Section 2. Property

1. Vandalism

- a. Damage to NSHE institutional buildings, equipment or other property resulting from vandalism shall be reported immediately to the president of the division involved. The campus police, sheriff's office or city police should also be notified and asked to investigate.
- b. After investigation, if the president determines that action should be taken to recover the cost of such damage, such president may request the institution general counsel to take action to try to recover the cost of repairs.

2. Naming of Campus Buildings

Institutions of the NSHE shall adhere to the following standardized procedures for naming buildings, rooms, or public spaces. Names for new or unnamed buildings, building additions, or for renaming existing buildings are subject to approval by the NSHE Board of Regents. Names for a room, part of a building or a public space on campus are subject to approval by the president of the institution with written notification to the chancellor.

- a. The naming of a building, room, part of building, or public space shall be considered in accordance with the following principles, if it is to be named after a person or persons:
 - i. Years of service to public education;
 - ii. Contributions to public education (other than employment);
 - iii. Quality and time of service to community or state;
 - iv. Years residing in the community or state;
 - v. Contributions to the development of the community or state; and
 - vi. Significant or substantial donations to the cost of the building or to a System institution without personal gain.

When a building is named in recognition of a donor or non-donor honoree that name will generally be effective for the useful life of the facility. Notwithstanding the foregoing, the Board of Regents reserves the right at any time to rename a building in the event it determines that name of the building is no longer consistent with the institution's mission and values, or causes harm to the institution's reputation.

- b. When a building named in recognition of a gift or an individual has reached the end of its useful life and will be replaced or substantially renovated, the replaced or renovated building may be renamed. Appropriate recognition of earlier donors and honorees shall be included in or adjacent to the new or renovated building or in an appropriate way on the same campus. When a building is proposed for renaming, the institution will make all reasonable efforts to inform in advance the original donor or honorees and their immediate family members, as appropriate.
- c. A name on a building that was named in recognition of a gift may be removed with approval of the Board of Regents if the donor defaults on the gift.
- d. The naming of a building, room, part of building, or public space shall not be considered under the following conditions, if it is to be named after a person or persons:
 - i. The person is currently employed by the NSHE.
 - ii. The person is currently serving on the Board of Regents.
 - iii. The person is an elected public official.
- e. No more than three buildings at the same NSHE institution shall be named for an individual person. This limitation does not apply to buildings named for private foundations, companies, or other corporate entities.
- f. In considering potential names for new buildings, both the campus constituents and appropriate community groups shall be consulted, as appropriate.

- g. For buildings 1) located on property not owned by NSHE or 2) built cooperatively in partnership with another entity, the selection of a name to be recommended by the president shall be done in consultation with the partner.
- h. The president of the institution will recommend the proposed building name to the chancellor for review. The nomination will include biographical data, if applicable.
- i. After review by the chancellor, the chancellor shall forward the recommendation to the Chair of the Board of Regents for consideration by the full Board.
- j. The Board of Regents may, in its sole discretion, waive any of the provisions or limitations of this Subsection 2.

3. Campus Master Planning

The following general procedures and divisions of responsibility shall govern all campus master planning:

- a. The NSHE has the basic responsibility for campus master planning.
- b. All physical development plans and proposals and contemplated land acquisitions shall be submitted to the State Public Works Board for review and comment.
- c. The staff of the State Public Works Board may be requested to provide architectural and engineering assistance to the NSHE in developing physical master plans.

4. Capital Improvement Programming

The following general procedures and divisions of responsibility shall govern the capital improvement programming of all NSHE projects:

- a. The NSHE shall determine the sequence of priority and scope of work of all NSHE projects.
- b. The sequence of priority and scope of work shall be submitted to the State Public Works Board for review and comment. Should the State Public Works Board disagree with the projects submitted, or the priority assigned, the submission shall be returned to the NSHE with an explanation. Representatives of the two agencies shall then meet and attempt to develop a satisfactory list. Should agreement not be reached, the proposals of both agencies shall be transmitted to the Governor and Legislature by the respective agencies.
- c. The State Public Works Board shall develop budget estimates of total project costs based on the project scope of the work and shall submit the budget estimates to the NSHE for review and comment prior to adoption.

5. Project Design Process for State Funded Projects

The following general procedures and divisions of responsibility shall govern the design of all projects financed in whole or part by state-appropriated funds:

- a. Detailed project programs based on legislative action shall be prepared by the campus committee and submitted to the State Public Works Board for approval.
- b. The campus committee shall include representatives from the college or department to be served by the building, at least one representative from the Physical Plant Department/Facilities Management and the chief financial officer serving that campus. The program shall contain the educational and departmental needs for space with proposed room sizes.
- c. Detailed project budgets based on the campus program and legislative appropriations and authorizations shall be prepared by the State Public Works Board and submitted to the campus committee for review and comment prior to adoption by the State Public Works Board.
- d. The State Public Works Board shall insure that qualified architects and engineers are retained to design all projects. On all campus projects, the State Public Works Board shall extend to the Board of Regents the courtesy of nominating two or more architectural or engineering firms, ranked in preferential order, and the State Public Works Board shall either select from among those nominated or request a new slate be submitted. The preparation, execution and administration of professional service agreements shall be a State Public Works Board responsibility.
- e. Preliminary plans and specifications, which shall include a cost estimate, a building configuration, number of floors, shape, exterior appearance, building blueprint, elevations, relationship to other facilities on campus, relationship of departments and rooms within the structure, shall be recommended by the campus building committee to its president for approval. The president will then forward the preliminary plans to the State Public Works Board for its approval.
- f. During the preparation of the working drawings, all communications from the architects, consultants or State Public Works Board shall be directed to the chief financial officer or designee from the Physical Plant Department/Facilities Management.
- g. Final plans, including final cost estimates, must be presented by the architects or consultants to the campus for approval. The chief financial officer will present the final plans to campus users and recommend approval to the president. Recommendations on the arrangement of the alternates, if any, should be recommended by the chief financial officer. The president will then recommend the final plan to the Board of Regents for approval prior to forwarding the final plans to the State Public Works Board for its approval.
- h. The contract documents and bid schedule shall be approved by the State Public Works Board after consultation with the campus. All contract and financial documents shall be directed through the chief financial officer of the campus.
- i. The bidding procedures shall be a State Public Works Board responsibility.
- j. The technical and professional staffs of the campus and the State Public Works Board shall cooperate to ensure the satisfactory design of the project.

6. Construction Projects

The following general procedures and divisions of responsibility shall govern the construction procedures on all projects funded in whole or in part by State appropriated funds:

- a. The State Public Works Board shall award construction contracts with the concurrence of the campus. Construction contracts jointly financed by state appropriated funds and by non appropriated funds shall be executed by both the State Public Works Board and the campus.
- b. The administration of construction contracts shall be a State Public Works Board responsibility and the Board shall comply with all commitments made by the campus in obtaining non-appropriated funds. Expenditures during the administration of the contract shall be consistent with the approved budget. All change orders shall be submitted to the campus for review and comment prior to approval. During the construction of the project, the campus will be represented by the Physical Plant Department/Facilities Management. All communications from the contractor, architects, consultants or the State Public Works Board should be directed to the chief financial officer or designee from the Physical Plant Department/Facilities Management.
- c. Final inspection will be made by the State Public Works Board, architect/consultants, and the Physical Plant Department/Facilities Management to assure that the building has been built in strict conformance with the plans and specifications. The project should be signed off, not only with a deficiency list, but with the approval of consultants attesting to the fact that it does meet the plans and specifications as drawn and that it will function as designed by them. The campus will accept the building in writing subject to corrections of the deficiency list. The State Public Works Board shall, prior to final payment to the contractor, provide copies of "As built" drawings and guarantees to the campus on all completed projects. Sufficient funds should be retained to guarantee the completion of all items should there be a partial occupancy or a substantial notice of completion filed. All deficiencies discovered by the users should be channeled through the Physical Plant Department/Facilities Management to the State Public Works Board for correction by warranties, by the contractors or by the campus. At the eleventh month of the guarantee period, the Physical Plant Department/Facilities Management and the State Public Works Board will be responsible for guaranteeing that all one-year warranties have been met by the contractors.
- d. Final acceptance and the Notice of Completion shall be a State Public Works Board responsibility.
- e. The technical and professional staffs of the campus and the State Public Works Board shall cooperate to ensure the satisfactory completion of all construction projects.

7. Projects Financed by Non-appropriated Funds

The following procedures shall govern all physical development projects, including land acquisitions, in which no State appropriated funds are involved:

- a. The NSHE has the primary responsibility for these projects.

- b. Preliminary plans showing the site and architecture may be submitted to the State Public Works Board for review and comment.
- c. Proposed acquisitions of land by the NSHE may be submitted to the State Public Works Board for review and comment.
- d. The State Public Works Board shall provide all possible architectural and engineering services to the NSHE upon request of the NSHE.
- e. Final plans of all construction work, which establish new facilities, shall be submitted to the State Public Works Board for review and comment prior to bidding.

8. Disposal of Surplus Equipment

- a. Departments having surplus equipment will notify their respective Purchasing Department of intent to dispose of said equipment.
- b. The department and Purchasing will jointly arrive at a "fair market value" and establish a minimum acceptable bid for the equipment.
- c. Purchasing will circulate to all departments in the business center a notice of surplus equipment which shall include a description of the equipment, a statement of its conditions, the minimum acceptable bid, the location of the equipment, and a deadline for acceptance of bids.

Included in the notice will be listed only those items, which in the opinion of the Purchasing Department and releasing department, are in good useable or economically repairable condition and in the best interest of the institution to retain for campus use.

- d. Bids will be accepted and equipment will be purchased by the department submitting the highest bid. Department accounts will be charged accordingly.
- e. A "Furniture and Equipment Pool" will be established by each campus whereby usable items may be placed in the pool for future disposal.
- f. Any remaining equipment not purchased following the above procedure will be disposed of by advertising for sealed bids, open auction, or by whatever manner is most advantageous to the Purchasing Department but governmental or other political subdivisions shall be given preference. Thereafter, the Purchasing Department will consider disposal by discard or donation.

9. Equipment Inventory (formerly CM 01-03)

Title 4, Chapter 10, of the *Board of Regents Handbook* provides that equipment that exceeds certain cost thresholds is required to be inventoried by each NSHE institution.

The following items must also be inventoried by the institution regardless of acquisition cost.

- 1. Firearms
- 2. Computers: i.e. desktop, servers, laptop

Institutions that wish to inventory additional items within the aforementioned definition may do so at their discretion.

- a. Equipment is anything tangible, other than real property, with a value equal to or more than an amount determined by the respective Purchasing Department.
- b. Each department has custodial responsibility for all equipment within its jurisdiction. Each department is also responsible for reporting all additions, deletions, and material changes in condition of equipment within their unit, to the respective Purchasing Department.
- c. The respective Purchasing Department, through its Fixed Assets Section, is responsible for maintaining and reporting records of equipment inventories. The Purchasing Department is responsible for establishing and monitoring control procedures, ensuring that purchase acquisitions of inventorial equipment are properly recorded and recording equipment disposals.
- d. Deans, directors and department heads are responsible, within their area, for reconciling annual physical inventories with periodic or special Purchasing Department reports. The accuracy of such reconciliations shall be documented by signed certification.
- e. Loans of equipment to not-for-profit and non-political entities may be made if it is determined to be in the best interest of the institution and the public good. All loans must be documented in writing, including which entity is responsible for maintenance, and approved by the president. Each president shall submit to the chancellor annually a list of loaned equipment.
- f. All equipment located at off-campus sites and used for institutional programs must be inventoried and maintained in the same manner as equipment on campus. If the institution does not control the site, written agreements must be in place with the organization that owns or controls the site.

Section 3. New Campus and Branch Campus Instructional Sites

The following criteria approved by the Board of Regents shall be used in developing instructional sites:

1. Campus

A campus is the primary institutional site that provides complete instructional services, including a full range of student and academic support services. A campus offers a comprehensive general education program plus specialized academic programs. Facilities shall include classrooms, laboratories, a library and other learning centers, a student counseling/advising center, registration and bursar functions, and a bookstore. A campus will enroll a sufficient number of students to offer an array of courses and programs sufficient to meet fully the institutional mission approved by the Board of Regents.

2. Branch Campus

A branch campus is a permanent or semi-permanent partial service facility that is either owned or leased by the NSHE where limited general education and specialized programs are made available. Classrooms and partial student and/or academic support services are provided by the institution. Laboratory facilities may also be provided in some circumstances.

3. Satellite

A satellite is a small flexible instructional facility with limited offerings. Facilities include modest classroom space, but generally no laboratories. Permanent student support services are not made available at the satellite site. Satellite sites are not owned by the NSHE but are rented or leased or provided by the local community, a government agency, or a corporate sponsor. Satellite sites are temporary, based on community need, and no permanent commitment to maintain a satellite site should be implied.

4. Public School

A public school site may be developed in partnership with a school district where classes are offered to high school students and to other students with permission of the school district. Public school sites may be jointly owned and operated or owned by the school district.

(B/R 3/98; Added 6/05)

Section 4. NSHE Salvage Value Policy, July 2005

Salvage or residual value is an estimate of the amount that will be realized at the end of the useful life of a depreciable asset through sale or other disposal. Frequently, depreciable assets have little or no salvage value at the end of their estimated useful life and, if immaterial, the amount(s) may be ignored.¹ Therefore, salvage value should generally not be utilized in calculating depreciation. This policy becomes effective July 1, 2005.

- f. In the case of a vacancy in the position of provost at a member institution, unless an exception is approved by the Board of Regents, the institution shall conduct a national search for the purpose of recruiting and screening candidates for the position for consideration of appointment by the institution's President. As used in this paragraph, "provost" means the second highest ranking executive and administrative officer of the University or state college.

(B/R 6/84, 3/04; Added 6/05; A 1/06, 12/09, 6/13, 9/17, 3/18)

Section 2. Executive Evaluations

1. ANNUAL EVALUATION OF NSHE PRESIDENTS (Board Approved 10/03)

- A. The purpose of the annual evaluation is to provide ongoing, constructive feedback so that Presidents may know how the Chancellor and the Board view their areas of strength as well as areas that may be improved upon. It also provides an opportunity for the President and Chancellor to discuss personal and institutional goals for the next evaluation period.
- 1) The President will prepare an annual confidential Self-Evaluation Report, addressing the areas of review as described in subsection B. The timeframe for the annual self-report shall be the prior calendar year.
 - 2) The Chancellor reviews the President's self-evaluation and prepares a confidential written evaluation assessing the President's performance against the goals set for the prior calendar year. The emphasis of the annual evaluation shall be on an analysis of areas for future focus and improvement.
 - 3) The Chancellor meets with the President to review the written evaluation and to agree on personal and institutional goals for the following evaluation period.
 - 4) If the Chancellor recommends a change to the President's contract a summary of the evaluation and the new evaluation goals will be provided to the Board of Regents. (These are public documents.) The Board will discuss the findings of the annual review at a meeting in an open personnel session and consider the contract recommendations.
 - 5) A copy of the confidential written evaluation, signed by both the Chancellor and President, is retained in the President's personnel file, along with a copy of the President's confidential annual self-evaluation report.
- B. The following format and evaluation criteria are based on principles developed by the Association of Governing Boards of Universities and Colleges for formative reviews and shall be considered in the annual evaluation of NSHE Presidents.

1. GOALS AND ACHIEVEMENTS

- i. Discuss the goals you set for yourself and your institution last year along with a description of your efforts to meet them.
- ii. Discuss any other personal and institutional achievements that you, your senior management team, or your faculty are especially pleased to have accomplished. Include achievement in meeting institutional goals for the upward mobility of underrepresented groups (faculty, staff, and students).
- iii. Discuss any disappointments, frustrations, or problems you may have experienced during the past year, especially those that are likely to persist.

- iv. Discuss in a thoughtful way your relationships with the Board of Regents; your faculty, staff, students, alumni, and community leaders; and any other appropriate stakeholders or organizations.

2. CHALLENGES AND OPPORTUNITIES

- i. Outline your institution's principal challenges and opportunities as you see them.
- ii. List evaluation goals you propose for yourself and your institution for the next year. These goals should focus on, but are not limited to, meeting institutional and System-wide strategic goals in the following areas:
 - a. Academic Administration;
 - b. Academic Advancement;
 - c. Budgetary and Personnel Management;
 - d. Access and Diversity;
 - e. Research and Workforce Development; and
 - f. Internal Communication, External Relations and Fund-raising.
- iii. Provide any other thoughts, ambitions, or plans you have as President.

3. OTHERS

- i. Attach any other information or materials that will help assess your institution's achievements and progress over the past year or so.
- ii. If you wish, discuss your desires or plans for professional growth.

2. PERIODIC EVALUATION OF NSHE PRESIDENTS

A comprehensive, periodic assessment of the performance of each President in four key areas will be conducted in the next-to-last year of each contract period. The purpose of the periodic evaluation is to provide constructive feedback on measurable performance metrics assessed over a period of time so that Presidents may know how colleagues, Regents, and key leaders in the community view their efforts, including areas of strength as well as areas that may need improvement.

- 1.) The President being evaluated shall prepare a written self-evaluation based upon the four areas of evaluation described in subsection 3. The self-evaluation shall be submitted to the Chancellor and provided to the Evaluation Committee.
- 2.) The Chancellor shall appoint an Evaluation Committee composed of not more than four individuals knowledgeable with the institution, including one senior faculty member. The Chancellor shall appoint one member to serve as Chair of the Committee. The Committee shall conduct the evaluation using the evaluation metrics described in subsection 3. The Committee shall be provided with the prior evaluation(s) of the President, if any, together with any interim annual evaluations.

- 3.) In advance of the evaluation, the Evaluation Committee and the Chancellor shall meet to review and discuss prior evaluations, the details of the current evaluation and any issues that may be raised during the evaluation process. The Chancellor shall provide the Committee with a list of stakeholders to be interviewed. The list shall consist of a wide variety of individuals, internal and external to the institution, who are knowledgeable about the President's work and shall include student leaders. The President shall be permitted to submit a list of potential interviewees. The Chancellor shall select the names to be forwarded from the President's list. The list shall be divided by the Chair among the four committee members. Appropriate accommodations will be made for the Evaluation Committee members to conduct interviews at institutions with multiple campus sites.
- 4.) The evaluation process will include the opportunity for a representative sample of vice presidents, deans, academic and administrative department heads, faculty, students, and community and alumni leaders to be interviewed, and may also include a faculty survey submitted in compliance with the provisions of this section. With the exception of the results of a faculty survey, the Evaluation Committee shall not accept anonymous materials, as part of the evaluation process.

The faculty senate may conduct a survey of faculty regarding the performance of the President. The survey shall address the Performance Metrics for the Periodic Evaluation of the Performance of NSHE Presidents set forth in Subsection 3. Within the scope of the Performance Metrics, the survey may also seek input regarding the effectiveness of the relevant institutional offices or departments. In preparing the survey and the final survey report, the faculty senate shall consult with the institution's general counsel to ensure the questions in the survey and the final survey report do not seek or contain comments about the performance of individuals other than the President. The final survey report must be provided to the Evaluation Committee.

The Chancellor shall establish guidelines in consultation with the faculty senate regarding the process, timeline, and notification schedule in order to obtain constructive feedback from the faculty.

- 5.) Prior to conducting interviews with institution constituents, the Evaluation Committee will meet with the President for the purpose of reviewing strategic plans, goals, objectives, resource allocation policies, major challenges and successes, and the President's own assessment of the interval being appraised. The Committee shall review the President's self-evaluation with the President and allow the President to discuss any relevant facts with the Committee.
- 6.) At the conclusion of this meeting, the Committee members shall disperse to meet with the assigned interviewees. The Committee shall also conduct an open forum for students. During the course of conducting the interviews, the Committee shall meet at the call of the Chair to review the interviews conducted so far and to discuss common thoughts and themes that have emerged from stakeholder input.

- 7.) At the conclusion of the interviews and student forum, the Committee shall meet with the President to discuss what its members have heard, including strengths and weaknesses of the President in the four areas of evaluation described in Subsection 3 and will recommend areas for future focus and improvement. The President shall be provided an opportunity to clarify points the President believes should be made.
- 8.) The Committee shall prepare a written report within two weeks of the Committee's final meeting with the President, with each member contributing a portion of the report as assigned by the Committee Chair. The Chair shall combine the individual member contributions into a final version of the report.
- 9.) The Committee Chair shall meet with the President to review the final evaluation report in order to correct any factual errors but other than such corrections, no changes may be made to the evaluation. The Committee Chair shall then deliver the final evaluation report to the Chancellor for transmittal to the Board.
- 10.) As soon as practical after the submission of the final evaluation report, the Chancellor will present an evaluation of the President, which shall include the final evaluation report, at a regularly scheduled meeting of the Board of Regents where the President will participate in an open personnel session to review the findings of the periodic evaluation. The open personnel session will take place on the first day of the meeting of the Board of Regents.
- 11.) At the conclusion of the periodic evaluation process, in an open personnel session on the second day of the meeting, the Board Chair may recommend contract terms and conditions for approval by the Board of Regents.
- 12.) A copy of the Chancellor's evaluation, the Evaluation Committee's report and a copy of the President's self-evaluation will be retained in the President's personnel file. All these documents are public documents.

3. PERFORMANCE METRICS FOR PERIODIC EVALUATION OF NSHE PRESIDENTS

The periodic presidential evaluation shall be conducted with reference to the following criteria.

Part 1. FUNDAMENTAL PRODUCTIVITY

- A. Academic Completion – Student Success. The NSHE is a performance oriented system. Student success as reflected in academic completion is a key Board policy each President embraces. A President shall be evaluated based on:
 1. Graduation rates;
 2. The total number of degrees and certificates awarded; and
 3. Year to year persistence rates.

- B. Enrollment – Student Access. While the NSHE has moved from an input to an output formula, performance growth cannot occur without attracting more students. In addition, Nevada needs more graduates so serving more Nevadans remains important. A President shall be evaluated based on enrollment, including online enrollment.

NSHE has a fundamental commitment to equity and diversity. The President shall separately state institutional progress with respect to critical underserved populations, including minority groups and low income students, indicating efforts to close attainment gaps where they exist among populations.

NSHE community colleges serve a diverse student body and have more part time students. The Chancellor shall develop and utilize as a component of the evaluation a completion metric which reflects the complex mission of a community college.

- C. Grants/Contracts/Special Events/ Research and Development/Gifts. Funding is a challenge all institutions face. A major focus of every President is leading an institution that secures alternative funding sources. The sources include attracting grants, contracts and gifts. The goal is to diversify sources of college revenue through community partnerships.

A President shall separately state funding attainments in each of the following categories, giving the institution's baseline for the applicable evaluation period for each:

1. Grants and contracts;
2. Special events;
3. Research and development; and
4. Gifts.

The Chancellor shall develop data dashboards for reporting annual performance for the metrics in Part 1 that shall be reported to the Board and posted on the NSHE website.

Part 2: INSTITUTIONAL WELL-BEING AND MANAGEMENT EFFECTIVENESS

- D. Entrepreneurship. Closely related to the metrics in Part 1 C is encouraging innovation and entrepreneurship throughout the institution. A President shall separately state steps the President and the institution have taken to encourage entrepreneurial activity.
- E. Campus Environment. As President, effectiveness as a leader echoes throughout the institution. A President shall detail any major initiatives or advancements to improve the campus environment under the President's leadership.

Part 3: INSTITUTIONAL RELATIONS TO EXTERNAL COMMUNITIES

- F. Collaboration. NSHE consists of multiple institutions, making relations with other member institutions critical. A President shall work closely with other member institutions to further the goals of student success. A President shall separately state collaborative relationships with member institutions and plans for the extension of these partnerships.

- G. Regent Strategic Directions. The Board has adopted Strategic Directions and expects full participation by all institutions in critical initiatives such as 15 to Finish, eLearning, Effectiveness and Efficiency, iNtegrate 2 and similar programs. The Chancellor shall review and evaluate the activity and commitment of a President in achieving implementation of critical Board priorities.
- H. Community Partnerships and Connections. Connecting with communities is crucial. This extends beyond fundraising to ensuring the health of critical relationships for the institution. A President shall describe how critical partnerships and community and business relationships have been maintained and extended.

Part 4: OTHER

If a President believes other factors than those covered herein fundamentally reflect on the President's performance, the President may briefly describe such efforts separately. In preparing a self-evaluation, the President may also bring to the attention of the Evaluation Committee such distinct aspects and missions of the President's respective university, college or institute as the President deems appropriate to fully convey the essential nature of presidential performance and institutional advancement.

In addition to the factors above, the Evaluation Committee may consider such additional indicators of presidential performance as it deems appropriate to present a complete picture of the President's performance including, but not limited to, relationship with the Board of Regents, promoting and sustaining diversity, budgetary matters, academic and general administration, management and planning including planning for deferred maintenance, and if applicable, oversight and management of intercollegiate athletics.

4. CRITERIA FOR THE ANNUAL AND PERIODIC EVALUATION OF THE CHANCELLOR (Board Approved 10/03)

A. INTRODUCTION

The principles for the evaluation of the Chancellor are similar to those for evaluating Presidents. However, they differ in that the Chancellor is the chief executive of the NSHE and is directly accountable to the Board of Regents. It follows, therefore, that the Chancellor's evaluation must be conducted by the Board.

B. SCOPE & FREQUENCY

The Chair of the Board of Regents is responsible for conducting two kinds of ongoing performance evaluation of the Chancellor:

1. An Annual Evaluation conducted by the Chair of the Board and

2. An extensive Periodic Evaluation to be conducted in the next-to-last year of each contract period by an Evaluation Committee of the Board.

In both instances, the Chair may be assisted by the Vice Chair as needed and may have a person from outside the NSHE with extensive experience in higher education for the periodic evaluation.

C. ANNUAL EVALUATION

The Chair of the Board of Regents is responsible for conducting the annual evaluation of the Chancellor, in compliance with the Nevada Open Meeting Law (OML), and in consultation with other members of the Board, will establish a performance program for the Chancellor for the upcoming year. The review will be based upon:

1. A progress report and self-evaluation by the Chancellor;
2. Invited input from individual Regents, institution Presidents, and senior System staff reporting to the Chancellor; and
3. Extensive personal consultation between the Board Chair and the Chancellor.

Comments from Regents will be received at an open meeting or by another process approved by the System General Counsel to insure compliance with the OML. The purpose of the annual evaluation is to identify the Chancellor's accomplishments and areas which may have required special attention during the past year, areas which may need special attention during the coming year, and to discuss his or her performance objectives for the coming year in light of the Board's priorities.

Procedure

An outline of the process to be used in conducting the annual evaluation of the Chancellor is as follows:

1. The Chancellor will prepare a self-evaluation report based on the Board's performance areas of review (subsection 5) and forward it to members of the Board of Regents.
2. The Chair will consult, in compliance with the OML as approved by the System General Counsel, with other Board members, institution Presidents, and senior system staff using the performance areas for review identified in subsection 5.
3. The Chair of the Board will prepare a written report to the Board. The Board will meet in an open personnel session with the Chancellor to consider the contents of the report and other matters believed pertinent to the Chancellor's evaluation.
4. A copy of the written evaluation, signed by both the Board Chair and the Chancellor, is retained in the Chancellor's personnel file, along with a copy of the Chancellor's annual self-evaluation report. The self-evaluation report and the written evaluation are public records.

D. PERIODIC EVALUATION

Prior to the final year of a Chancellor's multi-year contract, the Chair of the Board will convene an Evaluation Committee to conduct a more in-depth evaluation of the Chancellor's performance.

The Evaluation Committee shall consist of up to four - six members, including the Chair, Vice Chair, and immediate past Chair. Additional members may be appointed by the Chair. The Board may elect to engage the services of an external consultant to assist the Evaluation Committee in its work.

The purposes of the periodic evaluation are:

1. To give an expanded group of constituencies an opportunity to learn of the Chancellor's sense of progress and to provide their views regarding his/her performance; and
2. To give the full Board an appraisal of the Chancellor's performance in light of the NSHE's progress.

Procedure

An outline of the process to be used in conducting the periodic evaluation of the Chancellor is as follows:

1. The Chancellor will write a retrospective report describing his/her view of accomplishments, and areas that need improving. This report should address:
 - a. The performance areas outlined in the Board of Regents Bylaws and in subsection 5 of this performance evaluation policy, and
 - b. The annual performance program since the last periodic evaluation.
2. The Chancellor's retrospective report will be sent to major constituencies for their review and comment. The constituencies may include, but are not limited to, Regents, vice chancellors, other System executive staff and directors, Presidents, faculty senate chairs, student body presidents, public officers, and the Governor's staff. The review and comment by Regents will occur at an open meeting or by another process approved by the System General Counsel to insure compliance with the OML.
3. The Evaluation Committee will conduct interviews with a representative sample of major constituencies on the contents of the Chancellor's retrospective report and their assessment of the Chancellor's performance in the areas identified for review (subsection 5).
4. The Evaluation Committee will prepare a written report to the Board. The Board will meet in an open personnel session with the Chancellor to consider the contents of the report and other matters believed pertinent to the Chancellor's evaluation.
5. A copy of the written evaluation, signed by both the Board Chair and the Chancellor, is retained in the Chancellor's personnel file, along with a copy of the Chancellor's retrospective report. The written evaluation and the retrospective report are public records.

E. PRINCIPLES OF THE PERIODIC EVALUATION

1. The responsibility for evaluating the performance of the Chancellor rests with the Board of Regents and cannot be delegated to others.
2. The authority and responsibilities of a system Chancellor are different from those of an institution President. Therefore, a system Chancellor should be evaluated in terms of his/her performance in respect to system goals and objectives and not in terms of a model defined in terms of presidential performance expectations.
3. The Chancellor's retrospective report and the constituent interviews should constitute the primary elements of the evaluation process. The process should be open and inclusive in terms of input and consultation, while recognizing that it is not possible to involve all of the groups and individuals who may wish to provide input in the process. The Evaluation Committee shall not accept anonymous materials.

Section 3. Rehire of a PERS Retiree (formerly CM 01-04)

1. The reemployment restrictions for Public Employees Retirement System (PERS) retirees can be waived in some cases to assist employers with the hiring of retirees in areas of critical labor shortage.

An exemption from PERS reemployment restrictions allows a retiree to return to employment with a participating public employer and continue to receive their retirement benefit at the same time. There will be no cap on earnings related to that employment for the retiree in a critical labor shortage position. The retirees will have the option to reenroll in PERS and continue to receive their retirement benefit.

The Board of Regents will make the determination for NSHE classified and professional positions based on the following criteria:

- Turnover – Turnover for the class or type of position has exceeded the State average in two out of the last three years.
- Recruitment – Recruitment (including out-of-state) has been open on a continuing basis for the last two months, producing less than five qualified and available applicants for each opening. The Board will consider the history and efforts to recruit for the position, including, without limitation, advertising, recruitment outside of this State and all other efforts made.
- Average length of vacancy exceeds the State average.
- Special Requirements – The difficulty in filling the position due to special circumstances, including, without limitation, special educational or experience requirements for the position; the position requires exceptional qualifications of a scientific, professional or expert nature; and/or the position requires a license or certification and there has been historical difficulty in recruitment.

In addition, the Board of Regents may consider if there is a known labor shortage in the field.

All applicants, including retirees seeking reemployment in areas of critical labor shortage, must meet the current minimum qualifications specified for the position. Persons applying for a classified position must be appointed under the provisions of *Nevada Administrative Code 284*.

2. Eligibility

Until it sunsets on June 30, 2015, the law allows retirees to apply for employment in positions deemed to be experiencing a critical labor shortage. Requests will not be approved for immediate rehiring into the same position of incumbent employees who elect to retire; consideration may be given on a case-by-case basis if a strong rationale can be presented that demonstrates how the position and the person meet the criteria noted in this procedure.

In order to be eligible for hiring into a position experiencing a critical labor shortage, the PERS employee must have retired with:

- (For regular members) 5 years of service at age 65, 10 years of service at age 60, and 30 years of service at any age.
- (For police and fire members) 5 years of service at age 65, 10 years of police/fire service at age 55, 20 years of police/fire service at age 50, and 25 years of police/fire service at any age.

Retirees who retired before full eligibility as described above:

- May return to employment under this statute when they reach the age at which they could have retired without early retirement reduction.

3. Procedure

Departments within a NSHE institution requesting approval of a position that conforms to this statute must complete a form, including approvals by appropriate institutional administrators, and submit it to the NSHE human resources officer. The department must also submit written findings for consideration of the Board of Regents on the form prescribed by the PERS (*NRS 286.523*). The NSHE human resources officer will make a recommendation to the Chancellor for placement on the Board of Regents agenda. Final approval of all such requests rests with the Board of Regents. The PERS must be notified pursuant to *NRS 286.523* within 10 days of the rehire of a retiree under these provisions. (Added 6/05; A. 11/05, 12/09)

Section 4. Procedure For Recertifying a PERS Retiree

In accordance with *Nevada Revised Statutes 286.523(5)*, departments within a NSHE institution that are requesting the recertification of a PERS retiree hire must submit a request every two years. In recommending the redesignation of a position as one for which the critical labor shortage continues, the following criteria must be considered:

- A search was conducted and the incumbent was clearly the best candidate for the position.
- The position requires exceptional qualifications of a scientific, professional or expert nature and conducting a search would not produce a more qualified candidate than the incumbent.
- There is a known labor shortage in the field and conducting a search would be an unnecessary expenditure as the incumbent is clearly qualified for the position. Conditions in the market have not changed since the incumbent was hired.
- The position requires a license or certification that the incumbent possesses and a search would cause an unnecessary expenditure as the incumbent is clearly qualified for the position.
- The incumbent is uniquely qualified for the position and these skills cannot be duplicated in the market place.
- This appointment is short term and conducting a search would cause unnecessary expense to the institution.
- Other information that supports the recertification of the PERS rehire.

ACADEMIC SALARY SCHEDULE-COMMUNITY COLLEGES

Grade	Min	Q1	Median	Q3	Max
5	\$56,030	\$68,267	\$82,162	\$98,871	\$120,464
4	\$52,294	\$63,716	\$76,685	\$92,279	\$112,433

1	\$37,353	\$45,511	\$54,775	\$65,914	\$80,310

The methodology used to establish the community college academic salary schedule is the following. The community college academic salary schedule Grade 3 Median is a percentage of the overall university academic salary schedule median (currently 78% of the university overall median). The overall university median is an average of the midpoints of the four university rank ranges.

The median of each Grade on the community college academic salary schedule is the following:

- Grade 5 Median = 1.20 x Range 3 Median
- Grade 4 Median = 1.12 x Range 3 Median
- Grade 3 Median = Set by the formula above
- Grade 2 Median = 0.88 x Grade 3 Median
- Grade 1 Median = 0.80 x Grade 3 Median

The Min, Q1, Q3 and Max quartile values for each Grade on the community college academic salary schedule are:

Max = Grade Median x 1.466178
Q3 = Grade Median x 1.203361
Median = Grade Median as set above
Q1 = Grade Median x 0.830879
Min = Grade Median x 0.681941

The above methodology (the percentage, median and quartile values) may be adjusted as part of the review and update of salary schedules under Title 4, Chapter 3, Section 34, and recognizes as a possible goal for future salary schedules to be indexed at the same percentage as the community college administrative faculty salary schedule.

Section 3. Community College Academic Salary Schedule

1. Grades

The grades on the salary schedule are “categories” that correspond to the faculty member’s academic preparation as follows:

- Grade 1 Less than a bachelor's degree.
- Grade 2 Bachelor's degree or associate's plus approved contact hours of occupationally related discipline¹, or associate's plus 60 upper level credit hours in an approved instructional field(s).
- Grade 3 master's degree or a bachelor's degree plus approved contact hours of occupationally related discipline, or a Bachelor's degree plus 30 graduate credits in an approved instructional field(s).
- Grade 4 master's degree with a minimum of 30 graduate credits in an approved instructional field(s), or equivalency or a bachelor's degree plus approved contact hours of occupationally related discipline, or a bachelor's degree plus 60 graduate credits or equivalency in an approved instructional field(s).
- Grade 5 Earned doctorate. Equivalence can be approved by the president for a master's degree plus approved occupational contact hours or academic credits.

2. Initial Placement

- a. The determination of grade for the purposes of initial placement of a faculty member on the academic salary schedule shall be based upon education. New hires shall normally be placed at the minimum of the appropriate grade, unless the institution chooses to consider relevant experience up to a maximum of twenty-five percent above the minimum. The institution guidelines for evaluating relevant experience shall be in writing and publicly available. Each year of relevant experience (as determined by the institution) will equate to an additional 2.5 percent up to the maximum stated above.
 - b. Consideration will be given to authorizing a higher salary in order to attract an applicant with qualifications in areas pre-defined as difficult to recruit. Faculty senate and/or Human Resources shall submit recommendations to the president for designating difficult to recruit positions. The president shall review the recommendations, determine the positions that are to be designated difficult to recruit, and forward the same to the chancellor. Designating difficult to recruit positions will be reviewed on a yearly basis by the System and approved by the chancellor. The president will make the final determination on initial salary placement for those positions determined to be difficult to recruit.
3. Movement on the Schedule. Salary increases, as set forth below, may occur as a result of the Community College Professional Advancement Program, cost of living adjustments, merit awards, salary equity adjustments, award of tenure, or promotional/rank/benchmark advancement.
- a. Community College Professional Advancement Program. Advancement from grade to grade on the salary schedule is governed by the Community College Professional Advancement Program set forth in Section 3 below.

¹ Occupationally related discipline equivalency will be determined at each campus. The ratio of academic credit to contact hours will be 1:15.

- b. Cost of Living Adjustments (COLA). COLA is a Cost of Living Adjustment which may be funded by the Legislature. During years in which a COLA appropriation is provided, all academic faculty receive the same percentage COLA increase which is added to base salary.
- c. Merit Awards. Academic faculty shall be eligible to be considered for merit awards during fiscal years when a merit pool appropriation is provided. Each community college shall develop written policies and criteria by institution for the recommendation of merit awards. The written policies and criteria shall be drafted by the faculty senate and approved by the president, and shall be set forth in institutional bylaws. Until the adoption of institutional bylaws governing merit awards, faculty who has received a satisfactory evaluation, will be awarded an equal share of merit. Merit awards are added to base salary.
- d. Salary Equity Adjustments. Each institution shall adopt an Equity Salary Adjustment Plan agreed upon by the faculty senate and the president. The Plan must include but is not limited to the following:
 - 1. Providing for an initial and thereafter, biannual review of the salaries of academic faculty to determine whether a faculty member's salary is appropriate as compared to the salaries of other faculty at the institution based upon years of experience and educational attainment.
 - 2. Identify institutional resources to fund equity adjustments.
 - 3. Providing for appropriate adjustment of salaries which may be phased-in incrementally depending on funding resources.
 - 4. The salary equity study may be performed by institution personnel or the institution may hire an outside consultant as agreed upon by the president and the faculty senate.
 - 5. The results of an equity study shall be provided to the faculty senate.
 - 6. A faculty member may request an equity review of his or her salary.
 - 7. Reporting annually to the Board of Regents regarding the progress made in implementing salary equity adjustments identified in an equity study.
- e. Award of Tenure. Upon the award of tenure, an academic faculty member shall receive a minimum 2.5 percent increase in salary, which is added to the base salary. An institution may provide for a higher salary increase upon award of tenure in accordance with a written policy drafted by the president in consultation with the faculty senate.
- f. Promotional, Rank or Benchmark Advancement. In the institutional bylaws, by agreement of the president and the faculty senate, an institution may adopt other policies setting forth criteria and procedures for additional advancement within a salary grade range. The policies may include, but are not necessarily limited to criteria and procedures for promotional or rank advancement, or salary benchmarks within the grade ranges.

4. Other Salary Considerations

- a. All individuals employed on administrative faculty contracts that are eligible to receive legislatively appropriated merit and who are not on the academic faculty salary schedule will be given consideration for merit increases and will receive cost-of-living increases.
- b. All individuals employed on non-tenure track, Range 0 contracts that are eligible to receive legislatively appropriate merit and who are not on the academic faculty salary schedule will be given consideration for merit increases and will receive cost-of-living increases.
- c. Academic faculty who are required to work under calendar year contracts versus academic year contracts will negotiate additional salaries in view of their respective responsibilities and number of working days compared to the working days under an academic year contract. The factor used can vary, but will not fall below 1.2. Contracts falling between a B contract and an A contract will be developed in a similar fashion.

(B/R 3/02; Added 6/05; A. 11/05, 11/06, 3/08, 3/13)

Section 4. Community College Academic Faculty Professional Advancement Program

A. PROGRAM OUTLINE

1. Professional Advancement Approval Process for Credit Courses/Programs

- a. Courses/programs, etc. may be used for professional advancement only with prior written administrative approval as stated in Title 4, Chapter 3.
- b. The process for approval will be developed at each institution with faculty senate input. The final decision rests with the president.
- c. Any movement on the salary schedule can only occur consistent with the fiscal year contract. Exceptions must be approved by the president.

2. Degree Programs

- a. The academic faculty member wishing to advance on the salary schedule by completing a bachelor's, master's or doctorate degree (grades 2, 3, 4 and 5) must submit a written formal request.
- b. Upon appropriate vice presidential/dean approval, a formal professional advancement agreement will be written. The program must identify the anticipated program and program completion date. The agreement is not valid unless the appropriate vice president/dean and the faculty member sign the agreement.

- c. Upon successful completion of the degree program, the faculty member must submit official verification to his/her official personnel file. In the event the degree program is not completed in the anticipated time frame, the faculty member will notify the appropriate body in writing prior to the anticipated date of completion. A review of completed work will be made by the appropriate body for consideration of movement on the schedule. Grade movement will not occur without the approval of the president.

3. Credit Course Work

- a. The academic faculty member wishing to move across the grades by completing credit course work must comply with the provisions of the Board of Regents' policy. That is, grade 2 requires upper level/division undergraduate credit hours, grade 3 and 4 require graduate credits. The faculty member must submit a written formal request to the appropriate body. The appropriate body will forward the recommendation to the appropriate vice president/dean. The appropriate vice president/dean will notify the faculty member of approval/non-approval within 20 working days from receipt of the application.
- b. Upon successful completion of the agreed upon course work, the faculty member must submit official grade verification to the faculty member's official personnel file. The faculty member will not be eligible for grade movement until all requirements for advancement have been met. When the approved courses total the credits required for advancement, the faculty member must notify the human resources director.

4. Professional Advancement Approval Process for Occupationally-Related Courses

- a. The academic faculty member wishing to take individual contact hour courses for advancement across the grades on the salary schedule must submit a written formal request to the appropriate body who will forward the recommendation to the appropriate vice president/dean or designee²These courses could include, but are not limited to, continuing education courses in a specific discipline and specialized workshops or institutes in which contact hours rather than credits are used to grant recognition for successful completion.
- b. Due to the manner in which some occupationally-related courses are offered, the faculty member may only have a few days or weeks between notification of offering and actual registration. Therefore, every effort must be made by all parties involved to complete this process prior to the due date for registration. When the approved courses reach the contact hours required for advancement, the faculty member must notify the human resources director in writing of that fact.
- c. Upon successful completion of the courses, the faculty member must submit official verification to his/her official personnel file. The faculty member will not be eligible for grade movement until all requirements for advancement have been met.

² Designee means someone appointed by the appropriate vice president/dean only in his/her absence.

5. Approvals for degree programs, credit courses, continuing education and occupational courses will be filed in the faculty member's official personnel file.

B. PROGRAM STANDARDS/DEFINITION OF TERMS

1. Education Standards

For degree programs and credit courses, the degree/credit must be awarded by regionally accredited institutions. Non-degree (non-credit or continuing education) courses will be awarded equivalency based upon accepted industrial and/or professional standards.

2. Relevance

The program or courses must either be relevant to the academic faculty member's discipline or enhance teaching/counseling/professional skills, or provide benefit or advancement.

3. Equivalency

For purposes of this document, all academic courses will be equated to a sixteen-week semester. Courses taken in quarter or trimester credits will be adjusted to this standard. Degree programs will stand on their own as approved by accrediting institutions. That is, a master's degree will transfer as a master's degree regardless of the institutional differences in semester vs. quarters.

4. Occupationally-Related Courses

Occupationally-related courses are those courses that relate to the faculty's primary duties, e.g. courses taught, services provided, etc.

5. Official Verification

Official verification shall include, but not be limited to: diplomas, transcripts, certificates, or letters from sponsoring agencies.

6. Professional Degrees

A professional degree itself does not apply toward movement on the salary schedule. It is recognized that some occupational areas have specific degrees that may be equivalent to the degree qualifications set forth above. This list includes, but is not limited to, the following: MD, DDS and JD. The number of graduate hours in the curriculum will be equated to the standard master's, etc. degrees.

For example, a JD, MD and DDS would be the equivalent of three to four years of graduate school, and should therefore be considered as the fifth grade of professional advancement. Two master's' degrees, however, would not be the equivalent of a fifth grade of movement, but would qualify for a fourth grade movement, if approved.

This explanation does not mean automatic approval of such professional degrees, only an explanation of the existence of these occupational areas.

C. PROGRAM STANDARDS

The professional advancement program may be, except where otherwise noted, any combination of the following categories or programs:

1. Degree Program/Credit Courses

- a. The credit awarded for completion of a degree program will be limited to only the degree awarded to the individual. All programs/courses must be offered by regionally accredited institutions.
- b. Movement from one grade to another beyond grade two must be accomplished in blocks of 30 or 60 credits as appropriate. Movement to:

Grade 2	Bachelor's or associate's plus 60 upper level undergraduate credits.
Grade 3	master's or bachelor's plus 30 graduate credits
Grade 4	master's plus 30 graduate credits or equivalent ³ or bachelor's plus 60 graduate credits or equivalent.
Grade 5	Earned doctorate

2. Non-Credit/Contact Hours Course Training

a. Continuing Education

1. The equivalency for continuing education is 1:15. For every fifteen hours of continuing education, one unit of credit will be awarded. Continuing education can be in the form of workshops, institutes or other recognized educational programs.
2. All courses/workshops must meet national standards for occupational areas. Movement from one grade to another beyond grade two must be accomplished in blocks of 450 or 900 contact hours. Movement to:

Grade 2	Associate's plus 900 contact hours
Grade 3	Bachelor's plus 450 contact hours
Grade 4	Bachelor's plus 900 contact hours. Master's plus 450 contact hours.
Grade 5	Special permission of president. ⁴

³ Equivalency will be determined by the appropriate body.

⁴ Equivalence can be approved by the president for a master's degree plus approved occupational contact hours or academic credits.

b. On-the-Job Work Experience

On-the-Job work experience with pay will be 1:75. For every 75 hours of internship, one unit of credit will be awarded. Faculty entering into such experience must follow the same requirements and program as established by the college with students within the college's cooperative education program. All hours of On-the-Job Work experience must be certified by an outside agency/employer.

c. Internships

1. On-the-job work experience without pay will be 1:75. For every 75 hours of internship, one unit of credit will be awarded. All hours of internship experience must be certified by the outside agency/employer. The internship experience for the faculty member must follow the same standards and requirements established for the On-the-Job Work Experience Program.

2. Movement from one grade to another beyond grade two must be accomplished in blocks of 2250 or 4500 contact hours as appropriate. Movement to:

Grade 2	Associate's plus 4500 contact hours.
Grade 3	Bachelor's plus 2250 contact hours.
Grade 4	Bachelor's plus 4500 contact hours. Master's plus 2250 contact hours.
Grade 5	Special permission of president.

D. APPEALS PROCESS

In the event the faculty member's application for professional advancement is denied, the decision can be appealed. The appeal will be submitted to the faculty senate chair, who will forward the appeal to the appropriate committee. The committee will review and recommend to the faculty senate chair its approval or non-approval of the appeal. The faculty senate chair will carry the committee recommendation to the appropriate vice president/dean. If the appeal is denied by the vice president/dean, college grievance procedures can be utilized.
(B/R 3/02; Added 6/05, 3/13, 12/16)

Section 5. Merit Procedures for Community College Faculty at the Top of Their Salary Range (formerly CM 96-2)

All faculty should be eligible for consideration for legislatively approved increases in salary earned through meritorious performance. Consideration should be based upon performance evaluation. An addition to the Board of Regents policy governing community college faculty salary schedule implementation was approved by the Board of Regents November 14-15, 1996. The policy allows for merit consideration for faculty who are at the top of their salary range.

