NEVADA SYSTEM OF HIGHER EDUCATION STATE-SUPPORTED OPERATING BUDGET FISCAL YEAR 2008-2009

OVERVIEW

The Nevada System of Higher Education (NSHE) budget comprises 25 appropriation areas within the state supported operating budget. As with other state agencies, NSHE receives legislative appropriation/authorization for its operating budget on a biennial cycle. Fiscal year 2008-2009 is the second year of the biennial cycle.

The NSHE 2008-2009 legislatively approved operating budget for State Appropriations and Authorized Expenditures (State-Supported Operating Budget) totals \$885.5 million. This compares to \$829.2 million in FY 2007-2008 and represents a 6.8% increase.

General fund appropriations for FY 2008-2009 increased 6.6% to \$683.8 million, representing 77.2% of the State-Supported Operating Budget. This compares to \$641.4 million and 77.4% of the budget in FY 2007-2008. This total includes funds appropriated to the Board of Examiners for NSHE employee cost of living adjustments (COLA).

Other revenue sources budgeted in the State-Supported Operating Budget, which include all non-appropriated sources, total \$201.7 million in FY 2008-2009 and account for approximately 22.8% of the total. This is an increase of 7.4% over the FY 2007-2008 amount of \$187.8 million.

Student fees (including registration fees, non-resident tuition, and miscellaneous student fees), which make up the majority of the “other” revenue sources, increased from \$168.2 million in 2007-2008 to \$182.1 million in 2008-2009. As a percentage of the total NSHE State Supported Operating Budget, student fees increased slightly from 20.3% to 20.6%.

BUDGET REDUCTIONS

General fund revenue collections for the State on Nevada were short of projected revenues in fiscal year 2007-2008 and are projected to be short of general fund revenues projected and appropriated in fiscal year 2008-2009. For the 2007-2009 bienniums, the NSHE is required to reserve for reversion to the state general fund, appropriations totaling \$57.6 million, to address the Governor's initial request for general fund appropriation reductions for the biennium of 4.5%. For fiscal year 2007-2008, \$40.7 million of the \$57.6 million was reserved for reversion to the state. The appropriation amounts identified for reversion were from one-shot appropriations totaling \$11.5 million, Higher Education Capital Construction funds totaling \$4.7 million, Capital Improvement funds totaling \$5.9 million, and state supported operating budget appropriations totaling \$18.6 million.

For fiscal year 2008-2009 \$16.9 million, of the \$57.6 million biennium reversion, has been reserved for reversion from the state supported operating budget appropriation. The state supported operation budget for fiscal year 2008-2009 reflects, for each appropriation area of the System, the amounts reserved for reversion to meet the Governor's 4.5% cuts. To help off-set some of the general fund reversions in the NSHE state supported operating budget, the Board of Regents approved, for one year only, a student registration fee surcharge for the University of Nevada, Reno, Truckee Meadows Community College, Great Basin College, Western Nevada College, and College of Southern Nevada. The Legislative Interim Finance Committee also authorized the applicable NSHE campuses to collect and expend, within their state operating budgets, revenues from the per credit hour surcharge fee in fiscal year 2008-2009.

The Nevada Legislature met in Special Session on June 30, 2008 and approved additional general fund reductions of \$106 million in the budgets of state agencies, for fiscal year 2007-2008 and Fiscal Year 2008-2009. The NSHE share of this reduction has yet to be determined and therefore is not reflected as a reserve for reversion in the state supported operating budget for fiscal year 2008-2009.

The fiscal year 2008-2009 NSHE State Operating Budget also reflects a reserve for reversion of state appropriations totaling \$12.7 million for a reduction in the rate assessment for the Retired Employee's Group Health Insurance (REGI) premium and for a one month premium holiday for both the Active Employee Group Health Insurance Subsidy and the REGI assessment. Each NSHE appropriation area will reduce budgeted fringe benefit expenditures by the savings each will realize by the REGI assessment reduction and the premium holiday.

