2. Chairman's Report

Chairman Whitley gave a progress report on tuition plans and indicated that UNS postponed any decision on this matter because it did not want to encounter problems associated with other State plans.

The Education Savings Plan of 1987 proposed by Senator Ted Kennedy (or an improved variation subsequently proposed by President Reagan in his State of the Union Address) could offset the need for Nevada to establish a separate plan.

The national proposals, if approved, would allow taxpayers
to invest in U. S. Savings Bonds tax-free, provided the
money is used for College tuition. This will encourage
early savings and would address concerns the Board has had
about making higher education affordable for future gener-
ations.

Mrs. Mary Lou Moser, Secretary of the Board, reported that
the annual conference for the Association of Governing
Boards will be held in Washington, D. C. on March 11-13,
1988. Chairman Whitley and Chancellor Dawson are scheduled
to attend the Seminar for Board Chairpersons and Chief
Executives of Public Higher Education, and Mrs. Moser is
serving on the Planning Committee for the Seminar for Pro-
fessional Staff/Board Secretaries. Chairman Whitley has
been requested to speak on the process of President/Chan-
cellor Searches, and Mrs. Moser has been requested to speak
on the Board Secretary as a career choice.

The Board of Regents established the Health Care Education
Task Force in June, 1987 to identify health care education
issues of Statewide concern. The task force, Chaired by
Vice Chancellor Warren Fox, is composed of representatives
of the 6 UNS teaching institutions, as well as Statewide health care representatives. (See Ref. D, filed in the Regents Office.)

A progress report on activities of the task force was presented, as well as recommendations concerning the articulation of nursing students within the System. A final report will be submitted to the Board in the Fall.

The Board requested the task force to re-evaluate the composition of the Health Care Education Task Force.

Dr. Fox described each of the various nursing articulation proposals and recommendations for articulation. Mrs. Whitley questioned the Presidents and the recommendation concerning additional discretionary monies for nursing programs, and it was determined that this recommendation could best be met at the individual Campus level because there are many competing needs at each Campus, and nursing is just one of the many requests.

There was a lengthy discussion on nursing accreditation. Resources for accrediting disciplines are determined by the Campus President, and discussion was held on whether or not
accreditation would enhance the nursing program with respect to articulation.

Several opinions were given by the Presidents. President Meacham supported the National League of Nursing (NLN) accreditation, saying CCCC already has it. President Gwaltney felt very strongly that NLN accreditation does not improve articulation, but, on the other hand, without Systemwide NLN accreditation transferring procedures may be difficult.

President Berg felt that the Northwest Accrediting Association and the State Board of Nursing regulations were satisfactory, but if the Board required NLN accreditation at NNCC, it would comply. President Calabro supported President Berg's remarks, and added that WNCC's graduates have had no problems obtaining employment.

Northwest accreditation does not accredit programs, but rather the quality of the institution. President Crowley stated that program accreditation tends to interfere with institutional planning. The process for program accreditation helps immensely because peers from out-of-state come in and advise which programs are good or which need improvement. He stated he feels that UNR should continue to address this nursing issue but that with this report there
has been tremendous progress, and UNR is willing to make adjustments.

The report indicated that nurses recommend NLN accreditation. Mrs. Sheerin expressed the hope that the Community Colleges would seek NLN accreditation. However, funding should be addressed. It was suggested that a request be made to the Legislature for funds. President Crowley emphasized that many other disciplines want resources to achieve accreditation and that it is expensive.

Discussion continued on page 81.

The meeting recessed and reconvened at 8:15 A.M., Friday, January 29, 1988, with all Regents present except Mrs. Kenney.

4. Personnel Session

Upon motion by Mrs. Sheerin, seconded by Mrs. Sparks, the Board moved to a closed personnel session for the purpose of discussing the character, alleged misconduct, professional competence or physical or mental health of a person in accordance with NRS 241.030.
Chairman Whitley relinquished the gavel to Vice Chairman Gallagher.

5. Chancellor’s Report

Chancellor Dawson reported that UNS Student Minority Outreach Task Force, formed to increase the number of minority students who attend UNS institutions, is holding meetings with representatives of Nevada minority groups. He indicated that final recommendations may be submitted to the Board in June.

