Public Health Service:

$7,082 for "Toxicity of Turpenes as Air Pollutants",
under direction of Dr. George Smith.

$10,900 for "Adaptations in Mammals and Man to Desert and Mountain", under direction of D. B. Dill.

$16,982 for "Fetal Blood Flow and Pulmonary Artery Hypertension", under direction of Dr. G. Smith.

Nevada Fish and Game Commission, Reno - $12,216 for "Big Sheep Habitat", under direction of Dr. W. G. Bradley.

Motion by Dr. Lombardi, seconded by Mr. Jacobsen, carried without dissent that the gifts and grants be accepted as presented and the Secretary be requested to send notes of
thanks to the donors.

4. Edwin W. Stadtmuller Estate

Chancellor Humphrey reported as follows on the bequest from Edwin W. Stadtmuller, deceased:

Under the terms of the will of Edwin W. Stadtmuller, of San Francisco, California, the University of Nevada will receive "the sum of $25,000 to be held by that institution as a separate and distinct scholarship fund designated 'The Frederick and Anna Stadtmuller Scholarship'." The will specifies that the "University of Nevada shall invest the proceeds of this bequest as it shall deem advisable, and that only the income from the bequest shall be disbursed for scholarship purposes."

"...the University of Nevada shall have full discretion to designate the recipient of the scholarship, and that it may, in its discretion, designate 2 or more recipients to share concurrently in the proceeds of the scholarship."

Information in our files indicate that Mr. Stadtmuller's father had a mercantile business in northern Nevada,
presumably in the 1800's. His brother, Frederick, graduated from the University of Nevada in 1892 and later served on its faculty as a Chemistry professor. His sister-in-law, Clara Field Stadtmuller (widow of Frederick) left a bequest to the University in 1955, the income from which is used for the Frederick Stadtmuller Memorial Scholarships. (Her estate was valued at the time at about $30,000.) According to correspondence on file, Mr. Edwin W. Stadtmuller was originally the sole beneficiary under his sister-in-law's will but prevailed upon her to change the terms of the will to leave her estate to the University of Nevada in memory of his brother and her husband.

Frederick and Anna Stadtmuller are assumed to have been the parents of Frederick and Edwin.

Chancellor Humphrey noted that this item was included for information at this point and it was his intention to refer the matter to the Advisory Cabinet for the purpose of developing recommendations on the allocation of the funds in accordance with the criteria on scholarships adopted earlier by the Board.
Mr. Domenico Lambertucci of Tonopah, Nevada, bequeathed "to the University of Nevada, to be used by the Mackay School of Mines" 68 patented and 54 unpatented mining claims, in and around Tonopah, that have potential value for silver and/or uranium and exist in 6 separate parcels, as follows: (a) one patented claim in the Divide district, (b) one patented claim in Tonopah, (c) three contiguous patented claims about 300 yards southwest of Tonopah, (d) 63 patented and 34 unpatented claims, all contiguous, about one mile west of Tonopah and south of the highway, (e) eight contiguous unpatented claims, approximately one mile northwest of Tonopah, on the west side of the road, and (f) twelve contiguous unpatented claims on the east side of the road from (e). During the Summers of 1968 and 1969 MSM performed the assessment work on the 54 unpatented claims.

On August 22, 1969 the District Court in Goldfield, Esmeralda County approved the settlement of the
Lambertucci estate. As part of the settlement, the
Deputy Attorney General of Nevada representing U of
N, Executor of the Lambertucci estate, and representa-
tives of all heirs agreed to some minor exchanges of
surface rights, in order to prevent a contest of the
will, by certain heirs, which could have been detri-
mental to the interests of U of N. This action does
not impair the mineral rights of the mining claims be-
queathed to U of N.

The School has received some 15 requests from individu-
als and mining companies interested in examining those
claims with the thought of leasing or purchasing. For
the benefit of U of N and MSM information on these
claims should be prepared and made public immediately;
otherwise, an entire field season will be lost and the
University will face a cost of some $5000 to perform
the assessment work in 1970 on the unpatented claims.
Adjunct Professor Fred Humphrey has agreed to manage
these mining claims for the University.

President Miller recommended that the Board authorize the
Mackay School of Mines to proceed as follows:
(1) To inform the public, by advertising or newspaper notices, that these mining claims may now be examined by interested parties, and

(2) To prepare and distribute "Lease and Bond" documents, commonly used for State-owned lands or by the mineral industry, so as to receive bids to lease, purchase or for other business proposals for these mining claims.

Chancellor Humphrey concurred.

Motion by Dr. Lombardi, seconded by Mr. Ronzone, carried without dissent that the above recommendation be approved subject to final approval by the Board of Regents of any proposals received.

6. Approval of Purchase in Excess of $5000, UNLV

President Zorn reported that the College of Science and Mathematics had requested the purchase of an electronic calculator with the following specifications:

1 Model 360 SE Electronic Package

4 Model 360 K Keyboards
1 Extension Cable 50'

2 Extension Cables 100'

Those requested to bid and their price quotations were:

<table>
<thead>
<tr>
<th>Company</th>
<th>Price</th>
</tr>
</thead>
<tbody>
<tr>
<td>SCM Corporation</td>
<td>No Bid</td>
</tr>
<tr>
<td>Perkin Elmer</td>
<td>No Bid</td>

<td>No Bid</td>
</tr>
<tr>
<td>Hewlett Packard</td>
<td>$17,630.44</td>
</tr>
<tr>
<td>Wang Laboratories</td>
<td>6,220.00</td>
</tr>
</tbody>
</table>

President Zorn recommended that the bid of Wang Laboratories be accepted. Chancellor Humphrey concurred.

Motion by Mr. Grant, seconded by Mr. Seeliger, carried without dissent that the above purchase be approved as recommended.