Formula Funding:

The universities, state college, and community colleges of the NSHE continue to be funded based on a formula mechanism. The Legislature funds the institution instructional budgets using formulas developed by the Committee to Study the Funding of Higher Education in Nevada as established by Senate Bill 443 (2001 Legislative Session). The Committee’s formulas, which are summarized below, are published in detail in the Legislative Council Bureau’s Bulletin No. 01-4 titled *Committee to Study the Funding of Higher Education*. The primary focus of the Committee was to address the equitable distribution of funds within the higher education system with the understanding that it would be unlikely that the State could fully fund the amount recommend in the formulas at 100%. As such, the Committee recommended expenditure flexibility when the formulas are not fully funded.

In FY 2008 and 2009, NSHE saw an increase in its overall formula percentage.

	2005-2006	2006-2007	2007-2008	2008-2009
Funding as a Percent of Formula	84.40 %	84.50 %	85.50%	85.50%

The funding formula has several components:

Instructional:

Instructional formula funding is based on Legislatively-approved student/faculty ratios and projected student full-time equivalent (FTE) enrollments. Student/faculty ratios are adjusted by relative discipline cost (low, medium, high, and clinical) and by levels of instruction (lower division, upper division, masters, doctoral). Projected student FTE counts are made for each discipline-cost and level of instruction combination. For all institutions except Nevada State College, the projected FTE enrollments used in the formulas are based on a weighted three year rolling average. Due to its status as a rapidly growing new institution, Nevada State College forecasted, and the Legislature approved, projections based on a thorough analysis of relevant enrollment factors. It is anticipated that NSC will be included in the standard student enrollment projection methodology in future biennia.

Academic Support:

Academic Support formula funding for the universities and state college is driven by three components: the number and size of colleges/ schools at each university, the size of the libraries and the number of volumes held by each, and the size of the respective instruction budgets.

Community college academic support formulas are calculated based on a fixed percentage of the instruction budget.

Student Services:

Student Services formula funding for the universities, state college, and community colleges is based on the combined student headcount and student FTE enrollment.

Institutional Support:

Institutional Support formula funding for the universities, state college, and community colleges is based on a percentage of the institution's total formula funded budget.

Operation and Maintenance of Plant:

Operation and Maintenance of Plant formula funding for the universities, state college, community colleges, and Desert Research Institute is based on a calculation of maintained building square footage (adjusted for age) and improved land acreage. The formula provides for custodial and building maintenance positions as well as for general operating supplies and equipment. Utilities, insurance and rent/lease costs are budgeted separately and adjustments are based upon consumption, rate changes, contractual agreements and the addition of any new or modified facilities.

Graduate Assistants:

Graduate Assistant formula funding for the universities is based on the number of graduate student FTE's.

Library Acquisitions:

Library Acquisition formula funding for the universities and state college is driven by the number of faculty, the number of students, and the number of masters and doctoral programs offered.

The Library Acquisition formula for the community colleges is based on the number of FTE students.

Hold Harmless:

When the original formula funding model was adopted, it included a 'hold harmless' provision when funding was below 100%. The hold harmless provision allowed individual institutions to retain their prior year funding levels when the formula calculations fell below that amount. This provision originally expired with the 2003-2005 biennium; however the Legislature did provide partial funding to those NSHE institutions in a hold harmless situation in the 2007-2009 biennium.

BASE BUDGET ADJUSTMENTS

Adjustments to the NSHE base budget included funding for professional merit at approximately 2.5% and classified merit-based step increases, longevity pay and classification upgrades. Additionally, the adjusted base incorporates known increases to existing contractual obligations such as leases or service agreements.

Also included in base budget adjustments are incremental changes in the amount of mandated vacancy savings. The Legislature approved reductions in personnel funding for anticipated savings due to normal employee turnover. These mandated vacancy savings are included in budgets with over 10 FTE only, which excludes University Press. Vacancy savings calculations totaling 1% of professional salaries/ fringe and 3% of classified salaries/ fringe are applied to formula budgets. Vacancy savings calculations totaling 2% of professional salaries/ fringe and 3% classified salaries/ fringe are applied to non-formula budgets.