CCCC expects to move into the new Las Vegas Health Sciences facility on West Charleston next Summer, and the School of Medicine programs will move in next Fall. CCCC and UNR have signed agreements concerning operation and administration of the new building.

5 candidates for the position of Executive Director of the UNS Computing Services are being interviewed and a final recommendation may be submitted to the Board in March.

The System Administration building is progressing on schedule.
The Community Colleges are completing a new salary schedule which outlines criteria upon which new hires and initial placement will occur. Also being explored is a point system designed to maintain equity among salaries on Campus.

President Taranik has been appointed to Chair a newly formed UNS Research Council which will make recommendations to the Chancellor on how to boost UNS research efforts. Members include the 2 University Presidents, their Academic Affairs Vice Presidents and Graduate School Deans. The Council's goals include acquiring major new Systemwide research programs, assisting in coordination of existing research programs at the System level, and making UNS more competitive nationally in research acquisitions.

6. Emergency Item: Request to Use Capital Improvement Fee Funds, NNCC

President Berg requested approval to consider an emergency item on the agenda to use Capital Improvement Fee Funds at NNCC.

Mr. Klaich moved to accept an emergency item concerning the
use of Capital Improvement Fee Funds at NNCC. Mr. Eardley seconded. Motion carried.

President Berg requested approval to use $20,000 from the Capital Improvement Fee Fund for cash flow purposes. NNCC is faced with an extraordinary charge by the Dupont Company for a course in statistical design for metallurgists. The cost will be recovered from registration fees and restored to the Capital Improvement Fee Fund.

Mr. Eardley moved approval of the utilization of $20,000 from the Capital Improvement Fee Fund at NNCC. Mrs. Sheerin seconded. Motion carried.

7. Approved the Appointment of Acting Vice President for Business Affairs, UNLV

Approved the appointment of Mr. Harold Scott as Acting Vice President for Business Affairs until a permanent replacement is named.

8. Approved to Name Area, NNCC

Approved naming the aspen grove located outside the Learning Resource Center, Mc Mullen Hall, the Fred Harris Grove in honor of the many contributions Mr. Harris has made to the College. This recommendation was first proposed by the Faculty Senate, and Faculty Senate Chairperson Patricia Crookham made acknowledgments concerning Mr. Harris, and introduced his daughter, Nancy Harris Mc Lelland.

Mr. Foley moved approval to name the aspen grove the Fred Harris Grove at NNCC. Mr. Karamanos seconded. Motion carried.

Chairman Whitley resumed the gavel.

If NLN accreditation is unobtainable by June 30, 1989, the institution will report to the Board and request an extension.
16. Discussion of Preliminary 1989-91 Biennial Budget

Parameters and Priorities

Vice Chancellor Sparks discussed the preliminary 1989-91
UNS Biennial Budget parameters and priorities.

In a plan designated to shore up the System's base budget
to accommodate for ever-increasing student growth and other
demands, the 1989-91 Biennial Budget Request will include
full funding of formulas previously adopted by an Interim
Legislative Committee established in 1985 to study Nevada's
system of funding higher education. The recommendations of
that Interim Committee, comprised of Nevada lawmakers, edu-
cators and citizens, were presented to the 1987 Session of
the Legislature, which funded a percentage of the formulas.

The 1989-91 budget approach seeks full funding of the formu-
las, to be phased in over the 2-year period. These formulas
would improve funding for support services, boost the number
of full-time faculty at Community Colleges, increase the
number of graduate assistants at Universities, tie library
book acquisitions to a formula, reduce student/faculty
ratios to levels enjoyed prior to 1981, and provide an on-
going budget to replace and maintain equipment.
Because the base budget would provide funds for a number of requests previously placed in the "enhancement budget", Mr. Sparks stated that enhancement requests would be prioritized under "requests for new funding" (no longer an enhancement budget) and would be reduced to several categories rather than a long list.

Mr. Sparks indicated that it is anticipated that salaries and increased funding for the merit system will be the number one priority and that beyond salaries, one larger category would include requests to improve research and development to aid the State's economic development and diversification efforts, a category to improve and modernize academic and administrative (student records) computing, and a category for new programs.

