

BOARD OF REGENTS
BRIEFING PAPER
Handbook Revision, Universal ID

BACKGROUND & POLICY CONTEXT OF ISSUE:

As a result of the iNtegrate project, each NSHE student and employee will be assigned a single universal identification number (UID) that will be used at all NSHE institutions to identify an individual in any role, as student or employee. The UID policy (*Title 4, Chapter 21, Section 4*) and procedure (*Chapter 6, Section 7*) were originally approved by the Board of Regents in December 2009 as part of the initial implementation of the iNtegrate project. Functionality and systemwide implications have necessitated revising the policy and procedure to reflect changes to business practices that are the result of a collaborative process with all NSHE institutions, including updating the procedures to reflect appropriate documentation that may be used in changing student information related to the UID. In addition, the recommended revision to policy and procedure includes noting that the UID shall be known as the “NSHE ID” in practice.

SPECIFIC ACTIONS BEING RECOMMENDED OR REQUESTED:

Amend Title 4, Chapter 21, Section 4 of the *Handbook* to move the specific data fields related to the UID to the *Procedures and Guidelines Manual*. Amend Chapter 6, Section 7 of the *Procedures and Guidelines Manual* to include additional documentation that may be used to change student information related to the UID. (See attached Policy Proposal and Proposed Revisions for specific changes).

IMPETUS (WHY NOW?):

During the course of the iNtegrate implementation as the functionality and systemwide implications are better understood, changes in business practices are necessary to accommodate all institutions and the desired functionality. Revisions to the UID policy and procedure have been discussed throughout the implementation activities and the necessary revisions to date have been identified.

BULLET POINTS TO SUPPORT REQUEST/RECOMMENDATION:

- Moving the list of data specific to the UID from the Board *Handbook* to the *Procedures and Guidelines Manual* will provide flexibility as the iNtegrate implementation progresses and the UID business practices evolve and require additional revisions.
- Revising the procedures regarding documentation that is required when changing student information related to the UID will reflect business practices agreed upon by all NSHE institutions.
- Revising Board policy and procedures to reflect the institutional practice of referring to the UID as the NSHE ID will reinforce the use of the term “NSHE ID.”

POTENTIAL ARGUMENTS AGAINST THE REQUEST/RECOMMENDATION:

No arguments against the recommended revisions have been brought forward.

ALTERNATIVE(S) TO WHAT IS BEING REQUESTED/RECOMMENDED:

The alternative is to make no change to the current policy governing the universal ID.