Dear Chancellor Rogers:

As you know, the Governor recommended and the Legislature approved an increase of \$1.57 million per year to support UNLV's lease of the Paradise School property. During the 2007 Legislative Session, there was considerable discussion and correspondence regarding the lease cost increase. The NSHE indicated that the system appealed the increase to Clark County and the Airport Authority. However, the county and NSHE did not reach a final agreement prior to the end of the legislative session.

Noting the continued uncertainty regarding the final agreement to be negotiated between NSHE and Clark County, the Legislature approved the funding increase to support the lease. However, if the system is successful in negotiating a lower price for the Paradise School lease, any unexpended funding should revert to the General Fund. The system should not use realized lease savings for any other purpose. Further, it is the desire of the money committees that NSHE report to the Interim Finance Committee on the results of any negotiations with Clark County and the Airport Authority regarding the Paradise property, including potential property trade agreements.

Sincerely,

Dear Chancellor Rogers:

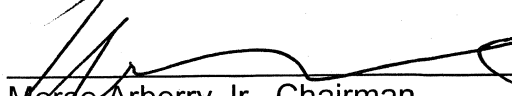

The Legislature approved the introduction of cost-of-living adjustment (COLA) funding for part-time instructors at the community colleges providing \$1.1 million for this purpose during the 2007-09 biennium. Each of the community colleges indicated that if approved, the COLA funding would be used to increase the part-time rate per credit hour. Through this letter, the money committees wish to reinforce their desire that NSHE use the community college part-time COLA funding solely to increase part-time instructor salaries.

The NSHE should report annually to the Interim Finance Committee to account for the expenditure of the COLA funding. For each community college campus, the report should indicate how the COLA was implemented, the number of part-time instructors benefiting from the COLA, and the average COLA received by each part-time instructor.

Jim Rogers, Chancellor
Nevada System of Higher Education
2601 Enterprise Road
Reno, Nevada 89512-1666

Dear Chancellor Rogers:

During the 74th Legislative Session, the money committees noted that the School of Medicine realized \$602,989 in medical malpractice insurance premium savings in fiscal year 2007. The money committees considered continuing these savings in the Medical School budget for fiscal years 2008 and 2009. However, NSHE indicated that it would not be prudent to budget ongoing savings based upon FY 2007's experience, as UNSOM renegotiates the allocation of premium costs with partner hospitals annually. The Medical School could not predict the amount of coverage that would be provided by partner hospitals during the 2007-09 biennium. Also, Assembly Bill 483, passed by the 74th Legislature and approved by the Governor, increased the amount of damages that can be brought against a government entity. As noted by NSHE, this statutory revision could impact medical malpractice premium costs.

In light of NSHE's comments, the money committees did not reduce the Medical School's budget by the amount of FY 2007 malpractice insurance premium savings. However, recognizing that malpractice insurance premium savings are still a possibility, the money committees wish to convey that NSHE should approach the Interim Finance Committee for approval prior to expending any malpractice premium savings that may accrue during the 2007-09 biennium. Otherwise, any malpractice insurance premium savings should be reverted to the General Fund.

Nevada Legislature

September 6, 2007

Jim Rogers, Chancellor
Nevada System of Higher Education
2601 Enterprise Road
Reno, Nevada 89512-1666

Dear Chancellor Rogers:

The 2007 Legislature funded university student-athlete fee payments entirely through direct General Fund appropriation rather than fee waivers. It is the understanding of the money committees that the Legislature's action effectively removed the remaining groups of waived athletes.

During the Legislative Session, NSHE expressed concern that the direct appropriations are based upon current resident/non-resident student-athlete distributions. When the issue was discussed, NSHE noted that the proportion of the more costly non-resident student athlete at the University of Nevada, Reno was lower in comparison to the University of Nevada, Las Vegas. To provide NSHE with the authority to waive tuition for non-resident athletes that exceed current non-resident/resident proportions, the money committees convey the following:

- The University of Nevada, Las Vegas and the University of Nevada, Reno, may waive fees for student athletes within currently-approved sports that may fall outside of the direct appropriation, but
- NSHE must build any such waived fees back into the universities' base budgets for the next budget cycle, and
- NSHE must seek direct appropriations to replace any revenues thus waived via an enhancement request during the next budget cycle.

Chancellor Jim Rogers

Summary of Legislation

Following are summary reviews of the bills and resolutions enacted during the 74th regular and 23rd Special Session of the Nevada Legislature that in some manner impact the Nevada System of Higher Education (NSHE). The provisions of a bill impacting the System or higher education in general are discussed. These summaries do not constitute a legal analysis and are not intended to be used in place of Nevada Revised Statutes. For additional information on any of the measures summarized herein, please contact the NSHE System Administration Office.

Assembly Bills

Assembly Bill 18 (Chapter 18, *Statutes of Nevada 2007*) is a measure that was requested by the Board of Regents. Existing law provides that a committee that is responsible for evaluating and improving the quality of medical care rendered by certain organizations has a privilege to refuse to disclose its proceedings and records and the testimony given to it. Assembly Bill 18 extends the privilege to review committees of NSHE institutions that provide clinical programs and practices related to the medical care or treatment of patients.

This measure is effective on July 1, 2007.

Assembly Bill 75 (Chapter 25, *Statutes of Nevada 2007*) concerns the Anatomical Gift Account, which is established for deposit of gifts, grants, appropriations, and donations used to assist the University of Nevada School of Medicine in carrying out programs relating to anatomical gifts. Assembly Bill 75 increases the maximum percentage of the average balance of the Anatomic Gift Account that may be used for administrative costs from five percent of the average balance for each fiscal year to 20 percent of the average balance from the immediately preceding fiscal year.

This measure is effective on July 1, 2007.

Assembly Bill 146 (Chapter 447, *Statutes of Nevada 2007*) requires the Department of Health and Human Services to establish programs to increase public awareness of health care information concerning hospitals and surgical centers for ambulatory patients in Nevada. In doing so, the Department must collect and maintain certain information on hospitals and surgical centers, and further maintain a Web site that provides information to the public on charges imposed and quality of services at hospitals and surgical centers. The measure authorizes the Department to contract with the Nevada System of Higher Education or any appropriate, independent or qualified person to analyze the aforementioned information that is collected and maintained by the Department.

This measure is effective on July 1, 2007.

Assembly Bill 158 (Chapter 473, *Statutes of Nevada 2007*) requires the Secretary of State to establish and maintain the Registry of Advance Directives for Health Care on the Secretary's Web site. To the extent that money is available and authorized for use, the Secretary of State must conduct a study of the Registry of Advance Directives for Health Care in consultation with the Nevada Center for Ethics and Health Policy of the University of Nevada, Reno.

The provisions of the act concerning the study are effective on July 1, 2007.

Assembly Bill 178 (Chapter 510, *Statutes of Nevada 2007*) relates to energy. Among its provisions, the measure amends the appointed members of the Task Force for Renewable Energy to include one member appointed by the Chancellor of the Nevada System of Higher Education to represent the interests of education and academic research in this State. The appointment of the additional member must be made as soon as practicable on or after passage and approval of the act, but will not begin to serve until July 1, 2007.

The provisions of the bill concerning the membership of the Task Force are effective upon passage and approval.

Assembly Bill 354 (Chapter 414, *Statutes of Nevada 2007*) requires that a physical examination to determine if a child has scoliosis, any visual or auditory problem, or any gross physical defect must be completed before the child completes the first year of enrollment in elementary school. This bill authorizes the board of trustees of a school district to adopt a policy encouraging the school district and schools within the district to collaborate with qualified health care providers and students enrolled in health care programs in postsecondary institutions to assist in physical examinations.

This measure is effective on July 1, 2007.