The Chancellor's Office has commissioned two national salary surveys, one comparing University faculty to counterparts nationwide, and the other comparing Community College faculty. Results will be used to develop a salary request this Spring for 1989-91.
Approved a change to the Handbook, Title 4, Chapter 8, Section 5, Subsection 1f(2), Guidelines for Implementation:

This shall not be interpreted as requiring a search even within the institution in order to fill POSITIONS BY INTERNAL INSTITUTIONAL PROMOTION, positions of academic Department Chairmen or positions of Directors in a Community college who serve in the same capacity as academic Chairman do in the Universities; nor shall it be interpreted as altering the 1971 agreement between the UNS and the U. S. Department of Agriculture relating to the Cooperative Extension Service.

The capitalized addition will clarify the policy on internal institutional promotions.

Mr. Karamanos moved approval of the Handbook change regarding Equal Employment Opportunity. Mr. Klaich seconded.

Motion carried.

18. Approved Guidelines, Presidential Performance Evaluations
Approved the policy for Presidential Performance Evaluations

as contained in Ref. E, filed with the permanent minutes.

After considerable discussion regarding the appraisal process, the following amendments were made to the policy found in Ref. E, Page 1 of 4:

II. THE APPRAISAL PROCESS

The performance of each College and University President will be appraised within the 1st year of his/her tenure and at least once every 4 years thereafter. The Board of Regents or the President may request a performance appraisal in intervals of less than 4 years.

The performance appraisal will be conducted by a committee of four: the Chancellor, a member of the Board of Regents designated by that body, and two persons with knowledge of and experience in higher education to be selected by the Board of Regents from a list prepared by the Chancellor, with input from the Council of Presidents to be appraised.

The Appraisal Committee will gather information for the
appraisal from pertinent Vice Presidents and Deans, all
Regents, and representative samples of administrative
and academic Department Heads, faculty, students, alumni
and community leaders.

In order to insure anonymity, this information may be
gathered through mailed surveys and will be tabulated,
collated and summarized for the Appraisal Committee's
use by an outside, professional agency. The results of
the surveys will be discussed at length with the App-
raisal Committee, and a general report will be prepared
for use by the Appraisal Committee in its appraisal re-
view session with the President.

Mr. Karamanos moved approval of the policy as amended for
Presidential Performance Evaluations. Mr. Klaich seconded.

Motion carried.

19. Approved UNS Estate Tax Fund Policies and Procedures and
Applications Guidelines

Approved the UNS Estate Tax Fund Policies and Procedures
and the accompanying Application Guidelines, as contained
in Ref. F, filed with the permanent minutes.
In September, 1987 Chancellor Dawson appointed a Systemwide Committee to draft policies and procedures for use of funds which will be generated by the federal estate tax rebate funds as they become available to UNS after 1989. Funds collected from date of passage of the statute through 1989 have been allocated by the Nevada State Legislature and are included in the UNS Biennial Budgets.

Beginning in 1989, the Regents' Committee authorized by the NRS will begin its deliberations.

These procedures will be placed in the Handbook, Title 4, Chapter 10.

After discussion regarding the reporting authority, the following amendment was made to the policy found in Ref. F, Page 6 or 9:

5. The Committee Chair will present Committee recommendations to the Board of Regents.

Mrs. Gallagher moved approval of the UNS Estate Tax Fund Policies and Procedures and Applications Guidelines as
amended. Mr. Klaich seconded. Motion carried.

It was noted that the institutions would bear the cost for its members who serve on the Committee.

20. Report and Recommendations of the Academic Affairs Committee

A report and recommendations of the Academic Affairs Committee meeting, held January 28, 1988, were made by Regent Joseph Foley, Chairman.

Note: The following new program proposal received prior approval to follow the Phase I, II process. This is the final proposal to be submitted in this format.

(1) Approved the Phase II Proposal for an M. F. A. in Art at UNLV, as contained in Ref. AA-1, filed in the Regents Office.