The processes in support of the Board's policy are listed below:

- Performance evaluation should demonstrate exceptional, not merely satisfactory, performance for the period in question; and

- Identification of recipients should be highly selective, but it should not be based upon a quota (proportion of eligible recipients), nor should recipients be rotated among those eligible;
 - The pool of funds from which these awards will be made is generated by the eligible faculty at the top of the ranges; making these awards cannot adversely affect the total of merit awards made to other faculty;
 - The criteria for selection and process for implementation will be developed on each campus by the president in consultation with the campus faculty senate;
 - The process will be directed and administered by the campus president;
 - The president will be responsible for reporting annually to the chancellor the merit increases in salary awarded to faculty at or above the salary plan ranges.
- (Added 6/05; A. 3/13)

- d. Faculty may teach nine credits in Summer school. Additional credits may be taught under extenuating circumstances when recommended by the department chair and with the approval of the dean and the vice president of academic affairs and student services. Base Formula:

Annual entry-level University Instructor salary divided by 2
 X Percent of semester salary based on 16-unit workload (6.25)
 = Per credit target

Letter of appointment instructors, temporary part-time faculty, residents, and graduate assistants shall not be subject to this furlough requirement. Unpaid leave required by this section is final and not subject to appeal, grievance or reconsideration. The Board shall protect base compensation and benefits for this salary reduction for professional employees. Faculty funded at least 90 percent through external grants and contracts may be excluded from this unpaid leave requirement for the period that such external support continues in FY 2014 and FY 2015, if the resulting salary increase can be paid for by the faculty member's external grants and contracts.
2. Exemptions. Multi-year contracts shall be exempt from the provisions of Subsection 1 if the Chancellor's Office determines there will be an impairment of the contract by implementing the unpaid leave requirement. In addition, the clinical component of University of Nevada School of Medicine salaries shall likewise be exempt from Subsection 1 (and any corresponding salary reduction) due to impairment of contracts with the practice plans.
3. Notice. This section, as approved by the Board, shall constitute constructive notice to all faculty and no individual notice to any faculty member shall be required hereunder to implement the foregoing.

PROCEDURES AND GUIDELINES MANUAL**

CHAPTER 4

GENERAL GUIDELINES AND PROCEDURES

Section 1. AIDS Guidelines

1. The Nevada System of Higher Education (NSHE), in order to address the personal, administrative, medical, and legal problems associated with the Acquired Immune Deficiency Syndrome (AIDS), has established the following guidelines. These are intended to provide direction for our institutions when dealing with the disease of AIDS and AIDS-related issues.
2. The primary response of Nevada System of Higher Education institutions to AIDS should be increasing awareness and education - for students, employees, faculty, and others. Effective education based upon the best currently available information will aid in preventing the spread of the disease.
3. Individuals will not be required to undergo screening for AIDS as a condition of enrollment, employment, or financial services. Faculty, students, and staff who are diagnosed as having AIDS, AIDS-related complex, or a positive antibody test and who are otherwise qualified should be afforded normal classroom attendance, working conditions, student housing, benefits, and participation in curricular and extracurricular activities in an unrestricted manner, as long as they are physically and psychologically able to do so. Decisions regarding such individuals will be made on a case-by-case basis, taking into account the individual's behavior and physical condition.
4. The American College Health Association prepares guidelines on aids-related issues. It is suggested NSHE institutions refer to this report for guidance in addressing local needs.
5. It is also recommended that the Center for Disease Control guidelines be used to insure safety of students, staff, and faculty handling human blood, blood products, and other body secretions.
6. Each NSHE institution will establish procedures to respond to AIDS-related concerns, as well as to public inquiries.
7. The institution guidelines will be revised as necessary, in response to the release of new scientific information.

(B/R 6/88; Added 6/05)

Section 2. System Office and Campus Closures (formerly CM 05-01)

This is intended to clarify procedures for system and campus closures for any adverse event including weather.

1. The chancellor, or designee, has sole authority to close the entire NSHE or any part of the system for unforeseen events which may include but are not limited to extreme weather conditions, natural disasters, or other emergencies. In the event the governor closes all or any part of the state offices, the chancellor will be notified and will similarly declare NSHE properties closed, as appropriate. When the NSHE or any part of the system is closed, employees at the affected location(s) are granted administrative leave. No other person has authority to close offices or grant administrative leave.
2. The president, or designee, of each campus has the authority to close the campus for unforeseen events (as defined above). The president, or designee, must report such closure to the chancellor and receive acknowledgement, if possible, prior to the closure, unless there is an emergency status that requires immediate action. In the event of a campus closure, employees at the affected institution or location will be granted administrative leave. No other person has the authority to close offices or grant administrative leave.
3. When campuses or offices are open, employees desiring not to report to work due to extreme weather conditions or natural disasters must request and receive approval of annual leave.
4. Employees on previously approved leave during a closure do not get administrative leave credit.

(Added 6/05)

Section 3. Coordination of Information Request from Executive and Legislative Branches

The Nevada System of Higher Education is committed to providing accurate and timely information regarding public postsecondary education matters to State agencies and the public. To maintain this commitment, all NSHE institutions shall coordinate for submission through the System Office any request for information that is communicated to or transmitted to or from the Executive and Legislative Branches of Government, whether initiated by the institution or the government entity, including but not limited to, requests from or to individual legislators or the Governor, standing committees of the State Legislature, the Legislative Counsel Bureau, and the Budget Division within the Department of Administration.

(Added 6/05; A. 9/12)

Section 4. Limit on Teaching for Graduate Teaching Assistants

Pursuant to Board policy, Title 4, Chapter 5, graduate teaching assistants may teach no more than two courses per semester subject to the following guidelines:

1. First year graduate assistants without prior teaching experience are to be assigned tasks to assist a professor; that is, grading papers, proctoring examinations, serving as laboratory assistants, leading discussion groups of a subdivided class.
2. First year graduate assistants will be expected to complete, during their first year, a special teaching methods course if they are to teach during their second year. First year graduate assistants may also teach under the supervision of a professor or director while concurrently taking a teaching methods course.
3. Second and third year graduate assistants, after evaluation by their departments, are to be allowed to teach courses following the prescribed course syllabus, in conformity with standards adopted by the department, and at a level determined by the department as appropriate for each individual.

(B/R 3/71, 6/85, 8/86; Added 6/05)

Section 5. Moving Expenses for Presidents (formerly CM 95-2)

New permanent appointees to the position of president of a NSHE institution may be reimbursed from institutional funds for the following expenses:

- Relocation travel: For the employee and immediate dependent family members.
- Moving household goods: Reasonable moving expenses for household goods that conform to State of Nevada guidelines and limits. Approval for moving expenses must be obtained from the chancellor prior to incurring any such expense.
- Office and Professional Materials: Where such materials are deemed essential to the successful performance of the president as an administrator and/or as an academic faculty member, it is appropriate to be reimbursed for reasonable relocation expenses for office and professional material. Non-state appropriated funds must be used for this item. The extent and composition of allowable materials is subject to the approval of the chancellor.

In the event that moving expenses exceed State of Nevada guidelines, such excess will be submitted to the chancellor for review and approval at the chancellor's discretion. Non-state appropriated funds must be used for any excess.

Should appointee leave employment voluntarily within the first 12 months, these moving and relocation expenses shall be repaid in full.

(Added 6/05)

Section 6. No Smoking Law (formerly CM 95-3)

Policy and State Law

Nevada Revised Statutes 202.2491 prohibits the smoking of tobacco in any public building, except within a separate room or area of the building. The person in control of a public building is required to designate a separate room or area in which smoking is permitted and is further required to post “no smoking” signs in the building.

NSHE System General Counsel interprets this statute as permitting a person in control of a public building to designate only one room or area in a public building for smoking. The term “building” means any building owned by the Nevada System of Higher Education. It would obviously be inappropriate for any System employee to experience any employment retaliation for complaining about smoking in prohibited areas or for taking action to enforce the state law.

Penalties:

Nevada Revised Statutes 202.2492 provides that any person who violates NRS 202.2491 is guilty of a misdemeanor.

The posting of “no smoking” signs and the designation of a separate room or area in a public building for smoking, done pursuant to this law, constitute an order to employees not to smoke tobacco in a public building except in such a designated room or area. Violation of such an order would constitute insubordination, which conduct would authorize disciplinary action to be taken against classified employees under *Nevada Administrative Code* § 284.650 (6) and against professional employees under Section 6.2.1 (d) of the NSHE Code. Section 6.2.2 (m) of the NSHE Code also authorizes disciplinary action against professional employees who violate state law on System premises.

Implementation:

Please take the necessary steps to implement and inform your employees about this policy.
(Added 6/05)

Section 7. Council of Professional Police Standards (formerly CM 03-02)

The Nevada System of Higher Education requires NSHE institutions that have a police department to establish a system to review allegations of misconduct made against police department officers and employees. At present, the University of Nevada, Reno, the University of Nevada, Las Vegas, College of Southern Nevada and Truckee Meadows Community College are the only NSHE institutions that have a police department. The guidelines for establishing an institutional Council of Professional Police Standards are outlined in this procedure.

I. Name of the Council

If, during the course of a calendar year, there are no allegations of misconduct reported, the council will convene no later than the last day of the spring semester to review *all* complaints received by each respective department.

(Added 6/05; A 10/08)

Section 8. System Expectations for Inter-Institutional Relationships (formerly CM 96-01)

Establishment and maintenance of proper codes of behavior for the conduct of inter-institutional relationship are the responsibility of the chancellor.

2. Resolution of Perceived Inequities

Perceptions of inequity in funding or other treatment, whether by region of the State or by type of institution, shall be referred to the chancellor for analysis, explication and, if necessary, resolution. Such allegations should be supported by appropriate data, documentation and argument.

(Added 6/05)

Section 9. Computing Resources Procedures and Guidelines

Title 4, Chapter 1 of the Board of Regents' Handbook directs the Chancellor to establish procedures and guidelines governing computing resources, including but not limited to, circumstances in which access to a user's email may be accessed when the user is absent without notice or leaves the employment of NSHE or in emergency situations.

1. The definitions set forth in Title 4, Chapter 1, Section 22 apply to this section. In addition:
 - a. "IT" means an NSHE institution's Information Technology unit/department and NSHE Computing Services.
 - b. For purposes of this section, "department/unit" means a department or unit at an institution and "Unit" as defined under Title 4, Chapter 1, Section 22 includes the combined administrative unit consisting of the Chancellor's Office and the NSHE Computing Services.
 - c. "President" means the chief executive officer of a member institution, and the term shall also include the Chancellor where the context of this policy requires with respect to the Unit or the special units.
2. When a user leaves the employ of NSHE, the content of any emails or files remaining on NSHE owned equipment or networks, including but not limited to the user's NSHE computer, may be reviewed as reasonably necessary, as determined by the President or his or her designee(s).
3. In the event a user is absent from work for more than 3 working days without notice, and the supervisor/department chair attempted to contact the user without success, upon the written request of the department/unit, IT may establish an automatic reply on the user's NSHE email account, informing senders that emails should be directed to another employee or office in the department/unit.
4. In the event a user is absent from work for more than 5 working days without notice, the supervisor/department chair attempted to contact the user without success, it is reasonably necessary to access the user's email and/or computer files to conduct the regular business of the department/unit, and the institution or Unit is unable to obtain written or electronic authorization from the user to access the user's email and/or computer files due to the user's health condition, including but not limited to prolonged injury or disability or death, or other circumstances then, upon the written request of the department/unit, the President or his or her designee(s) may, upon a showing of

reasonable need and in the absence of reasonable alternatives as determined by the President or his or her designee(s), authorize IT, in writing, to examine the content of the user's emails and/or computer files solely for the purpose of addressing the department/unit's need to conduct regular business. Upon such written authorization, IT shall retrieve the emails and/or computer files reasonably believed to be necessary for the department/unit to conduct its regular business and provide them to the head administrator of the department/unit. Examination of emails and/or files shall be limited to the matter necessary to conduct the regular business of the department/unit.

5. In the event that an institution or the Chancellor's Office receives a public records request, valid subpoena, or a court order, the institution Office of the General Counsel (General Counsel) or the System General Counsel may request that IT preserve a user's email and/or computer files for review by the General Counsel or System General Counsel and production of email and/or files as required by law. In the event that the General Counsel or System General Counsel determines that production is required by law, the General Counsel or System General Counsel shall provide the user an electronic or hard copy of the production, unless prohibited by law from so doing.
 6. In the event that during the course of litigation in which NSHE or a NSHE employee or official volunteer is a party, the institution Office of General Counsel (General Counsel) or the System General Counsel determines that it is reasonably necessary, in order to comply with state or federal law or court rule, to preserve a user's email or computer files for the purposes of review and production, the General Counsel or System General Counsel may request that IT preserve a user's NSHE email and/or computer files for review by the General Counsel or System General Counsel and production of email and/or files as required by law or court rule. In the event that the General Counsel or the System General Counsel determines that production is required by law or court rule, the General Counsel or the System General Counsel shall provide the user an electronic or hard copy of the production, unless prohibited by law or subpoena from so doing.
 7. If in the event of exigent circumstances as reasonably determined by the President or his or her designee(s), it is necessary for the protection of life, limb, or property or for the maintenance of order to examine the content of emails or computer files of a user, the President or his or her designee(s) may authorize IT to examine and retrieve emails and/or computer files solely for the purpose of protecting life, limb, or property or for the maintenance of order, and provide them to the President or his or her designee(s). Examination of emails and/or files shall be limited to the matter necessary for the protection of life, limb, or property or for the maintenance of order.
 8. If, in order to comply with federal or state law or an executive order concerning national security, it is necessary to access a user's emails and/or computer files as determined by the President or his or her designee(s), the President or his or her designee(s) may authorize IT to examine and retrieve emails and/or computer files solely to comply with the federal or state law or executive order. Examination of emails and/or files shall be limited to the matter necessary to comply with the federal or state law or executive order.

Section 10. HIPAA Guidelines

The purpose of this section is to outline the basics of HIPAA. It may be useful to information technology, accounting, payroll, human resources and auditing staff who are not regularly involved in handling health care records. For more detailed information, you may contact one of the HIPAA Privacy Officers for UNR, UNLV or CSN, or the vice chancellor for Legal Affairs Office of the NSHE.

What is HIPAA?

The Health Insurance Portability and Accountability Act (HIPAA) was enacted by Congress on 21 August 1996 to combat waste, fraud and abuse, improve portability of health insurance coverage, and simplify health care administration. HIPAA is intended to promote efficient electronic transmission of health information, enhance patient rights, and provide standards to protect the privacy and security of health information. There are two primary rules at issue. The Privacy Rule protects individually identifiable health information in all forms – verbal, written or electronic. The Security Rule concerns only individually identifiable health information that is maintained, transmitted or received in electronic form.

Who is covered?

The institutions within NSHE are not primarily health care providers. We are called a Hybrid Covered Entity under HIPAA, which means that we are allowed to designate which parts of NSHE are covered. Those entities and programs that are covered are free to share health care information with each other for legitimate purposes. Those entities or programs that are not covered may not receive or obtain access to identifiable health information unless authorized by the patient. As an example, most of the University of Nevada, Reno School of Medicine and UNLV School of Medicine are covered; their Human Resources Departments are not. It would not be appropriate for the University of Nevada, Reno School of Medicine and UNLV School of Medicine to share a clinical record of an employee/patient with Human Resources unless the patient authorizes the disclosure. The chancellor of NSHE has designated the covered programs and departments. This may be changed from time to time. Any program or department that is not covered is not required to follow any aspect of the Privacy or Security Rules.

Who must be covered?

Any program or department that provides a health related service and engages in certain electronic transactions related to payment must be covered. Those programs and departments that provide health related services, but do not engage in any of the specified electronic transactions may choose to be covered as it may assist them in interacting with patients and other providers in the health care industry. The specified electronic transactions include: health care claims, health care payment and remittance advice, coordination of benefits, health care claim status, enrollment and disenrollment in a health plan, eligibility for a health plan, health-plan premium payments, and referral certification and authorization.

Individually Identifiable Health Information

HIPAA protects only certain information that may identify a patient. This includes demographic information such as name, address, phone number, age over 70, dates of service and account numbers of all types (social security, date of birth, drivers license, etc.), as well as treatment and billing records.

Basic Privacy Rule Requirements

The Privacy Rule requires:

- Provision of information to patients about their privacy rights and how their information can be used;
- Adoption of clear privacy procedures;
- Training of employees so they understand the privacy procedures;
- Designating an individual to be responsible for ensuring that the privacy procedures are adopted and followed;
- Securing patient records containing individually identifiable health information so they are not readily available to those who do not need them.

Privacy Rule Limitations on Use

In general, treating professionals are allowed to freely exchange patient information as necessary for treatment without the necessity of obtaining patient authorization. In addition, a health care provider may use and submit information to obtain payment (but not for insurance underwriting), and for internal operations purposes (such as a peer review committee), without patient authorization. If outside non-treating vendors will require access to patient health information in order to perform a service for a covered program (e.g. computer technician, copy service, record storage company, etc.), patient authorization is required unless a business associate agreement is in place. Apart from certain disclosures that may be required in response to subpoenas and other law enforcement measures, any other disclosure outside the covered department requires written patient approval.

Privacy Rule Patient Rights

Patients are required to be informed of their rights under HIPAA, which include rights related to access to records, correction of records, and accounting for disclosures. There must be a mechanism in place to receive complaints. Civil and criminal penalties are in place for violations of the law. For example, improperly providing patient data for material gain could result in a criminal violation.

Security Rule Applicability

The Security Rule applies to all covered programs that receive, transmit or store health care records electronically.

Basic Security Rule Provisions

Administrative Procedures

Policies and procedures must be implemented and documented in each of these eight areas:

- Training programs in security management and process issues;
- Formal protocols for controlling access to data;
- Internal audit procedures;
- Contingency plan to ensure continuity and preservation of data in an emergency;

- Security features for initial clearance of all personnel who have access to health information along with ongoing supervision, training and monitoring;
- Security configuration management procedures such as virus checking, hardware and software systems review, and documentation;
- Specific procedures when personnel terminate employment;
- Security management structure that maintains continual risk assessment and sanction policies and procedures.

Physical Safeguards

Data and data systems must be physically protected from intrusion and environmental hazards with specific attention to the following:

- Designation of a specific person for responsibility of security;
- Controlling access to and altering of computer hardware;
- Implementation of work station security activities;
- Development of disaster/intrusion response and recovery plans;
- Maintenance of security records;
- Implementation of identity verification procedures to physically access sites.

Technical Security Services

Software control and procedures regarding stored data include these requirements:

- Providing for internal audits and controls within data systems;
- Controlling access by users through authentication;
- Ensuring that stored data is neither altered nor inappropriately accessed/processed;
- Allowing data access during crises.

Technical Security Mechanisms

These requirements relate to accessed data and the transmission of stored data, to ensure that data cannot easily be accessed, intercepted or interpreted by unauthorized third parties. (Added 6/05; A. 3/18)

(Added 6/05; A. 4/15, 9/16, 3/18)

Section 12. Internal Procedures for Telephone Charges

Telephone Use:

Sound internal control procedures require that each institution be responsible for creating policies that provide adequate review of its telephone charges on a monthly basis. The telephone charges should be filed either at the department level or with accounts payable for at least three years. Charging personal toll calls to institutional funds is strictly prohibited.

Where assigned, access codes or pin numbers should not be shared. These codes should always be cancelled when an employee terminates his/her employment.

Cell Phone Use:

Employee Owned Cell Phone Used For Business Purposes: The System will reimburse employees for the cost of all Institution business calls placed from their personal cellular telephone. The Institution will not reimburse any portion of the monthly service charges associated with personal cellular telephones nor will the Institution accept any fiscal or legal liability for a personal cellular telephone used for business. Institutions may develop policies limiting or prohibiting employees from making business calls on personal cellular telephones.

Institution Owned Cell Phone Used For Personal Purposes: Employees are discouraged from making or receiving personal telephone calls or cellular phone text messages using institutional resources. NSHE does recognize that under certain circumstances, however, an employee will need to make or receive a telephone call or text message from an institutional phone (including institutional long distance charges and institutional cellular phones and/or other wireless devices) of a personal nature. When those personal telephone calls or cellular text messages incur an additional charge to the institution, it is the employees' responsibility to reimburse the institution for that charge promptly. In addition, when personal calls or cellular text messages are made and/or received on institutional cellular phones, the employee is responsible for reimbursement of the prorated share of the charges for personal use of the cellular or wireless devices. In addition, the employee must reimburse any purchase of specialized ring tones, video games, or software programs on institutional or corporate liable cellular phones to the institution.

Cell Phone Allowance Program: For institutions that adopt a cell phone allowance program, those employees who have a documented business need for a cellular telephone may receive an allowance for the devices and the monthly services. The intent of this policy is to be at least revenue neutral, meaning that it is anticipated that the cost of necessary cell phone service will be no more than the amounts being paid currently, but the policy change will improve efficiency by minimizing the time in processing cell phone bills. This policy is also not intended to expand the number of cell phone users/allowances.

(Added 6/05; A. 11/05, 3/13)

Section 13. Annual and Sick Leave Record Keeping Guidelines

Per Title 4, Chapter 3 of the *Board of Regents Handbook* each appointing authority must keep accurate and complete records of earned and used leave for each NSHE employee. Such records will be kept as designated by the appropriate Human Resource office. Leave records are subject to examination by those persons in the employee's chain of command, by Human Resource officials, and by internal or external auditors.

Insofar as possible, all leave must be requested and approved in advance by the supervisor or other appropriate administrative officer according to the policies for each type of leave as contained Title 4, Chapter 3 of the Handbook. The approval and recording of unanticipated leave must occur immediately after use of the leave.

Sick Leave: Full-time professional staff members on an "A" or "B" contract shall be granted sick leave as required, up to 30 working days at full salary, available at any time during the initial 12 months of service. Part-time professional staff members on an "A" or "B" contract shall be granted a pro rata amount as appropriate.

Beginning one year after the starting date of his or her initial contract, each full-time staff member will begin to accrue additional sick leave at the rate of two days for each full month of paid service, to be added to any remaining balance of unused sick leave from the first 12 months of service. Sick Leave may be cumulative from year to year, not to exceed 96 days as of the first day of each fiscal year, and any sick leave in excess of 96 days is forfeited on that date. Part-time staff members will earn a pro rata amount of sick leave for each calendar month worked.

Paid sick leave shall not be granted in excess of sick leave earned except as provided in the extended salary sick leave policy as outlined in Title 4, Chapter 3 of the *Handbook*. The employee shall not be paid for any unused sick leave upon termination of employment.

Annual Leave: All professional staff members on a full-time 12-month appointment ("A" contract) earn annual leave at the rate of two working days for each full calendar month of service. Prorated credit shall be earned for partial months of service. Professional staff members on a part-time 12-month appointment earn pro rata annual leave credit.

Annual leave may be cumulative from year to year, not to exceed 48 days as of the first day of each fiscal year, and any annual leave in excess of 48 days is forfeited on that date. No compensation will be authorized for unused or excess leave at the end of each fiscal year. Earned annual leave shall be taken at a time approved or directed by the supervisor or other appropriate administrative officer. Insofar as possible, approval to use annual leave must be secured in advance, in accordance with the provisions contained in Title 4, Chapter 3 of the *Handbook*.

Employees shall be given an opportunity to use accumulated annual leave in excess of 48 working days prior to the last day of the fiscal year provided a request for leave is given by the employee no later than April 1 to the supervisor or other appropriate administrative officer.

Professional staff on an “A” contract appointment who resign or retire shall be entitled to be paid for unused accumulated annual leave up to the maximum of 48 days, unless the supervisor or other appropriate administrative officer directs the employee, in writing, to use all or a portion of the accumulated leave prior to the final date of employment.
(Added 6/05; A. 12/05)

Section 14. Phase-in Retirement Program

This program allows faculty and professional staff to phase-in their retirement (generally between a .50 and .75 FTE course load or work assignment) over an agreed-upon period of time, not to exceed five years. During the phase-in, the institution and employee will continue contributing to their retirement plan as if they were employed 100percent FTE.

The phase-in process is governed by a formal contract between the employee and the NSHE. The basic provisions of the program are outlined below. If you have further questions about the phased-in retirement program, please contact the Human Resources Office on your campus.

Eligibility

The employee must have attained the age of 65 and completed at least five years of service with the institution at the expiration of the term of the agreement;

OR

have attained the age of 60 and completed at least 10 years of service with the institution at the expiration of the term of the agreement;

OR

at any age have completed 30 or more years of service with the institution at the expiration of the term of the agreement.

Process

- The employee requests an application form from the institution’s Human Resource office.
- The employee completes the application and forwards it through the chain of command for signatures from the employee’s chairperson, dean, provost/vice president, and president.
- The completed and signed form is sent to the campus Human Resources office, which officially determines eligibility.
- Human Resources notifies the employee of the status of their application.
- If the application is approved, the Human Resources office types the formal agreement and sends the agreement through the chain of command for signatures.
- No contract exists until such time as the agreement has been fully executed by the president of the institution.
- Any changes to the agreement, once executed, must be endorsed by the president and approved by the NSHE Chancellor.

Enrollment Period and Application Deadline

- Completed applications for consideration of phased-in retirement will be due on February 1 of each year for the following Fall semester. The form must contain all required signatures by that date.

(Added 6/05; A. 12/05)

Section 15. Conference/Training Policy

All System professional staff are eligible to request attendance annually for one out-of-state conference/meeting, to be paid for by the System that is applicable to their job duties and is approved by their supervisor. Any exceptions to this policy must be approved by the chancellor. (Added 7/06)

Section 16. System Administration Cellular Phone, Personal Digital Assistant (PDA), and Data Plan Guidelines

1. The NSHE System Administration Office, including its units, shall not purchase cellular phones or Personal Digital Assistants (PDA) or enter into monthly cellular phone, PDA or data plan contracts, except as provided in this section.
2. Allowance for Cellular Phone, PDA or Data Plan
 - a. Employees who have a documented business need for a cellular phone or PDA may receive an allowance for a portion of the monthly services as provided in this section.
 - b. Employees who have a documented business need for a data plan for Internet access for a tablet, laptop or similar device may receive a allowance for the data plan as provided in this section.
 - c. An employee may not receive more than one allowance as provided in this section unless the employee's direct supervisor determines there is a documented business need for a cellular phone/PDA allowance and a data plan allowance.
 - d. An employee cannot request an allowance greater than the cost of the plan. The employee may be asked for documentation showing he or she is not being reimbursed over the cost of the plan.
3. Procedure. All employees with a regular business-related need for a cellular phone, PDA, or data plan allowance must complete the "Cellular Phone / PDA / Data Plan Allowance Request Form." This form must be approved by the employee's direct supervisor as well as by the appropriate vice chancellor.

- a. Once completed, the original, signed form should be sent to the vice chancellor of Finance to be processed through the appropriate controller/payroll unit. Once received and processed, a monthly allowance will be added to the employee's paycheck each month. This allowance amount will be charged to the appropriate departmental operating budget as indicated on the request form.
 - b. Neither the employee's purchasing card nor the departmental purchasing card may be used to pay for cellular phones/PDA devices or the monthly charges unless an exception is granted to issue an NSHE phone.
 - c. The stipend will terminate effective with the employee's last day of employment, regardless of the employee's cell-phone contract length.
4. Amount of the Cellular/PDA Service Allowance. The amount of the monthly allowance represents a sharing of the cost of a typical contract necessary to meet business related needs for voice and data services for a cellular phone or PDA. The System offers a monthly allowance for voice and data plans for cellular and PDA service based on usage level. An average usage level is based on the expectation that approximately 25 percent or more of the monthly minutes and data used are work related. A high usage level is based on the expectation that 50percent or more of the monthly minutes and data usage are work related. No extra allowance will be provided for text message services.

Usage Level	Voice and Data Allowance for Cellular or PDA Service
Average Usage	\$50 per month
High Usage	\$75 per month

- a. This allowance does not represent an increase in base pay.
 - b. The allowance will continue until the Chief Financial Officer's Office is notified in writing either by the employee or the supervisor that the allowance is to cease.
 - c. The Chief Financial Officer will maintain a list of employees who receive this stipend and will provide this list to the responsible vice chancellors for a review on an annual basis. A yearly review of the need for a cellular phone or PDA or data plan will be conducted by the appropriate vice chancellor.
 - d. No additional reimbursement will be provided to those receiving a monthly allowance even if the monthly charges to the employee exceed the allowance amount. When contracting for services, the employee should inquire as to the availability of any discounts that may be available to NSHE employees.
5. Amount of the Data Plan Allowance for Internet Access. The amount of the data plan allowance for Internet access for a device such as a tablet or laptop is based on the amount of data usage for the device. This allowance does not cover any costs related to the use of a System-issued laptop for the purpose of checking email messages after hours or out of the office.

Data	Data Plan Allowance
6 GB	\$20 per month
12 GB	\$45 per month

6. Equipment Allowance Prohibited. No allowance will be made towards the purchase of personally owned cellular, PDA, tablet, or laptop equipment. Likewise, System funds may not be used to pay for accessories or applications/ software without prior written authorization.

7. Policy Regarding Use of a Personal Cellular Phone, PDA or Other Device. Because the cellular phone, PDA, tablet, laptop or similar device for which a monthly allowance is approved is owned by the employee, the device may be used by the employee for both personal and business-related purposes. The employee may also use the allowance as he or she sees fit in order to obtain cellular or PDA service or a data plan, and may freely use it to purchase an individual cellular plan, a so-called “family” plan, or data sharing plan.
 - a. All contracts for service or a data plan must be taken out in the name of the employee receiving the allowance and may not be taken out in the name of NSHE.
 - b. As a condition of receiving the allowance, the employee understands and agrees that the employee may be contacted through his or her personal cell phone number for work-related matters as reasonably necessary during regular or after business hours. Special rules may apply to contacting hourly employees for substantive work issues after hours.
 - c. As a condition of receiving the allowance, the employee understands and agrees to maintain an active cellular phone, PDA or data plan, as applicable, as long as an approved allowance is in place.
 - d. Federal law may allow an employee to deduct the business-related portion of the bill for cellular phone/PDA service or for a data plan on the employee’s federal income tax return. If applicable, the employee is responsible for any required documentation.

8. Support for Cellular Phones, PDAs, and Data Plans. All support for cellular phones, PDAs, and data plans is provided by the cellular or mobile service company chosen by the employee. System Computing Services (SCS) cannot offer any support for individually owned cellular phones, PDAs, tablets, laptops, or similar devices. However, SCS will provide support for NSHE provided software that is used on those devices to synchronize them with NSHE email accounts, calendars or other NSHE systems and services if available for the particular device and if reasonable security protocols can be established. If an employee intends to try to link a personal device to NSHE systems and services, the employee should contact SCS before purchasing a particular device in order to ascertain the extent to which such linkage is feasible.

9. Changes to Service Contracts. NSHE reserves the right to change or terminate this policy regarding allowances for cellular phone or PDA service or data plans at any time. Individuals eligible for receipt of an allowance should understand that they are personally liable for monthly charges or termination fees, regardless of employment status or any change in this reimbursement policy.

10. Special Procedures for NSHE owned cellular phones and PDAs. In some situations, it may be necessary or advantageous for NSHE to own and pay the monthly service charges for cellular phones or PDAs. The purchase and use of such devices must be approved in advance by the supervisor and appropriate vice chancellor. In those cases where NSHE directly pays for the cellular voice or PDA contract, the cellular phone or PDA may not be used for personal purposes, and the monthly bills may be audited for such personal use. Violation of this policy may result in disciplinary action. NSHE-owned cell phone records are subject to public records review and disclosure, with limited exceptions, as provided under Nevada law.

(Added 3/13)

Section 18. Fees for Public Records

A. POSTING; DESIGNATION OF RECORDS OFFICIALS; ADOPTION OF INSTITUTION POLICIES

This policy must be posted in a conspicuous place at the NSHE System Administration offices (Reno and Las Vegas) and at the office of the president of each NSHE institution. Each institution and the Chancellor's office shall post the policy on its website. The president of each institution and the Chancellor shall designate one or more employees to act as records officials. (NRS 239.008). Each institution may establish its own policy in compliance with NRS Chapter 239, to be followed in lieu of this policy, subject to the prior review of institution general counsel and approval of the president.

B. PROCEDURE AND FEES

The following fees are to be charged by all NSHE institutions or units in responding to all requests for copies of public books or records pursuant to NRS Chapter 239 (Nevada Public Records Act). The fees set forth in this schedule are solely applicable to public records requests. Requests for copies of public books or records may be oral or in writing. NOTE: The Nevada Public Records Act does not require the creation of documents or customized reports in response to requests for information.

1. Fees for Copies of Public Records on Letter Size or Legal Size Paper (NRS 239.052). Ten cents (\$.10) per page after the first twenty (20) pages will be charged for a copy of a public book or record on standard letter size or legal size paper. Additional fees may be charged for oversized, difficult to copy or color records, or for the cost of a DVD/CD on which the record is provided. The requester must be informed of any such additional charges before the copies are made and such charges must not exceed the actual cost of providing the copies. The per page copy fees are separate and in addition to any fee to be charged for extraordinary use of personnel or technology.
2. Fees for Requests Requiring Extraordinary Use of Personnel or Technology (NRS 239.055). If extraordinary use of personnel or technological resources is required to comply with a public books or records request, the requester must be charged a reasonable fee, not to exceed fifty (50) cents per page, for the extraordinary use of personnel or technological resources.

- a. Extraordinary Use of Personnel. Extraordinary use of personnel means time in excess of two (2) hours per employee reasonably and necessarily required to provide cost estimates, locate, format, retrieve, compile, review of confidentiality, research, redact, copy requested documents, provide required notices, or other work related to responding to the request. The rate charged must be reasonable, based on the actual cost incurred and must not exceed fifty (50) cents per page. The estimate of the cost shall take into consideration, but not necessarily be limited to, the gross hourly wages of each of the staff member(s) reasonably available and qualified to respond to the request. The time must be the actual time required to respond to the request. The extraordinary use of personnel fee must not include the first two (2) hours of each employee's time.
 - b. Extraordinary Use of Technological Resources. Should extraordinary use of technology be required to comply with a public books or records request, the requester must be charged the actual cost for the use of the technology, exclusive of overhead, and not to exceed fifty (50) cents per page.
3. Prior Notice of Extraordinary Fees (NRS 239.055). Prior to preparing information which requires extraordinary use of personnel or technology, the employee who is responding to the request must prepare an estimate of the time required to comply and must inform the requester of the anticipated charge based upon those estimates. The estimated fee must be collected before the work begins to prepare the requested copy of the public record. If the requester objects to the prior payment of all or part of the estimate, counsel should be consulted. NSHE will not charge an additional fee as provided herein if subsequent requests for the same documents do not require the extraordinary use of NSHE personnel or technological resources to fulfill the additional or subsequent requests. If the actual cost is less than the estimate, the balance must be returned to the requester.
4. Fees for Copies of Public Records in Other Media (NRS 239.010(4)). A person may request a copy of a public record in any medium in which the public record is readily available. An officer, employee or agent of a governmental entity who has custody of a public record must not refuse to provide a copy of that public record in a readily available medium because the officer, employee or agent has already prepared or would prefer to provide the copy in a different medium. In the event a request is made for a public record maintained in a readily available medium other than letter size or legal size paper or the readily available medium of the public record cannot be accurately reproduced on a standard copier to letter size or legal size paper, the requester must be charged the actual cost for reproducing the record.
5. Fees for Records from Geographic Information Systems (NRS 239.054). A fee for public information maintained and retrieved from a geographic information system may include the reasonable costs related to:
 - a. The gathering and entry of data into the system;
 - b. Maintenance and updating of the database of the system;
 - c. Hardware;
 - d. Software;

- e. Quality Control;
- f. Consultation with personnel of the governmental entity.

Prior to retrieving the record from the geographic information system, the processing employee must obtain estimates of the costs required to comply and must inform the requester of the estimated fee. The estimated fee must be collected before the work begins to prepare the requested copy of the public record. If the actual cost is less than the estimate, the balance must be returned to the requester.

- 6. Additional Fee for Copy of Transcript of Administrative Proceeding (NRS 239.053). If the public records request is for a copy of a transcript by a certified court reporter of an administrative proceeding, in addition to the actual cost of the medium in which the copy of a transcript is provided, the requester must be charged the per page fee set forth in the contract with the court reporter.
- 7. Public Meetings; Providing Copies of Agenda and Supporting Material (NRS 241.020(5) & (6)). Upon any request, a public body must provide at no charge at least one copy of:
 - a. An agenda for a public meeting;
 - b. A proposed ordinance or regulation which will be discussed at the public meeting; and
 - c. Any other supporting material provided to the members of the body except materials:
 - i. Submitted to the public body pursuant to a nondisclosure or confidentiality agreement;
 - ii. Pertaining to the closed portion of such a meeting of the public body; or
 - iii. Declared confidential by law or by application of appropriate legal standards.

If the requester has agreed to receive the information and material set forth above subsection 5 by electronic mail, the processing employee must, if feasible, provide the information and material by electronic mail.

- 8. Certification of Public Records (NRS 239.030). Upon request, each NSHE department having custody of a public record must certify that the copies provided are true and correct copies of the records on file in the office as of the date provided. NRS 240.100 authorizes notary fees of \$2.50 for certification of copies. No additional fee for certification will be required, unless otherwise established in state or federal law.

(Added 6/14)

Section 19. Affordable Care Act Compliance Policy

Purpose: To comply with the employer shared responsibility requirements included in the Patient Protection and Affordable Care Act, the Health Care and Education Reconciliation Act, and associated federal regulations and state laws (collectively the “Affordable Care Act”).

Statement of Policy: It is the policy of NSHE that all full-time employees of NSHE, as defined by the Affordable Care Act and this Policy, should be offered the opportunity to enroll themselves and their dependents in NSHE sponsored health coverage.

Limitation of Policy: This policy is not a statement of benefits offered or a description of any health coverage program. Rather, it sets forth the procedures NSHE and its institutions should use to comply with the Affordable Care Act.

Full-Time Employee under the Affordable Care Act: A “full-time employee” of NSHE for the purposes of the Affordable Care Act is any employee of NSHE that provides one hundred and thirty (130) or more hours of service per calendar month.

Determining Full-Time Status:

I. New Employees

- A. **New Employees Reasonably Expected to Be Full-time Employees** – New employees hired for positions that are reasonably expected to be full-time positions should be offered the opportunity to enroll in health coverage on the first day of the first full calendar month of employment. “Reasonably expected to be full-time” is defined as an employee hired for a position that at the time of hire is expected to average 130 or more hours of service per month.

- B. **Initial Measurement Period for New Employees Not Expected to Be Full-time** – NSHE will utilize a ten (10) month initial measurement period to determine the status of new employees who are not reasonably expected to be full-time employees. The initial measurement period will begin on the first day of the month following the new employee’s first day of employment. If an employee averages more than 130 hours of service per month for the initial measurement period that employee should be offered the opportunity to enroll in health coverage starting the first day of the calendar month following the end of the initial measurement period. Such coverage shall be available to the employee for a period of ten (10) months or the length of employee’s employment with NSHE, whichever is shorter. “Not reasonably expected to be full-time” is defined as an employee hired for a position that at the time of hire is not expected to average 130 or more hours of service per month.

II. Ongoing Employees

- A. **Ongoing Employee Definition** “Ongoing Employee” is defined as a current employee of NSHE that is: (1) employed by NSHE at the time this policy is adopted; (2) hired by NSHE for a position that is reasonably expected to be full-time; or (3) hired by NSHE for a position not reasonably expected to be full-time and has completed the initial measurement period.

B. Salaried Employees

- a. Monthly Review Period – Ongoing Employees who are paid on a salary basis will have their hours of service reviewed on a monthly basis. If an Ongoing Employees who is paid on a salary exceeds 130 hours of service in a month she/he shall be entitled to receive and should be offered the opportunity to enroll in health coverage. Health coverage ends at the earlier of: (a) the employee ceases to work 130 hours or more in a month; (b) the termination of employment; or (c) declination of health coverage.

C. Hourly Employees

- a. Use of Standard Measurement Period/Stability Safe Harbor— Ongoing Employees who are paid on an hourly basis will use the standard measurement period/stability safe harbor available under the Affordable Care Act to determine full-time employee status. Under this method, the total number of “hours of service” for each hourly employee are averaged over a “standard measurement period” to determine which employees are full-time employees for purposes of the subsequent stability period.
- b. Standard Measurement Period—NSHE will utilize a ten (10) month standard measurement period beginning on July 1st of each year.
- c. Administrative Period – Each NSHE institution may take a period of sixty-one (61) days between the end of each Standard Measurement Period and the beginning of the Stability Period to notify employees of eligibility and enroll those employees that elect to be covered through NSHE.
- d. Stability Period – NSHE will utilize a ten (10) month stability period from July 1st of each year until April 30th of the following year.
- e. Coverage in the Stability Period—An hourly employee who is determined to be a full-time employee during a Standard Measurement Period is entitled to be offered health coverage for the subsequent stability period. Health coverage ends at the earlier of: (a) the end of the subsequent stability period; (b) the termination of employment; or (c) declination of coverage health coverage.

III. Calculating “Hours of Service”

- A. Salaried Employees - Salaried employees are credited with 8 hours of service for each day in which the employee is paid or entitled to be paid. Salaried employees working a half day or less shall be credited 4 hours of service in each half day or part thereof for which the employee is paid or entitled to be paid.
- B. Hourly Employees - Hourly employees are credited for 1 hour of service for each hour in which the employee is paid or entitled to be paid.
- C. Instructional Letter of Appointment Faculty – Letter of Appointment and other temporary faculty who teach classes and are not paid on a salaried or hourly basis are credited with 2.25 hours of service for each hour of class time. Letter of Appointment and other temporary faculty will be credited 1 hour for each hour of office hours and 1 hour for each hour of meetings which the faculty member is required to attend.

- D. Other Employees not Paid on an Hourly or Salaried Basis– Each NSHE institution must adopt reasonable policies and procedures for counting the hours of service of employees, other than Instructional Letter of Appointment Faculty, that are not paid on an hourly or salaried basis. These reasonable procedures must take into account the time necessary for the employee to meet their employment duties.
- E. Independent Contractors - Hours worked by Independent contractors, employees of NSHE vendors/contractors, volunteers, and employees of employee leasing organizations are not “hours of service” and do not count towards eligibility for NSHE sponsored health coverage.
- F. Federal Work Study Program - Hours worked pursuant to a federal work study program do not count as “hours of service.”
- G. Annual Leave – Time spent on paid annual leave counts towards hours of service and should be credited in accordance with how the employee is paid (e.g. salaried, hourly, LOA, etc...)
- H. Sick Leave - Time spent on paid sick leave counts towards hours of service and should be credited in accordance with how the employee is paid (e.g. salaried, hourly, LOA, etc...).
- I. Other Paid Leave – Time spent on other types of paid leave counts towards hours of service and should be credited in accordance with how the employee is paid (e.g. salaried, hourly, LOA, etc...).
- J. FMLA Leave – If an employee uses annual and/or sick leave while on FMLA the rules for annual and/or sick leave apply. Unpaid time spent on FMLA should be excluded from the calculation of hours worked over the Standard Measurement Period. For example, an employee that spends one month on FMLA leave during the Standard Measurement Period would have their total hours of service averaged over nine (9) months (rather than 10) to determine full-time employee status.
- K. Other leave/Unpaid leave – Time on leave not otherwise described in this policy does not count as towards hours of service.
- L. Tracking and Reporting “Hours of Service” – NSHE institutions should track the hours of service of all employees and monitor these hours on at least a monthly basis.

IV. Breaks in Employment

NSHE will treat an employee as a “new” employee for purposes of the Affordable Care Act if either:

- a. The period which the employee provides 0 hours of service for NSHE is 26 weeks; OR
- b. The period which the employee provides 0 hours of service for NSHE is at least 4 consecutive weeks and the employee was employed for less than the total number of weeks in which 0 hours of service was provided.

Application of ERISA: Nothing in this policy should be interpreted as consent or acknowledgement that the Employee Retirement Income Security Act of 1974 (ERISA) applies to NSHE or any health coverage offered by NSHE to its employees.

Reporting: NSHE institutions are authorized to complete all reports required by the Affordable Care Act in accordance with this policy and applicable law.

CHAPTER 5

FISCAL PROCEDURES

Section 1. Management of Host Accounts/Expenditures (formerly CM 01-02)

Requests by a President for reimbursement of expenses from President's Host funds must be submitted to the Chancellor for approval. The President's hosting claims cannot be approved by employees subordinate to the President. Similarly, the Chancellor must request approval from the Board Chair for reimbursements from Chancellor's Host funds.

All host account expenditures (both President's Host funds and Institutional Host funds) must conform to Board of Regents' policy and Chancellor's procedures established herein, and claims for reimbursement must include proper documentation.

For a President's or Chancellor's spouse, significant other or guest, host account funds may be used to pay transportation, lodging, and meal expenses (in accordance with the standard reimbursement rates) when she or he by reason of a personal relationship is expected to accompany the President or Chancellor to events outside a 50-mile radius from home for the purpose of assisting the President/Chancellor in representing the institution/system.

These procedures are in addition to the Board of Regents' policies on host expenditures defined in the *Handbook*, Title 4, Chapter 10.

1. Authority. The authority to designate a specific account as a host account is delegated by the NSHE Board of Regents to the Chancellor (for System Administration) and to the Presidents (for each institution). Due to the sensitive nature of hosting expenditures, the President may not delegate signature authority below the level of vice president, deans, or direct reports to the President.
2. Restrictions. Host account expenditures may not be used to circumvent state or institutional regulations that restrict reimbursement rates for state-funded activities.
 - a. Host funds shall not be used to reimburse employees for expenses incurred while in travel status in excess of state-approved lodging and/or per diem rates.
 - b. Per diem will not be reimbursed to an employee or contractor for meals that have been otherwise paid as a host expense.
3. Participants. Host expenditures are warranted for business events and functions where personnel external to an institution are necessarily in attendance. Where the only participants at a business event or function are institutional employees, host expenditures may be approved by the person with account-signature authority if:
 - a. It is a special event, such as a retreat, retirement or annual recognition or award ceremony, or
 - b. It is a business meeting or workshop, scheduled for a specific agenda that runs through normal meal or break times and whose schedule permits the efficient gathering of employees from different offices or units across the institution.

- c. Spousal cost is reimbursable if approved by the President of the institution.
 - d. The primary beneficiaries/attendees are medical or dental residents whose duties restrict the resident to the premises.
4. Documentation. Hosting expenditures should be documented in accordance with Internal Revenue Service guidelines for expense substantiation. This includes, but is not limited to, amount, date, time, place, business purpose, and business relationship of those attending the function. This is referred to as the “who, what, when, where and why” substantiation. In the case of large gatherings, identification of groups of people invited may be satisfactory. All receipts submitted for payment must be originals that clearly indicate the vendor and date of purchase.
 5. Annual Review Required. Each host account will be reviewed annually by the institution’s Controller or designee to determine that the account continues to be necessary for hosting purposes.
 6. Accountability. System wide procedures for the management of host accounts within the guidelines of this section are established by the Chancellor. Institutions may adopt more restrictive standards and should include them in their administrative procedures manual. The Chancellor and Presidents are responsible for oversight of the host accounts created under their respective authority.
 7. Table Purchases. The purchasing of tables at charity events or other public functions by the System institutions shall be limited:
 - a. The decision to purchase a table shall be governed by the following standards, with an assumption that the decision to purchase a table would normally be made on the basis of affirmative answers to two or more of these standards:
 - I. Is it an event at which individuals are likely to be present with whom the Chancellor, institutional President, or an appropriate representative wishes to interact on pressing System or institutional business? Will attendance at the event enable or advance such interaction, either at the event or later?
 - II. Is it an event at which individuals are likely to be present with whom the Chancellor, institutional President, or an appropriate university representative wishes to interact in order to advance fund-raising or community relations goals? Will attendance at the event enable or advance such interaction, either at the event or later?
 - III. Is it such a high-profile event that attendance by the Chancellor, institutional President, or appropriate university representative is important to the recognition of the NSHE or System institution as an important corporate citizen in Nevada?
 - IV. Is it an event at which students and/or faculty from the System institution can meet and interact with special guests for educational purposes?
 - V. Will the event honor an individual who is – or has been – a significant donor to or supporter of the System institution? Will attendance by System or institutional representatives either convey thanks for such private support in an important and meaningful way or advance the institution’s conversations with the individual about additional future support?
 - b. No tables will be purchased by System institutions at events hosted by other institutions within the NSHE.

- c. No tables will be purchased by System institutions at events hosted by organizations officially registered as political action committees.
- d. System institutions shall be limited in their expenditures of host funds for table purchases not to exceed \$30,000 annually:
 - I. If a private donor or corporation provides a donation specifically for a System institution to purchase a table, the donation shall not count toward the institution's annual limit.
 - II. Donations/Foundation purchases are included in the above table restrictions.
- e. On a case-by-case basis, the Chancellor may grant waivers for table purchases exceeding the annual purchase limit established in subsection 7.d. Upon request and proper documentation, the Chancellor may grant a waiver for a particular event or, if appropriate, an increase in the limit. In the latter case, the institution shall provide details on the actual expenditures in order to allow compliance with the reporting requirements of this subsection. Any request for a waiver must be copied to the Chief Financial Officer who will report all such exceptions to the Board of Regents.