Assembly Bill 385 (Chapter 514, *Statutes of Nevada 2007*) authorizes the Board of Medical Examiners to issue restricted licenses to graduates of foreign medical schools who wish to engage in research, teaching or the practice of clinical medicine at a medical research facility or medical school in Nevada.

This measure is effective on October 1, 2007.

Assembly Bill 433 (Chapter 296, *Statutes of Nevada 2007*) provides that a meeting of a public body that is closed pursuant to a specific statute may only be closed to the extent specified in the statute allowing the meeting to be closed. All other portions of the meeting must be open and public.

This measure is effective on July 1, 2007.

Assembly Bill 469 (Chapter 369, *Statutes of Nevada 2007*) resolves that Upper Las Vegas Wash is one of the last remnants of untouched desert immediately adjacent to the City of Las Vegas, and is an important resource for the Nevada. The measure further resolves that Upper Las Vegas Wash should be preserved to ensure the resource is not lost. Assembly Bill 469 requires the Division of State Parks, in cooperation with the University of Nevada, Las Vegas, to the extent that money is available, to conduct a study to consider the feasibility of establishing and developing a park in Upper Las Vegas Wash. The study must consider the feasibility of developing a museum and a live dig site that is available for the public to visit.

The measure is effective on July 1, 2007.

Assembly Bill 483 (Chapter 512, *Statutes of Nevada 2007*) increases from \$50,000 to \$75,000 the amount of damages that may be awarded in certain tort actions brought against a governmental entity or its officers or employees through October 1, 2011. Effective October 2011, the cap on tort claims will increase again from \$75,000 to \$100,000. The increase in the maximum damages will result in higher premiums to be paid by NSHE institutions for liability insurance including medical malpractice coverage.

In total, the act provides the institutions with \$198.61 million in FY 2008, and \$235.33 million in FY 2009. In addition, the measure maintains language established during the 2003 Legislative Session that allows the System to expend excess student fee revenues on salaries and benefits for additional faculty hired to provide additional class sections without the approval of the Interim Finance Committee.

The primary provisions of the act are effective July 1, 2007.

Senate Bill 578 (Chapter 347, *Statutes of Nevada 2007*) provides funding for capital improvement projects through a combination of state General Fund appropriations and the issuance of General Obligation Bonds. The measure authorizes state agencies, including the Nevada System of Higher Education, to expend other funds, including private donations to supplement the state funds approved for capital projects. With respect to the Nevada System of Higher Education, the bill authorizes a total of \$246.7 million for capital projects (\$74.1 million in General Fund, \$119.2 million in General Obligation Bonds, and \$53.4 million in other funds).

In addition, included in the total authorization is \$15.0 million for NSHE's campus maintenance projects financed through HECC and SHECC funds (annual slot tax revenues). Of the total authorization, approximately 50 percent, or \$127.4 million, is designated to fund new facilities and renovations in southern and northern Nevada to establish the new Health Sciences System. Specific projects in southern Nevada include the renovation of the Shadow Lane Biomedical Research Building and the construction of a new Advanced Clinical Training and Research Facility located at Shadow Lane. For northern Nevada, the bill provides for the renovation of Savitt Hall and Cain Hall for the School of Medicine and the School of Nursing, respectively, and constructs a new Medical Education Learning Lab Building.

The measure also modifies prior legislation related to capital improvements by redirecting to the Shadow Lane Biomedical Building for the University of Nevada Health Sciences System a total of \$9.73 million in funding previously approved for higher education. The measure also extends to 2009 the reversion dates for several of the NSHE's projects approved in the 1997, 2001, and 2003 CIP bills. The projects for which extension dates were approved include: UNLV's Lied Library, UNLV's Science/Engineering/Technology Building, UNLV's Wright Hall Project, UNR's library, NSC's Academic/Student Services Building, and DRI's Maxey Science Center Project.

The measure prohibits the State Public Works Board from executing a contract for the Medical Education Learning Lab Building (Project 07-C90a) and the Shadow Lane Advanced Clinical Training and Research Center (07-C91a) until the private funding is available for expenditure. The measure allows the NSHE, with the approval of the Interim Finance Committee, to transfer General Funds, General Obligation Bonds, and private donations from one project to another. The transfers contemplated for the Health Sciences System must maintain the overall ratio of revenue sources established by this act.