This program will build upon the B. A. and B. F. A. programs which are in place at UNLV. Admission to the program will require a minimum 3.0 grade point average and a Bachelor of Fine Arts degree or its equivalent. Prospective students also will be required to submit
a portfolio of creative work. Completion of 60 credits which include 30 credits in studio courses, will be re-
quired. As a specialized professional degree in studio art, general mastery of either 2-dimensional areas (painting, drawing, printmaking, photograph) or 3-di-
mensional areas (ceramics and sculpture) will be re-
quired for completion of the degree.

The proposed date of implementation is Fall, 1988.

Consultants brought to UNLV to evaluate the program felt the proposal to be sound, and the faculty quali-
fied. The National Association of Schools of Art and Design, accrediting organization for the M. F. A.
degree, has visited the Campus and met with students, faculty and Administrators.

Funding needs are estimated at $64,100 for the 1st year of the program, increasing to $88,150 by the 4th year.

Current facilities are adequate, with some space modi-
fications. Due to a donation by Mr. Tom Beam, the gallery space has been increased. One additional full-
time faculty, as well as 4 graduate assistants are being requested.
President Maxson introduced Mr. Mike Mc Collum, Professor of Art at UNLV.

Vice President for Academic Affairs and Provost John Unrue stated that the B. F. A. program has already been accredited and there are already 9 faculty members in place.

Mrs. Sheerin noted that the Art Department has not created a new position in the last 10 years. Dr. Unrue explained that the Art Department has been focusing on equipment and space for the Department during the last several years and the community has been very supportive of their efforts. The "Year of the Arts" at UNLV has brought in many resources to the Department.

Mrs. Sparks commended Professor Mc Collum and his staff in preparing this proposal and for soliciting donations to the Art Department from the private sector. Dr. Unrue announced that Professor Mc Collum has been selected "Outstanding Artist of the Year" by the Nevada State Council of the Arts. His art has been displayed at WNCC's XS Gallery and is now being displayed in a
one-man art show in Boston.

(2) President Crowley discussed the College of Education's new 5-year teacher certification program as an informational item. In response to a national move to improve teacher training, beginning July 1, 1988, students enrolling in a teacher education program will be expected to complete an integrated 5-year curriculum leading to a baccalaureate degree at the end of 4 years and certification upon completion of the 5th year.

Vice President for Academic Affairs Dennis Brown stated that students will be required to take more fundamental course work, more courses in the discipline in which the student plans to teach, more study of research in areas of child development and learning theory, and selective graduate-level course work during the 5th year. In addition, students will be involved in more intensive internship during the 5th year and each will receive a "teacher mentor" assigned by the Washoe County School District. UNR has been participating in the Holmes’ Group consortium and these changes are similar to those of the Holmes’ agenda.
Mr. Foley questioned whether there would be an initial impact on enrollment and whether the interns would continue to be paid a stipend. Dr. Brown stated that there may be a moderate drop, but that this program will soon be a national norm. There may be short-term variations in enrollment, but the long-term variations look promising. With regard to stipends, the students are now getting paid but the future is uncertain.

President Maxson stated that UNLV will continue with its present program, but will monitor UNR's program for possible changes at UNLV.

Dr. Brown informed the Committee that the higher education Ph. D. programs are being discussed across the nation with respect to "teaching" in the classroom. Traditionally, graduate assistants are sometimes thrown into a classroom without any teaching experience. UNR has adopted a teacher preparation program for graduate assistants which is working very well.

(3) Approved the Board of Regents consideration to create a separate College of Engineering at UNLV, effective February 1, 1988. The new College will be called the
Howard R. Hughes College of Engineering. Dr. William Wells, current Director of the School, will assume the title of Dean. The current Engineering Departments would be divided into the following: Department of Civil Engineering, Department of Electrical Engineering, Department of Mechanical Engineering and Department of Computer Science. Architecture will continue as a program in the Hughes College of Engineering.

In 1984 the Board approved a Phase I and Phase II report for the then new School of Engineering and Computer Science. This report will be updated and presented in March, 1988 for the College of Engineering.

Mr. Foley moved approval of the report and recommendations of the Academic Affairs Committee. Mrs. Gallagher seconded. Motion carried.

