Section 1. **Assessment of Fees**

1. The Board of Regents shall establish tuition rates for students who are not residents of Nevada, and registration and other fees to be assessed all students. The following principles shall guide the process for establishing tuition and fee rates across the System:

   a. **Shared Responsibility.** Tuition and fee levels shall reflect the shared responsibility, benefits, and needs of the students, the state, and the institution.

   b. **Access and Affordability.** Maintaining affordability by ensuring that all students can enroll at a NSHE institution by virtue of the cost of attendance and an appropriate financial aid package.

   c. **Predictable Pricing.** Increases in tuition and fees shall be predictable and managed so that the quality of education is not compromised to the extent this is feasible. Once approved by the Board for specific years, the registration fees and non-resident tuition rate shall not be changed for or during the specific years except in emergency situations or extreme circumstances.

2. Every odd-numbered year, the Chancellor will appoint and chair a System Committee composed of elected student government representatives, campus presidents, and System Administration staff to gather and review data and to make recommendations to the Chancellor and the Board on an appropriate level of tuition and fees. The Committee will present its recommendations to the Board of Regents for its consideration and action. Whenever practicable: (1.) broad input will be sought from NSHE students prior to any final or binding decisions by the Board; and (2.) the final decision on tuition and fees for the biennium will be determined by June 30 of every even-numbered year.

3. In its deliberations, the Committee will consider the following: 1) charges at peer institutions in the western region of the United States, 2) higher education inflation as measured by the Higher Education Price Index or a similarly appropriate index, 3) anticipated state funding, 4) institutional needs and mission, and 5) other indices and information as appropriate.

   a. Registration fee will be set so that the increase is equivalent to at least the most recent Higher Education Price Index available for each year of the biennium. The Committee may recommend a higher percentage increase as appropriately justified, but no percent increase shall be less than the inflation index for higher education.

   b. In addition to registration fees, nonresident students also pay a tuition charge. Nonresident tuition increases for full-time undergraduate and graduate students (enrolled in 7 or more credits) will equal at least the most recent Higher Education Price Index available for each year of the biennium. Nonresident tuition for part-time students (enrolled in 6 or fewer credits) will equal an amount calculated by multiplying the registration fees by 110 percent.
c. Nonresident students enrolled exclusively in distance education courses will, in addition to registration fees, pay a tuition charge equaling the registration fees times 50 percent. The tuition charge will be assessed only to nonresident students who are residing outside of Nevada during the semester in which enrollment in the distance education course(s) occurs.

4. In order to improve the access of all students and to encourage participation in higher education, an amount equal to at least 10 percent of the total registration fee at the community colleges (lower division only) and at least 15 percent of the total registration fee for all other institutions including upper-division at the community colleges, net the amounts distributed to other fee categories, will be dedicated to student financial assistance. These percentages are target amounts that must be achieved by academic year 2022-23.

5. If desired, NSHE institutions may implement tuition or fee incentives in order to further the goals of the NSHE Master Plan and institutional strategic plans. Among the purposes of such incentives, if implemented, would be to increase student access, improve efficiencies in enrollment management and space utilization, and enhance time-to-degree objectives. The decision for adopting a tuition incentive rests with the Board of Regents upon recommendation of the institution President and the Chancellor. The institution must absorb the costs internally in the event there is no state support for such incentives. Such incentives may include a graduation incentive program under with students are guaranteed one registration fee rate over four years at a university or the state college in pursuing a bachelor’s degree or over two years at a community college in pursuing an associate’s degree.

6. The Board of Regents shall establish tuition rates for resident and nonresident students in the University of Nevada, Reno School of Medicine and the University of Nevada, Las Vegas School of Medicine and other fees to be assessed all students in the University of Nevada, Reno School of Medicine and the University of Nevada, Las Vegas School of Medicine. In establishing such rates and fees, the Board recognizes that both the students and the citizens of the State of Nevada share in the benefits of a medical education and, therefore, both students and the state should contribute appropriately to support high quality instructional programs. Further, the Board reaffirms its commitment to equal access to its programs regardless of a student’s financial circumstances, and therefore shall establish tuition rates and fees at such level as to encourage participation in a medical education.

