

PROPOSED REVISION

Title 4, Chapter 16

Additions in **boldface**; deletions [~~stricken~~ in brackets]

F. UNIVERSITY OF NEVADA, LAS VEGAS (UNLV)

Section 14. Dropping/Withdrawing from ~~of~~ Courses

~~[After the last date to drop without being subject to a grade, no additional drops will be permitted.]~~

Students may drop or withdraw from courses until a final drop/withdrawal date is set by the Registrar. The final drop/withdrawal date will be 60 percent into the academic term. Before the final drop/withdrawal date, instructors must provide each student with a preliminary evaluation of the student's progress. No drops or withdrawals will be allowed after the final drop/withdrawal date without the approval of the Faculty Senate's Academic Standards Committee. Students who drop or withdraw from courses after the late registration period at the beginning of a term, but on or before the final drop/ withdrawal date, will receive a "W" for the course on their transcripts.

(B/R [~~12/94~~] **6/05**)

Section 18. Grades and Examinations

3. **Students who drop or withdraw from courses after the late registration period at the beginning of a term, but on or before the final drop/withdrawal date, will receive a "W" for the course on their transcripts.** ~~[W signifies the dropping of a course or withdrawal from the University before the end of the eighth week. Neither course nor grade will appear on the transcript. After the eighth week, but before final exam week, withdrawal from a course will be listed as withdraw.]~~ **The grade of "W" [~~W will~~] is not included [~~be computed~~] in the calculation of a grade point average. Academic programs may limit the number of "W"s students may earn in any given course. Should academic programs institute a limit to the number of "W"s, "W"s awarded by the Faculty Senate's Academic Standards Committee will not count towards that limit.** (B/R [~~4/76~~] **6/05**)

11. Grade Point Average - The courses in which a grade of S, N, **W**, WP, I, X or AD are recorded are excluded from the grade point average. WF grades recorded by UNLV after September 7, 1976, are also excluded.
12. Grade-Point Deficiency - A student is deficient in grade points when fewer than two grade points are earned for each credit registered, except for courses in which grades of S, **W**, WP, I, X or AD are recorded, or a grade of WF earned after September 7, 1976.

Section 19. Requirements for Graduation

2. Each student must satisfy the current scholarship requirements. An undergraduate student shall have a cumulative grade point average of at least 2.0 for the total of all college-level credit attempted and the total of all college-level credit attempted at UNLV. Grades of S, N, I, X, AD, **W**, and WP are excluded from the grade point average computation. Also excluded are grades of WF earned after September 7, 1976. A student may repeat a course once without having the original grade computed in the average (applicable to repeats completed after February, 1971.)
