Motion by Mr. Jacobsen, seconded by Dr. Lombardi, carried unanimously that the Committee members be approved and that the President be authorized to write the letters of invitation.

8. Citizens' Advisory Committee for the Max C. Fleischmann College of Agriculture

In view of the fact that Mr. Carl Dodge did not accept membership, Dean Bohmont requested and Dr. Armstrong recommended that Mr. Fred Harris of Elko, Nevada, be invited to serve.

Motion by Mrs. Magee, seconded by Mr. Germain, carried unanimously that the Committee membership be approved and that the President be authorized to issue the invitation.

9. Student Affairs Committee

Mrs. Magee presented the minutes of the meeting held on January 29, 1964 as follows:
The Committee met in the President's home beginning at 7:30 P.M. on the above date. Present were: Regents Magee, Chairman; Anderson (representing Mr. Jacobsen); Davis and Hug. Also present were Dean Basta and President Armstrong.

The meeting was called to consider the matter of the proposed Housemother requirement for fraternities referred to it by the Board of Regents on January 25, 1964, with power to act.

Dean Basta, at the request of the Chairman, reviewed the reasons for the original recommendation made in 1962 by the Office of Student Affairs, which led to the action of the Board of Regents on October 6, 1962, as follows:

"Each fraternity be required to have a Housemother or a Graduate Assistant as a requirement for an approved University residence, to become effective 1964-65."

The basic reason for this recommendation was the fact that the acquisition of additional dormitories by the University would make it possible to require all students, both men and women, under the age of 21, to live in University approved residences, including fraternities and sororities, unless
their homes were in Reno. Accordingly, it is desirable
that supervision become a requirement for all University
approved residences at this time.

Mrs. Magee reported that she had had a number of telephone
conversations with Presidents and Officers of the Frater-
nity Mothers' Clubs, and found that most of them were in
agreement with the policy of requiring adult supervision
in fraternity houses. She reported also that Mr. Swobe
had suggested a possible modification of the present policy
statement which would make optional either a qualified adult
in residence, or three alumni advisors charged with the
responsibility to supervise the fraternity.

President Armstrong pointed out that some form of adult
supervision is a protection for the fraternity against
adverse criticism.

Dean Basta reported that a recent survey made by his office
indicated that 11 of 15 western Universities have adult
supervision in fraternity houses.

Review of the letter of opinion from the Office of the
Attorney General concerning the University's responsibil-
ities in loco parentis confirms the fact that while the
University undoubtedly has a moral and ethical responsi-
bility to take all reasonable precautions for the health
and welfare of its students, it does not have a legal
responsibility in this regard for students living in fra-
ternity houses.

After further discussion it was agreed that the fraterni-
ties should be given an opportunity to demonstrate their
ability to provide adequate supervision in their houses
under a somewhat modified plan, to be effective this Fall.
Then, at such time as the completion of the scheduled
dormitory makes it possible for the University to require
all students under the age of 21 to live in University sup-
ervised residences, we can re-examine the matter to deter-
mine how successfully the fraternities have carried out
this responsibility.

On motion by Mr. Davis, seconded by Dr. Anderson, the fol-
lowing policy statement was unanimously approved by the
Committee:

"The fraternities and the University share a mutual
concern for the health, safety, and welfare of student
fraternity members. We recognize and commend the mature and responsible attitudes already amply demonstrated by our fraternities, both through undergraduate and alumni members. Accordingly, we readily accept the offered cooperation and self-regulation by our fraternities, and propose to extend to them the opportunity to continue to demonstrate the ability to provide the necessary supervision of their own houses for our mutual benefit.

"Accordingly, exercising the authority delegated to this Committee by the Board of Regents at its meeting on January 25, 1964, we hereby modify the action of the Board of Regents taken on October 6, 1962, whereby each fraternity is to be required 'to have a Housemother or a Graduate Assistant as a requirement for an approved University resident, to become effective 1964-65', as follows:

"Effective with the beginning of the Fall semester 1964-65, and thereafter,

(1) Any fraternity, in order to be approved by the University of Nevada as a University residence,
shall provide adult supervision within its premises mutually acceptable to the Office of Student Affairs and the fraternity consisting of:

(a) A qualified adult residing in the fraternity house; or

(b) A group of alumni, not less than three, appointed by the Fraternity Alumni Association.