7. On a biennial basis, in the spring of every even numbered year, the Presidents of the University of Nevada, Reno and the University of Nevada, Las Vegas or the Presidents’ designees will each chair a university committee composed of the following individuals for their respective university: the dean of the School of Medicine; School of Medicine student government representatives; university administrative officers; and a representative from the Chancellor’s Office. Each committee will gather and review data and make recommendations to the Chancellor and the Board on an appropriate level of tuition and fees to be assessed all students in the University of Nevada, Reno School of Medicine and the University of Nevada, Las Vegas School of Medicine, respectively. The recommendations of these committees will be presented to the Board of Regents for its consideration and action.
In establishing such rates and fees for the University of Nevada, Reno School of Medicine and the University of Nevada, Las Vegas School of Medicine, the respective university committees will use the following information in their deliberations: 1) charges at peer institutions as defined in the annual Western Interstate Commission for Higher Education (WICHE) calculation of the median tuition and fees of member states; 2) information pertaining to consumer prices in the WICHE region; 3) the increase in state funding over the biennium; 4) a needs assessment of the University of Nevada, Reno School of Medicine and the University of Nevada, Las Vegas School of Medicine, respectively; and 5) other indices and information needed to determine if tuition rates and fees are appropriate. Resident tuition and fee increases will be determined based on the above factors with no predetermined limit on the amount of the increase. Nonresident tuition may exceed the increase for residents and will be determined by the Board.

8. The Board of Regents shall establish tuition rates for resident and nonresident students in the William S. Boyd School of Law at UNLV, and other fees to be assessed all students in the William S. Boyd School of Law. In establishing such rates and fees, the Board recognizes that both the students and the citizens of the State of Nevada share in the benefits of a law education and, therefore, both students and the State should contribute appropriately to support high quality instructional programs. Further, the Board reaffirms its commitment to equal access to its programs regardless of a student’s financial circumstances, and therefore shall establish tuition rates and fees at such a level as to encourage participation in law education.

9. Every even numbered year, the President of the University of Nevada, Las Vegas or the President’s designee will chair a university committee composed of the Dean of the William S. Boyd School of Law, student government representatives from the law school, administrative officers, and a representative from the Chancellor’s Office. The committee will gather and review data and make recommendations to the Chancellor and the Board on an appropriate level of tuition and fees to be assessed all students in the William S. Boyd School of Law at UNLV. The recommendation of this committee will be presented to the Board of Regents for its consideration and action.

10. The Board of Regents shall establish tuition rates for resident and nonresident students in the School of Dental Medicine at UNLV, and other fees to be assessed all students in the School of Dental Medicine at UNLV. In establishing such rates and fees, the Board recognized that both the students and the citizens of the State of Nevada share in the benefits of a dental education and, therefore, both students and the State should contribute to support high quality instructional programs.

11. Every even numbered year, the President of the University of Nevada, Las Vegas or the President’s designee will chair a university committee composed of the Dean of the University of Nevada, Las Vegas School of Dental Medicine, student government representatives from the dental school, administrative officers, and a representative from the Chancellor’s Office. The committee will gather and review data and make recommendations to the Chancellor and the Board on an appropriate level of tuition and fees to be assessed all students in the School of Dental Medicine at UNLV. The recommendations of this committee will be presented to the Board of Regents for its consideration and action.

Section 2. **Delinquent Accounts**

1. A student or former student having a delinquent accounts receivable of $100.00 or more, or an overdue loan of any amount with any member institution of the NSHE shall not be permitted to register at any institution. For the purposes of this Section, “delinquent accounts receivable” is defined to include tuition and registration fees, student fees, special courses fees and residence life charges billed to a student’s account in the student information system. An NSHE institution may include other fee categories as they deem appropriate in determination of a delinquent account.

2. A student or former student having a delinquent account receivable or an overdue loan of any amount with any member institution of the NSHE shall not be permitted to receive a transcript of academic record, a diploma, a certificate or report of semester grades. 3. In addition, institutions may refer delinquent accounts receivable of $100.00 or more and overdue loans of any amount to a collection agency following written notification to the student or former student.