(Added 6/05; A. 1/06, 4/06, 3/08, 11/12, 9/14)

Section 2. Purchasing and Related Procedures

The Business Centers conform to the following procedures:

- I. Basic Purchasing Procedure. Except for personal/consultant services involving technical, professional or specialized skills or training and as noted in Chapter 5, Section 2c, all materials, supplies, equipment, services, and construction shall be purchased from the lowest responsive and responsible bidder after giving due consideration to price, life cycle cost, quality, availability, conformance to specifications, financial capability and service. The Purchasing Department of each Business Center may develop more detailed policies and procedures for purchasing activities as long as they are in compliance with the limits and delegations defined in the Board of Regents Purchasing Policy (Title 4, Chapter 10). The Purchasing Division of each Business Center will develop specific policies for obtaining personal/consultant services involving technical, professional or specialized skills or training, including architects, engineers, and other design professionals.
 - a. Single or conglomerate purchases from a single vendor, the estimated cost of which is \$50,000 or more shall be purchased after the Purchasing Department:
 - (1) advertises for bids at least once in a newspaper of general circulation in the area of the campus to be supplied and not less than four (4) calendar days prior to opening bids;
 - (2) gives written notice to pertinent vendors on the "vendors list"; and
 - (3) publicly opens, reads aloud and records sealed bids at the time and place so advertised.
 - b. A contract of any nature may be entered into without advertising when the estimated amount required to perform the contract is less than \$50,000:

- (1) if the estimated amount required to perform the contract is \$25,000 or more, but is less than \$50,000, requests for quotes must be solicited from two or more responsible vendors capable of performing the contract, if available;
 - (2) the Purchasing Department shall maintain a record of all written requests for quotes and responses received, in accordance with the Nevada System of Higher Education Policy covering record retention; and
 - (3) nothing in this section prohibits the advertising for or requesting of bids for purchase of any dollar amount.
- c. Except as noted below, all other purchases shall be made by the Purchasing Department after following generally accepted purchasing procedures for the economical and timely procurement of materials, supplies, equipment, services and construction.

The Purchasing Department may grant a competitive bidding exception for the following, and if such an exception is granted, the rationale/justification for it must be in writing, approved by the Purchasing Department, and included in the Purchasing file for this transaction:

- (1) Proprietary, single, or sole source items.
 - (2) Purchasing may solicit and accept advantageous trade-in allowance for personal property which has been determined to be of no further use to the Business Center and may award any bid to the bidder submitting the lowest net bid after deduction of such trade-in allowance.
 - (3) In the case of supplies, materials or equipment which can be purchased at any court-ordered auction, closeout, bankruptcy or other similar sale may be made by the Purchasing Department or their authorized representative and at a reasonable savings over the cost of like merchandise and below market cost of the area, a contract or contracts may be let or purchase made without complying with the requirements for competitive bidding. Documentation for such purchase or acquisition must be made for record and approved by the Chief Business Officer of the institution.
 - (4) Once Purchasing has advertised for or requested formal bids or proposals in letting a contract and no responsive and responsible bids or proposals were received, Purchasing may negotiate a contract with reasonably interested parties without further need for competitive bidding.
 - (5) Contracts which by their nature are not adapted to award by competitive bidding including contracts for such items or services which may only be contracted from a single or sole source; conventions; workshops; seminar rooms; special functions, purchase of perishable goods; books; subscriptions; library materials; and
 - (6) Nothing in this section prohibits advertising for or requesting bids.
- d. With the written permission of the Chief Business Officer of the institution involved, a contract may be instituted in an "emergency" situation by waiving the necessary advertising or bidding requirements of this chapter. In any such case, a full written record shall be made of the circumstances. An emergency is defined as one which:
- (1) results from the occurrence of a disaster such as, but not limited to, fire, flood, hurricane, riot, power outage or disease; or

- (2) may endanger the health, safety or welfare of the students, faculty, staff or public if not immediately resolved.
- e. Livestock purchases for College of Agriculture programs may be made by the Dean of the College without reference to the Purchasing Department.
- f. Purchases in excess of \$10,000 of specially selected hay for use by the College of Agriculture in research or experimental tests may be made after solicitation of three written quotes.
- g. Capital Construction.

Any new construction, repair, improvement, or reconstruction on land, appurtenances and buildings of the Nevada System of Higher Education, the estimated cost of which is \$25,000 or more, which is intended for long-term, continued use or which extends the useful life of a capital asset, is deemed a capital construction project.

The respective institutional Facilities Departments must provide direct oversight for all capital construction projects, including remodeling projects. Facilities Management staff will be sufficiently involved in the project review, approval, and management of all capital construction projects to ensure compliance with all internal and external requirements.

Upon the request of a campus of the Nevada System of Higher Education, the State Public Works Board may delegate to that campus any of the authority granted to the State Public Works Board pursuant to *Nevada Revised Statutes* (NRS) 341.141 to NRS 341.148, inclusive.

A contract for a capital construction project for the Nevada System of Higher Education may be entered into without advertising for sealed bids if the estimated cost to perform the contract is less than \$100,000.

- (1) If the estimated amount for performing the contract is more than \$25,000, but is less than \$100,000, requests for firm written quotations must be solicited from not less than three responsible bidders capable of performing the contract. The Nevada System of Higher Education may award the contract to the lowest bidder or reject all quotations. Nothing in this section prohibits the advertising for or requesting of bids for purchase of any dollar amount.
- (2) Such projects over \$100,000 shall be advertised in a newspaper of general circulation in the area of the campus where the work is to be performed and not less than four (4) calendar days prior to opening bids.
- (3) Separate sealed bids for each capital construction project are required.
- (4) Approved plans and specifications for the capital construction project must be on file at a place and time stated in the advertisement for the inspection of all persons desiring to bid thereon and for other interested persons.

- (5) The institution may accept bids on either the whole or part of the construction, equipment and furnishings, and may let separate contracts for different and separate portions of any project, or a combination contract for structural mechanical and electrical construction if savings will result to the lowest bidder.
- (6) The provisions of subsection (g) apply to all capital construction projects funded in whole or in part by state appropriations.
- (7) An agreement for a capital construction project, funded totally from non-appropriated sources, may be entered into with a contractor that satisfies any qualifications required by the NSHE institution.
- (8) Before any contract for a capital construction project exceeding \$100,000, or as otherwise specified in *Nevada Revised Statutes* 339.025, is awarded to any contractor, he shall furnish to the contracting body the following bonds which become binding upon the award of the contract to the contractor:
 - a. A performance bond in an amount to be fixed by the contracting body, but not less than 50 percent of the contract amount, conditioned upon the faithful performance of the contract in accordance with the plans, specifications and conditions of the contract. The bond must be solely for the protection of the NSHE, which awarded the contract.
 - b. A payment bond in an amount to be fixed by the NSHE, but not less than 50 percent of the contract amount. The bond must be solely for the protection of claimants supplying labor or materials to the contractor to whom the contract was awarded, or to any subcontractors, in the prosecution of the work provided for in such contract.
- (9) One or more surety companies authorized to do business in the State of Nevada must execute each of the bonds required pursuant to this section. If the contracting body is the State of Nevada or any officers, employee, board, bureau, commission, department, agency or institution thereof, the bonds must be payable to the contracting body.
- (10) Each of the bonds must be filed in the office of the NSHE institution that awarded the contract for which the bonds were given.
- (11) Nothing in this section prohibits a contracting body from requiring bonds.
- (12) Contracts for Design-Build; Lease-Purchase; Installment-Purchase; or similar approaches to procure facilities must also follow appropriate public solicitation procedures, which at a minimum provide vendors with an appropriate opportunity to respond to institutional needs. Projects of these types shall be subject to an appropriate public solicitation process, which must be approved by the appropriate Purchasing Department and consistent with applicable NRS Chapter 338 provisions pertaining to design professionals. Based on the results of legislation adopted during the 2007 Session pursuant to the recommendations of the Senate Bill 426 Advisory Group to Conduct an Interim Study on Lease-Purchase and Installment Purchase Agreements by Public Entities (Chapter 508, *Statutes of Nevada 2007*), NSHE institutions will adopt specific procedural language for projects of this type on or before December 31, 2007.

- (13) A Purchase Order (PO) alone cannot be used for any construction contracts. Construction contracts exceeding \$100,000 must be properly approved and key clauses as stated in the System's contract policy must be included in the construction contracts. If a PO is used for construction activity under \$100,000, it must be supplemented by appropriate information (required clauses and information) and properly approved.
 - (14) Change orders will be approved in the same manner as the original contract.
 - (15) Each institution will collect, maintain, and report upon request, reliable capital construction project information.
- h. Joinder (or Mutual Use of Contract) Capability – With the agreement of the vendor, the NSHE may join, or mutually use, the contracts or pricing agreements of appropriate federal, state, and local entities and consortiums. Where the NSHE uses the original contract in order to obtain quantity pricing or other competitive discounts, the original contract is not liable for the obligations of the NSHE. The requirements for competitive quotations and/or formal bidding may be considered satisfied through the use of the joinder contracts, including federal/state/local contracts, consortium agreements, and the educational pricing agreements.

II. Tier 2 & Subcontractor Reporting Requirements

- a. The Nevada System of Higher Education supports equal opportunity for minority-owned, women-owned, and other small disadvantaged business enterprises (MWDBE) to compete for contracts awarded by NSHE institutions. The NSHE also supports efforts to encourage local businesses to compete for NSHE contracts. In addition, the NSHE supports finding opportunities for such MWDBE and local business concerns to participate as subcontractors or Tier 2 suppliers in large contracts. A "Tier 2 supplier" or subcontractor is a supplier who is contracted for goods or services with the prime contractor, and may include, but is not limited to MWDBE and local business enterprises.
- b. Bid Evaluations for Prime Contractors. NSHE institutions shall require bid documents and resulting prime contracts for the purchase of goods or services that exceed \$1,000,000 include the bidder's historical and anticipated commitment to Tier 2 MWDBE and local business enterprises, including but not limited to indication of certification as a minority or women-owned business enterprise, and local subcontractor/local supplier spending. The bid documents and resulting contracts must contain a list of the Tier 2 businesses or suppliers, including any MWDBE or local business enterprises that will be given the opportunity to bid as subcontractors.
- c. Annual Reporting by Prime Contractor. Bid documents and resulting contracts for the purchase of goods or services that exceed \$1,000,000 must, at a minimum, contain a requirement for the prime contractor/supplier to annually report expenditures with MWDBE business concerns, and to also annually report expenditures with local subcontractors. These annual reports pertain only to expenditures that are directly attributable to the NSHE prime contract. This provision is not applicable to contracts for utilities or sponsored projects. The annual report should contain the following information for the most recently completed fiscal year:

- (1) The name, city and state; type of each local, women-owned, minority and/or disadvantaged subcontractor (Tier 2 supplier or local subcontractor); and any certification awarded as a local, women-owned, minority or disadvantaged subcontractor, including the entity that awarded the certification. If a business concern meets more than one definition (e.g. local and women-owned, or minority and women owned), that should be identified;
- (2) A description of the goods or services purchased; and
- (3) The amount of expenditures with the subcontractor attributed to the prime contract for the 12 month period.

Exceptions to this reporting requirement may be established by the Chief Financial Officer in situations where the contract is unlikely to generate Tier 2 or local subcontractor spending, or if there are legal impediments. Institutions or business centers may adopt more detailed requirements and may also apply similar reporting requirements for contracts under \$1,000,000. Federal contracts and grants may also have more detailed requirements for MWDBE spending.

- d. Definition of Local Subcontractor. "Local subcontractor" is intended to mean a business concern that is a) owned 51 percent or more by Nevada residents, b) is headquartered in Nevada, or c) a majority of employees of the business are Nevada residents.
- e. Definition of Disadvantaged Business Enterprise (DBE). "Disadvantaged Business Enterprise" is intended to mean a business concern owned by a minority or woman that is at least fifty-one percent (51%) unconditionally owned by one or more minority or women individuals who are both socially and economically disadvantaged, or a publicly owned business that has at least fifty-one percent (51%) of its stock unconditionally owned by one or more such individuals and that has its management and daily business controlled by one or more such individuals. Individuals who certify that they are a member of named groups, i.e. African Americans, Hispanic Americans, American Indians and Alaska Natives (Eskimos and Aleuts) and Asian and Pacific Island Americans are to be considered socially and economically disadvantaged.
- f. Definition of Minority Business Enterprise (MBE). "Minority Business Enterprise" is intended to mean a business concern owned by one or more minority individuals that is at least fifty-one percent (51%) unconditionally owned by one or more minority individuals, or a publicly owned business that has at least fifty-one percent (51%) of its stock unconditionally owned by one or more such individuals and that has its management and daily business controlled by one or more such individuals. Individuals who certify that they are a member of named groups, i.e. African Americans, Hispanic Americans, American Indians and Alaska Natives (Eskimos and Aleuts) and Asian and Pacific Island Americans are to be considered socially and economically disadvantaged.
- g. Definition of Women-Owned Business Enterprise (WBE). "Women-Owned Business Enterprise" is intended to mean a business concern owned by one or more women that is at least fifty-one percent (51%) unconditionally owned by one or more women, or a publicly owned business that has at least fifty-one percent (51%) of its stock unconditionally owned by one or more such individuals and that has its management and daily business controlled by one or more such individuals.

III. Supply Chain Diversity (Tier I):

In an effort to diversify the NSHE supplier base and engage local and MWDBE vendors when possible, NSHE institutions will utilize the following supplier outreach process:

All formal solicitations must be distributed through one or more approved vendor outreach channels. The Chief Financial Officer will prepare and maintain a list of outreach channels.

Each purchasing center will designate a supplier outreach coordinator. The supplier outreach coordinator will be identified on the institution's website and in procurement documents and will assist local and disadvantaged vendors with solicitations, questions, and vendor training.

NSHE institutions will report annually the Tier I MWDBE vendor expenditures for the most recently completed fiscal year.

IV. State Business License Requirements

A person conducting business for profit in Nevada is required to have a current Nevada business license pursuant to NRS 76.100(1) unless the entity is either a) a non-profit corporation or b) meets the requirements for an exemption and has filed the appropriate notice of exemption with the Nevada Secretary of State. All purchase orders and contracts for business services to be provided in Nevada should, at a minimum, contain a verification by the vendor that the organization has a current Nevada business license, is a non-profit corporation or has filed for an appropriate exemption. For contracts in excess of \$25,000, a business license number and information demonstrating good standing with the State of Nevada is required. If necessary, a contract may be initiated with a business that has an application for a state business license pending.

V. Presidential Office Expense

Furniture expenses for presidential offices in excess of \$10,000 annually require the Chancellor's approval. The Chancellor should also be consulted with regard to significant remodeling expenses for presidential offices.

(B/R 6/91, 9/99, 10/02, 8/04; Added 6/05; A. 7/06, 3/07, 12/07, 12/10, 6/12, 9/12, 3/13)

Section 3. Preparation and Approval of Contracts (formerly CM 02-04)

The Nevada System of Higher Education annually enters into many contractual agreements. The efficient execution (signature) of contracts is often of critical importance. However, the processing and execution of a contract is sometimes delayed because of errors or omissions in its form.

The requirements and procedures stated in this policy have been established for the preparation and processing of proposed NSHE contracts. These requirements and procedures will result in the efficient processing of contracts and in documents that are consistently sound, correct in format, and that limit the potential liability to the System.

The six most common problems involving contracts are:

- The failure of a contract to state that the Board of Regents is the contracting party on behalf of an NSHE institution;
- The inclusion of a “hold harmless” clause holding the other party harmless without including language holding NSHE harmless;
- The inclusion of language that mandates NSHE carry commercial general or business automobile liability insurance;
- The failure of an institution to provide clear oversight of the terms and language of any sub-contracts that may be executed;
- The failure of an institution sending a contract to the Chancellor to ensure that the President has reviewed and recommended it; and
- Failing to require the other party to have appropriate commercial general, business automobile, or professional liability coverage and limits.

This procedure contains the following elements:

- Policy guidelines and procedures presented in a question-and-answer format to 33 commonly asked questions;
- Checklist to be followed for each contract;
- NSHE Standard Form Contract for Services of an Independent Contractor;
- NSHE Standard Form Lease;
- NSHE Standard Form Instructional Facility Agreement;
- NSHE Standard Form Education Affiliation Agreements (Clinical and General);
- NSHE Standard Form Inter-institutional Agreement.

NSHE CONTRACT POLICY FREQUENTLY ASKED CONTRACT QUESTIONS

The Board of Regents has given the Chancellor of the Nevada System of Higher Education the authority to enter into contracts on behalf of the Nevada System of Higher Education subject to limited exceptions that are reserved for approval of the Board of Regents, such as certain real estate matters, and employment contracts of longer than one year.

The purpose of this question and answer format is to state in plain terms the NSHE policy on contracting, including any delegation of authority from the Chancellor to the NSHE institutions. Where authority has been delegated from the Chancellor to an institution that authority resides in the President of the institution. While the President may delegate that authority in writing to other administrative officers at the institution, the President ultimately remains responsible for all contracts entered into by the institution. Therefore the institution should have policies in place that provide for appropriate levels of internal review, including legal and financial review, pertaining to the economic and liability risks associated with the transaction. With respect to System Office contracts, the Chancellor may establish additional policies and delegation authority within the System Office and its units.

Q 1 What is a contract?

A A contract is an agreement between two or more persons (or entities) that creates an obligation to do or not to do a particular thing. Its essential components are competent parties (persons or entities legally capable of contracting), subject matter (the purpose of the contract), a legal consideration (the inducement to contract, usually money or something of value, but also including mere promises to perform something or refrain from doing something), mutuality of agreement (all parties must voluntarily enter the contract) and mutuality of obligation (all parties are obligated to do something or not to do something they otherwise have a right to do).

Labels do not control whether a contract exists or not. The following, which are not meant to be all-inclusive, are all contracts if they constitute an agreement between two or more persons that creates an obligation to do or not to do a particular thing:

- a contract;
- an agreement;
- a lease;
- a rental agreement;
- a letter or memorandum of intent;
- a letter or memorandum of agreement;
- a letter or memorandum of understanding;
- an employee separation agreement;
- a facility use agreement;
- an education affiliation agreement;
- a purchase order;
- a grant;
- a grant agreement.

It is generally preferable to obtain original signatures on at least one copy of the contract as such original signatures may be useful in establishing the validity of signatures in the event of a dispute. However, circumstances such as exigency, location of parties, form of the contract and size of the contract may make acceptance of a facsimile or an electronic signature acceptable. Any exception to obtaining original signatures must be expressly approved and documented by the institution General Counsel's Office.

Q 2 Why must these procedures be followed?

A A contractual obligation is a legal obligation. Signing a contract is a very serious step which, depending on the terms of the contract, could put NSHE in a position of considerable liability—sometimes political, sometimes from a public relations standpoint, but most often of a financial nature. The policies contained in this procedure have been developed in order to limit financial liability from lawsuits that might arise from improperly written contracts. The procedures serve important interests of the Board of Regents, and it is essential they be followed by NSHE officers and employees.

Q 3 Are student government contracts governed by these requirements and procedures?

A Yes. Student governments are an integral part of NSHE and the institutions in which they are established and, therefore, contracts they may enter into are subject to the contract policies established by the Board of Regents, the Chancellor, and the Presidents of their institutions.

Q 4 Are contracts with performing artists governed by these requirements and procedures?

A Yes. Contracts with performing artists are contracts with NSHE and, therefore, are subject to the same policies and procedures established by the Board of Regents, the Chancellor, and the Presidents of the institutions. If a standard form contract is used that has been approved by the System General Counsel's Office, it may be approved at the institutional level.

Q 5 Are employment contracts for head coaches of athletic teams governed by these requirements and procedures?

A Yes. Contracts with head coaches are contracts with NSHE and, therefore, are subject to the same policies and procedures established by the Board of Regents, the Chancellor, and the Presidents of the institutions. Often Board of Regents approval is required of athletic coach contracts because such contracts frequently exceed one year or contain certain perquisite/bonus provisions that require Board approval. Due to NCAA requirements, there are additional clauses in the employment contracts for head coaches that are not found in other employment contracts. Additional governing policy is contained in NSHE Code, Section 5.4.2 (b) and (c).

Q6 Are internal contractual agreements between NSHE entities subject to these requirements and procedures?

A As NSHE is a single legal entity, the need for oversight regarding agreements or understandings between units within the System is lessened in comparison to contractual agreements between NSHE and external legal entities. Accordingly, internal agreements between units within NSHE do not require the Chancellor’s signature, unless otherwise required by Board of Regents’ policies. These agreements, nevertheless, are subject to any policies that have been adopted at the institution level for the review and approval of contracts. Please note, however, that *Procedure & Guidelines Manual*, Chapter 6, Section 11 Basic Agreement for Inter-Institutional Cooperation in Sponsored Programs sets guidelines for inter-institutional agreements related to sponsored programs.

Q 7 Why should I have to send my contract to the Chancellor’s Office at all? Why can’t the President sign it?

A As the Board of Regents Bylaws state (Article III, Section 1), “The exclusive control and administration of the Nevada System of Higher Education is vested by the Constitution of the State in an elected Board of Regents.” One corollary of this is that the contracting party for any NSHE contract is the Board of Regents – not the universities, community colleges, state college, Desert Research Institute, or schools, colleges, centers, departments, or any other administrative sub unit of an institution of NSHE.

To be valid, the agreement should state that it is entered into by the **BOARD OF REGENTS OF THE NEVADA SYSTEM OF HIGHER EDUCATION, on behalf of _____** (*insert name of institution, followed by specific college or other subunit of the institution, if necessary*).

Similarly, the signature block should read:

THE BOARD OF REGENTS OF THE NEVADA SYSTEM OF HIGHER EDUCATION, on behalf of
(*name of institution and college or sub unit, if necessary*)

By: _____
Chancellor (*or appropriate title if signature authority has been delegated*)

The Chancellor signs the contract as the contracting officer for the Nevada System of Higher Education. The Chancellor’s authority is derived from the Board of Regents Bylaws, Article VII, Section 3, which states that:

“The Chancellor is the Chief Executive Officer and Treasurer of the Nevada System of Higher Education, and is responsible for the financial management and coordination of the administration of the Nevada System of Higher Education and for the implementation of the Board’s policies. The Chancellor may delegate any of the duties of the office unless expressly prohibited by Board policy.

“Duties are prescribed by the Board of Regents and include the following:

* * *

“(h) To serve as contracting officer for the Nevada System of Higher Education and to execute all contracts and other instruments on behalf of the University unless authority has been expressly retained by the Board of Regents or delegated elsewhere.”

Thus, the Chancellor has the sole authority to execute contracts unless such authority is delegated to an institution.

Q 8 Does the President of an NSHE institution and legal counsel have to review a contract before it is sent to the Chancellor for signature?

A Yes. It is the policy of the Chancellor that any contract sent to the Chancellor for signature must first be recommended by the President of the appropriate institution or the President’s designee. The purpose of this policy is to ensure that no institution will commit the Board of Regents or the institution to a binding contract without the knowledge of the institution’s chief administrative officer.

In addition, due to the nature of contracts that are sent by an institution to the System Office for Chancellor signature, all such contracts must be reviewed by the institution’s General Counsel’s Office. In connection with that review, the General Counsel’s Office is responsible for ensuring that the contract complies with Board and System policies, and should specifically identify any departure from those policies, along with the rationale for the departure.

Q 9 If a contract has been sent to the Chancellor for signature and the Chancellor is absent, is there a way for the contract to be signed anyway?

A Yes. During an absence from the office, the Chancellor delegates signature authority pursuant to written memoranda. The Chief Counsel’s Office may be contacted to determine the party to whom such authority has been delegated.

Q10 What process must be followed in sending a contract to the Chancellor for approval?

A All contracts submitted for approval must contain the following:

- 1) A signature block for the Chancellor
- 2) Flags on all pages requiring the Chancellor’s signature
- 3) One extra, flagged copy marked “Chancellor’s copy” or “System copy.” (Please note that it is time consuming to sign multiple originals, particularly with initials on each page. Generally, the System Office will retain one fully signed original with initials. If the institution or other parties want an original copy, it is recommended that such additional originals not include original initial blocks.)
- 4) An addressed return envelope (with postage if campus mail is not used);

- 5) Three initial blocks on each page, except the signature page. Initials are for the use of: 1) the President or designee 2) the party representative with whom NSHE is contracting, and 3) the Chancellor or designee. The failure to include initials on each page does not affect the validity of the contract, but it is cause for the Chancellor's Office to reject the contract; and
- 6) An appropriately prepared cover sheet, in a form approved by the Chancellor's Office that, among other things, identifies any departures from NSHE or Board rules.

Q 11 How much time should generally be provided for review and signature by the Chancellor?

A Contract officers should normally anticipate a one week time period for processing at the System Office. When a contract is received by the Chancellor's Office, it undergoes tracking and summary review by the Chief Counsel's Office prior to signature by the Chancellor. Questions about the status of a particular contract should be directed to the Chief Counsel's Office.

Q 12 Which contracts MUST ALWAYS be sent to the Chancellor for signature?

A Contracts that must always be sent to the Chancellor for signature are:

1. All contracts that must be approved by the Board of Regents by law. These include, but are not necessarily limited to:
 - (a) the sale or purchase of real property or the long-term lease of real property owned by NSHE, including most easements over real property (See NRS 396.430 and Board Handbook, Title 4, Chapter 10, Section 1(9)). "Long-term" is defined as in excess of four years.

NOTE A: The lease of NSHE property for specific, one-time events need not be approved by the Board of Regents and is excluded from the requirements of this paragraph, but may otherwise be subject to the requirements set forth hereinafter.

NOTE B: Contracts as described in (a) above must be placed on a Board of Regents Business, Finance and Facilities Committee agenda for approval with final approval by the Board of Regents.

2. All contracts with an open-ended or indefinite term. Except as provided in Q 13 A.8 below, contracts with an open-ended or indefinite term are construed as contracts longer than five years. Likewise, contracts with "evergreen" clauses, i.e. clauses that automatically renew the agreement if no action is taken, or options that unilaterally allow one party to extend the term of the agreement beyond a five year term, are also construed as contracts with a term in excess of five years. In contrast, a contract that requires both parties to mutually agree upon or assent, in writing, to continue the relationship is essentially a new contract, and such a clause is not an open-ended or indefinite term.¹ Irrespective of this interpretation, institution's should still be mindful of any applicable purchasing rules or bid requirements before exercising such an extension.

¹ An example of this type of contract clause is as follows: "The parties may mutually agree, in writing, to extend the contract for an additional term of two years on the same or different terms."

3. Contracts that provide for the hiring of outside attorneys for legal services do not require Chancellor approval, but do require written approval of the Chief Counsel's Office. Chief Counsel's Office approval is not required for the retention of outside attorneys as hearing officers or administrative code officers under Title 2, Chapter 6.
4. Except for standard form federal grants and contracts (including private and state contracts that are funded with federal funds and therefore require compliance with federal grant requirements) and for NSHE purchase orders, all contracts:

(a) which require consideration (cash, property, or services) valued in excess of one million (\$1,000,000) dollars, calculated by adding the total cumulative payments, delivery, or performance over the entire term of the contract,² OR

(b) which are for terms in excess of five years or which provide the automatic right to renew for terms that exceed five years in the aggregate.

NOTE: The presence of either condition is enough to require that the contract be signed by the Chancellor.

5. All contracts which, in the judgment of the President of an NSHE institution, have such a serious political, social, or financial impact on NSHE or the public that the Board of Regents' or the Chancellor's review is necessary.
6. All other contracts for which signature authority has not been delegated by the Chancellor as provided herein.

Q 13 What contracts can be signed by the President?

A As noted previously in Question 7, the Board of Regents Bylaws authorize the Chancellor to delegate certain contract-related responsibilities.

Except for those contracts identified in Question 12 which must always be sent to the Chancellor for signature, and except as may be otherwise provided herein, the Chancellor hereby delegates signature authority for the following contracts to the Presidents of NSHE institutions or to the Presidents' designee, subject to the institution's reasonable judgment, at the time of entering into the contract, that the threshold limits set forth below will not be exceeded.

1. Consideration of One Million Dollars (\$1,000,000) or Less and Terms of Five Years or Less

Except as otherwise provided in Q 13 A.4 below (sponsored project contracts), all contracts (including interlocal cooperative agreements, interlocal contracts, and standard form contracts):

² For example: a contract for \$20,000 per month for a five-year term would cumulatively exceed \$1,000,000 and, therefore, would require the Chancellor's signature.

- (a) which require consideration (cash, property or services) valued at one million dollars (\$1,000,000) or less, calculated by adding the total cumulative payments, delivery or performance over the entire term of the contract,³ AND
- (b) which are for terms of five years or less or which provide the automatic right of either party to renew for terms that do not exceed five years in the aggregate.

NOTE: Both conditions must be present before the contract can be signed at the institutional level.

2. Cost Overruns, De Minimus Changes and Change Orders

Cost overruns or change orders which in the aggregate do not exceed 10 percent of the base contract amount, or de minimus changes that do not materially increase the risks of the contract such as brief extensions for time of performance and the like. If there is any question about whether a change is de minimus, the institution should obtain the advice of the Chief Counsel's Office.

3. Standard Form Federal Grants and Contracts (including private and state contracts funded with federal grant funds)

Except as otherwise provided in Q 13 A.4 below, all standard form federal grant applications, grants, contracts, modifications, and release forms, including private and state contracts funded with federal grant funds that therefore require compliance with federal grant requirements.

NOTE: Sub-contracts under approved federal grants and contracts are sometimes entered into with third parties to perform portions of the work or to provide materials. Because subcontracts are executed at the institution level and are not subject to review and approval by the Chancellor, it is the institution's responsibility to maintain proper administrative oversight over the terms of any subcontract.

4. Sponsored Project and Sponsored Program Contracts – Consideration of Three Million Dollars (\$3,000,000) or Less and Terms of Five Years or Less

All sponsored project and sponsored program contracts:

- (a) Which require consideration (cash, property or services) valued at three million dollars (\$3,000,000) or less, calculated by adding the total cumulative payments, delivery or performance over the entire term of the contract, AND
- (b) Which are for terms of five years or less or which provide the automatic right of either party to renew for terms that do not exceed five years in the aggregate.

³ For example, a contract for \$15,000 per month for a five-year term would cumulatively total \$900,000 and, in conjunction with the fact that the contract is for five years or less, would therefore be a contract that could be signed by the President or designee. Please remember, however, the real estate contracts and leases of NSHE property have different contracting requirements that may trigger Board approval. (See Question 12(A)(1)).

NOTE: Both conditions must be present before the contract can be signed at the institutional level.

5. Education Affiliation Agreements

All education affiliation agreements that do not exceed \$1,000,000 and/or five years in duration. All education affiliation agreements must have insurance and indemnification clauses that have been approved by the institution Risk Manager and General Counsel's Office. The insurance and indemnification clauses contained in NSHE standard form Education Affiliation Agreements are approved for use by all institutions and units.

6. Purchase Orders Issued by NSHE

All purchase orders in which the purchase contract is awarded to the "lowest responsive and responsible bidder," in accordance with the purchasing policy set forth in Title 4, Chapter 10, of the Board of Regents Handbook are delegated to the Vice President for Finance at the appropriate institution or his or her designee.

7. Intra-Institutional Contracts or Agreements

Agreements between NSHE entities that do not exceed \$1,000,000 and/or five years in duration. These agreements are, however, subject to any policies that have been adopted at the institutional level pertaining to the review and approval of contracts/agreements.

8. Schedules For Master Agreements

For some contracts, the institution may enter into a master agreement that contemplates that schedules may subsequently be developed under the terms of the master agreement. Whether Chancellor approval of an addendum or schedule is required is first determined by the process stated in the master agreement. For example, if the Chancellor approves a master agreement that specifies that the institution will sign all schedules, the contract controls. If the master agreement is silent, then the same rule applies as that for modifications, meaning that Chancellor approval is required if the schedule(s) individually or collectively exceed five years in duration or \$1,000,000 in amount.

9. Transfer Agreements for Biological Material Used in Research

Agreements to obtain the following biological materials used in research that exceed five years may be approved by the President or designee:

Material transfer agreements involving biological materials which are used in research, such as animals, reagents, cells, cell lines, antibodies, fungi, bacteria, viruses, antigens, cultures, nucleotides, proteins, pharmaceuticals, plasmids, vectors, embryos, tissues, fluids, and clinical specimens.

NOTE: The approval of such material transfers is subject to all other applicable contracting policies and procedures. At the end of each fiscal year, the institutions shall provide a report to the Chancellor regarding the approval of any such transfer agreements.

Q 14 How does the President delegate his or her signature authority to another person?

A The President may delegate his or her signature authority on contracts, including employment contracts, providing such delegation is made in writing and is specific to a position rather than to a person. A copy of the written delegation of signature authority shall be kept by the institution in a secure and accessible location or established archive for inspection and audit purposes.

In the case of System units housed on NSHE campuses – such as System Computing Services – the delegation of signature authority for applicable contract documents shall be delegated by the Chancellor to the appropriate Vice Chancellor in charge of the System unit.

Q 15 What is the policy on delegated signature authority when standard form contracts are used?

A Attached hereto are several NSHE standard form contracts. These contract forms may be used by all NSHE institutions. Electronic copies of the forms may be obtained from the Chancellor's Office. The form contracts are for convenience purposes and the same rules apply as to approval requirements.

Q 16 If an institution's President or the President's designee is absent, is it possible to have another person in the institution sign a contract which has been otherwise delegated for signature authority to the President or the President's designee?

A In cases where the person who has been delegated signature authority for a particular type of contract may be absent from the institution, he or she may redelegate signature authority to another person for the period of his or her absence. Such re-delegation must be in writing and designate a specific time frame.

Q 17 If there is any doubt as to who has authority to sign a contract, what should be done?

A When there is doubt as to who has the authority to sign a contract, the contract should be sent through appropriate channels to the President for transmittal to the Chancellor for signature.

Q 18 Who must sign modifications to existing contracts?

A Any modification to a contract should be in writing and signed by an appropriate officer. If the contract contains language specifically permitting authority to modify a contract, the contract provision controls. Otherwise, the modification should be signed by the highest ranking position signing the original agreement⁴, except that Chancellor approval is not required if the modification does not exceed the authority granted in Question 13(A)(2) or the the modifications do not raise the contract amount in excess of \$1,000,000 and/or extend the term of the contract to more than five years.

⁴ For example, if the President and the Chancellor signed the original agreement, and the modification is de minimus or does not exceed the authority granted for cost overruns, only the President must sign the modification.

Q 19 Who is authorized to sign notices of termination on behalf of the System for contracts that contain a provision that they are cancelable upon written notice to the other party?

A The person who was authorized in the original contract to send or receive notices. If no one is so designated, then the person who signed the contract on behalf of NSHE may sign a notice of termination, except that a notice of termination for an institution contract may be signed by the institution President, even if the contract required Chancellor approval. The institution President should send the System Office notice of cancellation of contracts approved by the Chancellor.

Q 20 Must employee separation agreements be sent to the Chancellor for review?

A No, unless the agreements exceed the contracting authority of the institution President. Nevertheless, any such agreements must be reviewed by institution counsel to ensure that such agreements have the proper release language contained in them before they are executed.

Q 21 What is the effect of a contract that is signed without the proper signature authority?

A Any contract which is signed in violation of the policies stated herein is void and of no effect whatever. Any person who signs a contract in violation of these policies is subject to discipline up to and including termination and any other available remedies at law.

Q 22 What are “hold harmless” clauses and why are they potentially dangerous?

A Many private contractors or state or local governmental agencies routinely insert a clause in their contracts that is worded something like this:

“The University of Nevada agrees to indemnify and hold harmless the John Doe Company (or the city of Gotham) from any and all claims and losses arising from the performance of this contract.”

However, the State’s self-insurance program, to which NSHE belongs, protects only against acts or omissions of NSHE employees that occur within the scope of public duty or employment and that are performed or omitted in good faith. By agreeing to a clause like the one above, NSHE would be agreeing to defend the John Doe Company or the City of Gotham from any and all claims and losses, whether or not caused by any fault of any NSHE employee. In effect, by signing such a clause, NSHE would become the insurer of the other contractor. This is not permitted by the State of Nevada.

In addition, under Nevada law (NRS 41.035), NSHE’s liability for personal or property injury is one-hundred thousand dollars (\$100,000) per cause of action. By signing such a hold-harmless clause without reference to this limitation, NSHE may open itself up to the argument that it has waived its one-hundred thousand dollar (\$100,000) limitation on personal or property damage claims.

It is not necessary to have an indemnification clause in System contracts as such clauses seek to contractually allocate responsibility when existing state laws typically already provide a mechanism for such allocation. Nonetheless, system institutions may choose to require such a clause or the other party may request such a clause. If the other contracting party insists upon a hold-harmless clause, the statement that is acceptable to NSHE and the State of Nevada is one that states:

“To the extent limited in accordance with NRS 41.0305 to NRS 41.039, (Institution*) shall indemnify, defend, and hold harmless (name of other party) from and against any and all liabilities, claims, losses, lawsuits, judgments, and/or expenses, including attorney fees, arising either directly or indirectly from any act or failure to act by (Institution) or any of its officers or employees, which may occur during or which may arise out of the performance of this Agreement. (Institution) will assert the defense of sovereign immunity as appropriate in all cases, including malpractice and indemnity actions. (Institution’s) indemnity obligation for actions sounding in tort is limited in accordance with the provisions of NRS 41.035 to \$100,000.00 per cause of action.”

*Or other appropriate term representing the Board of Regents, NSHE, or one of the institutions of NSHE as used in the contract.

It is recognized that contracts that are written by the other party may not have a “hold-harmless” clause that follows exactly the required form. Provided such hold-harmless clauses state that they are conditioned “To the extent limited in accordance with NRS 41.0305 to NRS 41.039,” and provided they are limited to the acts or omissions in the course and scope of the public duties of NSHE and its officers, employees or agents, such language is acceptable. If a hold-harmless clause does not have this language, then it must be added before the contract is signed, and any language to the contrary stricken.

Except as provided below, no other form of hold-harmless clause than the statement provided above shall be authorized or accepted by NSHE. Contracts containing hold-harmless clauses using language other than that stated above will not be approved or signed by the Chancellor or the Chancellor’s designee, nor should such other hold-harmless clauses be placed in the contracts signed at the institutional level except as provided herein. Other persons who have been delegated contract signature authority as provided herein are not authorized to sign any contracts containing a hold-harmless clause that is not in the form stated herein or as otherwise approved as provided below. The attached standard form agreements have indemnity language that is approved for use.

There will be no exceptions to this policy except as stated herein and except as specifically authorized by the institution General Counsel or System counsel for good cause shown.

NOTE: It is not generally the policy of NSHE to volunteer to put a hold-harmless clause in a contract that benefits the other party to the contract. Only where the other party requests such a clause should it be included. Also, whenever a hold-harmless clause is required by the other party, then NSHE must insist on a mutual hold-harmless clause that benefits NSHE, its officers, and employees. Such a mutual hold-harmless clause should be in the following form:

“(Contracting party) shall indemnify, defend, and hold harmless NSHE, its officers, employees, and agents from and against any and all liabilities, claims, losses, costs or expenses to the person or property of another, lawsuits, judgments, and/or expenses, including attorney fees, arising either directly or indirectly from any act or failure to act by (contracting party) or any of its officers or employees, which may occur during or which may arise out of the performance of this Agreement.”

Q 23 How does insurance present a problem for NSHE contracts?

A Contracts should typically include standard insurance requirements for any party doing business with NSHE appropriate to the risks involved. Any exceptions should only be with the approval of the institution/Risk Manager and the institution/System counsel as the case may be.

Other parties may likewise require insurance. Unless an institution is prepared to pay expensive commercial insurance coverage, a contract provision that requires NSHE to have commercial general, business automobile, or professional liability insurance (other than medical malpractice) is not possible, as NSHE is self-insured for these coverages. The contractor should be informed of this and, if needed, a certificate of self-insurance may be supplied by the institution Risk Manager. Contract terms that require NSHE to have commercial general and business automobile liability insurance must either be deleted from NSHE contracts or, alternatively, the following language may be added in lieu of such provisions:

“The (Board of Regents, University, College or other appropriate name) is self-insured in accordance with the limitations of NRS 41.0305 to NRS 41.039.”

Education Affiliation Agreements. The insurance and indemnification clauses in all education affiliation agreements must be approved by the institution Risk Manager and the institution General Counsel’s Office. The language contained in NSHE standard form Education Affiliation Agreements is approved for use by all institutions and units. **NOTE:** The language for medical school and allied health affiliation agreements is not the same. Be sure the correct insurance or indemnification clauses are selected.

Independent Contractor Agreements. NSHE standard form Contract for Services of Independent Contractor includes an Insurance Schedule setting forth various types of insurance that may be required of contractors with NSHE. The insurance requirements for workers’ compensation, commercial general, and business automobile liability are mandatory in all independent contractor agreements. Whether other insurance should be required will depend on the subject matter and circumstances of each contract. Contact your institution/Risk Manager with any questions regarding insurance provisions.

Q 24 What is NSHE policy on determining which state’s law applies to a contract?

A Contracts frequently provide that a contract is subject to the law of a particular state. It is NSHE’s policy that if a contract is to be performed in Nevada, the contract must be subject to Nevada law. If a contract is to be performed outside the State of Nevada, NSHE would still prefer that Nevada law apply to the contract, but has no objection if the law of the state where the contract is to be performed is applicable to the contract. The application of this section shall be subject to the guidance and approval of the institution General Counsel’s Office’s as to whether this clause can be revised or eliminated in appropriate cases. It is preferable to eliminate the clause altogether, rather than to agree to have the laws of another state apply to the contract. The following language is recommended for choice of law:

The parties agree that the laws of the State of Nevada shall govern the validity, construction, interpretation, and effect of this contract. Any and all disputes arising out of or in connection with the contract shall be litigated only in the ___Judicial District Court in and for the County of ____, State of Nevada, and (*name of contractor*) hereby expressly consents to the jurisdiction of said court.

Q 25 Is there special language that must be included in nuclear waste repository research grants or contracts?

A Yes. The location of a nuclear waste repository in Nevada is a highly controversial and politically charged issue. A number of highly placed public officials, as well as news media organizations, have criticized NSHE for entering into these contracts. The Board of Regents, however, has strongly supported the academic freedom of NSHE institutions and faculty to contract to perform research in this field.

The matter is complicated by the opinion of the Nevada Attorney General that by contracting with the United States Government or its contractors for research on the nuclear waste repository site, NSHE, as an instrumentality of the State of Nevada, may indirectly waive the State of Nevada's objections to the location of a nuclear waste repository in Nevada. Although the System General Counsel's Office is not persuaded by this argument, nevertheless, as a matter of prudence, the issue must be addressed in NSHE's contracts.

Therefore, the following language must be included in every nuclear waste repository research contract (or grant) entered into between NSHE and the United States government or a contractor of the United States government:

"The parties to this contract expressly agree that neither the making or entering into of this contract, nor the terms, conditions or performance of this contract, shall be considered by the United States, the State of Nevada or any of their agencies, officers, employees or agents, either expressly or impliedly, directly or indirectly, or in any way whatsoever, as constituting the consent, permission or agreement of the State of Nevada or its legislature, agencies, officers, employees and agents to the location, establishment or creation of a nuclear waste repository site in Nevada."

Q 26 Is there any provision which must be included in an open-ended or indefinite term contract?

A Yes. Every open-ended or indefinite term contract must contain a mutual no-cause cancellation or termination clause. An appropriate notification period should be included as part of the cancellation or termination clause.

It is also recommended that NSHE institutions periodically review open-ended or indefinite term contracts on a regular basis to determine if the continuation or the cancellation of the contract is in order.

Q 27 Is there special language that must be included in the event of non-appropriation of funds?

A Yes. Every contract with a term beyond the current biennial budget cycle that may be paid in whole or in part with state funds must have a clause allowing termination without penalties in the event the Legislature fails to provide funding for the contract obligation. The reason for such a clause is grounded in state law because if a clause is not included, the contract may impact the constitutional debt limitations of the State of Nevada. The following language is recommended:

“In the event no funds or insufficient funds are appropriated and budgeted or are otherwise unavailable in any fiscal period for payments due under this Agreement, then this Agreement shall terminate on the last day of the fiscal period for which appropriations were received without penalty or expense to (Institution) of any kind whatsoever.”

Minor modifications of this language may be approved by institution/System counsel as long as the intent of such a clause is satisfied.

If a contract provides that the NSHE may terminate the contract for convenience (i.e. without cause) with a short notice period (suggested no more than 90 days), then an appropriation clause is not required as NSHE may simply use that clause to terminate a contract that has not received legislative funding.

Q28 What is “HIPAA?”

A “HIPAA” is an acronym for the federal Health Insurance Portability and Accountability Act of 1996. Contracts with certain health care entities or providers must contain provisions to ensure compliance with HIPAA healthcare privacy requirements. Contact the institution General Counsel’s Office or the System General Counsel’s Office to determine what language is needed.

Q 29 What are some of the other frequent problems that arise with NSHE contracts?

A Sometimes a contract is simply ambiguous in its terms, indefinite as to time of performance, fails to state the consideration, fails to identify the parties, or fails in some other necessary element. No contract may be signed without resolving these matters.

Contract review exists for the purpose of protecting NSHE and its employees, not for the purpose of delaying a project or blocking payment for work already done. In this connection, it should be emphasized that work on a project should not be begun prior to the signing of a contract for that work.

Q 30 Can work begin on a project before a contract is formally signed?

A No, except with prior approval as discussed below, because it is possible beginning work on a proposed contract would be interpreted by a court as constituting acceptance of the contract and, thus, binding upon NSHE, especially if the other party was aware work was proceeding. Only the Chancellor, however, or the Chancellor’s designee in the specific instances defined in this policy document, has the authority to enter into contracts on behalf of the System. Therefore, such de facto acceptance of the offer of the other contracting party may place the employee who thus accepts the offer in the position of being in violation of the Board of Regents Bylaws and policies.

There is, in addition, the risk that the other party did not understand the verbal agreement exactly as the NSHE negotiator did and that, in the absence of a written instrument, disputes might arise as to some aspect of the work to be performed. Anyone who performs work without a valid contract runs the risk of not being paid.

The only exception to this policy is in specific instances where it is in the best interests of the institution to initiate the work before the contract is fully executed and where the institution has adopted a procedure for approval of the commencement of work before the contract is fully executed. In such cases, the institution must accept full financial responsibility should the contract not be executed or should payment from the outside source be denied. In situations where work has begun prior to the formal contract

execution, it is appropriate to commence the contract effective on the date the parties began to mutually comply with its provisions, irrespective of the date of execution of signatures.

Q 31 Where must copies of NSHE contracts be filed?

A Copies of all contracts entered into by an NSHE institution pursuant to a delegation of authority must be kept in a secure and accessible location at the institution in question or at an established archive. In addition, a copy of any contract signed by the Chancellor shall be kept at the Chancellor's Office or at an established archive.

Q 32 How many copies must be made of each contract?

A Institutions sending a contract to the Chancellor for signature must include one extra copy of the contract for the Chancellor's Office files that is marked "Chancellor's copy" or "System copy." Both copies must contain flags on all pages requiring the Chancellor's signature.

Q 33 How long must copies of NSHE contracts be kept?

A Copies of NSHE contracts must be kept for a period of no less than six years after the expiration of the contract.

Section 4. General Guidelines for Physical Master Plans to be Incorporated into the NSHE Master Plan

1. a. The Campus Master Plan should provide the Board of Regents with the means to adopt policies and make decisions allowing for the orderly development of each institution. The plan should address existing physical sites and, if appropriate, new sites.
 - b. The plan should support the educational philosophy, the missions and goals for each institution. The plan must be consistent with educational information and data furnished by the institution regarding existing and proposed curricula and programs, methods of instruction, and existing and projected student enrollment.
2. Demographic projections of the institution and the community should be considered.
3. Each plan should be consistent with NSHE space utilization standards and should include plans for the use of existing buildings and facilities.
4. Each plan should include a consideration and discussion of the site to determine the potential for development, and it should also deal specifically with the physical problem areas of the campus. It should include consideration and discussion of landscaping, utilities, communication, and computing systems.
5. Each plan should include a consideration and discussion of community planning, including an analysis of existing and proposed physical, environmental, and governmental conditions in the vicinity of the campus. The environmental impact of the plan should be addressed.
6. Each plan should include a consideration and discussion of both pedestrian and vehicle traffic, and of policies governing parking, housing, recreation, safety, and cultural and social facilities.

Section 5. Capital Improvements and Facilities Management

1. Life Cycle Cost Analyses

The following general procedures and divisions of responsibility shall govern institutional requests for new buildings as they relate to quantifying the future costs to maintain and operate the facilities as required by Board policy.

- a. Effective with the 2013 capital budget cycle, each pre-award proposal for a new building shall include a standardized Life Cycle Cost Analysis as part of the total project cost estimate developed by the State Public Works Board. In order to ensure the Life Cycle Cost Analysis produces meaningful information for the Board of Regents to assess the future costs of a new building should construction be pursued, NSHE shall provide updates to the drivers used by the State Public Works Board to calculate the future cost of the facility. The updates provided by NSHE shall include current, nationally recognized standard expenses associated with operating the facility according to the size and type of building, adjusted for localized building and operational conditions.

- b. Effective with the 2013 capital budget cycle, proposals for new buildings in the post-planning and design phases shall include detailed Life Cycle Cost Analysis submitted as a supplement to the capital improvement proposal. In completing the detailed Life Cycle Cost Analysis, institutions may use third-party solutions in order to maximize the planning and scheduling of the ongoing maintenance, capital renewal, and operational expenses that may be incurred during the useful life of the new facility.