7. Approval of Request for Easement, UNLV

President Zorn recommended that a 10' by 25' easement, located on the edge of the parking area adjacent to Frazier Hall, be granted to the Las Vegas Water District to allow
for the installation of a water meter in connection with
the extension of the water loop to be constructed on Campus.

Chancellor Humphrey concurred.

Motion by Mr. Bilbray, seconded by Mr. Jacobsen, carried
without dissent that the easement be granted as requested.

8. UNLV Land Acquisition

President Zorn recalled that the 1969 Legislature appropri-
ated $591,000 to the State Planning Board for the acquisi-
tion of land for UNLV and 3 parcels of property were speci-
fied. 2 of the parcels have been acquired. No action was
taken on the third parcel; instead, the Board of Regents
requested the State Planning Board to use the $26,298.21
remaining in the 1969 appropriation account to acquire
approximately 2 acres of property immediately south of the
Boy Scout development. This property is presently held
by the UNLV Land Foundation.

Dr. Zorn reported that the State Planning Board and the
Legislative Commission, to whom the matter was referred,
have determined that appropriated funds may not be used
for the purchase of this property in that it was not
specified in the Capital Improvement Program adopted by
the Legislature. At the suggestion of the Legislative
Commission, the State Planning Board requested the Board
of Examiners and the Interim Finance Committee to make
the money available for the acquisition of this parcel of
land and revert the fund balance in the 1969 appropriation.
This request is under consideration and an answer is ex-
pected when the Interim Finance Committee meets.

9. Signature Authority

President Zorn noted that UNLV presently has an emergency
checking account with a maximum of $2000 in the Bank of
Las Vegas, University Branch, with Business Manager Herman
Westfall as the only authorized signature. He recommended
that Carroll Ross, UNLV Controller, also be designated as
an authorized signatory on this account and the Adminis-
tration be directed to increase his bond from $10,000 to
$250,000. Chancellor Humphrey concurred.

Motion by Dr. Lombardi, seconded by Mr. Bilbray, carried
without dissent that the above recommendation be approved.
10. Student Insurance

President Zorn reported that CSUN had arranged with Traveler's Insurance for medical and hospital coverage at $16.25 per semester. This provides extended coverage on a 24-hour basis for a 9-month period.

11. Auto Safety-Driving School Facility

President Miller presented a proposal by the Engineering Design Technology Department, Nevada Technical Institute, that an agreement with Opposite Lock Enterprises be approved for the establishment of a combined driver-training and research facility at Stead Campus, under the following conditions:

The University property that will be involved is the currently unused parking lot located on the southeast corner of the intersection of Cocoa and Vida Streets at Stead Campus. This parking lot is approximately 90 x 160 yards and is surfaced with an asphalt surface that is now degenerated and "dead". There is currently no other plan for utilization of this lot. Opposite Lock Enterprises proposed to perform suitable sealing
and preparation measures to enable use of the lot as a training facility.

Establishment of this facility will primarily provide a site for the training of drivers in emergency control. The secondary purpose of the facility will be to provide a site for conducting certain phases of the proposed University of Nevada safety research.

The actual facility that will be constructed will consist of a curved simulated roadway approximately 300 yards long and 30 feet wide. The surface will be composed of a material which will provide a deliberately low coefficient friction.

Opposite Lock Enterprises will provide all maintenance of the facility but will not be required to provide facilities of maintenance above and beyond those required for operation of their school.

The University of Nevada, through negotiated scheduling, may utilize the facility for up to 8 daylight hours per week throughout the year. This utilization by the University is deemed to be sufficient compensation by
Opposite Lock Enterprises for use of the land and parking lot.

It is proposed that the arrangements outlined above shall be in effect for 2 years (September 1, 1969 to August 31, 1971).

In light of the fact that both the training and research activities will be long term efforts, it is assumed that a permanent agreement will be negotiated by the University and Opposite Lock Enterprises in August of 1971.

President Miller recommended approval of this proposal, subject to approval of the Department of Health, Education and Welfare, and of the Attorney General. Chancellor Humphrey concurred.

Motion by Mr. Jacobsen, seconded by Mr. Seeliger, carried without dissent that the above recommendation be approved.

12. Proposed Acquisition of University Property by the State Highway Department
Chancellor Humphrey recalled that in December 1964 the Department of Highways informed the University of the Department’s interest in acquiring a portion of Valley Road Farm for the construction of Interstate 80. (Negotiations for the sale of 12.95 acres, the maximum area to be taken by the Highway Department, have been handled by an ad hoc committee composed of Dean Dale W. Bohmont, Dr. Ray Ely, Mr. Edward Pine and Mr. Humphrey.)

Mr. Humphrey further noted that on June 20, 1967 the Highway Department offered $301,270 for the 12.95 acres and the University made a counter-offer of $1,455,000 on July 10, 1967. On July 8, 1969 the Highway Department made a subsequent offer of $440,000. Mr. Humphrey stated that appraisals have been secured by both the University and the State Highway Department but, for reasons of negotiations, proposed that those appraisals continue to be held confidential.

Chancellor Humphrey recommended that the Board of Regents formally receive this latest offer by the State Highway Department but take no action to either approve or reject the offer and, in accordance with the advice received from the Attorney General, appoint legal counsel to represent the University in negotiations with the State Highway De-
partment. He recommended that the firm of Goldwater, Taber, Hill and Mortimer of Reno be so designated.

He also reported that the State Highway Department had requested the right to enter and occupy needed portions of Valley Road Farm so that work on the freeway would not be delayed while negotiations proceed. Mr. Humphrey recommended that this request not be granted but that it be referred to counsel with authority granted to the Administration to follow such advice as legal counsel should offer.

Mr. Jacobsen expressed concern over this procedure and stated that he would prefer to have the matter of access referred back to the Board at a subsequent meeting. Mr. Walsh expressed concern over the possible delay.

