(11) The Board of Regents adopted the original TIAA-CREF Retirement Plan for the UNS Professional Employees a number of years ago and during this time there have been several amendments. The TIAA-CREF plan, containing all amendments, will now become a part of the
package for new hires who choose this retirement plan.

See Ref. C-12, filed in the Regents Office.

(12) Approved the organizational plan for CCCC as outlined in Ref. C-13, filed with the permanent minutes.

(13) Approved the following extensions for leave without pay at UNR:

A. Approved an extension of leave without pay for Professor Ron Bailey of the Department of Recreation and Physical Education. Professor Bailey has been granted a year of leave without pay from the University for the academic year 1983-84. He has requested that his leave be extended through 1984-85 so that he may continue work on his Ed. D. in Recreation at the University of Utah.

B. Approved an extension of leave without pay for Professor Nicki Eoff of the Department of Recreation and Physical Education. Professor Eoff has been granted a year of leave without pay from the University for the academic year 1983-84. She has requested that her leave be extended through Fall
semester 1984 so that she can complete the re-
quirements for her Ph. D. degree at Arizona State
University.

Mrs. Fong moved for adoption of the Consent Agenda. Mrs.
Sheerin seconded. Motion carried.

2. Report on Investment Committee

On October 27, 1983, the Board appointed an Investment Com-
mittee to select and work with a consulting firm to review
the method currently in use for the UNS Endowment Pool.
Subsequently, the firm of Cambridge and Associates was
hired and has been meeting with the Committee. Development
Director Edna Brigham introduced Mr. Matt Lincoln of Cam-
bridge and Associates and Dr. Peter Bing of the University
of Nevada's Medical School Advisory Board.

Edna S. Brigham, Chairman of the ad hoc Investment Commit-
tee, reported that as a result of the dissatisfaction which
the Regents expressed with the investment performance of
the endowment pool at their September meeting, she was asked
to conduct a study of the investment guidelines and proce-
dures. She further reported that she came to the October
meeting with recommendations (1) that the Regents appoint
an ad hoc investment planning committee and (2) that Cam­
bridge Associates be employed to work with the Investment
Committee to review and revise the investment guidelines
and objectives, to draft a request for proposal to be sent
to all present money managers and to various other manage-
ment firms to manage the endowed pool in accordance with the
newly drafted guidelines and objectives, and to provide the
necessary data to permit the Investment Committee to make
an objective selection of a manager or managers to be pre-
sented to the Regents for their consideration.

Mrs. Brigham reported that the minutes of the October meet-
ing reflected that Regent Fong moved approval of these
recommendations, that Regent Gallagher seconded the motion,
and that the motion carried.

Subsequently, Chairman Mc Bride appointed to the Investment
Committee Regents June Whitley and Dan Klaich, then Vice
Chancellor for Finance Mark Dawson, System Controller Janet
Mac Donald and Peter S. Bing, M. D., public member with Mrs.
Brigham as Chair. The charge to this Committee was that its
only objective be the determination of the best possible
management system for the University endowed pool, and that
such determination be made without political judgements or considerations.

Throughout the study, the Investment Committee worked with Cambridge Associates, a firm that provides investment and financial research and consulting services to privately endowed Universities and other nonprofit institutions throughout the country. Its clients represent over 1/2 of the educational endowment assets listed by NACUBO.

The firm does not itself manage funds nor does it have clients who do; its only clients are the University and nonprofit institutions whom it advises. It does not receive any fee, gratuity or remuneration of any kind from any of the managers whom they might recommend to any of their clients.

Mr. Mathew Lincoln of Cambridge Associates presented to the Regents the Investment Planning Committee Planning Committee recommendations which included the proposed statement of investment objectives and policies, the nominal and inflation-adjusted market value of the endowment, the expected real investment returns given various asset allocation ratios, the profiles of the investment management candid-
dates, the list of candidates responding to the request for proposal, the selection criteria, the proposed questionnaire, the profiles of managers recommended by the Investment Committee and the recommended asset allocation.