(Added 6/10)

Section 6. Codification of Fair Labor Practices in Contracts for Products that Bear any NSHE Logo (formerly CM 98-3)

At its October 1-2, 1998 meeting, the Board of Regents approved language to be included in contracts with vendors supplying any entity of the NSHE with products that bear a campus or NSHE logo. Please distribute this procedure with the Board approved language that follows to appropriate staff on your campus. Please be sure that it is incorporated in the orientation and training of all current and new employees involved in the processing of contracts.

Licensee hereby certifies that it complies with all applicable labor, product safety, and occupational health laws and regulations, and that no child (under 14 years old) labor or involuntary labor is used, either domestically or abroad, in its manufacturing process, including assembly and packaging.

Licensee acknowledges and agrees that Licensor may cancel all current purchase orders, with impunity, in the event Licensee is found to not be in compliance with applicable labor, product safety, and occupational health laws and regulations, or in the event that Licensee is found to have used child or involuntary labor in its manufacturing process, including assembly and packaging.

Licensees may certify their compliance either by including the two clauses above in the contract with Licensor or by sending a separate document, in the above terms, to Licensor. The NSHE will not conduct business with vendors who do not comply with this certification.

(Added 6/05)

Section 7. Accounting Procedures for State Supported Summer Session Nursing and Nursing Prerequisite Courses

State general fund support is provided through the NSHE funding formula for the undergraduate summer session nursing and science-based nursing prerequisite courses. Formula funding is determined by projecting student full time equivalent (SFTE) enrollments of nursing students registered in applicable summer session courses and by applying the enrollments in the formula to determine the budgeted revenue and expenditure levels.

Calendar year summer session reported SFTE enrollments will be added to the subsequent Fall semester reported SFTE enrollments for purposes of determining the academic fiscal year actual annualized SFTE enrollments and also for purposes of determining the three year weighted average growth rate required to apply against the most current actual annualized SFTE enrollments when projecting student FTE enrollments for the NSHE state biennial budget requests.

Summer Session Nursing Registration Fee Determination

Summer session nursing students registered in nursing and science-based nursing prerequisite courses will be assessed the same per credit registration fee assessed for all other summer session courses, which currently is the previous spring semester Board of Regents approved per credit registration fee plus the Board approved Summer Session Registration Fee (Chapter 7, NSHE *Procedures and Guidelines Manual*).

Summer Session Nursing Registration Fee Revenue and Expenditure Accounting

A portion of the registration fee revenue collected from 'nursing' students registered in nursing courses and from the five science-based nursing prerequisite courses needs to be transferred and distributed to the state revenue budget and the other non-state revenue budgets the same as those collected and distributed in the standard Fall and Spring terms and reflected in the *Board of Regents Handbook*, on or after December 31st each year.

To determine the registration fee revenue amount to be transferred annually, from the summer session revenue collection account to the state revenue collection account, multiply the approved summer session per credit registration fee amount, less the Board of Regents' approved Summer Session Registration Fee, against the total credit hours posted for the SFTE enrollments reported in the NSHE official summer session enrollment report.

The applicable costs associated with faculty salaries and operating costs, required to provide instructional services for the SFTE nursing enrollments reported, need to be transferred annually to the appropriate state budget account.

Summer Session Salary Schedules - State Supported Courses

Normal academic year full-time and part-time salary schedules apply for summer session state supported instructional faculty positions.

Section 8. Operating Cost-Savings Measure

Nevada Revised Statutes (NRS) Chapter 333A address the requirements and procedures for operating cost-saving measure procurements including energy efficiency and Leadership in Energy and Environmental Design (LEED) project initiatives. NSHE institutions considering projects of this nature must ensure compliance with applicable statutes. For initiatives involving operating cost-saving measures, both state and non-state funded, the following procedures apply:

- a. Projects involving operating cost-saving measures must be initiated and managed by the institutional facilities management organization in accordance with applicable NRS requirements.
- b. Contracts with qualified service companies, including performance contracts, must be awarded through the institutional purchasing organization or the applicable Business Center.
- c. Contracts with a qualified service company, including performance contracts, must conform to NRS requirements outlined in the Energy Retrofit Checklist to ensure procurement steps and prevailing wage requirements are addressed. Confirmation of compliance must be demonstrated with an identifying signature and date.

- d. Performance contract modifications are not to be executed if the modifications violate the cost neutrality provisions of the NRS 333A.090(5) “unless approval of the change order is more economically feasible than termination of the operating cost-savings measure.” Determination to execute a change order will be approved by the chief business officer or Business Center upon the written recommendation of the institutional facilities officer.
- e. Multiple operating cost-savings measures may be bundled into one performance contract if the aggregate savings when compared to the aggregate costs per fund source (state and/or non-state) are in compliance with the cost-neutrality provisions of *NRS*.
- f. Multi-year contracts with qualified service companies may be permitted if the total contract term does not exceed three years. Extensions to the term of the contract for a period not to exceed six years in total may be approved by the Chancellor upon the recommendation of the institutional business officer or Business Center.
- g. NSHE institutions that employ a certified energy manager or a registered professional engineer (mechanical) may use those individuals to satisfy the *NRS* 333A.086(1) requirements for a third-party consultant “...to work on behalf of the using agency in coordination with the qualified service company.”

NEVADA SYSTEM OF HIGHER EDUCATION
Checklist to be followed for each Operating Cost-savings Measure

(rev April 4, 2006)

This checklist certifies that the energy retrofit project described in the attached Agreement fully complies with the requirements of *Nevada Revised Statutes* Chapter 333A. It specifically certifies the following items have been accomplished:

AGENCY NAME: _____

CONTRACT TERM: _____

- _____ Identify potential operating cost savings measures.
- _____ Determine need to engage a Qualified Service Company (QSCO).
- _____ If QSCO services are required contact the State Energy Coordinator requesting permission to issue an RFP for an energy “partner”.
- _____ Determine whether project scope warrants engaging a long-term (up to 3 years) energy “partner”, or if the project scope is small enough to utilize a project-specific QSCO.
- _____ Engage an QSCO per requirements in NRS Chapter 333A to include:
 - 1- Measurement and verification of savings to be accomplished as follows:
 - Lighting – at conclusion of project HVAC – annually for minimum of 5 years as defined by the agency Energy Coordinator or Professional Mechanical Engineer.
- _____ Review projected savings and determine whether or not savings will amortize a cash-neutral lease within the time allowed by NRS Chapter 333A (up to 15 years).
 - 1- Multiple operating cost-savings measures may be bundled into one performance contract provided the aggregate savings compared to the aggregate costs per fund source, state and/or non-state, meet the cost neutrality provisions of the NRS.
- _____ If savings result in cash-neutral lease, prepare a proposal for review by Agency Review Team.
- _____ Schedule a review meeting with the Review Team.
- _____ Determine feasibility of project and approve or disapprove.
- _____ If project is approved by Review Team, schedule a further, more detailed review with QSCO and the Review Team.

- _____ If project is further approved, proceed with the following:
- _____ Prepare bid documents with QSCO's input and review.
- _____ Advertise project for construction.
- _____ Determine successful bidder(s).
- _____ Award bid contingent on financing being approved by leasing/finance company.
- _____ Issue a "Letter of Intent" to the successful bidder(s) with a copy to the QSCO with instructions "NOT TO PROCEED" until a purchase order is issued by the Agency.
- _____ Obtain leasing/financing paperwork from the leasing/finance company, and submit with construction contract to the Purchasing Department.
- _____ Review construction and leasing/financing contracts, and forward to Chancellor's office for review and approval. (Chancellor's approval is required on all changes or additions to the Master Financing/Lease contract because of the total dollar amount of the financing/lease, and the fact that the Chancellor signed the Master Financing or Lease Agreement).
- _____ Send the financing/lease paperwork back to the finance/leasing company for signature.
- _____ Notify QSCO when signed documents have been received back from the financing or leasing company.
- _____ Issue a purchase order (authorization to proceed) to the QSCO.
- _____ Provide Agency Facilities Department with construction drawings for review and approval.
- _____ Review construction drawings and note any changes or deficiencies. Return drawings and comments to contractors.
- _____ Monitor project progress, and provide Review Team with periodic project progress reports.
- _____ Approve periodic payments based upon successful installation of equipment and systems.
- _____ Upon project completion, provide savings measurement and verification report for review by Facilities Maintenance engineering staff.
- _____ Review savings measurement and verification report and ensure that proposed savings have been achieved.
- _____ If proposed savings have been achieved, close out project.
- _____ Review annual measurement and verification reports, if applicable.
- _____ If proposed savings have NOT been achieved, determine cause and correct.

Section 9. Purchasing Card Program Best Practices

The following represent best practices associated with the P-card program to which each NSHE institution shall adhere:

1. Each institution shall have a specific department and personnel assigned the responsibility and authority for management of their P-Card program, with adequate staffing to support the operation.
2. Each institution shall establish an appropriate regular audit/review process for P-Card transactions to help ensure adequate operations of the program and to address errors/problems. The review process must include standard exception management reporting and other appropriate methods to regularly monitor P-card activities for potential abuses/errors, including regular reviews/evaluations of any "structured" transactions (planned and sequenced uses that circumvent existing parameters of operation for the program).
3. Each institution shall require adequate training for P-Card holders before they are issued a card. Following training P-Card holders must be issued a user's manual and sign for that manual, noting they understand their responsibilities and authority associated with the use of the P-card. Additionally, each institution shall send out regular reminders to card-holders noting key requirements and responsibilities (preferably with an updated "Quick Guide" pocket summary on proper uses of the P-Card).
4. Each institution shall establish time periods to review and update the user's manual at least annually.
5. Each institution shall ensure that all policies and procedures established are consistent with Board of Regents' and Chancellor's purchasing requirements.
6. Security provisions need to be adequate, including requiring a password change at least every 90 days.
7. Each institution must have an adequate and timely process to ensure that when employees leave the institution (voluntarily or otherwise) their card is collected and/or deactivated.
8. On at least a monthly basis a supervisory review and approval of the electronic account statement for card-holder activity shall be formally completed. If the President (or lower officer which has received delegation from the President to approve host expenses under Chapter 5, Section 1) has previously approved host expenses, the officer is not required to also review and approve P-Card statements that include hosting expenses.
9. The electronic account statement shall be used to collect the business purpose summary of purchases (as back-up to the itemized receipt or invoice).
10. Only the authorized cardholder may use their card, and it shall not be loaned to another individual. Institutions may consider "departmental" cards for specific situations where the card may be used in an effective and controlled manner.
11. Each institution shall have a process to review and control the P-card limits for each user (transaction limits and monthly limits) that match the user needs, and are balanced against existing controls. One overall institutional limit is prohibited. The institution shall have a process to review all limits on at least an annual basis, and adjust as appropriate.

12. Each P-card shall have the following printed on the face: "Tax Exempt – For Business Use Only"; the institutional Tax ID #; and the institution's name (e.g. "UNR").
 13. Each institution shall have an adequate policy enforcement for significant abuses to P-card uses, which may include suspension and/or deactivation of its use.
 14. Each institution must have an adequate process to ensure that equipment purchased with the P-card meets all tagging requirements.
 15. Each institution shall review the MCC codes to insure cards may not be used at inappropriate vendors/types of businesses.
- (Added 5/07, A. 6/11, 12/14)

Section 10. Payment Card Industry (PCI) Compliance Procedures

1. Payment Card Industry (PCI) compliance must be completed on a consistent, System-wide basis. Annually, System staff will review transaction data with NSHE's merchant service providers and determine which compliance level is applicable to the System. System controllers will be notified of any changes in classification or compliance procedures.
 - a. Scans are required from institutions that accept, transmit and/or store any cardholder data. The scans must be performed by a certified Qualified Security Assessor and/or a PCI approved scanning vendor. Institutions that are in scope for scan, as determined by the PCI, must upload a quarterly scan within five business days after the end of the quarter using the portal provided by the merchant services provider. A copy of the scan in PDF format must be submitted to the Banking & Investment Department at the time of upload.
 - b. All institutions must complete the appropriate Self-Assessment Questionnaire (SAQ) form annually for the prior calendar year. The completed form must be signed by the campus business officer and submitted to the Banking & Investment Department by January 25th. As NSHE functions under one tax ID number, the System will complete and submit one consolidated SAQ form for NSHE to the merchant service providers.
2. Gateways: Incorrect gateway selection or set-up can impact institutional compliance with the PCI. Prior to acquiring gateway, institutions shall provide vendor information to System staff who will verify with the merchant bank that the gateway is PCI compliant.

(Added 12/13)

Section 11. Travel

Employee Travel

1. NSHE follows the travel regulations for employee travel established by the State of Nevada Board of Examiners, unless otherwise stated below. Documentation is required to be attached to the travel claim when exceptions are granted to the standard hotel rates as stated in *State Administrative Manual* Sections 0212.0 and 0214.0. When flying, additional fees such as an upgrade to the Business Select level, early bird check-in, flight insurance, or fees for more than one checked bag, etc. will not be reimbursed to the traveler. TSA pre-check or similar fees will not be reimbursed.

2. The State Board of Examiners requires each agency to establish regulations controlling the hours and conditions during which an employee will be allowed to claim meals. Time limitations for meal reimbursements when in travel status (both in-state and out-of-state travel) for NSHE employees, students, volunteers, and candidates are as follows:

	Meal Time Frames
Breakfast:	12:01 a.m. – 10:00 a.m.
Lunch:	10:01 a.m. – 3:00 p.m.
Dinner:	3:01 p.m. – 12:00 a.m.

(formerly CM 02-02)

Breakfast per diem will not be reimbursed for travelers who depart their home city after 9:00 a.m. Dinner per diem will not be reimbursed for travelers who return to their home city before 5:00 p.m.

3. When an employee travels 75 miles or less (one way), for a period of less than 24 hours, the employee is not entitled to receive reimbursement for meals for the day. The employee is entitled to reimbursement for mileage at the rates stated in the *State Administrative Manual*.
4. Unless specifically authorized in writing by the employee's supervisor for the employer's convenience, an employee who makes a single trip greater than 200 miles shall use a State Motor Pool vehicle or a rental car instead of a personal vehicle for such travel if either option is less expensive than use of a personal vehicle. If a personal vehicle is used for the employee's convenience, the employee will be reimbursed at the convenience rate as established by the State of Nevada.
5. An employee whose travel is funded by a federal grant or contract shall comply with the provisions of the Fly America Act, 49 U.S.C. § 40118, and the requirements of 41 CFR Part 301-10.

Employee Lodging:

NSHE institutions may make exceptions to the rate of reimbursement for lodging when one or more of the following applies:

1. Lodging is procured at a prearranged place such as a hotel when a meeting, conference or training session is held or;
2. Costs have escalated because of special events; lodging within prescribed allowances cannot be obtained nearby; and costs to commute to/from the nearby location exceed the cost savings from occupying less expensive lodging. If the condition(s) above exist, employee may apply the following rules to the rate of reimbursement for travel:
 - a. 150% of the standard CONUS federal per diem rate for non-surveyed in-state sites.
 - b. 175% of the federal per diem rate for surveyed out-of-state sites or;
 - c. 300% of the standard CONUS federal per diem rate for non-surveyed out-of-state sites.
3. As otherwise approved by the Chancellor, a Vice Chancellor, institution President or a person(s) delegated by him/her, or the Chief of Staff to the Board of Regents for BoR staff travel.

A request for exemption must be noted on the travel claim.

Section 12. Intangible Asset Policy

1. An asset must possess all of the following characteristics before it is considered an intangible asset for financial reporting purposes:
 - Lacks physical substance;
 - Be nonfinancial in nature;
 - Has a useful life extending beyond a single reporting period; and
 - Has not been created or acquired primarily for the purpose of directly obtaining income or profit.

Goodwill, although intangible in nature, is not considered an intangible asset.

2. The threshold for capitalization for purchased intangible assets will be \$250,000 and the threshold for capitalization for internally generated assets will be \$500,000

1. For internally generated intangible assets other than software, only outlays incurred subsequent to meeting the criteria below will be capitalized:
 - The specific objective of the project and the nature of the service capacity that is expected to be provided by the intangible asset must be known;
 - The technical or technological feasibility for completing the project must be demonstrated so that the intangible asset will provide its expected service capacity;
 - Evidence that the current intention, ability and effort will result in the completion or continuation of the development of the intangible asset.

Outlays prior to meeting all three of the above criteria will be expensed.

2. Internally generated software can include software that was developed in-house by the entity's personnel or by a third-party contractor on behalf of the entity. However, commercially generated software will be considered internally generated if it is modified using more than incremental effort before it is made operational.
3. Only outlays that meet the threshold and meet both of the following criteria will be capitalized:
 - The preliminary project stage is complete; and
 - Management implicitly or explicitly authorizes and commits to funding, at least currently, in the event of a multi-year project.
4. Costs that should not be capitalized:
 - Preliminary costs such as conceptual formulation and evaluation of alternatives and final selection of alternatives for the development of software
 - Post implementation/operational costs such as application training and software maintenance
5. Modifications of computer software must meet one of the following to be added to the cost of the original software as a betterment:
 - Increase functionality of the software which allows software to do tasks it couldn't do before
 - Increase efficiency which allows the software to increase the level of service provided by the software without the ability to perform additional tasks
 - Extend its estimated useful life

If the modification doesn't meet one of the above – then the outlay should be expensed as maintenance.

6. Land use rights assets such as easements, water rights, timber rights and mineral rights will not be reported as a separate intangible asset if the rights were purchased with the associated land.

Intellectual rights assets if acquired primarily to earn income are not intangible assets and will be reported as investments.

7. Intangible assets will be amortized over the useful life of the asset. The life should not exceed the period to which the service capacity is limited by contractual or legal provisions. Software and trademarks may have their lives limited by obsolescence.

Renewal periods may be considered when determining the useful life if there is evidence the entity will seek and be able to renew the current contract. Renewal fees must be nominal in relation to the level of service capacity expected to be obtained through the renewal.

An intangible asset will be considered to possess an indefinite useful life if there are no legal, contractual, regulative or technical factors that limit its useful life. Indefinite useful life intangible assets are not amortized. An example of an indefinite life asset is a permanent right-of-way easement.

8. Intangible assets are subject to the same impairment indicators as other capital assets and follow GASB Statement 42: Accounting Financial Reporting for the Impairment of Capital Assets and for Insurance Recoveries. In addition to those indicators, a common indicator of impairment for internally generated intangible assets is development stoppage. Internally generated assets impaired from development stoppage will be reported at the lower of carrying value or fair value.

(Added 4/11)

Section 13. Capital Improvement Policy

1. NSHE capitalizes all expenditures for constructing a new building. For the purposes of this policy, capitalization is defined as the act of recording an expenditure or contribution that may benefit a future period as an asset rather than treating the expenditure as an expense of the period in which it occurs. Additionally, major improvements, additions, or major building alterations that involve an expenditure of at least \$250,000 for System institutions with net capital assets valued at \$50,000,000 or greater or \$100,000 for all other System institutions, that are not recurring in nature, and that usually increase the use value (efficiency, productivity, or use utility) or the useful life of the building beyond what it was before the alterations, are also treated as capital improvements. If any of these expenditures do not meet the definition of a capital improvement or do not reach the minimum capitalization threshold, they should be expensed.
2. For construction of new buildings or major improvements or alterations to existing buildings, the amounts to be capitalized include (1) the contract price of construction, including any contract changes; (2) architectural fees and services; (3) expenditures incurred in remodeling, reconditioning, and making the building suitable for the intended purpose; and (4) interest incurred during the period of time required to complete and prepare the asset for its intended use.
3. Major improvements should be distinguished from ordinary repairs that maintain the existing asset in normal operating condition and are expensed immediately. Ordinary repairs are recurring in nature and are normally small relative to the value of the asset; they do not materially add to the use value of the asset, and do not substantially extend its operational life.
4. Additions are new construction, acquisitions and extensions, enlargements, or expansions made to an existing asset. Additions are capitalized because they are considered to be extraordinary or major alterations. Also, work done on the existing asset to accommodate the addition should be regarded as part of the cost of the addition and capitalized.
5. Replacements and improvements are substitutions of a part of an asset for another. While replacement is the substitution of an asset of basically the same type and performance capabilities, improvement is the substitution of a better asset with superior performance capabilities. Replacements are considered as ordinary repairs and maintenance and are expensed when incurred.

6. Reinstallation and rearrangement costs are usually incurred to increase efficiency in production or reduce production costs and if their benefit extends beyond the current accounting period, they should be capitalized; otherwise they should be expensed as incurred.
 7. Ancillary costs associated with preparing the property for its intended use should be capitalized.
 8. A building's shell may be segregated from each building component and each item depreciated over its estimated useful life or the entire building may be treated as a single asset and depreciated over a single useful life. The component life for the shell shall be 40 years, fixed equipment shall be 15 years, systems/services shall be 15 years, finishes/fixtures shall be 10 years and the roof shall be 15 years.
 9. Salvage or residual value is an estimate of the amount that will be realized at the end of the useful life of a depreciable asset through sale or other disposal. Salvage value should generally not be utilized in calculating depreciation.

Section 14. Athletic Coach and Director Agreements, Checklist and Guidelines

A. Athletic Coach and Athletic Director Contract Guidelines

1. **Appointments.** Appointments of Athletic Coaches, Assistant Coaches and Athletic Directors shall be made in accordance with Title 4, Chapter 24, Section 10 and these Guidelines.
2. **Changes to Template Language.** The approved templates shall be used for Athletic Coach, Assistant Coach and Athletic Director contracts. The contract terms may be varied by negotiation only in accordance with the provisions of Title 4, Chapter 24, Section 10 and these Guidelines. It is anticipated that not all of the template terms may be appropriate for assistant coach contracts. However, the institutions should try to minimize revisions. Changes to the template language for head basketball and football coach contracts must be justified in writing as an attachment to the Contract Checklist, which must be submitted to the Chancellor and the Chief of Staff of the Board of Regents within 24 hours after the execution of any employment contract.
3. **Term of the Contract:** Long term contracts create huge potential liquidated damages and other monetary liabilities for the institution. The institution must address its ability to pay for those potential liabilities as part of the certifications and disclosures required under Title 4, Chapter 24, Section 10.
Note: The revisions to Title 4, Chapter 24 require the President to submit certifications and disclosures to the Chancellor and Chief of Staff of the Board of Regents.
4. **Contract Checklist.** The Contract Checklist shall be completed and submitted to the Chancellor and Chief of Staff of the Board of Regents for head basketball and football coach contracts within 24 hours of the execution of a contract.
5. **Diversity Efforts.** The institution shall provide written information regarding its efforts to obtain a diverse pool of candidates as an attachment to the Contract Checklist. An outside review of the institution process may be used.

HEAD COACH EMPLOYMENT AGREEMENT
between
Board of Regents of the Nevada System of Higher Education,
on behalf of
the University of _____
and

This Head Coach Employment Agreement (this "Agreement") is effective this ____ day of _____, 201_ (the "Effective Date") by and between the Board of Regents of the Nevada System of Higher Education, on behalf of the University of _____ (the "University"), and _____ (the "Head Coach" or the "Employee").

ARTICLE 1 – PURPOSE

The University and the Head Coach have entered into this Agreement because the University desires to contract the Employee for the period set forth in Article 3 with the Employee's assurance that Employee will serve the entire term of this Agreement, a long-term commitment by the Employee being critical to the University's desire to run a stable athletic program. The University and the Employee agree that head coaches of intercollegiate athletic teams at the University conduct their professional activities under circumstances unique in the University community and among University employees, including evaluation and scrutiny of program performance by the public and the news media and control by external rules and regulations, including without limitation the rules and regulations of the National Collegiate Athletic Association ("NCAA") and the athletic conference of which the University is a member (the "Conference"). These circumstances justify job security and commitment by the Employee longer than one year but less than a continuous appointment. The Employee desires to obtain the opportunities of employment with the University which are set forth in this Agreement. For these reasons, the University has agreed to employ the Employee and the Employee has promised to be employed by the University upon the terms and conditions set out in this Agreement.

ARTICLE 2 – PUBLIC DOCUMENT

The parties agree that this Agreement is a public document and that the University may release copies of this Agreement to persons requesting the same.

ARTICLE 3 – TERM OF EMPLOYMENT, NOTICE OF NON-RENEWAL, MANDATORY BACKGROUND CHECK, AND EMPLOYEE'S CERTIFICATION OF TRUTH AND ACCURACY OF MATERIALS AND REPRESENTATIONS

3.1. TERM OF EMPLOYMENT

The Employee's employment hereunder shall commence on the Effective Date and shall continue until this Agreement terminates upon the close of business at the University on ____ , _____, (the "Term"), provided, that this provision is subject to the terms and conditions of Article 6 hereof concerning termination and Article 7 hereof concerning restrictions on competition, and neither party shall have any right to terminate this Agreement prior to the close of business at the University on ____ , _____, except as provided therein.

3.2. NOTICE OF NON-RENEWAL

THE PARTIES TO THIS AGREEMENT EXPRESSLY UNDERSTAND AND AGREE THAT THE PROVISIONS OF THIS ARTICLE CONSTITUTE THE NOTICE TO THE EMPLOYEE OF THE NONRENEWAL OF EMPLOYMENT AT THE UNIVERSITY AND THAT EMPLOYEE'S EMPLOYMENT WILL TERMINATE UPON THE CLOSE OF BUSINESS AT THE UNIVERSITY ON THE DATE SET FORTH IN THIS ARTICLE 3, AND THAT, NOTWITHSTANDING ANY PROVISION OF THE NEVADA SYSTEM OF HIGHER EDUCATION ("NSHE") CODE (BOARD OF REGENTS' HANDBOOK, TITLE 2) (HEREINAFTER, "NSHE CODE") TO THE CONTRARY, NO OTHER NOTICE OF NONRENEWAL OF EMPLOYMENT SHALL BE REQUIRED.

3.3. MANDATORY BACKGROUND CHECK

Employee is subject to a mandatory background check to be undertaken by the University and completed within thirty (30) days of the Effective Date of this Agreement. Employee's academic degrees and credentials must be confirmed, and Employee's NCAA compliance record reviewed and accepted by Employer before the Agreement is signed. Employee's failure to pass the background check to the satisfaction of the University, in its sole reasonable discretion, invalidates and voids this Agreement and results in immediate termination for cause. Following initial employment, Employee is subject to and hereby consents to additional background check(s) at the University's discretion at any time during employment. Employee's failure to pass any background check to the satisfaction of the University, in its sole reasonable discretion, for reasons that would constitute cause for discipline under Paragraph 6.1.c or cause for termination of the contract, invalidates and voids this Agreement and results in immediate termination for cause.

3.4. EMPLOYEE'S CERTIFICATION OF TRUTH AND ACCURACY OF MATERIALS AND REPRESENTATIONS

Employee does hereby certify and declare that Employee's application materials, including but not limited to resumes and curriculum vitae submitted in support of candidacy for or continuation of employment are a true and accurate representation of Employee's education, credentials, qualifications, experience, and background and acknowledges that falsification of employment applications or documents submitted to the NSHE, or making other false or fraudulent representations in securing or maintaining employment is prohibited. Falsification or misrepresentation of education, credentials, qualifications, experience, or background and/or evidence that degrees offered in support of candidacy for or continuation of employment have been issued from non-accredited institutions, in University's sole reasonable discretion, invalidates the employment contract and voids this Agreement and results in immediate termination for cause.

In no event shall the Employee accept or receive directly or indirectly any monies, benefit or any other gratuity whatsoever from any person, corporation, University booster club or alumni association or other benefactor if such action would violate: (1) the laws of the State of Nevada; (2) the NSHE Code, any other provisions of the NSHE Board of Regents Handbook, or rules or policies of the University or its Board of Regents; or (3) NCAA legislation or the constitution, bylaws, rules and regulations, or interpretations thereof, or of the Conference, as now or hereafter enacted. Changes or amendments of such laws, legislation, constitution, bylaws, policies, rules and regulations or interpretations thereof shall automatically apply to this Agreement without the necessity of a written modification of this Agreement or of notification to Employee.

5.8.a.3. University Approval is Required

The Employee shall obtain the advance written approval of the University's President, through the Athletic Director or supervisor, before entering into any agreements to receive outside income, which approval shall not be unreasonably withheld.

5.8.a.4. University is Not Liable

EMPLOYEE HEREBY EXPRESSLY RELEASES UNIVERSITY, ITS REGENTS, OFFICERS, EMPLOYEE'S AND AGENTS FROM ANY AND ALL CLAIMS FOR THE LOSS OF ANY COLLATERAL BUSINESS OPPORTUNITIES OR ANY OTHER BENEFITS, PERQUISITES OR INCOME RESULTING FROM ANY OUTSIDE ACTIVITIES OF EMPLOYEE.

5.8.b. Commercial Endorsement

Subject to the provisions of Article 5.8.a hereof, the University and the Employee agree that the Employee may undertake commercial endorsements of products and services in which Employee is identified as the Head Coach of the Program, but that Employee may not otherwise associate the University's name with an endorsement and provided that all such endorsements must cease at the termination of this Agreement or at such time as Employee stops serving as Head Coach of the Program.

5.8.c. Income from Written and Video Materials

Subject to the provisions of Article 5.8.a hereof, the Employee may write and release books and magazine and newspaper articles, columns or video productions in connection with Employee's position as Head Coach of the Program. The Employee agrees to act in a professional manner in all such matters and shall in no way disparage the Nevada System of Higher Education, the University, their activities, programs, regents, officers, employees or agents.

5.8.d. Summer Camp

Subject to the provisions of Article 5.8.a hereof and subject to the availability of the facilities in question, for so long as the Employee serves as Head Coach of the Program, the Employee shall have the opportunity to use University facilities in connection with a summer camp run by the Employee and using Employee's name, along with Employee's identification as the Head Coach of the Program, provided that the University is reimbursed by Employee for its actual and overhead expenses incurred in making the facilities available, and upon such conditions as may be required from time to time by the University's administration. For all camps and/or clinics the Employee may conduct, the Employee shall comply with all applicable NSHE and child protection policies. In addition, for all camps and/or clinics Employee may conduct, Employee shall purchase comprehensive general liability insurance with limits

set forth by the University and which shall name the Board of Regents of the Nevada System of Higher Education as an additional insured. Prior to the commencement of such camps and/or clinics, Employee shall provide the Athletic Director or supervisor with certificates of insurance evidencing such insurance. The University may waive the insurance requirements if it is determined in the best interest of the University to conduct the camps and/or clinics through a division or department of the University. Any profits made by the Employee from this enterprise, after deducting any fees that may be due to the University for conducting the camps and/or clinics through a division or department of the University, shall be retained by him solely. Employee may direct the University to distribute this supplemental compensation, or a part thereof, to Employee's assistant coaches as supplemental compensation to them upon the written approval of the Athletic Director or Employee's supervisor. Employee shall hold harmless and defend University from any and all liability arising from any camp Employee conducts.

ARTICLE 6 – TERMINATION

6.1 Termination by University

The Employee recognizes that Employee's promise to remain as Head Coach of the Program through the entire Term is of the essence of this Agreement to the University. It is also recognized, however, that certain limited circumstances may make it appropriate for the University to terminate this Agreement prior to the completion of its entire term, as follows:

6.1.a. Termination Without Cause

At any time after commencement of this Agreement, University, for its own convenience, may terminate this Agreement by giving ten (10) calendar days prior written notice to Employee and may immediately place Employee on paid administrative leave. The provisions of Title 2, Chapter 6, Section 6.5 do not apply to the University's decision to place Employee on administrative leave as provided in this Article 6.1.a. The termination shall be effective no earlier than ten (10) calendar days after receipt of the written notice of termination. If the University terminates this Agreement for convenience, the University shall pay to Employee, as liquidated damages and not a penalty, the following sum calculated as of the effective date of termination:

6.1.a.1.

Except as set forth in subsections 6.1.a.2 and 3, below, in the event that University terminates this Agreement for its own convenience between the Effective Date and _____, University shall pay Employee as liquidated damages and not a penalty, an amount equal to Employee's Base Salary as defined in Article 5.1 of this Agreement, excluding all deductions required by law, payable monthly until the expiration of the Term, or in accordance with a payment schedule agreed upon by the President of the University and the Employee in writing.

Employee shall be entitled to no other compensation or fringe benefits, except as otherwise required by law.

6.1.a.2.

The parties have both been represented by, or had the opportunity to consult with, legal counsel in the negotiations of this Agreement and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Employee may lose certain benefits, supplemental compensation, or outside compensation relating to Employee's employment with University, which damages are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by University is Employee's sole remedy and the acceptance thereof by Employee shall constitute adequate and reasonable compensation to Employee for the damages and injury suffered by Employee because of such termination by University. The liquidated damages are not, and shall not be construed to be, a penalty.

6.1.a.3.

Notwithstanding the liquidated damages provisions of this Article 6.1.a, the Employee agrees to mitigate the University's obligations to pay liquidated damages by making reasonable and diligent efforts to obtain employment; such employment includes, but is not limited to, any head or assistant coaching or other athletic position with, or consulting or other services of any kind provided to, or any volunteer position with, any school, college, university, professional or semi-professional athletic team or any athletic conference, organization, league or association, or any sports-related position or volunteer position, or services provided or volunteered to any sports-related entity, including without limitation any media entity. Failure to reasonably and diligently seek other employment shall relieve the University of its obligation to pay liquidated damages under this Article. After the Employee obtains such new employment or volunteer position, the University's financial obligations under this Agreement, including payment of liquidated damages, ceases. Employee shall inform the University in writing immediately upon acceptance of new employment or volunteer position.

6.1.b. Automatic Termination upon Death or Disability of Employee

This Agreement terminates upon the Employee's death. Notwithstanding any provision of the NSHE Code to the contrary, in addition to any benefits which may be paid to the estate of the deceased Employee from insurance, retirement or any other source, the University shall pay to the Employee's estate the Employee's salary through the day death occurred, together with one-twelfth of the Employee's base salary.

Upon total or permanent disability of the Employee, within the meaning of the University's disability insurance for employees, the Employee is required to first use all unused, accrued sick leave and, if applicable, annual leave or other leave authorized under University policies. Upon the expiration of such leave or the period of six (6) months, whichever comes last, this Agreement shall automatically terminate and the Employee shall be entitled to benefits as provided by the University's long-term disability insurance coverage. Benefits provided under this Article are calculated on the Base Salary as set forth in Article 5.1 of this Agreement.

6.1.c. Termination by University for Cause

The University shall have the right to terminate this Agreement for cause at any time. In the sole reasonable judgment of the University, the term "cause" shall include, any of the following:

1. Insubordination, including but not limited to, failure to follow instructions from the Athletic Director or designee consistent with the terms of this Agreement, failure to comply with Athletic Department policies and procedures, failure to perform material duties and responsibilities of Head Coach as specified in this employment agreement or as reviewed, assigned, and revised in accordance with Article 4.2 of this Agreement;
2. Deliberate and serious violations, of the duties outlined in Article 4.2 of this Agreement or refusal or unwillingness to perform such duties in good faith and to the best of the Employee's abilities;
3. Any conduct of the Employee in violation of any criminal statute of moral turpitude;
4. A serious or intentional violation of any law or of any policy, rule, regulation, constitutional provision, bylaw or interpretation of the University, the Nevada System of Higher Education, the NCAA or the Conference, which violation may, in the sole reasonable judgment of the University, reflect adversely upon the University or its Athletic Department, including any violation which may result in the University being sanctioned by the NCAA or the Conference, and including any violation which may have occurred during prior employment of the Employee at another NCAA member institution;
5. A serious or intentional violation of any law or of any policy, rule, regulation, constitutional provision, bylaw or interpretation of the University, the NCAA or the Conference, by Employee or student athletes in the Program, which violation may, in the sole reasonable judgment of the University, reflect adversely upon the University or the programs of its Athletic Department. This shall include, without limitation, any violation which may result in the University being sanctioned by the NCAA or the Conference, any may also include any violation which may have occurred during prior employment of the Employee at another NCAA member institution;
6. Conduct of the Employee which, in the sole reasonable judgment of the University, is seriously prejudicial to the best interests of the University or its Athletic Department, or which violated the University's mission;
7. Any behavior that brings Employee or University into public disrepute, contempt, scandal or ridicule or any behavior that would bring disfavor to the reputation or ethical standards of NSHE or the University;
8. Prolonged absence from duty without the written consent of the Athletic Director or designee;
9. Failure to take appropriate steps to achieve and maintain the minimum APR in any academic year as required by Article 4.2.c.8, including Employee's failure to require all athletes on the Program's team to follow all academic procedures established by the Athletic Department, and also including failure to propose and implement a written plan of action to achieve the minimum APR for the next academic year if the said minimum APR is not achieved in any academic year;
10. Breach of this Agreement;
11. Any cause adequate to sustain the termination of any other University employee under the provisions of NSHE Code, Title 2, Chapter 6; and/or
12. Overall unsatisfactory rating in the Employee's annual personnel evaluation for two (2) consecutive years.

6.1.d. Determination of Cause and Employee's Right to University Hearing

Notwithstanding any provisions of the NSHE Code, including but not limited to Title 2, Chapter 6, if in the sole reasonable judgment of the University, the Employee is found to be in violation of Board of Regents, University, NCAA or Conference rules and regulations, or provisions of this Agreement, including, but not limited to, the prohibitions set forth in Article 6.1.c hereof, while employed by the University, Employee may be terminated for cause. The Athletic Director shall provide a written

recommendation to the President of the University that Employee's be terminated for cause. The Employee shall be given a copy of the written recommendation, the opportunity to respond in writing and the opportunity for a meeting with the President prior to termination. With the approval of the President, the Athletic Director may immediately place Employee on paid administrative leave pending the President's determination regarding cause. The provisions of NSHE Code Title 2, Chapter 6, Section 6.5 do not apply to the decision to place Employee on administrative leave as provided in this paragraph.

The written recommendation to the President must describe the circumstances of the alleged prohibited conduct, the alleged violations, and may include any materials or documentation in support of the charges. Employee shall be provided a copy of the Athletic Director's written recommendation to the President, and within three (3) calendar days after receipt of the written recommendation, may submit a written response, with any supporting materials or documentation to the President and to the Athletic Director. Thereafter, the Athletic Director may submit a written reply to the President and the Employee within three (3) calendar days after receipt of the Employee's written response. The meeting with the President shall take place no later than two (2) calendar days after the Athletic Director submits any written reply. The President has sole and absolute discretion to extend any of these time periods. The Athletic Director shall attend the meeting between the Employee and the President. Employee may have an advisor present at the meeting with the President, but the advisor may not participate actively in the meeting. If Employee chooses to have an advisor present, the Athletic Director may also have an advisor present although the advisor may not participate actively in the meeting.

The President shall issue a written decision within a reasonable time after the meeting with the Employee. The decision of the President is final and not subject to any appeal, grievance or reconsideration. Employee acknowledges and agrees that the administrative process provided herein constitutes legal due process, and that no further administrative process in connection with Employee's termination for cause is required.

Notwithstanding any provision of the NSHE Code to the contrary, the written decision of the President terminating Employee pursuant to this Article 6.1.d may be considered public and may be released by University to the media or any other third party. Employee expressly agrees that, notwithstanding any NSHE Code provision to the contrary, the University shall be permitted to comment publicly regarding termination pursuant to this Article 6.1.d (including through public statements, press release, press conferences and in response to any public statements made by the Employee).

Employee further understands and agrees that in the event a termination is subsequently reversed or determined to be unfounded by a court of competent jurisdiction, the University has the right, in its sole and absolute discretion, to convert Employee's termination to a termination without cause in accordance with Article 6.1.a hereof.

6.1.e. University's Obligations Upon Termination for Cause

In the event this Agreement is terminated for cause in accordance with the provisions of Article 6.1.c and d hereof, as of the effective date of such termination, all of the University's obligations to the Employee under this Agreement subsequent to that date shall cease. In no case shall the University be liable to the Employee for the loss of any collateral or outside business opportunities or any other benefits, perquisites or income resulting from activities such as, but not limited to, camps, clinics, media appearances, apparel or shoe contracts, consulting relationships or from any other source whatsoever.

6.2 Termination by Employee

6.2.a. Termination for Convenience of Employee

The Employee understands that Employee's promise to remain employed as Head Coach for the entire Term is of the essence of this Agreement to the University. The Employee also understands that the University is making a highly valuable investment in Employee's continued employment by entering into this Agreement and that its investment would be lost were Employee to resign or otherwise terminate

employment with the University prior to the expiration of this Agreement. In recognition of these understandings, the parties agree that while the Employee may, nevertheless, terminate this Agreement prior to its normal expiration, such termination shall be only upon the following terms and conditions:

6.2.a.1. Written Notice of Termination

The Employee, for Employee's own convenience, may terminate this Agreement during its term by giving prior written notice to the University. Such termination shall be effective no earlier than ten (10) calendar days after receipt of the written notice unless otherwise agreed to by the parties in writing. Such termination by the Employee must occur at a time outside the Program's team's playing season and recruiting contact periods, as defined by the NCAA, so as to minimize the impact of such termination upon the Program.

6.2.a.2. Liquidated Damages

If the Employee terminates this Agreement for convenience, all obligations of the University shall cease as of the effective date of the termination, and the Employee or Employee's designee shall pay to the University, as liquidated damages and not a penalty, the following sums calculated as of the effective date of termination:

Employee shall pay to the University an amount equal to Employee's Base Salary as defined in Article 5.1 of this Agreement for the period remaining in the Term (partial months shall be prorated) and, in addition to this amount, the Employee shall also pay to the University:

- a. If the Employee terminates this Agreement for convenience between the Effective Date and the 2 year anniversary of the Effective Date, an amount equal to two times the amount of Employee's Base Salary as defined in Article 5.1;
- b. If the Employee terminates this Agreement for convenience between the 2 year anniversary of the Effective Date and the 3 year anniversary of the Effective Date, an amount equal to one and one-half times the amount of Employee's Base Salary as defined in Article 5.1; and
- c. If the Employee terminates this Agreement for convenience after the 3 year anniversary of the Effective Date, an amount equal to the entire remaining Base Salary due to Employee as set forth in Article 5.1 (partial months prorated).

The liquidated damages shall be due and payable within twenty (20) calendar days of the effective date of the termination, or in accordance with a payment schedule agreed upon by the President of the University and the Employee in writing, and any unpaid amount shall bear simple interest at a rate of eight (8) percent per annum until paid.

6.2.a.3. Not a Penalty

The parties have both been represented by, or had the opportunity to consult with, legal counsel in the negotiation of this Agreement and have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the University will incur administrative and recruiting costs in obtaining a replacement for Employee, that the University will lose the benefit of its investment in the Employee, and that the University may face potentially increased compensation costs if Employee terminates this Agreement for convenience, all of which amounts are extremely difficult to determine with certainty. The parties further agree that the payment of such liquidated damages by Employee is University's sole remedy and the acceptance thereof by

University shall constitute adequate and reasonable compensation to University for any and all damages and injury suffered by it because of such termination by Employee. The liquidated damages are not, and shall not be construed to be, a penalty.

6.2.b. Effect of Termination by Employee

If the Employee terminates this Agreement prior to its expiration pursuant to Article 6.2.a, all compensation and other obligations owed by the University to the Employee under this Agreement will be terminated on the effective date of the Employee's termination, except such sums as are earned by and are still owing to the Employee prior to the effective date of the Employee's termination. The provisions of this Article 6.2 shall be without prejudice to any right the University may have under applicable law.

In no case shall the University be liable to the Employee for the loss of any collateral business opportunities or any other benefits, perquisites or income resulting from activities such as but not limited to camps, clinics, media appearances, apparel or shoe contracts, consulting relationships or from any other sources whatever, that may ensue as a result of the Employee's termination of this Agreement.

ARTICLE 7 – RESTRICTIVE COVENANTS

7.1 Confidential Information

The parties agree that in the course of employment, Employee will have access to confidential information regarding the Athletic Department and its programs, including donor lists and donor information, which could be used by other institutions to place the Program's team at a competitive disadvantage. Employee shall not provide, and is prohibited from providing, any such confidential information to other institutions, their coaches, employees, student athletes, agents or representatives.

7.2 Other Employment Opportunities

The parties agree that should another coaching opportunity be presented to the Employee or should the Employee be interested in another position as a coach at any institution of higher education which is a member of the NCAA or the NAIA, or any team participating in any professional league or conference in the United States or elsewhere, requiring the performance of duties prior to the expiration of the Term or any extension hereof, the Employee shall immediately notify the Athletic Director in writing of such opportunity or interest.

ARTICLE 8 – MISCELLANEOUS

8.1 Assistant Coaches

Subject to such limitations as may be imposed from time to time by the NCAA or the Conference, the University shall provide the Program with up to the maximum permissible number of assistant coaches. The Employee shall have the authority to recommend the hiring and termination of assistant coaches for the Program, subject to the review of the University's Affirmative Action Officer and the Athletic Director and the approval of the President of the University, as the University's appointing authority, or the President's designee. All assistant coaches shall be University employees. It is understood that, except as may be provided in any other written employment agreement, assistant coaches are immediately responsible to the Employee, who will assign the duties of each of the assistant coaches, and that the Employee is responsible for the activities of such assistant coaches as those activities relate to the educational purposes and the athletic interests of the University. It is further understood, however, that the Employee and assistant coaches are additionally responsible to the Athletic Director for compliance with the policies of the University, including its Athletic Department, with the rules and regulations of the NCAA and the constitution, bylaws, rules, regulations, and all official interpretations thereof, and the rules and regulations of the Conference, as may be in effect from time to time.

8.2 Other Remedies

The Employee agrees to hold harmless and indemnify the University from any and all suits, claims, demands, damages, liability, costs and expenses, including attorneys' fees and costs, arising out of the Employee's performance of acts outside the scope of this Agreement, or for acts in pursuit of outside income as permitted by this Agreement, except such suits, claims or demands in which the Employee seeks to compel the University to comply with its obligations hereunder or in which the Employee seeks to enforce any remedies Employee may have hereunder. This Article 8.10 shall survive the termination for any reason of this Agreement.

8.11 University Retains All Materials and Records

All materials or articles of information including, without limitation, personnel and student athlete records, recruiting records, team information, films, statistics or any other material or data, furnished to the Employee by the University, developed by the Employee on behalf of the University or at the University direction or for the University's use, or otherwise in connection with the Employee's employment hereunder, are and shall remain the sole property of the University. Within two (2) calendar days after the Employee ceases to serve as Head Coach of the University's Program, after the expiration of the Term, or after this Agreement's earlier termination as provided herein, the Employee shall immediately cause any such materials in Employee's possession or control to be delivered to the University. DIRECTOR OF ATHLETICS EMPLOYMENT AGREEMENT

between

Board of Regents of the Nevada System of Higher Education,

on behalf of

the _____ (name of institution)

and

_____ (name of Director of Athletics)

This Director of Athletics Employment Agreement (this “**Agreement**”) is effective this ___ day of _____ (“**Effective Date**”), by and between the Board of Regents of the Nevada System of Higher Education (“**NSHE**”), on behalf of the _____ (the “**University**” or “**Employer**”), and _____ (the “**Director of Athletics**” “**Athletic Director**” or “**Employee**”). As further set forth in Article 8.3, this Agreement cancels and replaces, as of this effective date of this Agreement, any and all prior employment understandings and agreements between these two parties, including but not limited to the prior Employment Agreement for the period _____, and the extension of that Employment Agreement through _____, which was approved at the _____, meeting of the NSHE Board of Regents.

ARTICLE I – PURPOSE

The University and the Director of Athletics have entered into this Agreement because the University desires to contract the Employee for the period set forth in Article III with the Employee’s assurance that Employee will serve the entire term of this Agreement, a long-term commitment by the Employee being critical to the University’s desire to run a stable athletic department. The University and the Employee agree that the director of intercollegiate athletics at the University conducts professional activities under circumstances unique in the University community and among University employees, including evaluation and scrutiny of department performance by the public and the news media and control by external rules and regulations, including without limitation the rules and regulations of the National Collegiate Athletic Association (“**NCAA**”) and the athletic conference of which the University is a member (the “**Conference**”). These circumstances justify job security and commitment by the Employee longer than one year but less than a continuous appointment. The Employee desires to obtain the opportunities of employment with the University which are set forth in this Agreement. For these reasons, the Employer has agreed to employ the Employee and the Employee has promised to be employed upon the terms and conditions set out in this Agreement.

ARTICLE II – PUBLIC DOCUMENT

The parties agree that this Agreement is a public document and that the Employer may release copies of this Agreement to persons requesting the same.

ARTICLE III – TERM OF EMPLOYMENT. NOTICE OF NON-RENEWAL AND MANDATORY BACKGROUND CHECK

3.1 Term of Employment. The Employee’s employment hereunder shall commence _____ and shall continue until this Agreement terminates upon the close of business at the University on _____, (the “**Term**”), provided, that this provision is subject to the terms and conditions of Article VI hereof concerning termination and Article VII hereof concerning restrictions on competition, and neither party shall have any right to terminate this Agreement prior to the close of business at the University on _____, except as provided therein.

