureate-level program or the year of graduation.

2. A university student who changes his or her major must choose the catalog of the year of the latest change of major or the year of graduation.

3. In addition to the catalog options under Subsections 1 and 2 of this Section, an NSHE transfer student may elect to graduate under the catalog of the year in which the transfer student initially enrolled at the two-year institution.

4. The catalog selected for the purpose of university graduation may not be more than 10 years old at the time of graduation.

5. Exceptions to this policy may be made on a case-by-case basis as determined by the appropriately designated university official.

6. Candidates for a bachelor’s degree at a university must complete at least 30 upper-division credits in residence. Except as otherwise provided in this subsection, an institution cannot limit the number of transfer credits that can apply to degree requirements based solely on the institution type from which the credits originate. An institution may determine the degree applicability of any transfer credits from any other institution on a course-by-course basis and consider curriculum alignment, program accreditation standards, and other academic factors in making those determinations.

(B/R 9/22)

Section 17. University Admission to Graduate Programs

1. The minimum grade point requirements for university graduate programs shall be established by the institution and published in the course catalog.

2. The universities may establish prescribed program alternatives for students who do not meet entrance requirements, and must establish limits on the number of students enrolled in graduate programs through prescribed program alternatives.
3. A university may define graduate student classifications as necessary, including but not limited to “graduate special” for a student who desires to take graduate level course work without formal admission to a university graduate program. Institutionally determined definitions for graduate student classifications must be published in the course catalog.

4. A university may establish the maximum number of credits earned while a post-baccalaureate non-degree student that may be applied toward a graduate degree.

(B/R 10/16)

Section 18. Community College Admission – General Policy

1. In the admission of students, community colleges shall not discriminate on the basis of a person’s age, disability, ethnicity, gender, national origin, race, color, religion, sexual orientation, or gender identity or expression. As used in this section:
   a. “Race” includes traits associated with race, including without limitation, hair texture and protective hairstyles.
   b. “Protective hairstyle” includes, without limitation, hairstyles such as natural hairstyles, afros, bantu knots, curls, braids, locks and twists.

1. All applicants seeking a degree or certificate must qualify for admission by satisfying at least one of the following:
   a. a graduate of a high school or its equivalent; or
   b. a qualified international student.

2. An applicant who is seeking to attain a high school diploma or its recognized equivalent and a degree or certificate simultaneously may be admitted. An applicant who is subject to compulsory high school attendance under NRS Chapter 392 is not eligible for admission under this Subsection.

3. A student who does not meet the community college requirements for admission established in Subsection 2 may apply to be admitted under alternate criteria or test scores that demonstrate college readiness. Each college shall establish procedures and requirements for such alternate admission.

4. When admitting a student, the institution may consider the student’s standing at a previously attended institution, including, but not limited to, records of disciplinary action.

5. All applicants for admission shall complete such tests, furnish such information, and meet such deadlines as required by the regulations published in the admissions sections of the catalog governing the semester of initial enrollment. The initial semester of enrollment shall be considered the date of matriculation except where otherwise defined by the institution.

6. Admission to an NSHE community college implies general admission to the college only and does not constitute admission to a specific curriculum or courses that may require additional admission criteria, as published in the college catalog governing the semester of initial enrollment.
7. Programs designated as limited entry require fulfillment of selective admissions criteria as contained in the institutional catalog and other appropriate college documents. Continuation in selective admissions programs is likewise contingent upon fulfillment of conditions specified by the institution and contained in official institutional documents. (B/R 6/21)

Section 19. Community College Admission of International Students

To qualify for admission to a community college, an international student must satisfy the following conditions:

1. Official evidence of an educational level equivalent to graduation from an accredited United States high school;
2. Competency in the English language as defined in the college catalog governing the semester of initial enrollment; and
3. Evidence of sufficient financial support as defined in the college catalog governing the semester of initial enrollment.