Dr. Peter S. Bing expressed the optimistic view that with the potential for growth in the State of Nevada, it is inevitable that the endowment will multiply many times in the years ahead, and that it is, therefore, imperative that the University have in place a system for managing these funds and mechanisms for answering the many questions that come with gifts to a University.

Mrs. Brigham asked for approval of the proposed Statement of Investment Objectives and Policies as contained in Ref. B, and filed with the permanent minutes, and that in addition, the Board allow the Investment Committee to insert specific directions to each recommended manager. She also asked that the Board accept the Investment Planning Committee's recommendation to employ Sanford C. Berstein & Co., Inc., a value oriented manager, to manage approximately $12,000,000 of the present endowed pool, First Interstate Investment Advisers of Nevada, Inc., a market timing oriented manager, to manage approximately $5,000,000 of the
present endowed pool, and Treynor-Arbit Associates, an
opportunistically oriented manager to manager approximately
$5,000,000 of the present endowed pool.

Mr. Klaich, the appointed liaison on the investment project,
explained that while Mrs. Brigham had made the above recom-
mendations on distribution of the endowment pool, that it
must be understood that certain donors would make bequests
to be used for specific programs and/or to be used in a
specific manner, and that these wishes would be strictly
adhered to and would not be added to this pool.

Further, he explained that the Committee had chose 1) a
value oriented manager who would invest at a better than
average rate of return, which will be the bulk of the pool
(Sanford C. Berstein & Co.); 2) a timer (First Interstate
Investment Advisers) to be certain the investments don't
get caught at the bottom rate of return; and 3) a firm
that aims at those investments yielding a high rate of
return (Treynor-Arbit Associates). With this mix, the
Committee feels the UNS endowment pool will be managed to
the maximum return for the System.

In addition, he directed the Board to study the documents
(Ref. B) which outline how the gift incomes were spent.

The investment guidelines are guaranteed to provide maximum dollars with the pool and still have it grow at maximum rates. It will be necessary for this Board to continue fund raising efforts to increase this fund. Regent Klaich stated that in continuing in this responsible manner, this Board can be extremely proud of its responsible contribution to the System for future generations and will not be criticized for the same type of fiscal irresponsibility as has been suffered from prior Boards.

It was also pointed out that annual reports will be made to the Board and that if adjustments are necessary to these policies they can be made in a responsible manner to endure maximum benefit.

The Investment Committee will review those sections in the Bylaws which speak to the managing of endowments, and, if necessary, will bring forth any needed changes to incorporate into them these new procedures.

Ms. Del Papa moved to accept the report with the proviso that the same Investment Committee continue until replaced by a permanent Committee. Mr. Klaich seconded.
Because Mrs. Whitley had expressed a desire to be present for this particular item, the vote was delayed until she arrived later in the meeting.

Upon roll call vote, the motion carried.

Yes - Regents Del Papa, Kenney, Klaich, Sheerin, Whitley, Mc Bride

No - Regents Fong, Karamanos

Abstain - Regent Gallagher

3. Approved the Reconsideration of the Capital Improvement Plan for 1985-89

At the February, 1984 meeting the Board adopted a Capital Improvement Plan in two phases, one for all Campuses and a second containing the request for a new engineering building at UNLV. It was requested that the Board incorporate these two into a single plan which is filed in the permanent minutes as Ref. O.

Mrs. Gallagher moved approval of the consolidated Capital Improvement Plan for 1985-89. Mrs. Fong seconded. Motion

Mrs. Fong moved approval of the UNS administrative salaries.

Mrs. Sheerin seconded. Motion carried.

Mr. Klaich commended the endeavors of Dean Bert Munson,
deceased, at both TMCC and UNR.
Uns Controller, Jan Mac Donald, introduced newly appointed Internal Audit Director, Sandy Cardinal. Ms. Mac Donald reported on the following completed internal audits, Ref. C, filed in the permanent minutes.