3.2 Nonrenewal. THE PARTIES TO THIS EMPLOYMENT AGREEMENT EXPRESSLY UNDERSTAND AND AGREE THAT THE PROVISIONS OF THIS ARTICLE CONSTITUTE THE NOTICE TO THE EMPLOYEE OF THE NONRENEWAL OF EMPLOYEE'S EMPLOYMENT AT THE UNIVERSITY AND THAT EMPLOYEE'S EMPLOYMENT WILL TERMINATE UPON THE CLOSE OF BUSINESS AT THE UNIVERSITY ON THE DATE SET FORTH IN THIS ARTICLE III, AND THAT, NOTWITHSTANDING ANY PROVISION OF THE NEVADA SYSTEM OF HIGHER EDUCATION CODE, TITLE 2, TO THE CONTRARY, NO OTHER NOTICE OF NONRENEWAL OF EMPLOYMENT SHALL BE REQUIRED.

3.3 MANDATORY BACKGROUND CHECK. Employee is subject to a mandatory background check to be undertaken by the University and completed within thirty (30) days of the Effective Date of this Agreement. Employee's academic degrees and credentials must be confirmed, and Employee's NCAA compliance record reviewed and accepted by Employer before the Agreement is signed. Employee's failure to pass the background check to the satisfaction of the University, in its sole reasonable discretion, invalidates and voids this Agreement and results in immediate termination for cause. Following initial employment, Employee is subject to and hereby consents to additional background check(s) at the University's discretion at any time during employment. Employee's failure to pass any background check to the satisfaction of the University, in its sole reasonable discretion, for reasons that would constitute cause for discipline or termination of the contract, invalidates and voids this Agreement and results in immediate termination for cause.

ARTICLE IV – POSITION

4.1 Employment As Director of Athletics

The Employee is hereby employed by the University and will serve in the position of the Director of Athletics. Throughout the Term of this Agreement, the Employee shall use Employee's best full-time energies and abilities for the exclusive benefit of the University. The following general terms and conditions shall apply to each case in which the Employee seeks to or makes arrangements for activities to earn outside income as a result of being Director of Athletics.

5.8.a.2 Laws and University, NCAA and Conference Rules Control

ARTICLE VI – TERMINATION

6.1 Termination by University

The Employee recognizes that Employee's promise to remain as Director of Athletics of the Program through the entire term of this Agreement is of the essence of this Agreement to the University. It is also recognized, however, that certain limited circumstances may make it appropriate for the University to terminate this Agreement prior to the completion of its entire term, as follows:

6.1.a Termination By University Without Cause

Notwithstanding any provision of the Code to the contrary, at any time after commencement of this Agreement, the University may terminate this Agreement without cause by giving ten (10) days' written notice to the Employee, such termination to become effective no earlier than ten (10) days after receipt of such written notice. In the event the University terminates this Agreement without cause, the University shall pay to the Employee, as liquidated damages, an amount equal to the Employee's Base Salary for the period remaining in the Term of this Agreement, to be paid on a monthly basis prorated over the remainder of the Term of this Agreement, or in accordance with a payment schedule agreed upon by the parties in writing. The University shall not be liable for any consequential damages or loss of any collateral business opportunities or any other benefits, perquisites, or income from any sources that might ensue as a result of the University's termination of this Agreement without cause and Employee hereby expressly waives any such claims against the University, its officers, employees and agents.

The parties have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Employee may lose certain benefits, supplemental compensation or outside compensation relating to Employee's employment at the University, which damages are extremely difficult to determine with certainty, or fairly or adequately. The parties further agree that payment of such liquidated damages by the University and acceptance thereof by the Employee shall constitute adequate and reasonable compensation to the Employee for damages and injury suffered because of such termination by the University. The foregoing shall not be, nor be construed to be, a penalty.

6.1.b Automatic Termination upon Death or Disability of Employee

This Agreement terminates upon the Employee's death. Notwithstanding any provision of the Code to the contrary, in addition to any benefits which may be paid to the estate of the deceased Employee from insurance, retirement or any other source, the University shall pay to the Employee's estate the Employee's salary through the day death occurred, plus any earned, accrued but unused annual leave, if applicable under University policies, together with one-twelfth of the Employee's base salary.

Upon total or permanent disability of the Employee, within the meaning of the University's disability insurance for employees, the Employee is required to first use all unused, accrued sick leave and, if applicable, annual leave or other leave authorized under University policies. Upon the expiration of such leave or the period of six (6) months, whichever comes last, this Agreement shall automatically terminate and the Employee shall be entitled to benefits as provided by the University's long-term disability insurance coverage. Benefits provided under this article are calculated on the Base Salary as set forth in Article 5.1 of this Agreement.

6.1.c Termination by University for Cause

The University shall have the right to terminate this Agreement for cause at any time. The term "cause" shall include, in addition to and as examples of its reasonable and customary meaning in employment contracts, any of the following:

1. Failure to perform the duties outlined in Article 4.2 of this Agreement or refusal or unwillingness to perform such duties in good faith and to the best of the Employee's abilities;

2. Material breach by Employee of any of the other terms and conditions of this Agreement;
3. Any conduct of the Employee in violation of any criminal statute of moral turpitude;
4. Any behavior of Employee that brings Employee into public disrepute, contempt, scandal or ridicule or any behavior that would bring disfavor to the reputation of the University;
5. Any serious or intentional violation of any law or of any policy, rule, regulation, constitutional provision, bylaw or interpretation of the University, the Nevada System of Higher Education, the NCAA or the Conference, which violation may, in the sole judgment of the University, reflect adversely upon the University or its Athletic Department. This shall include, without limitation, any violation which may result in the University being sanctioned by the NCAA or the Conference, and may also include any violation which may have occurred during prior employment of the Employee at another NCAA member institution;;
6. Any intentional violation, of which Employee knew or should have known, of any law or of any policy, rule, regulation, constitutional provision, bylaw or interpretation of the University, the NCAA or the Conference, which violation may, in the sole judgment of the University, reflect adversely upon the University or the programs of its Athletic Department, including any violation which may result in the University being sanctioned by the NCAA or the Conference;
7. Conduct of the Employee which, in the sole judgment of the University, is seriously prejudicial to the best interests of the University or its Athletic Department or which violates the University's mission;
8. Prolonged absence from duty without the written consent from the President; or
9. Any cause adequate to sustain the termination of any other University employee under the provisions of the NSHE Code, Title 2, Chapter 6.

6.1.d Determination of Cause and Employee's Right to University Hearing

Employee shall be entitled to all notices, hearings, procedures and appeals as are provided by the NSHE Code, Title 2, Chapter 6 for any disciplinary action against Employee.

6.1.e University's Obligations Upon Termination for Cause

In the event this Agreement is terminated for cause in accordance with the provisions of Article 6.1.c and d hereof, as of the effective date of such termination, all of the University's obligations to the Employee under this Agreement subsequent to that date shall cease. In no case shall the University be liable to the Employee for the loss of any collateral or outside business opportunities or any other benefits, perquisites or income resulting from activities such as, but not limited to, consulting relationships or from any other source whatsoever and Employee hereby expressly waives any such claims against University, its officers, employees or agents.

6.2 Termination by Employee

The Employee understands that Employee's promise to remain employed as Director of Athletics for the entire term of this Agreement is of the essence of this Agreement to the University. The Employee also understands that the University is making a highly valuable investment in Employee continued employment by entering into this Agreement and that its investment would be lost were Employee to resign or otherwise terminate Employee employment with the University prior to the expiration of this Agreement. In recognition of these understandings, the parties agree that while the Employee may, nevertheless, terminate this Agreement prior to its normal expiration, such termination shall be only upon the following terms and conditions:

6.2.a Written Notice

Notwithstanding any provision of the NSHE Code, Title 2 to the contrary and subject to the provisions of Article 7.1, at any time after commencement of this Agreement, the Employee may terminate this Agreement without cause by giving ten (10) days' written notice to the President, such termination to become effective no earlier than ten (10) days after receipt of such written notice.

6.2.b Liquidated Damages

If the Employee terminates this Agreement for convenience, then Employee or designee shall pay to the University, as liquidated damages and not a penalty, the following sum: an amount equal to the remaining base salary of the Employee as set forth in Section 5.1, excluding all deductions required by law. The liquidated damages shall be due and payable within twenty (20) calendar days of the effective date of the termination or in accordance with a payment schedule agreed upon by the parties in writing, and any unpaid amount shall bear simple interest at a rate eight (8) percent per annum until paid. The University shall not be liable for any consequential damages or loss of any collateral business opportunities or any other benefits, perquisites, or income from any sources that might ensue as a result of the Employee's termination of this Agreement without cause and Employee hereby expressly waives any such claims against the University, its officers, employees and agents.

The parties have bargained for and agreed to the foregoing liquidated damages provision, giving consideration to the fact that the Employee may lose certain benefits, supplemental compensation or outside compensation relating to Employee's employment at the University, which damages are extremely difficult to determine with certainty, or fairly or adequately. The parties further agree that payment of such liquidated damages by the Employee and acceptance thereof by the University shall constitute adequate and reasonable compensation to the University for damages and injury suffered because of such termination by the Employee. The foregoing shall not be, nor be construed to be, a penalty.

Section 15. Audit Related Procedures

NSHE institutions are subject to audits by internal and external auditors. Therefore, each institution shall develop procedures to manage these activities and include them in their institutional policies. The procedures should, at a minimum, address the following.

1. Meetings. Audits begin and end with entrance and exit meetings, respectively. Additional meeting may be necessary such as during audit fieldwork. The institution Business Officer shall provide guidance regarding the personnel that are responsible for attending audit meetings.
2. Field work. The auditors may work with various institutional personnel during audit field work depending on the scope of the review. The institution Business Officer shall provide general guidance regarding the personnel involved during audit field work.
3. Reports. Audit reports are issued at the conclusion of the audit process. The institution shall provide guidance regarding the personnel to whom reports shall be distributed. For external audits, including those from external grantors, the audit reports shall also be forwarded to the Chancellor and the NSHE Chief Internal Auditor.
4. Responses. Audit reports often require a response from institutions for the findings noted. The institution shall provide guidance regarding the personnel responsible for drafting, reviewing and approving the initial and follow-up responses to audit report findings.
5. Audit Committee. For audit reports presented to the Board of Regents Audit Committee, the institution Business Officer shall provide guidance regarding the personnel responsible for representing the institution at the audit committee meetings.
6. Monitoring. In general, audit findings are required to be monitored until they are resolved. The institution Business Officer shall develop a system for tracking and resolving audit findings and provide guidance regarding the personnel that will be responsible for this activity.

(Added 6/16)

Section 16. Electronic Payment Instruction Verification Policy

This policy was created specifically to address supply chain fraud which can occur when payments are diverted to an unintended bank account by fraudulent people or entities skilled at circumventing internal procedures designed to ensure that payments are routed correctly to legitimate suppliers.

The following steps must be taken in advance of setting up or changing electronic payment instructions:

- Validate all new electronic payment instruction requests received even if the request is internal.
- Contact the supplier or requester directly by phone to confirm any requests for payment method or payment instruction changes. Do not use the contact information provided on the request to change payment method or payment instructions; do use contact information known to be genuine such as the contact information in your master supplier file or information collected from the original contract.
- Verify the new information provided on the payment instructions provided with the known contact.

- Document the verification process that was followed to validate payment instructions. The person responsible for entering/updating wire instructions and the person approving new/updated wire instructions must approve the record of verification. A record of the verification must be maintained by the institution in accordance with record retention policies.

PROCEDURES AND GUIDELINES MANUAL**

CHAPTER 6

ACADEMIC PROCEDURES

Section 1. Academic Year

1. Campus academic calendars and proposed dates of commencements must be submitted to the Chancellor's Office no later than two years prior to the year in question.

Presidents are responsible for specifying the academic-year obligation for their academic-year faculty. The academic-year obligation defines the dates within which academic-year faculty should be available for assignment on-campus or off-campus. Presidents must submit to the Chancellor the academic-year obligation for their faculty no later than May 1st two years prior to the year in question. The Chancellor shall compile these data and make them available across the System.

2. For contractual and other appropriate purposes, the academic year is defined as the twelve-month period coinciding with the fiscal year from July 1 to June 30, inclusive. Such period contemplates observance of officially recognized national and state holidays and such other recesses of official on-campus and off-campus duty as may be established at any time by the Board of Regents.

(B/R 4/72, 3/98, 6/00; Added 6/05)

Section 2. Enrollment and Taxonomy Reporting Procedures

1. **Enrollment Reporting Timelines:** The enrollment counts for each institution will consist of a preliminary and final count of enrollment each semester. The preliminary count in the Fall and Spring semesters will be reported as of October 15 and March 15 respectively for the community colleges and as of the last day to drop/add at the universities and state college. The end-of-semester count for the fall semester must be taken on or before January 15 and reported to the Chancellor's Office no later than January 20. The end-of-semester count for the Spring semester must be taken on or before June 15 and reported to the Chancellor's Office no later than June 20. Enrollment counts will include unduplicated student headcount and student FTE for all state-supported courses.
2. **State-Supported Credit Hours:** Completions for resident students in NSHE courses are counted as state-supported student credit hours for the purpose of the funding formula for all academic credit courses that can be used to fulfill the requirements of a degree or certificate and where student fee revenue¹ is collected in support of the state operating budget.

¹ student fee revenue – registration fees & tuition are established by the Board of Regents. In order to meet the criteria for state support, institutions are required to charge Board approved tuition and fees per credit (Title 4, Ch. 17, Sec. 5). Special fees may be created to cover additional costs of instruction (lab fees, etc.). Fees can also be waived under special circumstances (see BOR policy Title 4, Chapter 17).

- Except at the universities, completed credit hours for resident students in credit-bearing² remedial/developmental courses³ and vocational training courses may also be counted as state-supported student credit hours as long as student fee revenue is collected in support of the state operating budget.
 - In cases where additional fees are required to cover special costs and are placed in a class fee account or a self-supporting budget, student credit hours may still be counted as long as the normal class revenues from resident students are collected in support of the state operating budget.
3. **Headcount:** Unduplicated headcount will be reported for all state-supported courses. The universities will also report a separate unduplicated headcount for professional schools (i.e. medical, law, and dental).
 4. **Summer Term:** Courses ending after June 10 and prior to the start date of the fall semester will be considered summer term courses. Summer term student credit hours are not state-supported, except for resident students completing nursing courses and science-based nursing prerequisites and major requirements (see additional information provided under Summer Nursing Enrollment).
 5. **Summer Nursing Enrollment:** Unduplicated headcount is reported to the Chancellor's Office for nursing and science-based prerequisite courses included in the state-supported budget. The following criteria will be followed in calculating and reporting these enrollments:
 - Institutions will report the enrollment of nursing students and pre-nursing students enrolled in undergraduate nursing courses, as well as science-based nursing prerequisites and major requirements⁴. Nursing courses included in enrollment counts must be requirements⁴ for an associate or baccalaureate degree. A record of educational intent or declaration of major must be auditable and stored within the student information system. Summer nursing FTE will be added to the subsequent fall semester for the purpose of the AAFTE calculation.
 - Resident student credit hours from undergraduate nursing courses and science-based nursing prerequisites/requirements will be included in the student credit hour totals for the purpose of the funding formula.
 - The official enrollment reporting date for Summer nursing enrollment will be an end-of-semester count occurring no later than August 31. Institutions must submit their enrollment to the System Office no later than September 15.
 6. **Enrollment Between Semesters:**
 - Enrollments in courses with an end date occurring after December 31 will be recorded in the following spring.
 - Enrollments in courses with a start date three weeks prior to the start date of the fall semester will be recorded in the following fall if the course is included on the fall semester transcript and credits are applied toward the fall semester load.

² credit-bearing (*def.*) Courses possessing at least one *unit of credit* (1 or more) signifying a quantification of student academic learning. One unit of credit typically represents fifteen hours of lecture or seat time (as defined by the Northwest Commission on Colleges and Universities).

³ remedial/development courses – English or math classes with course numbers less than 100.

⁴ science-based nursing prerequisites and major requirements refer to all courses belonging to the physical or biological sciences that are either prerequisites for entry into a nursing program or required courses within a nursing program (i.e. biology, chemistry, nutrition)

7. **FTE Calculations:** The following equations must be utilized when calculating state-supported FTE:
- Undergraduate level FTE - semester student credit hours generated in undergraduate level courses (course numbers 000 to 499) --regardless of student level -- divided by 15.
 - Master's level FTE - semester student credit hours in graduate-level courses (course numbers 500 and above) generated by non-doctoral students, divided by 12.
 - Doctoral level FTE - semester student credit hours in graduate-level courses (course numbers 500 and above) generated by doctoral students, divided by 9.

8. **Course Taxonomy Data:** On the official enrollment reporting date of each term, institutions will submit a file composed of individual student records, one record per student per course. Records should be created for all students enrolled in at least one credit-bearing course that qualifies as state-supported student credit hours. The total student credit hours reported in the file must equal the institution's official enrollment recorded for that term. System Administration is responsible for identifying all new course prefixes and applying initial coding.

The file must include the corresponding end of semester grade for each student record. A last date of attendance based on the last academically related activity for all "F" grades must be included. The last date of attendance shall be determined based on the guidelines established in the Federal Student Aid Return to Title IV regulations (34 Code of Federal Regulations 668.22).

Course enrollments included in the taxonomy file for validation with official headcount and FTE enrollment reports but subtracted from the student credit hour (SCH) calculations for the funding formula:

- a. Credit hours for courses with a grade of W, NR (not reported), or a blank grade;
 - b. Credit hours for courses taken by non-resident students. Non-resident students include Children of Alumni, Good Neighbor, WICHE/WUE and all other non-resident students (except research/teaching assistants and others granted temporary in-state status for tuition purposes); and
 - c. Credit hours for courses with F-grades are excluded when the last day of attendance is on or before the 60 percent date that is based on the guidelines established in the Federal Student Aid Return to Title IV regulations (34 Code of Federal Regulations 668.22).
9. **Institutional Documentation:** Institutions should develop a schedule and process for conducting periodic reviews of the courses included in student credit hours calculations and in the course taxonomy in order to ensure only appropriate courses are included in official state-supported student credit hours counts.
10. **Audit:** The end-of-term student credit hour enrollment and grades reported in the taxonomy files created pursuant to Subsection 9 will be audited each semester.
- a. System Administration will run an extract from each institution's live data to obtain a file for audit purposes on the end-of-semester count day established in Subsection 1. The extract file will be compared to the institutional taxonomy files for the purpose of this audit. Those institutions which use an end-of-semester count day other than that described in Subsection 1 shall notify System Administration at least one week prior to the selected date.

- b. Two exception reports will be produced based on this audit:
 - i. Differences in student credit hours (SCH) by course-level and CIP; and
 - ii. Differences in grades (including but not limited to W, blank or not reported grades, I, IP, and F grades with the last date of attendance).
 - c. Exception reports will be provided to the President and Chancellor and will require an institutional response to explain differences that exceed five percent of SCH reported in an institution's taxonomy file.
- (Added 6/05; A. 8/05, 3/06, 4/11, 10/12, 11/12, 9/13, 9/15, 9/16)

Section 3. Identification of Students with Documented Disabilities

For the purposes of state funding, each student enrolled at an NSHE institution with a documented disability must be identified in the institutional integrated data system. Periodically, institutions will be required to report to the Chief Financial Officer aggregate figures on the number of disabled students enrolled for the purposes of receiving state funds. An NSHE institution may maintain alternative counts of disabled students for institutional uses.

(Added 1/08)

Section 4. Race and Ethnicity Identification – Collection Purposes

1. Each NSHE institution shall collect student and employee race and ethnicity information in compliance with federal reporting requirements of the U.S. Department of Education. Institutions must use a two-question format to collect race and ethnicity data on all written and online applications for admission and employment as follows:

Question 1: Are you Hispanic or Latino? (A person of Cuban, Mexican, Puerto Rican, South or Central American, or other Spanish culture or origin, regardless of race.) Yes No

Question 2: Please select the racial category or categories with which you most closely identify by placing an "x" in the appropriate box. Check as many as apply.

- American Indian or Alaska Native
- Asian
- Black or African American
- Native Hawaiian or Other Pacific Islander
- White

2. This format is required to meet the U.S. Department of Education requirements for collection of all student and employee race and ethnicity information and is effective Fall 2009. Admission and employment applications may include definitions for each racial category as defined by the U.S. Department of Education. This does not preclude an institution from collecting additional information.
(Added 3/08; A. 12/08)

Section 5. Nevada High School Data Elements – Collection Purposes

1. Each NSHE institution shall collect the following data elements at the time of application for any student who attended a Nevada high school within five years of applying to an NSHE institution in compliance with the Board policy for uniform data collection necessary for establishing and maintaining the NSHE Data Warehouse (Title 4, Chapter 21):
 - a. High school student identification number;
 - b. High school last attended;
 - c. High school completion date in a month and year format (mm/dd/yyyy) when applicable;
 - d. High school completion type as defined by Chapter 389 of the *Nevada Administrative Code* to include type of certificate or diploma, including the General Educational Development test, when applicable; and
 - e. County of high school last attended.
2. The collection of data defined in subsection 1 does not preclude an institution from collecting additional information related to the Nevada high school attended.
(Added 12/08; A. 9/15)

Section 6. Universal Identification (UID)/NSHE ID – Procedure for Updating Student Information

1. The universal identification (UID), also known as the NSHE ID, is a set of data that will be synchronized across all NSHE institutions and will include the following data, as available:

Requests to add a student's social security number (SSN) or individual taxpayer identification number (ITIN) to a previously blank field may be submitted in person, by mail or fax, or electronically without the required NSHE Personal Identification Data change form if the student submits a completed and signed IRS W9 Form (Request for Taxpayer Identification Number and Certification).

3. Any change of student data related to the UID must be appropriately documented by the institution initiating the change. All such documentation must be stored by the initiating institution.
 - a. An institution may update a student's birth date with at least one of the following documents:

4. Applications received for a student with a definite match to a record at another institution(s) that contain UID data different from that already on record will follow the same procedures as in subsection 2. Until the required documentation is received by the new institution the student record will continue to display the existing UID data. The application will be processed and the student will receive a checklist item in self service for the required documentation.
5. Electronic (scanned) documents used in verifying student data changes will be retained permanently at the initiating institution and will be available to any NSHE institution at which the student enrolls.
6. For current employees, the Human Resources Management System (HRMS) is the system of record for both their employee and student records.
7. The Chancellor's Office will oversee and maintain UID fields for the purpose of determining which data fields may be synchronized across the System.
(Added 12/09; A. 6/10, 9/10, 3/14)

Section 7. Universal Identification – Required Application Statement for Students and Employees

The following statement must appear on all student application forms and employee personal data forms:

You are applying to an institution that is a member of the Nevada System of Higher Education (NSHE) and will be issued one identification number to be used at all NSHE institutions. (B/R 5/92; Added 6/05; A. 8/07)

Section 9. Evaluation Criteria for Baccalaureate Degree Program Proposals at NSHE Community Colleges (formerly CM 03-01)

The NSHE *Master Plan for Higher Education in Nevada* provides for “selected niche baccalaureate degrees” at community colleges. For purposes of this policy, such degrees can be defined as baccalaureate degrees that meet one or more of the following criteria:

- Promote the goals of the *Master Plan for Higher Education in Nevada*;
- Address a unique educational need of an identifiable population; and
- Enhance access to populations which otherwise would not be served due to geographic isolation or other barriers.

The proposal development and review process for the offering of potential baccalaureate degrees at NSHE community colleges is governed by Board of Regents’ policy found in Title 4, Chapter 14, of the Board of Regents *Handbook*.

To determine which baccalaureate programs will best meet the needs of the students and the state, proposed programs will be evaluated based on standard criteria as stated in this Chancellor’s Memorandum.

Community colleges interested in implementing new four-year degree programs must provide information on the feasibility of the program by submitting a written program proposal with supporting data and evidence that responds to the following topics or questions.

22. Address other internal impacts that you anticipate of introducing a four-year program at a two-year institution.

COMPLIANCE

23. Does the program comply with current statutory requirements of the institution?

24. Would the increase in program length require any change to current institutional requirements?
25. Would any changes to admission requirements be needed?

IMPLEMENTATION

26. Is there an existing associate degree base for the degree?
27. Will policy require that admission into the baccalaureate track be dependent upon first earning the associate degree? Please provide the policy.
28. Will the new program be eligible for a specialized program accreditation (i.e., ABET or NCATE)?
29. Will it need to be accredited either to interface with other programs within the NSHE or for graduates to have optimal employment opportunities?
30. What is the plan for preparing and submitting a Substantive Change Proposal to the Commission on Colleges of the Northwest Association of Schools and Colleges?
31. What is the timeline for implementing the program?
32. Is the implementation schedule dependent upon receiving additional funding, hiring new faculty, remodeling facilities, or acquiring equipment? If so, are there alternative plans if some or all of that funding is not forthcoming?

Section 10. Review of New Study Abroad Student Programs

Formal Study Abroad programs, International Programs, affiliations or consortiums which involve students or faculty in another country for educational purposes in which academic credit is granted, shall be submitted to the NSHE Academic Affairs Council for a recommendation to the Chancellor for approval. (Faculty or student exchanges which involve a limited number of people for a period of less than one semester and international arrangements for the purposes of research are excluded from this policy.)

The format for consideration of such programs shall be as follows:

1. Title of proposed program, affiliation, or consortium;
2. Brief description of campus administration and oversight of the program, including rationale for conducting the program abroad;
3. Brief description of program and its faculty, including whether the program is to be developed by the campus or initiated through cooperative arrangements with other institutions;
4. Curriculum, including number of academic credits to be awarded, and their applicability to a degree in Nevada. Indicate if any courses are not part of a previously established program, or if it is anticipated the program will lead to a separate degree in the future;
5. Student selection criteria (GPA, language proficiency, specific majors);
6. Description of provisions for student health insurance coverage;
7. Effect on home campus: Faculty/staff replacements required;

8. Projected annual enrollment;
9. Facilities and equipment available for research and teaching at the study abroad location;
10. Resource Analysis: Indicate the estimated annual financial impact of the program to the campus.

Definitions:

- Affiliation: Two institutions of higher education working cooperatively to provide educational experiences for students and/or faculty. This term should indicate a formal agreement between the two institutions, which includes a basic outline of the goals of the cooperative arrangement.
- Consortium: Three or more institutions working cooperatively on one or more educational programs.
- Exchange: Student exchanges generally offer opportunities to study at a foreign institution without paying non-resident fees. This agreement allows two institutions to provide a specific number or an equal number of students the opportunity to study abroad at reduced costs. Some countries do not maintain hard currency. Therefore, exchange agreements would require a complete waiver of fees at both participating institutions.
- Faculty Exchange: Faculty from participating institutions can arrange to teach at the affiliated campus for a specific period of time. Arrangements for salary compensation vary widely.
- International Program: A formal agreement between two or more institutions to provide an organized educational opportunity for students and/or faculty to study abroad. Programs must include a supervised academic curriculum, which fulfills the requirements for course work at the credit-granting institution.

Section 11. Basic Agreement for Inter-Institutional Cooperation in Sponsored Programs

The basic agreement, by and between the participating institutions of the Nevada System of Higher Education (NSHE), is entered into for the purposes of facilitating inter-institutional cooperation in the funding and performance of sponsored programs.

- 1) NSHE institutions, in support of their individual missions, regularly enter into sponsored agreements (grants and contracts) with agencies of both the public and private sectors for projects of research, teaching, and public service.

- 2) An institution of NSHE will on occasion find it necessary and/or desirable to solicit the services and efforts of one or more other NSHE institutions in the performance of the work required under a particular agreement.
- 3) It is the responsibility of the institution which holds the prime agreement to maintain the highest possible standards of programmatic and fiscal accountability and to administer all subagreements in a timely, efficient, and equitable manner.
- 4) It is the responsibility of the institutions receiving subagreements to conform to certain provisions required by the prime agreement and provide full oversight, accountability and responsibility for the programmatic effort and funding under the subaward.

The parties of this basic agreement do mutually agree to the following:

SUBSECTION 1. DEFINITIONS

- 1) "Proposal" shall mean a formal, written request for funding to a sponsoring agency that has been reviewed by all participating institutions, approved by authorizing officials of the participating institutions, and submitted for agency review.
- 2) "Recipient" shall mean the institution (not an individual, department, or other organizational unit) that receives and administers the prime agreement.
- 3) "Subrecipient" shall mean the institution that receives a subaward from the recipient.
- 4) "Subaward" shall mean the proposed work and funding that is provided to the subrecipient by the recipient as approved under the recipient's prime agreement.
- 5) "Authorizing Official" shall mean an official authorized on behalf of the institution to approve the submission of proposals and accept any resulting sponsored project grants or contracts. NSHE policy designates institutional Presidents or their designees as Authorizing Officials for most sponsored projects.
- 6) "Negotiation" shall mean verbal or written communication between two or more parties concerning any proposed or pending agreement. Provisions agreed upon by the negotiating parties shall not become binding until approval of authorizing officials representing the participating institutions is secured.
- 7) "Prime agreement" shall mean the prime award grant or contract document.
- 8) "Prime sponsor" shall mean the sponsoring agency of the prime agreement.
- 9) "Subagreement" shall mean the written subaward agreement between the recipient and the subrecipient.
- 10) "Standard Form Agreement (SFA)" shall mean the Standard Form Agreement template developed by the Federal Demonstration Partnership (FDP) to which NSHE belongs. The template shall be the principal instrument for all federal and federal pass-through subagreements between NSHE institutions. In general, Standard Form Contracts include all federal contracts, State of Nevada Inter-local contracts, subawards that use federally approved templates, and the NSHE SFA.

SUBSECTION 2: ADMINISTRATIVE COORDINATION

Each participating institution agrees to designate administrative, financial, and programmatic points of contact for each subaward.

SUBSECTION 3: PRE-AWARD COORDINATION

- 1) **Proposal Preparation:** Institutions submitting proposals for external sponsorship which include proposed work with one or more other NSHE institutions agree to include the proposed subrecipient's statement of work and budget as separate items in the proposal. Prior to submitting the proposal, the submitting institution shall obtain approval of the subrecipient's proposal and budgets from the subrecipient Sponsored Programs/Grants Office or other appropriate official.
- 2) **Facilities & Administrative Costs (F&A) (formerly Indirect Cost):** The submitting institution agrees to include F&A costs in the proposed subagreement budget at the subrecipient's federally approved audited rate otherwise negotiated. The submitting institution will apply the appropriate F&A rate to the first \$25,000 of each subagreement if the rate is based on modified total direct costs.
- 3) **Subawards Resulting from Existing Projects or Informal Contracts with Funding Agencies:** Not all sponsored projects are the result of formal proposals and occasionally unanticipated requirements necessitate subcontracting from ongoing projects. The recipient institutions agree to work closely with Principal Investigators and appropriate contacts at the subrecipient institutions to negotiate mutually beneficial agreements for these types of awards and situations.
- 4) **Consulting Arrangements:** All potential consulting arrangements with individual NSHE employees must be in accordance with NSHE personnel policies and procedures. NSHE employees of one institution may not be appointed or paid as independent contractors at another NSHE institution. Payments to these employees must be subawarded to the employee's respective institution and paid as salary. Subawarded salaries shall include applicable fringe benefits and F&A costs.

SUBSECTION 4: APPROVAL AND ADMINISTRATION OF SUBAGREEMENTS

- 1) **Preaward Costs:** The majority of federal grants and cooperative agreements allow reimbursement of project related costs incurred up to 90 days prior to the effective date of the award. Prime recipients may approve such costs. Subrecipients anticipating a need for preaward costs shall coordinate with the prime recipient to avoid financial risk.
- 2) **NSHE Standard Form Agreement (SFA):** The agreement template is periodically modified, but current versions of all templates can be found at http://sites.nationalacademies.org/PGA/fdp/PGA_063626

The FDP SFA cover page contains basic information regarding the subaward and its wording may not be modified. Information relating to project performance, invoicing, and other requirements is to be included in the following standard form SFA attachments:

Attachment 1 - Certifications and Assurances.

These include Certification Regarding Lobbying; Debarment, Suspension, and other Responsibility Matters; and OMB Circular A-133 Assurance.

Attachment 2 - Prime Agreement & Other Special Provisions.

All flow-through provisions from the prime agreement are included or referenced in the attachment, as well as any special provisions that are required or have been negotiated. Versions of Attachment 2 specific to FDP member agencies may be downloaded from the site referenced above. For NSHE subawards, the following certification shall be added to all versions of Attachment 2.

This agreement is entered into and administered in accordance with the provisions of NSHE *Procedures and Guidelines Manual*, Chapter 6, Section 12: "Basic Agreement for Inter-Institutional Cooperation in Sponsored Programs." Both parties agree to the terms and conditions of this policy document agreed to by all NSHE institutions.

Attachment 3A - Prime Recipient Contacts.

Attachment 3B - Subrecipient Contacts.

Attachment 4 - Reporting Requirements.

Attachment 5 - Statement of Work & Budget (if applicable).

- 3) The Basic Agreement sets forth the general and special provisions that apply to all subagreements, the SFA shall include the essential elements of information which apply to the specific subagreement. The most current SFA template can be accessed on the FDP Subaward Agreement Forms web site http://sites.nationalacademies.org/PGA/fdp/PGA_063626 and becomes a part of the Basic Agreement. Subsequent to the approval of the Basic Agreement by the Chancellor, the SFA shall henceforth be considered as a Standard Form Contract.

Modifications and amendments to the NSHE SFA shall use the Modification Template from the FDP Subagreement Forms web site.

- 4) Processing and Approval of SFAs: Approval of the SFA shall be authorized at institutional level by the institutions' Presidents or their designee. For transactions of an administrative nature, not requiring formal agreement by both parties, the recipient may sign the document and enter "Signature of subrecipient not required" in the subrecipient's signature block.

SFA agreements, modifications, and related documents will be considered signed when a xerographically or electronically reproduced copy bearing the signature of one party's authorized official is transmitted to the other party. Such signatures shall be treated in all respects as having the same effect as an original signature.

Electronic transmission of SFA documents is the preferred method, and the PDF format is the preferred media for these documents. Scanning of documents should be done in a manner that minimizes file size. To expedite the processing of documents, the recipient should sign the documents prior to sending them to the subrecipient.

- 5) Contractual Relationships: The NSHE institutions which are parties to this agreement shall act as independent contractors. No party shall act as agent for or partner of another for any purpose whatsoever in the absence of prior contractual agreements. The recipient institution has total responsibility for successful performance of a prime agreement, and unless otherwise stipulated in the SFA, shall be the only party to deal directly with the prime sponsor. The recipient institution acts as a sponsoring agency to the subrecipient institution. It shall be understood by the subrecipient that standard references in any general and special provisions to prior approval by the prime sponsor include submission and preliminary approval by the recipient institution. Exceptions to this relationship shall be stipulated in Attachment 2 of the SFA.

SUBSECTION 5: BASIC AGREEMENT GENERAL CONSIDERATIONS

THE PARTIES TO THIS BASIC AGREEMENT agree to develop and negotiate in good faith subagreements that incorporate terms and conditions conforming to the intent of the following general considerations. Any of the following considerations not addressed or superseded by terms and conditions of the prime agreement and passed through to the subagreement shall be automatically incorporated into the subagreement as basic general provisions.

- 1) Rights in Publication: Unless otherwise restricted by the terms of the prime agreement, no agreement shall be entered into between NSHE institutions that restricts or forbids free publication of the results or research or other scholarly activity.
- 2) Intellectual Property Rights: Unless otherwise restricted by the terms of the prime agreement, ownership of intellectual property shall remain with the originating institution in accordance with the intellectual property provisions of the *Board of Regents Handbook*. If originated jointly, the parties agree to negotiate in good faith to establish their respective rights.
- 3) Publicity: Unless otherwise restricted by the terms of the prime agreement, any party desiring to issue any form of publicity in connection with its efforts on a mutual project shall inform the other party before any publicity release and give full consideration to the role and contributions of the other party.
- 4) Title to Permanent Equipment: Unless otherwise restricted by the terms of the prime agreement, title to equipment funded and purchased under a subagreement shall be vested in the subrecipient upon acquisition.
- 5) Termination: Unless otherwise stipulated by the terms of the prime agreement, or specifically stipulated in the subagreement, either party to a subagreement shall have the right to terminate the agreement upon at least 30 days written notice to the other party. All work accomplished through the date of termination shall be delivered to the recipient, and all allowable project reimbursed to the subrecipient.

Section 12. Program & Organizational Unit Proposals

GUIDELINES

Board policy dictates the creation of degrees, majors, programs, departments, or structural organizations must be approved by the Board of Regents. Flexibility is given to the institutions to implement minor changes without Board approval. In cases where there is an absence of

significant programmatic change, minimal impact to other NSHE institutions and clear adherence to approved institutional mission, institutions may seek approval through the Academic Affairs Council. Furthermore, Board policy establishes an accountability system whereby institutions are directed to provide periodic follow-up information on budget estimates and enrollment projections provided through the program proposal process.

Items Requiring Academic Affairs Council Approval Only

1. Certificates of at least 30 credit hours except for post baccalaureate certificates;
2. Certificates of at least 9 and less than 30 credit hours that provide preparation necessary to take state, national and/or industry recognized certification or licensing examinations (all other certificates of less than 30 credit hours, including post baccalaureate certificates, do not require AAC approval);
3. Study abroad programs;
4. Name change to a degree, major or primary field of study that is cosmetic in nature and does not result in a change in curriculum; and
5. Name change to an organizational unit that is cosmetic in nature.
6. Reactivation of a previously approved degree, major or primary field of study that was placed on hold (or deactivated) by the institution for less than five years since the effective date of the deactivation. The institution must provide appropriate written notice to the Board indicating the reactivation of the program. A deactivated program will be considered formally eliminated five years after the effective date of the deactivation.

Items Requiring Board of Regents Approval

The following items must be approved by the Academic Affairs Councils prior to being presented to the Board for approval:

1. Degree, major or primary field of study for baccalaureate, master's, and doctoral level programs (BA, BS, MA, MS, Ph.D, and named degrees);
2. Emphases, major or primary field of study within the bachelor of applied science (BAS);
3. Primary field of study within an associate of arts, an associate of science, and an associate of business (AA, AS, and AB);
4. Primary field of study within an associate of applied science (AAS);
5. Emphases, concentration, or options that are converted into a major;
6. Department, school, or college;
7. Organization unit, center, or institute;
8. Name change to a degree, major or primary field of study accompanied by a significant change in curriculum;
9. Degree-type change to a major or primary field of study (e.g., a BAS to a BA);
10. Name change to a department, school, or college that is the result of a significant reorganization of existing units, consolidation, or change in mission;
11. Name change to an organizational unit, center, or institute that is the result of a significant reorganization of existing units, consolidation, or change in mission;
12. Deletion of any degree, major, primary field of study, department, school or college, center, institute or other structural organization; and
13. Deactivation of a previously approved degree, major or primary field of study that an institution wishes to place on hold.

Items Not Requiring Academic Affairs or Board Approval

1. Emphases, concentrations and/or options within a degree (except for the emphases within a BAS that require Board approval); and
2. Post baccalaureate certificates of any duration.

Inventory of Approved Degrees and Certificates

The Vice Chancellor for Academic and Student Affairs shall maintain an inventory of all degrees and certificates approved by the Academic Affairs Council or the Board of Regents, including certificates that provide preparation necessary to take state, national and/or industry recognized certification or licensing examinations.

DEFINITIONS

Center – an organizational unit focusing primarily on research and scholarly activity where services are typically unrelated to internal administrative operations (for the purposes of new unit proposals this definition is the same as “institute”).

Certificate – an award granted certifying that certain training or educational requirements have been achieved.

College – collection of departments, can include schools, that grant degrees in particular fields (may also be known as a division).

Degree – the award given to graduates based on educational level. The basic levels include associate’s degree, bachelor’s degree, master’s degree, and doctorate. (AA, AS, AAS, BA, BS, BAS, MA, MS, Ph.D).

Department – division of a school or college focused in a particular academic area - reports to a unit other than another department, usually a college.

Diploma Requirements – diplomas can only recognize Board approved degrees and majors. This means that emphases/concentration/options that have not been approved by the Board cannot appear on a diploma. Transcripts, however, may include emphases/concentration/options.

Discipline – a distinct area of study, branch of instruction, or academic field.

Emphasis, Concentration, Option – a specific area or branch of study within a student’s major. For example: a student majoring in Animal Science may choose to pursue an emphasis (i.e. option or concentration) in Equine Sciences or Rangeland Livestock Production.

Institute – an organizational unit focusing primarily on research and scholarly activity where services are typically unrelated to internal administrative operations (this definition is the same as “center” and is intended only to be used for the purposes of new organizational unit proposals, primarily to distinguish between internal administrative “institutes” or “centers” occurring at the community college versus research oriented units occurring at the universities).

Major – the primary field of study within a degree characterizing the body of knowledge gained within a discipline.

Named Degree – the integration of a major title into a degree title. For example, a Master of Science in Nursing (MSN) is a named degree. Academic Affairs Council agreed in December 2004 that named degrees are only permitted in cases where accreditation, professional, or national recognition require it.

New Program Follow-up –Board policy establishes an accountability system whereby institutions are directed to provide periodic follow-up information on cost estimates and enrollment projections provided in the program proposal process (Title 4, Chapter 14, Section 5). Reports must be submitted following the third and fifth year of a program's existence.

Organizational Unit – a department, school, college, division, center, or institute

Primary Field of Study – a term used to describe the equivalent of a major within an associate degree or bachelor of applied science degree

School – generally associated with professional degrees, can be within colleges, depends upon discipline and national context, generally similar to a department but larger and usually has multiple areas representing different academic programs

Study Abroad – formal affiliation or consortium involving students or faculty in another country for educational purposes in which academic credit is granted. Faculty or student exchanges which involve a limited number of people for a period of less than one semester and international arrangements for the purposes of research are excluded from this definition. (Added 6/05; A. 3/06, 8/07, 4/09, 12/10, 9/11, 3/13, 9/14, 12/15, 12/17)

Section 13. Student Military Mobilization/Activation for NSHE Institutions

The Board of Regents recognizes that many of its students serve our country in the reserve forces of the U.S. Armed Services and in the Nevada National Guard. These students are subject to unforeseen mobilization or activation in response to local, regional, national, or international emergency situations. Emergency mobilization and activation will seriously disrupt these students' academic careers. It is the policy of the Board of Regents to minimize the effects of this disruption as much as possible. These procedures are established in accordance with Board policy (Title 4, Chapter 16), whereby the Chancellor shall develop procedures concerning the awarding of academic credit and grades, enrollment, scholarships, loans, and other appropriate matters intended to minimize the disruption of studies for a student and the student's spouse and dependents resulting from a call to active duty.

In order to qualify under the provisions of these policies, a student must present official military orders indicating his/her mobilization or activation to the Registrar, Dean of Students, Vice President for Student Life, or other appropriate university/college official. The student will be informed of the procedures to be followed. If, due to time constraints between the time of notification and the time of actual mobilization or activation, the student cannot present his/her orders as required, the parents, guardians, or spouse of the student may do so.

I. Awarding of Academic Credit/Grades

- A. Mobilization or activation during a regular semester or during summer sessions will result in the complete withdrawal of the student from the college or university without penalty and without a punitive grade. Course fees that have been paid will be refunded 100 percent exclusive of student insurance fees and other non-refundable fees. Room and board payments will be refunded on a pro-rated basis.
- B. Mobilization or activation within the last four weeks of the end of a regular semester (three to six class days for a summer session), will result in the student:
1. Choosing to withdraw from all courses in which the student is officially enrolled. In this case, course fees that have been paid will be refunded 100 percent exclusive of student insurance fees and other non-refundable fees. Room and board payments will be refunded on a pro-rated basis;
 2. Requesting, with the concurrence of the faculty of the affected courses in which the student is officially enrolled, to take an incomplete grade in some or all of these courses. Students are cautioned that prolonged absence may affect their ability to complete the coursework required for removal of incomplete grades. The student may choose to withdraw from some courses and request the grade of incomplete (with the course faculty's concurrence), in other courses. This option will result in a refund of that portion of course fees paid for those courses in which the student chooses to withdraw (other non-course fees will not be refunded).⁵ Room and board payments will be refunded on a pro-rated basis;
 3. Requesting, with the concurrence of the faculty of the affected courses in which the student is officially enrolled, to receive a final grade in some or all of the student's courses based upon the student's work in the course up to the date of mobilization or activation.⁶ With the concurrence of course faculty, the student may request incomplete grades in some courses, choose to withdraw from some courses, and request final grades based on coursework completed in some courses. This option will result in a refund of that portion of course fees paid for those courses the student chooses to withdraw from (other non-course fees are not refunded).⁷ Room and board payments will be refunded on a pro-rated basis; or
 4. Requesting, with concurrence of the faculty of the affected courses in which the student is officially enrolled, to take an early final examination in some courses in order that the faculty can determine a final course grade for the student. With the concurrence of course faculty, the student may request to receive a final grade based upon course work prior to the date of mobilization or activation in some

⁵ The amount that will not be refunded will be determined by the number of credit hours for which the student chooses to receive an incomplete (with concurrence of the faculty member).

⁶ In some courses where the grade is based entirely upon a final exam or final project (e.g. law courses), this option would not be available.

⁷ The amount that will not be refunded will be determined by the number of credit hours for which the student chooses to receive an incomplete or a final grade (with the concurrence of the faculty member).

courses⁸, request incomplete grades in some courses, choose to withdraw from some courses, and request early final exams in some courses. This option will result in a refund of that portion of course fees paid for those courses in which the student chooses to withdraw from (other non-course fees are not refunded).⁹ Room and board payments will be refunded on a pro-rated basis.

II. Time Limit for Removing Incomplete Grades

If the mobilized or activated student requests (with the concurrence of the course faculty involved) incomplete grades in all or some of the courses in which he/she is officially registered, the student shall have no longer than one year after conclusion of the term of active duty, to meet with university/college officials and establish a timetable for removing the incomplete grade(s).

III. Student Re-enrollment

When students whose higher education academic careers are interrupted by mobilization or activation re-enroll in the same institution within one year of completion of their term of active service, the college or university will make every possible effort to place these students back into their academic studies track as close as possible to the same place the student occupied when mobilized or activated. Any readmission application fee will be waived for those students. This will allow students to continue their academic studies with as little interruption as possible.

1. For students re-enrolling under circumstances as described above, every reasonable attempt should be made to give preferential enrollment into high demand courses necessary for them to continue their studies with as little interruption as possible. This is particularly necessary for students who are enrolled in curricula that require sequenced courses of study. Limited Entry Program administrators and faculty will strive to accommodate the needs of students on mobilization or activation within the criteria established through accreditation.
2. Time spent on mobilized or active duty should not be counted in determining the institution catalogs under which the student may meet curricular or degree requirements. That is, where an institution allows the student to choose the catalog in effect upon first entering the institution, as long as the student's attendance was continuous, or any subsequent catalog for a given period, the time while on active duty will not be counted. A person who, upon being offered separation from active duty, re-enlists or otherwise voluntarily extends active duty, retains the right of catalog choice only for the period of initial involuntary mobilization or involuntary active duty.
3. The time spent by graduate students on mobilized or active duty will be suspended from the "time-to-completion" requirements of the respective graduate programs.
4. If certain courses required in a student's curriculum are no longer taught at the time of re-enrollment, the institution shall make reasonable accommodations with substitute courses, independent study or other appropriate options.

⁸ In some courses where the grade is based entirely upon a final exam or final project (e.g. law courses), this option would not be available.

⁹ The amount that will not be refunded will be determined by the number of credit hours for which the student chooses to receive an incomplete or a final grade (with the concurrence of the faculty member).

5. In instances of substantial curriculum change during the period of mobilization or activation, the student's academic dean or department chair may work with the student and prescribe a special curriculum, not necessarily following any given catalog, which will assure proper preparation of the student for his/her respective profession.
6. If a student's curriculum no longer exists at the time of re-enrollment, the institution shall reasonably assist the student in changing to a new curriculum or transferring to an institution where the desired curriculum is available.

IV. Scholarships

If a student is mobilized or activated while holding a scholarship under the control of the college or university in which the student is enrolled, he/she should be aware that the scholarship check may have to be returned to the appropriate scholarship account from which it was drawn. Then, every effort shall be made to award the student this scholarship, an equivalent scholarship, or an alternative grant or grant-in-aid, upon re-enrolling after the student's period of active duty, so long as the student remains otherwise eligible. This provision is contingent upon funding availability and shall lapse if the student does not re-enroll in the college or university he/she was attending at the time of mobilization or activation within a one-year period from the time of separation from his/her active duty period.

V. Books

Since course textbooks change regularly, students who are mobilized or activated are strongly urged to sell those course textbooks they do not intend to keep for their personal collection at the time they leave the college or university. Colleges and universities should facilitate the purchase of these textbooks by the campus bookstore vendors.

VI. Student Grants and Loans

- A. If students who have received grants or loans for attending a college or university are mobilized or activated before the end of the semester, any course fees and other fees refunds, as well as room and board refunds, may have to be returned to the granting agency or applied toward retirement of the loan. Students should consult with the Financial Aid Officer of the college or university they are attending in order to obtain clarification and/or further information on this matter.
- B. If students on grants/loans are mobilized or activated early in the academic term, before they receive their grant/loan checks, they should be aware that when received, their grant/loan check may have to be returned to the grantor or lender and, therefore, may not be applied to their college/university debts. Hence, students so affected may find that they owe some debts to the college or university (e.g., room and board expenses) when they return from active service and may be required to satisfy these debts before being allowed to re-enroll. Students should consult the Financial Aid Office of the college or university for clarification.

