Mr. Mc Bride moved approval of the Consent Agenda. Motion seconded by Mrs. Gallagher, carried without dissent.

Regent Fong indicated her concern that the new professional personnel listings included in the Information Agenda included very very few minorities. She added, however, that one person listed as "white" (Elisabeth Small) should have been identified as "Asian".

President Crowley asked that his trip to China on February 1-14, 1982, be added to the Information Agenda.

3. Board of Regents Bylaws

A Special Committee of Regents, under the Chairmanship of Mr. Mc Bride, was appointed to review and update the Board of Regents Bylaws. Mr. Mc Bride reported on the work of the Committee and distributed a proposed revision which will be
included on the February agenda as an action item.

Mr. Buchanan referred to Section 12 of Article VII, concerning Repeal or Recision, and suggested that the time for notice of intention to request such action be set at 3 working days, rather than the 10 suggested, and that the Section not preclude such action on an emergency basis if deemed necessary.

The Budget Committee met on Friday, January 22, 1982, and Regent Del Papa presented the following report and recommendations:

This position, which will be filled immediately, will be housed in the Chancellor's Office and will report to the Chancellor.

Mrs. Gallagher moved approval of the Budget Committee report and recommendations. Motion seconded by Mr. Ross, carried without dissent.

5. Increase in Value of Grants-in-Aid

Board policy currently provides for a grant-in-aid of a specified portion of the total per-credit-hour fee to be made available as a condition of employment for profession-
al staff and their dependents and for graduate assistants.

The current dollar value of these grants-in-aid is limited
to $11 per credit at UNR and UNLV and $8.50 per credit at
the 4 Community Colleges, while the per credit fee is $28
and $16 respectively.

The Presidents and Chancellor Bersi recommended that this
policy be amended to provide that such grants-in-aid be
equivalent to that portion of the per-credit fee allocated
to the general fund for an undergraduate student register-
ing for 7 credits or more at UNR and UNLV, and an amount
equivalent to that credited to the general fund for all
students at the Community Colleges to be effective with the
Spring semester of 1982. The change would provide a $15 per
credit grant-in-aid for UNR and UNLV and an $11.50 per
credit grant-in-aid for the Community Colleges, and in the
future the dollar value will increase as the portion of the
fee allocated to the general fund increases.

Mrs. Whitley moved approval of this change in policy. Mo-
tion seconded by Mrs. Gallagher, carried without dissent.

6. Calendar for Board Actions
Chancellor Bersi presented the calendar for Board actions which had been previously requested. (Calendar identified as Ref. B and filed with permanent minutes.)

7. Professional Salary Schedules for 1982-83

Chancellor Bersi recalled that the 1981 Legislature provided for an 8% salary increase for UNS professional employees. In providing for this increase, the Legislature appropriated funds to the Legislative Interim Finance Committee, to be released to the University under certain conditions. Those conditions having been met to the satisfaction of the Interim Finance Committee, the funds have been released. Dr. Bersi noted that since this is a separate appropriation for the purpose of professional salary increases, it must by law be used for that purpose.

Chancellor Bersi reported that the UNS Compensation Committee has recommended that the 8% be distributed by a 5% increase to all incumbent faculty performing satisfactorily or better, with the distribution to be accomplished by an adjustment in the salary schedule. The Committee recommended that the remaining 3% be distributed to incumbent faculty in a manner to be determined by each unit in consultation
with its Faculty Senate, for use as across-the-Board per-
centage increases, across-the-board step increases, merit,
promotion and equity adjustments.

The Presidents and the Chancellor endorsed the Committee's
recommendation that 5% be distributed to all incumbent
faculty performing satisfactorily or better, with the dis-
tribution to be accomplished by an adjustment in the salary
schedule. The resulting salary schedules for UNR and UNLV
and for the Community Colleges were included with the agenda
(identified as Ref. C and filed with permanent minutes).
The Officers further recommended that the remaining 3% be
used for merit, equity or other adjustment at the dis-
cretion of each President after due consideration with
appropriate professional staff.

In response to Mr. Mc Bride's concern that everyone would
be receiving a 5% salary increase, regardless of level of
performance, it was pointed out that the proposal states
that "a 5% increase will be awarded to incumbent faculty
performing satisfactorily or better", and that the Presi-
dents do have the discretion to withhold this increase for
unsatisfactory performance.
Mrs. Fong moved that the recommendation of the Officers be approved. Motion seconded by Mr. Karamanos, carried without dissent.