Mr. Ronzone moved that the Chancellor's recommendations be approved. Motion seconded by Mrs. Knudtsen.

Mr. Jacobsen moved that the above motion be amended to delete the delegation of authority to the Administration. Motion failed for lack of second.

Original motion carried with Mr. Jacobsen opposing.
13. New Degree Program in Atmospheric Physics, UNR

President Miller recalled that in July, the Board approved on first reading a proposal for an option in Atmospheric Physics to the existing Master of Science degree in Physics. He recommended final approval of the proposal. Chancellor Humphrey concurred.

Motion by Mrs. Knudtsen, seconded by Dr. Lombardi, carried without dissent that the proposal be approved.

14. Increase in Evening Division and Extension Part-Time Teaching Pay Rate, UNR

President Miller recalled that in July the Board approved an increase in Evening Division and Extension salaries for UNLV from $200 to $250 per credit, with the understanding that a report from UNR would be submitted at a later date. He noted that the Executive Committee of the UNR Senate has requested that a similar increase be approved as in interim measure for UNR, effective September 1, 1969. President Miller recommended approval. Chancellor Humphrey concurred.
Mrs. Knudtsen expressed concern that the Extension programs, particularly those in the less populated areas, might be severely restricted if class enrollment quotas were raised to keep the classes self-supporting.

Chancellor Humphrey recalled that in July when this increase was being considered for UNLV, an analysis was presented which indicated the average number of students required at $200 per credit and the number required at $250 per credit.

(Note to Minutes: The analysis presented in July indicated that the breakeven point for self-supporting programs would be: Salary of $200 per credit requires 11 students at $19 per credit. Salary of $250 per credit requires 14 students at $19 per credit.)

Mr. Jacobsen expressed concern that such an increase might prove impossible to fund. Chancellor Humphrey stated that the Administration believed the increase to be financially feasible but agreed to submit a report concerning possible financial difficulties and possible sources of revenue to subsidize these programs where necessary.
Motion by Dr. Lombardi, seconded by Mr. Ronzone, carried
with Mr. Jacobsen opposing that the salary increase be approved for UNR as recommended.

15. Capital Improvement Fee Revenue Bonds for Physical Science Building

Chancellor Humphrey recommended adoption by the Board of the necessary resolution as prepared by the University's bond counsel, to authorize the issuance by the Board of Regents of revenue bonds of 1969, dated May 1, 1969, in the amount of $1,651,000 and to authorize the public sale of such revenue bonds. Mr. Humphrey noted that the proceeds from the sale of the Revenue Bond of 1969 will be used to help finance Phase I of the Physical Science Project (Chemistry and Lecture Demonstration buildings) on the Reno Campus. He further noted that the Federal government, under Title III of the Higher Education Facilities Act of 1963, has committed itself to purchase this issue at an annual interest rate of 3%. Consequently, no other bids were anticipated.

Motion by Mr. Grant, seconded by Mr. Jacobsen, carried without dissent that the following resolutions be adopted
as recommended.

RESOLUTION NO. 69-5

A RESOLUTION AUTHORIZING THE ISSUANCE BY THE BOARD OF
REGENTS OF THE UNIVERSITY OF NEVADA OF THE UNIVERSITY'S
SECURITIES DESIGNATED AS THE "UNIVERSITY OF NEVADA
CAPITAL IMPROVEMENT FEE REVENUE BONDS OF 1969", DATED
MAY 1, 1969, IN THE AGGREGATE PRINCIPAL AMOUNT OF
$1,651,000.00, FOR THE PURPOSE OF DEFRAYING IN PART
THE COST OF THE CONSTRUCTION AND OTHER ACQUISITION
ON THE BEHALF AND IN THE NAME OF THE UNIVERSITY OF
THE CHEMISTRY AND LECTURE BUILDINGS OF THE PHYSICAL
SCIENCE BUILDING PROJECT, PHASE I, ON THE CAMPUS OF
THE UNIVERSITY OF NEVADA, RENO, AND EQUIPMENT AND
FURNISHINGS THEREFOR, AND STRUCTURES, IMPROVEMENTS
AND OTHER APPURTENANCES RELATING THERETO; PROVIDING
THE FORMS, TERMS AND CONDITIONS OF THE BONDS, THE
MANNER OF THEIR EXECUTION, THE METHOD OF THEIR PAY-
MENT AND THE SECURITY THEREFOR, INCLUDING WITHOUT
LIMITATION PROVISIONS FOR THE CONVERSION OF A BOND
FROM ONE SIZE OF DENOMINATION TO OTHER DEMONINATIONS;
PROVIDING FOR THE DISPOSITION OF REVENUES DERIVED FROM
CERTAIN FEES AND OTHER CHARGES FROM STUDENTS ATTENDING
THE UNIVERSITY OF NEVADA, RENO, AND OF OTHER REVENUES PERTAINING THERETO; PROVIDING OTHER DETAILS CONCERNING SUCH BONDS AND FACILITIES AT SUCH CAMPUS INCLUDING BUT NOT LIMITED TO COVENANTS AND AGREEMENTS IN CONNECTION THEREWITH; RATIFYING ACTION HERETOFORE TAKEN TOWARD ACQUIRING SUCH CHEMISTRY AND LECTURE BUILDING FACILITIES AND ISSUING SUCH BONDS; AND REPEALING ALL RESOLUTIONS IN CONFLICT HEREWITH.

RESOLUTION NO. 69-6

A RESOLUTION AUTHORIZING THE PUBLIC SALE OF THE SECURITIES OF THE UNIVERSITY OF NEVADA DESIGNATED AS THE "UNIVERSITY OF NEVADA CAPITAL IMPROVEMENT FEE REVENUE BONDS OF 1969", IN THE PRINCIPAL AMOUNT OF $1,651,000; PROVIDING THE FORM OF THE NOTICE OF SUCH SALE; PROVIDING FOR GIVING NOTICE OF THE SALE AND OTHER DETAILS IN CONNECTION THEREWITH; AND REPEALING ALL RESOLUTIONS IN CONFLICT HEREWITH.