VII. Spouses and Dependents of Mobilized or Activated Students

Insurance Coverage

When necessary, colleges and universities should work closely with the spouses of students who are mobilized or activated to ensure maximum medical insurance

coverage to the extent allowed by the insurer for the spouse and dependents of the student. This is particularly important during the time period between the date of mobilization or activation and the date on which the student's military medical coverage takes effect.

Housing

The spouse and dependents of students who are mobilized or activated and who live in college/university married student housing shall be allowed to continue renting or leasing these quarters. If the student does not re-enroll in his/her former college or university within six (6) months after the completion of his/her mobilization or activation period, then the spouse and dependents of this student may be required to vacate the married student housing.

Enrolled Dependents

Institutions should inaugurate policies to assist negatively impacted students who are the dependents of spouses, parents, and guardians who are mobilized or activated.
(Added 11/06; A. 8/07)

Section 14. Student Directory Information – Non-Disclosure Statement

The following statement must appear in boldface type in a box on the form used by students for requesting non-disclosure of student directory information:

The Family Educational Rights and Privacy Act (FERPA) affords students certain rights with respect to their education records. These rights include:

(1) The right to inspect and review the student's education records within 45 days of the day the institution receives a request for access.

A student should submit to the registrar, dean, head of the academic department, or other appropriate official, a written request that identifies the record(s) the student wishes to inspect. The institution official will make arrangements for access and notify the student of the time and place where the records may be inspected. If the records are not maintained by the institution official to whom the request was submitted, that official shall advise the student of the correct official to whom the request should be addressed.

(2) The right to request the amendment of the student's education records that the student believes to be inaccurate, misleading, or otherwise in violation of the student's privacy rights under FERPA.

A student who wishes to ask the institution to amend a record should write the institution official responsible for the record, clearly identify the part of the record the student wants changed, and specify why it should be changed.

If the institution decides not to amend the record as requested, the institution will notify the student in writing of the decision and the student's right to a hearing regarding the request for amendment. Additional information regarding the hearing procedures will be provided to the student when notified of the right to a hearing.

(3) The right to provide written consent before the institution discloses personally identifiable information from the student's education records, except to the extent that FERPA authorizes disclosure without consent.

The institution discloses education records without a student's prior written consent under the FERPA exception for disclosure to school officials with legitimate educational interests. A school official is a person employed by the institution in an administrative, supervisory, academic or research, or support staff position (including law enforcement unit personnel and health staff); a person or company with whom the institution has contracted as its agent to provide a service instead of using institutional employees or officials (such as an attorney, auditor, or collection agent); a person serving on the Board of Regents; or a student serving on an official committee, such as a disciplinary or grievance committee, or assisting another school official in performing his or her tasks.

A school official has a legitimate educational interest if the official needs to review an education record in order to fulfill his or her professional responsibilities for the institution.

Upon request, the institution also discloses education records without consent to officials of another school in which a student seeks or intends to enroll.

The Nevada System of Higher Education has designated the following information as directory information:

- a. Name;
- b. Participation in officially recognized activities and sports;
- c. Address;
- d. Telephone number;
- e. Weight and height of members of athletic teams;
- f. E-mail address;
- g. Degrees, honors, and awards received;
- h. Major field of study;
- i. College;
- j. Dates of attendance;
- k. Date of graduation;
- l. Undergraduate or graduate status;

Section 18. Common Course Numbering: General Guidelines

1. Except as otherwise provided, common course numbering identifies equivalent NSHE courses and labels them with the same course prefix, number, title, and credits. Common courses are defined as those that have the same course prefix and number and have comparable content with essentially common expectations regarding student performance upon completion of the course. In limited circumstances, common courses may have a variable number of credits assigned, including but not limited to internships and labs.
2. A transferring student will not be required to retake a successfully completed common course unless a higher standard for performance in the course is a published degree requirement.
3. Common course numbers will not require faculty to change or standardize their course to be equivalent with another institution's beyond the requirement for 80 percent content nor will it impact course delivery methods.
4. If an institution develops a course that is already common course numbered, its content must be 80 percent common to the existing course.
5. All undergraduate courses must be common course numbered or receive a unique course number. Courses that are not assigned a common course number will be considered "unique" courses. If a course is unique, the institution offering the course assigns the course prefix, number, title, credits, and description.
6. All courses must have a generic course description that will be part of the review in determining whether or not a course is common or unique. Institutions may develop a course description that varies from the generic description, but the description must not differ significantly in substance from the generic description.
7. All prefixes should be between two and four letters. The department name and prefix need not be the same (e.g. the department of Philosophical and Regional Studies [PRS] may offer courses with prefixes such as HIST, ECON, PHIL, etc.). To ensure the prefixes utilized throughout NSHE are appropriate, any new prefixes must be reviewed and approved by System Administration, Department of Academic and Student Affairs prior to an institution utilizing the prefix or initiating the common course numbering notification process under Section 19 of this chapter.
8. Common courses shall be appropriately numbered as upper or lower division and will be assigned a common course prefix, number, title, and credits.
9. A cross-listed course is a course offered under more than one departmental heading, typically with a different prefix and the same course number (e.g. PSC 255 and WMST 255 – The American Women's Movement). For purposes of the common course numbering system, the title, credits, and content for a cross-listed course must be the same as the original course in the common course numbering system. If an institution approves a cross-listed course, the institution must retain the original course in its catalog.

(Added 12/16)

Section 19. Common Course Numbering: Assignment of Prefix, Number and Title

1. In order for a course to be assigned a common or unique course number, all institutions that offer the discipline in which the proposed course resides must agree that at least 80 percent of the content of the proposed course is common. Every institution must be contacted via email to review the content of the proposed course. The syllabus or similar course document in which the course content can be evaluated must be attached to the notification email. To facilitate a response within the deadlines outlined under subsection 4 of this section, the notification email should not be sent out if the 10-day response window falls within the break period between terms.
2. The applicable common course numbering form developed by the Department of Academic and Student Affairs must be completed for all additions, changes and deletions of undergraduate courses. In addition, the applicable form must be completed for any changes to existing course prefixes, numbers, titles or credits.
 - a. Every institution must be contacted to review the course. The point of contact for course review must be the academic administrator over the discipline or the registrar or institutional designee if there is no academic administrator. In circulating the form for review, it will be determined if the course is common or unique, and a title and number will be agreed upon for inclusion on the form.
 - b. The course information provided by the originating institution for review must include a copy of the syllabus or course outline and a course description.
 - c. The originating institution will submit the completed form, the course syllabus or course outline, and a copy of the notification email along with all responses to System Administration, Department of Academic and Student Affairs.
 - d. If a common course prefix, number, title, or credits cannot be agreed upon, the course will be reviewed by the appropriate System-Wide Discipline Committee. If the System-Wide Discipline Committee does not reach agreement, the course will be referred for review to the Common Course Numbering Committee. If agreement is not reached through the Common Course Numbering Committee, the matter will be referred to the Academic Affairs Council for resolution.
3. The Department of Academic and Student Affairs shall:
 - a. Develop and maintain a common course numbering form for additions, changes and deletions.
 - b. Maintain a common course numbering master file that will include all NSHE undergraduate courses, both common and unique.
 - c. Review common course numbering form submissions to determine if all criteria have been met.
 - i. If all criteria have not been met, the contact person for the originating institution must be notified within 14 business days.

- ii. If all criteria have been met, the contact person listed on the form for each institution must be notified within 14 business days and the common course numbering file must be updated. If the contact person is not the registrar, the Department will also notify the registrar at the institution and any other designee for whom the institution has requested notification.

4. Institutions shall:

- a. Establish procedures reviewing new courses; proposed changes to courses, course number, prefix, or credits; and proposed deletion of courses, and for participation in the common course numbering system-wide review process.
- b. Respond within 10 business days to a notification received from another institution regarding proposed additions, changes or deletions to common course numbering. If a response is not received from an institution within 10 business days of submitting a request, it will be assumed that the response is affirmative. The 10 business day response window is not applicable during break periods between terms (May 15 through August 15 and December 15 through January 20). If the 10 business day response window falls after May 15 or December 15, the response time will be extended until 10 business days after August 15 or January 20, as applicable.
- c. Not include any additions or changes to undergraduate course prefixes, numbers, titles, and/or credits in class schedules or catalogs until written approval is received from the NSHE Department of Academic and Student Affairs.

5. System-Wide Common Course Numbering Committee and Discipline Committees

Each institution must appoint one representative to the Common Course Numbering Committee to oversee the common course numbering system. The Vice Chancellor for Academic Affairs is a member of, and serves as chair of, the Committee.

As required, System-Wide Discipline Committees will be established that include institutional representatives of the disciplines. The System-Wide Discipline Committees must review the course offerings within their respective disciplines system-wide periodically or at least once every 10 years to determine common versus unique courses and make the appropriate changes to ensure that students are able to readily transfer from one institution to another. In addition to any scheduled review, an institution may request a System-Wide Discipline Committee at any time.

The NSHE Department of Academic and Student Affairs shall provide staff assistance to the Common Course Numbering Committee and the System-Wide Discipline Committees.

Section 2. Excess Credit Fee Procedures

1. As required by Board policy (Title 4, Chapter 17, Section 4), a 50 percent Excess Credit Fee on the per-credit registration fee shall be charged to a student who has accrued attempted credits equal to 150 percent of the credits required for the student's program of study. The Excess Credit Fee shall be imposed on the per-credit registration fee charged:
 - a. To degree-seeking undergraduate resident and non-resident students; and

- b. At the beginning of any semester that follows an institution's determination that the Excess Credit Fee applies to a student. For example, a student whose program of study requires 120 credits (a standard bachelor's degree) who has accumulated 175 attempted credits prior to the Fall semester and then enrolls in six credits in the Fall semester will reach the 180-credit threshold in the Fall semester. The Excess Credit Fee must be imposed on the student starting in the following Spring semester or in any subsequent semesters.
2. Administrative Review Before Charging the Excess Credit Fee: Before charging a student the Excess Credit Fee, the institution shall conduct an administrative review of the student's accrued credits and exclude credits from the 150 percent calculation as required by Title 4, Chapter 17, Section 4 and this section. The institution may designate staff or establish reports or both to conduct the administrative review.

Any credits excluded in the administrative review shall be excluded for all future terms unless the student changes his or her program of study or is no longer in good academic standing. In these circumstances, the institution may reevaluate the calculation and any excluded credits through an administrative review. If upon reevaluation the student exceeds the 150 percent credit threshold, the institution shall impose the Excess Credit Fee.

3. The Excess Credit Fee calculation is based on the number of credits required for a student's program of study. The following procedures shall be used for the calculation, if applicable:
 - a. Program of Study Exceeds Standard Number of Credits – If the student's program of study exceeds the standard number of credits for the type of degree or certificate awarded, the calculation must be based on the actual number of credits required for that program of study. For example, if a student is pursuing a Bachelor of Science in Nursing that requires 124 credits, the student is not subject to the Excess Credit Fee until the student has accumulated 186 (150 percent of 124) or more attempted credits.
 - b. Multiple Programs of Study – If a student declared more than one program of study (e.g. double major), the calculation for the Excess Credit Fee must be based on the total unduplicated number of credits required for the programs of study.
4. When attempted credits are reported or transferred after the beginning of the semester, these additional credits will not be considered in determining whether a student meets the Excess Credit Fee threshold until the following semester.
5. If a student is approved for a waiver of the Excess Credit Fee upon appeal pursuant to Subsection 8, the institution must issue a refund of any excess credit fee amounts already paid for the term approved for a waiver.
6. The procedures established by the institutions for notifying students who are approaching the 150 percent credit threshold shall also include procedures for notifying students who shall be charged the Excess Credit Fee prior to the start of each semester for which the Excess Credit Fee will be charged.
7. As required by Board policy, institutions shall publicize the Excess Credit Fee policy and must include the following statement in appropriate institutional materials, including course catalogs and websites:

An Excess Credit Fee shall be charged to a student who has attempted credits equal to 150 percent of the credits required for the student's program of study. The amount of this additional fee is equal to 50 percent of the per credit registration fee. Attempted credits include all graded courses on a student's transcript, including but not limited to the grades of F and W (withdrawal) and repeated courses. The fee will be charged, for example, after 90 credits

have been attempted towards a 60-credit Associate's degree or 180 credits towards a 120-credit bachelor's degree. Exceptions may apply on a case-by-case basis. The fee will be charged in all terms after passing the threshold number of credits until a degree is awarded to the student. Appeal procedures and other exceptions to this fee are outlined in the catalog.

8. As required by Board policy, institutions shall establish an appeals process. Any student subject to the Excess Credit Fee may file an appeal. Within this process, institutions shall utilize the following and may issue a waiver from the Excess Credit Fee:
- a. Committee Review – If a student files an appeal, the institution shall utilize a committee to review the credits included in the 150 percent credit calculation and determine any credits that may be excluded from the 150 percent credit calculation, pursuant to Board policy and this section.
 - b. Academic Standing – Academic standing/progress, including GPA, may be a criterion considered in approving a waiver from the Excess Credit Fee.
 - c. Credits Excluded by Appeal – Any credits excluded in the committee review shall be excluded for all future terms unless the student changes his or her program of study, does not follow the academic plan reviewed as part of the student's appeal, or is no longer in good academic standing. In these circumstances, the institution may reevaluate the calculation and any excluded credits. If upon reevaluation the student exceeds the 150 percent credit threshold, the institution shall impose the Excess Credit Fee, and the student may submit a new appeal.
 - d. Form for Appeal – Institutions shall utilize the common form developed by the Chancellor's Office for students to initiate the appeals process. That form shall include an academic plan.

B. INTERNATIONAL STUDENT FEE

The recruitment, admission and advising of international students represents a tremendous cost to the University of Nevada, Reno, and University of Nevada, Las Vegas. The logistical and administrative burdens of international students on the university are complex and expensive. Increased costs of international mailing, phone, facsimile, recruitment, specialized printing, translations and highly trained personnel forces the university to make difficult budgetary choices. These choices often leave international students short of receiving the proper levels of attention.

Because of the limited resources of the Admissions and International Student Office, the need for funding aimed directly at the international students is essential. These funds will be directly used to support programs pertaining to international students. Additionally, it is not proper to use funds dedicated to benefit university student as a whole, to support activities that benefit only international students.

International students will pay a semester International Student Fee. The revenue from this fee will be used to sustain enrollment functions in the Admissions, Graduate, and International Student offices, supporting only international students.

<u>Distribution of Revenue</u>	<u>Amount</u>

Section 13. Special Course Fees

It is the policy of the Board of Regents that the registration fee be the only fee assessed for taking a course except as outlined in this section. The reasons for these exceptions are extraordinary instruction costs due to: (a) individual instruction (e.g., private music lessons), (b) class supplies, course-specific software, and specialized equipment (e.g., welding equipment and materials), (c) third party charges for use of a facility (e.g., golf), (d) special transportation requirements, or (e) extraordinary instructional costs (e.g., intensive supervision, support or additional technical expertise required for the delivery of the course), (f) some combination of these reasons. Responsibility for implementing this policy is delegated to the presidents up to a maximum of \$50.00 per course. Courses requiring fees higher than \$50.00 require Board of Regents approval and are as follows (institutions may charge up to the amount approved):

CHAPTER 9

REGENT GUIDELINES

Section 1. Regent Request for Information

There has always been a clear understanding that a Regent, as a member of the governing board of NSHE, is entitled to see any records of both system administration and the various colleges and universities. Likewise, when requests for information are made, it is expected staff will gather the data in as timely a fashion as possible. A Regent's right to any information about any part of NSHE is a principle that is supported and honored.

Guidelines for Information Requests:

1. Responses to requests for information by a Regent will be viewed as a high priority and responded to completely and professionally.
2. Responses to requests for specific information or data made by one Regent will be sent to all Regents, with a copy to the president of the institution referenced and the chancellor. This will ensure that all information that one Regent has that might be the basis of a decision will be seen by all Regents.
3. Requests for information should be presented to the chancellor or vice chancellors. Institutional requests must be made to the President of the institution with a copy to the chancellor. Request should not be made of vice-presidents, institutional staff members or faculty.
4. Request for written information on specific students or related to specific personnel will be provided at the system office or campus site only. Such information with personal identification will not be released to a Regent to be removed from the NSHE site.
5. Requests for investigations by System or institutional staff should be directed to the Board Chair and the chancellor who will make a joint decision on the necessity and appropriateness of the investigation. Audit requests should be directed to the Audit Committee Chair and the Audit Committee who will determine the necessity and appropriateness of the audit. The chancellor and the Board Chair must be notified.
6. Since staff have many demands on their time, a reasonable response time to any request should be understood. Unless an emergency is clear, no Regent should expect an instantaneous response, but every effort will be made to respond as quickly as possible. If there is a conflict concerning the response time requested, the Board Chair and the chancellor will make a joint decision on the appropriateness.

 - (d) The chancellor of the System shall compile the monthly reports into an annual report on or before January 30 of each year. The monthly reports and annual reports are public records and must be made available for public inspection.

(Added 2/09)

Section 2. Risk Management/Workers' Compensation

1. Risk Management is a part of System Administration with responsibility to provide sound risk management programs and services to the NSHE.

2. Objective and Scope. While the primary responsibility for risk management functions is maintained at the institutional level, the System through the Chief Financial Officer is responsible to ensure adherence by the institutions to national standards for risk management programs. The goals of risk management are to: 1) protect the health and provide for the safety of the NSHE students and employees, 2) protect the public from injury or damage incidental to the operations of the NSHE, 3) protect the NSHE's assets and its environment, and 4) protect the reputation of the NSHE. To achieve these goals, risk management will consider all types of risks, including but not limited to natural, environmental, compliance, and safety risks. The realization of these overall objectives involves:
 - a. Providing for the safety of students, employees, and the public;
 - b. Protecting NSHE's property and its environment;
 - c. Reducing NSHE's legal liability;
 - d. Purchasing insurance and procuring contracts when necessary to administer NSHE's property, inland and ocean marine, liability and workers' compensation insurance programs;
 - e. Investigating, adjusting, and settling insured property, inland and ocean marine, liability and workers' compensation insurance claims whether insured or subject to deductibles, self insured retentions or that are self insured.
3. Authority and Responsibility. Risk management activities shall be overseen by the chancellor's Office. Risk management activities shall be guided by the principles provided in this section. Each president shall be responsible for the implementation of a risk management program at his or her respective institution.
4. Risk Management Principles. Risk Management within System Administration and at the institutions shall be guided by the following principles in order to ensure administrative efficiency, the cost-effective use of resources, a sound organizational plan, and cooperation among the member institutions:
 - a. Programs of insurance, self-insurance, contractual risk transfer, risk avoidance, loss prevention, and claims remediation shall be implemented to reduce NSHE's costs to the lowest reasonable level while avoiding exposing the NSHE to unreasonable financial risk.
 - b. Risks may be assumed if, taking into consideration the probability of loss and the amount of potential loss, the risk would not significantly impair the financial position of NSHE. This risk assessment shall include an assessment of the importance to the NSHE of the objectives of the program or action creating the risk, as well as whether risks are minimized through contract, private insurance or coverage from the State of Nevada Tort Claims Fund.
 - c. Risks shall be insured whenever the potential loss would pose a significant financial risk to NSHE and insurance is available at a cost that compared to the risk is financially sound, or where insurance is required by law or contract.

- d. Programs, contracts and services shall be implemented based on the best interests of the NSHE as a whole, after giving appropriate consideration to the interests of all institutions and departments that will be affected.
- e. Funding for self-insured retentions, deductibles and self-insured exposures between different types of exposures may be pooled when it is in the financial interest of NSHE to do so. Deductibles and self insured retentions shall be fully funded.
- f. Premiums, deductibles, and self-insured retentions may be established for each institution based on the institution's exposures, insured values, loss experience, and adequacy of its loss prevention program.
- g. Insurance shall be purchased through a source (agent, broker, or insurance company) that is in the best interest of NSHE. When purchasing insurance products, preference will be given to Nevada based companies pursuant to Title 4, Chapter 10.

(Added 2/09; A. 3/11, 3/13)

Section 3. EH&S/Risk Management Funding

- 1 The institution EH&S and Risk Management programs (Sections 1 & 2 above) receive partial funding from the Workers' Compensation Enterprise Fund administered by the chancellor. Funds that are provided from the Workers' Compensation Enterprise Fund are subject to the following guidelines:
 - a. Funds from the Worker's Compensation Enterprise Fund distribution are accounted for in separate and distinct self-supporting budget accounts within the institution's financial system.
 - b. Effective FY 12, projected annual program revenues from the Enterprise Fund and institution expenditures associated with those funds will be submitted to the chancellor's Office as part of the annual fiscal-year self-supporting budget process, regardless of the level of projected activity. Actual revenues and expenditures, regardless of the level of activity, will be reported through the fiscal year Self-Supporting Budget to Actual process. Unexpended funds should be reflected as 'Opening Balance' and 'Ending Balance' as appropriate in the self-supporting budget reports.
 - c. Funds distributed from the Workers' Compensation Enterprise Fund under this section are available for expenditure for institutional EH & S and Risk Management related expenditures which include:
 - i. Salaries, wages and benefits for individuals directly employed in or providing services to EH&S/Risk Management function.

 - e. Funds distributed from the Workers' Compensation Enterprise Fund under this section are not restricted to the fiscal year in which they were distributed and are available to carry-forward to future years.
 - f. Funds distributed from the Workers' Compensation Enterprise Fund under this section are not available for transfers to institutional overhead or similar assessments or other non-direct expenditures outside of the EH&S/ Risk Management function without prior approval of the chancellor.
 - g. Funds distributed from the Workers' Compensation Enterprise Fund are not available for insurance procurement or premiums or to pay fines, penalties, or judgments levied against the institution without prior approval of the chancellor.

(Added 3/11)

Section 4. Police Officer Wellness Program

1. The provisions of this section are applicable to a member of the police department of the Nevada System of Higher Education.
2. NSHE's Police Officer Wellness Program is governed by NRS 617.455 and 617.457 and *Nevada Administrative Code* Chapter 617. These laws and regulations entitle police officers, correctional officers, firemen and other positions identified under NRS 617.135, who develop heart or lung disease after 5 years of continuous uninterrupted service to a conclusive presumption that the disease is work related, provided that the employee submits to required physical exams and takes documented action to correct pre-disposing conditions that lead to these diseases when ordered to do so by the examining physician. Except as otherwise provided by law, eligible NSHE employees who have claims accepted are entitled to lifetime treatment benefits and the opportunity to elect permanent total disability if they cannot continue to work as a police officer. This is a worker' compensation benefit specific to this group of employees and is completely separate from regular employee or retiree health plan benefits.
3. Program Objectives. The overall objectives of this program are to:
 - a. Ensure that the NSHE and its institutions meet the obligations of an employer, as required by NAC 617.080 and the applicable state law.

- b. Because there are certain conditions that may result in the loss of benefits, ensure that communication is made with the employee so that he or she understands the significance of any orders from examining physicians to correct pre-disposing risk factors, and the need to take actions to correct the identified risk factors in order to preserve their eligibility for benefits under the workers' compensation Police Officer Program.
 - c. Prevent claims and minimize unnecessary workers' compensation costs.
4. Responsibility. The chancellor has overall responsibility for NSHE compliance with the statutory directive. NSHE Risk Management will oversee the implementation of a wellness and loss prevention plan at each institution to minimize injuries to and contraction of disease by employees and to minimize workers' compensation costs related to claims for eligible employees. NSHE Risk Management shall delegate the following responsibilities to the institutions through the BCN/BCS Risk Management Offices:
- a. Ensure scheduling and completion of routine physical examinations, as required by the relevant statutes and regulations, including the test of the functioning of the hearing of an employee, which is required pursuant to NRS 617.454, 617.455, 617.457 and NAC 617.050, 617.070 and 617.075.
 - b. Ensure NSHE institutions or our contractors comply with the duties in NAC 617.080, and that examining physicians comply with the requirements of NAC 671.100. Physicals (including hearing exams) must meet the provisions identified in NRS 617.454, 617.455 and 617.457. Documentation on the physical reports will be maintained at the respective Risk Management Office.
 - c. Review the results of the physical exams to ensure that the contracted vendors are consistently identifying and reporting risk factors and orders to the officers to correct risk factors, and to evaluate and report on the general level of risk that officers have of developing cardiac or lung diseases (low, medium or high), based on the information in the physical exams. This review can be completed internally by a designated qualified individual or contracted to a third party vendor. Documentation of the review will be maintained at the respective Risk Management Office.
 - d. Follow up with the police officers. When physician warnings and orders to correct risk factors are identified, a letter must be forwarded from the BCN/BCS Risk Manager or designee to the police officer. The letter is in addition to and is not a substitute for the information that is required to be given to the officer pursuant to NAC 617.100; and it is not a substitute for the discussion requirement under NAC 617.080(3). The Police Chief will be notified that the letter was sent. The letter will summarize and reiterate the physician's findings indicating that the police officer has a predisposition to the contraction of a disease of the heart or lungs and that failure to take actions to correct the predisposing risk factors that are within the officer's control to correct, can jeopardize the officer's eligibility for benefits under the heart and lung program. The letter must also offer the officer the opportunity to enroll and participate in the NSHE supported cardiac wellness program identified in section (h). BCN/BCS Risk Manager will ensure the officer has complied with NAC 617.090, and will obtain a "confirmation of receipt form" from the officer within 60 days, and forward a copy to the designated police department representative.

- e. Provide education to police officers on the goals and requirements of the program, including required action necessary to maintain coverage under Chapter 617 of NRS. If the police officer can correct any predisposing physical condition of which the police officer has been warned pursuant to subsection (b), inform the officer that failure to correct the condition may exclude them from benefits under chapter 617 of NRS and Chapter 617 of NAC.
- f. Contract with one or more local medical providers/clinics for the physicals. The contracted Medical Provider/Clinic must be required to forward results of physical exams directly to the employer (BCN/BCS Risk Management office) for review. If an employee chooses to go to his or her own physician, in lieu of the contracted provider for their physical, the following must occur:
 - i. The police officer's physician must complete the required paperwork and forms, and perform the same diagnostic tests that are required of the contracted medical providers/clinic. The completed forms must then be provided by the physician to the police department designated representative, who will forward the packet to the Risk Management office. It is the responsibility of the Risk Management office to forward the physical to the contracted medical provider to determine if all components have been completed. The annual physical is not considered complete until it has been reviewed by the contracted vendor.
 - ii. The police officer will be informed that the physical exam will be considered incomplete if the officer's personal physician has not completed all of the proper tests and paperwork.
 - iii. The employing Police Department will pay for the cost of the annual physical with the contracted vendor. If the officer chooses to pay for the officer's own physical with a provider other than the contracted vendor, the cost will be the responsibility of the officer, unless specific arrangements are made and agreed upon prior to the date of the physical and is approved by the respective Risk Manager. In this circumstance, the Police Department may, but is not required to, reimburse the employee.
- g. Ensure each institution follows the guidelines established by NSHE Risk Management for the types and frequency of exams, screening tests, inoculations and for personnel who are determined to be unfit for duty by the evaluating physician.
- h. Implement a Police Officer Wellness and Loss Prevention Plan at each institution; or oversee a wellness & loss prevention plan of a contracted vendor. NSHE Risk Management will reimburse up to \$2,500 per officer per fiscal year, for out-of-pocket costs related to the wellness and loss prevention programs established through and approved by the BCN and BCS Risk Management offices.
- i. Monitor workers' compensation claims to identify adherence to an officer's responsibility to correct pre-disposing risk factors and their impact on claim acceptance or denial and to monitor consistency and quality of medical services provided to officers with accepted claims.
- j. Maintain and ensure the confidentiality of all physical exam results, including the test of the functioning of the hearing of an officer completed pursuant to NRS 617.454, 617.455 and 617.457 for at least 2 years after the death of the police officer.

- k. Provide to the NSHE Risk Management, no later than 90 days after the close of the fiscal year, a program report that includes the following information:
 - i. By institution, number of physicals required and number completed.
 - ii. Of the physicals completed the number that had identified risk factors.
 - iii. For each officer with an identified risk factor, the employee ID number and recommended corrective action.

The remaining funds will go toward access-oriented programs. For the purposes of this program, federal government methodology criteria for determining need shall be replaced with the following:

- a. Enrolled in a degree or certificate program, in at least six credits of academic work at the institution for which they will participate in the Regents' Service Program.

- b. Meet at least one of the following criteria:
 - i. Head of Household;
 - ii. Single Parent;
 - iii. Age 22 or over and have never attended college or have had a break in enrollment of two or more years;
 - iv. No support from parents or family;
 - v. Unusual family or financial circumstances; or
 - vi. First generation college-bound.
- c. Students who meet multiple criteria shall be given priority in the program.
- d. Priority shall be given to eligible Nevada residents.
- e. International students may be employed under this program provided they meet other institutional and federal employment requirements.
- f. If and when an institution meets all demonstrated eligibility based on these criteria for its student population and for those students who apply for the Regents' Service Program, this ratio may be relaxed. Remaining funds from the 80percent category may be applied to "access-oriented" student financial assistance.
- g. For the remaining access-oriented programs (no more than 20 percent), students must demonstrate an ability and willingness to work in a service program approved by the institution.
- h. Each institution must establish a minimum grade point average (GPA) or good standing requirement to be applied to all students participating in the program. This requirement cannot be less stringent than current practice for other student employment programs, although it may be more restrictive if the institution deems it appropriate.

3. Program Development

Each institution must develop a plan for use of the positions.

- a. At least one individual must have oversight over the program.
- b. Summer programs are allowed in which students may work as much as full-time without being enrolled; however, this is limited to continuing students who were enrolled at the institution in six credits either the prior spring or are enrolled in six credits the following fall.
- c. Positions must:
 - i. Be consistent with the student's career objective, service objective, or academic area of interest.
 - ii. Make a contribution to the state of Nevada, the community, and/or the institution.
 - iii. Be designated as on- or off-campus. Off-campus employers must sign a participation agreement or contract, as determined by the institution.
 - iv. Reflect a high level of skill or knowledge needed for service programs. Examples include: tutor, mentor, literacy programs assistant, public policy research assistant, graduate intern, peer advisor.

4. Payment

Institutions are appropriated Regents' Service Program funds as a line item in the state budget.

- a. 100 percent of the funding for each position will be from state funds including benefits (workers' compensation, alternative retirement, etc).
- b. At no time may the institution require an employer match, even for off-campus positions.
- c. These positions should not supplant work-study funds that do require a match.
- d. Fringe benefits for student employment positions in literacy programs may be paid from these funds.
- e. Work schedules and rate of pay will be determined by the nature of the service required, and may be established as a separate category in the institution's student employment wage classification document.
- f. Funds may be used for tuition assistance.
- g. The institution may choose to pay resident fees for assistantships from these funds if it is deemed appropriate.

5. Administrative Costs

Each institution may allocate a portion of the funds from the Regents' Service Program to fund personnel, associated fringe, travel, and operating expenses incurred in the administration of the program.

- a. Institutions may allocate up to 9percent of the total budgeted funds for administrative costs.
- b. The administrative cost allowance must be used to administer the Regents' Service Program and may not be allocated elsewhere in the institution.

6. Reporting

A report will be submitted no less than annually by each institution to the NSHE System Administration Office. Reports will be collected as part of the annual financial aid report, as well as an individual Regents' Service Program report.

On an annual basis, the Board of Regents' Academic, Research and Student Affairs Committee (ARSA) will review these reports and may provide recommendations if deemed appropriate.

(Added 11/06; A. 10/09, 9/10, 3/16)

Section 2. Silver State Opportunity Grant Program

Title 4, Chapter 18 of the Board of Regents' Handbook directs the Chancellor to establish procedures and guidelines to comply with the requirements of the Silver State Opportunity Grant Program created by Senate Bill 227 (Chapter 387, *Statutes of Nevada 2015*) and codified under Chapter 396 of *Nevada Revised Statutes*.

1. Eligible Institutions. Eligible institutions include each NSHE community college and state college that shall award grants under the SSOG Program according to procedures established herein.
2. Apportionment of Funds between Eligible Institutions.
 - a. State funding for the SSOG program will be allocated to each community college and state college annually, and shall be based on the proportion of eligible students during the prior year. Institutional allocations shall be reviewed and approved by the Chancellor.
 - b. Institutions shall not award funds exceeding the amount allocated pursuant to this section.
 - c. Dollars that are in jeopardy of not being awarded and disbursed at the institution where originally allocated shall be divided among the remaining eligible institutions based on the distribution of unawarded SSOG eligible students.
3. Eligibility Requirements.
 - a. To be eligible for the SSOG Program, a student must:
 - i. Enroll in at least 15 credit hours each semester of award at a community college or state college;
 - ii. Be enrolled in a program of study leading to an undergraduate degree or certificate;
 - iii. Be placed into college-level English and mathematics courses in accordance with Title 4, Chapter 16, Section 1;
 - iv. Be classified as a resident in accordance with Title 4, Chapter 15;
 - v. Complete the Free Application for Federal Student Aid (FAFSA); and
 - vi. Meet institutional Title IV financial aid satisfactory academic progress requirements.
 - b. A student who loses eligibility for SSOG may reinstate during a subsequent semester by regaining financial aid satisfactory academic progress. Subject to available funds, this student would be eligible to receive SSOG in future semesters, provided all eligibility requirements for the program are met.
 - c. Each institution shall utilize its existing federal Title IV satisfactory academic progress appeals process to allow SSOG recipients who are not making satisfactory academic progress to appeal their status. A student who is approved through the institutional appeals process to receive Title IV aid may also receive SSOG during the semester for which an appeal is approved, providing the eligibility requirements set forth under this Section are met. Although students with Deferred Action for Childhood Arrivals (DACA) status do not qualify to receive Title IV aid, such students who are not making satisfactory academic progress may appeal their status under an institutional appeals process for the purpose of the SSOG award.
4. Amount of the SSOG Award
 - a. Grant awards are subject to the limit of the funds available for the SSOG Program and are intended to pay for a portion of the Cost of Attendance at a community college or state college.

- b. Maximum SSOG Award. The maximum annual amount of the grant each student is eligible to receive shall be equal to the Cost of Attendance established for the purpose of the SSOG program minus the amounts determined for the student contribution, family contribution, and federal contribution, as defined and calculated pursuant to this section, and shall not exceed \$5,500 for Academic Year 2017-18.
 - c. Minimum SSOG Award. Students who are not eligible to receive an annual SSOG award of at least \$200 for Academic Year 2017-18 based on the SSOG award calculation shall not receive the grant.
5. Cost of Attendance
- a. For purposes of calculating SSOG awards, the annual Cost of Attendance (COA) for all eligible institutions for Academic Year 2017-18 shall be:
 - i. \$19,066 for students living off-campus and not with a parent;
 - ii. \$12,936 for students living with a parent; and
 - iii. \$15,385 for students living on campus.
 - b. The institution may pro-rate the COA in cases where a student enrolls for a single semester.
 - c. Under no circumstances shall the grant received under the SSOG Program, along with other financial assistance received, exceed institutional COA.
6. Student Contribution
- a. A standard student contribution that will be used by each community college and state college in the calculation of all grants awarded under the SSOG Program will be calculated by determining what a student could earn by working at minimum wage a reasonable number of hours during the school year and over the summer. This calculation should in no way be construed as requiring a student to seek or obtain employment as a condition of eligibility for the SSOG Program.
 - b. For purposes of calculating SSOG awards, the student contribution shall be set at \$5,500 for Academic Year 2017-18. The institution shall pro-rate the student contribution in cases where a single semester cost of attendance is utilized.
 - c. The student contribution may be covered by, but is not limited to, the following:
 - i. Student earnings or savings;
 - ii. Private, institutional, state or federal scholarships, including the Governor Guinn Millennium Scholarship;
 - iii. Grants not listed under Subsection 6 of this section;
 - iv. Veterans education benefits;
 - v. Student loans; and
 - vi. Financial assistance from family or friends.
7. Family Contribution. The family contribution shall be equivalent to the federal nine-month Estimated Family Contribution (EFC), as calculated by the U.S. Department of Education based on FAFSA data and reported on the Institutional Student Information Record (ISIR). The EFC may be prorated for an award period of less than nine months.

8. Federal Contribution

- a. The federal contribution shall be equivalent to the total of federal grant aid a student is awarded during the same award year from the following programs only:
 - i. Federal Pell Grant;
 - ii. Federal Supplemental Educational Opportunity Grant (FSEOG); and
 - iii. Teacher Education Assistance for College and Higher Education (TEACH) Grant.
- b. Under no circumstances shall the federal contribution include the amount the student is awarded in student loans.

9. Guidelines for Awarding and Disbursing SSOG funds

- a. Only students who are enrolled in 15 or more credits that count toward their program of study are eligible to receive an SSOG disbursement.
- b. A student who previously earned a bachelor's degree is not eligible to receive the SSOG award.
- c. A student with Deferred Action for Childhood Arrivals (DACA) status may be eligible for the SSOG award. Such students must complete the FAFSA and identify themselves to the institutional financial aid office as having DACA status. DACA students must provide documentation they have been granted Deferred Action for Childhood Arrivals before they can be awarded an SSOG grant.
- d. A student placed into remedial math or English pursuant to Title 4, Chapter 16, Section 1 of the *Handbook* is not eligible for SSOG until all such remedial coursework is completed. However, enrollment in corequisite coursework where academic support is provided to students while enrolled in college gateway courses shall be considered college level courses for purposes of SSOG eligibility.
- e. Each institution shall award SSOG funds to eligible students in ascending EFC order up to 8500 EFC, until available funds are exhausted. This order shall apply each time SSOG funds are awarded and applies only to the population of students meeting all eligibility requirements as of the date awarding is carried out.

10. Award Date. For academic year 2017-18, institutions shall make initial SSOG awards no earlier than July 1, 2017, and no later than July 10, 2017. Future award dates shall be set by the Vice Chancellor for Academic and Student Affairs in consultation with institutional financial aid offices.

11. Course Availability to Meet the 15-Credit per Semester Requirement

- a. Each community college and state college shall ensure that adequate courses are offered each semester so that a student otherwise eligible for the grant and desirous of enrolling in 15 credits is able to do so. If situations arise where such a student is, due to course availability, unable to enroll in 15 credits that count toward the student's program of study, the institution shall consider feasible alternatives, including, but not limited to:
 - i. Course substitutions;
 - ii. Adjustment of a student's academic plan; and
 - iii. Opening a new course section.

- b. Credits taken at another eligible institution to meet degree requirements at the student's home institution shall count towards the eligibility requirement of Subsection 1(a). In order to take advantage of this provision, a student must complete the NSHE SSOG Co-Enrollment form by the end of the semester for which he or she is requesting funding. For purposes of this subsection, "home institution" means the institution at which the student is enrolled in a program of study leading to a recognized degree or certificate and, if eligible, is receiving Title IV Federal Student Aid.
 - c. Each community college and state college shall ensure advisors are available to assist SSOG students who experience difficulty in registering for 15 credits that count toward their program of study.
12. Reporting Requirements. On an annual basis, the Vice Chancellor for Academic and Student Affairs shall request from institutions data necessary to evaluate the success of the SSOG program.
13. Communications Strategies. Institutions shall establish strategies to communicate the availability of the SSOG to students. Type and method of communications may vary by institution; however, all institutions in jeopardy of not expending all allocated funds must send targeted communications to students in an effort to encourage more students to become eligible by taking action (e.g. adding a class, taking the placement test, completing the FAFSA).
14. Definitions. The following definitions apply for purposes of this Section:
- a. Award – The SSOG amount offered to a student on their Financial Aid Award letter. In order to receive the funds offered, a student must meet all eligibility requirements at time of disbursement.
 - b. Disbursement – The SSOG amount actually paid by the institution to a student account.

**MILLENNIUM SCHOLARSHIP
GOVERNOR GUINN MILLENNIUM SCHOLARSHIP**

Section 1. Purpose and Limitations

The protocols set forth in this Chapter guide the administration of the Governor Guinn Millennium Scholarship (GGMS) Policy and Procedures set forth in Title 4, Chapter 18, Section 9 of the *Handbook*. These protocols are subject to amendment, and are not intended to and do not create any right or interest in liberty or property or establish a basis for any cause of action against the state, its political subdivisions, agencies, boards, commissions, departments, officers or employees.

(Complete A. 5/17)

Section 2. Eligibility Requirements

The eligibility requirements for the GGMS are set forth in Title 4, Chapter 18, Section 9 of the *Handbook*. Those requirements, along with the following procedures, correspond with the year the student graduated from high school.

1. **High School Grade Point Average (GPA)** – The required GPA is the cumulative GPA (weighted or unweighted) and includes all high school courses and semesters and college courses taken that meet high school graduation requirements. The GPA is not rounded. If a student graduates from a Nevada high school with a diploma, the GPA is final and cannot be modified by coursework taken subsequent to high school graduation. Only coursework calculated in the GPA on the final high school transcript is considered for initial eligibility.

Grades from college coursework completed during high school will be included in the cumulative college GPA.

2. **Residency** – A dependent student may be a “resident” for GGMS purposes if the student’s parent or legal guardian has been a resident of Nevada for the required two-year period. Documentation verifying the parent or guardian residency must be submitted to the State Treasurer’s Office. In addition:
 - a. High schools have established a grace period at the beginning of each semester during which a student may enroll and receive credit for that semester (usually 18 school days). For purposes of establishing eligibility for the GGMS, the same grace period will apply to the residency of the parent/guardian.
 - b. If a military or diplomatic service parent’s official state of residency is not Nevada, and the student meets all other eligibility requirements, s/he is exempt from the two-year residency requirement.

3. **Diploma from Program for Adult Learners** – A student who graduates with a diploma from a program for adult learners is eligible for the GGMS if s/he:
 - a. Was enrolled in a private or public high school in Nevada with a class regularly scheduled to graduate after May 1, 2000;
 - b. Received a high school diploma within four years of the regularly scheduled graduation date of their class; and
 - c. Meets all other eligibility requirements.

All lifetime limits apply effective following the regularly scheduled graduation date.

4. **Appeal** – For appeals of initial eligibility, see Section 10 of this Chapter.
(Complete A. 5/17)

Section 3. Certification of Eligibility by High Schools

1. **Identification of New GGMS Scholars** - The following procedures outline the process for identifying new Millennium Scholars each academic year.
 - a. For high schools that are part of a Nevada school district, the district transmits a list of students who meet eligibility criteria to the State Treasurer's GGMS Office (Treasurer's GGMS Office). Private and charter high schools not associated with a school district send their lists directly to the Treasurer's GGMS Office. Students who graduate early are eligible for the GGMS upon graduation and confirmation of eligibility.
 - b. Students who do not graduate from a Nevada high school, including home-schooled students or otherwise qualified students who graduate from high schools out of state, apply directly to the Treasurer's GGMS Office on forms supplied by the Treasurer's GGMS Office by mail or online.
 - c. The Treasurer's GGMS Office places the students identified in paragraphs a and b above who have met all eligibility criteria on a list of eligible students in a GGMS database monitored by the State Treasurer's Office.
 - d. The Treasurer's GGMS Office sends follow-up letters to all students identified in paragraphs a and b above with unverified residency or questionable eligibility and requests further information. Based on the additional information provided, a decision is made by the Treasurer's GGMS Office on whether to add the student to the list of eligible students. Students will be notified if they are ineligible.
 - e. The Treasurer's GGMS Office notifies all eligible students by sending them an "Award Packet" and requests students complete an online acknowledgment process that outlines the eligibility requirements and gives the opportunity to grant permission for the Treasurer's GGMS Office to publicize their names. The Treasurer's GGMS Office also notifies students who were reviewed under paragraphs a and b above, if they are ineligible.

- f. The Treasurer's GGMS Office provides an electronic list of eligible students to NSHE System Administration for certification by the Chancellor on behalf of the Board of Regents.
- g. NSHE System Administration shares the population of eligible students with its institutions by loading the data to the student information system. Data are updated every weeknight from a file provided by the Treasurer's GGMS Office.

2. Core Curriculum Requirements

- a. Nevada school districts and private and charter high schools not associated with a school district shall determine whether the courses taken by a student while in high school, including dual enrollment and dual credit courses, and included on their transcript meet the high school course requirements for eligibility under Title 4, Chapter 18, Section 9.15 (Core Curriculum) of the *Handbook*.
- b. The NSHE Department of Academic and Student Affairs shall establish a statewide list to serve as the official list of approved high school courses for GGMS eligibility. Each year the NSHE Department of Academic and Student Affairs shall contact Nevada school districts and private and charter high schools not associated with a school district to request updates to the list. All submissions must be forwarded to the Nevada Department of Education (NDE) for review for accuracy prior to release of the updated list.

3. Procedures for Names Submitted in Error

For student names submitted in error, the award will be rescinded. When student names are submitted in error, the following steps are taken.

- a. The student is noted as ineligible in the GGMS database maintained by the Treasurer's GGMS Office.
- b. The superintendent of the appropriate school district is contacted by the Treasurer's GGMS Office. School district personnel will notify the student of the error in writing.
- c. After receiving a copy of the district's letter, the Treasurer's GGMS Office sends a certified letter to the student as follow-up.
- d. If funds have been expended:
 - i. The Treasurer's GGMS Office confirms that the student signed or submitted online the *Acknowledgment of Award* form. (Establishes that the student was aware of the following: "I understand and have met all eligibility requirements. I understand that if I have not met all requirements and funds have been disbursed, I may be responsible for repayment of these funds to the State Treasurer's Office.")
 - ii. The Treasurer's GGMS Office prepares a certified letter requesting repayment of funds to the State Treasurer's Office.
- e. A "memo of record" is prepared for the Treasurer's GGMS Office files containing the following information:
 - i. Name of district/superintendent;

- ii. Name of high school;
- iii. Student's name/address;
- iv. Dates/log of contact with district personnel; and
- v. Copies of district/GGMS Program letters.

(Complete A. 5/17)

Section 4. Enrollment Requirements for Receipt of GGMS Funding

1. **Credits and Courses** - A student must enroll in at least 9 semester credits at an eligible community college or 12 semester credits at another institution. In order to be counted toward a student's enrollment level for GGMS funding, credits must apply to the declared undergraduate program of study.
 - a. Credit hours associated with remedial/developmental courses are applied toward semester credit hour eligibility requirements, provided course content is high school level or higher. (See *Title 4, Chapter 18, Section 9.11* of the *Handbook* regarding funding for remedial courses.)
 - b. Repeat/retake courses are eligible for GGMS funds and will be included in the institutions' export process.
 - c. Correspondence courses, credit-by-examination and audited courses do not count toward semester credit hour eligibility requirements.
 - d. Graduate level courses may count toward semester credit hour eligibility requirements and approved for payment only if the course applies to the student's undergraduate program of study. Institutions must maintain documentation of payment for graduate credits. Because the export process only picks up undergraduate credits, once the final grades are posted, the reporting institution must submit an *Authorization to Correct Student Record* form to the Treasurer's GGMS Office, along with documentation of all eligible credits completed with the resulting GPA.
2. **Degree-Seeking Program** – Except as otherwise provided for co-enrolled students under subsection 7 of this Section, institutions should encourage Millennium scholars upon admission to declare a program of study leading to a certificate, associate or bachelor's degree. GGMS recipients must be enrolled in a degree-seeking program for any semester of payment or reinstatement, including summer.
3. **Graduation from Undergraduate Program** – Students may continue to utilize their GGMS after graduation with a certificate, associate's or bachelor's degree, provided they re-enroll in a new program of study as an undergraduate degree-seeking student and have not exceeded their GGMS balance or years of eligibility. The GGMS may not be awarded to students enrolled in graduate degree programs (see Subsection 1 of this Section regarding graduate credits, not to be confused with graduate programs).

4. **National Student Exchange and Study Abroad** – National Student Exchange and Studies Abroad participants may receive GGMS funds if their credits are registered at an eligible institution. The students must register for credits, pay and be counted toward FTE at the institution.

5. **Transferring between Institutions**

- a. **Eligible Institution** – A student receiving a GGMS who transfers to another eligible institution shall continue the GGMS provided that the student maintains eligibility as defined in Section 11 of this Chapter. After transferring, a student must meet all the conditions of Section 11 of this Chapter at the new institution in order to remain eligible for the GGMS.
- b. **Non-Eligible Institution** – A student transferring from a non-eligible institution to an eligible institution will receive the GGMS if s/he is eligible under Section 2. After transferring and activating the GGMS, students must meet all conditions of Section 11 of this Chapter at the eligible institution in order to remain eligible.

6. **Enrollment at Multiple Institutions (Co-Enrollment)**

a. **Definitions**

- i. “Home institution” is the eligible college/university at which the student is enrolled in a program of study leading to a recognized degree or certificate.
- ii. “Host institution” is any eligible institution where a student may be co-enrolled in coursework and the credits will be transferred back to the home institution.

b. **Credits** – Millennium recipients who co-enroll at two institutions must enroll in 12 credits per semester in order to be funded under a co-enrollment agreement. This does not preclude a Millennium Scholar from enrollment in more than 12 credits, however up to a maximum of 15 credits are considered for funding eligibility purposes. For students requesting funding under a co-enrollment agreement:

- i. A co-enrollment agreement may cover enrollment at two eligible institutions only.
- ii. In cases where the student is degree-seeking at only the home institution, credits taken at the host institution must apply to the declared undergraduate degree program at the student’s home institution and the student must transfer the credits back to the home institution.
- iii. In cases where the student is degree-seeking at both the home and host institution, credits taken at both institutions must apply to the declared undergraduate degree program at either institution.
- iv. Remedial coursework that is part of the student’s regular course of study may also count toward the 12-credit requirement for co-enrollment with the approval of the home institution.

