PREVIOUS DRI FUNDING FORMULA

IMPLEMENTED STEP CALCULATIONS	GRANTS AND CONTRACTS ACTIVITY (INCREMENTS)
12 %	\$0 - \$25,500,000
7.5 %	\$25,000,001 - \$30,000,000
6 %	\$30,000,001 - \$35,000,000
5 %	Above \$35,000,000

- The sliding scale that was implemented in the 2015–2017 biennium disincentivized growth.
- It effectively reduced DRI's state funding by \$1 million annually.
- The formula cut nearly 10 state-funded positions for DRI's facility and administrative staff, shifting the burden to research budgets.
- The Legislature reverted DRI's funding to the base, maintenance, & enhancement model in the 2023 session, effective starting in FY24, at DRI's request.