Section 20. Community College Admission to Advanced Standing

1. Community colleges shall accept a maximum of 45 semester credits or 75 percent of the total credits required for a degree, whichever is greater, of previous training, education or credit by examination toward an Associate degree, with the following limitations:
   a. not more than 75 percent of the credits required for a degree may be applied from other colleges and universities.
   b. not more than 30 semester credits from credit by examination.
   c. not more than 16 semester credits from nontraditional sources.

2. Community colleges may accept a maximum of 15 semester credits from credit by examination for a certificate of achievement.

3. Acceptance of various types of credit will be governed by the college’s transfer credit policy or by the entity designated to govern and evaluate such matters.

Section 21. Community College Registration

1. Registration procedures shall be developed and published by each community college.

2. Registration is not complete until all fees are paid and all registration materials are filed with the college’s registrar or other appropriately designated office.

3. A student who completes registration after the time period designated by the college may be charged a late registration fee.

4. A student who wishes to enroll for semester credits exceeding what the college defines to be a heavy load must obtain the approval from the appropriate college office designated by the institution.
5. Each community college shall have the right to define prerequisites or concurrent enrollment for registration for specific classes.

6. Definition of student enrollment status:

<table>
<thead>
<tr>
<th>Enrollment Status</th>
<th>Credit Hours Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Full-time student</td>
<td>12 semester credits or more</td>
</tr>
<tr>
<td>Three-quarter time student</td>
<td>9 – 11 semester credits</td>
</tr>
<tr>
<td>Half-time student</td>
<td>6 – 8 semester credits</td>
</tr>
</tbody>
</table>

7. A student may withdraw from a course up until 60 percent of the course instruction has occurred. For one-day courses, a withdrawal must be completed by the day before the class meeting. Community colleges may establish exceptions for unforeseen events, including, but not limited to:
   a. Deployment of the student in the United States Armed Forces;
   b. Death or incapacitation resulting from an illness or injury of the student or the student’s spouse, child, parent, or legal guardian that prevents the student from returning to the school for the remainder of the semester;
   c. Involuntary job transfer as documented by employer; or
   d. Other exceptional circumstances beyond the control of the institution or the student.

8. In addition to the foregoing, community Colleges shall develop policies and procedures concerning the dropping of courses and the formal withdrawal from the institution, including the appropriate schedule of dates from which these actions may be taken by a student. Institutional drop/withdrawal policies must be published in the course catalog.

9. The registration of a student who is ineligible to attend the college is subject to immediate cancellation.

10. A student may be administratively dropped for nonpayment of fees.

(B/R 9/16)

Section 22. Community College Classification of Students

1. Community college students shall be classified based on the number of credit hours earned as follows:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Credit Hours Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman</td>
<td>Less than 30</td>
</tr>
<tr>
<td>Sophomore</td>
<td>30-59</td>
</tr>
</tbody>
</table>

2. Students enrolled at community colleges offering a baccalaureate degree shall be classified junior or senior status based on the number of credit hours earned as follows:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Credit Hours Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Junior</td>
<td>60-89</td>
</tr>
<tr>
<td>Senior</td>
<td>90 or more</td>
</tr>
</tbody>
</table>
Section 23. Community College Grades and Examinations

1. The community colleges shall establish grading policies within the general grading parameters established by the NSHE grading policy, Title 4, Chapter 16.

2. Repeat – Students may repeat any course. Only the highest grade is counted as part of their total grade point average. Students may retake certain courses for additional credit as defined by the college.

3. Audit – Students may elect to take any course for an audit grade. No credit and no grade-points are earned if an audit grade is elected.

4. Final Examination – The instructor is responsible for the proper evaluation of each enrolled student throughout the instructional period.