- c. **Degree-Seeking Program at Home Institution** – In the case of a student who is co-enrolled and who has an approved co-enrollment form on file with the home institution, the student must be enrolled in a degree-seeking program at the home institution. An approved co-enrolled student is not required to be enrolled in a degree seeking program at the host institution.
- d. **Funding**
- i. Millennium scholars may be funded to a maximum of 15 credits per semester across all eligible institutions.
 - ii. In order to be funded as a co-enrolled student, the student must submit a co-enrollment form as early as possible, but no later than the end of the semester to which it applies, and it must be approved by the home institution.
 - iii. In absence of a co-enrollment form, when Millennium recipients are enrolled at two community colleges, meet the minimum 9 credit requirement at each institution and are degree-seeking at each institution, the students may be funded at each institution, but are limited to a total award for both institutions of 15 credits per semester. In this case, the institution disbursing Millennium funds first shall pay the student for the total number of credits at that institution, and the second will pay the student for remaining eligibility, if any, up to a maximum of 15 credits.
- e. **Eligibility and GPA** – Effective Spring 2007, if a student (1) informs either the home institution or the Treasurer's GGMS Office that s/he is enrolled under a co-enrollment agreement; and (2) has subsequently become ineligible due to GPA at either the home or the host institution, the semester GPA may, at the student's request, be recalculated to include coursework from both institutions in order to remove the strike. Institutions will be asked to calculate the combined semester GPA. If the result is equivalent to or exceeds the required GPA, the student will be considered eligible, assuming all other criteria are satisfied. The financial aid director or designee at the home institution must submit this information in writing via the *Authorization to Correct Student Record* form to the Treasurer's GGMS Office, and data will be manually entered into the GGMS database.
- f. **Individual Student Agreement** – The GGMS Co-Enrollment Agreement is for an individual student. There is no blanket agreement between institutions. The centralized database of the GGMS Program monitors payments by individual students. Each student who meets the co-enrollment criteria submits the required form to the home institution by the end of the semester for which the student is requesting funding. The home institution verifies the student's enrollment at its institution. If the student meets the requirements, the home institution pays only for the credits in which the student is enrolled at its campus. The form is faxed to the host institution for payment for the credits in which the student is enrolled at that institution. Both approvals are sent to the Treasurer's GGMS Office by the host institution to monitor the total enrollment and completion of credits and GPA earned by the student at the two institutions. This is a manual process that falls outside the automated procedure for GGMS eligibility, disbursement, and reconciliation.

(Complete A. 5/17)

Section 5. Lifetime Limits

1. The maximum total GGMS award is \$10,000. At the end of the fall and spring semesters, the remaining balance is updated in the student information system based on data sent by the Treasurer's GGMS Office. Summer disbursements are recorded in the student information system from October through November.
2. Students may receive a Millennium Scholarship disbursement during the six academic years following their high school graduation date. If a student does not use his/her GGMS immediately after high school, he/she will remain eligible as long as he/she meets continuation requirements and activates his/her GGMS during the six year limit. The expiration date occurs immediately after the spring semester in the sixth year (May 31).
3. An exception to the limitations of this Section is made for time served on active duty as a member of the United States Armed Forces, or for participation in a charitable mission or assignment of a religious or public service nature. Paid employment for a church, non-profit, or public agency does not qualify a student for an extension. Eligible students must complete the Application for Extension and return it along with official documentation to the NSHE Department of Academic and Student Affairs. A partial year of service will be rounded up to a full year. Extensions not to exceed six years will extend to May 31 of the extension year.

(Complete A. 5/17)

Section 6. Students with Disabilities

1. Students who have a documented temporary or permanent physical or mental disability or who were previously subject to an individualized education program (IEP) under the Individuals with Disabilities Education Act, 20 U.S.C. §§ 1400 et seq., or a plan under Title V of the Rehabilitation Act of 1973, 29 U.S.C. §§ 791 et seq. are to be determined by the institution to be exempt from the following GGMS eligibility criteria:
 - a. Six year application limitation following high school graduation and the time limits for expending funds set forth in Section 5 of this Chapter; and
 - b. Minimum semester credit hour enrollment levels set forth in Sections 4 and 11 of this Chapter.
2. **Funding** – To receive funding under a reduced credit load, students must submit to the institution's disability resource center (DRC) the *Millennium Students with Documented Disabilities* form by the end of the semester for which they are seeking funding. The completed form will be sent directly from the DRC to the financial aid office, where the Millennium award will be processed. The financial aid office will share the completed form securely with the Treasurer's GGMS Office.

Should the student begin the semester under regular funding criteria and then submit the form after receiving a GGMS, funding may be reduced and the student's full refund (if applicable) will be returned to the Treasurer's GGMS Office. If it is determined that circumstances leading to changes in a student's documented disability require that they reduce their credit load after the *Millennium Students with Documented Disabilities* form is

submitted for the current semester, the student may request a revision to be done on a case-by-case basis provided this determination is made before the end of the semester.
(Complete A. 5/17)

Section 7. Summer School

1. GGMS recipients may enroll in and receive the GGMS for summer semester as long as they meet all continuation requirements. In order to be counted toward a student's enrollment level for GGMS funding, credits must apply to the declared undergraduate program of study.
2. In addition, to receive funding for summer, students must have either received the GGMS at an eligible institution during the spring prior or the following fall semester. Students may be funded from .5-15 credits. This exception to the minimum number of credits applies to summer enrollment only.
3. Students must pre-pay for summer courses and then are reimbursed the same per credit amount as for fall and spring terms (up to 15 credits system wide), for courses passed with a grade of "D minus" or better, regardless of semester or overall GPA. There are no minimum enrollment requirements for summer funding. Further, students cannot lose eligibility based upon summer semester work. Institutions reimburse students for summer courses beginning after the completion of all summer terms at the respective institution and should complete reimbursement by October 1. Reimbursement after October 1 may be made on a case-by-case basis.

(Complete A. 5/17)

Section 8. GGMS Award Amounts

1. A single semester's total disbursement may not exceed the cost of 15 credits at the appropriate per-credit rate as defined in *Nevada Revised Statutes* 396.934 across the NSHE and other eligible institutions.
2. If a student who is not officially approved for co-enrollment is enrolled in 12 credits at a four-year institution (state college or university) and also at the community college, the community college must reverse the student's GGMS award for that term because the dollar-per-credit rate is higher at the university or state college. If the student is enrolled at two community colleges in a minimum of 9 credits at each institution, the colleges must follow the procedure described in Section 6(c) of this Chapter. If the student is enrolled at two four-year institutions, the first distribution takes precedent (unless the student withdraws from one of the institutions during the 100 percent refund period, in which case funding is reversed at the institution where the withdrawal occurred).
3. Effective Fall 2005, Millennium funds cannot be used to pay for remedial/developmental courses, defined as any course with a course number less than 100. However, remedial course enrollment may be used towards the 9 or 12 credit enrollment requirements.
4. Students are required to pay for any costs above the amount of the GGMS received.

5. It is the responsibility of the student to notify the institution if the student chooses not to use the GGMS for a given semester. This must be done each semester, and prior to the end of the 100 percent refund period. Students may not “refuse” their GGMS after the end of the 100 percent refund period. Institutions must document that the student refused their GGMS.
6. After the Treasurer’s GGMS Office confirms eligibility data for continuing students, institutions may begin packaging for the next award year (usually in mid-June). The NSHE Department of Academic and Student Affairs will forward the notification to the appropriate campus personnel.
7. Initial funding will be paid to the student each fall and spring semester before the start of the semester. All institutions may pay students for credits in which they are enrolled and are eligible for funding before the start of the semester, up to 15 credits per semester, across all eligible institutions. Awards will be adjusted up or down, as necessary, through the end of the 100 percent refund period. After the end of the refund period, awards may only be adjusted up based on enrollment changes. For instructions on how to treat refunds after the 100 percent refund period, see Section 13 of this Chapter.
8. Institutions may choose to disburse Millennium funds to student accounts earlier than Title IV funds, if the institution is willing to “float” the disbursements. Residual checks should not be sent to students, however, until other financial aid residual checks are sent.
9. Institutions are not required to pay a student who was not previously funded for the semester if it will cause the student to lose eligibility. In these cases, the institution will work with a student requesting funding to be sure they understand the consequences of a late disbursement on continuing eligibility for the GGMS.

(Complete A. 5/17)

Section 9. Cost of Attendance

1. Eligible students receive a GGMS award calculated at a per semester credit based on the type of eligible institution they attend. Millennium funds that exceed the cost of fees or that are awarded to a student receiving other aid that covers fees may be used for registration fees, course fees, laboratory fees and expenses; required textbooks and course materials; and other costs related to attendance. Costs of attendance shall be defined by the institution and shall include costs defined under federal financial aid guidelines. There is no requirement that institutions assign a priority order for applying Millennium funds to the student account.
2. In no case may the GGMS be awarded when the award will cause the student’s total financial assistance to exceed the cost of attendance at the eligible institution the student attends. However, loans or other “self-help” aid should be reduced wherever possible to accommodate a Millennium award.

Section 10. Appeals of Initial Eligibility

See Section 2 of this Chapter for eligibility requirements.

If a student is not on the eligibility list provided by the Treasurer's GGMS Office to NSHE and wants to appeal the decision that the student is ineligible, the student shall complete an *Initial Eligibility Appeal* Form and return it to the NSHE Department of Academic and Student Affairs for tracking and reviewing appeals.

1. **Documentation** – The Department of Academic and Student Affairs may request additional information necessary to review the appeal. For problems related to GPA, Proficiency Examination Scores, or ACT/SAT scores, documentation must be submitted to the NSHE Department of Academic and Student Affairs by the official agency providing the scores:
 - a. GPA - high school/school district (via official transcript);
 - b. Proficiency Examination Scores - high school or State Department of Education, as appropriate (or official transcript); or
 - c. ACT/SAT - the testing agency (via score report).

For problems concerning residency or other criteria resulting in ineligibility, the student and parent/guardian provide evidence of eligibility.

2. **Timing of Appeal** – A student may not appeal after more than six years following the student's regularly scheduled graduation date. However, students whose initial eligibility appeals are approved are only entitled to reimbursement for years for which the annual reconciliation has not been completed (see Section 14 of this chapter for discussion of the annual reconciliation).
3. **Review of the Appeal** – The Department of Academic and Student Affairs may uphold the decision that the student is ineligible or determine the student is eligible based on the facts of the case.
4. **Notification to Student of Action** – NSHE Department of Academic and Student Affairs notifies the student and the Treasurer's GGMS Office of the action on the appeal.
5. **Millennium Scholarship Office** – If the student becomes eligible, the Treasurer's GGMS Office adds the student to the list of GGMS recipients.

Section 11. Maintaining GGMS Eligibility

1. Students must maintain minimum eligibility and continuation requirements under Title 4, Chapter 18, Section 9.13 (Maintaining Scholarship Eligibility) of the *Handbook*, based upon their high school graduation date. See Section 12 of this Chapter for regaining eligibility.

2. Students enrolling in a combination of remedial and non-remedial courses must satisfactorily complete credit hour and GPA requirements on all of their semester enrollments (including remedial credit hours where a letter grade is issued by the institution).

Effective Fall 2006, if a student (1) informs either the institution or the Treasurer's GGMS Office that the student is enrolled in pass/no-pass course(s); and (2) has subsequently become ineligible due to GPA; and (3) the coursework completed by the student for a semester in which the student has received funding included pass/no-pass courses, then the letter grade the student would have received for the pass/no-pass course(s) may be considered for GPA calculations in order to reinstate or maintain eligibility. Institutions will be asked to contact the student's instructor(s) to obtain the student's letter grade for each completed course(s). The grade(s) will be averaged with the student's regular coursework if the instructor is able to provide a letter grade for the course. If the average is equivalent to the appropriate required GPA, the student will be considered eligible, assuming all other criteria are satisfied. The financial aid director or designee must submit this information in writing via the Authorization to Correct Student Record form to the Treasurer's Office, and data will be manually entered into Millennium database system.

3. Data for all enrolled Millennium students are extracted from the student information system in a week nightly batch process coordinated by NSHE System Computing Services (SCS). Data are sent to the Treasurer's GGMS Office on the following schedule:

Summer: October 1 through November 30

Fall: December 31 through April 30

Spring: May 31 through July 31

4. After the last day data are sent for a semester, if institutions make any updates to credits, GPA or disbursement on that semester, they must complete an *Authorization to Correct Student Record* form and transmit it to the Treasurer's Office. The Treasurer's Office staff will send an e-mail to the institution confirming the correction. If the update is related to an institutional 100 Percent Refund Appeal, they must instead submit the *100 Percent Refund* form.
5. Institutions may continue to make adjustments via these forms until the end of the annual reconciliation for that semester, after which no further adjustments may be made until such a time as a "one-time" clean -up is approved by the State Treasurer and the NSHE Chancellor or their designees. The GGMS fiscal year runs from the start of summer semester through the end of the spring semester of the following year. The annual reconciliation deadline is January 31 of the following year. If an institution approves a 100 percent refund after the reconciliation, eligibility for that student is updated, but disbursement information is not affected. See Section 13 of this Chapter for details.
6. In the case of irregular semesters, credits for the irregular semester are reported according to institutional practice.

(Complete A. 5/17)

Section 12. Regaining GGMS Eligibility

1. **Meet Eligibility Requirements** – Eligibility may be reinstated according to Title 4, Chapter 18, Section 9.16 (Regaining Scholarship Eligibility) of the *Handbook*.
2. **Co-Enrollment** – The co-enrollment agreement may not be used to allow students to regain eligibility.
3. **Students with Disabilities** – Students with disabilities may regain eligibility under a reduced credit load, noted on the *Millennium Students with Documented Disabilities* form each semester, to be completed by the institution's DRC and financial aid office and sent to the Treasurer's GGMS Office as provided in Section 6 of this Chapter.
(Complete A. 5/17)

Section 13. Refund Procedures if Student Drops Courses

1. Classes Dropped During Regular 100 Percent Refund (Add/Drop) Period

Any refund that would normally be given to a student who has withdrawn from courses for which GGMS support has been given, shall be transferred to the GGMS Trust Fund, administered by the State Treasurer. If the student has not paid the student's portion of the fees and has been assessed late fees, the late fees must be removed from the student's refund calculation. In other words, the GGMS may not be used to "pay" late fees during the refund procedure.

2. Classes Dropped After the 100 Percent Refund (Add/Drop) Period

- a. **No Federal Financial Aid** – If the only funding sources are the student's actual contribution and the GGMS contribution and the student receives a refund due to dropping classes, the total amount of the resulting refund is transferred to the GGMS trust, administered by the State Treasurer, up to the amount of the actual disbursement for the semester. A payment made by any outside source, including the student's prepaid tuition plan, dependent grant-in-aid or a sponsored-payment is treated as a regular payment by the student toward their contribution. In other words, the Millennium award is adjusted first before any of these funds are returned.
- b. **Federal Financial Aid** – When the funding sources are Pell Grant or other Title IV aid and the GGMS contribution, and the student receives a partial refund due to dropping classes, federal regulations are preeminent. In this case, all financial aid funds are reverted to the federal government, per federal guidelines.
 - i. If there are no funds remaining after the return of federal funds, the student's Millennium account would continue to show the Millennium payment for that semester, the student would be classified ineligible for the GGMS, and a strike would be applied.

- ii. If the federal Return to Title IV Funds calculation results in a refund to the student, the total amount of the resulting refund is transferred to the GGMS Trust Fund, administered by the State Treasurer, up to the amount of the actual disbursement. In this case, the student's Millennium account would show the Millennium payment for that semester, minus the refund, the student would be classified ineligible for the GGMS, and a strike would be applied.
- iii. In some situations, a student may receive a partial refund equal to or greater than the Millennium award. In these instances, the total award is returned and the student retains eligibility.

3. 100 Percent Refund Exception Approval

- a. When a student who receives a Pell Grant or other Title IV aid in addition to the GGMS is granted institutional approval for an exception to the 100 percent refund deadline, the practice differs from subsection 2 above. As a Pell Grant recipient for the same semester, all financial aid funds are reverted to the federal government, per federal guidelines, in lieu of providing the refund to the GGMS Trust Fund. In such cases, the student's Millennium account would continue to show funds expended for the semester; however, in keeping with the intent of the campus appeal determination, the student's account would be manually adjusted to indicate that the student is currently eligible. Institutions complete the *100 Percent Refund* form and send it to the Treasurer's GGMS Office, along with appropriate documentation.
- b. In the case of a student who receives a 100 percent refund after the "Annual Reconciliation" deadline, documentation is submitted to the Treasurer's GGMS Office to restore eligibility for the student. The institution will retain the Millennium portion of the student's refund and the student will receive only the non-Millennium portion of the refund. The Millennium portion of the refund is transferred to the institution's fee distribution account. In such cases, the student's Millennium account would continue to show funds expended for the semester; however, the student's account would be manually adjusted to indicate that the student is currently eligible.

4. Check Returned or Not Cashed

When a student for whom a residual check was mailed and returned by the Post Office, or if the check is stale dated and has not been cashed, the institution must attempt to return the check to the student, and maintain documentation of its due diligence efforts.

- a. If the institution is not able to contact the student and the Millennium fiscal year is not closed, then the check may be redeposited, and the Millennium disbursement may be pulled back for the student (up to the amount disbursed) and the dollars returned to the Treasurer.
- b. If the Millennium fiscal year is closed, and the institution has been unsuccessful in contacting the student, the monies may be retained by the institution and transferred to the fee distribution account. No adjustment is made to the student's Millennium disbursement.

- c. Under no circumstances may a student be allowed to repay the GGMS after the 100 percent refund period in order to regain eligibility. If the student has not yet cashed the check and still has possession of the check, the student must cash the check – it may not be returned to the institution.

Section 14. Office of the State Treasurer-Distribution of Funds

1. According to the calendar maintained by the Department of Academic and Student Affairs pursuant to Section 15 of this Chapter and upon request of the NSHE System Administration, each NSHE institution will summarize the total Millennium disbursements to date and communicate this to the NSHE System Administration office. Summer school attendance is submitted at the same time as fall (see Section 7).
2. Each institution has an individual add/drop period. One business day after the last applicable individual add/drop period, NSHE System Administration will submit an invoice to the Treasurer's GGMS Office.

These estimates will be the basis for an initial advancement of funds. Late funding requests will be processed with the next funding request according to the calendar maintained by the Department of Academic and Student Affairs pursuant to Section 15 of this Chapter.

3. The Treasurer's GGMS Office will review and submit the invoice for approval. The payment voucher will be processed and, according to State of Nevada procedure, the funding will settle in the NSHE account within three to five days. NSHE System Administration and other eligible institutions receive the initial advance from the Treasurer. These funds cover:
 - a. Total estimated NSHE community college eligible students x number of credits (\$40 lower division);
 - b. Total estimated NSHE community college eligible students x number of credits (\$60 upper division);
 - c. Total estimated NSHE state college eligible students x number of credits (\$60); and
 - d. Total estimated eligible students at other eligible institutions x number of credits (\$80).
4. The NSHE System Administration Office transfers the funds to each NSHE institution.
5. For additional funding, NSHE System Administration is provided with a Millennium disbursements report, which will be forwarded to the institutions for comparison with actual disbursements. Errors/discrepancies will be accounted for in the "Annual Reconciliation."
6. On February 1, following the end of the Annual Reconciliation Process, a final funding request will be made based on the Millennium disbursement report. Prior to that date, System Administration will request from the State Treasurer's Office a reconciliation file.

Error/discrepancies/adjustments must be reported to the Treasurer's GGMS Office on or before the last working day of January. The final advancement of funds for the fiscal year is based on the annual reconciliation process.

7. After the "Annual Reconciliation" is completed on January 31, no funding adjustments will be made regardless of the circumstances.
8. "One-time" clean ups may be approved on a case-by-case basis jointly by the State Treasurer and NSHE Chancellor or their designees to occur outside the normal annual reconciliation period for purposes of correcting substantial accounting discrepancies between the State Treasurer and NSHE institutions. The clean-up process is not intended to be used to fund students who were previously not funded for closed years.

Section 15. GGMS Forms and Calendar

Forms related to the GGMS will be maintained by and available through the State Treasurer's Office. The NSHE Department of Academic and Student Affairs shall maintain a calendar with dates for the administration of the GGMS on the NSHE website.

(RED FLAG RULES)**

Section 1. NSHE

I. POLICY AND PURPOSE

This policy is intended to meet the requirements of the FTC “Red Flag Rule.” The Nevada System of Higher Education and its institutions have adopted this policy, except where separately approved institution specific policies have been approved. This policy, and any other approved institution specific policies, shall be included in the NSHE *Procedures and Guidelines Manual*. Oversight of this policy is through the chancellor’s Office and institution presidents. After the initial approval of policies by the Board of Regents in June 2009, amendments may be approved by the chancellor. Institutions may also develop additional procedures with the approval of the institution president.

Identity theft is a fraud committed or attempted using the identifying information of another person without authority. It is the policy of NSHE to undertake reasonable measures to detect, prevent, and mitigate identity theft in connection with the opening of a “covered account” or any existing “covered account,” and to establish a system for reporting a security incident.

II. BACKGROUND

Red Flag Rules

In 2003, the U.S. Congress enacted the Fair and Accurate Credit Transaction Act of 2003 (FACT Act) which required the Federal Trade Commission (FTC) to issue regulations requiring “creditors” to adopt policies and procedures to prevent identify theft.

In 2007, the Federal Trade Commission (FTC) issued a regulation known as the Red Flag Rule. The rule requires “financial institutions” and “creditors” holding “covered accounts” to develop and implement a written identity theft prevention program designed to identify, detect and respond to “Red Flags.” That regulation is scheduled to be enforceable on August 1, 2009.

III. DEFINITIONS

Covered Account – A covered account is a consumer account designed to permit multiple payments or transactions. These are accounts where payments are deferred and made by a borrower periodically over time such as a tuition or fee installment payment plan.

Creditor – A creditor is a person or entity that regularly extends, renews, or continues credit and any person or entity that regularly arranges for the extension, renewal, or continuation of credit. Examples of activities that indicate a college or university is a “creditor” are:

- Participation in the Federal Perkins Loan program;
- Participation as a school lender in the Federal Family Education Loan Program;
- Offering institutional loans to students, faculty or staff;
- Offering a plan for payment of tuition or fees throughout the semester, rather than requiring full payment at the beginning of the semester.

Identifying Information – Any name or number that may be used, alone or in conjunction with any other information, to identify a specific person, including: name, address, telephone number, social security number, date of birth, government issued driver’s license or identification number, alien registration number, government passport number, employer or taxpayer identification number, student identification number, computer’s Internet Protocol address, routing code or financial account number such as credit card number, in combination with any required security code, access code, or password that would permit access to an individual’s financial account.

Red Flag – A red flag is a pattern, practice or specific activity that indicates the possible existence of identity theft.

Security Incident – A collection of related activities or events which provide evidence that personal information could have been acquired by an unauthorized person.

IV. IDENTIFICATION OF RED FLAGS

Broad categories of “Red Flags” include the following:

- **Alerts** – alerts, notifications, or warnings from a consumer reporting agency including fraud alerts, credit freezes, or official notice of address discrepancies.
- **Suspicious Documents** – such as those appearing to be forged or altered, or where the photo ID does not resemble its owner, or an application which appears to have been cut up, re-assembled and photocopied.
- **Suspicious Personal Identifying Information** – such as discrepancies in address, Social Security Number, or other information on file; an address that is a mail-drop, a prison, or is invalid; a phone number that is likely to be a pager or answering service; personal information of others already on file; and/or failure to provide all required information.
- **Unusual Use or Suspicious Account Activity** –such as material changes in payment patterns, notification that the account holder is not receiving mailed statement, or that the account has unauthorized charges;
- **Notice from Others Indicating Possible Identify Theft** –such as the institution receiving notice from a victim of identity theft, law enforcement, or another account holder reports that a fraudulent account was opened.

V. DETECTION OF RED FLAGS

Employees shall undertake reasonable diligence to identify Red Flags in connection with the opening of covered accounts as well as existing covered accounts through such methods as:

- Obtaining and verifying identity;
- Authenticating customers; and
- Monitoring transactions.

A data security incident that results in unauthorized access to a customer's account record or a notice that a customer has provided information related to a covered account to someone fraudulently claiming to represent the university or to a fraudulent web site may heighten the risk of identity theft and should be considered Red Flags.

VI. RESPONSE TO RED FLAGS

Unless otherwise directed by the college or university, the detection of a Red Flag by an employee shall be reported to chief security officer for the institution. Based on the type of Red Flag, the appropriate administrator and the chief security officer will determine the appropriate response

VII. SECURITY INCIDENT REPORTING

An employee who believes that a security incident has occurred shall immediately notify their appropriate administrator and, unless otherwise directed by the institution, the chief security officer. After normal business hours, notification shall be made to the institution police or other responsible after hours administrator. Upon review of the incident, the responsible administrator shall determine what steps may be required to mitigate any issues that arise in the review. In addition, referral to law enforcement may be required.

VIII. TRAINING AND PROGRAM REVIEW

All employees who process any information related to a covered account shall receive training following appointment on the procedures outlined in this document. Refresher training may be provided annually.

Periodically the policy, procedure and training shall be reviewed to assess the need for changes or improvements.

(Added 6/09)

Section 2. UNR

In recognition that some university activities are subject to the provisions of the Fair and Accurate Credit Transactions Act (FACT Act) and its "Red Flag" rules as promulgated by the U.S. Federal Trade Commission, the university outlines the following program. This program complements existing policies, which can be found in various sections of the university's *Information Technology Policy Manual*.

 - ii. Verify customer's identity (for instance, review a driver's license or other identification card); or
 - iii. Independently contact the customer.
- 2. Existing accounts
 - a. university personnel will take the following steps to monitor transactions with an account:
 - b. Verify the identification of customers if they request information (in person, via telephone, via facsimile, via email);
 - c. Verify the validity of requests to change billing addresses; and
 - d. Verify changes in banking information given for billing and payment purposes.

Responding to Red Flags and Mitigating Identity Theft

1. In the event university personnel detect identified Red Flags, such personnel shall take all appropriate steps to respond and to mitigate identity theft depending on the nature and degree of risk posed by the Red Flag, including but not limited to the following examples:
 - a. Continue to monitor an account for evidence of identity theft;
 - b. Contact the customer;
 - c. Change any passwords or other security devices that permit access to accounts;

 - a. Require, by contract, that service providers have such policies and procedures in place; and
 - b. Require, by contract, that any service providers review the university's program and report any Red Flags to the program administrator.

(Added 6/09)

Section 3. WNC

Western Nevada College (WNC) developed and implemented this Identity Theft Prevention Program pursuant to the Federal Trade Commission's Red Flags Rule, which implements Section 114 of the Fair and Accurate Credit Transactions Act of 2003. In recognition that some activities of WNC are subject to the provisions of this Rule as promulgated by the Commission, the college adopted the following policy. This policy complements, and is supported by existing department data security policies at the college.

I. Purpose

- a. The college will incorporate relevant Red Flags into a policy to enable the college to detect and respond to potential identity theft.
- b. The college shall ensure that the policy is updated periodically to reflect changes in risks to customers or creditors or to the college from identity theft.

II. Definitions

Pursuant to the Red Flag regulations at 16 C.F.R. § 681.2, the following definitions apply to this policy:

- a. "Identity theft" is a "fraud committed or attempted using the identifying information of another person without authority."

 1. Developing, implementing, and updating WNC's policy;
 2. Ensuring appropriate training of college staff on the policy;
 3. Reviewing staff reports regarding the detection of Red Flags;
 4. Reviewing steps for identifying, preventing, and mitigating identity theft;
 5. Determining appropriate prevention and mitigation steps to be taken in specific circumstances;
 6. Reviewing, evaluating, and promulgating periodic changes to the Policy based on:
 - i. Changes in identity theft risks, detection, mitigation, and prevention methods
 - ii. Technological advances
 - iii. College's experiences with identity theft
 - iv. Changes in types of accounts the college maintains
 - v. Changes in the college's business arrangements with other entities
 - vi. Changes in legal requirements related to identity theft.

IV. Identification of Red Flags

The following are relevant Red Flags in each of the listed categories for which employees should be aware and diligent in monitoring:

- a. Notifications and warnings from credit reporting agencies
 1. Report of fraud accompanying a credit report;
 2. Notice or report from a credit agency of a credit freeze on a customer or applicant;
 3. Notice or report from a credit agency of an active duty alert for an applicant; and
 4. Indication from a credit report of activity that is inconsistent with a customer's usual pattern or activity.
- b. Suspicious documents
 1. Identification document that appears to be forged, altered, or inauthentic;
 2. Identification document on which a person's photograph or physical description is inconsistent with the person presenting the document;
 3. Other document with information that is inconsistent with existing customer information (such as if a person's signature on a check appears forged); or
 4. Application for service that appears to have been altered or forged.
- c. Suspicious personal identifying information
 1. Identifying information presented that is inconsistent with other information the customer provides (example: inconsistent birth dates);
 2. Identifying information presented that is inconsistent with other sources of information (for instance, an address not matching an address on a credit report);
 3. Identifying information presented that is the same as information shown on other applications that were found to be fraudulent;

4. Identifying information presented that is consistent with fraudulent activity (such as an invalid phone number or fictitious billing address);
 5. Social Security number presented that is the same as one given by another individual;
 6. An address or phone number presented that is the same as that of another person;
 7. A person fails to provide complete, personal identifying information on an application when reminded to do so (however, by law Social Security numbers may not be required in all instances); and
 8. A person's identifying information is inconsistent with the information that is on file for the customer.
- d. Suspicious account activity or unusual use of account
1. Change of address for an account followed by a request to change the account holder's name;
 2. Payments stop on an otherwise consistently up-to-date account;
 3. Account used in a way that is inconsistent with prior use (example: very high activity);
 4. Mail sent to the account holder is repeatedly returned as undeliverable;
 5. Notice to the college that a customer is not receiving mail sent by the institution;
 6. Notice to the college that an account has unauthorized activity;
 7. Breach in the college's or NSHE's computer system security; and
 8. Unauthorized access to or use of customer account information.
- e. Alerts from others
1. Notice to the college from an individual, identity theft victim, law enforcement, or other person who has opened or is maintaining a fraudulent account for a person engaged in identity theft.

V. Detecting Red Flags

a. New accounts

1. College personnel will take the following steps to obtain and verify the identity of the person opening an account:
 - i. Require personal identifying information such as name, date of birth, residential or business address, driver's license, or other identification;
 - ii. Verify customer's identity (for instance, review a driver's license or other identification card);
 - iii. Independently contact the customer.

b. Existing accounts

1. College personnel will take the following steps to monitor transactions with an account:
 - i. Verify the identification of customers if they request information (in person, via telephone, via facsimile, via email);
 - ii. Verify the validity of requests to change billing addresses; and
 - iii. Verify changes in banking information given for billing and payment purposes.

- VI. Responding to Red Flags and Mitigating Identity Theft
- a. In the event college personnel detect identified Red Flags, such personnel shall take all appropriate steps to respond and to mitigate identity theft depending on the nature and degree of risk posed by the Red Flag, including but not limited to the following examples:
 1. Continue to monitor an account for evidence of Identity theft;
 2. Contact the individual;
 3. Change any passwords or other security devices that permit access to accounts;
 4. Not open a new account;
 5. Close an existing account;
 6. Reopen an account with a new number;
 7. Notify public safety and/or law enforcement; or
 8. Determine that no response is warranted under the particular circumstances.

- VII. Staff Training and Reporting
- a. College employees responsible for implementing the Policy shall be trained in the detection of Red Flags, and the responsive steps to be taken when a Red Flag is detected.
 - b. Appropriate staff shall provide reports to the Policy Administrator on incidents of identity theft, the effectiveness of the Policy, and the college's compliance with the Policy.

- VIII. Service Provider Arrangements
- a. When the college engages a service provider to perform an activity in connection with one or more covered accounts, the college will take the following steps to ensure the service provider performs its activity in accordance with reasonable policies and procedures designed to detect, prevent, and mitigate the risk of identity theft:
 - i. Require, by contract, that service providers have such policies and procedures in place; and
 - ii. Require, by contract, that any service providers review the college's Policy and report any Red Flags to the Policy Administrator.

CHAPTER 14

EXPORT CONTROL AND ECONOMIC SANCTIONS POLICY

Section 1. Purpose

Export control and economic sanctions regulations address the export of proprietary, confidential or restricted items, information, services and software, as well as interactions with embargoed or sanctioned countries, organizations and individuals. They exist to protect the national security, foreign policy and economic interests of the United States. The purpose of the Nevada System of Higher Education policy is to ensure compliance with federal export control and economic sanctions regulations.

(Added 9/15)

Section 2. Policy Statement and Institution Policies

NSHE and its institutions, employees and students will comply with all U.S. export control and economic sanctions laws and regulations, including obtaining any required export licenses, for the transfer of export- controlled materials, data, technology, or equipment to a foreign national, either in the U.S. or abroad. Each NSHE institution is required to formalize a written policy addressing export control and economic sanctions regulations and institutional compliance procedures in the following areas:

- a. Research conducted by NSHE faculty and students on campus and abroad (to include foreign visitors, volunteers and facility users on campus);
- b. Items shipped outside the U.S.;
- c. International Programs – includes students and faculty studying or teaching abroad;
- d. Purchasing/Accounting (vendor payments);
- e. Sponsored Projects/Technology Transfer;
- f. Human Resources; and
- g. Foreign Travel.

Each NSHE institution may in its discretion adopt or modify the Model Institutional Procedure for compliance with federal regulations, which can be found in the Appendix following this policy. The Chancellor has authority to supplement or revise the NSHE Export Control and Economic Sanctions Policy.

(Added 9/15)

Section 3. Federal Agency Regulation and Enforcement

The three main agencies that regulate and enforce the majority of federal export control and economic sanctions regulations are:

- 3.1 U.S. Department of Commerce - enforces the Export Administration Regulations (EAR) which regulate the export and re-export of most commercial items including “dual-use” items that have both commercial and military or proliferation applications;

- 3.2 U.S. Department of State - enforces the International Traffic in Arms Regulations (ITAR), which regulate defense articles and defense services; and
- 3.3 U.S. Department of the Treasury - oversees U.S. economic sanctions and embargoes through its Office of Foreign Assets Control (OFAC) and prohibits the provision of anything of value, either tangible or intangible, to sanctioned countries, organizations or individuals.

(Added 9/15)

Section 4. Controlling Law, Jurisdiction, Exclusions and Exemptions

- 4.1 Federal regulations supersede any conflicting contractual requirements, state laws or regulations and any institutional policies or procedures that are in conflict with federal regulations. Only the federal agencies responsible for the export control and economic sanctions regulations have the authority to make determinations and issue licenses. Neither the institution nor a sponsoring entity has such authority.
- 4.2 In accordance with federal regulations, the following are excluded or exempt from export controls:

4.2.1 Fundamental Research.

Fundamental research (basic or applied research in science and/or engineering at an accredited institution of higher learning in the U.S. resulting in information that is ordinarily published and shared broadly within the scientific community) is excluded from export control regulations. This means that the intellectual product of fundamental research (publishable results) is excluded from export controls. However, tangible items resulting from fundamental research (prototypes, materials, some encryption software, etc.) are not excluded and authorization may be needed for export.

Research will not qualify for this exclusion if: (1) the institution or investigator accepts any restrictions on the publication of the information resulting from the research, other than limited prepublication review by research sponsors to ensure that proprietary information is not inadvertently disclosed in publication or to ensure that publication will not compromise the patent rights of the sponsor; or (2) the research is federally funded and specific access and dissemination controls regarding the resulting information have been accepted by the Institution or investigator. This exclusion also applies to research conducted by scientists or engineers working at other institutions and includes research conducted at the Desert Research Institute.

The fundamental research exclusion: (1) applies only to information; and (2) does not apply to a sponsor's existing proprietary information when some or all of that information is required to be held confidential.

Note: Research performed at the Desert Research Institute may qualify as exempt corporate fundamental research in accordance with 15 CFR 734.8(e) to the extent that the DRI researchers are free to make scientific and technical information resulting from the research publicly available without restriction or delay based on proprietary concerns or specific national security controls.

4.2.2 Educational Instruction. Export control regulations do not apply to information released in academic catalog-listed courses or in teaching labs associated with those courses. Material released in catalog courses is considered publicly available, and therefore excluded from U.S. export controls, by delivery in instruction at universities in the U.S. or abroad, except for:

- a. Some encryption software ;
- b. Principles not commonly taught ; and
- c. Sensitive nuclear technology

4.2.3 Information in the Public Domain/Publicly Available.

Information that is published and generally available to the public, as well as publicly available technology and some encryption software, is outside the scope of the export control regulations. This exclusion does not apply to information if there is reason to believe it may be used for weapons of mass destruction, or where the U.S. government has imposed access or dissemination controls as a condition of funding.

Public Domain is defined as information that is published and generally accessible to the public: (1) through sales at newsstands and bookstores; (2) through subscriptions available without restriction to anyone who may want to purchase the published information; (3) through second-class mailing privileges granted by the U.S. Government; (4) at libraries open to the public or from which the public can obtain documents; (5) through patents available at any patent office; (6) through unlimited distribution at a conference, meeting, seminar, trade show or exhibition that is generally accessible to the public and is in the United States; (7) through public release (i.e., unlimited distribution) in any form (not necessarily published) after approval by the cognizant U.S. government department or agency; and (8) through fundamental research.

4.2.4 Exemption for Disclosures to Bona Fide Full-time Employees (ITAR-regulated research only).

ITAR regulations exempt disclosures of unclassified technical data in the U.S. by U.S. universities to foreign nationals where 1) the foreign national is a bona fide full-time regular employee, 2) the employee's permanent abode throughout the period of employment is in the U.S., 3) the employee is not a national of an embargoed country, and 4) the institution informs the employee in writing that information disclosed may not be disclosed to other foreign nationals without governmental approval. Most graduate students are not regular full-time employees and disclosures to them will not qualify for this exemption.

- 4.3 Economic Sanctions. The U.S. Department of the Treasury’s Office of Foreign Assets Control (OFAC) administers a number of different sanctions programs. The sanctions can either be comprehensive or selective, using the blocking of assets and trade restrictions to accomplish foreign policy and national security goals. Prohibited transactions are trade or financial transactions and other dealings, such as providing services, in which U.S. persons may not engage unless authorized by OFAC or expressly exempted by statute.

The list of embargoed and sanctioned countries and entities is updated frequently. A summary of each particular embargo or sanctions program may be found under the Resources tab on OFAC’s website: <http://www.treasury.gov/about/organizational-structure/offices/Pages/Office-of-Foreign-Assets-Control.aspx>.

To avoid participating in transactions with prohibited entities, NSHE institutions should reference OFAC’s list of Specially Designated Nationals and Blocked Persons (“SDN List”). Examples of activities that may require a license from OFAC include:

- a. Importing items from a sanctioned country, such as samples for analysis;
- b. Attending a conference in a sanctioned country;
- c. Exporting, re-exporting, the sale or supply of items or technology to a sanctioned country;
- d. Engaging in a transaction involving a Specially Designated National or other prohibited entity;
- e. Providing a service to a sanctioned country or Specially Designated National.

(Added 9/15)

Section 5. Explanation of Terms

- 5.1 Export. Definitions of exports differ slightly between the ITAR and EAR. The ITAR definition includes sending or taking a defense article out of the United States; disclosing (including oral or visual disclosure) or transferring technological data to a foreign person, whether in the United States or abroad; and performing a defense service on behalf of, or for the benefit of, a foreign person, whether in the United States or abroad.) The EAR definition includes an actual shipment or transmission of items subject to the EAR out of the United States, and any release of technology or software subject to the EAR to a foreign national.
- 5.2 Employee. All institution employees, full-time and part-time; including student employees, consultants, visitors, and others using institution resources.
- 5.3 Empowered Official (EO). A U.S. citizen who is legally empowered in writing by an institution to sign export license applications or other requests for approval on behalf of the institution. The EO must understand the provisions and requirements of the various export control statutes and regulations, and the criminal liability, civil liability and administrative penalties for violating the laws and regulations. The EO has the independent authority to inquire into any aspect of a proposed export, verify the legality of the transaction and the accuracy of the information to be submitted, and refuse to sign a license application or other request for approval without prejudice or other adverse recourse.

- 5.4 Export Control Officer (ECO). A person who is identified formally at an institution for purposes of institutional compliance with export control regulations. It is not the role of the ECO to determine what research or activities academic and institution research personnel may engage in. Such a determination will fall to the individual's college, department or unit, and the Office of the VP for Research.
- 5.5 OFAC Terms:
- 5.5.1 Embargo. An embargo is the complete or partial limitation of trade and commerce with a particular country or group of countries. Under OFAC regulations, a sanction or embargo may include prohibitions on imports and exports of items, as well as services.
- 5.5.2 Sanction. An economic sanction is a ban on certain types of trade. Under OFAC regulations, a sanction or embargo may include prohibitions on imports and exports of items, as well as services.
- 5.5.3 Specially Designated National (SDN). OFAC publishes a list of individuals, research organizations, and companies owned or controlled by, or acting for or on behalf of, targeted countries. It also lists non country-specific individuals, groups and entities, such as terrorists and narcotics traffickers targeted under the different sanctions programs. Designated individuals, research organizations, and companies are called "Specially Designated Nationals" or "SDNs." Their assets are blocked and U.S. persons are generally prohibited from dealing with them. The SDN List is frequently updated.

(Added 9/15)

Section 6. Authority of Empowered Official and Export Control Officer

The institution president shall appoint or approve the appointment of an ECO and EO for purposes of compliance with U.S. export control regulations. Both ECO and EO shall receive authority from the institution president to perform his/her job duties to help ensure the compliance with all applicable federal laws and regulations. The ECO and EO may be the same individual.

(Added 9/15)

Section 7. Implementation of an Export and Economic Sanctions Compliance Program

Export control and economic sanctions regulations affect many areas across campus. To implement this Policy, the ECO/EO shall work with the appropriate vice presidents, college deans, department heads, directors, the Compliance Office, and the Office of Legal Affairs or General Counsel to implement procedures that comply with the export control regulations.

(Added 9/15)

Section 8. Sanctions – Disciplinary Action

8.1 Sanctions. The federal laws and regulations governing export control provide for criminal and civil sanctions against the institution and against individuals.

8.1.a Export Administration Regulations (EAR).

The EAR contain criminal and civil sanctions, which include fines up to \$1,000,000 or two times the value of the exports for each violation, and up to 10 years in prison for each violation or both. Additionally, for each violation of the EAR the following may be imposed:

1. Denial of export privileges; and/or
2. Exclusion from practice; and/or
3. Seizure/forfeiture of goods

8.1.b International Emergency Economic Powers Act (IEEPA).

The IEEPA contains criminal and civil sanctions, which include fines up to \$1,000,000 or five times the value of the exports for each violation, and up to 20 years in prison for each violation, or both. Additionally, for each violation of the IEEPA the following may be imposed:

1. Denial of export privileges; and/or
2. Exclusion from practice; and/or
3. Seizure/forfeiture of goods.

Note: Penalties associated with violations of EAR currently fall under the purview of the IEEPA, pending reauthorization of the EAR.

8.1.c International Traffic in Arms Regulations (ITAR).

The ITAR contain criminal and civil sanctions, which include fines up to \$1,000,000 or five times the value of the exports for each violation, and up to 10 years in prison for each violation, or both. Additionally, for each violation of the ITAR the following may be imposed:

1. Denial of export privileges; and/or
2. Seizure/forfeiture of goods.

8.1.d Office of Foreign Assets Control (OFAC). The OFAC regulations contain criminal and civil sanctions, which include fines up to \$1,000,000 or five times the value of the exports for each violation, and up to 20 years in prison for each violation, or both. Additionally, for each violation of the OFAC regulations, the seizure and forfeiture of goods may result.

8.2 Disciplinary Action.

In addition to civil and criminal penalties that may apply under applicable laws to individual institution personnel/students and to the institution, violation of export control laws and regulations may subject the violator to remedial or disciplinary action by in accordance with the Board of Regents' Code, Title 2, Chapters 6, 8 and 10, and applicable institutional policies procedures for misconduct, up to and including termination or dismissal.

(Added 9/15)

Section 9. Training Requirements

All ECO/EOs and any other individuals with responsibility for export control matters shall receive training in export control and economic sanctions regulations and procedures.

(Added 9/15)

Section 10. Model Institutional Guidelines

Model Institutional Guidelines for Compliance with U.S. Export Control and Economic Sanctions Regulations are provided in the Appendix to this policy. These Model Guidelines include the essential elements that should be a part of each institution's overall export control effort. Institutions may adopt the Model Guidelines in their entirety or may modify or supplement them as appropriate in light of the institution's activities that are subject to export control and economic sanctions regulation.

(Added 9/15)

Appendix

Nevada System of Higher Education

Model Institutional Guidelines for Compliance with U.S. Export Control and Economic Sanctions Regulations

1. Purpose.

This policy is intended to help ensure compliance with the Nevada System of Higher Education (NSHE) Export Control and Economic Sanctions Policy set forth in the *Procedures and Guidelines Manual* (PGM), Chapter 16, and with federal export control and economic sanctions regulations. All faculty, staff, students and visitors must comply with this policy, as well as all applicable export control regulations, including obtaining any required export licenses as appropriate. In the event any terms of these guidelines conflict with any export control law, then the export control law will prevail.

2. Background.

The export of certain technologies, software and hardware is regulated and controlled by federal law for reasons of national security, foreign policy, prevention of the spread of weapons of mass destruction and for competitive trade reasons. Employees, students and visitors are required to comply with the U.S. export control laws and regulations, including those implemented by the Department of State, through its International Traffic in Arms Regulations (ITAR), the Department of Commerce, through its Export Administration Regulations (EAR), and the Department of the Treasury, through its Office of Foreign Assets Controls (OFAC) (See PGM, Chapter 16).

While some research conducted on U.S. college and institution campuses is excluded from these regulations under the Fundamental Research Exclusion (as discussed in PGM, Chapter 16, Section 4) and is considered to be in the public domain, research involving specified technologies controlled under the EAR and/or ITAR, or transactions and exchanges with designated countries, individuals and entities, may require the institution to obtain prior approval from the appropriate federal agency before allowing foreign nationals to participate in controlled research, collaborate with a foreign company and/or share research--verbally or in writing--with persons who are not U.S. citizens or permanent residents. The consequences of violating these regulations can be quite severe, ranging from loss of research contracts to monetary penalties and jail time for the individual violating these regulations. (See PGM, Chapter 16, Section 8).

The export control regulations affect not only research conducted on campus, but also travel and shipping items outside the U.S. Simply traveling to certain sanctioned countries could require a license from OFAC. OFAC sanctions prohibit transactions and the exchange of goods and services with certain countries and with designated persons and entities. Multiple lists of denied individuals and parties are maintained and enforced by federal agencies including the Departments of State, Commerce, and Treasury. Shipping items outside the U.S. as well as taking controlled items on a flight, even if the shipping or traveling is done in the conduct of research, could require a license from these agencies.

The institution is committed to full compliance with all applicable U.S. export control laws and regulations.

3. Compliance Authority.

The president shall appoint or approve the appointment of an Export Control Officer (ECO) and Empowered Official (EO) (defined in PGM, Chapter 16, Section 5) for purposes of compliance with U.S. export control laws and regulations. Both ECO and EO shall receive authority from the institution president to perform his/her job duties. The duties and responsibilities of ECO and EO may be assigned to one individual.

4. Implementation of an Export Control Compliance Program.

The export control regulations affect many areas across campus. To implement this Policy, the ECO/EO shall work with the appropriate vice presidents, college deans, department heads, directors, the Compliance Office, and the Office of Legal Affairs or General Counsel to implement procedures that comply with the export control regulations. Areas, offices, or activities that are affected by export compliance include, but are not limited to:

- a. Research conducted by NSHE faculty and students on campus as well as research projects conducted abroad (also includes foreign visitors, volunteers and facility users on campus);
- b. Items shipped outside the U.S.;
- c. International programs – includes students and faculty studying or teaching abroad;
- d. Office for Purchasing/Accounting (vendor payments);
- e. Office of Sponsored Projects/Sponsored Projects/Technology Transfer;
- f. Human Resources Department; and
- g. Travel Office – for travel outside the U.S.

The ECO/EO shall develop an institution-specific export controls compliance program that documents and disseminates information on roles, responsibilities, and procedures for identification, approval, licensing, and tracking of items or activities subject to the export control laws. The program should also include record-keeping, awareness training, and procedures for self-assessment and monitoring. Any institution specific procedures must be posted on the institution website.

Typically, the responsible department/unit for research is the Office of Sponsored Programs or Sponsored Projects or the Office of Research Integrity. However, since export control compliance affects the entire institution, the ECO/EO may report centrally to an administrator such as the provost, dean, Legal Office, or institutional compliance officer or director.