(2) Such supervision shall be conducted pursuant to rules and regulations prescribed by the Office of Student Affairs."

It was agreed that the Presidents of the Interfraternity Councils, both undergraduate and alumni, and appropriate Officers, undergraduate and alumni, of each of the fraternities, shall be immediately notified of this statement of policy.

Meeting adjourned at 9:15 P.M.

Respectfully submitted,
10. Building Committee Meeting, February 24, 1964

Dr. Anderson discussed the minutes as follows:

Dr. Anderson called the meeting to order at 8:05 P.M. in the Tahoe Room of the Jot Travis building.

Regents present were: Dr. Anderson, Dr. Lombardi, Mr. Hug and Mr. Jacobsen. University staff present were: Mr. Humphrey and Mr. Rogers. Architects' representatives were: Mr. Selden and Mr. Henderson of the firm of Selden and Stewart.

(1) Dormitory - Cemetery Area

The preliminary plans for the 8-story Dormitory were presented by Mr. Selden. He answered questions of the
Board. The Regents were particularly concerned with the esthetic qualities of the building and were assured by Mr. Selden that it would be a compatible building with the general area. He explained that they had picked up the brick and the lines of the White Pine Hall on the exterior of the new Dormitory. It was determined to place the necessary conduit in the structure so that at a later date a decision could be made as to the occupancy of the building, and thereby the necessary signalling devices could be installed.

The preliminary plans show rooms for 560 students.

Mr. Selden stated that the construction budget was tight. After considerable discussion a motion was made by Mr. Jacobsen and seconded by Dr. Lombardi, which passed unanimously that the preliminary plans as presented be approved.

Regent Ray Germain was not present, but in a telephone conversation Mr. Rogers was assured that he was in favor of the approval of the preliminary plans.

(2) Purchase of Adjacent Lane

Mr. Rogers reported to the Committee that occasionally
people have contacted the University requesting information as to the possibility of the University purchasing their property. Since some of the property is located in an area shown to be acquired to implement the Master Plan, a policy on this matter should be requested of the Board. Mr. Rogers stated that he felt that since small sums could be obligated for the purchase of such property, and that by purchasing small parcels in various blocks of the area to be obtained to implement the Master Plan, that the possibility of a land developer utilizing the property would be lessened. Some housing could be made available on a short-term basis to new faculty members when they arrive in the area. If houses were available they could have the first year to become acquainted with the area and possibly make a better arrangement for rental or purchase of housing. The Regents desire to discuss this at the next Building Committee meeting.

(3) Widening North Virginia Street

There was a short discussion as to the desirability of assisting the State Highway Department in the widening of North Virginia Street. This matter is to be studied.
and discussed at a later Building Committee meeting.

(4) Land-Use Changes - Las Vegas Campus

Mr. Rogers informed the Regents that the Clark County Planning Commission had sent to the University a notice of public hearing on the following:

(a) Case ZC-6-64, which is a request of the Board of Regents that certain properties on the south side of Flamingo Road be rezoned from R-1 to C-1 (Local Business).

(b) Case ZC-8-64 is a request to reclassify from R-4 to R-1 some property east of Maryland Parkway and north of Tropicana Road. This property would be southeast of the University Campus and since the classification was requested from R-4 to R-1, which would be more desirable from the University standpoint, the Regents agreed that no protest should be made.

(c) Case ZC-9-64 is a request to reclassify from R-4 to C-2 (General Commercial), that property start-
ing 288 feet north of Tropicana Road on the east side of Maryland Parkway and at a depth of 300 feet. This property also is located southeast of the Campus and is not directly across Maryland Parkway from the Campus. After examination of those things allowed C-2 (Commercial), the Regents agreed that this land change should not be protested.

Meeting adjourned at 11:05 P.M.