5. Grade Point Average – Grade point average calculations shall be institution specific and will not include grade points earned from transferred courses. A student's average shall be determined by multiplying the grade point value (established in the NSHE policy) for each completed course by the number of credit hours for the course, excluding courses in which the NSHE grading policy does not assign a grade point value, the sum of which for all courses taken will be the total number of points earned, and dividing the total number of points earned by the total number of semester credit hours attempted, excluding credits earned from courses transferred from other institutions or courses in which a grade point value cannot be assigned.

6. Students must maintain a cumulative grade point average of at least 2.0 in order to be considered progressing toward a degree or certificate.

Section 24. Community College Requirements for Graduation

The following requirements must be met by a student seeking to graduate from an NSHE community college:

1. Each degree or certificate student is required to satisfy course requirements as defined in the college catalog.

2. It is the policy of the Board of Regents to allow students options in selecting the catalog under which to graduate in order to assist students in graduating without excess credits or undue delay. This policy is consistent with Nevada Revised Statutes 396.560.

Periodic revisions of degree requirements are made because of advances in knowledge, changes in occupational or professional qualifications, or the expectations of accrediting authorities. Students should consult the appropriate entities (e.g. advisors, licensing boards, etc.) before selecting the catalog under which to graduate to ensure compliance with any occupational or professional requirements or other post-graduation requirements. Such requirements may necessitate adherence to the degree requirements of a recent or current catalog. Institutional catalogs do not constitute contractual agreements or commitments.
A student may select the catalog year governing requirements for graduation under the following circumstances:
   a. the year in which the student enrolled; or
   b. the year the student officially selects a program of study; or
   c. the year in which the student will complete the curriculum requirements for an associate degree or certificate of achievement.

Exceptions to this policy may be made on a case-by-case basis as determined by the appropriately designated community college official.

3. If a degree is offered for the first time after a student has enrolled, the student may choose the catalog year in which the degree or major was first offered. Except as otherwise provided in this Section, the selected catalog may not be more than six years old at the time of graduation for students receiving an associate degree or certificate of achievement, and not more than 10 years old at the time of graduation for students receiving a baccalaureate degree.

4. A returning student may elect to graduate under the catalog of the year in which the student enrolled before the student’s break in enrollment if approved by the academic officer. The selected catalog may not be more than 10 years old at the time of graduation for students receiving a baccalaureate degree. For purposes of this Subsection, “returning student” means a student who has not graduated from a NSHE or non-NSHE institution and who enrolls after a break in enrollment of one or more semesters from a NSHE institution.

5. A student must maintain a minimum cumulative grade point average of 2.0.

6. Candidates must complete at least 15 credits in residence for an associate degree and at least 30 upper-division credits in residence for a bachelor's degree.

7. A student must not have a financial or library obligation to the college.

8. A student may earn multiple degrees and certificates of achievement provided all course and graduation requirements for each degree or certificate are fully satisfied as outlined in the college's course catalog.

(B/R 9/22)
Section 25. Community College Certificate and Degree Requirements

Except as otherwise provided, the standard number of semester hours for an associate of arts, associate of business, and associate of science is 60. Specific requirements for all other certificates and degrees are as follows:

<table>
<thead>
<tr>
<th>CERTIFICATE</th>
<th>ASSOCIATE OF APPLIED SCIENCE</th>
</tr>
</thead>
<tbody>
<tr>
<td>Communications</td>
<td>Communications/English 6</td>
</tr>
<tr>
<td>Emphasis</td>
<td>Constitution 3</td>
</tr>
<tr>
<td>Additional Program Requirements</td>
<td>Social Science/Humanities/Fine Arts 3</td>
</tr>
<tr>
<td>TOTAL</td>
<td>Mathematics* 3</td>
</tr>
<tr>
<td></td>
<td>Science* 3</td>
</tr>
<tr>
<td></td>
<td>Emphasis/Additional Program Requirements 42</td>
</tr>
</tbody>
</table>

NOTE: Mathematics & Human Relations must be included as courses or be clearly identified as content included in other required courses for a Certificate.

*Mathematics and Science may be included as courses or clearly identified as content in other required courses.