A. Western Nevada Community College Financial Statements for the Year Ended June 30, 1983

B. Western Nevada Community College Audit of Office of Admissions and Records - Fall, 1983

C. University of Nevada, Reno, Internal Audit Report Office of Admissions and Records - Fall, 1983

D. Truckee Meadows Community College Internal Audit Report Office of Admissions and Records - Fall, 1983

E. System Computing Center Internal Audit Report - Fall, 1983

Mr. Klaich questioned the Internal Audit Report for the
Office of Admissions and Records at UNR. Ms. Mac Donald responded by informing Mr. Klaich that the problems with which the Office of Admissions and Records is faced will be a priority when the MIS comes on line.

He also questioned the report on the System Computing Center security and requested a written report be submitted to the Board on these security problems.

Mrs. Sheerin requested a response to the Kafoury Armstrong report submitted at the last meeting and was informed that the Presidents will be reporting at a meeting in the near future.

11. Approved Resolutions

Vice Chancellor Ron Sparks requested approval of the following resolutions:

RESOLUTION #84-4

WHEREAS, the University of Nevada Controller's Office invests the surplus operating cash of the University of Nevada System; and
WHEREAS, the float in UNS bank accounts is invested but it is costly to maintain sufficient investment flexi-

bility to guarantee cash demands which are not consist-
tently predictable or controllable: and

WHEREAS, a line of credit with the UNS bank, Nevada National Bank, will provide the UNS with the flexibility required for an effective cash management program; and

WHEREAS, the line of credit will be used only to cover very short term aberrations in UNS cash demands; and

WHEREAS, the Vice Chancellor for Finance is authorized to enter into a $500,000 line of credit agreement with Nevada National Bank; NOW THEREFORE BE IT RESOLVED, that the Board of Regents of the University of Nevada System authorizes the establishment of a Line of Credit with Nevada National Bank for the purpose of pro-

viding investment flexibility in its cash management program.

RESOLUTION #84-5
WHEREAS, the Chancellor is the Chief Executive Officer and Treasurer of the University of Nevada System; and

WHEREAS, in the Chancellor's performance of the Treasurer's duties, bank accounts must be established as necessary for the University of Nevada System to conduct its business; and

WHEREAS, the Board of Regents of the University of Nevada System authorizes the Chancellor to establish as necessary for conducting business, imprest zero balance checking accounts for the institutional accounting offices and business center payroll accounts at the same bank where the Board of Regents general account is maintained; and

WHEREAS, the Board of Regents of the University of Nevada System authorizes the Chancellor to designate the staff members authorized to sign checks for disbursement of funds from institutional or business center imprest zero balance checking accounts; NOW THEREFORE BE IT

RESOLVED, that the Chancellor establish imprest zero
balance checking accounts and designate signature au-

thority for all such University of Nevada System ac-

counts at the same bank as the Board of Regents general

account.

Chairman Mc Bride relinquished the gavel to Vice Chairman Dorothy

Gallagher.

Mr. Klaich moved approval of the resolutions until such time

as the System again goes to bid for these services. Ms. Del

Papa seconded. Motion carried. Mrs. Gallagher abstained.

Chairman Mc Bride returned and resumed the gavel.

(It was at this point that Mrs. Whitley entered the meeting and,

after a brief discussion, the roll call vote for Item 3 above

was taken.)

12. Approved Phase I, A. A. S. Degree, Geotechnical Science,

    NNCC

    Approved the Phase I proposal for an A. A. S. Degree in

    Geotechnical Science at Northern Nevada Community College.

    See Ref. D, filed in the Regents Office.
This program will prepare students for technical careers in the mining industry in exploration, development and mining. As Northeastern Nevada is today the leading gold producer in the country, NNCC will be able to serve its constituencies by providing trained students for employment in this industry. A recent survey had indicated a need of from 8-10 graduates per year.

In the first year of implementation, it is expected 5 FTE students will enroll in the program, increasing to 12 FTE by the 4th year. Additional students may take these courses without declaring a Geotechnical Science major.

The first year budget total is $37,500, which includes one faculty and one lab assistant. Dean Charles Greenhaw reported that NNCC would not be requesting the $12,000 for the initial equipment as previously requested. Estimated 4th year allocation is $34,350. Existing funds will support the program, except for the initial equipment request.