Respectfully submitted,

James D. Rogers
University Engineer

Dr. Anderson asked for any discussion on item (1) Dormitory-Cemetery area. Mr. Hancock reported that the northern group of the Planning Board had approved the preliminary plans subject to study of four items: mechanical ventilation, sidewalk pattern, roof treatment on the lounge, and interior decor of the individual rooms. Dr. Anderson discussed the possibility of design to permit use of the lounge area for classrooms if needed. It was pointed out that such arrange-
ment might be used for classes for closed circuit televi-
sion. No action was taken.

Motion by Dr. White, seconded by Mr. Jacobsen, carried
unanimously to approve the preliminary plans, as recommend-
ed by the Building Committee.

Item (2) on Purchase of Adjacent Land was held over until
the next meeting of the Building Committee, as noted in the
minutes.

Item (3) Widening North Virginia Street was discussed. Mr.
Hancock pointed out that the Stadium plans include two high-
way connections and that the Planning Board advises the
widening of Virginia Street, as well as that it be abandoned
as a highway. The Roads and Streets Master Plan also shows
it as a collector. However, a meeting with Highway person-
nel brought no definite information. There being no objec-
tion, the Chairman referred the matter back to the Building
Committee for conference with the Planning Board and Highway
Officials, to be presented to the Regents for consideration
at their next meeting.

Referring to item (4) Land-Use Changes, Las Vegas, case ZC-
6-64 (a) in minutes) action was postponed until a meeting can be arranged with Clark County Commissioners and the County Planning Commissioners. It was agreed to try to set such a meeting in Las Vegas at noon on April 25, the date on which the Board of Regents will be meeting there.

(b) and (c) were discussed and no change desired in the Building Committee's recommendations.

Motion by Mr. Jacobsen, seconded by Mr. Hug, carried unanimously to approve the minutes and to adopt the recommendations in the minutes of the Building Committee meeting of February 24, 1964, with the amendment that the meeting be arranged as called for in item (3) Widening of North Virginia Street. Mr. Hancock was asked to arrange the meeting.

The meeting recessed at 11:50 A.M. for a tour of Newlands Field Station Experiment Farm and for luncheon. The recessed meeting was called to order by the Chairman at 2:40 P.M.

11. Building Committee Meeting of March 27, 1964

Minutes of the meeting were presented by Dr. Anderson as follows:
Dr. Anderson called the meeting to order at 3:00 P.M., in
the President's Office, Clark Administration building.

Regents present were: Dr. Anderson, Mr. Davis, Mr. Germain,
Mr. Grant, Mr. Hug, Mr. Jacobsen, Dr. Lombardi, Mrs. Magee,
Dr. White. Also present were: President Armstrong, Vice
President Young, Business Manager Humphrey, University
Engineer Rogers, Mr. John Webster Brown.

(1) Stadium - Reno

Mr. John Webster Brown presented the final earthwork
plans for the new Stadium on the Reno Campus.

Action: Mr. Jacobsen moved, Dr. Lombardi seconded,
that the Committee recommend the approval of the
final earthwork plans for the new Stadium (Physical
Education Project, Phase I). The motion passed.

(2) Property Purchase Policy

Present Armstrong reported that the Attorney General
has expressed some reservations regarding the Univer-
sity's legal authority to acquire real property.
Therefore, he recommended that the Committee take
under advisement the written proposal on Property
Purchase Policy, which was distributed to Committee
members. The Committee agreed to postpone considera-
tion of this matter.

(3) Anelli Property, Reno

President Armstrong distributed a progress report on
the actions taken to date regarding the possible pur-
chase of the Anelli property north of the Reno Campus.

Action: Mr. Jacobsen moved, Dr. Lombardi, seconded,
that the Committee recommend: (1) that the Univer-
sity wait for an opinion from the Attorney General
and, if favorable, to proceed by purchasing an option
from the Board of Regents Special Projects Fund, (2)
if the opinion is unfavorable, the Administration be
authorized to determine if a friend of the University
would option the Anelli property and hold it for the
University, (3) if this is not possible, the sellers
be informed that the University cannot enter into an
agreement. The motion passed.
President Armstrong distributed copies on an offer from Mrs. Mariana Herman to sell to the University the Rancho San Rafael property northwest of the Reno Campus. The Committee asked President Armstrong to have his staff pursue this offer to determine if any action can be taken.