NOTE: Human Relations must be included as a course or be clearly identified as content included in other required courses for an Associate of Applied Science.

<table>

Section 26. State College Admission – General Policy

1. In the admission of students, the state college shall not discriminate on the basis of a person’s age, disability, ethnicity, gender, national origin, race, color, religion, sexual orientation, or gender identity or expression. As used in this section:
   a. “Race” includes traits associated with race, including without limitation, hair texture and protective hairstyles.
   b. “Protective hairstyle” includes, without limitation, hairstyles such as natural hairstyles, afros, bantu knots, curls, braids, locks and twists.

2. All new students must furnish satisfactory evidence of good moral character as evidenced by a certificate of graduation or of honorable dismissal from the school last attended.

3. All applicants for admission shall complete such tests and furnish such information as required by the regulations published in the institutional catalog governing the semester of initial enrollment.

(B/R 6/21)

Section 27. State College – Admission Requirements (Effective Fall 2020)

1. The following high school course admission requirements must be completed for freshman admission to the state college:

<table>
<thead>
<tr>
<th>High School Course (s)</th>
<th>Units</th>
</tr>
</thead>
<tbody>
<tr>
<td>English: Emphasis on composition, rhetoric, and American, English and world literatures</td>
<td>4</td>
</tr>
<tr>
<td>Mathematics: Three units including at least two units of algebra 1 and higher level</td>
<td>3</td>
</tr>
<tr>
<td>mathematics, chosen from second year algebra, geometry, trigonometry, pre-calculus,</td>
<td></td>
</tr>
<tr>
<td>probability and statistics, and other advanced mathematics</td>
<td></td>
</tr>
<tr>
<td>Natural Science: (lab or simulation) Including biology, chemistry or physics, with at</td>
<td>2</td>
</tr>
<tr>
<td>least one year in a laboratory science</td>
<td></td>
</tr>
<tr>
<td>Social Science/Studies: Including world history and geography, U.S. history, economics,</td>
<td></td>
</tr>
<tr>
<td>government, or law</td>
<td>3</td>
</tr>
</tbody>
</table>

   TOTAL: 12

2. Students seeking admission to the state college must have:
   a. At least a 2.5 (unweighted) high school grade point average; or
   b. An SAT combined score from the SAT Evidence-Based Reading and Writing and SAT Math sections of at least 1020 (1600 scale); or
   c. An ACT Composite score of at least 20.
3. A student who does not meet the state college admission requirements established in Subsections 1 and 2, under procedures established by the state college, be admitted through other criteria. The requirements for admission under this provision are:
   a. A combination of test scores and grade point average that indicate potential for success;
   b. Special talents and/or abilities such as, but not limited to, the visual or performing arts or athletic abilities;
   c. Other evidence of potential for success;
   d. Improvement in the high school record;
   e. Overcoming adversity or special hardship; or
   f. Other special circumstances.

The number of students admitted under these criteria may not exceed 15 percent of the number of students admitted in the previous year. The college may require completion of an institutional program designed to improve college preparedness (e.g. summer bridge program) and/or student success (e.g. tutoring) as a condition of admission under this Subsection.

4. Admission may be limited for programs designated as limited entry or due to limited capacity based on the fulfillment of selective admissions criteria as contained in the college catalog and/or other appropriate college documents. Continuation in selective admissions programs is likewise contingent upon fulfillment of conditions specified by the institution and contained in official institutional documents.

(B/R 9/19)

Section 28. State College – Admission to Advanced Standing

Admission with advanced undergraduate standing is granted to a student transferring from another accredited college or university provided that:

1. The applicant is in good standing and eligible to return to the educational institution last attended.

2. An official transcript is presented to the state college showing an overall grade point average of 2.0 or above on all acceptable or transferable credits, provided that if less than 12 acceptable transfer credits are involved, freshman entrance requirements shall also be satisfied.