This program has a proposed date of initiation of Fall, 1984 and will provide needed graduates in the mining field who will be prepared to work with mining engineers, surveyors,
drillers, assayers and geologists.

3 new courses will be offered, in addition to regular science and math offerings.

This degree does not duplicate other programs within the System. However, because of specific requirements and specialization in the 2nd year, students transferring into a B. S. program in Geological Science would most likely enter as a Sophomore.

The Academic Affairs Council and Vice Chancellor Fox concurred in recommending approval of the Phase I proposal.

Mrs. Gallagher moved approval of Phase I, A. A. S. Degree, Geotechnical Science at NNCC. Ms. Del Papa seconded.

Motion carried.

13. Approved Phase I, Bachelor of Fine Arts in Theatre, UNR

Approved the Phase I proposal for a B. F. A. Degree in Theatre. See Ref. E, filed in the Regents Office.

This program will offer a pre-professional degree, which is
an alternative to the current Bachelor of Arts degree in
Speech and Theatre and will provide a more rigorous and
specialized program oriented toward career preparation.

The recent UNR Comprehensive Program Review has designated
Theatre as a Center for Excellence, and this proposed al-
ternative undergraduate degree will significantly strengthen
this program.

The program will be selective, in that only highly qualified
students will be admitted. 1st year enrollment is estimated
at 4 FTE, increasing to 15 FTE by the 4th year.

The proposal does not require additional funding for imple-
mentation, as faculty and facilities are already in place.

The proposed date of initiation is Fall, 1985.

Offering a degree with a more professional orientation
should improve employment opportunities for graduates. In
addition, the overall Theatre curriculum would be enhanced,
which would in turn strengthen the existing B. A. in Speech
and Theatre.

Currently, UNLV offers a B. A. in Theatre Arts, but no
B. F. A. is offered. The Academic Affairs Council has determined that because of the specialization and limited size of this proposed program, the Phase I should be approved.

No articulation problems are anticipated with other programs in the University of Nevada System. Vice Chancellor Fox and Dr. Thomas Prewitt from UNLV's Theatre Arts Department recommended approval.

Ms. Del Papa moved approval of the Phase I, Bachelor of Fine Arts in Theatre at UNR. Mrs. Gallagher seconded. Motion carried.

14. Approved the Request to Interim Finance Committee, DRI

Approved to present a request to the Interim Finance Committee for $45,000 per year for 1983-84 and 1984-85 for maintenance of equipment used in the Atmospheric Sciences Center weather program. This equipment, much of which was purchased with State funds, is used for specific information on weather conditions, water supply forecasts and snow and avalanche conditions in the Northern Sierra area. See Ref. F, filed in the Regents Office.
Mrs. Whitley moved approval to present a request to the Interim Finance Committee. Mrs. Fong seconded. Motion carried.

15. Approved the Sale of Property, DRI

Approved the sale of two adjacent parcels of land totaling 60 acres in San Bernardino County, which was acquired by gift for the benefit of the Desert Research Institute.

An adjacent property owner, J. S. Morrill, has offered to purchase this land at full appraised value, $60,000, per a University obtained appraisal dated February 17, 1984.

There being no institutional use of this property planned in the foreseeable future, Deputy Chancellor Dawson recommended approval. General Counsel Klasic having reviewed the proposed terms, had no legal objection to the transaction.

Ms. Del Papa moved approval to sell DRI's 60 acres of land in San Bernardino County. Mrs. Gallagher seconded. Motion carried.
16. Approved the Staff Development Proposal, CCCC

CCCC approved the staff development proposed entitled
"Computer Literacy for Computer Competency: A High Tech
Staff Development Proposal" as contained in Ref. G, filed
in the Regents Office.

Deputy Chancellor Dawson recommended approval with the com-
ment that should this prove successful it could be used as
a model for other Campuses.

Mr. Mc Bride commended CCCC on their innovation in estab-
lishing this program.