President Armstrong presented a written report on negotiations with the Federal government regarding lease of the Radiological Health Facility on the Nevada Southern Campus at Las Vegas.

Action: Mr. Germain moved, Mr. Jacobsen seconded, that the Committee recommend Board approval of the President's recommendations as follows:

1. The Board of Regents (in Committee) authorize acceptance of Government's $284,700 - $50,000 proposal if the following offer (#2) is rejected by the Government.
(2) Counter-offer to lease at $284,700 for the ten years and $62,300 per year for the option periods. This, if accepted, would add $123,000 to the total during the option period.

(3) That any agreement specify that the charge for mechanical and building maintenance be subject to re-negotiation for the option periods, such negotiation to consider actual cost of providing the services during the previous three year period. Should agreement not be reached between the University and the Government the matter shall be submitted for arbitration.

(4) The Government has (by telegram received 3-26-64) inserted the following language in the agreement:

"Prior to issuance of the University Revenue Certificates the Government shall have the right to approve the Certificates' interest rate. In the event the Government considers the interest rate excessive, this agreement shall be rendered null and void." This should be changed to have the second sentence read: "Any interest rate exceed-
ing four percent will render this agreement null
and void." The motion passed.

(6) Capital Improvements Program for 1965-67 Biennium

President Armstrong distributed a proposed Capital
Improvements Program for the Reno and Las Vegas Cam-
puses for 1965-67. The State Planning Board has
requested the University's recommendations by March
31, 1964. University representatives will meet with
the State Planning Board on this matter on April 24,
1964. The Committee compared the proposed program
with the forecasts contained in the Master Plan.

Action: Mr. Jacobsen moved, Mr. Germain seconded,
recommending that the priority list for Nevada South-
ern be approved as presented, except that the proposed
Dormitory addition be listed as a separate category
and assigned priority number one in that category.
The motion passed.

Action: Mr. Jacobsen moved, Dr. Lombardi seconded,
recommending that the priority list for the Reno
Campus be approved as presented, except that the
proposed land acquisition item be changed to priority number five in 1965-66 and the proposed Business Administration building design become priority number six.

The motion passed.

(7) University-State Planning Board Relations

Mr. Rogers distributed a letter from the State Planning Board regarding a proposed policy statement on University-State Planning Board Relations. The letter was received by the Committee.

(8) Sewer Line Easement - Tahoe

A letter from Milton Manoukian, attorney for Douglas County Sewer Improvement District No. 1 at Lake Tahoe, was presented.

Action: Mr. Jacobsen moved, Mr. Germain seconded, recommending that the Administration be authorized to negotiate with the District for a sewer line easement at the 4-H Camp at Lake Tahoe. The motion passed.

(9) Water Rights at Newlands Field Station
Mr. Rogers recommended that Dr. Ray Ely be authorized to sign the application for the water rights at Newlands Field Station and that Miss Alice Terry attest to the signature and affix the University seal.

Action: Mr. Jacobsen moved, Mr. Hug seconded, recommending that the above request be approved. The motion passed.

(10) Main Station Farm Power Line Easement

President Armstrong recommended that the University grant an easement to Sierra Pacific Power Company for a power line to the ARS Field Plot on the Main Station Farm.

Action: Mr. Hug moved, Mr. Jacobsen seconded, recommending that the above request be approved. The motion passed.

(11) Valley Road Farm

President Armstrong reported on the status of dealings
with Linn Alexander and Associates regarding the possible development and use of the Experiment Laboratory (Valley Road Farm) for other purposes. He recommended that all negotiations be discontinued.

Action: Mr. Hug moved, Mr. Jacobsen seconded, recommending approval of the above recommendation. The motion passed.

Kenneth Young
Acting Secretary

Referring to item (1) Stadium: motion by Dr. Lombardi, seconded by Mr. Davis, carried unanimously that the Building Committee recommendation be approved.

Referring to item (2) Dr. Anderson reported that the matter of authority is in the hands of the Attorney General for study and opinion. In items (3) and (4) on Anelli property and Herman property, the Administration was authorized to await the Attorney General's opinion and then to proceed as outlined by the Building Committee.