5. Penalties and Disciplinary Action.

In addition to civil and criminal penalties that may apply under applicable laws to individual institution personnel/students, visitors and to the institution, violation of export control laws and regulations may subject the violator to remedial or disciplinary action in accordance with the Board of Regents' Code, Title 2, Chapters 6, 8 and 10, and applicable institutional policies or procedures for misconduct, up to and including termination or dismissal.

6. Procedures and Guidelines.

Set forth below are procedures and guidelines regarding:

- a. International travel and/or studies abroad.
- b. Sponsored projects/technology transfer (for research conducted by faculty and students on campus as well as research projects conducted abroad).
- c. On-campus foreign visitors.
- d. International shipping.
- e. Record-keeping.
- f. Restricted or denied party screening.
- g. Export control training.

A. INTERNATIONAL TRAVEL/STUDIES ABROAD.

Institutions' faculty, staff, students, affiliates and volunteers travel internationally as part of institution research, education, service or employment. Where a person travels, what items are being taken, what services are being provided, with whom they are working and the purpose of the trip may present export control concerns for the individual, the institution and NSHE.

1. How do export controls affect my international travel or study abroad program?
 - a. Travel to most countries does not usually constitute an export control problem.
 - b. Note that laptops and GPS devices may be restricted upon entrance into particular countries, which will mostly affect activities involving equipment, technical software, or technical information in other media, including presentations.
 - c. This can apply even to laptops and other widely available technologies.
 - d. Information contained within the laptop, such as reports, data, proprietary information may also be subject to export control.
 - e. Additionally, certain entities have been placed on "restricted-party" lists that could prohibit us from doing business with them.
2. What do I need to do before leaving on international travel or a study abroad program?
 - a. Ensure that your destination is not subject to a boycott or embargo (For the most current list of embargoes countries, visit the U.S. Department of Treasury website).
 - b. Review current US Department of Treasury Sanctions¹ and Consolidated Screening Lists² if collaborating with foreign colleagues or entities, or for projects that involve collaboration with or providing services or assistance to a foreign country or a government-controlled organization, and to ensure that you don't need government authorization.

¹ Go to <http://www.treasury.gov/about/organizational-structure/offices/Pages/Office-of-Foreign-Assets-Control.aspx>, and <http://www.treasury.gov/resource-center/sanctions/Programs/Pages/Programs.aspx> to review country specific sanctions programs.

² Go to http://export.gov/ecr/eg_main_023148.asp to review the consolidated screening list.

- c. If it is a restricted country, licenses must be obtained and additional restrictions could apply to the program - this can be a lengthy process, so start as soon as you have all necessary information.
 - d. If the institution is entering into an agreement or contract with a foreign entity in conjunction with your international travel or study abroad program, restricted party screening should be run prior to entering the agreement or contract to ensure that the entity does not appear on any restricted-party list.
 - e. If institution property (laptops, PDAs, etc.) is being exported during the study abroad, the equipment must be cleared through the institution ECO/EO.
 - f. If the study abroad involves conducting or collaborating on research abroad, or the students and/or faculty are planning to take potentially export-controlled research with them, contact the ECO/EO.
 - g. Contact the institution's ECO/EO about any "red flags" (see Section B.2. Red Flags, below) and issues concerning publication or access restrictions.
 - h. It may be advisable to take a "scrubbed" laptop out of the country in order to ensure that no export-controlled information is being exported.
3. Restrictions on International Travel Based on the Destination.

Most international travel does not present export control issues. Other travel scenarios may present an export control concern that the institution can address by documenting that the travel has an exception from export regulations. Travel to countries designated by the federal government for embargo or sanction reasons or travel with export-controlled items may present a need for an export license or other government authorization prior to departure.

The institution ECO/EO shall assist in evaluating international travel concerns and reduce the impact on international travel plans. Working in advance of travel helps with:

- a. determining whether items, technology and software can be taken or sent internationally without a license;
- b. obtaining an export license; and
- c. reducing the likelihood of a violation of export control and sanction program regulations.

If an export license or other government authorization is required, it must be received prior to travel.

4. Restrictions on the Items You Can Take With You.
- a. When you leave the U.S., even temporarily, for teaching, research, or to attend a conference, everything you take with you is an export, including electronic devices, software and data. This applies to hand-carried items, materials, and devices. All exports should be screened by the individual(s) designated by the institution to evaluate export license requirements.

- b. Research data and information that qualifies for the fundamental research exemption, public domain/publicly available or educational instruction exclusions to the export control regulations can be taken and openly shared or discussed without the need for an export license (e.g., published, educational or research information intended for public distribution, such as a paper being presented at a conference, commercial software, and patent applications). Restrictions on sharing or discussing published or publicly available information in embargoed countries may exist. Contact your ECO/EO to discuss the purpose and scope of any activity in an embargoed country. Prior to travel, verify that your technology, data or information is categorized as fundamental research, public domain/publicly available or educational instruction information.
 - c. An export license is not usually required for most commercially obtained items and equipment (laptop computers, tablets, cell phones, PDAs containing software), unless you are traveling to or through an embargoed or sanctioned country. For sanctioned countries, an export license will be required. If the information stored on these devices is export controlled, standard export control regulations apply and a license may be required.
 - d. Without an export license or license exception, you cannot take with you any commodities, software, or technology that are:
 - 1. Articles, technical data or software controlled under the International Traffic in Arms Regulations (ITAR). For example, a blueprint, document or drawing on your electronic device that is considered ITAR-controlled technical data cannot be taken out of the U.S. without a license;
 - 2. Classified, controlled unclassified, or export controlled;
 - 3. Proprietary, confidential, or sensitive;
 - 4. Specifically designed for military, intelligence, space, encryption software, or nuclear related applications;
 - 5. Data or information subject to a Non-Disclosure Agreement or that results from a project with contractual dissemination restrictions; or
 - 6. Computer software or encryption items with export restrictions or access restrictions for non-U.S. persons.
5. Restrictions on Your Activities While in Your Destination Country.
- a. Limit presentations, seminars and discussions to topics that are not related to export-controlled commodities, software, or technology unless that information has been published, is currently publicly available or in the public domain, or qualifies as fundamental research.
 - b. Presenting or discussing proprietary, unpublished, or export-controlled data or information may constitute an unauthorized export.
 - c. Open seminars are, most likely, appropriate unless they occur in an embargoed or sanctioned country or involve restricted parties.
 - d. Sharing fundamental research or publically available information with foreign colleagues is allowed as long as the colleagues are not prohibited from receiving the information by the federal government (e.g., Specially

Designated Nationals, employees or representatives of the government of a sanctioned country, or restricted parties).

- e. Engaging in research, field work or course instruction outside of the U.S. may not qualify for the fundamental research exclusion and U.S. export control laws and regulations may apply until the work is published or is made publicly available. Prior to providing course instruction or disclosing information resulting from research or field work when outside of the U.S., determine if the information is subject to export control laws and regulations.
 - f. Payments to persons, businesses or organizations may be prohibited by export control laws and regulations.
 - g. Institutions and NSHE must not enter into contracts, conduct business, or otherwise participate, directly or indirectly, in any financial activities with any entity or person found on any government issued restricted, blocked, or denied party lists. This may include international subcontracts, purchases from international vendors or payments to research participants.
 - h. Screening must be conducted to determine if the institution is permitted to do business or provide financial assistance to the individual or entity with whom you will be transacting business (see Section F. Restricted and Denied Party Screening below). The ECO/EO or other designated individual will assist in determining if the financial assistance or transaction is allowed.
6. Restrictions Based on the Laws of the Destination Country.

Your destination countries have their own import and export control regulations that could affect how you can use the exported items in their country or could restrict your ability to take them out of their country. Once outside or when returning to the U.S., your items and electronic devices may be searched or seized in accordance with the laws of the foreign country.

7. License Exceptions for Temporary Exports/Re-export (TMP) or Baggage (BAG).

Items such as commodities, software, and technology taken or sent outside of the U.S. may require an export license pursuant to export control laws and regulations. An item's export control classification may mean no license is required to export the item to your destination country. If a license to export your items is not needed, then pursuing a license exception is unnecessary.

The Export Administration Regulations (EAR) provide an export license exception for the temporary export or re-export of certain items, technology, or software (electronic devices, laptops, cellphones, and PDAs) for professional or personal use as long as regulatory criteria are met. The EAR allow an export license exception for the temporary export (TMP) of qualified "tools of trade." "Tools of trade" is defined as items that are used for institution business, conferences, trade shows, etc. The TMP exception only applies to institution property.

The TMP exception includes items, software and technology that can be: hand carried during your travel (e.g., laptop computers, PDAs, cellular phones); packed in your luggage or baggage; or shipped either before you travel or while you are present in your destination country.

To be eligible for the TMP exception, you must maintain effective control of the item or software during your travel, return the item or software to the U.S. within one year of export, and not take the item to or through Cuba, Iran, North Korea, Syria or (North) Sudan (for the most current list of embargoes countries, visit the U.S. Department of Treasury website).

The BAG exception applies to the temporary export of personal baggage (BAG).

Neither the TMP nor BAG exception applies to:

- Satellite or space-related equipment, components, or software regulated by the EAR;

- Technology associated with high-level encryption products;

- Defense items, technical data, or software regulated by the ITAR;

- Nuclear or atomic energy items regulated by the Nuclear Regulatory Commission or Department of Energy; or

- Shipping or hand-carrying items, technology or software to countries designated in Country Group E:1 of the EAR (currently: Cuba, Iran, North Korea, Syria, and Sudan. Group E:1 countries are subject to change).

8. Inspection and Safeguarding of Items Taken Abroad.

When leaving or returning to the U.S., customs officials are authorized to search or retain items, technology and software including digital cameras, cell phones, media players, and disk drives to look for violations of laws, including export control regulations.

Safeguard all your items and data appropriately and recognize that if you do not want foreign officials or others to have access to your items, do not take them with you.

If you are contacted by an entity or individual that you know to be on a restricted, blocked, or denied persons list, please record as much information as you can about the incident and contact the Export Control Officer or other designated individual.

B. SPONSORED PROJECTS/TECHNOLOGY TRANSFER (for research conducted by faculty and students on campus as well as research projects conducted abroad).

1. Export Control Review. The following must be adhered to in the export control review:

- a. Each research award shall be reviewed for terms of the award or provisions that restrict access to or publication of research and technical data, that limit the participation of foreign nationals in the research effort, or that otherwise render the Fundamental Research exclusion inapplicable. The results of such review

shall be indicated on a checklist or other institution form or through an electronic database designed to facilitate such review. The checklist or other form shall be signed and dated by the individual assigned to perform the review or captured electronically through an electronic routing/approval process.

- b. The research sponsor should be contacted to attempt to negotiate the removal or modification of unnecessary provisions in the contract or grant that would destroy the institution's exclusion from export control regulations. If such negotiation does not result in the removal or modification of the identified clauses, the matter will be referred to the ECO/EO for further export control review, including a determination of whether the project falls under the EAR or the ITAR.
 - c. If the ECO/EO determines the project is export controlled, the principal investigator (PI) shall be contacted to determine if foreign nationals will be utilized on the project, whether as employees or students to work on the project. If the PI confirms the intention to hire foreign nationals, then an export control license from the Department of Commerce or Department of State may be needed depending on the classification of the proposed research. If the project is export controlled, a Technology Control Plan (TCP) will need to be developed to prevent any foreign national from gaining access to the controlled information. The need to develop a TCP will be determined by the ECO/EO. The PI may also choose to close the research effort due to the burdens or restrictions associated with complying with the export control regulations.
 - d. No work can begin or an account set up under an export-controlled award or proposed award, until a TCP is in place if required and/or any required export control license has been issued.
2. Red Flags. The following are examples of red flags which indicate the possible presence of export control issues:
- a. References U.S. export control regulations (beyond a mere statement to comply with the law);
 - b. Restricts access or participation based on country of origin;
 - c. Restricts the use of proprietary or confidential information;
 - d. Grants the sponsor pre-publication review and approval for matters other than the inclusion of patent or sponsor proprietary/confidential information;
 - e. Allows the sponsor to claim the results or data generated in the agreement as proprietary or trade secret;
 - f. Involves export-controlled equipment;
 - g. Includes foreign sponsors or collaborators;
 - h. Travel, shipping, or work outside of the United States;
 - i. Military applications of project result;
 - j. Subject matter is of a defense, space, bio-chemical nature;
 - k. Language suggesting the participation in support of the boycott of Israel by the Arab League.

All non-U.S. persons must be screened against the specially designated and restricted parties lists (see Section F. Restricted or Denied Party Screening, below). Export-controlled equipment, data, or technology must be identified and a Technology Control Plan (TCP) developed.

3. Technology Control Plan (TCP).

When export-controlled equipment, data, or technology is identified for a project, the ECO will work with the PI to develop and implement a TCP to appropriately secure the equipment, data, or technology from access by unlicensed non-U.S. persons as necessary. The TCP will include:

- a. A commitment to export control compliance;
- b. Identification of the applicable export controls and items or technologies subject to the controls;
- c. A description of the agreed upon security measures to control the item/technology including as appropriate:
 1. Laboratory compartmentalization
 2. Time blocking
 3. Marking
 4. Locked storage
 5. Electronic security
 6. Confidential communications;
- d. Identification and nationality of each individual who will have access to the controlled item or technology;
- e. Personnel screening measures for granting access to the controlled item/technology; and
- f. Appropriate security measures for disposal of the item/technology when use is complete.

Before any individual may have access to export-controlled items or technology, he or she must be informed of the conditions of the TCP and agree to comply with the security measures outlined in the TCP.

C. ON-CAMPUS FOREIGN VISITORS.

Non-U.S. visitors to export-controlled projects need to be screened and sign an agreement to ensure that controlled technologies or technical data are not inadvertently released to foreign nationals.

1. General Principle. Principal investigators working on export-controlled projects are responsible for ensuring that export-controlled technology or technical data are not released to visiting foreign nationals during their visits.
2. What is export-controlled Technology or Technical Data?
 - a. "Information...required for the design, development, production, manufacture, assembly, operation, repair, testing, maintenance or modification of defense articles" (22 CFR 120.10 of the International Traffic in Arms Regulations (ITAR)). Note that "defense articles" includes essentially all space-based research.
 - b. Specific information necessary for the "development," "production," or "use" of a product on the Commerce Control List. (Part 772 of the Export Administration Regulations (EAR)).
 - c. It does NOT include information concerning "general scientific, mathematical or engineering principles"

- d. It does NOT include information already in the public domain, such as that available through unrestricted publications, unlimited distribution at conferences, or libraries
 - e. It does NOT include fundamental research “where the resulting information is ordinarily published and shared broadly in the scientific community.” However, equipment used to produce the fundamental research may nonetheless be controlled.
 - f. Technology is “released” when it is:
 - 1. available to foreign nationals for visual inspection (such as reading technical specifications, plans, blueprints, etc.)
 - 2. exchanged verbally, including by correspondence;
 - 3. made available by practice or application under the guidance of persons with knowledge of the technology. (See §734.2(b)(3) of the EAR.)
3. “Visitors” refers to any non-NSHE employee or student; common examples include visiting researchers, company representatives, or members of the media. This guidance is primarily targeted towards short-term visitors, and projects involving export-controlled technologies. Things to consider regarding visitors:
- a. Will visitors include non-U.S. citizens?
 - b. Visitors should be asked to indicate their citizenship before being allowed access to controlled equipment or being included in conversations or presentations that might include technical data. Ideally, visitors should be screened in advance to ensure they are not included on any Denied Parties Lists or if an export control license is required
 - c. Non-U.S. visitors need to sign a Visitors Agreement or a Visiting Scholar/Scientist Export Compliance Agreement, attached hereto. A copy must be sent to the institution ECO/EO.
 - d. The person in charge of the visit should ensure that non-US visitors are escorted when visiting facilities with controlled technologies, and are not given keys/keycards, combinations, passwords or other access to research facilities in which export-controlled research is being performed. Escorts are responsible for ensuring that no technical data or controlled equipment are present when non-U.S. visitors are in the area.
4. Restrictions on Involvement of Foreign Visitors:
- a. It may be necessary to restrict non-U.S. visitors from participating in particular activities that would expose them to export-controlled technology or technical data (or obtain an export license for them). This may mean that you need to have secondary screening for certain meetings, briefings, or demonstrations. In these circumstances, it may be easier to provide color-coded visitor tags, so that it’s more readily apparent who cannot attend these restricted activities.
 - b. If you have questions, contact the institution ECO/EO.

D. INTERNATIONAL SHIPPING.

International shipping is subject to export and import controls, duties, taxes and regulations of the 196 countries -- each different from the others. Fines, payment of unnecessary taxes, confiscation, or incarceration can all result.

a. Exports.

Everything that crosses the border is an export:

- even if it's temporary;
- even if it wasn't sold;
- even if it will be used for research.

If you're shipping to destinations outside the U.S., remember - once an international shipment is on the way, it's difficult to fix it if there are problems. Delays, unexpected costs, or worse can result.

The institution is the shipper of record, responsible for shipping correctly and getting the paperwork right. FedEx, UPS, DHL, and any freight forwarder may help or offer advice, and they record the shipment in the government's Automated Export System, but if there's a problem, it's institution's problem, not theirs. When an export-controlled item is shipped, the documents must be retained in accordance with standard export control record-keeping regulations as it documents an export control transfer.

Most items, as well as some software and information, are subject to U.S. export controls. The impact of these controls on a particular shipment depends on the item, the country it's being shipped to, the entity or individual who will receive it, and the use to which it will be put. OFAC shall be contacted and involved in any shipments destined for an embargoed country.

There are additional U.S. restrictions on transactions - including but not limited to shipping - with certain countries, entities, and individuals, and restricted party screening of all end-party recipient institutions and/or individuals is required.

Some items are hazardous, and need to be packaged and labeled appropriately, such as: biologicals; chemicals; batteries and fuel cells; and radioactive materials.

Bear in mind that every export from the U.S. is an import somewhere else - your shipment will need to go through Customs in the destination country. Some items may be prohibited or require prior authorization. Some items may incur duty or VAT costs.

b. Imports.

If you expect to receive a shipment from outside the US, remember all incoming shipments are cleared by U.S. Customs, with varying (and unpredictable) levels of scrutiny.

Some items are restricted at the Customs stage, such as: biological specimens; certain fish and wildlife, and products made from them; fruits, vegetables, plants, seeds, soil; and items from some restricted countries such as Cuba, Iran, Myanmar, and most of Sudan

Some items are restricted at the delivery stage. For instance, some items controlled by the Drug Enforcement Administration can only be delivered if they are appropriately registered with the DEA.

Import duty may be due, based on the item's tariff code and its value. The shipment can be delayed or incur unexpected costs if the paperwork is wrong or incomplete. It can be difficult to fix problems once the shipment is sitting in U.S. Customs.

E. RECORD-KEEPING.

The ITAR, EAR and OFAC regulations all stipulate record keeping requirements for regulated export activities. Under each of these sets of regulations, records must be retained for five years after the completion of the activity and made available to the regulating authority upon request. Records that should be retained include all memoranda, notes, correspondence (including email), financial records, shipping documentation, as well as any other information related to the export activities. Additionally, when a license exception (EAR) or license exemption (ITAR) is used, or if a record is requested from a regulatory authority, additional records documenting the applicability of the exception/exemption may be required and in some cases there may be additional reporting requirements.

F. RESTRICTED OR DENIED PARTY SCREENING.

Conducting restricted or denied party screening is a necessary component of the institution's export compliance program. This screening determines if you are prohibited from doing business with or providing services of any kind to individuals or entities contained in U.S. government restricted, denied, debarred, designated or blocked persons' lists.

All NSHE institutions have access to Visual Compliance (licensed by eCustoms) software or an equivalent program to screen individuals against mandatory "Restricted" and "Denied Parties" lists maintained by the United States government and allies, world organizations and law enforcement agencies. The software also helps manage other aspects of export control compliance including Export Control Classification Number (ECCN), United States Munitions List (USML) Determinations, License and License Activity Management, and travelling employee and visitor compliance.

Request a restricted party screening by the ECO/EO or other designated individual prior to doing business with a foreign entity or individual.

If, during travel, you are contacted by an individual or entity that wants to engage in business or have you provide other services, please contact the ECO/EO or other designated individual to conduct a restricted party screening to evaluate whether the transaction can occur.

G. EXPORT CONTROL TRAINING.

All ECO/EOs and other individuals with responsibility for export control matters shall receive training in export control rules and procedures. The training may include but is not limited to the following export control topics:

1. Scope of export controls
2. Sensitive technologies
3. Export classification
4. EAR, IEEPA, ITAR and OFAC laws and regulations
5. Publicly available - public domain - open source exceptions
6. Restricted Parties

COMMUNITY COLLEGE INSTITUTIONAL ADVISORY COUNCILS

Section 1. Community College Institutional Advisory Council, Formation, Charge and Procedures

Nevada's Board of Regents is committed to ensuring that Nevada's community colleges are operating at their maximum potential, making the most effective and efficient use of available resources while meeting the unique needs of the communities they serve.

Community colleges have been identified as the workforce development engines of our nation, and therefore, the Board of Regents recognizes the need and value in having a direct line of communication with the communities served by the community colleges. As we collectively identify the workforce training necessary for the growth and sustainability of industries in our communities; and we maximize the potential for the community's college to deliver curricula that will meet the needs of a diverse population, the Board will form Institutional Advisory Councils to serve as active links between the college and community.

a. Formation.

No later than December 31, 2014, each Nevada community college shall establish an Institutional Advisory Council. On or before December 1, 2014, the Chancellor, after consultation with each college President and local stakeholders, will forward to the chair of the Board of Regents nominations for appointments to the Institutional Advisory Council. The chair of the Board of Regents shall appoint an advisory council for each community college, consisting of not less than seven or more than fifteen members composed of residents from the area in which the community college is located and serves. The elected chair of each local community college advisory council shall serve as an ex-officio advisory member on the Nevada Board of Regents Community College Committee. When circumstances dictate, either the college President or the chair of the college advisory council, upon consultation with the members of the council, may recommend the appointment of additional members to the Chair of the Board. In addition, the President of the college may request the Chair of the Board to name such ex-officio members of the college advisory council as the President may deem necessary or useful to better serve the purposes of the council.

Of members first appointed to the Institutional Advisory Council, one-half of the appointees shall be appointed for five years and the remaining appointees for three years, so that the initial terms shall end on December 31 of an odd numbered year (i.e. December 31, 2019, and December 31, 2017, respectively for initial appointees). Student members shall serve for one-year terms. Thereafter, terms of non-student members appointed to the Institutional Advisory Council shall be for four years. The members of an advisory council may be reappointed by the Chair of the Board of Regents for a second term. Members of the advisory council shall serve without compensation but any reasonable expenses incurred in attending the meeting shall be reimbursed.

b. Institutional Advisory Council Charge.

The purpose of the local Institutional Advisory Council is to ensure the linkage of the college to the community it serves and to anticipate future regional educational trends. The council will meet at least quarterly to advise the college President, the Vice Chancellor for community colleges, the Chancellor, and the Board of Regents Community College Committee on questions regarding operation of the college. The council shall function and exercise the powers set forth by the Nevada Board of Regents. The responsibilities of the council are to:

- Advise the college President, the Vice Chancellor for community colleges, the Chancellor, and the Board of Regents on the long-term educational needs of the area served by the college, as well as on other matters identified by the college President, the Chancellor, and Board of Regents. The council may provide advice, guidance, and information in the areas of student and employer engagement; access and affordability; operating and capital budgets; land and property acquisition and use; instructional programs, including proposed degrees and certificate programs; serving under-represented populations; diversity and inclusion issues and admissions and academic standards, including performance indicators.
- Serve, along with the college President, as body of liaisons between the college and area employers in order to facilitate assessment of employment, training and educational needs of students.
- Serve, along with the college President, as a body of liaisons between the college and local school boards, county commissioners, city councils, other local elected officials, and other relevant groups or persons.
- Respond to specific information requests from the Chancellor and the Nevada Board of Regents on behalf of the communities served by the college.
- Promote the college's programs and services.

c. Membership.

Except as it may be enlarged as provided above, each council will be comprised of seven to fifteen members who serve a term of four years and are recommended for appointment to the Chair of the Nevada Board of Regents by the college President. Representatives will include members from the various constituencies served by the college to ensure broad input from all critical stakeholders. The membership of the council shall be reflective of the community and stakeholders served by the college. In addition to members who are appointed to serve on the council, a representative of the faculty nominated by the respective faculty senate and a student nominated by the respective student government shall serve as ex-officio members of the council. If a member of the council resigns prior to the conclusion of their term, a replacement will be nominated by the college President. The nomination will be forwarded to the Chancellor, who will make the recommendation to the Chair of the Board of Regents for appointment.

d. Election of Officers.

The election of chair and vice chair will take place biennially, during odd numbered years, at the first regularly scheduled council meeting of the state fiscal year (the first regularly scheduled meeting following July 1). The term of these offices shall be two years. Nominations may be made by any member of the council, and the vote of a majority of the council shall be required to elect the chair and vice chair. The chair shall preside at all meetings of the council. The vice chair shall preside at all meetings of the council during the absence of the chair. Should both officers be absent, the college President shall preside. The council chair is to sign all documents to which the council is a party, and which have been approved by the council, including any recommendations made to the standing committee for its consideration. If the chair or vice chair resign or are removed for absenteeism as provided in these guidelines, the council shall elect a new officer.

e. Meetings and Agenda.

All meetings of the council shall be conducted in compliance with the Nevada Open Meeting Law. Agendas for meetings of the council shall be compiled by the college President in consultation with the chairperson. Individuals wishing to place items on the agenda must deliver supporting documents to the College President's Office or to the council chairperson not less than 14 days prior to the next meeting of the council.

f. Minutes.

The Office of the President shall be responsible for maintaining the minutes of the advisory council. A summary of council decisions and policy recommendations will be included at the conclusion of the minutes. All minutes of the council shall be forwarded to the Regent Community College Committee which may consider any recommendations from the council for inclusion on its next regular agenda.

g. Attendance

Council members who miss three (3) consecutive regular meetings may be replaced in the discretion of the chair and college President. An absence may be excused for good cause by the chair if the chair is notified in advance of the meeting. Replacement of any member who has not completed their term shall be made by the Chair of the Nevada Board of Regents from the name or names nominated by the college President.

h. Council/Member Expenses

The institution is not authorized to provide office space, cell phones, computers and IT equipment, or business cards to the council or its members. However, any reasonable expenses incurred in attending the meeting(s) shall be reimbursed upon approval by the college President.

(Added 9/15; A. 12/15, 9/16, 12/16)

Section 2. Institutional Advisory Council Operations

a. Introduction.

The Institutional Advisory Council bridges the community colleges and the community(ies) they serve, developing relationships, sharing community perspectives, advancing institutional missions, building partnerships, and providing advice. It is not a governing board, but a community link to the institution, designed to increase connectivity with our service region.

As stated in the Board of Regents *Handbook*, Article III, the elected board maintains exclusive control and administration of the Nevada System of Higher Education and its institutions as established in the Nevada Constitution. The elected Board is responsible for the management and oversight of the colleges and universities. It provides a strategic direction for each as part of a larger statewide plan and also ensures effective collaboration among the institutions to achieve those goals.

Each institution also operates using a shared governance model that requires communication across multiple administrative faculty, staff, and student groups and requires many operational and technical decisions to go through committee processes.

b. Purpose.

Our community colleges are the workforce development engines of our nation, state and region; and the Nevada Board of Regents recognized the need and value of having a direct line of communication between the communities served by each college, the college administration, and the Board of Regents Community College Committee. Each Institutional Advisory Council, comprised of representatives from the communities' public and private sectors, is charged with providing counsel and feedback to the college President, the Vice Chancellor for community colleges, and the Chancellor on issues brought before the council related to the growth and sustainability of industries in our communities, and methods by which the college may maximize the potential to effectively and efficiently deliver curriculum that most appropriately meets the needs of the diverse population served. Also, in consultation with the college President, certain issues and opportunities will be presented to the Community College Committee for consideration and action by the Committee and/or the Board of Regents.

c. Council Composition.

The Institutional Advisory Councils are comprised of community volunteers, nominated by the college President and appointed by the Chair of the Board of Regents, who are interested in advancing their college and the education, training and empowerment of their local community.

d. Council Guidelines for Meetings and Council Conduct.

1. The council is to meet at least quarterly on a regularly scheduled day or sequence of dates mutually agreed to by a majority of the council and the college President. Additional meetings may be scheduled as deemed necessary by the council chair and vice chair, and by mutual agreement of a majority of the council and the college President. Notification guidelines, meeting agendas and postings must follow the Nevada Open Meeting Law, *Nevada Revised Statutes*, Chapter 241.

2. The college President in consultation with the chair is to set forth a meeting agenda comprised of issues or questions related to the operation of the college and the programs, and opportunities that will sustain or improve the delivery of service by the college to the communities it serves. Council members wishing to place items on the agenda must deliver a succinct and accurate description of the agenda item, with supporting documents to the College President's Office or to the council chair no less than fourteen (14) days prior to the next scheduled regular meeting of the council; or may propose future agenda items during meetings under "new business" on the agenda. Items suggested in the new business portion of any public meeting may be scheduled for inclusion on the next Institutional Advisory Council agenda at the discretion of the college President and council chair.
3. The council is to identify and advise the college President, Vice Chancellor and Chancellor of any long term educational needs of students, and provide guidance on how to best respond.
4. The council shall hear and respond to specific information requests from the Chancellor, the Nevada Board of Regents Community College Committee and/or the Nevada Board of Regents on behalf of the communities served by the college.
5. Collectively, the council may vote to recommend strategic-level counsel to the college President, the Vice Chancellor of Community Colleges, the Chancellor and the Board of Regents Community College Committee on any of the issues designated in the charge approved by the Board.
6. Collectively, the council may ask for documents, data or information from the college to make such recommendations and should do so either through the chair in consultation with the college President or by a vote of the majority during public meetings.
7. The council should promote the college's programs and services within the communities and constituencies served by the college. Collectively and with the college President's input and support, the council may decide to undertake the planning and implementation of events and activities that increase the connectivity of the college to the community. The President must approve of any said events and/or activities if any college resources, including property, equipment or staff, are required.
8. The council should act, along with the college President, as liaisons between the college and area employers to facilitate the assessment of employment opportunities, and the associated training needs; and provide a comprehensive report to the college President for potential inclusion and discussion on the agenda of the next regularly scheduled meeting of the council.

9. The council should act, along with the college President, as liaisons and/or ambassadors for the college with local school boards, city councils, county commissions, and other elected bodies and individual elected officials. However, a council member (or members) should not, under any circumstances, represent themselves as speaking for the college, the college administration, Vice Chancellor or Chancellor, without the express consent of the college President, and full knowledge of the council. Council members wishing to represent the council's opinions and decisions should do so only after the items have been discussed, evaluated and/or voted upon in open public meetings by a quorum of the council. Members of the council wishing to express personal opinions and perspectives about issues pertaining to the college should preface those statements as personal. However, any comments made at a public meeting should never refer to the professional competence or performance of any specific individual, because the Open Meeting Law requires prior written notice to any person whose conduct may be discussed at a public meeting.
10. Collectively, the council may provide community feedback to the college President on initiatives and programs related to their charge or on items that the President requests their input upon. Community feedback is defined as input from council members' professional and personal contacts that they deem representative of larger constituent groups that stand to benefit from college services. Council members may represent these perspectives by putting items on meeting agendas to discuss in a public venue, where they may collectively vote to discern the council's recommendation to be shared with the President, Vice Chancellor of Community Colleges, the Chancellor, and Board of Regents Community College Committee.
11. Collectively, the council may also deliberate and vote on perspectives to voice to the community to advocate on behalf of the institution and its students.
12. The council chair and college President may jointly create sub-committees, if necessary, that will work on issues beneficial to the work of the council as a whole; and are assigned by the chair, and college President. However, due to the resources the college will have to commit to the operation of sub-committees, the forming of them is discouraged unless absolutely necessary for the effective operation of the council. Procedurally, the chair and the college President (or their designees) shall be a member of each sub-committee. The chair of the sub-committee shall be a council member, and be appointed by the council chair. The membership of the sub-committee shall not exceed seven (7) members. The college President may assign additional college staff to subcommittees as non-voting members. All sub-committee meetings must follow the Nevada Open Meeting Law, *Nevada Revised Statutes*, Chapter 241.
13. Prior to the Community College Committee regularly scheduled meetings, the council chair, or vice chair in the absence of the chair, shall meet with the college President in person or via a telephone conference to review the minutes of previous council meetings or subcommittee meetings and determine any agenda items that are to be brought before the Community College Committee for their consideration.

14. The council chair is to provide a report to the Community College Committee on council activities and/or selected agenda items that have been discussed at regular council meetings.

Section 7.	Records Retention Schedule	11

Section 1. Introduction

This Records Retention and Disposition Schedule was approved by the Board of Regents on December 3, 2015, pursuant to the Board of Regents Handbook, Title 4, Chapter 1, Section 27, and may be amended or revised only upon the approval of the Chancellor.

RECORDS MANAGEMENT PROGRAM

Each NSHE institution and unit (the Board of Regents', Chancellor's and System Computing Services' offices), for the management of its records, must:

1. Maintain its records in a manner which is secure, cost effective, and which allows for the rapid retrieval and protection of the information contained within the record;
2. Refrain from accumulating unnecessary records which are not essential to the proper functioning of the institution or unit;
3. Protect confidential personal identifying information of employees and students; and
4. Adhere to the NSHE records retention schedule for retention, disposal and appropriate transfer of records with archival value to the institution or unit archivist, or the State Archivist.

RECORDS RETENTION SCHEDULE - SPECIAL SCHEDULES

NSHE's Records Retention Schedule (Schedule) provides for the management and disposition of institution and unit records. In addition, there may be institution or unit records unique to limited aspects of its operation and therefore, a unique records retention and disposition schedule may be developed in addition to the Schedule. A Special Records Retention Schedule (Special Schedule) must be recommended for approval by the institution or unit Records Retention Officer and General Counsel, and approved by the Chancellor, after review by the state records committee. An approved Special Records Retention Schedule must be published on the institution or unit website and in the NSHE Procedures and Guidelines Manual.

All NSHE institutions and units shall appoint at least one individual to serve as the Records Retention Officer. The Records Retention Officer shall assist the institution or unit in the management of records in accordance with the records management program and records retention schedule. The Records Retention Officer shall assist personnel in learning and complying with the Schedule. Each employee shall comply with the Schedule for the records they create and/or receive. Each institution and unit must manage their records in accordance with the Schedule or any Special Schedule. Employees should contact their supervisors with any questions regarding the Schedule. The supervisor should contact the Records Retention Officer for assistance as needed.

If an institution or unit identifies records that are not covered in the Schedule or where revisions may be needed, the institution or unit should contact the Records Retention Officer to discuss the Records Retention Schedule. Additions or revisions to the Schedule must be recommended for approval by the institution or unit Records Retention Officer and General Counsel, and approved by the Chancellor after review by the state records committee.

RETENTION GUIDELINES

The Schedule is a comprehensive list of records, indicating for each the official repository, length of time the records are to be maintained and their disposition. The Schedule identifies the minimum time period the listed records must be retained, meaning records disposition must not occur before this retention time period expires. When the minimum retention period has been met, the recommended disposition of the records, such as destruction or transfer to either the State Archives or institution/unit archives, may be initiated. All NSHE employees are advised to implement regular, routine disposition procedures and not to "selectively retain" some records longer than others. Certain events called "Disposition Holds" may occur that will require a stop or delay to the regular destruction, recycling or normal disposal of records.

In the event an employee believes a record should be considered for archival review, the employee shall consult with the Records Retention Officer, who shall make the final decision.

GENERAL RULE REGARDING RETENTION OF ELECTRONIC RECORD OR PAPER RECORD

Records should be maintained in the most efficient cost effective format consistent with sound records management principles, and any applicable laws, rules, regulations or court decisions. When a document is maintained only in electronic format, delete it only after expiration of the retention period authorized by this schedule.

DISPOSITION HOLDS INCLUDE:

Audits

When an audit of your area or function is begun, all destruction of records in your custody must cease. During the audit, records should be made available to the auditors subject to confidentiality laws. Upon the completion and resolution of the audit, you may begin to dispose of records in accordance with the Schedule.

Investigations

When you are notified of an investigation involving your area or function, all records must be preserved until the investigation is completed. You should consult with your legal counsel for specific advice.

Litigation

When you receive notification of or reasonably anticipate litigation, you must suspend the destruction or other disposition of all records reasonably related to the subject matter of the litigation and put in place a litigation hold on the records to ensure the preservation of documents and consult with General Counsel.

All destruction of records pertaining to the litigation hold must be stopped until the matter has been resolved. You will be notified by your System or General Counsel when the matter is resolved and advised regarding the proper disposition of the records. All questions regarding litigation or disposition holds must be directed to System or institution General Counsel.

Section 2. Statutory Defined Terms

“Administrative value” means the value found in records that help an agency perform its function. **(NAC 239.575)**

“Fiscal value” means the value found in a record relating to the financial transactions and the auditing, budgeting and accounting functions of a state agency. **(NAC 239.600)**

“Legal value” means the value found in a record which contains proof of enforceable rights, obligations or other legal standing. The term includes any record establishing:

1. Ownership, such as in titles or deeds;
2. Rights or privileges, such as in marriage licenses or drivers' licenses;
3. Obligations, such as in contracts, leases and agreements;
4. Legal conditions, such as court rulings, approved laws and regulations; or
5. Action taken by a governing body (e.g., Board of Regents, student government and foundation boards) which affects the public, such as minutes of meetings or proclamations. **(NAC 239.625)**

“Research or archival value” means the long-term historical value remaining in a record in which the administrative, fiscal or legal value may have expired. **(NAC 239.675)**

“OFFICIAL STATE RECORD” AND “NON-RECORDS”

1. For the purposes of NRS 239.080, an “**official state record**” means information created or received by a state agency under authority of law, regulation or other legal mandate or in connection with the transaction of public business that is preserved or appropriate for preservation by the agency or its legitimate successor as evidence of the organization, functions, policies, decisions, procedures, operations or other activities of the state agency, including, without limitation, all papers, unpublished books, maps, photographs, machine readable materials including audio and audiovisual materials, or other documentary materials, regardless of physical form or characteristics.

2. The phrase does not include non-record materials. Nonrecord materials include, without limitation:

(a) Published books and pamphlets, books and pamphlets printed by a governmental printer, answer pads for a telephone or other informal notes, desk calendars, stenographers' notebooks after the information contained therein has been transcribed, unused forms except ballots and as indicated in a retention schedule, brochures, newsletters, magazines, newspapers except those excerpts used as evidence of publication, scrapbooks, physical property, artifacts, library and museum material made or acquired and preserved solely for reference or exhibition purposes, extra copies of documents preserved only for convenience of reference, or stocks of publications and processed documents.

(b) Work papers used to collect or compile data, or drafts developed from those work papers, unless an appraisal conducted that indicates the work papers or drafts have legal, fiscal, research or archival value. **(NAC 239.705)**

DESTRUCTION OF NON-RECORDS

A non-record may, if not otherwise prohibited by law, be destroyed at any time without being scheduled for destruction.

FORM OF OFFICIAL RECORDS

An official record can be in electronic or digital form, original paper, or may be a digital surrogate, at the discretion of the official repository.

Section 3. Duties of Board of Regents

NAC 239.745

1. The Board of Regents shall establish a records management program. The Board of Regents shall provide a facility for the storage of the records on each campus of the Nevada System of Higher Education. The records of each institution must remain with and be preserved by that institution. The Board of Regents shall furnish the Division with general information relating to the operation of the facilities, such as the names, addresses and telephone numbers of the persons managing the program on each campus. Under such a program, each series of records produced and stored by an institution of the Nevada System of Higher Education must be inventoried, appraised and scheduled on forms approved by the Division. The results of the inventory and appraisal must be submitted to the Division for review. The Division shall submit the schedules of the Nevada System of Higher Education to the Committee for approval.

2. The Board of Regents shall provide for the preservation of records from the Nevada System of Higher Education with legal, research or archival value. Except as otherwise provided in this subsection, these records must be stored in facilities which meet the standards set forth in NAC 239.740 or transferred to the State Archives.

Section 4. Who Should Read This Policy

All members of the NSHE community.

Section 5. Procedures – Institution/Units

Responsibilities for Managing Records

1. Each institution or unit's administrator or a designee must do the following:
 - a. Implement the institution or unit's records management practices;
 - b. Ensure that the records management practices are consistent with this policy.
 - c. Assist staff within the institution or unit in understanding sound records management practices.
 - d. Preserve inactive records of legal, fiscal, administrative, or historical value. These records should be transferred to the appropriate archives.

- e. Ensure that access to confidential files is restricted. Long-term restrictions on access to selected archival records should be specified at the time of their transfer to the appropriate archives.
 - f. Set an annual period for reviewing and appropriate disposition of records.
2. Departments and divisions that maintain institution or unit records are responsible to do the following:
- a. Implement the records management practices identified in this policy.

Section 6. Records Retention Schedule Columns Explanation

The four columns in the Record Retention Schedule are explained below.

Column 1 describes the various types of records which can include:

- **Record:** Any form of recorded information, regardless of physical characteristics, that is created, received, recorded, maintained or legally filed in the course of institution or unit's business or in legal obligations. Institution/Unit Records serve as evidence of the institution or unit's organization, functions, policies, decisions, procedures, operations, transactions or other activities.
- **Non-record:** Nonrecord materials include, without limitation, published materials printed by a governmental printer, informal notes, unused blank forms except ballots, brochures, newsletters, magazines, catalogs, price lists, drafts, convenience copies, ad hoc reports, reference materials not relating to a specific project and any other documentation that does not serve as the record of an official action of a state agency. Nonrecord includes forms, databases, backup files, work papers used to collect or compile data, or drafts developed from those work papers, unless an appraisal conducted by the institution/unit or state archivist indicates that the work papers or drafts have legal, fiscal, research or archival value; and Drafts or documents that are clearly pre-decisional or deliberative.
- **Transient:** Documents including telephone messages, some emails, drafts and other documents, which serve to convey information of a temporary value, have a very short-lived administrative, legal and/or fiscal value and should be disposed in an appropriate manner once that administration, legal or fiscal use has expired.
 - Typically, the retention is not a fixed period of time and is event driven; it may be as short as a few hours and could be as long as several days or weeks. A transient record is considered a non-record which may be destroyed or disposed of at any time, unless destruction is otherwise prohibited or it is subject to a legal hold.
- **Note:** Where a record falls into more than one category, the longer period governs.

- **Caution:** Departments and divisions that are not official repositories are not required to retain duplicate or multiple copies of records. However, destruction of such duplicates or copies must be in a secure manner if confidential.
- **Caution:** Certain records, for example in clinical practices, have set destruction policies based on when they are electronically scanned. Such specific policies take precedence over this general policy.

What is Email? Email is not a record type, but is a means of conveying information similar to the United States Postal Service. Its retention is based upon the content of the email message, not the fact that it is an email message.

An email (electronic mail) message is comprised of the following components:

- textual message
- metadata (To, From, Subject, Time, Date, System, etc.)
- attachments

E-mail has largely taken over the role of “general correspondence” and memoranda, as well as the telephone message. If the email message meets the criteria of a record, it must be managed in accordance with the Schedule.

Email Management: The key to effectively managing email is to get rid of the non-records and any transient/transitory records that have outlived their administrative/legal/fiscal value as quick as possible so only those e-mails that need to be managed on an on-going basis are left. One should approach the management of email in a manner similar to the handling "snail mail" at work and home:

- Open the email and review the document’s content; this may mean thoroughly reading the document, but usually, only a cursory look at the document, the subject line, and/or the sender is needed to determine whether:
 - **It is a non-record** and should be deleted immediately, just as “junk snail-mail” non-records are thrown into the trash can or recycle bin.
 - **It is a transient/transitory record** which should be disposed of as soon as the information is no longer of administrative, legal or fiscal value. A “Transient/Transitory” folder or a sub-folder in a series for the transient/transitory messages can be created to help manage these records.
 - **It is a record** and therefore, should be placed in an appropriate folder by record type/series, project, retention time, or other filing schema that works for one’s office/organization and allows that unit to effectively manage the life cycle of the record.

Column 2 identifies the Official Repository for each record.

- **Official Repository:** The unit, department, or division designated as having responsibility for retention and timely destruction of particular types of institution or unit records or that is the office of the final action or final decision. Such responsibility is assigned to the unit, department or division administrator or a designee.
- **Institution/Unit Archives:** The office, department or division designated as having responsibility for collecting and preserving records of historical, legal, fiscal, and administrative value. It provides permanent retention of official records of the institution, its officers, and component parts; maps and architectural records; audiovisual materials; and publications documenting the institution's history.

Column 3 sets forth the record retention periods, which can either be set periods of time or event-driven periods. Below is an explanation of retention period terminology:

- Documents are typically retained until they are no longer required for administrative purposes, and then they may be immediately disposed of or there may be a retention period set forth after the documents are no longer in use. Examples: Strategic Plans must be retained for 1 year after a new strategic plan is adopted. For employee or student records the retention period begins when the employee terminates service, the student graduates, or from the date the student last enrolled.
- Fiscal Year in which the document is created or an event occurs plus a specified time or number of fiscal years, e.g. "FY + 4 years," which means the document is to be kept for the fiscal year in which it was created plus 4 more fiscal years; "FY last date of enrollment + 7 years," which means the document is to be kept for the fiscal year in which the student last enrolled plus seven more fiscal years.
- Calendar Year in which the document is created plus a specified time or number of calendar years, e.g. "CY + 4 years," which means the document is to be kept for the calendar year in which it was created plus 4 more calendar years.
- **3 Cycles:** This retention period pertains to the retention of electronic back-up files.
- **Life of Building:** This retention period pertains specifically to buildings. The final retention period begins when a building is destroyed or sold.
- **Life of Product:** This retention period pertains specifically to products. The final retention period begins when the product is no longer in use.
- **Permanent:** Do not destroy. Maintain on site or send to Archives.
- **Until Superseded:** This retention period pertains to documents that are routinely updated and therefore, superseded by the current version.

Column 4 sets forth the proper disposition of the records following the expiration of the retention period.

Most records may be disposed of by regular means, such as recycling or deleting. Some record types are identified on retention schedules as confidential or restricted. These records must be

destroyed in a secure manner that will prevent reconstruction or retrieval of the information including but not limited to incineration, shredding, pulping or secure electronic destruction by overwriting, degaussing or physical destruction of the storage media. However, many other records may contain "sensitive" information that has not been declared by law or regulation to be confidential. Some types of "sensitive" information are described in NRS 205.4617 "Unlawful Acts Regarding Personal Identifying Information." NRS Chapter 239B "Disclosure of Personal Information to Governmental Agencies" (See especially NRS 239B.030) also describes such records. Serious consequences may result if these records are improperly disclosed and you must destroy these records in accordance with the Schedule. If you are in doubt about the sensitivity of certain documents or about an appropriate disposal method, you should contact your supervisor.

If any record identified for regular disposition contains confidential or restricted information, then the record shall be destroyed after the period specified in the schedule, but in a secure manner.

The following are the proper disposition methods that are referred to in the Schedule:

“Regular”--Regular disposal includes, for example, discarding, throwing away, deleting or other method of disposal that does not necessarily prevent reconstruction or retrieval.

“Secure”--Secure disposal means destruction of the record that ensures the information cannot be reconstructed or retrieved, and includes, for example, incineration, maceration, shredding, pulping, or secure electronic destruction, for example, overwriting, degaussing or physical destruction of the storage media. Shred or otherwise render unreadable records with confidential information, including records containing social security numbers, credit card information, drivers' license numbers, patient treatment information, or other information as designated by an information steward.

“Archival Review”--Records with content that may be of value to the documenting the institution, unit or NSHE's history, should be submitted to the institution/unit archives or State Archives for review prior to destruction. When the prescribed retention period for institution or unit records has passed, a determination of whether to preserve or dispose of the documents must be made. To decide if the record is of historic value, consult the appropriate archivist, who has the authority to designate which records are archival.

“Archives”--Records with long-term historical value in documenting the institution, unit or NSHE's history must be transferred to the institution/unit archives or State Archives. These are records for which the legal, administrative or fiscal value to the institution or unit may have expired and therefore, the records can be transferred to the appropriate archives for preservation. All institutions must send any records (paper-based or electronic) that have enduring historical value to the institution or State Archives. These records include, but are not limited to, the following items: annual reports, biographical information of faculty and staff, any information related to the history of the institution or unit and its facilities.

Institution/Unit Archives: The office, department or division designated as having responsibility for collecting and preserving records of historical, legal, fiscal, and administrative value. It provides permanent retention of official records of the institution, its officers, and component parts; maps and architectural records; audiovisual materials; publications; and other materials documenting the institution's history.

“On Site”--Records with a demonstrated on-going legal, fiscal or administrative need to a particular area of the institution or unit shall be maintained permanently at that location which may include maintenance in an electronic system retrievable at that location.

“Other”--Other specific directions for disposition may be provided in the Schedule.

Unless a different “Official Repository” is set forth below, all records should be maintained in the office where they are generated.