Mrs. Whitley moved approval of the Staff Development Pro-
posal, CCCC. Mrs. Kenney seconded. Motion carried.

17. Approved to Spend Federal Funds for Equipment, UNR

Authorized the use of federal funds to purchase new equip-
ment for the Agriculture Experiment Station as described in
Ref. H, filed in the Regents Office. The use of these funds
would augment the Agriculture Experiment station spending
plan and requires approval not only of the Regents, but the
Mr. Klaich moved approval to spend federal funds for equipment, UNR. Mrs. Fong seconded. Motion carried.

18. Approved the Exchange of Land Deeds, UNR

Approved an exchange of deeds for right-of-way which will allow the straightening of a section of roadway (Kimlick Lane), which is the only access road to the University Dairy.

This is a joint project between the College of Agriculture, UNR, City of Reno and the County of Washoe to straighten out Kimlick Lane by removing 4 hazardous curves. The University is deeding a portion of right-of-way to the county and the county is signing a quit-claim deed to the University for the abandoned roadway and right-of-way. The City of Reno will provide all the design and construction work for the new road.

Kimlock Lane is the only access road to the University Dairy, the eastern side of the Main Station Field Lab and
the Reno-Sparks Joint Wastewater Treatment facility. Large
trucks have had difficulty negotiating the hazardous curves
during inclement weather. This property exchange will bene-
fit all parties.

Mrs. Gallagher moved approval of the exchange of land deeds
by UNR, City of Reno and Washoe County. Mrs. Fong seconded.

Motion carried.

NRS 396-540 provides for tuition waivers to "students from
other states and foreign countries, not to exceed a number
equal to 3% of the total matriculated enrollment of students
for the past preceding Fall semester." Board policy pro-
vides for similar grants-in-aid for the same number of stu-
dents for the payment of in-state registration fees.

Based on enrollment figures for Fall, 1983, the officers
requested the following allocation of grants-in-aid for

Mr. Klaich requested a report from UNLV regarding foreign students.

Ms. Del Papa moved approval of the allocation of grants-in-aid for 1984-85 with the exception that the term "Indians" be changed in the Handbook to "Native Americans". Mr. Klaich seconded. Motion carried.

20. Personnel Session

Upon motion by Mrs. Fong, seconded by Ms. Del Papa, the Board moved to a closed personnel session for the purpose of discussing personnel of the University of Nevada System.

The Chairman reconvened the Board in public session at 1:45 P.M.
All Regents present with the exception of Mrs. Whitley.

Dr. Allen Mori introduced UNLV's newly elected Faculty Senate Chair, Dr. Myrlene La Mancuso.

Mr. Michael Hardie, WNCC Faculty Senate Chair, reported on the AACJC Conference held in Washington, D. C., March 31, 1984.

21. Approved the Distribution for Professional Salary Increase,

UNS

The 1983 Legislature provided a trigger mechanism for salary increases effective July 1, 1984, if state funds become available.

Deputy Chancellor Dawson proposed that the Board of Regents adopt a policy granting across-the-board increases for 1984-85 to all UNS professional employees, except for those salaries which will be retained at the 1983-84 level by the President of each institution. The increase would be equal to the percentage increase provided by the trigger mechanism.

Mrs. Gallagher moved approval of the distribution for Pro-
fessional Salary Increases, UNS. Ms. Del Papa seconded.

Motion carried.

22. Approved Institution Bylaws

In February, 1983 the Board adopted Resolution #83-2 which required that each institution review its Bylaws in conformity with the UNS Code, which was also adopted at that time.

In May, 1983 the Resolution was amended to allow the Campuses ample time for the revision process to be accomplished, with the deadline for presentation for Board consideration at this meeting. The revised Bylaws for NNCC were adopted by the Board in December, 1983.

The following institutions have submitted their Bylaws for Board consideration:

A. President Meacham submitted the CCCC Bylaws (see Ref. I), filed in the Regents Office. He stated that there is still a need for some fine tuning with the Bylaws and he had informed CCCC faculty that the Board is willing to reconsider some portion of the Code. The Board agreed that once all institution Bylaws are submitted and approved, that conversation would begin on
those areas Campuses found were unworkable.

