WHEREAS, the Board of Regents has determined that the reduction of the student/faculty ratio in developmental programs be a priority;

NOW, THEREFORE, BE IT RESOLVED, that the Board of Regents, through the Community College Campuses, will continue to provide access and opportunities for Nevada
citizens to receive education in the basic skills to reduce adult illiteracy.

Mr. Val Garner, Coordinator of Communications and Fine Arts at CCCC, explained the need for adult illiteracy to be addressed by the Board of Regents. Among many citations he indicated that 23 million people in our nation are functionally illiterate.

Mrs. Kenney moved for approval of the resolution on adult illiteracy. Mrs. Sheerin seconded. Motion carried.

Vice Chancellor Fox and Karen Steinberg, Institutional Research Coordinator, presented the Annualized System Enrollment Report for 1985-86, as contained in Ref. B, filed with the permanent minutes. Enrollments are at an all time high of 46,497 students.

Mrs. Steinberg noted that all high school seniors in Nevada will be surveyed in order to provide information on their post secondary plans which should aid future planning for UNS.
In answer to a question, Mr. Steinberg explained that the nursing enrollment figures have fluctuated Systemwide over the last 5 years. Generally those fluctuations have mirrored System enrollment trends in general. These enrollments will be watched closely in the future to determine other trends.

Vice Chancellor Sparks indicated the projection made for budget purposes was off only by 98 students Systemwide, and explained the minor effects this had on the budget.

Mrs. Gallagher moved for approval of the Annualized Enrollment Report for 1985-86. Mrs. Kenney seconded. Motion carried.

7. Approved a Resolution on Tax Reform Act

Approved the following resolution:

RESOLUTION #86-3

WHEREAS, the Tax Reform Act of 1985 (H. R. 3838) proposed by the U. S. House of Representatives includes provisions that would alter TIAA-CREF’s tax-exempt status, thereby reducing pension benefits by up to 12%; and,

WHEREAS, the proposed legislation would reduce maximum contributions to elective tax-deferred annuities, restrict withdrawals and impose an additional tax on certain cash withdrawals before age 59 1/2; and,

WHEREAS, the proposed legislation threatens to eliminate early retirement programs; and,
WHEREAS, the Senate Finance Committee's version of the tax reform measure includes a provision restricting elective contributions to tax-deferred annuities, withdrawal restrictions and penalties; and,

WHEREAS, these proposed measures would not only have a burdensome financial impact on the majority of University of Nevada System professional employees, who are in TIAA-CREF, but also would create inequities because Nevada's PERS contributors and other public employees would continue to be enrolled in a tax-exempt pension plan;

NOW, THEREFORE, BE IT RESOLVED, that the University of Nevada Board of Regents opposes those portions of the Tax Reform Act set forth above and asks that tax-exempt status for TIAA-CREF participants be continued. The Board of Regents favors maintaining the existing level of tax-deferred pension savings, as well as allowing University professionals to continue to take advantage of tax-sheltered annuities as they are currently constituted.
Mr. Karmanos moved for approval of the resolution on the Tax Reform Act. Mrs. Whitley seconded.

Mr. Foley opposed the original wording of the resolution, stating he felt it implied the Board was not in favor of tax reform.

Mr. Karmanos moved to approved the resolution as amended above. Mrs. Whitley seconded. Motion carried.

8. Approved to Refinance UNS Bonds

Mr. Paul Howarth of Burrows, Smith and Co., UNS financial consultant, made a presentation concerning the desirability of refinancing certain Student Revenue Bonds at UNR and UNLV. Mr. Howarth introduced Dennis Chacca, E. F. Hutton; Lewis
Berg, Paine Webber; John Armstrong, Merrill Lynch; and Jim Watter, Jones/Jones.

A detailed explanation of the refinancing will be given prior to Board consideration of the item at the June meeting.