3. When admitting a student, the institution may consider the student’s standing at a previously attended institution, including, but not limited to, records of disciplinary action.

(B/R 12/10)

Section 29. State College Transfer Students

1. Individuals who have registered at other educational institutions may not disregard such records and make application on the basis of their high school or selected college transcripts. Any student who does so is subject to cancellation from the state college.
2. An ineligible applicant who gains admission to the state college on the basis of incomplete or fraudulent credentials or misrepresentations in the written application shall have his or her:
   a. Admission and registration canceled without refund of any fees;
   b. Total credits rescinded that have been earned following such admission; and
   c. Future registration at the college prohibited.
(B/R 1/07)

Section 30. State College Registration

1. Registration or enrollment procedures shall be established by the state college.

2. Each student shall be responsible for enrolling on the dates and times specified in the class schedule for each semester or special session.

3. Students are responsible for the payment of fees for each course in which they enroll.

4. Students paying fees after the date and time set forth in the schedule of classes may be charged a late fee as prescribed by the institution.

5. A full-time student is defined as one who is enrolled in 12 or more semester credits or the equivalent work. If a portion of the credits required for full-time status is concurrently taken at another NSHE institution under an approved consortium agreement, the student shall be considered full-time.

6. The registration or enrollment of a student who is ineligible to attend the state college is subject to immediate cancellation.

7. A student may be administratively dropped for nonpayment of fees.
(B/R 9/15)

Section 31. State College Core Requirements

In addition to the NSHE Core requirements established pursuant to Title 4, Chapter 14, each university may define additional courses for inclusion in an institutional core curriculum. The establishment of such a core must be clearly defined in the course catalog.
(B/R 1/07)

Section 32. State College Drop/Withdrawal Policies

1. A student may drop or withdraw from a course up until 60 percent of the course instruction has occurred. The state college may establish exceptions for unforeseen events including, but not limited to:
   a. Deployment of the student in the United States Armed Forces;
   b. Death or incapacitation resulting from an illness or injury of the student or the student’s spouse, child, parent, or legal guardian that prevents the student from returning to the school for the remainder of the semester;
c. Involuntary job transfer as documented by employer; or

d. Other exceptional circumstances beyond the control of the institution or the student.

2. In addition to the foregoing, the state college shall develop policies and procedures concerning the dropping of courses and the formal withdrawal from the institution, including the appropriate schedule of dates from which these actions may be taken by a student. Institutional drop/withdrawal policies must be published in the course catalog.

(B/R 9/16)

Section 33. State College Categories of Students

1. A regular student is one officially admitted to the college. A regular student may be either full-time or part-time.

2. A non-degree undergraduate student is one who has not been admitted to regular status and is limited to fifteen (15) semester credits or equivalent per semester, unless otherwise approved by a university official named by the President. The state college may establish the maximum number of credits earned as a non-degree student that may be applied toward a bachelor's degree up to a maximum of 32 credits. A non-degree student is subject to the same academic regulations as a regular student.

3. Auditor: A student who wishes to enroll for no credit may register as an “auditor” with the approval of the department offering the course.

(B/R 1/07)

Section 34. State College Classification of Students

Undergraduate state college students shall be classified by the number of credit hours earned as follows:

<table>
<thead>
<tr>
<th>Classification</th>
<th>Credit Hours Earned</th>
</tr>
</thead>
<tbody>
<tr>
<td>Freshman or first year</td>
<td>29 or less</td>
</tr>
<tr>
<td>Sophomore or second year</td>
<td>30-59</td>
</tr>
<tr>
<td>Junior</td>
<td>60-89</td>
</tr>
<tr>
<td>Senior</td>
<td>90 or more</td>
</tr>
</tbody>
</table>

Section 35. State College Grades and Examinations

1. The state college shall establish grading policies within the general grading parameters established by the NSHE Grading Policy, Title 4, Chapter 16.
2. Grade Point Average – Grade point average calculations shall be institution specific and will not include grade points earned from transferred courses. A student's average shall be determined by multiplying the grade point value (established in the NSHE Grading Policy) for each completed course by the number of credit hours for the course, excluding courses in which the NSHE grading policy does not assign a grade point value, the sum of which for all courses taken will be the total number of points earned, and dividing the total number of points earned by the total number of semester credit hours attempted, excluding credits earned from courses transferred from other institutions or courses in which a grade point value cannot be assigned.

3. Repeat – A state college student may repeat any course taken at a university pursuant to the repeat policies established by the institution. The state college shall develop policies and procedures concerning the repeat and retake of courses and must publish such in the course catalog.

4. Academic Progress – Satisfactory academic progress for the purposes of academic standing and progress toward a degree shall be defined by the state college. Criteria for defining satisfactory academic progress must include, but are not limited to, grade point average and number of credit hours earned.

(B/R 1/07)

Section 36. State College Requirements for Graduation

It is the policy of the Board of Regents to allow students options in selecting the catalog under which to graduate in order to assist students in graduating without excess credits or undue delay. This policy is consistent with Nevada Revised Statutes 396.560.

Periodic revisions of degree requirements are made because of advances in knowledge, changes in occupational or professional qualifications, or the expectations of accrediting authorities. Students should consult the appropriate entities (e.g. advisors, licensing boards, etc.) before selecting the catalog under which to graduate to ensure compliance with any occupational or professional requirements or other post-graduation requirements. Such requirements may necessitate adherence to the degree requirements of a recent or current catalog. Institutional catalogs do not constitute contractual agreements or commitments.

1. A student enrolled at the state college may elect to graduate under the catalog of the year of enrollment in a baccalaureate-level program or the year of graduation. However, college core curriculum requirements for graduation are determined by the year of admission to the college as a regular degree-seeking student.

2. A state college student who changes his or her major must choose the catalog of the year of the latest change of major or the year of graduation.

3. In addition to the catalog options under Subsections 1 and 2 of this Section, an NSHE transfer student may elect to graduate under the catalog of the year in which the transfer student initially enrolled at the two-year institution.

4. The catalog selected for the purpose of state college graduation may not be more than 10 years old at the time of graduation.

5. Exceptions to this policy may be made on a case-by-case basis as determined by the appropriately designated state college official.
6. In order to graduate students are required to have a minimum cumulative grade point average of 2.0, including all postsecondary course work attempted.

7. Candidates for a bachelor’s degree at the state college must complete at least 30 upper-division credits in residence. Except as otherwise provided in this Subsection, an institution cannot limit the number of transfer credits from a community college that can apply to degree requirements.

(B/R 9/22)

Section 37. NSHE Grading Policy

The following grading policies apply to all NSHE campuses, in addition to further specific requirements, which may appear elsewhere in this Chapter.

Campuses will be restricted to the use of the following grades:

<table>
<thead>
<tr>
<th>GRADES</th>
<th>GRADE POINT VALUE</th>
</tr>
</thead>
<tbody>
<tr>
<td>A</td>
<td>Superior</td>
</tr>
<tr>
<td>A-</td>
<td>4.0</td>
</tr>
<tr>
<td>B+</td>
<td>3.7</td>
</tr>
<tr>
<td>B</td>
<td>Above Average</td>
</tr>
<tr>
<td>B-</td>
<td>3.0</td>
</tr>
<tr>
<td>C+</td>
<td>Average</td>
</tr>
<tr>
<td>C-</td>
<td>2.7</td>
</tr>
<tr>
<td>D+</td>
<td>2.3</td>
</tr>
<tr>
<td>D</td>
<td>Below Average</td>
</tr>
<tr>
<td>D-</td>
<td>2.0</td>
</tr>
<tr>
<td>F</td>
<td>Failure</td>
</tr>
<tr>
<td>H</td>
<td>Honors</td>
</tr>
<tr>
<td>HP</td>
<td>High Pass</td>
</tr>
<tr>
<td>P</td>
<td>Pass</td>
</tr>
<tr>
<td>S</td>
<td>Satisfactory</td>
</tr>
<tr>
<td>U</td>
<td>Unsatisfactory</td>
</tr>
<tr>
<td>I</td>
<td>Incomplete</td>
</tr>
<tr>
<td>X</td>
<td>Continuing course (research projects or courses extending beyond one semester such as a dissertation)</td>
</tr>
<tr>
<td>AD</td>
<td>Audit</td>
</tr>
<tr>
<td>W</td>
<td>Withdrawal</td>
</tr>
<tr>
<td>NR</td>
<td>Not Reported- Assigned by registrar</td>
</tr>
<tr>
<td>Pending faculty submission of final grade</td>
<td>n/a</td>
</tr>
<tr>
<td>R</td>
<td>Replaced – individual course grade replaced under academic forgiveness (will not calculate into GPA)</td>
</tr>
<tr>
<td>AR</td>
<td>Academic Renewal – all course grades within a term removed according to institutional academic renewal policy (will not calculate into GPA)</td>
</tr>
</tbody>
</table>

1. The "plus" and "minus" is a part of the grading scale of each institution. It is up to the individual faculty member to exercise this option.
2. An F grade shall be a part of the grading scale for each institution. It is up to the individual faculty member to exercise this option. Institutions may utilize FN grade to denote an F grade for non-attendance. An F grade will appear on the student's transcript.

3. Campuses may retain institutional practices related to forgiveness or academic renewal policies in which, under certain circumstances, students may repeat failed courses or disregard course work.

4. All withdrawals indicate that the student did not complete the course.

5. The course syllabus shall contain a clear explanation of the grading scale to be used by the faculty member. Students may not appeal the format an instructor chooses.

6. Courses that a student is currently enrolled in but have not completed will be denoted “in progress” or IP pending completion of the course or end of the term in the student information system.

Section 38. NSHE Bachelor’s Degree Requirements

1. The standard number of credits required for receipt of a baccalaureate degree from an NSHE institution shall be 120. Credit requirements for each degree, including a four-year plan of study, shall be published in the institution’s catalog.

2. Institutions with a compelling reason for exceeding the 120-credit standard in a particular academic major may request an exception to the provisions of this Section from the Chancellor.

3. Exceptions to the 120-credit degree standard may be approved if evidence submitted to the Chancellor supports the necessity of more credits under at least one of the following circumstances:
   a. The program is appropriately defined as a five-year baccalaureate program;
   b. Professional accreditation requirements stipulate a higher number of credits or require course work that cannot be realistically completed within 120 credits; or
   c. A program is governed by certification or licensure requirements that result in the necessity for credits in excess of 120 over four years.

4. Institutions will report periodically to the Board of Regents the number of credits required by their academic programs and the rationale for continuing exceptions to the 120-credit standard.

Section 39. NSHE Associate’s Degree Requirements

1. The standard number of credits required for receipt of an associate degree from an NSHE institution shall be 60. Credit requirements for each degree, including a two-year plan of study, shall be published in the institution’s catalog.
2. Institutions with a compelling reason for exceeding the 60-credit standard in a particular field of study may request an exception to the provisions of this Section from the Chancellor.

3. Exceptions to the 60-credit degree standard may be approved if evidence submitted to the Chancellor supports the necessity of more credits under at least one of the following circumstances:
   a. The program is appropriately defined as a three-year program;
   b. Professional accreditation requirements stipulate a higher number of credits or require course work that cannot be realistically completed within 60 credits; or
   c. A program is governed by certification or licensure requirements that result in the necessity for credits in excess of 60 over two years.

4. Institutions will report periodically to the Board of Regents the number of credits required by their academic programs and the rationale for continuing exceptions to the 60-credit standard. (B/R 6/11)