Mr. Klaich moved approval of CCCC Bylaws. Mrs. Gallagher seconded. Motion carried.

B. Dean Michelle Dondero submitted the WNCC Bylaws, filed in the Regents Office. Mr. Hardie commended Dean Dondero and Mr. Don Belfi for the compromises made in the Bylaws. Mr. Klaich and Mrs. Gallagher also commended WNCC on the cooperation among the staff in completing their Bylaws.

Mrs. Gallagher moved approval of WNCC Bylaws. Mrs. Kenney seconded. Motion carried.

C. Mrs. Rita Gubanich submitted the TMCC Bylaws, Ref. J, filed in the Regents Office. Faculty Senate Chair Mary Ann Lambert stated that she hoped the Board would again look at certain sections of the Code.

Mrs. Gallagher moved approval of TMCC Bylaws. Mrs. Kenney seconded. Motion carried.

D. Acting President Kocmond submitted the DRI Bylaws, Ref.
K, filed in the Regents Office. General Counsel Klasic has reviewed the proposed DRI Bylaws and recommended their approval by the Board of Regents with the 3 corrections stated in the attached memorandum of March 8, 1984 (see Ref. L, filed in the Regents Office).

Mr. Klaich moved approval of DRI Bylaws. Ms. Del Papa seconded. Motion carried.

E. Chancellor Bersi submitted the Unit Bylaws, Ref. M, filed in the Regents Office.

Mr. Klaich moved approval of the Unit Bylaws. Ms. Del Papa seconded. Motion carried.

23. Approved Student Association Bylaws

In June, 1983 Student Officers were requested to review Bylaws and/or Constitutions and to present for adoption needed changes to conform with accountability requirements.

It was determined that the Bylaws and/or Constitutions for student governments at CCCC and TMCC would need no revision.
Approved the WNCC United Student Association Constitution as contained in Ref. N, filed in the Regents Office.

Mrs. Gallagher moved approval of WNCC United Student Association Constitution. Ms. Del Papa seconded. Motion carried.

Mrs. Gallagher directed the Presidents to instruct their Colleges and Department Bylaws to adhere to the institutional Bylaws and the Code.

ASUN and CSUN were instructed to submit their Bylaws and/or Constitutions to the General Counsel for review and then submission to the Board for approval. Mr. Bill Siegel announced that ASUN Bylaws should be forthcoming at the May meeting.

24. Report of 5-Year Plans for Athletics, UNR and UNLV

At the Regents meeting of January 12, 1984, at the request of the ad hoc Committees on Athletics, President Goodall and President Crowley presented reports on the implementation of Regents Athletic policies adopted in May, 1983. They were further requested to present to the Board of Regents 5-Year Plans for Athletics.
A. President Crowley, in submitting this report to the Board, stated that the Intercollegiate Athletics Committee had prepared this first 5-Year Plan (a copy of which is filed in the Regents Office), that there will be refinements made and reported to the Board from time to time, that they had considered the ASUN stand on student fee increases as submitted by President Bill Siegel, and that his recommendation at this time is for the Board to accept the report, but not the recommendations as contained therein.

President Crowley reported that ASUN President Bill Siegel's correspondence regarding student fee increases has been taken into consideration.

President Crowley then highlighted issues under the 3 report categories of "Men's and Women's Sports", "Academics" and "Financial Summary".

Chairman Mc Bride requested that there be options presented to the Board on funding, to which President Crowley replied that the Athletic Board was asked to do this, but they felt that it was not their responsi-
bility. It was agreed that Vice President Dhingra will submit this report to the Board at the May meeting.

Mrs. Sheerin stated she felt there was a lack of academic progress listed in the report, emphasized the need for the position of an Advisement Coordinator for the athletes, that there also should be a requirement for athletes to take part in the regular orientation programs now being administered for all students, that the recruitment process should be addressed in this report, and suggested that the System not go to the Legislature with a request for athletic grants-in-aid unless the System can graduate these athletes.

President Crowley replied that in the past there had been problems with academics and athletics; however, since his administration, one of the commitments he made was to resolve these problems. He informed the Board that UNR was the first College in the country to require that athletes make substantial educational progress toward achieving their degrees and that these priorities are within the existing budget. In regard to the Academic Advisor, President Crowley stated that funding for this position should fall under the Vice
President of Academic affairs and not Athletics and is currently being considered by staff.

Chairman Mc Bride requested that both UNR and UNLV submit a report containing the percentage of all athletic graduates from their respective institutions, with Mr. Siegel suggesting that these reports only reflect those students who are receiving scholarships.

Mr. Klaich requested a more definite commitment to Women's Sports to which President Crowley stated that there may soon be a law passed that will encompass Women's Sports.

Chairman Mc Bride relinquished the gavel to Vice Chairman Dorothy Gallagher.

B. President Goodall submitted UNLV's 5-Year Plan, stating that the community people who help in the recruiting of athletes will be given the guidelines in order for them to relay the correct information regarding the future of their athletic program. In regard to fund raising, President Goodall suggested the need for a new Boosters' Club, reminding the Board that at this time, fund rais-
ing is directed by the Vice President, and there is a
need for a more specific direction in this area.

Chairman Mc Bride returned and resumed the gavel.

Mrs. Sheerin requested an update on the structural
problems at the Silver Bowl facilities. Chairman Mc
Bride informed her that the Silver Bowl's lease is for
only this next year, at the end of which the Convention
Authority will resume the lease; therefore, he advised
that monies not be directed for the improvements at the
Silver Bowl.

Mrs. Fong questioned the current deficit in the Athletic
Department. President Goodall informed her that at
least 1/3 and possibly more will be recovered this year.
He felt very confident that the Thomas and Mack Center
will be in the black this year.

Mrs. Fong moved to accept the 5-Year Plans for Athletics
at UNR and UNLV. Mrs. Gallagher seconded. Motion
carried.

25. Emergency Item Regarding Honorary Degree, UNLV
President Goodall requested an emergency item regarding an additional recipient of an honorary degree at UNLV.

Mrs. Gallagher moved approval. Ms. Del Papa seconded.
Motion carried.

President Goodall requested that an honorary degree be presented to Madame Anwar Sadat with presentations to be made at Commencement at UNLV in May, 1984.

Ms. Del Papa moved approval. Mrs. Gallagher seconded.
Motion carried.

The meeting recessed at 3:30 P.M. and reconvened on Friday, April 6, 1984 at 9:00 A.M. in a continuation of the Personnel Session, with the regular meeting reconvening at 9:30 A.M. All Regents were present with the exception of Mr. Karamanos and Mrs. Whitley.

26. Report of UNLV Presidential Search Committee

Ms. Del Papa, Chair of the ad hoc Committee on the UNLV Presidential Search, reported that there were approximately
130 applications. She stated that the Committee hoped to be able to recommend to the Board a candidate at the May or June meeting.

27. Report of Regents Bylaws Committee

Ms. Del Papa, Chair, reported there have been recommendations to the Regents Bylaws and that they will be submitted to the Board for approval at the June meeting.

28. Legislative Workshop

A. Mrs. Sheerin submitted a report and recommendations to the Board from the Joint Council on College Preparation, which was referred to the Academic Affairs Council for review, with resubmission to the Board at the June meeting for their consideration. Chairman Mc Bride appointed Mrs. Sheerin as the Regent member to the Academic Affairs Council for these discussions.

Chairman Mc Bride commended the Joint Council on College Preparation for their endeavors, stating this is the first time that the State Board of Education and the Board of Regents have formally addressed common issues.
Mrs. Sheerin informed the Board that this report, when finalized, will be sent to all high school faculty, school board members, school superintendents, Campus faculty and to the parents upon request. The Council will be developing a student handbook which will be distributed to the high schools and 8th graders in order for them to begin to outline their high school programs.

