Section 3. Community College Academic Salary Schedule

1. Grades

All community colleges use a single salary schedule. The grades on the salary schedule are “categories” that correspond to the faculty member’s academic preparation as follows:

Grade 1	Less than a bachelor's degree.
Grade 2	Bachelor's degree or associate's plus approved contact hours of occupationally related discipline ¹ , or associate's plus 60 upper level credit hours in an approved instructional field(s).
Grade 3	master's degree or a bachelor's degree plus approved contact hours of occupationally related discipline, or a Bachelor's degree plus 30 graduate credits in an approved instructional field(s).
Grade 4	master's degree with a minimum of 30 graduate credits in an approved instructional field(s), or equivalency or a bachelor's degree plus approved contact hours of occupationally related discipline, or a bachelor's degree plus 60 graduate credits or equivalency in an approved instructional field(s).
Grade 5	Earned doctorate. Equivalence can be approved by the president for a master's degree plus approved occupational contact hours or academic credits.

2. Initial Placement

- a. The initial placement of faculty on the salary schedule is in accordance with Title 4, Chapter 3, Sections 25 and 27 of the Board of Regents *Handbook*.
- b. Consideration will be given to authorizing a higher salary in order to attract an applicant with qualifications in areas pre-defined as difficult to recruit. Faculty senate and/or Human Resources shall submit recommendations to the president for designating difficult to recruit positions. The president shall review the recommendations, determine the positions that are to be designated difficult to recruit, and forward the same to the chancellor. Designating difficult to recruit positions will be reviewed on a yearly basis by the System and approved by the chancellor. The president will make the final determination on initial salary placement for those positions determined to be difficult to recruit.

3. Movement on the Schedule. Salary increases, as set forth below, may occur as a result of the Community College Professional Advancement Program, cost of living adjustments, merit awards, salary equity adjustments, award of tenure, or promotional/rank/benchmark advancement.

- a. Community College Professional Advancement Program. Advancement from grade to grade on the salary schedule is governed by the Community College Professional Advancement Program set forth in Section 3 below.

¹ Occupationally related discipline equivalency will be determined at each campus. The ratio of academic credit to contact hours will be 1:15.

- b. Cost of Living Adjustments (COLA). COLA is a Cost of Living Adjustment which may be funded by the Legislature. During years in which a COLA appropriation is provided, all academic faculty receive the same percentage COLA increase which is added to base salary.
- c. Merit Awards. Academic faculty shall be eligible to be considered for merit awards during fiscal years when a merit pool appropriation is provided. Each community college shall develop written policies and criteria by institution for the recommendation of merit awards. The written policies and criteria shall be drafted by the faculty senate and approved by the president, and shall be set forth in institutional bylaws. Until the adoption of institutional bylaws governing merit awards, faculty who has received a satisfactory evaluation, will be awarded an equal share of merit. Merit awards are added to base salary.
- d. Salary Equity Adjustments. Each institution shall adopt an Equity Salary Adjustment Plan agreed upon by the faculty senate and the president. The Plan must include but is not limited to the following:
 - 1. Providing for an initial and thereafter, biannual review of the salaries of academic faculty to determine whether a faculty member's salary is appropriate as compared to the salaries of other faculty at the institution based upon years of experience and educational attainment.
 - 2. Identify institutional resources to fund equity adjustments.
 - 3. Providing for appropriate adjustment of salaries which may be phased-in incrementally depending on funding resources.
 - 4. The salary equity study may be performed by institution personnel or the institution may hire an outside consultant as agreed upon by the president and the faculty senate.
 - 5. The results of an equity study shall be provided to the faculty senate.
 - 6. A faculty member may request an equity review of his or her salary.
 - 7. Reporting annually to the Board of Regents regarding the progress made in implementing salary equity adjustments identified in an equity study.
- e. Award of Tenure. Upon the award of tenure, an academic faculty member shall receive a minimum 2.5 percent increase in salary, which is added to the base salary. An institution may provide for a higher salary increase upon award of tenure in accordance with a written policy drafted by the president in consultation with the faculty senate.
- f. Promotional, Rank or Benchmark Advancement. In the institutional bylaws, by agreement of the president and the faculty senate, an institution may adopt other policies setting forth criteria and procedures for additional advancement within a salary grade range. The policies may include, but are not necessarily limited to criteria and procedures for promotional or rank advancement, or salary benchmarks within the grade ranges.

