**Section 23. Policies Concerning NSHE Intercollegiate Athletics**

The Board of Regents encourages the development of intercollegiate athletic programs at the Nevada System of Higher Education (*NSHE*) institutions consistent with their institutional mission and goals. The goal of the NSHE shall be to provide for student competition in intercollegiate sports appropriate to the universities, colleges and their conferences, to fiscal resources available, and to sound standards of student academic performance. Every intercollegiate athletic program shall comply with all applicable rules and regulations of the National College Athletic Association (*NCAA*) and other organizations and conferences in which each is member.

¶ Intercollegiate athletics programs shall be intended to protect and enhance both the educational and physical welfare of student-athletes. Intercollegiate athletic programs shall seek to support and develop each participating student's academic and athletic talents, and shall seek to assure that the student athlete, as a student in an academic setting, achieves scholastically to the best of his or her capabilities. During recruitment activities, this policy shall be made known to potential men and women student athletes. Intercollegiate sports shall be viewed as an important component of the university, state college, college community, and of individual development.

The goals identified in support of the institutions' athletic mission statements include:

- [1-] **A.** In recognition of the importance of academics in maintaining the integrity of athletic programs, the universities and colleges will emphasize and ensure progress towards graduation by establishing and enforcing academic standards and developing a support system to increase the academic success of student-athletics;
- [2-] **B.** An Intercollegiate Athletic Council (*IAC*), organized in conformity with NCAA rules and regulations, shall be established and maintained by each university and every college engaged in intercollegiate athletics. The IAC will serve as an advisory committee reporting to the institution President;
- [3-] **C.** Each Director of Athletics and all coaches recognize the necessity for funding for athletic programs and the necessity to assist in this process. Funding for athletics may be provided by both public and private sources. Each institution shall be responsible for the proper disclosure, accounting, control and administration of all funds; and
- [4-] **D.** Each institution is accountable to the Board of Regents, as it is the Board of Regents which maintains the ultimate responsibility for all contractual obligations and implementation of the goals contained in the Intercollegiate Athletics Policies and mission statement.

- b. On recommendation of the President, the Board shall review and approve the initial contracts of all directors of athletics regardless of contract term or salary on hire. Contracts for initial hire of head coaches of football and men's and women's basketball shall be reviewed and approved by the Board. Subsequent and continuing contracts for these positions shall be approved by the Board. Upon the hiring of a new head coach of football or men's and women's basketball, the President of an institution may authorize the new coach, upon conditions established by the President, to select the assistant coaches who will join the head coach upon hire. Thereafter, assistant coach positions will be filled through the normal search process. In making these initial appointments, the institution shall be guided by Board policies pertaining to equal opportunity and diversity. The appointment of assistant coaches in this manner will be reported to the Chancellor and Board annually but will be deemed exempt from the search waiver requirements under Title 4, Chapter 8.***
- c. The Board of Regents and individual Regents shall not be involved in the search process for directors of athletics or coaches. Board members may refer the name of a potential candidate but shall not endorse or formally nominate a candidate, and shall not serve formally or informally on search committees or attempt to influence the search process in any manner.***
- d. The policies of the Board on hiring and affirmative action shall be followed in all personnel decisions, including initial hires and promotions, within the intercollegiate athletic programs.***

In the event of rapid changes in conference configuration, an exception may be granted in this necessity for Board approval, and the Chancellor, after consultation with the Board of Regents Chair, may approve a change in athletic conference affiliation, subject to Board ratification.***
- f. The Board and each President shall ensure that standards of accountability and benchmarks against which to measure the success of each institution's intercollegiate athletics programs are established and reported annually to the Board.***
