

# iNtegrate Major Milestone Report

Admissions Goes Live at  
UNLV & TMCC

# Student Services Vision

The new **Student Services Module (SSM)** for the iNtegrate Project will transform how and when students communicate with the colleges and universities of the Nevada System of Higher Education and how faculty and staff conduct the necessary business of meeting students' needs for accurate information, timely decisions, and informed choices that lead to student success.

# New System Benefits

- 24/7 Access
- Universal ID
- Ability to track students:
  - From 2-year to 2-year institutions
  - From 2-year to 4-year institutions
  - From 4-year to 4-year institutions
  - Attending multiple institutions
- Timely projection and implementation of new course sections

# Expectations

- Collaboration within NSHE
  - Shared Instance = **TMCC**, CSN, GBC, NSC & WNC
  - University flexibility through cooperation and governance = **UNLV** & UNR
- Adapt business processes to the software
  - ‘Vanilla’ instead of customization ‘other flavors’

UNIVERSITY OF NEVADA LAS VEGAS  
THE GRADUATE COLLEGE

We offer this Web-based application in hopes that it will make our application process as easy and convenient as possible for you. You can get started right now!

If you are already a Graduate Student VIP you can use your existing user name and password to login to this system.

This application is part of the AY Application Network. If you do not already have a user name and password, click on the Create Account button below. You will receive a user name and password so that you can return to work on your application over several sessions. Your information is transmitted through a secured server and is kept confidential until you submit your application. Only after you submit and pay for your application will it be available for review by our admissions staff.

When you have completed your application and are ready to submit it, you can pay your application fees via credit card online or you can mail a check or money order to the Graduate College. No application will be processed until the application fee is paid.

Please carefully read the instructions that appear throughout the application pages. You can only submit your application one time. Any documents that you wish to include as part of your application must be uploaded prior to submission. If you have updates to any information you have submitted, please notify the Graduate College at once.

If you intend to apply for admission to more than one graduate program (excluding dual degree programs), you will be required to submit and pay for a separate application. You will need to create an additional account (each with a unique email address) for each application you intend to submit. You must upload the appropriate and required documents with each application.

Best of luck. We look forward to reviewing your application.

# Focus Today on Admissions

- A “rolling implementation” that conforms to the academic calendar.
- Fall '10 applicants will do all of their student information business in PeopleSoft, forever.
- Continuing students transition to the new system as they prepare for Fall '10.
- Communication - get students to legacy or new.

# It's All About the Student

- PeopleSoft has the capability of enhancing the experience of every student.
- The image that NSHE institutions present will be much more 'integrated' – information to the student will seem to be more organized and easier to access
- Readability of the screens will enhance faculty and staff ability to provide excellent service to:
