Our Mission, Vision, and Values

Mission

Transforming lives through education

Vision

GBC prepares students for lifelong learning in an evolving global workplace

Philosophy

The dedicated faculty, staff and administration of Great Basin College meet the needs of our students, business and industries and the State of Nevada, by providing robust instruction for careers in an evolving workplace. We provide a flexible mixture of degrees, certificates, workforce training and community education along with open access, innovative delivery and a commitment to an equitable learning and working environment

Values

GBC is guided by the belief that a healthy community is backed by a skilled and knowledgeable workforce. This is built by:

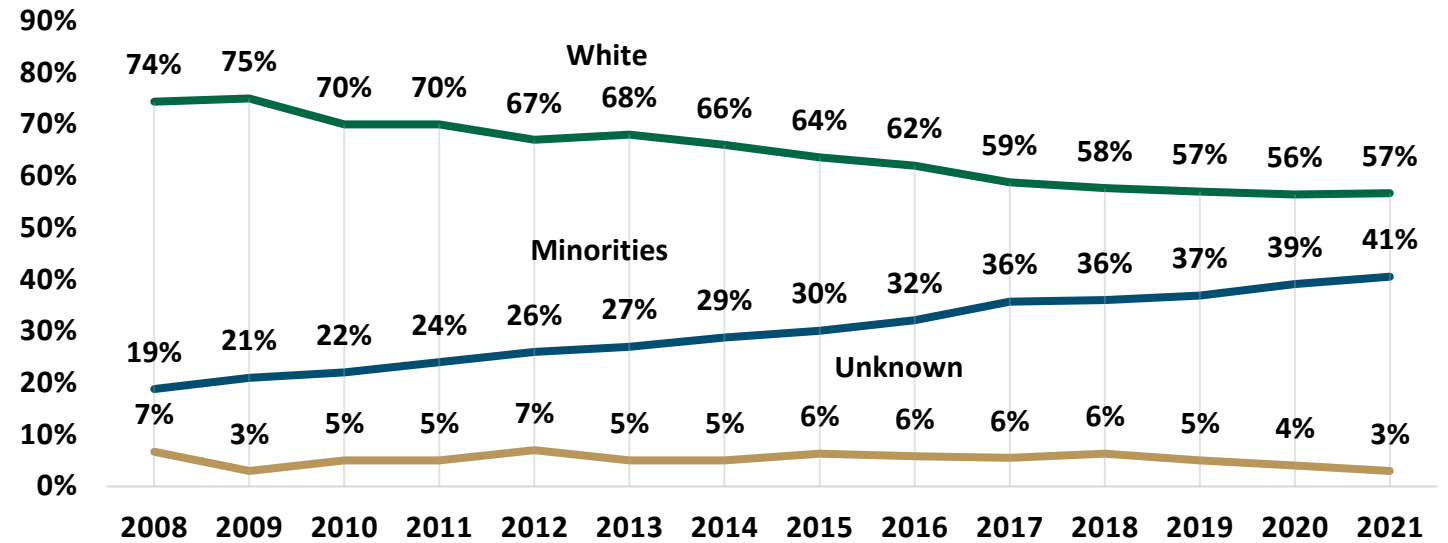

- Forging partnerships with the communities we serve, other NSHE institutions, and global outreach.
- Continuing to offer programs that are innovative, and relevant for student success and lifelong learning.
- Promoting inclusion, Diversity, Equity, Access and Sustainability (IDEAS) across all college operations and services.
- Ensuring sustainability for GBC's future development.

Funding Formula Model Recommendations

- Establish a fair base that assumes necessary support staff, is quasi-performance based (completed WSCH), and provides a factor for part-time students (Access: students who work and support families while going to school represent the MAJORITY of Nevadans).

Have a 3-year rolling average credit count for Nevada's 2-Year colleges.

- Increase Small Institution Factor to \$150,000 and meet inflation.
- Move current Performance Pool into base.
- Consider a formula that supports college readiness for all Nevadans.