4. Other Salary Considerations

- a. All individuals employed on administrative faculty contracts that are eligible to receive legislatively appropriated merit and who are not on the academic faculty salary schedule will be given consideration for merit increases and will receive cost-of-living increases.
- b. All individuals employed on non-tenure track, Range 0 contracts that are eligible to receive legislatively appropriate merit and who are not on the academic faculty salary schedule will be given consideration for merit increases and will receive cost-of-living increases.
- c. Academic faculty who are required to work under calendar year contracts versus academic year contracts will negotiate additional salaries in view of their respective responsibilities and number of working days compared to the working days under an academic year contract. The factor used can vary, but will not fall below 1.2. Contracts falling between a B contract and an A contract will be developed in a similar fashion.
- d. Consideration must be given to faculty who teach in non-traditional areas including trade and industry. Faculty must be able to move from grade to grade using occupationally related experience.

(B/R 3/02; Added 6/05; A. 11/05, 11/06, 3/08, 3/13, 12/19)

Section 4. Community College Academic Faculty Professional Advancement Program

A. PROGRAM OUTLINE

1. Professional Advancement Approval Process for Credit Courses/Programs

- a. Courses/programs, etc. may be used for professional advancement only with prior written administrative approval as stated in Title 4, Chapter 3.
- b. The process for approval will be developed at each institution with faculty senate input. The final decision rests with the president.
- c. Any movement on the salary schedule can only occur consistent with the fiscal year contract. Exceptions must be approved by the president.

2. Degree Programs

- a. The academic faculty member wishing to advance on the salary schedule by completing a bachelor's, master's or doctorate degree (grades 2, 3, 4 and 5) must submit a written formal request.

- b. Upon appropriate vice presidential/dean approval, a formal professional advancement agreement will be written. The program must identify the anticipated program and program completion date. The agreement is not valid unless the appropriate vice president/dean and the faculty member sign the agreement.
- c. Upon successful completion of the degree program, the faculty member must submit official verification to his/her official personnel file. In the event the degree program is not completed in the anticipated time frame, the faculty member will notify the appropriate body in writing prior to the anticipated date of completion. A review of completed work will be made by the appropriate body for consideration of movement on the schedule. Grade movement will not occur without the approval of the president.

3. Credit Course Work

- a. The academic faculty member wishing to move across the grades by completing credit course work must comply with the provisions of the Board of Regents' policy. That is, grade 2 requires upper level/division undergraduate credit hours, grade 3 and 4 require graduate credits. The faculty member must submit a written formal request to the appropriate body. The appropriate body will forward the recommendation to the appropriate vice president/dean. The appropriate vice president/dean will notify the faculty member of approval/non-approval within 20 working days from receipt of the application.
- b. Upon successful completion of the agreed upon course work, the faculty member must submit official grade verification to the faculty member's official personnel file. The faculty member will not be eligible for grade movement until all requirements for advancement have been met. When the approved courses total the credits required for advancement, the faculty member must notify the human resources director.

4. Professional Advancement Approval Process for Occupationally-Related Courses

- a. The academic faculty member wishing to take individual contact hour courses for advancement across the grades on the salary schedule must submit a written formal request to the appropriate body who will forward the recommendation to the appropriate vice president/dean or designee²These courses could include, but are not limited to, continuing education courses in a specific discipline and specialized workshops or institutes in which contact hours rather than credits are used to grant recognition for successful completion.
- b. Due to the manner in which some occupationally-related courses are offered, the faculty member may only have a few days or weeks between notification of offering and actual registration. Therefore, every effort must be made by all parties involved to complete this process prior to the due date for registration. When the approved

² Designee means someone appointed by the appropriate vice president/dean only in his/her absence.

courses reach the contact hours required for advancement, the faculty member must notify the human resources director in writing of that fact.

- c. Upon successful completion of the courses, the faculty member must submit official verification to his/her official personnel file. The faculty member will not be eligible for grade movement until all requirements for advancement have been met.
5. Approvals for degree programs, credit courses, continuing education and occupational courses will be filed in the faculty member's official personnel file.

B. PROGRAM STANDARDS/DEFINITION OF TERMS

1. Education Standards

For degree programs and credit courses, the degree/credit must be awarded by regionally accredited institutions. Non-degree (non-credit or continuing education) courses will be awarded equivalency based upon accepted industrial and/or professional standards.

2. Relevance

The program or courses must either be relevant to the academic faculty member's discipline or enhance teaching/counseling/professional skills, or provide benefit or advancement.

3. Equivalency

For purposes of this document, all academic courses will be equated to a sixteen-week semester. Courses taken in quarter or trimester credits will be adjusted to this standard. Degree programs will stand on their own as approved by accrediting institutions. That is, a master's degree will transfer as a master's degree regardless of the institutional differences in semester vs. quarters.

4. Occupationally-Related Courses

Occupationally-related courses are those courses that relate to the faculty's primary duties, e.g. courses taught, services provided, etc.

5. Official Verification

Official verification shall include, but not be limited to: diplomas, transcripts, certificates, or letters from sponsoring agencies.