Dean Richard Kunkel, UNLV, and a member of the Joint Council, stated that this Council was most valuable, and suggested that these two Boards should also look into other areas such as Vocational Education and Teacher Education. He informed the Board that this joint council concept is now being explored by other states.

B. Vice Chancellor Fox reported that the Academic Affairs Council will be studying the System Admission Standards and will report back to the Board. Chairman Mc Bride requested that the Academic Affairs Council be charged with the formulation of recommendations concerning admissions policies in UNS and it was further noted that Mrs. Sheerin was appointed by Chairman Mc Bride as the liaison to the Academic Affairs Council. The Academic
Affairs Council will request input from the Campuses by the end of the semester at which time they will review recommendations of the Joint Council which call for increased course requirements for admission.

C. Vice Chancellor Fox reported on the progress made in the standardization of student placement in English courses within the System. Following several meetings of the Academic Affairs Council and sub-committees representing the Universities and the Community Colleges Systemwide, standards have been proposed.

Statement on English Placement

University of Nevada System

Placement in English 101 in the University of Nevada System will be based upon an ACT English score of 17 (17-24), or an equivalent SAT Verbal score of 400-599, TSWE score of 38-56 or equivalent criteria through formal assessment of students.

Test Scores to be Used

ACT	SAT
Mrs. Fong moved approval of the English Placement test scores. Mrs. Kenney seconded. Motion carried.

The Board commended Vice Chancellor Fox for this achievement and recommended that he report to the Governor and to the Governor's Commission on Education the new standards on student placement in English as adopted above.

D. Dr. Karen Kunkle presented the System Transfer Guide to the Board.

E. Vice Chancellor Fox submitted to the Board a report entitled "Preliminary Estimates of Developmental Remedial System Study", filed in the Regents Office. He reported
to the Board on the status of a study being completed by
his office on Developmental and Remedial courses within
the System. In comparing 1980 and 1982 expenditure
estimates at the Community Colleges, it was found that
federal support for Adult Basic Education (ABE) and
English as a Second Language (ESL) have decreased from
43% to 30% of funds expended and that the State support-
ed effort for developmental courses has increased from
57% to 80%. Vice Chancellor Fox noted that this item
should receive further study as it could demonstrate an
increasing financial burden on the Community Colleges.

For UNLV and UNR, preliminary estimates show that as a
percentage of total enrollment, enrollment in remedial
English courses ranges from 1.3% to 2.7%. Remedial
courses are only offered in the subject matter of Eng-

lish, English A at UNLV, and English 1 at UNR. As
placement in remedial English courses has now become
standardized at UNR and UNLV, equivalent enrollment
can most likely be expected in the future. He noted
that the developmental remedial study would be com-
pleted at the end of the semester and that a full report
to the Board will be submitted at that time.
Mr. Klaich moved approval to accept the report of the Joint Council. Mrs. Fong seconded. Motion carried.

29. Chairman's Report

Chairman Mc Bride reported that the Board facilities at the Thomas and Mack Center are being used on a temporary basis and further that there were no monies to be expended on furnishing the room. This issue will be placed on the May agenda for further discussion.

30. New Business

A. General Counsel Klasic reported to the Board that the procedures regarding the Francis Estate as discussed in former meetings, and which concern a bequest to UNLV have been completed. Safeguards have been put in place so that the bequest will be used for the benefit of Robert Francis, son of the deceased.

B. Suggested item for future Regent meetings were recommended as follows:

Compensation Committee Report
Joint Meeting of the State Board of Education and
Board of Regents

Legislative list from Presidents to be submitted

Outside forces to be used at the Legislature on behalf of UNS

Coordination of Systemwide efforts at the Legislature

C. Ms. Del Papa requested a policy be devised regarding the construction of new Campus buildings. To be included in this policy should be a timetable of when the buildings will come on line, regular procedures to be used in consulting potential users of the buildings at the right time, and that the Physical Plant personnel help to implement such policies. Chairman Mc Bride instructed the Chancellor's Office to establish this policy with the State Public Works Board.

The meeting adjourned at 12:07 P.M.