4. Institutions must publish on their institutional website—the NSHE delinquent accounts policy, including a list of the fee categories that are applicable to the designation of a delinquent student account. This student notification must indicate that a student with a delinquent account shall not be permitted to register at any NSHE institution. (B/R 6/12)

Section 3. **Registration Fee**

There shall be a per-credit registration fee assessed to all students enrolling in a course. The registration fee is the instruction fee and, when appropriate, may include any associated student union, student activity, student association, capital improvement or other fees approved by the Board of Regents or, in the case of noncredit courses, by the President. This fee shall be assessed on a per-credit basis for all state-supported, continuing education, and community service credit courses. Continuing education and community service noncredit courses shall be assessed on a per-course basis. The distribution of the proceeds of the registration fee shall be determined by the Board of Regents. (B/R 3/04)

Through the appeals process, the institution may exclude other credits determined by the institution as inappropriate for the 150 percent credit calculation, in addition to the credits that must be excluded pursuant to Subsections 2 and 3 of this Section.

5. The revenue generated from the Excess Credit Fee shall supplement student advising and counseling services, including salary and wages, operating, and equipment expenses.

Section 17. Deferred Payment Policy

Contracts for deferred payment of registration, tuition and other fees may be approved as follows:

1. Deferred payment contracts are applicable for registration fees, tuition and discounted fees. Each institution shall determine the student requirements and the minimum balance threshold for deferred payment and whether other fees may be deferred. Institutions may charge fees to students for participation in a payment plan and may set a rate of interest for past due amounts on these plans.

2. Each institution shall determine the payment schedule and number of deferred fee payments allowed but all payments are due no later than the end of the semester or course.

3. Any unpaid balance on a deferred fee payment schedule becomes a student accounts receivable on the due date and is treated as an official fee hold for future registration, transcript privileges and final grade reports. Disenrollment/eviction procedures may be instituted, if necessary.
4. A penalty fee of 10 percent with a minimum of $10 shall be charged on the deferred payment not paid by the due date.

5. Contracts for a veteran’s deferment of fees are available for those students receiving educational benefits from the Department of Veterans Affairs. Eligibility is determined by the veteran’s coordinator or designee on campus.

6. The Controller or designee may allow a payment plan on an individual basis.

7. Upon the recommendation of the Financial Aid Office, the Controller or designee may allow student fees to be deferred pending the receipt of financial aid. The Controller or designee may waive the imposition of any penalty due to the unavailability of financial aid.

Section 18. Refund Policy

1. Each institution shall establish procedures governing the refund of registration fees, nonresident tuition, and other student fees, including special course fees that shall be approved by the Board and published in the institution’s course catalog or on its website. These provisions must include a schedule of dates for refunds and the corresponding percentages that may be refunded.

2. Upon presentation of documentation and approval of the institution, a refund of registration fees and nonresident tuition may be given upon official withdrawal from a course(s) at any time during the semester in the following circumstances:
   a. Deployment of a student in the United States Armed Forces;
   b. Death or incapacitation resulting from an illness or injury of the student or spouse, child, parent, or legal guardian of the student that prevents the student from returning to school for the remainder of the semester;
   c. Verifiable error on the part of the institution;
   d. Involuntary job transfer as documented by employer; or
   e. Other exceptional circumstances beyond the control of the institution or the student.

3. Each institution may establish procedures for students making even exchanges of credits and dollars in their registrations that do not affect the net credit load.

4. Each institution shall comply with the refund policies required under Title IV of the Higher education Act of 1965 as amended in 1998 federal financial aid requirements and guidelines.

5. For the purpose of providing educational benefits for veterans, NSHE institutions shall comply with the refund and other applicable policies as required under Title 38 of the Code of Federal Regulations, Part 21.

(B/R 3/17)
Section 19. Student Association and Health Service Participation

1. All community college students are members of their respective student government associations except those in programs for which no student activity fee is assessed (e.g., community service courses and school district cooperative agreements).

2. All students registering for seven (7) credits or more at the state college and universities are members of their respective student government associations or graduate student associations, if organized.

3. Students registering for seven (7) credits or more, undergraduate or graduate, at UNLV, are eligible for treatment at their respective health services during the academic year. A reduced health service shall be available to all UNLV students in summer programs.

A late registration fee of up to $50 per course may be assessed to students who don’t meet the course registration deadline. Late registration fee exceptions may be granted by the institution when registration was delayed due to circumstances beyond the student’s control.