The measure exempts UNR from the competitive bidding requirements of Chapter 338 of NRS in acquiring the automated storage and retrieval system for the Knowledge Center (Project 07-C10). Further, the measure repeals NRS 338.190 and NRS 701.217 related to "green buildings" as enacted by the 2005 Legislature during the 22nd Special Session (Assembly Bill 3).

The measure maintains debt service within the current tax code of 15.85 cents in order to finance the capital improvement projects. Appropriations made by this act must not be

committed for expenditure after June 30, 2011, and must be reverted to the fund of origin on or before September 16, 2011.

Senate Bill 579 (Chapter 345, *Statutes of Nevada 2007*) relates to the financial administration of the state, and provides specific appropriations to state entities outside the Appropriations Act. The measure specifically prohibits state agencies from using the appropriated funds to finance ongoing expenditures, and from including the expenditures in the proposed Executive Branch budget for the 2009-2011 biennium.

With respect to the Nevada System of Higher Education, the measure appropriates \$500,000 to the Interim Finance Committee for allocation to Truckee Meadows Community College for the design and planning of the Spanish Springs Education Center. The funds may only be allocated by the Interim Finance Committee upon receipt of a report that confirms the developer has extended the deadline for title transfer, and confirms the Board of Regents has provided equivalent matching funds. This provision is effective upon passage and approval of this measure.

Senate Concurrent Resolution 27 (File No. 57, *Statutes of Nevada 2007*) encourages the development of a coordinated collaboration among agencies that provide nutrition education to Nevadans. The resolution states that the prevalence of obesity in the United States is steadily rising, and obesity increases the risk of hypertension, high cholesterol, coronary heart disease, stroke, gallstones, osteoarthritis, sleep apnea, respiratory problems, several cancers and Type II diabetes, resulting in \$61 billion in direct health care costs and \$3.9 billion in lost productivity annually. The measure resolves that the Secretary of the Senate prepare and transmit a copy of this resolution to the Department of Health and Human Services for dissemination to its divisions and local health departments, the Department of Education for dissemination to each district superintendent and each public school principal, nurse and director or manager of food and nutritional services, the Nevada System of Higher Education for dissemination to all universities and community colleges and department chairs of health-related studies, the Nevada Public Health Foundation for dissemination to all food and nutrition program

Senate Joint Resolutions

Senate Joint Resolution 4 (File No. 92, *Statutes of Nevada 2007*) proposes to revise Article 11 of the *Nevada Constitution* to provide for an appointed Board of Regents. Further, the measure provides that the Legislature shall provide for the organization of the Board, including regent qualifications and terms of office. In addition, the Legislature will provide for the duties of the Board and its members.

In order to amend the *Nevada Constitution*, such a measure must be approved in identical form by two consecutive sessions of the Nevada Legislature and then by a vote of the state's citizens. If SJR4 is approved in identical form by the 2009 Session of the Nevada Legislature, the measure will then be voted on by Nevada citizens at the November 2010 general election. The measure provides that if enacted in 2010, the Legislature may, in implementing the provisions of the constitutional amendment, terminate the terms of office of the current members of the Board if the Legislature determines such action is in the best interests of the people of the State.

Senate Joint Resolution 17 (File No. 100, *Statutes of Nevada 2007*) urges Congress to enact the Resident Physician Shortage Reduction Act of 2007. The resolution notes that

the Act was introduced in Congress as a tool to help states whose physician to population ratios are below that of the national median. The intent of the legislation is to increase the number of residency positions for which Medicare payments will be made to teaching hospitals in states with a shortage of resident physicians. The resolution indicates that as a result of the legislation, teaching hospitals in approximately 24 states would be eligible for an increase in their resident cap, including Nevada which currently has 199 physicians in training and is estimated to be eligible for an additional 93 positions.