16. Married Student Housing, UNR

President Miller presented a report from UNR concerning the availability of low-cost housing for married students (copy
of report filed with permanent minutes). President Zorn stated that a report from UNLV would be presented at a subsequent meeting.

Mr. Bilbray spoke of the housing at the Campus at Santa Barbara of the University of California where University land had been leased for construction of low-cost private housing and suggested this possibility be investigated at UNLV.

Mr. Jacobsen asked whether this was not an instance of offering a solution before a problem exists, noting that there is presently no information available to indicate need. He suggested that a survey be completed prior to consideration of such a proposal. Mr. Bilbray agreed that a study should be made but requested that this possibility be considered during the course of the survey and also requested that at the appropriate time the Attorney General be requested to determine the legality of such use of University property.

17. College of Education Building, UNLV

President Zorn recalled that in July the Board approved
the preliminary plans for the UNLV College of Education building but expressed concern that its proposed location might encroach upon the mall and block the visual impact of the Performing Arts building. Subsequently, he said, Jack Miller, architect for the Education building, and James Mc Daniel, architect for the Performing Arts Center, reviewed the plans and determined that the original siting is acceptable. President Zorn stated that an alternative site was considered, 40 feet west, but was rejected because it encroached upon the site of another proposed building and interfered with expansion of the Library.

Mr. Hancock agreed that the site was satisfactory and that the two projects are architecturally compatible. He reported that the final plans for the Education building should be available soon after the first of the year.

18. College of Education Building, UNR

Dean Edmund J. Cain reported that all groups concerned have reviewed the preliminary plans for the College of Education building and have concurred in acceptance and approval. He introduced Mr. Graham Erskine, architect for the project, who presented drawings and photographs depicting the proj-
Mr. Hancock stated that the State Planning Board has reviewed the preliminary plans and recommended that the architect be instructed to proceed with working drawings. President Miller and Chancellor Humphrey concurred.

Motion by Dr. Lombardi, seconded by Mr. Jacobsen, carried without dissent that the preliminary plans be approved as presented.

19. Approval of Final Plans, Water Distribution System

Mr. Hancock presented the final plans for the construction of a water distribution system through the UNLV Campus. He noted that the plans have been reviewed by UNLV plant engineering staff and by the State Planning Board and recommended approval. President Zorn and Chancellor Humphrey concurred.

Motion by Mr. Bilbray, seconded by Dr. Lombardi, carried without dissent that the final plans be approved as recommended.
20. Approval of Final Plans, Social Science Elevator, UNLV

Mr. Hancock presented a verbal report on the status of
the plans for the elevator to be installed in the Social
Science building. He recommended approval by the Board
and requested that the project be authorized to proceed.

President Zorn and Chancellor Humphrey concurred.

Motion by Dr. Lombardi, seconded by Mr. Ronzone, carried
without dissent that the final plans be approved and
authorization be granted for the project to proceed.

21. Approval of Preliminary Plans for Humanities Building, UNLV

President Zorn, Vice President Baepler and Dean Byrns spoke
of the staff review of the preliminary plans for the Humani-
ties building, all stating that they were in full agreement
that the plans as developed by the architects were entirely
acceptable, and fully within the scope developed by the
University.

Mr. Harris P. Sharp, architect, presented drawings and
photographs of the project together with color slides
depicting the interior design of the building.
President Zorn recommended approval of the preliminary plans as presented. Chancellor Humphrey concurred.

Motion by Mr. Grant, seconded by Mr. Ronzone, carried without dissent that the preliminary plans be approved.

22. Approval of Preliminary Plans for Physics Building, Phase II, UNR

At the request of President Miller, this item was deferred until the October meeting.

23. Rousseau Endowment for Historical Research

Chancellor Humphrey reported that the Rousseau Endowment for Historical Research (1-71-6011) is currently valued at $10,174 (6-30-69) and the income account (1-51-6011) has accumulated earnings of $7,326.88. This endowment fund was received by the University in 1933. The pertinent part of the bequest provides that the income from the fund shall be "devoted to the purpose of historical research relative to Nevada and the West, to the printing of the results of such research, and to the collection and purchase
of books, pamphlets, periodicals and other documents needful for such research. It shall be the purpose of such research to furnish a true history of Nevada, touching the life of its aboriginal inhabitants as well as the development of its political, industrial, educational and other social institutions after the coming of the white man." The bequest also provides "all books and monographs representing research carried on through the aid of this fund or printed through the aid thereof, shall bear the imprint: The Margaret Elizabeth Rousseau Foundation for Historical Research, or shall contain other appropriate acknowledgments."

President Miller presented a proposal by Kenneth Carpenter and Mary Ellen Glass that the current balance in the Rousseau income account and the future annual earnings of the endowment be used to support the Oral History Project, UNR Library. Details for the proposal are filed with the permanent minutes. President Miller recommended approval of the proposal and Chancellor Humphrey concurred.

Motion by Dr. Lombardi, seconded by Mr. Seeliger, carried without dissent that the proposal for the use of the Rousseau funds be approved as presented.
A. President Miller reported that bids were opened on

August 20 for 207 items of open-end office supplies.

He noted that bids were received on 193 items and no

bids on 14 items.

President Miller recommended award of 6-month open-end

contracts to the above bidders on those items for which

they submitted the low bid.

Motion by Mr. Seeliger, seconded by Mr. Jacobsen, car-

ried without dissent that the above recommendation be
approved.