(B/R 12/13)

Section 21. Late Payment Fee

A late payment fee of up to $25 may be assessed for payments received after the payment deadline. An additional fee of up to $25 may be assessed daily after the payment deadline up to $250 for past due balance greater than $100.

(B/R 12/13)

Section 22. Student Fees (Effective Date: February 1, 2017)

1. It is the policy of the Board of Regents that Student Fees exist only in cases of additional administrative or other service costs incurred by the institution for a necessary student activity or requirement that are not specific to one course or type of course. Student Fees may be assessed to provide services to the students for:

   a. special events or activities such as graduation,
   b. special services provided by the institution such as personal/group counseling including psychological and testing, substance abuse counseling, health services, international student services,
   c. third party pass-through charges such as test administration, certifications or contracted health services. An additional administrative charge of up to $25 may be added to the pass-through cost.
   d. special general instructional requirements such as a thesis fee.

2. Funds generated from Student Fees pursuant to this Section may be spent on the intended purpose only. Mandatory fees required of all students or all students in a particular group, regardless of dollar amount, shall be reviewed and approved by the Board of Regents.

(B/R 9/16)
Section 23. Transcript Requests, Exchange and Fees (Effective Date: February 1, 2017)

1. Institutions shall not charge students a fee for electronic transfers of transcript data between NSHE institutions. Such internal transcript data exchanges are subject to the restrictions governing delinquent accounts pursuant to Section 2 of this Chapter.

2. NSHE institutions may establish protocols for the exchange of electronic transcript data for the purpose of facilitating transfer admission, reverse transfer, supplemental enrollment evaluation, graduation, and similar activities provided student consent is obtained in compliance with the federal Family Educational Rights and Privacy Act (FERPA) and NRS 396.535.

3. Institutions may impose a transcript fee without Board approval for requests by students to send printed transcripts from one NSHE institution to another and to send transcripts to non-NSHE institutions or to any other outside entity, including current or prospective employers. Such a fee shall be in an amount that does not exceed the cost of producing the transcript plus postage, including costs for expedited delivery. The cost of production may include salary and other employee costs associated with production. (B/R 9/16)

Section 24. Special Course Fees

It is the policy of the Board of Regents that the registration fee be the only fee assessed for taking a course except as otherwise outlined in this Section. The reasons for these exceptions are extraordinary instruction costs due to:

- individual instruction such as private music lessons,
- class supplies, course-specific software, and specialized equipment such as welding equipment and materials
- third party charges for use of a facility such as golf,
- special transportation requirements,
- extraordinary instructional costs such as intensive supervision, support or additional technical expertise required for the delivery of the course, or
- some combination of these reasons.

Responsibility for implementing this policy is delegated to the Presidents up to a maximum of $50.00 per course. Courses requiring fees higher than $50.00 require Board of Regents approval. (B/R 2/09)

Section 25. Student Health Insurance Program

Institutions may adopt a mandatory health insurance program in which specific student groups (as defined by the institution and approved by the Board) must provide evidence of health insurance coverage or purchase health insurance through a System program. (B/R 6/13)
Section 26. **Residence Hall and Food Service Rates**

The Board of Regents shall approve residence hall and food service rates for all NSHE institutions, excluding rates for conferences or other activities that are not exclusively for enrolled students.

(B/R 12/08)

Section 27. **Differential Program Fees**

1. NSHE institutions may bring forward annually for Board approval differential program fees to be retained by the institution that would be assessed in addition to registration fees. Each institution must establish procedures to ensure that student input is appropriately sought that must include a review of existing special course fees in the process of developing a differential program fee.

2. Upon the establishment of a differential program fee, all existing special course fees associated with the same program shall be eliminated, except those that are designated to cover the cost of consumables associated with a specific course.

3. Differential program fees shall be limited to high cost and/or high demand programs only, and such requests must be accompanied by documentation justifying the higher cost for students.

4. Except for clinical and applied health programs, differential program fees shall be limited to upper-division (300-400 level) and graduate level (500 level and above) courses.

5. Differential program fees shall be brought forward to the Board for consideration upon consultation with all institutions offering the program.

6. The Chancellor shall establish procedures for the administration of differential program fees, including but not limited to guidelines for the expenditure of revenue generated from such fees consistent with the use of differential program fees set forth in Title 4, Chapter 10.