Item (5) on Radiological Health Facility was discussed.
Motion by Mr. Jacobsen, seconded by Dr. White, carried unanimously that the Regents approve the recommendation of the Building Committee.

Item (6) on Capital Improvements Program was discussed by Mr. Rogers, and recommended by President Armstrong, as approved by the Building Committee, as follows:

8. Design School of Nursing Building. To provide the design of a separate building to house the Orvis School of Nursing. No location has been determined.

9. Design New Administration Building. To provide additional University Administration Offices and supporting space. This building must be "phased in" after the date recommended by the Master Plan because it is to occupy the site now occupied by Stewart Hall and the Journalism
Motion by Mr. Jacobsen, seconded by Mr. Davis, carried unanimously that the Capital Improvements Program be approved to be forwarded to the State Planning Board for consideration at its meeting on April 24, at which the University will be represented.

Right-of-way for sewer line at the 4-H Camp at Lake Tahoe was discussed. Mr. Rogers reviewed the situation, and showed the Regents where the Douglas County Sewer District desires to put the line, near the beach. He thought this proposal would be the only way to solve the sewer problem at the 4-H Camp. He pointed out that, in keeping with the legislative act governing the 4-H Camp, the University can negotiate, but the Legislature would grant the easement.

Motion by Mr. Hug, seconded by Mr. Jacobsen, carried unanimously that the recommendation of the Building Committee be approved, and that the Administration be authorized to negotiate with the Douglas County Sewer District.

Mr. Rogers reviewed item (9) Water Rights at Newlands Field Station. By Court direction, the Field Station will pay $54
per acre now to the Truckee Carson Irrigation District which
is applied to operating cost at the rate of $4 per acre per
year until used, then the Field Station will pay $4 per acre
per year.

Motion by Mr. Hug, seconded by Mr. Germain, carried unani-
mosly that the recommendation of the Building Committee be
approved.

Referring to item (10) Main Station Farm ARC Research Plot
Power Line Easement, request of Sierra Pacific Power Com-
pany, motion by Mr. Jacobsen, seconded by Mr. Hug, carried
unanimously that the recommendation of the Building Com-
mittee be approved.

The Linn Alexander request regarding the Valley Road Farm
was discussed (item 11).

Motion by Dr. Lombardi, seconded by Mrs. Magee, carried
unanimously that the Regents approve the recommendation of
the Building Committee.

12. Building Program Progress Reports
Mr. Rogers distributed the following status reports of the construction projects under the jurisdiction of the State Planning Board.

(1) Construction of Home Management Residence

Final inspection by the University, architect, and the Nevada State Planning Board has been held, and the contractor is currently completing punch list items. It is anticipated the Notice of Completion will be filed on or before April 1, 1964.

(2) Power Distribution, Clark Administration Building

Contract has been awarded to Harker & Harker. The Notice to Proceed was issued March 19, 1964; work is proceeding in accordance with the contract documents. In accordance with the request from the University Engineer, we are investigating the possibility of increasing the scope of the contract by change order to include electrical connections to Stewart and Morrill Halls.

(3) Physical Education Facility, Phase I, Reno Campus
Final plans for the first contract concerning earthwork on this project were received on March 3. Plan checking is nearly completed, and we anticipate being able to advertise for bids for this work shortly after April 1, 1964.

(4) Social Science Building, Nevada Southern

This office has recommended the award of contract to J. A. Tiberti for the base bid and Alternates "A", "E", "F", "J", "K", "L", "M", "N", "P", "S" and "S-2", for a total contract price of $924,800. This recommendation has been approved by the Northern Executive Committee of the State Planning Board, and we anticipate approval by the Nevada State Planning Board on or before April 1, 1964, at which time a contract will be executed for the work, anticipated to be completed in approximately 15 months.