B. President Miller reported that bids were opened on

August 21 for 10 tons of calf feeder for Ladino Dairy Facility. A single bid of $1020 was received from

Albers, Inc., Reno, and funds are available from Agricultural Experiment Station Sales account. (Less than

$5000; no action required.)

C. President Miller reported that bids were opened on

August 26 for vacuum cleaners and floor cleaning supplies. Bids were received from 7 bidders and the low

bidder in each category as was follows:

Colberg Supply, San Francisco

(10 vacuum cleaners) $ 702.41

Monarch Foods, Reno

(10 drums, floor wax) 1,012.00

Inland Chemical Company, Reno

(18 drums, cleaner) 1,416.49

West Chemical Products, Sacramento

(10 drums, floor finish) 985.05

Total $4,115.95
President Miller noted that bids were also received from City Janitorial, Madison Chemical, and Blake Moffit and Towne. (Less than $5000; no action required.)

D. President Miller reported that a public auction was held in Fallon August 27 for the sale of 2 residences located at Newlands Field Laboratory. He noted that the highest oral bid received was from Mr. Charles York of Fallon and was for $1500 for both buildings. President Miller stated that Dean Bohmont and Business Manager Pine recommended acceptance of the bid and he concurred.

Mr. Grant moved that the above recommendation be approved. Motion seconded by Mr. Ronzone.

Mr. Jacobsen expressed concern that no information was available on why the residences were being sold or whether there was more than one oral bid received. He moved to table action until the October meeting. Motion seconded by Mrs. Knudtsen, carried with the following roll call vote:
Yes - Regents Bilbray, Hug, Jacobsen, Knudtsen, Seeliger

No - Regents Grant, Lombardi, Ronzone, White

Absent - Regents Anderson and Bell

25. Report of Mail Ballot

President Miller reported that 10 affirmative responses have been received to the mail ballot of August 18 requesting approval of certain purchases in excess of $5000 (copy of mail ballot filed with permanent minutes).

President Miller recommended confirmation of the votes cast by mail. Chancellor Humphrey concurred.

Motion by Mr. Seeliger, seconded by Mr. Bilbray, carried without dissent that the results of the mail ballot of August 18 be approved.

26. Progress Report on Capital Improvement Projects

Progress reports from the UNR Business Manager and from the State Planning Board were distributed for information.
Chancellor Humphrey reported that the Elko Community College Advisory Board has recommended a revision to its 1969-70 Work Program (revision filed with permanent minutes). He noted that the effect of this amendment is to place an additional $5000 of non-appropriated revenue in the Contingency Reserve where it will be available for transfer to expenditure accounts as needed.

Chancellor Humphrey recommended approval.

Motion by Mr. Bilbray, seconded by Mr. Jacobsen, carried without dissent that the revision to the Work Program be approved as recommended.

28. Status Report on Elko Community College

Chancellor Humphrey reported as follows:

Elko Community College has been granted correspondent status by the Northwest Association of Secondary and Higher Schools, Commission on Higher Schools. This status will be recognized until December 1969, at which
time the Commission will consider an extension of this recognition based upon a progress report to be filed by November 1, 1969. Full accreditation will be sought in 1971 after the first degrees have been awarded. Dr. J. F. Bemis, Executive Director of the Commission on Higher Education, made certain recommendations concerning library and outside consultation which are being explored.

Presidents Zorn and Miller, after review with appropriate faculty, have specified that Elko Community College will be given a B listing in the categories developed by the American Association of Collegiate Registrars and Admission Officers. This would mean the ECC credits would be accepted at UNR and UNLV after the student had completed 15 credits in residence at UNR or UNLV with at least a C average. When ECC is fully accredited, credits will be transferable without restriction, subject only to established University policy as specified in the catalogs. (See President Miller's memo of July 28, 1969, attached.)

The Elko Community College Advisory Board, meeting July 15, 1969, in conjunction with representatives of
the Board of Regents and the State Board of Education, adopted the following proposal:

Burnell Larson drafted a proposal to be made to the Board of Regents as follows:

It is recommended that students otherwise not acceptable to the University of Nevada, who have successfully, or with a C average, passed ECC transfer courses totaling less than 15 semester hours, be permitted to admit to the regular University System or as special students in the University System.

Procedure: The procedure, if authorized, should be accomplished by considering each case individually, and only in the event that the student transfers due to circumstances beyond the control of the student.

It was the opinion of some, that the recommendation should be more specific - that all credits earned should be transferable, or none. Mr. Larson agreed that in this case, he would delete the procedure
from his proposal.

Motion by Mr. Marfisi, seconded by Mr. Schultz and carried without dissent, that Mr. Larson's proposal be accepted as stated.

The intent of this action is understood to be a request that a student who is not otherwise admissible to UNR or UNLV become eligible for admission after having completed one or more courses at ECC with a C average.

Existing policy would allow a student 21 years of age or older or a high school graduate to: (1) attend UNR as a nondegree student and register for a maximum of 6 semester credits; or (2) attend UNLV as a special student and register for a maximum of 8 semester credits.

By means of a copy of this memorandum, this request from the Elko Community College Advisory Board is being referred by Presidents Zorn and Miller for their recommendations and comments.

Chancellor Humphrey stated that a report concerning the resolution of this matter would be presented to the Board
in October.

29. Consultant for Elko Community College

Chancellor Humphrey reported that Dr. James F. Bemis, Executive Director, Commission on Higher Schools, Northwest Association of Secondary and Higher Schools, visited Elko Community College in July and recommended that it be recognized as a correspondent until December 1969, and that a progress report be filed November 15, 1969. Included in Dr. Bemis' comments was a recommendation that a consultant be retained to advise the College and the System during the accreditation period. He suggested that a Community College Administrator who was familiar with the accrediting process would be most helpful.

