

Committee on Higher Education Funding

The Committee on Higher Education Funding shall:

1. Evaluate models for higher education funding that are used in other states to support institutions similar to NSHE institutions and compare those models to the current funding model used in Nevada, including allocation methodology and institutional costs for the delivery of instruction.
2. Determine whether other funding allocation methods would be appropriate for NSHE, whereby different missions of research universities, state universities, and community colleges are appropriately considered.
3. Review and make recommendations regarding the method(s) used by other states in the use and reporting of revenue and expenses outside of a state-supported operating budget.

A final report with the results of the Committee's work and any recommendations will be submitted to the Board of Regents, Governor, and Legislative Counsel Bureau no later than August 31, 2024.