(5) Site Development, Nevada Southern

Of the appropriation of $100,000 by the 1963 Session of the Legislature, $12,000 has been obligated subject to
State Planning Board approval for the construction of a water line to the Dormitory area. It is anticipated that final plans on this work will be completed by April 6, and the project will be put out to bid prior to April 15. In addition to this obligation, we are reserving $8400 for the extension of the water line from Flamingo Road to the University property line in joint venture with the two churches. Investigations as to the feasibility of this connection are being studied. $52,600 has been obligated for the outside utilities and landscaping in relation to the Social Science building. This work will be accomplished with the approval of the State Planning Board by J. A. Tiberti.

(6) Design of Social Science Building and Physical Science Building, Reno Campus

Commissioned architects are working with the University staff towards the completion of preliminary plans.

(7) Men's and Women's Dormitory, Reno Campus

The State Planning Board has approved the preliminary
plans as represented by the architects and approved by the Building Committee of the Board of Regents, subject to a reanalysis of the possibility of incorporating mechanical ventilation in the building, reanalyzing the roof treatment on the lounge wing, circulation patterns on the sidewalks, and restudying the decor of individual rooms. It is anticipated that the architects will be authorized to proceed with the final working drawings on or before April 1, 1964.

(8) Land Acquisition, Nevada Southern

Of the approximate 50 acres authorized for acquisition, 31.4 acres have been acquired and 4.3 acres optioned. Of the remaining 14 acres, 8 will be acquired upon completion of rezoning of the Flamingo Road property. The remaining 6 acres are church property.

Mr. Rogers also distributed the following report of projects under University supervision:

1. Dairy Farm Correction of construction deficiencies in progress
2. Extension of Campus System  85% Completed

13. Budget Hearings

Certain of the Regents expressed a desire to meet with Deans and other Administrators from time to time. President Armstrong suggested that one way in which this might be accomplished would be for the Deans to be invited to meet with the Regents to discuss their budget requests. There was general agreement that this be done.

14. Regulations and Salary Committee
Chairman Hug reported. The Committee met on Friday morning, March 27, and went over the draft of the by-laws and regulations. The committee had agreed that the by-laws, as drafted and changed by the Committee, be typed and submitted to the Board of Regents before the next meeting for action at that time. Minutes are as follows:

REGULATIONS AND SALARY COMMITTEE OF BOARD OF REGENTS

"... and to sign all contracts and other instruments requiring execution on the part of the Board of Regents."

(19) The Committee discussed Article VIII, Page 23. The Administration was authorized to redraft that Article on the seal of the University to correct inaccuracies.
The revised draft is to be prepared in corrected form for submission to the Board of Regents.

Kenneth Young
Acting Secretary

The Committee met on Friday afternoon to consider the salary recommendations of President Armstrong for 1964-65. With minor changes, the Committee approved the recommendations and authorized the President to issue the contracts.

Motion by Mrs. Magee, seconded by Dr. Anderson, carried unanimously that the salary schedule be approved as recommended by the Regulations and Salary Committee.

15. Administrative Reorganization

President Armstrong discussed his proposal for reorganization of the Administration of the University, as follows:

Regents

|    |

President
Recommendation: At present the President has 16 Administrative Officers reporting directly to him. I believe that in the interests of greater efficiency and of providing needed
opportunity for the President to devote more time to the increasing demands of external affairs, we should implement the recommendations of the Educational Planning Committee, page 23, and create the administrative structure described above. This will also give recognition and greater autonomy to the Las Vegas Campus, since the Chancellor would perform many of the present duties of the President. I recommend that the Board authorize this reorganization to be effective during the coming year, as soon as Finance should become effective as of July 1, 1964. For the Chancellor positions, I propose to request the University Council, Reno, to appoint or elect a faculty committee advisory to me on the screening and selection of candidates for the Reno position, and for the Las Vegas position, a similar faculty advisory committee through the Division Council at Nevada Southern.

Mr. Hug recommended on behalf of the Committee on Regulations and Salaries that the plan be approved.

Motion by Mr. Davis, seconded by Mr. Jacobsen, carried unanimously that the reorganization plan be approved.
Dr. Armstrong explained that it is a requirement of the First National Bank that formal resolution be adopted by the Board of Regents prior to sale of stock for the University. To carry out the wishes of W. Scott Hill, President Armstrong recommended adoption of the following resolution:

RESOLUTION #64-3

Adopted by the Board of Regents, University of Nevada at a meeting held March 28, 1964, at Fallon Nevada.