8. Amendment, UNS Code

President Murino recalled that at the October, 1981 meeting, a revision was submitted by DRI and that the revision had subsequently been referred to the various Faculty Senates for review, with consideration by the Board to occur at the expiration of two months. (Amendment identified as Ref. D and filed with permanent minutes.)

Chancellor Bersi reported that no negative responses had been received and recommended approval.

Ms. Del Papa moved approval of the amendment. Motion seconded by Mrs. Gallagher, carried without dissent.

9. Changes in Fee Policy for Division of Continuing Education

President Crowley recommended the following changes in fees charged through the Division of Continuing Education:
Correspondence Courses

The fee is currently $28 per credit. Enrollments in these courses have risen gradually over the years, but the program is not economically self sustaining. This is attributable principally to the significantly increased classified costs associated with the program. During the last fiscal year, the program ran a deficit of approximately $4000.

Staff costs will increase another 8% beginning in January, 1982.

The recommendation is to change the fee to $31 per credit retroactive to January 1, 1982 and to $35 effective July 1, 1982.

Off-Campus Courses

The recommendation is to increase the per credit fee for these courses from $28 to $31, to accommodate rising program costs and to keep the fee parallel with that charged for on-campus courses. The increase would be effective Fall semester, 1982.
Summer Session and Refund Policy

In order to be consistent with the changes in the basic University policy recently approved by the Board, it is recommended that a 50% refund of registration fees may be authorized to students officially dropping courses or withdrawing from the University during the first 20% of each Summer term or intensive course. Thereafter, no refund would be made.

Mr. Mc Bride moved that the changes be approved. Motion seconded by Ms. Del Papa, carried without dissent.

10. Summer Session Fees and Estimative Budget

President Crowley requested that the per credit fee for the 1982 Summer Session be increased from $33 to $35 and that salaries for Summer Session faculty be increased by 5%. The following Estimative Budget incorporates these changes:

ESTIMATIVE BUDGET - SUMMER SESSION 1982
I. Opening Cash Balance $ 50,000

II. Revenue

A. Student Fee Income 489,680
B. Refunds 5,000-
C. Net Income $534,680

Ms. Del Papa moved approval of the increase in fees and salaries and the Estimative Budget as presented. Motion seconded by Mrs. Whitley, carried without dissent.

11. UNLV Summer Session Fees

President Goodall presented a request to raise the per credit hour fee for Summer Session by $3, to a level of $33 per credit hour, to be effective with the 1982 Summer Ses-
Chairman Cashell announced that items dealing with the Thomas-Mack Center and the Change of Policy for Mildred P. Cotner and Kenneth M. and Mary Alice de Vos Scholarships had been deferred at the request of President Goodall.

12. Consideration of UNLV Degree Proposals

President Goodall and Vice President Nitzschke presented proposals for a Master of Science in Accounting, Phase II; Master of Science in Hotel Administration, Phase II; and a Phase I for a Bachelor of Liberal Studies (copies of proposals in Chancellor's Office).

Mr. Mc Bride moved approval of the 3 degree program proposals as submitted. Motion seconded by Mrs. Gallagher, carried without dissent.

13. Progress Report on KUNV Radio Station

President Goodall introduced Mr. John Wennstrom, KUNV Radio Station Manager, who presented a report on the status of the station. In his report, Mr. Wennstrom included the informa-
tion that bids for construction of the radio station had
been opened and had been some $20,000 under the estimated
cost, that the station had signed on the air on April 23,
1981 and had received its license from the Federal Communi-
cations Commission some two weeks later.

14. Sub-Lease for Art Museum

President Goodall recalled that last year the Board approved
a lease of UNLV land to the Allied Arts Council of Southern
Nevada for the construction of an Art Museum. In order to
facilitate the legal creation of the Museum, a sub-group,
the Nevada Museum of Fine Arts, has been created and the
Allied Arts Council wishes to sub-lease land to this group
for the Museum.

Mrs. Fong moved approval of this sub-lease. Motion seconded
by Mr. Karamanos, carried without dissent.

15. Mandatory Retirement

General Counsel Klasic stated that as a result of the Nevada
Supreme Court decision on Oakley v. Board of Regents, the
Board's policy on mandatory retirement is no longer enforce-
able. He proposed that the University of Nevada System Code be amended to accommodate this Court action.