6. Professional Degrees

A professional degree itself does not apply toward movement on the salary schedule. It is recognized that some occupational areas have specific degrees that may be equivalent to the degree qualifications set forth above. This list includes, but is not limited to, the following: MD, DDS and JD. The number of graduate hours in the curriculum will be equated to the standard master's, etc. degrees.

For example, a JD, MD and DDS would be the equivalent of three to four years of graduate school, and should therefore be considered as the fifth grade of professional advancement. Two master's' degrees, however, would not be the equivalent of a fifth grade of movement, but would qualify for a fourth grade movement, if approved.

This explanation does not mean automatic approval of such professional degrees, only an explanation of the existence of these occupational areas.

C. PROGRAM STANDARDS

The professional advancement program may be, except where otherwise noted, any combination of the following categories or programs:

1. Degree Program/Credit Courses

- a. The credit awarded for completion of a degree program will be limited to only the degree awarded to the individual. All programs/courses must be offered by regionally accredited institutions.
- b. Movement from one grade to another beyond grade two must be accomplished in blocks of 30 or 60 credits as appropriate. Movement to:

Grade 2	Bachelor's or associate's plus 60 upper level undergraduate credits.
Grade 3	master's or bachelor's plus 30 graduate credits
Grade 4	master's plus 30 graduate credits or equivalent ³ or bachelor's plus 60 graduate credits or equivalent.
Grade 5	Earned doctorate

2. Non-Credit/Contact Hours Course Training

a. Continuing Education

1. The equivalency for continuing education is 1:15. For every fifteen hours of continuing education, one unit of credit will be awarded. Continuing education can be in the form of workshops, institutes or other recognized educational programs.
2. All courses/workshops must meet national standards for occupational areas. Movement from one grade to another beyond grade two must be accomplished in blocks of 450 or 900 contact hours. Movement to:

Grade 2	Associate's plus 900 contact hours
Grade 3	Bachelor's plus 450 contact hours
Grade 4	Bachelor's plus 900 contact hours. Master's plus 450 contact hours.
Grade 5	Special permission of president. ⁴

³ Equivalency will be determined by the appropriate body.

b. On-the-Job Work Experience

On-the-Job work experience with pay will be 1:75. For every 75 hours of internship, one unit of credit will be awarded. Faculty entering into such experience must follow the same requirements and program as established by the college with students within the college's cooperative education program. All hours of On-the-Job Work experience must be certified by an outside agency/employer.

c. Internships

1. On-the-job work experience without pay will be 1:75. For every 75 hours of internship, one unit of credit will be awarded. All hours of internship experience must be certified by the outside agency/employer. The internship experience for the faculty member must follow the same standards and requirements established for the On-the-Job Work Experience Program.

2. Movement from one grade to another beyond grade two must be accomplished in blocks of 2250 or 4500 contact hours as appropriate. Movement to:

Grade 2	Associate's plus 4500 contact hours.
Grade 3	Bachelor's plus 2250 contact hours.
Grade 4	Bachelor's plus 4500 contact hours. Master's plus 2250 contact hours.
Grade 5	Special permission of president.

D. APPEALS PROCESS

In the event the faculty member's application for professional advancement is denied, the decision can be appealed. The appeal will be submitted to the faculty senate chair, who will forward the appeal to the appropriate committee. The committee will review and recommend to the faculty senate chair its approval or non-approval of the appeal. The faculty senate chair will carry the committee recommendation to the appropriate vice president/dean. If the appeal is denied by the vice president/dean, college grievance procedures can be utilized.
(B/R 3/02; Added 6/05, 3/13, 12/16)

Section 5. Merit Procedures for Community College Faculty at the Top of Their Salary Range (formerly CM 96-2)

All faculty should be eligible for consideration for legislatively approved increases in salary earned through meritorious performance. Consideration should be based upon performance evaluation. An addition to the Board of Regents policy governing community college faculty salary schedule implementation was approved by the Board of Regents November 14-15, 1996. The policy allows for merit consideration for faculty who are at the top of their salary range.

⁴ Equivalence can be approved by the president for a master's degree plus approved occupational contact hours or academic credits.

The processes in support of the Board's policy are listed below:

- Performance evaluation should demonstrate exceptional, not merely satisfactory, performance for the period in question; and
- Identification of recipients should be highly selective, but it should not be based upon a quota (proportion of eligible recipients), nor should recipients be rotated among those eligible;
- The pool of funds from which these awards will be made is generated by the eligible faculty at the top of the ranges; making these awards cannot adversely affect the total of merit awards made to other faculty;
- The criteria for selection and process for implementation will be developed on each campus by the president in consultation with the campus faculty senate;
- The process will be directed and administered by the campus president;
- The president will be responsible for reporting annually to the chancellor the merit increases in salary awarded to faculty at or above the salary plan ranges.