WHEREAS, the University of Nevada owns 13 shares of common stock in the General Electric Company; and

WHEREAS, this stock was a gift from W. Scott Hill, Lyons Plains Road, Weston, Connecticut, for the Library Book Fund.

NOW, THEREFORE, BE IT RESOLVED:

That the Board of Regents, University of Nevada, does hereby authorize President Charles J. Armstrong to sell the 13 shares of common stock in the General Electric
Company, to sign the necessary stock power and to de-
posit the proceeds of the sale in the Book Fund (1-51-
4001).

Motion by Dr. White, seconded by Mr. Hug, carried unanimous-
ly that the Resolution #64-3 be adopted.

17. Housing and Home Finance Agency Projects

Mr. Humphrey discussed the following resolutions, recommend-
ed by President Armstrong, in connection with construction
of Dining and Dormitory facilities:

Motion by Mr. Jacobsen, seconded by Mr. Germain, carried
unanimously that Resolution #64-4 be adopted as follows:

RESOLUTION #64-4

RESOLUTION APPROVING LOAN AGREEMENT

WHEREAS, the University of Nevada has heretofore filed
with the United States of America an application for a
loan to provide construction of a Dormitory to house
approximately 60 men and women students and Dining
facilities to accommodate approximately 150 persons,
together with necessary appurtenant facilities for each
building, at the Las Vegas Campus of the University of
Nevada, located near Las Vegas, Nevada (CH-Nev-7(DS)),
and the United States of America, acting by and through
the Housing and Home Finance Administrator, has tenta-
tively offered to make the requested loan and has trans-
mitted for consideration a proposed Loan Agreement; and

WHEREAS, said Loan Agreement has been duly read in open
meeting of the Board of Regents of the University of
Nevada, fully considered in accordance with all pertin-
ent rules of procedure and legal requirements, and made
a part of the records of said Board of Regents; and

WHEREAS, it is deemed advisable and in the public in-
terest that said Loan Agreement be approved and its
execution authorized;

NOW, THEREFORE, be it resolved by the Board of Regents
of the University of Nevada that said Loan Agreement
be and the same hereby is approved without reservation
or qualification.

BE IT FURTHER RESOLVED that A. C. Grant, the Chairman of
the Board of Regents of the University of Nevada, be and

he is hereby authorized to execute said Loan Agreement,

and Alice Terry, the Secretary thereof, be and she is

hereby authorized to attest the execution of said Loan

Agreement.

Mr. Humphrey discussed the situation concerning construction

of the Dormitory in Reno. The proposed Dormitory will not

produce sufficient revenue from room rental to retire the

$2,400,000 debt. These students will, however, eat in the

Dining Commons and profits from that operation could be

cross-pledged for the Dormitory Revenue Certificate. This

had the approval of HHFA. However Dawson, Nagel, Sherman

& Howard, bonding attorneys, contend that the 1963 legis-

lation, as amended by the 1964 session, does not provide

for cross-pledging, and they propose that the 1965 session

be asked to clarify the legislation in this regard. Dr.

Armstrong recommended that the Regents approve the resolu-

tion, and that the Attorney General's Office check with the

bonding attorneys in Denver as to procedure.

Motion by Dr. Lombardi, seconded by Mr. Jacobsen, carried

unanimously that Resolution #64-5 be approved as follows,

and that the procedure outlined for clarifying the situa-
tion with Dawson, Nagel, Sherman & Howard be approved.