Chancellor Bersi recommended that the Board rescind its policy on mandatory retirement and instruct that all University documents be conformed to reflect the rescission of this policy.

Ms. Del Papa moved approval of the recommendation and called for the appointment of a System task force to address the problem of retirement which would also include performance standards and to report back in June. Motion seconded by Mr. Mc Bride, carried without dissent.

16. Amendment to Regulations for Tuition Charges

General Counsel Klasic reviewed the Regulations for Tuition Changes, noting that current policy requires that to be considered a resident for purposes of tuition, an applicant must have resided in the State of Nevada for at least six months prior to the date of matriculation. "Date of Matriculation" is defined as the first day of instruction in the semester or term in which enrollment first occurs. Because of a unique set of problems with respect to admission to
the School of Medicine, applicants are required to have been residents of the State of Nevada for at least six months prior to the last day for filing application, which is November 1st of the year prior to the year that a student proposes to enter into Medical School. Mr. Klasic stated that the policy has been challenged as being contrary to NRS 396.540; however, even though he does not believe it to be in conflict, he recommended that the Regulations, as contained in Title 4, Chapter 21 of the Board of Regents Handbook be amended as follows:

(1) Change title to read "Regulations for Determining Residency".

(2) Amend Section 2(5) by adding the following language:

5. The term "date of matriculation" is the date of the first day of instruction in the semester or term in which enrollment first occurs, except that for a student at the University of Nevada School of Medicine, the "date of matriculation" shall be the date that notice is sent that the student has been admitted to the University of Nevada School of Medicine.
(3) Amend Section 4 by adding the following new paragraph:

An applicant for admission to the University of Nevada School of Medicine who has been a bona fide resident of the State of Nevada for at least six (6) months prior to the last day for filing an application for admission to the School shall be classified as a Nevada resident for the purposes of being considered for admission to the University of Nevada School of Medicine.

Mr. Mc Bride moved for approval of the amendment to be effective immediately. Motion seconded by Mrs. Gallagher, carried without dissent.

17. Redefinition of Collective Bargaining Unit

Mr. Mc Bride recalled that two principal proposals had recently been considered for UNS negotiating units for collective bargaining purposes:

(1) That the 4 Community Colleges, now defined as a single unit, be defined as 4 separate units; and
(2) That all units now described in the policy be combined into a single negotiating unit for collective bargaining purposes.

Mr. Mc Bride moved that option 2, that there be a single negotiating unit for collective bargaining purposes, be adopted. Motion seconded by Mrs. Gallagher, carried without dissent.

President Crowley expressed concern regarding this item, stating that he did not believe sufficient notice had been given to enable the institutions to be adequately prepared to discuss this topic. Regents Mc Bride and Karamanos stated that the matter had been under discussion for several years and did not see any reason for additional delay.

In response to a request from Chairman Cashell, Chancellor Bersi agreed to put this matter on the agenda for the next Presidents Council meeting.

18. Request to Sell Property

President Crowley requested authorization to offer for sale
a parcel of property recently donated by Dr. and Mrs. Frank Stokes of Sparks. Dr. Stokes had requested that the property be sold and that 1/3 of the proceeds be transmitted to the Nevada Council, Boy Scouts of America, for use in the establishment of the Gold Lake Scout Camp. The remaining 2/3 will be retained by the University for use as the Dr. Frank C. Stokes Scholarship Endowment. Dr. Crowley also requested authority for the payment of a real estate commission if necessary in order to insure prompt disposal of the property.

Ms. Del Papa moved approval of the request. Motion seconded by Mrs. Gallagher, carried without dissent.

19. New Business

(1) Ms. Del Papa discussed the matter of Distinguished Nevadan Awards, indicating that she believed their recognition tended to get lost in the graduation ceremonies. She requested the Chancellor's Office to consider planning an additional event for those persons so honored and report back to the Board at the next meeting.
(2) Ms. Del Papa requested a study by the Chancellor's Office, in conjunction with the institutions, regarding student financial aid, including student aid, scholarships, student employment, loans, etc. The study should determine what changes in policies, procedures and objectives need to be implemented to assist the Universities and Community Colleges in dealing with the impending reductions in aid and should be brought back to the Board at the April meeting.

The meeting adjourned at 12:55 P.M.