21. Report and Recommendations of the Audit Committee

A report and recommendations of the Audit Committee meeting, held January 28, 1988, were made by Regent Carolyn Sparks, Chairman.
(1) Mr. Bill Hartman of Deloitte, Haskins and Sells, UNS independent auditing firm, reported on the June 30, 1987 UNS Consolidated Financial Statements and also comparisons of the operations during years 1977, 1986 and 1987. The Financial Statements were approved and are filed in the Regents Office.

The institution financial statements will be presented at the March 3-4, 1988 meeting.

(2) Mr. John Surina and Mr. Alan Koehn of Deloitte, Haskins and Sells, UNS independent auditing firm, reported on the June 30, 1987 Uns Consolidated Constructive Service Letter (Management Letter). The Constructive Service Letter was approved and is filed in the Regents Office.

The institution constructive service letters will be presented at the March 3-4, 1988 meeting.

The Committee requested that a report be presented as the recommendations on the Standards and Documentation at UNSCS from the Constructive Service Letter are implemented.
Mr. Klaich commended Deloitte, Haskins and Sells for its promptness in preparing and reporting to the Board.

Mr. Hartman stated that this report was made easier with cooperation from the Internal Audit staff and Campus controllers.

(3) Internal Audit Director Sandi Cardinal presented the audit of the UNLV Continuing Education Division, July 1, 1986 through June 30, 1987. The audit report was approved and is filed in the Regents Office.

(4) Internal Audit Director Sandi Cardinal presented the audit of the Associated Students of Clark County Community College, July 1, 1986 through June 30, 1987. The audit report was approved and is filed in the Regents Office.

It was noted that a majority of the recommendations in the audit have been implemented.

(5) Information Only - Internal Audit Director Sandi Cardinal presented the follow-up report on the Associated Students of the University of Nevada-Reno audit.
The follow-up report is filed in the Regents Office.

(6) Information Only - Internal Audit Director Sandi Cardinal presented the follow-up report on the UNR ASUN Bookstore audit. The follow-up report is filed in the Regents Office.

Mrs. Sheerin complimented Mrs. Cardinal and the Campus controllers for their endeavors in improving the reporting methods and reporting to the Committee in such a timely manner.

Mrs. Sparks moved approval of the report and recommendations of the Academic Affairs Committee. Mrs. Sheerin seconded.

Motion carried.

22. Report and Recommendations of the Budget and Finance Committee
A report and recommendations of the Budget and Finance Committee meeting, held January 28, 1988, were made by Regent James Eardley, Chairman.

(1) Approved to use $1,919.44 from the Capital Improvement Fee Fund for curb and gutter work done by the City of Elko on the Phase III project at NNCC.

(2) Approved to use $248,553 from the Capital Improvement Fee Fund for the following projects at TMCC:

A. Removal of asbestos from ceilings in 4 classrooms/offices. $15,000

B. Phase IV improvements and remodeling.

The Board previously gave permission to use $100,000 from the Capital Improvement Fee Fund for Phase IV costs covered by the Public Works Board budget. See Ref. B-2, filed in the Regents Office. $233,553

The Committee expressed concern about removing asbestos from other institutional buildings throughout the System. Vice Chancellor Sparks reported that the State
has appropriated funds for asbestos removal. However, TMCC was not included in this appropriation. The process of removing asbestos varies and costs are very high.

(3) Approved to use up to $250,000 from the Capital Improvement Fee Fund to provide for 5 elevators in the new resident halls project (1 in each building) at UNLV. This request was made as a result of the recommendation from the Governor’s Committee on the Handicapped. The original construction plans indicated that the first floors of each building would be barrier-free and, after consultation, this request to make all floors accessible to handicapped persons has come to the Budget and Finance Committee.

(4) Approved the following Self-Supporting Budgets for Summer Sessions at the following institutions:

A. University of Nevada-Reno

President Crowley informed the Board that approximately 70-80 California residents will take advantage of this policy, and indicated that this number is also the "break-even" point.

Discussion ensued about expanding the policy Statewide and it was noted that the southern UNS institutions are considering this policy but have not finalized it at this time.

Motion carried.
The meeting recessed and reconvened at 12:45 P.M. with all Regents present except Regents Foley, Karamanos and Kenney.