RESOLUTION #64-5

RESOLUTION APPROVING LOAN AGREEMENT

WHEREAS, the University of Nevada has heretofore filed
with the United States of America an application for a
loan to provide construction of Dormitory facilities
to house approximately 280 men students and approxi-
mately 280 women students, together with necessary
appurtenant facilities, at the University of Nevada,
Reno, Nevada (CH-Nev-6(D)), and the United States of
America, acting by and through the Housing and Home
Finance Administrator, has tentatively offered to make
the requested loan and has transmitted for considera-
tion a proposed Loan Agreement; and

WHEREAS, said Loan Agreement has been duly read in open
meeting of the Board of Regents of the University of
Nevada, fully considered in accordance with all per-
tinent rules of procedure and legal requirements, and
made a part of the records of said Board of Regents; and

WHEREAS, it is deemed advisable and in the public inter-
est that said Loan Agreement is approved and its execution authorized;

NOW, THEREFORE, be it resolved by the Board of Regents of the University of Nevada that said Loan Agreement be and the same hereby is approved without reservation or qualification.

BE IT FURTHER RESOLVED that A. C. Grant, the Chairman of the Board of Regents of the University of Nevada, be and is hereby authorized to execute said Loan Agreement, and Alice Terry, the Secretary thereof, be and she is hereby authorized to attest the execution of said Loan Agreement.

18. Honorary Degrees and Distinguished Nevadan Awards

Mrs. Magee, Chairman, presented the recommendations of the Committee as follows, and President Armstrong recommended approval by the Board.

It was decided at the meeting of the Committee for Distinguished Nevadan Awards and Honorary Degrees held on March 27, 1964, that recipients of these awards and degrees
would be announced at both the Reno and Las Vegas Commencement ceremonies. Recipients could receive their awards or degrees at either Campus.

It was also decided to make the pre-commencement dinner for recipients of these awards and degrees and members of their immediate families an annual event, to be considered part of the regular commencement program.

The following persons have been chosen:

**HONORARY DEGREES**

Governor Grant Sawyer

Franklin C. Wartman

E. L. Cord (did not accept)

**DISTINGUISHED NEVADAN AWARDS**

Alfred Merritt Smith

Richard T. Barrington

Dr. Mary Fulstone

Robert B. Griffith

Ralph Willard Lattin
Motion by Dr. Lombardi, seconded by Mr. Davis, carried
unanimously that the recommendations of the Committee on
Honorary Degrees and Distinguished Nevadan Awards be ap­
proved.

19. Library, Extra Help

President Armstrong presented the request of Mr. Heron for
extra help for the Library for the period July 1, 1964 to
June 30, 1965, in view of the Fleischmann Matching Book
Fund Grant. He pointed out that the ordering and processing
cost of each volume received by the Library is approximately
$6.50 as based on their 1962-63 experience. Dr. Armstrong
requested authority to transfer $4,096 from Alice Dimmitt
Endowment Income (Account #1-51-7002) and $19,918 from
Lowell Daniels Endowment Income (Account #1-51-7003) to a
new fund in Fund Group 51 entitled "Library Special Proj­
ect".

Motion by Dr. White, seconded by Mr. Jacobsen, carried
unanimously that the fund transfers be approved.

This insurance firm had proposed an agreement with the University of Nevada for the sale of life insurance to individuals naming the University of Nevada as beneficiary. The agreement had been drafted by the Office of the Attorney General and had received approval of the State Insurance Commissioner. President Armstrong recommended approval of the agreement.

Motion by Dr. Lombardi, seconded by Mr. Germain, carried unanimously that the agreement be approved, and that Dr. Armstrong be authorized to sign on behalf of the University.

21. Nursing Survey

President Armstrong received on the previous day report and proposals from the Nevada Public Health Association concerning Nursing needs in Nevada. President Armstrong recommended that they be accepted for distribution to the Regents and for consideration at a later meeting.

Motion by Mr. Jacobsen, seconded by Dr. Lombardi, carried unanimously that the proposals be received for administra-
tive study and later consideration by the Regents.

22. Regents' Library Fund

Regent Anderson proposed that the Regents establish a fund to be known as the Regents' Library Fund, with the expectation that each Regent would contribute $100 for purchase of books for the Reno Campus as part of the Fleischmann Matching Book Fund Drive. He felt that this would encourage other groups and individuals to contribute. In following years, contributions to the fund might be used to set up a discretionary fund for the Librarian, or for other use.

There was some discussion; no action taken.

The meeting adjourned at 3:45 P.M.

The next meeting will be held in Las Vegas on Saturday, April 25, 1964.