Chancellor Humphrey stated that he had negotiated with Dr. James L. Taylor, President of the College of Southern Idaho, a Community College in Twin Falls, Idaho, to provide this consultation. He estimated that necessary consultation during the 1969-70 academic year will cost approximately $2000 based on a fee of $125 per day plus mileage and per diem. However, he said, the money is not available within the Elko Community College 1969-70
budget. He recommended that an Independent Contractor Agreement be approved for Dr. Taylor and that $2000 be made available by transfer from the Board of Regents Special Projects Fund to pay for his services.

Motion by Mr. Bilbray, seconded by Mr. Seeliger, carried without dissent that the above recommendation be approved.

The meeting adjourned for lunch, followed by an Executive Session. The regular meeting reconvened at 3:10 P.M.

30. Admissions Procedures for Paroled Convicts

Chancellor Humphrey recalled that in September 1966 the Board of Regents approved specific procedures for the admission of paroled convicts and of students with psychiatric problems (filed with permanent minutes). He noted that Dr. Anderson, while serving as Chairman, had suggested that it would be appropriate for this matter to be discussed again by the Board. Accordingly, review by both Campus officers and their staffs was requested. Chancellor Humphrey requested the Presidents to comment on the policy statement which had been developed.
President Zorn stated that the policy statement reported in the agenda had been developed jointly by Dr. Jack Shirley, Mr. Dallas Norton and Vice President Baepler. Both President Zorn and President Miller endorsed the policy statement as follows and recommended its adoption to replace that policy adopted in 1966. Chancellor Humphrey concurred.

A. PURPOSE: To determine the capability of an applicant with a criminal record or psychiatric problem to benefit from University attendance and whether such attendance would in any way endanger a member of the University community.

B. POLICY: Admission of applicants with criminal records, psychiatric problems, or for special cases as determined by the Dean of Students.

1. A screening committee appointed by the Dean of Students shall review each applicant's file and make a recommendation to the Director of Admissions for final action.

   a) The screening committee shall be authorized
to establish procedural guidelines subject
to the approval of the President.

b) The composition of the screening committees
and the background information required will
vary with the type of case being considered.

2. Action taken by the Director of Admissions is final,
subject to appeal to the President.

3. After enrollment, a student admitted under this
policy shall be responsible to an official appoint-
ed by the screening committee. This official will
work with the appropriate parole officers, psy-
chiatrists and the medical and health services,
with total regard to the well-being of the individ-
ual.

4. The University reserves the right to request the
withdrawal of any student whose continuance is
considered detrimental to his or her health or
the health of others, or whose conduct is unsatis-
factory.
Motion by Mr. Bilbray, seconded by Dr. Lombardi, carried without dissent that the policy statement be approved as recommended.

31. Air Conditioning Computer Facility

Chancellor Humphrey submitted the following request from Mr. Niels H. Anderson, Director of the Computing Center:

The physical environment of the SDS Sigma 7 computer located in the Water Resources building has been suspected as contributing to irregular performance of the computer. Therefore, an analysis of the electric power input to the building and air conditioning of the computer room has been made by SDS engineers. This analysis revealed the need for a line-flow stabilizing device for the electric power and increased air conditioning capability. The SDS Corporation intends to install at their expense a motor generator to correct power fluctuations. This installation is reported to cost about $30,000.

The air conditioning requirement stated briefly is as follows: The room in which the computer is located
receives its air conditioning by diverting the air
flow from the air conditioning system which serves
the entire building. The present system which sup-
ports the computer room is capable of providing ap-
proximately 5 tons of temperature controlled air
conditioning. Present installed computer equipment
generates sufficient heat to require approximately
13 1/2 tons of air conditioning.

In February 1968 the SDS Corporation advised the
University that temperature in the computer room
should center at 70 degrees farenheit plus or minus
3 degrees, and humidity should be held at 50% plus
or minus 5% variation. Actual readings from temper-
ature-humidity recording devices are logging tem-
peratures from 60 degrees to 80 degrees and humidity
from 20% to 60%. It is the conclusion of both Uni-
versity officials and SDS engineering representatives
that air conditioning within recommended tolerances
must be provided for reliable computer performance.
Accordingly, the University Business Office estimated
the cost to install a 15 ton air conditioning system
which will provide temperature and humidity control
within recommended limits. This estimate came to
It is recommended that $12,300 be granted to the Business Manager, UNR, and he be authorized to initiate action to correct air conditioning deficiencies in the computer room, Water Resources building.

Mr. Humphrey noted that budgeted monies are not available for this purpose and requested authorization to use the following unrestricted endowment income accounts:

<table>
<thead>
<tr>
<th>Account Number</th>
<th>Description</th>
<th>Amount</th>
</tr>
</thead>
<tbody>
<tr>
<td>51-7001</td>
<td>Miscellaneous Endowment Income</td>
<td>$ 941.65</td>
</tr>
<tr>
<td>51-7002</td>
<td>Dimmitt Endowment Income</td>
<td>4,090.46</td>
</tr>
<tr>
<td>51-7004</td>
<td>Ellicott Endowment Income</td>
<td>3,009.30</td>
</tr>
<tr>
<td>51-7003</td>
<td>Daniels Endowment Income</td>
<td>943.54</td>
</tr>
<tr>
<td>51-7005</td>
<td>Christensen Endowment Income</td>
<td>2,799.07</td>
</tr>
<tr>
<td><strong>Total</strong></td>
<td></td>
<td><strong>$11,784.02</strong></td>
</tr>
</tbody>
</table>

Mr. Humphrey further recommended that the remaining $515.98 required be transferred from the Farrington Gift Fund (51-4090), an unrestricted gift account which currently has a balance of $3,368.06.

Motion by Mr. Jacobsen, seconded by Mr. Bilbray, carried
without dissent that the above recommendation be approved.