President Crowley stated that the money earned will be placed in the Capital Improvement accounts at UNR and President Maxson stated that at UNLV it will be used for maintenance, expansion, etc. of capital improvements. It will not affect the Campus priorities, but will give UNR and UNLV much needed flexibility for improvements.

Ms. Del Papa moved for approval to continue the process for refinancing of UNS bonds, and directed the Chancellor's staff to work with the financial advisors to submit a final proposal in June with the anticipation that the savings would be a minimum of $1.3 million. Mrs. Sparks seconded. Motion carried.

Mr. Chacca of E. F. Hutton requested that the Chancellor's staff and the Bond Counsel work together to develop a formal agreement for presentation to the Board in June. The actual
savings will be determined.

Deputy Chancellor Dawson explained the timeframe for this procedure which included meeting immediately with the Counsel to prepare legal documents by the end of the 1st week; finalizing the issue during the 2nd and 3rd weeks; on June 9 the securities will be offered to the public; and on June 12 in-depth documents will be submitted to the Board for consideration.

There was a discussion on establishing a location for the new Allied Health Center. UNS has a 7-year lease from the BLM on a piece of property located on West Charleston. Ms. Del Papa pointed out that the Allied Health Center at CCCC is 15th on the Capital Improvement list. She suggested obtaining private funding in constructing this proposed facility. Mrs. Sheerin was concerned about the location being established separately from the main Campus and questioned whether students would have access to a library, registration, bookstore, etc. President Meacham requested this issue be discussed in detail at a later time.

Dr. Herman Van Betten, Director, presented the long-range development plan for the Henderson Campus. The final presentation was for a Student Activities Center at the main Campus.
Chairman Klaich thanked Presidents Meacham and Maxson and their staffs on the Capital Improvement Program presentations.

A program director and a faculty committee selected from the Departments of Political Science, History, Economics, Foreign Languages and Literatures, and Journalism will be responsible for administering the program and developing policy.

The planned date of implementation is Fall, 1986.

There has been an increased interest in international affairs in recent years and increased student demand to offer such a degree program. Employment opportunities are available in multinational corporations, gov-
government, education and tourism. State and local tourism and economic development representatives also have expressed an interest in such a program.

Enrollment is anticipated to reach 40 majors by the 4th year of the program. No additional funds will be needed to implement this degree, as faculty and courses are already in place.

This program meets a demonstrated need in the teaching profession and is well designed. A large portion of the courses will be taken during the Summer and will require no State funding. The Board of Regents, based on these findings, has adopted new entrance requirements to the Universities beginning in the Fall, 1989, to help ensure this success.

The UNS Board of Regents supports and encourages the continuing interest by the State Board of Education in improving high school graduation requirements in order to make the Nevada educational experience one of high quality.

(2) At the June, 1985 Regents meeting, the Board appointed the UNS Academic Affairs Council and the UNS Business Officers, acting jointly, to review all equipment purchases listed in A. B. 469, which appropriated $12,640,926 to UNS. The Equipment Review Committee
established procedures to expedite the review process and received lists from each Campus of planned equipment purchases. A purchasing subcommittee also was established to assist the Committee. The Committee was charged with ensuring compatibility of equipment purchases as well as realizing maximum economy through pooled purchases whenever possible. An update was presented on the Committee's activities. Approximately 34% of the funds had been encumbered as of January 31, 1986.

An interim report will be made in late Summer to the Interim Finance Committee.

A small portion of this property was recently sold to the Nevada Department of Transportation for widening of the intersection. A 3,694 sq. ft. parcel, which wedges into the University's lot on the Pyramid Road property line, has been offered to the University by the owner for $1,000, or $.27 per sq. ft. The NDOT recently purchased a small portion of the adjoining lot for $2.30 per sq. ft. The acquisition of the lot would definitely enhance and improve UNR's property, which is currently on the market for sale. The Nevada Area Council of the Boy Scouts of America has agreed to share 1/3 of the cost, as it is a 1/3 recipient to the proceeds from any sale. See Ref. E, filed in the Regents Office.