32. Estate of Alan Ladd Johnston

Chancellor Humphrey noted that, as had been previously reported, the will of Alan Ladd Johnston, deceased, provides that the University of Nevada, Reno, shall receive 1/3 of the estate to establish the Alan Ladd Johnston Scholarship Fund for needy and deserving students. The will has been admitted to probate and the estate is appraised at the amount of $1,675,927.81. Included in the assets are stocks in 4 closely-held corporations, as follows:

<table>
<thead>
<tr>
<th># Shares</th>
<th>Stocks</th>
<th>Appraised Value</th>
</tr>
</thead>
<tbody>
<tr>
<td>436</td>
<td>The Chevy Chase Land Co.</td>
<td>$138,450</td>
</tr>
<tr>
<td></td>
<td>@ $325.00 per share</td>
<td></td>
</tr>
<tr>
<td>6851 23/27</td>
<td>Columbia Channel Gold Mining Co.</td>
<td>5,550</td>
</tr>
<tr>

<td>The Newlands Co.</td>
<td>6,072</td>
</tr>
<tr>
<td></td>
<td>@ $11.00 per share</td>
<td></td>
</tr>
</tbody>
</table>
Mr. Humphrey noted that also included in the assets is a 1/44 interest as tenant in common in the Call building, 74 New Montgomery Street, San Francisco. This interest is appraised at $67,235.

Mr. Humphrey further noted that the co-executors of this estate (First National Bank of Nevada and A. N. Cohen, Esq. of San Francisco) had contacted him requesting the University's reaction to the possible sale of these assets, at their appraised value, to the other shareholders or other tenants in common.

Mr. Humphrey stated that he believed the best way to evaluate such a proposition would be to assume that these assets were in the investment folio of the Endowment Fund and to determine whether or not it would be advisable to retain these assets or to convert them, at their appraised value, to cash and reinvest the cash in securities of similar quality to those usually held by the Endowment Fund. He noted that he had discussed the matter with the two
public members of the Investment Advisory Committee and, based upon this review, recommended that the Regents agree to the sale of the assets at not less than their appraised value.

Motion by Mr. Grant, seconded by Mrs. Knudtsen, carried without dissent that the Chancellor's recommendation be approved.

33. Amendment to By-Laws

Chancellor Humphrey noted that in July the Board approved on first reading a proposed revision to its By-Laws. This revision concerns procedures for the creation of certain administrative positions and the filling of vacancies occurring in these positions. The proposed revision reads as follows:

1. Amend Article VI, Section 1, as follows:

   The Chancellor of the University of Nevada System shall be appointed by the Board of Regents as prescribed by law, and he shall serve at the pleasure of the Board.
Whenever a vacancy occurs in the position of Chancellor, a faculty-student committee shall be established to assist the Board in the recruitment and screening of candidates. The committee shall proportionately represent the faculty of each Division of the System; provided, however, that no Division shall have less than one member nor more than four members. The faculty members shall be selected under procedures established by the respective Faculty Senates. The Student Body Presidents of each instructional Division shall be ex-officio members of the committee. The committees will present a slate of unranked candidates to the Board and the committee shall meet with the Board in executive session to discuss the proposed candidates. The Division officers shall also meet with the Board of Regents on this matter and give the Board the benefit of their advice.

2. Amend Article VI, Section 3e, as follows:

e. To nominate for the approval of the Board of Regents the President of the University of Nevada, Reno, the President of University of Nevada, Las Vegas, the Director of the Desert Research Institute, the Di-
rector of the Community College Division, any officer designated as a Vice Chancellor and such other officers and professional staff as shall report directly to the Chancellor. The Chancellor shall, in making a nomination to the Board for President, UNR, President, UNLV, Director, DRI or Director, Community College Division consult with the faculty of the Division involved. The Chancellor shall in making a nomination for a Vice Chancellor or other officer with line responsibilities, consult with all the faculties of the University System. The Chancellor has no obligation to consult with faculty concerning his nominations for staff officers. "Consultation" shall involve the use of a faculty or faculty-student recruitment and screening committee and faculty members shall be selected under procedures established by the respective Faculty Senates. Student Body Presidents shall be ex-officio members of recruitment and screening committees for Presidents. Recruitment and screening committees for Vice Chancellors or other line officers whose responsibilities include more than one Division, shall proportionately represent the faculty of the Division
affected; provided, however, that no Division shall have less than one member nor more than four members. Committees shall present an unranked slate of candidates through the Chancellor to the Board of Regents. The committee shall meet with the Board and the Chancellor in executive session to discuss the proposed candidates. Final decision is to rest with the Board of Regents.

3. Amend Article VI, Section 6, as follows:

Section 6, The Presidents of the University of Nevada, Reno and University of Nevada, Las Vegas shall have the following responsibilities and duties for their institutions:

C. To appoint all officers and employees of their units provided that the Board of Regents shall approve appointment of persons responsible directly to a President, of all Deans and Directors and of persons to tenure. The President shall, in making a nomination to the Board of Regents for a Dean or Director consult with the faculty. The President has no obligation to consult with
faculty concerning his nomination for staff officers or non-academic line positions. "Consultation" shall involve the use of a faculty-student recruitment and screening committee and faculty members shall be selected under procedures established by the Faculty Senate for positions of a University-wide nature. For administrative positions relating to a single administrative unit the recruitment and screening committee shall be selected by the President after discussion with and participation by the faculty of that unit. An appropriate student representative shall be a member of these committees. Committees shall present an unranked slate of candidates through the President to the Board of Regents. The committee shall meet with the Board of Regents, the President and the Chancellor, in executive session to discuss the proposed candidates. Final decision is to rest with the Board of Regents.

4. Add Section 7 as follows:

Section 7. Whenever the Chancellor, a President or a Division Director wishes to establish a new position
of the level of a Vice Chancellor, President, Vice
President, Dean or Director which has significant im-
pact on the teaching or research responsibilities of
the University or Division involved, he shall consult
with the Faculty Senate or Senates in a meaningful
manner. The establishment of staff positions or non-
academic line positions is not involved by this regu-
lation.

5. Add Section 8 as follows:

Section 8. The Director of the Desert Research Insti-
tute and the Director of the Community College Divi-
sion shall follow the procedure outlined for Presidents
in Section 6C and Section 7 of Article VI, modified
only to the extent that those officers' responsibility
for personnel might differ from the Presidents of UNR
and UNLV.

Mr. Humphrey recommended final approval.

Motion by Mr. Jacobsen, seconded by Mr. Bilbray, carried
without dissent that the revision to the By-Laws be ap-
proved.
Motion by Mr. Seeliger, seconded by Mrs. Knudtsen, carried without dissent that the By-Laws be further amended to add to the second paragraph of Article VI, Section 1, as amended above, the following sentence: "Final decision is to rest with the Board of Regents." Final action will be requested at the November meeting.

34. Report of the Investment Advisory Committee Meeting of July 11, 1969

Dr. Lombardi presented the minutes of the July 11 meeting of the Investment Advisory Committee, as follows:

The Committee met at 12 noon in the Hardy Room, Jot Travis Student Union, UNR.

Present were: Committee members, Dr. Louis Lombardi Chairman, Mrs. Molly Knudtsen, Mr. Tom Bell, Dr. Fred M. Anderson, Mr. Albert Seeliger; Public members J. Bergen; Consultant Dr. Robert C. Weems, Jr.; Bank representatives E. Thayer Bigelow and Walter Bradley. Also attending were Mr. Procter Hug, Jr. and Chancellor Neil D. Humphrey.
A letter dated July 7, 1969 from the First National Bank of Nevada to Mr. Humphrey with an offer to purchase the University's 1/4 interest in the Clay-Peters building at 130 North Virginia Street was discussed. It was agreed that the University's interest should not be sold at this time.

Mr. Bradley distributed a two page document titled "Investment Policy" dated June 11, 1969. It was noted that this was the document distributed to the Bank's Investment Advisory Committee and was presented here for informational purposes only.

Mr. Humphrey was requested to investigate whether or not there is a restriction on the two shares of American Broadcasting Co. stock in the Agency Account. (Note: This has been done and it is reported here for information purposes that this stock was a part of the Anine Bloch Christensen Endowment and there are no restrictions.)

In Mr. Bradley's memorandum of July 3, 1969 enclosing the Portfolio Investment Review he stated that a re-
duction of liquidity at this time is not recommended.

However, he did recommend that the Committee replace
the $50,000 Federal Land Bank bonds maturing July 15,
1969 with Southwest Bell Telephone 8% bonds or equiv-
alent, which are AAA. No exception was taken to the
recommendation.

It was agreed that Mr. Bradley would distribute a
list of recommended purchases to all members of the
Committee and upon receipt of the recommendation,
each member would telephone his vote to Mr. Bradley.
It was agreed that 500 shares of Atlantic-Richfield
would be purchased for approximately $50,000.

The Committee agreed to sell: (1) 1020 shares of
Purex Corp., Ltd., (2) 300 shares of Kerr-Mc Gee
stock and convertible bonds, (3) 100 shares of Du Pont
and 300 shares of Union Carbide, and (4) 1500 shares
of Union-Camp Corp.

Dr. Weems suggested looking into the possible change of
White Motor Co. stock for convertible bonds in White
Motor Co. It was agreed that Mr. Bradley will investi-
gate this and report at the next meeting of the Commit-
Meeting adjourned at 1:30 P.M.

Submitted by Neil D. Humphrey,
Chancellor and Secretary
Investment Advisory Committee

Motion by Dr. Lombardi, seconded by Mr. Grant, carried
without dissent that the actions of the Investment
Advisory Committee be confirmed.

35. Report of the Development Committee Meeting of September 5,
1969

Mr. Seeliger reported that the Development Committee met on
Friday, September 5, 1969, to hear reports from the two
Presidents and their respective Directors of Development,
Mr. Raymond Germain, UNLV, and Mr. R. Borden Reams, UNR,
concerning fund raising activities presently being pursued.
In addition to a general report on fund raising efforts,
both officers reported on their activities with the alumni
associations.
1. The Committee reviewed a proposal that the existing Special Education program within the College of Education, UNLV be given Departmental status.

Upon motion by Mr. Grant, seconded by Mr. Ronzone, the Committee voted to recommend that this proposal be presented to the Board of Regents for a first reading at the September 6 meeting with the objective of a second reading and action at the October meeting, with a recommendation of approval.

2. In accordance with the plan of action adopted by the Committee of the Whole at its first meeting on July 11, a report was presented by Mr. Don Jessup, Institutional Studies Officer, on the direct and indirect costs of instruction by Department, Col-
lege, University and System. In addition to a
document reflecting the cost per student credit,
the cost per FTE, and the cost per adjusted student
credit by level of instruction for 1968-69, Mr.
Jessup also presented graphic illustrations of
pertinent information contained in the document.

Several suggestions were made by those present for
modifications or additions to the document which
is intended for revision and publication on a con-
tinuing basis. The information contained therein
will be used in a variety of ways in the prepara-
tion of the 1971-73 budget request.

The next step will be to present these same cost
figures based on the 1969-70 budget following the
Fall enrollment.

Motion by Mr. Grant, seconded by Mr. Ronzone, carried with-
out dissent that the report of the Committee of the Whole
be accepted and further moved that the recommendation of
the Committee concerning the establishment of a new De-
partment of Special Education within the College of Educa-
tion, UNLV, be approved on first reading and resubmitted
at the October meeting for final action.

The meeting adjourned at 3:20 P.M.

09-06-1969
